The sixteen cent social given by the  
Y. P. S. C. E. at the pleasant home of  
Mr. and Mrs. Wm. Nesbet Tuesday even-  
ing was a very enjoyable affair. The so-  
ciety realized about 7 from the pro-  
ceeds.

For pity's sake, don't growl and grum-  
ble because you are troubled with indig-  
estion. No good was ever effected by  
snarling and fretting. Be a man (unless  
you happen to be a woman,) and take  
Ayer's Sarsaparilla, which will relieve  
you, whether man or women.

Good roads add to the value of farm  
property more than any other one thing.  
Good roads through Iosco county will save  
the farmers more on the wear and tear  
of wagons, harnesses and horses, to say  
nothing of the increased valuation of  
their farms, than the increase in their  
taxes will amount too.

Sinton hall, at the Y. M. C. A., was  
filled to the utmost last evening. The  
occasion was the concert given by the  
Ariel Ladies' Sextette—the six Smith  
sisters. The young ladies are talented  
musicians, and their program of twelve  
numbers was highly enjoyed by the large  
audience present.—Rushville, Ind., En-  
quire. At the M. E. church, Thursday  
evening, Dec. 7.

The passenger steamer Lora, which  
was placed on the shore line this year  
for the first time, will come out about  
even in a financial way, although it  
seemed to have bad luck. Several little  
accidents, in which no harm was done  
passengers, but a great deal to the  
boat, kept the expense account big and  
she will just about come out clear.—Bay  
City Times-Press.

Joseph Blust has purchased A. P. Mur-  
phy's interest in the firm of Koenig &  
Murphy, and the firm will hereafter be  
Koenig & Blust. Mr. Blust is to well  
known to our readers to need any intro-  
duction at our hands, suffice to say that  
the new firm will beyond doubt receive  
a continuation of the liberal patronage  
enjoyed by the old one. We have not  
learned Mr. Murphy's future intentions.

Last Sunday Mr. and Mrs. T. Simon re-  
ceived a telegram from New York  
announcing the illness of their daughter,  
Miss Rebecca. Mr. S. left Monday for  
that city. Wednesday word was received  
that she was not expected to live, and  
Mrs. Simon and son Myer went. Miss  
Simon has been spending the summer  
in New York and intended to start home  
Thursday, but on Saturday was taken  
suddenly ill. She was improving at last  
report.

prepared from which, on payment of  
one cent, the amount of money to be  
sent by mail to any part of the United  
States may be torn of the same as an  
express order. There will be no writing  
on it of any kind by the postmaster, the

and costs, amounting to \$95 in all, or in  
default to be committed to the county

and Murray was taken to Tawas.—Oscoda

Prosecuting Attorney Geo. J. Moloney  
of Presque Isle, writes us a yawp of tri-  
umph, from which we gather that his ri-  
val Attorney Rice, who petitioned for  
his removal on the grounds that he could  
not make out legal papers properly, could  
not himself make out charges that would  
stick against the said Moloney, even with  
such a partisan as Gov. Rich. George  
seems to be on top yet.—Cheboygan  
Democrat.

An exchange advises those who have  
lots of hemlock timber not be in too  
big a hurry to dispose of it for the sake  
of getting money out of the bark. With  
the rapid disappearance of the pine, and  
the fact that hemlock is being manufact-  
ured into flooring, siding, and put to  
many uses not thought of when pine was  
more plentiful and a good deal cheaper.  
Hemlock and hardwood are on the up  
grade and will continue to be so from  
this on.

The Gillman hunting party which has  
been at Turtle Lake during the hunting  
season will break camp to-morrow and  
will leave for their homes. Already sev-  
eral members have left. During the  
hunt there were 36 in the party and they  
killed about 30 deer. The hunt will  
cost them close to \$3,000. This figure  
brings the price of the deer to a very  
high mark, but the boys take the bal-  
ance above the regular price in fun.—  
Alpena Echo.

J. E. Austin, of Standish, has been  
working for two years on a new kind  
of shingle making machine. Instead  
of using a saw the shingles are sliced  
off with a large knife after the blocks  
are steamed leaving the shingles per-  
fectly smooth and waisting none of the  
timber in sawdust. The cutting of  
shingles in this manner has been thought  
to be a failure but Mr. Austin claims to  
have made an improvement over all other  
inventions in this line and has applied  
for a patent for his machine.

Toughs entered Perkins' grocery store  
at Bay City. Mrs. Perkins was there  
alone, and when she gently insinuated  
that the toughs pay for some tobacco  
they had bought they began to throw  
scale weights at her. Just as a lighted  
lamp was hurled at the poor lady's head  
a preacher, Rev. J. Eli Gregory, came  
in with a companion. The church mil-  
itant grabbed one of the toughs by the  
throat and had no difficulty in choking  
him into submission, but his companion  
was less fortunate, receiving terrible  
kicks that will lay him up for several  
weeks. The "hurry-up" wagon arrived  
just in time to save his life.

A special from Au Sable to the Free  
Press on Tuesday, says: This evening  
brought about another important step in  
the Rosenthal failure here. Phillip  
Rosenthal, husband of and general busi-  
ness manager for Esther Rosenthal, who  
recently filed a mortgage on her two  
stocks of goods, was arrested by Deputy  
United States Marshal Wallace, of De-  
troit, at the instance and on the com-  
plaint of H. P. Claffin & Co., of New  
York City, and to-morrow's train will  
carry the marshal and Phillip to Detroit.  
A deputy United States marshal has  
possession of the stock of goods here un-  
der a writ of attachment issued out of  
the United States circuit court for the  
eastern district of Michigan, and for the  
past ten days has been taking inventory  
of the goods on hand the deputy marshal  
accidentally ran across goods which were  
stowed away of the value of \$3,000 to  
\$7,000. It believed that the finding of  
these goods in unlooked for places induc-  
ed this company to cause criminal pro-  
ceedings to be instituted against Rosen-  
thal. Their claim amounts to nearly  
\$6,000.

**CONGRESS meets in regular session next Monday.**

THE more light we get on the true inwardness of the Hawaiian affair as handled by Harrison, Stevens & Co., the worse it smells.

WHAT a howl the "jingos" are making. And all because the democrats dare to draft a tariff bill in accordance with the ideas expressed by the people last fall.

IF there is a fairer or more equitable mode of raising money for the support of the government than by taxing incomes, when they exceed \$2,000 per year, it has not yet been made known.

STRIKES are always to be deplored, but if that upon the Lehigh Valley railroad results in raising the price of coal, as now feared, it will be unusually unfortunate for everybody except members of the coal trust.

MANY of our republican exchanges are becoming so hard up for "thunder" that they are obliged to revive some of the old campaign lies of 1888, and fill their columns with slush and indecent personal insinuations at President Cleveland. When a party gets so hard up for argument at this they are to be pitied.

THE democrats in congress and elsewhere should be warned by the fact that the sole basis of republican hope for future success is dissection in the democratic party. If they can scare or bulldoze the democrats into failing to properly reform the tariff they well know all hopes of democratic success is destroyed. Democrats do your duty.

ONE reads a great deal nowadays in the jingo press about the humiliation, etc., etc., of "pulling down the American flag." No better service can be done the American flag than to pull it down where it has no business to be up. This is real, true Americanism. The United States is not an empire of conquest and aggression.—Ann Arbor Democrat.

IF it be absolutely necessary that some new form of taxation shall be imposed by congress, and those familiar with the condition of national finances say it is, an income tax would be as free from objection as any method that would bring in as much money. It would not, of course, be enthusiastically received by those who would have to pay it; no tax ever is.

SOME republicans are hard to please. They criticise the democratic members of the house ways and means committee because they submitted the new tariff bill to President Cleveland for his approval before making it public. Did these republicans suppose that the committee would report a bill containing items opposed by the president.

THE gigantic steel combine which is practically organized, and which will draw upon the mines of this country for the immense output for which it is arranging, does not seem to be frightened because of the fact that the special protec-

tion which has given sudden and fabulous wealth to the steel and iron barons is about to be withdrawn in the interest of the masses. The burgaboo which g. o. p. organs have been so industriously conjuring up, refuses to do their bidding, and the event will show to what a shameless length they have gone in their efforts to deceive the people.—Free Press.

## THE NEW TARIFF BILL.

The ways and means committee has given the public the result of its labors in the preparation of a bill embodying the reforms to which the democratic party is committed and for which a vast majority of the people repeatedly declared at the polls. It is a measure against which can lie no charge of dodging or resort to makeshift. It was prepared pursuant to the convictions of the representative men who had the work in hand and to the principles upon which Democracy stood in seeking control of national affairs. It bears none of the marks of successful intercession on the part of wealth and power, such as were the controlling influences in the framing of the McKinley bill and the building up of the iniquitous system that enriched its favorites at the expense of the masses until they arose in their might and demanded the change which is now sought to be made.

The bill gives fitting answer to those who have tauntingly defied the democratic party to attempt the measures of reform to which it is committed. There appears the result of a fixed purpose to reach the root of the evil and apply the remedy, regardless of the threats and importunities of those whose selfish interests have so long been served at the expense of the general welfare. It aims at national legislation freed from the taint of class or sectional considerations. It seeks the greatest good for the greatest number and places the plutocrats begotten of high protection upon the common level of our American citizenship. It is not an attempt to tinker a rotten and discredited system of tariff, but to replace it by one which conforms to the fundamental principles of our government and recognizes the equal rights of our people.

It is a fact to be proud of that the representatives of democracy have thus boldly stood by its pledges, for such courage in the face of a powerful and conscienceless opposition is in itself strong evidence of a righteous cause. The bill will be discussed in detail in congress and through the press. If it be true, as claimed by the long-time enemies of tariff reform, that the people have repented of their demand for the overthrow of McKinleyism, they will have ample time and opportunity to exact compliance with their wishes through their representatives in congress. If they wish to retain burdens laid upon the industries of the United States far more grievous than those laid and borne as a patriotic necessity in the time of war, they can do so. If they wish to continue a system that is maintained, not to meet the necessities of the government, but to enrich favored interests and sections and to recompense large contributors to republican campaign funds, it is not too late. But there is no danger of such a change in sentiment. Reform is at hand in a time of financial depression and it will be followed by an era of prosperity that will fasten falsehood upon those calamity howlers who are striving to revive defunct republicans.—Free Press.

## December Forecasts.

Rev. Ira L. Hicks, of St. Louis, Mo., whose weather predictions have come to be considered almost certain, gives us the following idea of what to expect for December:

December comes in on the central day of a regular storm period. Being within two days, and next following the center of a Venus equinox Nov. 29, we are to expect very active disturbances between the 1st and 4th. It will grow very warm as the storm conditions develop and move eastward. The barometer will fall to low readings in westerly regions in the beginning of the period, followed by storms of rain, with lightning and thunder to the south, and turning to snow

in central and northerly sections. Heavy easterly gales from the Atlantic will blow into the low area as it advances from the west. A sudden and severe cold wave will rush in behind the storms, and by the end of the period—say the 4th to the 6th—the whole country will feel a touch of the wintry blast. It will be prudent to prepare against possible blizzards northward, during the storms of this period. About the 7th and 8th, the cold will moderate, and another storm development will appear in the west and move to the east. The center of this disturbance will hinge on the 8th, or within 15 hours of the time of the new moon. Heavy gales, especially on lakes and seas with much tendency to southern cyclones and northern blizzards, will be natural and probable. Great cold is almost sure to follow.

About the 23th westerly regions will have changed to warmer, winds in eastern parts will change to easterly and southerly, and renew storms of rain and snow will advance across the country from west to east during the 12th to 16th. The storms will not clear the continent until after the moon's first quarter on the 26th, but colder, clearing weather will dominate the north and west long before it is felt along the Atlantic. The "weather train" at this and all other periods will pass all stations from west to east on about schedule time, but storms will not be prevailing all the way at the same time—neither will the cold. All sections will get "their portion in due season." The center of reactionary disturbances next after this period will be on and touching the 18th and 19th, about which dates it will turn warmer and renew storms of rain and snow will result in many places. This is near the center of our winter solstice, and stormy, unsettled weather must be looked for generally, overrunning the usual limits of the regular periods, and intensifying the phenomena during the period.

The storm period beginning about the 22d and reaching to the 26th, promises many winter storms, and many sections will have their supplies of "Christmas snow" greatly replenished during the progress of these storms. The full moon is on the 22d and will hasten the crisis early in the period. The Arctic wave following the storms will have brought very cold weather to much of the country by the night of the 26th. The equinox of Mercury is central with the full moon on the 23d, which fact is almost a guarantee that heavy sleet will be a characteristic feature of the period. Men of the wires take notice! Prepare for great cold after the storms. About the 29th and 30th will fall a reaction to warmer, and the month is apt to close with reactionary storms well to the east, with rising barometer and colder, clearing weather in sight in the north and west.

## The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employees for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

## Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spotsylvania C. H., Va.

"Ole Olson" comes to the opera Saturday evening. Since here last the play has had a thoroughly revising by James A. Hearne, so well known in the dramatic world as the author of such highly successful dramas as "Hearts of Oak" "Drifting Apart," "Shore Acres," etc. The changes in "Ole Olson" makes the play as strong in its sensational features as it has been heretofore in comedy. The greatest change, however, occurs in the third act, which has been entirely rewritten and is now one of the most dramatic scenes ever presented. Comedy is entirely obliterated from the act, it being the opinion of Mr. Hearne that with so much high class comedy in the other acts the play would be much better balanced in its new form, and is undoubtedly correct.

## THE TOLEDO WEEKLY BLADE.

And book Containing all the Nasby Letters for One Dollar.

In answer to a general demand from all parts of the United States, the TOLEDO BLADE has published in one volume a cloth bound, all of the "Nasby Letters," ever written by the late D. R. Locke, omitting perhaps a few unimportant letters on local or forgotten topics. Only a few of these letters were ever published in book form. Everybody has read some of them, but who has read all of them? The book contains over 500 large pages, and all the Nasby Letters written during a period of twenty-five years; also a portrait of D. R. Locke from his last photograph. It would sell at one dollar or more, but will never be placed on sale. One hundred thousand copies are now being printed and bound and one copy will be sent postpaid by mail free to every person who this winter remits one dollar for the WEEKLY BLADE one year. Every body invited to send for a specimen copy of the WEEKLY BLADE, which will give a full description of the book "The Nasby Letters."

THE TOLEDO WEEKLY BLADE is the best and most popular weekly newspaper published in this country. It has the largest circulation of any weekly newspaper, and goes to every state, territory and nearly every county of the Union. Only one dollar a year, including the above mentioned book free. Send postal to THE BLADE, Toledo, Ohio, for a free specimen copy of the paper. Send the addresses of your friends also.

# A Communication.

Prescott, Nov. 29, 1893,

Some of the republicans of this town manifested considerable enthusiasm and triumph by rejoicing over what they claimed to be a grand victory, which victory may next fall, turn to be a sore defeat. Notwithstanding their technicality in organizing an organization, known as the American Protective Association, here, which organization was simply organized in this county and elsewhere by the republicans for a political purpose, aiming with a view to defeat the democratic candidate who were suspected and, surmised to be Catholics, with the cry: Let us protect our little red school house. There is no call or necessity of this in this great and grand America. There is no reason why religion should be carried into politics. Such recourse merely has a tendency to create bitter feelings between friends and neighbors and poison the social life of a village, town or city.

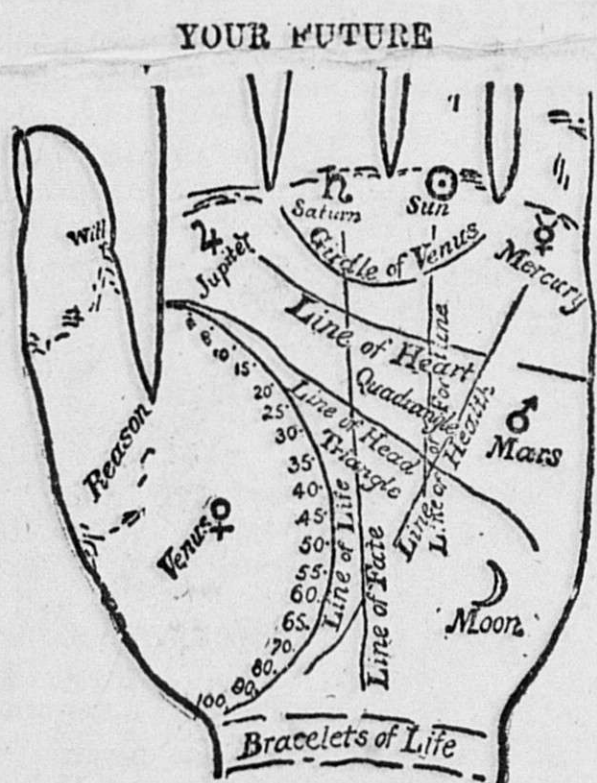

Why should men because they differ in belief and opinion be agitated to irritate their fellow citizens and neighbors and battle against them for the principles that they hold dear?

The pious church member and class leader, who recently at a meeting intimated the advisability of securing an outside speaker to address an A. P. A. meeting, in order to induce new members to join and enlarge the membership.

Let friends be politicians, Christians and neighbors, without quoting and repeating what the distinguished revivalist quoted in Detroit, namely: "There are good democrats and bad democrats, and there are good republicans and bad republicans. But the good democrats are few, and the bad republicans are few." When the bitterness animating politics will be withdrawn and as soon as the campaign is over and the political pot ceases to boil that neighbors meet in friendship and not in anger. How much better it will be for the country, socially, morally and politically?

It is stated that the constitution of the A. P. A. association is so inoffensive as any other organization to true American citizens, but the fact is anything that tends to deprive a candidate of the office to which he has eligibility must be offensive.

Yours Respectfully,  
A. PROTESTANT.

Palmyra assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is interested. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF EATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH pares your doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLE OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 22 inches, "I'm a Daisy!" which is almost a real baby, and equal to the original oil painting which cost \$250; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the joys, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, for cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$25.00 in value. Address the Publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the Magazine, send for a specimen copy. A large QUADRANGLE means honesty; a large TRIANGLE, generosity; long FIRST DIVISION, C. T. TIME, strong will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.

Enterprising Young Man: True & Co. instructed and started me. I worked steadily and made money faster than I expected. I became able to buy an island and build a small summer hotel. I'll don't succeed at that. I will go to work again at the business in which I made my money. True & Co. shall instruct and start you, reader! If we do, and if you work industriously, you will in the time be able to buy an island and build a hotel. If you wish to. Money can be earned at our new line of work, rapidly and honorably, by those of either sex, young or old, and in their own localities, wherever they live. Any one can do the work. Easy to learn. We furnish everything. No risk. You can devote your spare moments, or all your time to the work. This entirely new line brings wonderful success to every worker. Beginners are earning from \$25 to \$50 per week and upwards, and more after a little experience. We can furnish you the employment—we teach you. FREE. This is an age of marvelous things, and here is another great, useful, wealth-giving wonder. Great gains will reward every industrious worker. Wherever you are, and whatever you are doing, you want to know about this wonderful work alone. Doing means much money lost to you. No space to explain here, but if you will write to us, we will make all plain to you. FREE. Address, TRUE & CO., Box 400, Saginaw, Mich.
