Notice to Subscribers.

A large number of the HERALD subscriptions were due on August 1st, and many before that time, and we request that all owing us subscription call and settle at once. It requires money to pay our paper bills, etc., and we need all that is due us. We hope that it will not be necessary to repeat this notice. Please call and pay your subscription immediately.

LOCAL ITEMS.

Fred W. Winter was in town Wednesday on business.

Genie Smith is visiting friends and relatives in Detroit.

Miss Grace Gilbert leaves Saturday for a visit at St. Clair.

Will Waterbury is visiting friends at Otta Lake and Mithica.

All those owing us subscription are requested to call and settle at once.

Will Allnoch, of Bay City, has been spending the past week in this village.

Mrs. Charles Mount, of Bay City, is visiting her son George, of this village.

Mrs. W. H. Allman and children returned Friday from their visit at Long Rapids.

Miss Abba Williams, of Saginaw, is visiting Mr. and Mrs. W. Wharton of this village.

Herb Camplell returned to his home at Port Huron, on the Pilgrim last Saturday morning.

Mrs. Wm. Pearson, of Bay City is visiting her sister, Mrs. Thomas Garber, of this village.

Mrs. Louis Amoit has our thanks for a handsome bouquet of flowers which adorns our table.

L. Lansburg, of Pinconning came up Sunday morning, and accompanied Mrs. L. home Monday.

Chas. Striplin was laid up a few days last week, on account of a barrel of potatoes falling on him.

Miss Ida Taylor came home Saturday last from a few weeks' visit with relatives and friends at Harrisville.

Miss Lilla Shorey, who has been visiting here for the past two weeks returned to her home in Bay City today.

Rev. Thomas, Chas Story, Howard and Orville Prescott has been camping near Thompson station this week.

Mr. and Mrs. Thomas Curry are the proud parents of a fine daughter, who arrived at their home last Sunday.

Mrs. Wm. Phelan and daughters returned Wednesday evening from an extended visit with relatives at Eriar Hill, N. Y.

Mrs. J. M. Walker went to Cheboygan on the steamer Lora last Saturday for a week's visit with her sons Edward and Bert.

No one to ordinary health need become bald or gray, if he will follow sensible treatment. We advise cleanliness of the scalp and the use of Hall's Hair Renewer.

Last Saturday, W. H. Bamberger, of Grant township, delivered the first grist of wheat to the new flouring mill. Mr. B. is one of our most enterprising farmers, and appreciates the benefits of a good mill at this point.

We received a very good letter from Rose City correspondent this week which we would be pleased to have published, but as there was no way to tell from whom it came we were obliged to consign it to the wastebasket.

Last Saturday evening Dick Walker, took the Lora for Oscoda intending to return the same night on the Pilgrim, but got to Oscoda just in time to see the Pilgrim pull out, consequently he went on to Cheboygan for a few days visit with his brothers.

Marshal Smith has closed up his barber shop here and went to Detroit Wednesday evening where he expects to secure employment at his trade. Marshal has many friends here who regret his departure, and hope he will soon conclude to return.

A little item in a newspaper may sometimes make an enemy to the paper for life, but it won't stop him from reading it. It merely changes him from a subscriber to a borrower. Every publisher can recall the names of citizens who come under this head.

Rev. E. E. Castor has been Presiding Elder of the Bay City district of the M. E. church for the past six years, and when he goes to conference next month he will either lay down the duties of that office or be transferred to some other district. He preached his farewell sermon at this place last Sunday morning.

Like a ship without a rudder is a man or a woman without health and the necessary strength to reform the ordinary duties of life. When the appetite fails, when debility, and a disordered condition of the stomach, liver, kidney, and bowels assail you, take Ayer's Sarsaparilla.

The attorney general has decided that a certificate need not be furnished by the county treasurer or auditor general, showing that the taxes are paid, before the mortgage is entitled to record. The act covering the matter only mentions specifically deeds, contracts and plants, and it is held mortgages do not come under any of these heads.

An exchange says: There is a fellow at Green Bay who every time he gets on a spree insists on paying a year's subscription to his town paper. He has already paid for his paper to January 1, 1927. An effort will be made at the next press convention to ascertain what brand of whiskey that fellow is drinking in order that it may be more generally placed on the market.

Better roads will increase the market value of all farms lying in the neighborhood where the improvements is made, and indirectly increase the values of farming lands at a distance. They will increase the carrying power of wagons, economize the drawing power of horses, and thus render fewer horses necessary, save harness, wagons, help, and numerous incidental expenses which bad roads entail.—The Wheelmen's Gazette.

The sixteenth anniversary services of the Congregational church were held last Sunday and were largely attended both morning and evening. Rev. J. M. Lyon preached a very able and instructive sermon in the morning. The evening services were devoted to the history of the church, the early religious history of Tawas City, etc. The choir furnished some excellent music for the occasion.

The Odd Fellows' Mutual Aid Association, of Michigan, have elected the following officers for the ensuing year:

President—F. F. Taylor.
Vice Pres.—J. L. Swartz.
Physician—Dr. D. G. Howell.
Sec'y. and Treas.—T. J. Hopper.
Board of Managers—W. J. Fox, Geo. H. Phelps, John McBee, T. P. Cox.
Sick claims were allowed to the amount of \$110.00. The association is in a very flourishing condition.

One of our exchanges is in trouble. A notice after the usual form was written. "The ladies' social will be held," etc. As usual the printer blundered and left out the word social, and it was printed "The ladies will be held." The result was that hundreds of men were in attendance, and when the ladies objected to filling the printed program the enraged males swooped down on the printing office, determined to murder the editor, and the latter only escaped annihilation by jumping into a cistern, pulling the water over him, and breathing through the stem of a water lily which he happened to be wearing at the time for a buttonhole bouquet.—Hudson Post.

The subscribers to the fund to be given to the parties erecting a flouring mill in Tawas City will please pay to Phinney & Roe, bankers, Tawas City. The list will be left at the bank. Those who know they have pledged amounts to this fund, will please call as soon as convenient. Immediate payment by those who possibly can is very much desired. The stringency in money matters come at a bad time for those who are engaged in new enterprises. Will not all who can pay at once?

President Johnson of Tulane University, La., in a memorial to Congress says: "Good roads are an indisputable factor in the distribution of the products of industry, counting far more than their apparent value; indeed they are fairly ranked among the tests and conditions of a high and advancing civilization. A count progress in road-making among the most important subjects that engage the attention of political and social economists."

Notice is hereby given that The School Board of the District Number Seven will receive bids until August 13th for doing the work of Janitor in each of the schools for the next ensuing year, including care of school premises during vacation, and also bids for building fences and doing other necessary work, particulars of which can be gotten from Director; all of said work to be done before September 1st next. The lowest or any bid not necessarily accepted.

N. C. HARTINGH, DIRECTOR.

Mr. J. M. Walker picked the first ripe tomatoes Aug. 7th from vines grown in a cold frame after the season was far enough advanced to admit planting in that manner. He believes that tomatoes can be grown from the seed and ripened in 100 days by careful selections of early seeds. Fifteen years ago it was said they would not ripen. Ten years ago it was admitted that a few would ripen. Five years ago people began to talk freely of growing tomatoes, and now the question is how quickly can they be grown. Mr. W. in a short trip through Iowa and Nebraska July 1st to 8th says he was most surprised to find the growth of grains, fruits and vegetables so little ahead of our own Northern Michigan at that season. Very fair early potatoes can be grown ready for use on the table in 60 days from planting seed with proper care in planting and cultivating. What better do we want? We have to feed cattle long winters but we have plenty to feed them on. How it would delight some western farmers to get as much pasturage or hay from 25 acres as we get from ten.

JOHN Sherman can talk more and say less than any man in public life.

The legislation of the fifty-third congress will prove that the democratic party is the true and only people's party in this country.

Advice to Congress has already been largely overproduced, but there are no indication of the shutting down of any of the advice mills.

It is difficult to say when a thing is finally settled in this country. The Supreme Court is to be given another "go" at the Geary Chinese law.

EVERY man who feels the financial pinch would do well to ask himself, and answer honestly: Have my actions tended to inspire or to shake public confidence?

THAT proposed contribution for the stockgambling, bull-fighting descendant of Columbus reached the ridiculous stage before the cash was received, thanks to an outspoken press.

"We strive to please everybody," should be adopted by the World's Fair management as a motto. It would be particularly appropriate in connection with Sunday closing and opening.

THE doubt about tariff legislation which is alleged by republicans to exist is nearly a chimera of their disordered minds. The tariff is going to be reformed by the democratic Congress.

SENATOR Vest is right in saying that the time has arrived when make shifts should be cast aside and definite and decisive action be taken in financial affairs, and that is what the people expect the democratic Congress to do.

SOME editors are consistent for no better reason than that it helps them to whack some of the party leaders over the head without calling any names. Better a little inconsistency than an over-stock of brand of consistency.

THERE is entirely too much talk about conspiracy. No sane man really believes, whatever he may say, that one half of the citizens of the United States are conspiring with foreigners to ruin the other half. It is an absurdity as well as an impossibility.

SPEAKER Crisp has proven himself worthy of confidence, and no good democrat need fear that his make-up of the House committees will be other than satisfactory to the party at large. There will necessarily have to be some individual disappointment.

NEW YORK has a society, formed to further the annexation of Canada, with a membership of 272. When Canada asks for annexation there will be no need for societies to help her to get it. We want no unwilling citizens. Let Canada knock before the door is thrown open to her.

PRINCE FREDRICK von Lippe, who is a cousin to Emperor William, and who is coming to the World's Fair, is loyal to the "fatherland." He has caused it to be announced in advance of his visit that he neither intends nor desires to marry an American. But he has not seen the American girl yet.

It is noticed that the newspapers which print the most convincing editorial reasons for putting a stop to the financial scare are the very ones that fill their news columns with sensational financial news, under big "scare heads," thus adding to the scare. We suggest that the editors of these papers get together.

The Tariff To Blame.

The New York World prints an interview with ex-Secretary of the Navy, Wm. C. Whitney, on the financial situation. He says among other things:

"I agree with Mr. Cleveland that the repeal of the Sherman law without amendment or substitute, is the only thing to be considered now. But I do not wish to be regarded as considering the repeal of the Sherman law a permanent cure for our national ills. The currency question is the most vital one."

"The country's prosperity will never be permanently established while an annual tax of \$300,000,000 to \$400,000,000 be laid upon its industries. National taxes being levied as they are, the general mass of people, the producing and industrial classes and the great body of merchants, tradesmen and professional men pay fifteen times as much tax in proportion to their means as the rich men. There lies the secret of national distress. The only permanent remedy is the readjustment and equalization of this burden of taxation."

They Are Disloyal.

Those who are so active in ascribing the financial and commercial depression of 1893 to the result of the election of 1892, ignoring the fact that the depression is world-wide, having appeared in succession in South America, India, Europe and Australia, would do well to remember the panic of 1873 in the United States and the long period of depression following. The republican party was in power at the time and it remained in power; yet it was unable or unwilling to do anything to mitigate or relieve the public distress. It had made the national debt payable in gold and by the demonetization of silver and the resumption of specie payments had also made the private debt payable in gold. The depreciation in values was enormous. Those who had bought farms and other property on partial payments found themselves compelled to pay double for them, for the wheat which had been bringing \$5.50 a bushel fell to \$1.25, and the dollar, which would buy more produce would pay no more debt than formerly. An illustration of the effect of the republican policy of 1873 is to be seen in its effect on the public debt. One half of the debt has been wiped out an enormous amount of interest has been paid upon it in the last twenty years, yet more bushels of wheat would be required to pay what remains at this date than would have been sufficient to wipe out every dollar of it twenty years ago.

The process of liquidation, and adjustment after the panic of 1873 was extremely slow, as all will remember who were old enough to share in its effects, and it was not until the democratic victories of 1876 and the passage of the Bland silver law of 1878 by the democratic house and nearly democratic senate, that the country began to recover from the depression. The fiery organs of the present time should not forget 1873.—Bay City Times-Press.

Mr. Weadock and Silver Coinage.

Taken in connection with the suggestion of the president's message, that "possibly if the undertaking we have in hand were the maintenance of a specific known quantity of silver at a parity with gold, our ability to do so might be estimated and gauged, and perhaps in view of our unparalleled growth and resources might be favorably passed upon," the comments of Representative Weadock thereon are suggestive of a possible ground of compromise between eastern and western ideas on the currency question. Mr. Weadock is quoted in the Detroit Free Press correspondence as saying:

"The message is just what we had a right to expect from President Cleveland. Having accepted a nomination upon a platform in-

dorsing the use of both gold and silver as money, he now meets a grave crisis owing to the fears of what may come rather than what is. Silver has been so discriminated against throughout the world that when the civil council of India ordered the suspension of its coinage it seemed to many that it would be impossible to maintain a parity between the metals by India and the United States. The purchase of silver bullion should be stopped, and the silver now in the treasury coined at such ratio as will be just under present conditions, so that our money will be gold, silver and paper, each as good as the other."

The closing clause of the congressman's remarks contains the suggestion. The coinage of the silver bullion now in the treasury at a proper ratio would be an undertaking to maintain a specific known quantity of silver at a parity with gold, and might be adopted with hope of success.—Bay City Times-Press.

Crop Report.

The Secretary of State has issued the following report for August.

The estimates and statements in this report is based on more than 1,200 returns received since August 1.

The average yield of wheat per acre as estimated on the first of this month is in the southern counties 14.08 bushels; in the central counties 14.09 bushels and in the northern counties 13.77 bushels. These figures are the averages of all the total acreage sowed, as returned by supervisors, and on examinations made when harvesting and stacking.

The present estimated yield is, for the southern and northern counties, about one bushel per acre higher than the estimate of July 1, while for the central counties the two estimates are not materially different. The estimates point to a total crop in the state of about 22,240,000 bushels, or about 1,345,000 in excess of the July estimate.

The total number of bushels of wheat reported marked by farmers in July is 541,857. The total number of bushels reported marketed in the twelve months, August-July, is 14,302,347, which is 2,447,598 bushels less than reported marketed in the same months last year.

Wheat is of excellent quality, — only an occasional report mentions damage from any cause.

Oats are estimated to yield 29 bushels per acre in the southern and central counties, and 27 bushels in the northern counties.

Compared with vitality and growth of average years, the average conditions of corn August 1, was 61 in the southern and central counties, and 101 in the northern counties and the average condition of potatoes in the southern counties was 86 in the central 89 and in the northern 97. These figures indicate that both crops were in much better condition than on August 1, 1892. But at the time the reports were made a drouth was prevailing that had begun to tell on both crops, and since then there have been no general rains, scattering showers in the state. Corn and potatoes are at this date—August 7—in great need of rain, and have quite generally in quantity.

The hay crop of the state has been secured in excellent condition and is a full average in quantity.

The apple crop of the state will be very light. The figures this month are 21 per cent in the southern counties, 35 per cent in the central, and 61 per cent in the northern, comparison being with an average crop. These figures by our regular correspondents are fully confirmed by letters from a large number of fruit specialists.

The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spotsylvania C. H., Va.

We clip the following from the Bay City Tribune of last Saturday: A Bay Cityan who has just returned from a trip up the shore told a Tribune reporter yesterday that he found the best hotel accommodations at East Tawas. "I reached the town," said he, "on the day the new Holland house opened and thought I would put up there for the night. I had heard what a fine hotel it was to be and looked for something pretty nice, but my expectations were more than realized. It is without question the most attractive and best hostelry that I stopped at while away. It is furnished elegantly; has all modern conveniences, such as electric lights, elevators, etc. It is in a central part of the town and from it one commands a splendid view of the bay. The hotel is the property of Holland & Emery and Sam Anker. Will Howard is landlord, and a better man for the place could not be found. He is accommodating and carefully looks after the comfort of his guests. I only wish we had such a hotel in Bay City."

THE VERDICT IN THE KEATING CASE.

A Long and Hard Fought Battle.

The case which has excited the most interest of any case ever tried in the circuit court of Iosco county has undoubtedly been the case of Thomas Keating vs. The D. B. C. & A. R. R. Co. to recover damages for injuries, received while a passenger on that road. The readers of the HERALD are familiar with the facts of the case and they need not be repeated here, suffice to say that on the 24th day of September, 1891, Thomas Keating, young man of this village, was injured in a wreck of the Loon Lake Accommodation, near Hale station, caused from a log rolling from the train and derailing several cars, including the passenger coach.

The array of counsel in this case was such as has never before appeared in court in this county. For Keating appeared Hon. W. H. H. Russell, of Detroit, C. A. Jahraus and M. J. Connine, of this county, while the railroad's interests were looked after by Col. John Atkinson, of Detroit, and Judge R. J. Kelly, of Alpena, and A. M. Henry of Detroit.

The case was brought up Tuesday of last week, and a jury secured. Wednesday morning the taking of testimony was commenced and continued until Saturday.

Monday afternoon C. A. Jahraus opened the argument to the jury for the plaintiff, in a very able and telling thirty minutes address. He was followed by Judge Kelly for the company, who addressed the jury for over an hour. M. J. Connine followed for the plaintiff. Tuesday morning Col. Atkinson, made a very able plea for the company which lasted for about two hours. Mr. Russell closed the case for the plaintiff with what was undoubtedly the most able and eloquent plea ever listened to at the Iosco county bar. Judge Simpson charged the jury and they retired at about 4 o'clock Tuesday afternoon, and the court adjourned until 9 o'clock Wednesday morning. After about two hours deliberation the jury agreed on a verdict of \$10,000.00 for the plaintiff, which was rendered Wednesday morning.

The case has been witnessed by large numbers of people from all parts of the county, and has been one of the hardest fought battles ever witnessed in this county.

The verdict is less than was expected by the general public.

The defendant asked for a stay to prepare arguments for a new trial.

Whitemore News.

Harry Price has gone to Bay City for a short visit.

Ed Williams and family are spending a few weeks with friends and relatives in Canada.

J. P. Collin, of the firm White Collin & Co., with his wife are enjoying a vacation of a few days with friends in Bay City and vicinity.

H. M. Belknap is attending court this week at Tawas City as a circuit court juror. We hope that all the jurors there are as capable of filling the position as Mr. Belknap is.

Forest fires are becoming quite numerous and with the hot dry winds we are having, are spreading rapidly and are in danger of destroying much property in this vicinity. We hope to see it rain soon and extinguish here.

Rev. E. E. Caster Presiding Elder of this district, held a quarterly meeting Services in the Methodist church last Monday evening. There was a good attendance a good sermon, and a good time generally. One young lady was baptised. We understand that the indebtedness of the church has been about all provided for and it will be dedicated some time before conference.

THE FLINT & PERE MARQUETTE RAIL AND WATER LINES offer the public a way to reach Chicago, that for comfort, far surpasses the all rail lines, to say nothing of the difference of fare in its favor, an item well worthy of consideration.

Passengers are landed in Chicago in the morning after a night's refreshing and invigorating rest in a commodious state room on a first-class steamship. The experienced traveler need not be told of the advantages of a rail and boat route, for summer travel, over the all rail route with its crowded, dusty sleeping cars, and very little thought on the part of the inexperienced, will convince him of the same. Ask your local ticket agent for rates and time of trains.

Prescott Points.

The new flouring mill will be in readiness to commence operations next Monday. Considerable wheat has already come in.

Miss Wilson, of Toronto, Canada, sister of Mrs. Z. David, arrived here last Thursday, accompanied by another young lady from the Queens' city. They are the guests of Mrs. David with whom they will remain for some time. They will go to Chicago to visit the Worlds Fair, accompanied by Mr. and Mrs. David.

Another building is in course of construction, which belongs to Judd Crego and is erected by W. E. Boughner. Size 18x55, two stories.

Mrs. Mootes, of West Bay City, delivered a lecture last Sunday, before a large audience, on temperance and ably dealt with the proficiency in literature and science that woman has attained during the last half a century. Mrs. Mootes is an eloquent speaker, who can attract the attention of any audience from the fact that she delivers interesting discourse, not only on temperance but other subjects.

The sore head republicans who get up the calamity howl, pretend to be very sympathetic with the veterans. In their vanity believing that they can capture veteran votes with their pretensions sympathy. When expressing that Hoke Smith's machine crushes the worthy veterans, cutting their pension some from \$72.00 to \$50.00 per month. The vet or any other man who cannot live comfortably on \$50.00 per month, should not live at all. Probably there are men in this country getting \$18.00 per month, who never saw the smoke of battle or battlefield, claiming disabilities and disease, incurred in the service.

Building Committee Notice.

Separate bids will be received by the building committee of Iosco County Board of Supervisors, for painting court house two coats of paint; barn one coat on outside—knots to be schalacked; and about 56 rods of picket fence two coats, on both sides and rear end of court house yard. The paint must be green seal white lead of first quality. The bids will be received separate for each job. The work to be done in a workmanlike manner. The bids will be received by the chairman of the Building Committee, James Wallace, Box 44, Au Sable, Mich. The bids will be received and opened on Tuesday, August 15th, 1893, at 10 a. m. and each bid must be marked court house bid, court house barn bid, court house fence bid. Security must be given for double the amount of any of said jobs. The committee reserve the right to reject any or all bids.

THAT unites Pigments and pure Linseed Oil, by a chemical process, to form Paints for Houses, Cars, Bridges, Roofs, Carriages, etc., that are perfectly

FIRE AND WATER-PROOF!

They will not separate or get hard in packages. Wood on which it is applied will not ignite when exposed to fire. They are manufactured in Paste and Liquid form in Twenty Popular Tints for general use.

Why use ordinary paints when Fire and Water-proof Paints cost no more. They give the same results and a protection from both fire and water. Superior to any other paint on the market for roofs.

Our BLACK LACQUERS exceed any paint for smoke-stack work; will not burn or wash off; prevents rust, thereby saving you expense and time.

Neighboring Notes.

The new town of Lewiston is talking of organizing a brass band and showing its airs off to the people.

Lake City, over in Milwaukee county, for a bonus of \$5,000 in cold cash is to have a \$45,000 glass factory, to be completed by the last of December. Parties from Hamilton, Ont., are at the head of the enterprise.

The Annual Encampment for the Northwestern Soldiers and Sailors Association will be held at Roscommon, the 13, 14, 15, of September. The Standish cornet band are engaged to furnish music for the occasion.

The latest reports are that the Hodge Manufacturing Company, of Roscommon, which was closed last week by virtue of a chattel mortgage, will so adjust matters as to be able to commence operations again in a few days.

James A. Scott and Michael Griffin, of West Bay City, have through Atty. Gen. Ellis begun proceedings in the supreme court to oust Comptroller Glaser and Treasurer Tasker, of that city. The charge is made that the votes were not properly counted at the election.

The Ausable river is nearly destitute of the grayling fish that have made it famous, but it is now asserted that trout are going to take its place. In fact, the authorities now consider it one of the best trout streams in the state, although the first trout were planted there only eight years ago. —Detroit News.

Lumber shipments from the Saginaw valley during July were 23,177,000 feet against 26,262,000 feet during June. So far 75,10,000 feet have been shipped during the present season, an exceedingly small record. The market is dull and many mill owners say they would rather close down their mill than sell at the present prices.

Jessie, the 11-year-old daughter of Dr. and Mrs. W. C. Cunningham, was accidentally drowned Thursday night while bathing in Long Lake near Alpena. The body was recovered a few hours after the accident. Coroner Shannon held an inquest and rendered a verdict in accordance with the facts.

The railroad north is graded to a point several miles north of Posen. The Paxton-estate has served an injunction on the company, stopping the laying of rails on lands owned by this estate. This may stop work for some time, but it is to be hoped that the matter will be satisfactorily settled. —Alpena Pioneer.

Supt. Clarke of the U. S. fishing stations in Michigan was in the city yesterday. He examined the hatchery there and found everything going well. The building, however, is too small for the present amount of work, and in his next annual report to the U. S. Commission. Mr. Clarke will ask for \$1,000 with which to rebuild and remodel the Alpena hatchery. —Alpena Pioneer.

Thos. Manning, who was sent from here to the House of Correction, and whose time is nearly up, has sent the sheriff three boxes, that he made from differentiated wood—handsomely inlaid and trimmed, to sell, for the purpose of enabling him to get a different start in life. They are worth from ten to twenty-five dollars. They will be disposed of by means of tickets which can be procured of the sheriff. —Grayling Avalanche.

The Potosky Resorter denies that the soldiers of Fort Mackinac will raise money to help Private Badgley, who is charged with assaulting the girl who recently committed suicide on Mackinac Island. On the contrary, his comrades are said to give him a bad record. It will be the first jury trial in that county in over a year. People were beginning to believe that the county was a pretty moral sort of a place.

Billy French, of Presque Isle, was in Detroit Monday, and according to the Journal gave Gov. Rich a backhander by saying that Green Pack, of Oscoda, would be the next republican candidate for governor. Billy is holding a job by the grace of Gov. Rich and he shouldn't have been so outspoken at this time, but we suppose that he thought he might as well acknowledge the corn that Gov. Rich is the poorest excuse for a governor that Michigan has ever had. —Cheboygan News.

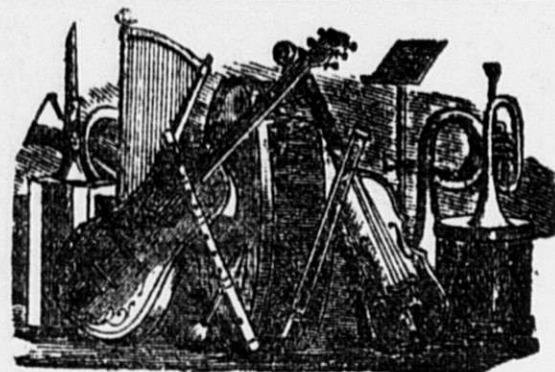

The county seat removal question of Montmorency county isn't settled yet. Although a mandamus had been issued restraining the supervisor of Vienna township from taking part in the canvass of the votes cast at the April election, Hillman people say that he paid no attention to the order, and attended the recent meeting of the board. The supervisors of the eastern section of the county left the meeting. Stariger and the

rest of the western supervisors declared the proposition of removal carried by a majority of 13 votes, decided to remove all county records to Atlanta this week and then adjourn to meet Sept. 1. What the outcome of the matter will be it is hard to tell, as the case will be taken into court at once.

One of Oscoda's young attorneys does not feel one half as canceled as he did a week ago. The young aspirant after fame was a passenger on the Alpena Sunday-going down, and puffing himself up to his fullest capacity with conceit and a desire after notoriety, he sought Chief Justice Fields, who was a fellow-passenger, and introduced himself as an attorney from Oscoda. Mr. Fields took in the situation and proceeded to have a bit of fun with the young legal aspirant. After talking a short time on minor matters he commenced to talk Blackstone, much to the discomfort of the young man in question, who was compelled to acknowledge that he had just been admitted to the bar and probably was not as well posted as he might be. He spent the remainder of the day in kicking himself around the boat. He says his ardor to be recognized among the legal lights is not half as great as it was a week ago. —Monitor.

BALD HEADS

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

SKOOKUM ROOT HAIR GROWER is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair and scalp led to the discovery of how to treat them. "Skookum" contains neither minerals nor oils. It is not a dye, but a delightfully cooling and refreshing Tonic. By stimulating the follicles, it stops falling hair, cures dandruff and grows hair on bald heads. Keep the scalp clean, healthy and free from irritating eruptions, by the use of Skookum Skin Soap. It destroys parasitic insects, which feed on and destroy the hair. If your druggist cannot supply you, send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; 6 for \$5.00. Soap, 50c per jar; 6 for \$2.50.
