The Molitor Murderers.

Special dispatch from Alpena says:—The famous Presque Isle county murder cases, which have been before the people for some time will again be continued, probably until the June term of court, because of the serious illness of Judge Emerick, one of the counsel for the defense. The prisoners are all out on bail and probably will remain so until the trial comes. Mr. McGinley, one of the counsel for some of the prisoners, is here, but will proceed no further because of the reasons given.

ANOTHER steamer from Hong Kong goes down, and 414 souls meet a watery grave.

"LITTLE JAKE", the King of Saginaw, covered himself with glory on Dec. 31, by giving a royal reception to some of the most prominent business and political men in the state. 200 families of Saginaw feasted on New Year's turkey at "Little Jake's" expense.

THE Democratic policy in this congress will be to pass a few tariff bills, which the senate will be apt to concur in and then let President Harrison veto them if he will. A free coinage measure will also go to him in the same way. More tariff revision can be accomplished in this way than by sweeping reductions in one general bill, and it is the policy to pursue.

WE don't wonder at Soper giving away a few session manuals when we compare his salary with that given by other States. Following speaks for itself:—

SECRETARIES' SALARIES.

New York	\$5,000
Massachusetts	3,500
Indiana	2,000
Minnesota	3,500
Ohio	3,000
Wisconsin	5,000
New Jersey	6,000
Michigan	8,000

THE supreme court last week handed down a decision in the Dickinson county case, which is important in that it recognizes as legal the action of the Democrats in unseating Morse, elected by fraud, and seating Friedlander in his place. The case came before the court through the efforts of the opponents of Dickinson county who claimed Friedlander had no right to act, and thereby invalidated the law organizing the new county. Thus ends all the frolics over this "steal," which the Republican papers made so much of.

REPRESENTATIVE Weadock is showing himself a prompt and active Congressman. He introduced on Monday last a bill increasing the compensation of the keepers of life saving stations and houses of refuge to \$1,000 per annum, and the compensation of surfmen to \$75 per month during the time they are actively employed, also a bill granting a pension to S. C. Wilson of Bay City, the veteran newspaper man and a worthy member of the Grand Army. He was also energetic in efforts to have a tenth district boy appointed a page of the house.

Washington Letter.

It is a matter for congratulation that Speaker Crisp is rapidly recovering. His continued illness is becoming very embarrassing to the democratic majority in the House, as there is a natural hesitation among those who are capable of directing the policy of the party, about assuming a function that belongs properly to the

Speaker; consequently there has been some confusion, which thoughtless people have taken for dissension, and republican newspapers have not been slow to exaggerate this idea, and some democrats, fortunately few in number, have allowed themselves to fall into the error of believing such statements to be the truth.

It is probable that had not Mr. Crisp been stricken down, a democratic caucus would have been held before this, at which the general policy to be pursued by the majority of the House during the session would have been mapped out and some agreement reached as to who should assume the leadership of the House on the floor but it has not been thought advisable to hold this caucus in the absence of Speaker Crisp. While it is not probable that Mr. Crisp will be strong enough to preside over the House during this week, yet he is already well enough to confer with his colleagues, and the prediction is made that all cause of complaint will shortly disappear and that the democratic majority will get down to work with unanimity to carry out the policy upon which it was elected tariff reform and retrenchment in public expenditures.

No man who ever entered the Senate was given a more cordial reception by his party colleagues than was Senator David B. Hill, of New York, and no new member of that body ever received the deference which is accorded him by all of the Senators. His intimacy with Senator Gorman has given that gentleman an unquestionable boom for the Presidential nomination. This is doubtless largely due to the feeling that any candidate supported by Senators Hill and Gorman would be difficult to defeat in a democratic national convention.

Representative Blount, of Georgia chairman of the Committee on Foreign Affairs thinks the House made a mistake in defeating the joint resolution authorizing the Secretary of the Navy to charter a steamship to carry the food which has been contributed to the famine-stricken Russians, and that it was done through a misapprehension and the lack of proper information. He has moved a reconsideration of the vote, and expects that the resolution will be passed when it again comes up.

The declaration of the State presidents of the Farmers Alliance, who have been holding a conference here, against committing the Alliance to the third party movement, has excited much comment here.

M. Blaine is again having a rocky time of it, between the attempt of the Chilians to wriggle out of making an apology to the United States and of the Harrison crowd to make his health a national bugaboo. He is also having trouble with Mr. Harrison and the Cabinet, over the question of granting the Mexican government the right to send troops into the United States after Garza, who is said to be backed by Boss Shepherd of Washington notoriously, and other Americans. Mr. Blaine alone opposes allowing Mexican troops to cross the border.

Chairman Tillman, of the House committee of Patents, appears to be the right man in the right place. He has been studying the complaints of the successful inventors against the innumerable parties who make a practice of willfully infringing patents, knowing that the inventor can collect no damages from them, no matter how much the courts may decree, and he has become convinced that they are too true. The remedy is in adopting a law that will make the willful infringer of a patent liable to a criminal prosecution. With the prospect of a striped suit before them there will be a large decrease in the number of infringers.

The Idaho and Florida Senatorial contested cases will be divided this week by the Senate committee on Elections. It is practically settled that the committee will report in favor of Call and Dubois, who already occupy the seats.

The executive committee of the National Association of Democratic Clubs will hold an important meeting here on the 20th inst.

If one may judge from the number of bills introduced in Congress on the subject, the idea of electing the President and Vice President and U. S. Senators by direct vote of the people, is growing in popularity.

Mr. and Mrs. Robinson returned last Tuesday from their visit at LaPeer and to part of the crew it was like the home coming of a father and mother.

The cold weather and light snow is being used advantageously for long hauls in the woods.

Mr. Allard, of Tawas City, severed his connections with this business to accept a position more remunerative at Black River.

Mr. Utley made a flying trip to Tawas and vicinity this week. Guess he had a good time.

The breaking of the burr on the bolter shaft caused a shut down of a few hours. Our competent blacksmith shrunk a band on it and the wheals rolled again in short order.

Jimmie Brown, of Tawas, went home on Saturday to rusticate a few weeks.

W. F. Boomer spent Sunday in Tawas City with friends.

Geo. Bolson, engineer on the Lima was sick with the Grippe and his place was filled by his fireman.

Bert Stiles, a knot sawyer with one arm, arrived last week seeking employment. Leroy Armstrong very generously gave up his job to him and Mr. Redhead put in a drop table as he could not use the slide table and LeRoy, or Bock, as he is called is now driving cart.

Reno Ramblings.

We would like to inform English sparrows that the time for migratory birds to migrate has not arrived yet, nor is the town so well settled to cause Wolverine to migrate from a clime so healthy, or where agriculture is so progressive, so Reno is not as a dead letter, as we are again on the turf.

Paul Crego has been on the sick list, but is now improving.

Wm Hartop was taken sick with the grip on Monday.

Ernest Crego has traded one of his horses for a yoke of oxen.

Geo. Ballard had a wood bee last week and got a nice lot of wood cut.

Services in the M. E. church has been suspended for the last two weeks on account of the illness of the pastor, Rev. Mr. Fee.

James Orton is able to be around again after being laid up five or six weeks from the effects of being kicked by one of H. N. Laird's horses.

Thos. Cooper has been hauling shingle bolts to Wiltie's mill in Whittemore.

Edney Latter is lumbering on the plains west of Geo. Ballard.

John Degrow is directing a span of horses around through the woods for H. N. Laird.

Samuel Hutchinson has a contract to furnish the E. R. Co. 500 ties. Sam has about filled his contract in the last three weeks besides doing considerable other work.

BALCOM'S MILL.

Mrs. Balcom's father, Thos. Silverthorn, who has been visiting them for a few days, returned to his home in Coral last Thursday.

L. C. Driggs made visits to Standish and other points last week.

Dr. Wakeman, of Whittemore, made a professional call Wednesday.

E. E. O'Dell, who has been suffering with the grip for several days, is out again.

N. C. Rowley drove over from Whittemore after his brother-in-law, Clark Osterlander, last Saturday evening.

The North End, which a short time ago was one of the most wide awake and pleasure going resorts on this line, is now the most quiet and uninteresting. Most of the public buildings have been removed or converted into private establishments. This place is no longer headquarters for joy, capital merriment and theatres. All gave down to the west side.

J. W. Balcom made a flying trip to East Tawas and Whittemore last Saturday.

Wagar & Pflizer are running full blast with tally slightly better, and the people there have no time for demonstrating public festivals. Although this is not to say the people here are not of a gay nature, as a more lively, wide-awake, pleas-

ure-making and pleasure-loving people could not be found.

There has been some dissatisfaction as to the location of the post office here in Reno, but we have not learned which way the cat jumped.

We thank our friends over in Grant have become snow-bound, as we have had no advice from there of late, and we should have had information from the neighbors, if not from our particular acquaintances.

In our mind rests the name of a young lady in Reno who will consult the best quality of her personal feelings by reading some other novel than Don Quixote. It strains the gymnastic nerves of the brain a little too much.

ANNUAL TAX SALES.

STATE OF MICHIGAN.

To the Circuit Court for the County of Iosco in
Chancery :

The petition of Geo. W. Stone Auditor General of said State of Michigan, respectfully shows that the list of lands hereinafter set forth and marked "Schedule A," contains a description of all lands in said county of Iscoo upon which taxes were assessed for the years mentioned therein, and which were returned as delinquent for non payment of taxes, and which taxes have not been paid; together with the amount of such taxes, and the interest computed thereon to the time fixed for sale, and collection fee as provided by law, and the cost of advertising and other expenses of sale of each of said parcels of land.

Your petitioner further shows to the court that said lands were returned to the Auditor General as delinquent for non-payment of said taxes for said years respectively, and that said delinquent returns were made prior to the first day of July, 1890.

Your petitioner further shows and avers that the taxes, interest, collection fee, costs of advertising and other expenses of sale, and the legal fees for personal service of subpoena in each case where such personal service is actually made, are a valid lien on the several parcels of land described in said schedule.

Your petitioner further shows that the said taxes on said described lands have remained unpaid for more than one year from the first day of July next after their return to the Auditor General, and the said taxes have been assessed, and the same have been due and remaining unpaid for more than one year past, and in view of the above set forth, your petitioner prays a decree in favor of the State of Michigan against each parcel of said lands, for the payment of the several amounts of taxes, interest, collection fee, cost of advertising and other expenses as are computed and extended against said parcels of land, and in addition thereto of the amount of legal fees for personal service of subpoena in each case where such service is actually made as provided in Sec. 53, of Act No. 195, of the session laws of Michigan for the year 1907, and the said taxes and said several sums computed and extended against said lands, that each of said parcels of land may be sold for the amounts due thereon as provided by law, to pay the lien as aforesaid.

And your petitioner will ever pray, etc.
Dated December 7, 1891.

Auditor General.
