M. Murphy has ten ton of first-class bailed hay for sale.

School opened again Monday after a two weeks holiday vacation.

Carl Winter, of Oscoda, was in the village on business Wednesday.

Born, to the wife of Peter Pfeiffer, of this village, on Wednesday last, a son.

Miss Edyth Walker returned Saturday from a visit with relatives in Cheboygan.

Miss Alice Hanlon, of Prescott, visited friends in this village a few days last week.

The elegant skating on the bay this week has been much enjoyed by large crowds.

Mrs. Charles Rhodes returned Sunday morning from an extended visit in southern Michigan.

The D. B. C. & A. R. R. now have round trip tickets on sale between all points on its line.

Miss Jennie Conover took her departure Wednesday for an extended visit relatives in Clinton county.

Henry Funk, superintendent for C. H. Prescott & Sons, is rushing in a fine lot of logs by the use of ice roads.

J. H. Watson returned Tuesday from a three months southern trip. He looks very much as if the south agreed with him,

Mrs. K. Monroe cut her right hand quite seriously, Sunday, by the breaking of a lamp chimney which she was cleaning.

"The Tawas Bay" is the latest 10 cent cigar on the market. It is manufactured by Henry Pfeiffer, of this village, and is a dandy. Try it.

President Cleveland on Tuesday appointed Chas. R. Henry to be postmaster at Au Sable, and James McNamaria as postmaster at Alpena.

Mrs. Mary McFadden, of West Branch, visited Mrs. C. Johnson, of this village, a couple of days this week. From here she went to Alabaster to visit relatives.

The union meetings during the past week have been well attended and much interest has been manifested. They will be continued during the coming week.

The person who removed the pair of skates, belonging to Miss Helen Jahraus, from the postoffice on Tuesday last, can save trouble by returning them at once.

FOR SALE CHEAP—and on easy terms, the south half of section 16-22-6, Grant township. First class farming lands and good location. Apply to M. Murphy, Tawas City.

The Chicago Weekly Times is the greatest weekly paper in the west. We will send it one year free of charge to every person paying for the HERALD one year in advance.

The railroad boys received their pay for the months of September and November, Wednesday. The company have now paid all wages up to December, and it is reported that those will be paid about the 20th.

The continual succession of boils, pimples, and eruptions from which many suffer, indicates an impure state of the blood. The most effective remedy is Ayer's Sarsaparilla. It expels the poison harmlessly through the natural channels, and leaves the skin clean and clear.

Sunday morning about 8 o'clock the residence of John Green, near the depot, was discovered to be on fire. The bell of the Lutheran church and the fire bell soon brought out a goodly number of citizens who lost no time in getting the fire engine and hose cart to the scene, and by good work they succeeded in extinguishing the fire before the entire building was destroyed. Mr. Green saved all his household goods. The fire is supposed to have started from a spark from the stove. One hundred and fifty dollars will probably cover the loss.

Percy Hackett, of Alpena, was in town yesterday.

We will send you The Chicago Weekly Times and The HERALD a year, for only \$1.50 in advance.

The young people of East Tawas, will hold a social dancing party at the Holland this evening. A very enjoyable time is anticipated.

Knot sawyers have been playing in hard luck at the shingle mill this week. Monday afternoon Jude Webster allowed his thumb to come in contact with the saw cutting it quite badly. Tuesday morning George Henderson was hit in the eye by a piece flying from the saw. While neither are seriously injured, both will be laid up for a week or ten days.

The Western Plaster Works are doing quite business in the real estate line. They have recently sold seven 40-acre farms on sections 10, 21 and 7, between this village and Alabaster. They have nine more forties on the same sections which they will sell on long time and easy terms. Those looking for a good farm will do well to look these over as the location is good and the soil excellent.

We have received a copy of the greatest home song ever published in this country. The privilege of publishing in America alone cost \$2,000 in gold. It is a song that will reach the heart of every christian in the land. The melody is perfectly beautiful and can be played on piano or organ. It can be obtained by addressing the publisher, F. W. Helmick, 265. Sixth avenue, New York. Price 70 cents.

Iosco Co. Agricultural Society.

The annual meeting of the Agricultural Society was held at the court house on Monday last. It was well attended and it was remarked by members present that the gathering was a very successful one, as far as showing a spirit of harmony and a desire for progress.

The following officers were elected, each to succeed himself:

President—John Sullivan.  
 Secretary—J. M. Waterbury.  
 Treasurer—A. F. Zeiter.  
 Directors—Geo. Anschutz, Thos. Curry, John Preston, John Stockmen, and Wm. Chase.

The report of the Secretary showed the indebtedness of the society reduced, all premiums paid and the grounds improved the past year by the erection of a dwelling house.

It was voted to hold a three days fair, all entries to be made and all exhibits to be in place by noon of the second day. It was the sense of the meeting that Iosco county should make an exhibit as a county at the coming State Fair. The matter was placed in the hands of the board of directors, who will appoint a committee to solicit exhibits and have charge of the matter.

Judging from the spirit of improvement and the interest manifest the next annual fair will be the most successful yet given by the vicinity.

**Gentlemen of the Jury.**

HON. W. L. WILSON made one of the most able tariff speeches ever listened to in the hall of Congress, last Monday, in opening the debate on the Wilson tariff bill.

THE republican conventions in Michigan this year, promises to be a battle of millions. Alger, McMillan, Palmer and Pingree are the candidates for governor and U. S. senator. An interesting quartette.

WHEN one compares Julius Caesar Burrows' so called defense of the McKinley bill, to the masterly arguments of William L. Wilson, in favor of a revision of the tariff, all doubts of what is the best for the country are removed.

THE eloquent Julius Caesar Burrows, has the gall to state that the McKinley bill never closed a factory or shut down a mine. Evidently he thinks the people of these United States are fools. No other cause could possibly be assigned for such a thin assertion.

MICHIGAN drew the following appointments Monday: Prof. J. M. B. Sill, minister to Corea; Hon. H. H. Wheeler, pension agent at Detroit; John B. Molony, collector of customs at Detroit, and Simon C. Karrer, appraiser of the port of Detroit. All are excellent men and worthy of the trust conferred.

THE problem for 1894 is how to circulate the money now piled up in the banks of the country so that the general public will get the benefit of the circulation. Eighty millions over the legal reserve in New York national banks is a good condition for the solvency of the banks, but a bad condition for the business of the country. For the business interests demand that money should be active, not idle, and this large amount in New York banks shows that all over the country an immense amount is idle.—Nashville American.

FISHER AND FREE WOOL.

Spencer O. Fisher, the ex-congressman, and who will be ex-governor some day, is the owner of a very extensive sheep ranch in one of the western states, and as one of the largest wool growers in the United States he was recently written to by one of the "calamity howlers" who are trying to defeat tariff reform, urging him to help to defeat the Wilson bill. Mr. Fisher replied as follows:

"Dear Sirs: Yours of the 27th at hand. I have also noticed your name in connection with petitions to congress, asking it not to disturb the wool duties. Now I am a grower of wool, and I will petition congress to put it on the free list, and the quicker the better, as the wool will be enhanced in value by so doing. As for shipping you the wool, I do not wish to do so, neither do I want any advance upon it. I am not scared by this bugaboo of free wool, and I trust and hope and also believe that congress will take the sensible view of it they have already

started out to do, and put it on the free list, where it belongs, and let you growers who do not grow wool, see that you are wrong in your theories. I should be glad to receive your circulars if you see fit to send them, but do not attempt to scare me with a bugaboo."

Crop Report.

The Secretary of State has issued the following crop report, dated January 9, 1894.

The ground throughout the state was covered with snow on the 30th of November, the average depth in the southern and central counties being about two inches. The snow remained furnishing good protection to the wheat plant until about the 25th of December. Since that date the ground in the southern counties has been bare most of the time. The average depth in these counties December 15, was nearly 4 1/2 inches, but on the 31st it was less than 1/2 inch. The average temperature at Lansing the last week of the month was 30 degrees, the maximum temperature 53 degrees on the 25th, and the minimum 10 degrees on the 31st. Correspondents' reports show that wheat has been injured but slightly, if at all.

The total number of bushels of wheat reported marketed by farmers in December is 1,540,664, and in the five months August-December, 7,899,035, which is 212,580 bushels less than reported marketed in the same months last year.

The average price of wheat January 1, 1894, at the usual places of marketing by farmers was 55 cents per bushel, of corn 43 cents, and of oats 31 cents, and the average price of hay was \$8.34 per ton.

The average price of fat cattle was \$3.10 per cwt., of fat hogs \$4.71 per cwt., and of dressed pork \$6.08 per cwt.

The average price of each class of horses was as follows: Under one year old, \$22.87; between one and two years old, \$35.68; between two and three years old, \$52.65; three years old and over, \$75.83.

Milch cows were worth \$29.73 per head. Cattle other than milch cows under one year old, were worth, per head, \$7.40; between one and two years old, \$13.14; between two and three, \$20.38; and three years old and over, \$27.75.

The average price of sheep under one year old was \$1.70, and one year old and over, \$2.16; and hogs under one year old were worth \$5.26 and one year old and over, \$10.19.

The prices here given are for the State. For each class of horses and for sheep they are higher, and for milch cows, each class of cattle other than milch cows, and hogs, lower than the prices ruling in the southern four tiers of counties. The difference either way, however, is in no case large.

Compared with January 1, 1893, there has been a decline in the prices of all farm products named in this report, excepting hay and milch cows. Hay averages a few cents a ton, and cows one dollar and fifty cents per head, more now than one year ago.

The loss on wheat is 11 cents; on corn 4 cents; and on oats 3 cents per bushel.

The decline on fat cattle is 11 cents; fat hogs, 88 cents; and dressed pork, \$1.21 per cwt.

The several classes of horses have declined in value as follows: Under one year old, \$5.99; between one and two years old, \$9.92; between two and three years old, \$14.15; and three years old and over, \$16.08.

Sheep under two years old have declined 94 cents per head, and those one year old and over, \$1.28 per head.

Hogs under one year old average 24 cents less, and those one year old and over, 59 cents less, than one year ago.

The decline in the value of cattle other than milch cows is slight.

A Racking Cough

Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:

"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair,

and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

WITHOUT THE

BOW (RING)

it is easy to steal or ring watches from the pocket. The thief gets the watch in one hand, the chain in the other and gives a short, quick jerk—the ring slips off the watch stem, and away goes the watch, leaving the victim only the chain.

This idea stopped that little game:

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

**BUSINESS IMPROVING.**

**The D. B. C. & A. Railroad Getting into Business Manners.**

Since the D. B. C. & A. railroad passed into the hands of a receiver, a practical business man, who appointed good experienced men to handle the various departments, the road has showed an increase in the business and consequently in the earnings. A statement comes from General Passenger and Ticket Agent Winnett that he expects the road will soon be on a paying basis. There is a probability that the road may be extended to Bay City. It is understood that the stockholders have decided that it is the only salvation of the road, as they are now giving the Central about all there is in it. This with the proposed extension to the north, which at present is a little premature, would give the road a through business which would be a severe cut on their enemy, the Central. The route would be much shorter and cheaper from the Straits through and then better rates could be given to all points. The Central have certainly shown their bristles very distinctly in all dealings with the D. B. C. & A. road and the exorbitant rates charged for freight here is caused mainly by them. Mr. Winnett is showing the hand of experience in his work and has put in a new freight tariff and a new schedule of round trip passenger rates, something entirely new on this line. This schedule should have went into effect to-day, but a mistake in ticket has delayed the needed change. A new rule which is also in effect now provides for charge of \$1.00 per day for cars not unloaded within forty-eight hours after being received. Heretofore freight has been left in cars until those to whom it was shipped saw fit to remove it, and the company in the meantime was paying rental of the car. All these little details go to make up a grand total at the end of the year, and are worth looking after. The road seems to be conducted now on business principles and will be a winner.—Alpena Echo.

**OUR WATER WAYS.**

The public is no longer apathetic concerning the extension and wider use of inland waterways. The steadily increasing demand for cheap rates has led shippers to increase the volume of water traffic, and the liberal policy which congress has pursued in the improvement of natural water routes has made possible the rapid growth of this inland commerce. The statistics of the traffic on our more important natural waterways show this in a striking way. During the census year, 1889, the Ohio River above Cincinnati, including its branches, had a fleet of 5,214 boats and barges, by means of which 10,744,063 tons of freight, mostly coal, were carried. The ton mileage of this freight was over two billion ton miles, or two and seven-tenths per cent of the ton mileage of the rail traffic of the entire United States during the year ending 1890. The freight on the rivers of the Mississippi Valley in 1890 was placed at 31,050,058 tons. This is about five per cent of the tonnage of the railroads for the same year, and is probably less than the amount actually transported. The freight traffic on the Hudson River, during the same year, was 15,000,000 tons, or, including the 3,500,000 tons that it received from the State canals of New York and floated to tidewaters, 18,500,000 tons—a sum nearly equal to three per cent of the

total rail freight. The Great Lakes are, of course, not only our greatest waterway, but the most important inland highway of commerce in the world. The traffic is enormous. During the year ending June 30, 1892, 10,107,603 tons of freight passed St. Mary's lock, between Lake Superior and Lake Huron, en route for such distant ports as Chicago, Cleveland, Buffalo and Liverpool. The tonnage of the Great Lakes is equal to ten per cent of that carried by all our railroads, while the ton mileage of this lake freight is fully twenty-five per cent of that of all the railroads.—Inventive Age.

is an arbitrary word used to designate the only bow (ring) which cannot be pulled off the watch.

Here's the idea The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off. It positively prevents the loss of the watch by theft, and avoids injury to it from dropping. IT CAN ONLY BE HAD with Jas. Boss Filled or other watch cases bearing this trade mark.

IS IN YOUR OWN HAND. Palmistry assumes to tell what the lines in your hand indicate. It will amuse you, if nothing more. The above diagram almost explains itself. The length of the LINE OF LIFE indicates probable age to which you will live. Each BRACELET gives you thirty years. Well-marked LINE OF HEAD denotes brain power; clear LINE OF FORTUNE, fame or riches. Both combined mean success in life; but you must keep up with modern ideas to win it. You will find plenty of these in Demorest's Family Magazine, so attractively presented that every member of the family is entertained. It is a dozen magazines in one. A CLEAR LINE OF HEART bespeaks tenderness; a straight LINE OF FATE, peaceful life; the reverse if crooked. A well-defined LINE OF HEALTH spurs you doctors' bills; so will the health hints in Demorest's. No other magazine publishes so many stories to interest the home circle. You will be subject to extremes of high spirits or despondency if you have the GIRDLING OF VENUS well marked; keep up your spirits by having Demorest's Magazine to read. By subscribing to it for 1894 you will receive a gallery of exquisite works of art of great value, besides the superb premium picture, 17x22 inches, "I'm a Daisy," which is almost a real baby, and equal to the original oil painting which cost \$30; and you will have a magazine that cannot be equaled by any in the world for its beautiful illustrations and subject matter, that will keep you posted on all the topics of the day, and all the fads, and different items of interest about the household, besides furnishing interesting reading matter, both grave and gay, for the whole family; and while Demorest's is not a fashion magazine, its fashion pages are perfect, and you get with it, free of cost, all the patterns you wish to use during the year, and in any size you choose. Send in your subscription at once, only \$2.00, and you will really get over \$25.00 in value. Address the publisher, W. Jennings Demorest, 15 East 14th St., New York. If you are unacquainted with the RANGE, means honesty; a large TRIANGLE, generosity; long FIRST DIVISION OF THUMB, strong will; LONG SECOND DIVISION, reasoning faculty. The MOUNT OF JUPITER betokens ambition; that of SATURN, prudence; the SUN, love of splendor; MARS, courage; MOON, imagination; VENUS, love of pleasure; and MERCURY, intelligence. Take our advice as above and you will be sure to possess the last and most valuable quality.

# NEIGHBORING NEWS.

From Our Special Correspondents and Clippings from our Exchanges.

## ALABASTER.

Mr. B. L. Smith, of Bay City, is in town.

Mr. Taggart has returned from a visit to Saginaw.

Roy, the son of Mr. and Mrs. Frank Barnes, has been quite ill the past week.

The young folks of this village are enjoying the skating, before the ice goes out in the lake.

It might be well for the young men, who have been following some of the young ladies home evenings, to be just a little careful.

## PRESCOTT.

All the people who were on the sick list here lately are now convalescent.

Mr. and Mrs. Archie McMillan spent the holidays in Bay City, with relatives and friends.

Miss Nellie Wilkinson has recently been at Tawas visiting her brother and other relatives.

W. H. Cliff went to Lapeer in response to a telegram received announcing the serious illness of his mother.

Messrs. McCassey and Knight are lumbering in Aranac county near the county line between Aranac and Iosco counties.

Mr. and Mrs. David Davison, of the Prescott farm, spent the holidays in Paisley, Ont., with relatives and old acquaintances.

Duncan B. McMillan, late of Tomahawk, Wis., has lately come home to Bay City, after an absence of two years. He is now visiting relatives and friends here.

Gilbert Thompson and his sister, Miss Jennie, have returned from Sanilac county, where they have been the past two weeks visiting their father who is has been seriously ill with la gripe. Geo., his brother, was in charge of the business during his absence.

On December the 27th the old Keystone farm house, the homestead of Mr. and Mrs. Edwin Fry, was the scene of the happiest event it has ever been the lot of any one that was present to witness. It was on the occasion of the marriage of Mr. and Mrs. Fry's two daughters, Eunice the eldest daughter, to Mr. Robert Ross Thompson, of Prescott; and Celia their second daughter to Mr. John T. Cann, of Manistique. At an early hour in the morning the friends and relatives of the contracting parties began to gather and before eleven the number had swollen to nearly one hundred including many friends from Canada, to witness the double wedding. The ceremony was performed by the Rev. S. Crandell, of Maple Ridge, and certainly on this occasion he was in one of his happiest moods. The presents were numerous and costly. The knots being tied the assemblage betook themselves to the spacious dining halls, where the tables were growing with every thing that heart could wish and were arranged with an epicurean taste that would be hard to surpass, even by professionals. The afternoon and evening was spent in a gala manner, the entertainments consisting of music, singing, drives, games and tripping the light fantastic toe. At an early hour the friends began to disperse, each and every one expressing a regret of having to part. On the next morning both couples left for their respective homes. Mr. and Mrs. Thompson to their farm near Prescott village and Mr. and Mrs. Cann to their home in the woods near Manistique. They all take with them the best wishes of this entire neighborhood.

## FROM OUR EXCHANGES.

Bay City is experimenting a big religious reward. Rev. Dr. Munhall is conducting it.

There were 705 cases of diphtheria in Bay City during 1893, of which 100 resulted fatally.

Ex-Senator Fridlander, of Oscoda, has opened a law and real estate office at Lanes, Presque Isle county.

John Hunter, formerly a resident of Au Sable, died at his home in Sanilac county last week, aged 72 years.

With but little care and no trouble, the beard and mustache can be kept a uniform brown or black color by using Backingham's Dye for the Whiskers.

Sanilac Center Presbyterians recently dedicated their new \$3,000 brick and stone church, and have it all paid for except \$300.

Chas. Stuck Sr., and old resident of AuSable, died at his home in that city last Thursday. He was a member of John Earl Post G. A. R.

Dan'l McRae, engineer of the transfer steamer St. Ignace, committed suicide, by shooting himself in the breast last Monday. Whisky was the cause.

Sanilac county has another postoffice located in Wheatland township, and known as Chevingston. Peter Fair has the honor of being the first postmaster.

Louis H. Dove has been bound over to the Circuit Court on the charge of perjury. He married a child aged 13 last June, swearing that she was more than 16 years old when he got his marriage license.—Alpena Review.

Provide yourself with a bottle of Ayer's Cherry Pectoral, and so have the means at hand for contending successfully with a sudden cold. As an emergency medicine, it has no equal, and leading physicians everywhere recommend it.

The United States inspectors for the Huron district, after reviewing the evidence taken regarding the Albany Philadelphia collision off Point Aux Barques, on November 8, have given a decision, holding the officers of both boats blameless. The collision was caused by a heavy fog, and was unavoidable under the circumstances.—Alpena Echo.

The meanest kind of a swindler is now operating in the rural districts of Michigan. This individual works the old scheme of enlarging pictures, but as he only asks for an advance payment of twenty-five cents; and offers to have the work completed at an absurdly low price, his victims are numerous. In this way he secures family pictures, entirely worthless to himself, but precious to the owners, which the scamp distroys before visiting another locality.

The Northwestern Accident Association, which was organized in this city about two years ago and which was afterwards removed to Detroit, has gone out of business. The policyholders have been re-insured in the Star Association of Chicago. The gentlemen who were at the head of the enterprise while in this city lost from \$500 to \$1,000 each, and those who took hold of the business after it was removed to Detroit also claim to have lost.—Alpena Pioneer.

Mr. C. L. Whitney, mail clerk on the D. B. C. & A. railroad has a record for seventeen months that is little short of remarkable and is an enviable record to say the least. In the seventeen months he made seventeen mistakes and in nine of the months he had a clear record. Mr. Whitney is a hard worker and puts in time every day at his case and expects to make even a better record than this during the next seventeen months.—Alpena Echo.

The following from Monday's Bay City Times-Press, is a nice recommend for the police department of that city: One of the boldest robberies ever committed in this neck of woods was discovered by Michael Kinney this morning when he opened his hardware store on Washington avenue. He found that some person with no fear of the Bay City police in his heart had broken a hole in one of the front plate glass windows, and then by means of a half barrel hoop, pull out five or six pairs of skates, valued at about \$8. A common stick was first used. There is no clue.

There has been quite a little discussion in the Oscoda council as to whether Au-Sable fire companies ought to be paid by Oscoda when they come over here to assist at a fire, and whether the Oscoda firemen ought to be paid when they go to Au Sable fires. There seems to be some doubt as to what custom has prevailed in the past between the two towns in regard to the matter. Oscoda paid the Au Sable fireman for attending the late opera house fire; but there seems to be a feeling among the Oscoda councilmen that hereafter each place should pay its own firemen, even when they go into the other town.—Press.

Yesterday a train coming down the A. & N. railroad came around a curve suddenly and a short distance ahead was a sleigh loaded with ties standing across the track. The train was moving at

about 30 miles per hour and had a train of loaded cars. A second's time was all there was to figure on what there was to do and the engine was reversed and the engineer and brakeman jumped out. The engine struck the load and the ties and sleighs went in all directions. The farmer had heard the train coming in time to get his team off. Fortunately the engine stuck to the track. Had it went off it most surely would have rolled down an embankment and serious results would have followed.—Alpena Echo.

## Council Proceedings.

(OFFICIAL.)

Regular meeting of village council held at village hall, Monday eve. Jan. 8, 1894. Meeting called to order by Pres. Bennett who ordered the roll called.

Roll call. Present—Kelly, Nisbet, Biglow, Curry. Absent—Gale, Watson.

Minutes of Dec. meetings read and on motion of Kelly supported by Nisbet they were approved as read.

The following bills were presented and referred to committee on claims and taxes:

Kenneth Monroe, marshal's salary \$50 00  
M. McGeary, draying to date 2 25  
W. B. Kelly, express 5 50  
J. McCollum, special work at fire 1 50  
W. H. Kennedy, work on snow plow and fire engine 4 00

Committee reported favorable and recommended payment of all bills as presented.

On motion of Curry supported by Kelly the report and recommendation was accepted and adopted, and the clerk instructed to draw orders for same.

At this time Gale came in and took his seat.

The village marshal reported that he and the health officer had investigated the reported nuisance on German Evangelical Emanuel Lutheran church school lot and had found and declared it to be a nuisance, and ordered it removed, but said order had not been obeyed.

On motion of Kelly supported by Nisbet the report was accepted and ordered to be recorded.

Moved by Kelly supported by Biglow that the village tax roll warrant be extended from the 18th of January 1894 to the 12th of February 1894. Carried, all voting yes.

On motion of Kelly supported by Gale council adjourned.

L. I. HALSEY, Clerk.

# BALD HEADS

What is the condition of yours? Is your hair dry, harsh, brittle? Does it split at the ends? Has it a lifeless appearance? Does it fall out when combed or brushed? Is it full of dandruff? Does your scalp itch? Is it dry or in a heated condition? If these are some of your symptoms be warned in time or you will become bald.

## SKOOKUM ROOT HAIR GROWER

Is what you need. Its production is not an accident, but the result of scientific research. Knowledge of the diseases of the hair on the scalp led to the discovery of how to treat them. "Skookum" contains neither minerals nor oils. It is not a D. D., but a delightfully cooling and refreshing tonic. By stimulating the follicles, it stops falling hair, cures dandruff, and grows hair on bald heads. Keep the scalp clean, healthy and free from irritating eruptions, by the use of Skookum Skin Soap. It destroys parasitic insects, which feed on and destroy the hair.  
If your druggist cannot supply you, send direct to us, and we will forward prepaid, on receipt of price. Grower, \$1.00 per bottle; 6 for \$5.00. Soap, 3c. per jar; 6 for \$2.50.

Enterprising Young Man: True & Co. instructed and started me. I worked steadily and made money faster than I expected to. I became able to buy an island and build a small summer hotel. If you don't see out that I will be true again at the business in which I made my money.  
True & Co.: Shall instruct and start you, reader! If you do, and if you work industriously, you will in due time be able to buy an island and build a hotel. If you wish to, money can be earned at our new line of work, rapidly and honorably, by those of either sex, young or old, and in their own localities, wherever they live. Any one can do the work. Easy to learn. We furnish everything. No risk. You can devote your spare moments, or all your time to the work. This entirely new line brings wonderful success to every worker. Beginners are earning from \$25 to \$50 per week and upwards, and more after a little experience. We can furnish you the employment—we teach you. FREE. This is an age of marvelous things, and here is another great, useful, wealth-giving wonder. Great gains will reward every industrious worker. Wherever you are, and whatever you are doing, you want to know about this wonderful work at once. Delay means much money lost to you. No space to explain here, but if you will write to us we will make all plain to you. FREE. Address,
