ed to their home in Alpena Monday.

County Clerk Jahraus was in Detroit
a few days during the past week on
business.

Will McMillen, and Mrs. Smith left
for their homes in Duluth last Monday
evening.

Miss Maggie Ferguson, of West Bay
City, is the guest of Miss Nellie Ham-
ilton of this village.

the dance at Alabaster Tuesday night
and report a good time.

New subscribers can secure the
HERALD for \$1.00, if they send in their
subscriptions before March 1, next.

Two loads of the young people of this
village enjoyed a sleigh ride to the Cur-
ry farm on the Hemlock road last Friday
evening.

Miss Ella Curry, who has been visit-
ing relatives and friends here for the
past week, returns to her home in
Saginaw today.

The case of Hoffman vs. Loud was
tried in the circuit court this week, and
the plaintiff was given damages to the
amount of \$1,000.

Henry Funk, superintendent for C. H.
Prescott & Sons, broke camp on Silver
creek Monday. He has put in about
600,000 feet of logs this season.

Last Monday evening as Joseph Doby
was starting for home, his horse became
frightened and ran away throwing Mr.
Doby out and dislocating his shoulder
and wrecking the buggy.

We take this occasion to remind a
number of delinquent subscribers that
they have not complied with our request
to settle their accounts before March 1,
and that we shall expect them to do so
during the next week.

A gentleman named M. J. Huntly, of
Lake View, has been in town this week
looking for a location for a laundry and
candy store. If he succeeds in securing
a suitable building he will undoubtedly
locate here, and we can bespeak for him
a liberal patronage.

Herbert Spencer, Rudyard Kipling,
Robert Louis Stevenson, A. Conan Doyle
and Octave Thanet will all contribute
to the March McClure's Magazine, mak-
ing the number one of the most dis-
tinguished in its list of contributors ever
issued by any magazine.

A newspaper whose columns over-
flow with advertisements of business men
has more influence in attracting atten-
tion to and building up a city or town
than any other agency that can be
employed. People will go where there
is business. Capital and labor will
locate where there is an enterprising
community. No power is so strong to
build up a town as a newspaper properly
patronized. It will always return more
than it receives.

People troubled with sick and nerv-
ous headaches will find a most efficacious
remedy in Ayer's Cathartic pills. They
strengthen the stomach, stimulate the
liver, restore healthy action to the
digestive organs, and thus afford speedy
and permanent relief.

No honest man ever howls when he
is presented with a just bill. He either
pays it or makes provision for an early
settlement. He knows that the man
who extends credit to him does him a
favor. Deadbeats and tricksters are
the ones who set up a howl when the
collector comes.

Joseph W. Miner, representing the
Miner & Son shoe house of Springfield,
Ohio, was in the village a few days this
week, taking orders for goods and call-
ing on his many friends. We had the
pleasure of looking over his samples
which is beyond doubt the finest line of
ladies shoes on the market, both in qual-
ity and style.

Thirteen years ago this month the first
society of Christian Endeavor was organ-
ized at Portland, Maine. During that
time the organization has found its way
into nearly ever Evangelical Denomina-
tion, and Missionary Field, and is now
almost world-wide in its influence. The
anniversary will be observed at the Cong'l
church Sunday evening. A cordial in-
vitation is extended to all.

Last Tuesday evening Miss Vina Curry
gave a very enjoyable "razel dazzel"
party in honor of her cousin, Miss Ella
Curry, of Saginaw. About thirty of the
young people of the village participated,
and a most enjoyable time was had. The
early part of the evening was devoted to
various games arranged on the "pro-
gressive" plan. An elegant lunch was
served to which all did ample justice.
The balance of the evening was devoted
to instrumental and vocal music. All
who were present went home voling it
one of the most enjoyable events of the
season.

Was a woman ever known to blow out
the gas, or be buncoed by a man who
wanted to borrow money to pay a freight
bill? Does she ever get her pocket
picked, or lose her money on a little
"game"? If she has a roll of money
with her, does she ever flash it out
when she wants to buy a cake of
chewing gum? Isn't it a fact that she
is wiser with money when she is trav-
eling than the men and more to be
trusted? Instead of a woman haying
a man along to "protect" her, the daily
papers prove that every man who goes
away from home should have a woman
to act as a guardian and keep him from
making a bigger fool of himself than
he naturally is.—Ex.

Thos. Bradley's team caused consider-
able excitement, Tuesday afternoon by

running a way. They started at Dar-
ling's drug store and run on to the W. S.
& L. Co. dock where they turned around
and ran back to the mill where they be-
came tangled up in the tramway and
were captured. The damage done was
slight.

We are reminded of the various uses
to which Aluminum can be put by the
receipt of a neat lead pencil made of
that metal from the manufacturers of
"Garland" stoves and ranges. The
souvenir is three-cornered, fitting the
hand nicely, and being as light as hard-
wood and as strong as steel is a very ac-
ceptable article.

The case of the people vs. Dr. Wier,
charged with seduction was noote pross-
ed in the circuit court at AuSable this
week. The docter effected a settlement
with the girl preferring the charges, and
consequently Prosecuting Attorney Con-
nine thought it advisable not to put the
county to any further costs in the case
which under the circumstances would
undoubtedly result in the acquittal of the
accused.

Itching of the skin about the face and
neck of horses may be remedied by the
use of decoction of tobacco. It may be
applied by sponging. A decoction can
be made of one pound of tobacco to each
three gallons of water. Attention should
also be given to surrounding objects,
such as manger, posts, etc., against
which the horse has been rubbing;
curry-comb and brush should not be
used on other horses, without first being
soaked in the decoction.—Prairie Farmer

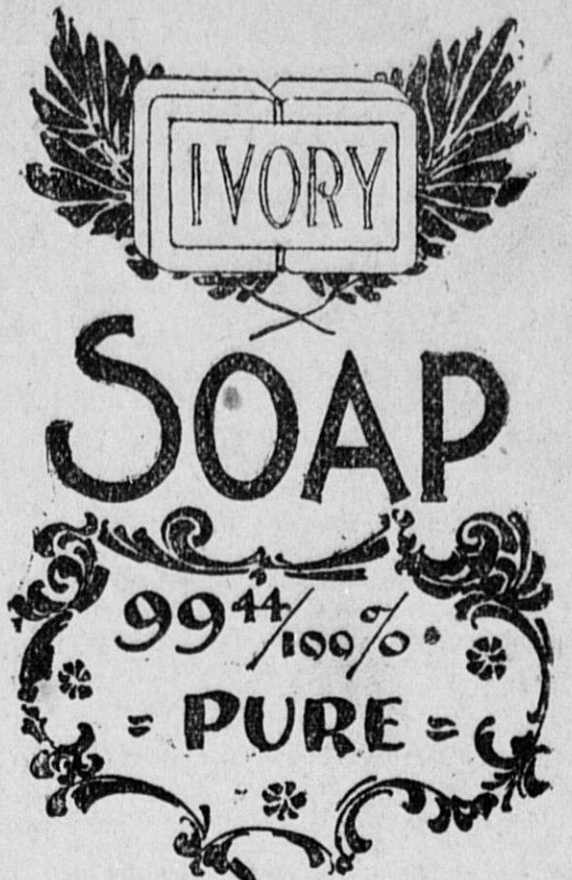

Perhaps never in the history of mod-
ern journalism has any newspaper gained
so rapidly in public favor as the
Chicago Inter Ocean. Within the past
two years it has, by adopting progressive
methods, and injecting push and
enterprise in all its departments
forced itself into the very front rank
of great Chicago newspapers. That
this popularity is deserved is beyond
question. The publisher during this
time, Mr. H. H. Kohlsaat, has spared
neither expecne nor effort to attain his
ideal—and he has succeeded. Un-
compromisingly Republican "on all
National issue, The Inter Ocean does
battle for what it believes to be the true
faith in a manner that at once com-
mands the attention of the public and
respects of all. It can be recommended
to those who desire a clean, reliable,
enterprising metropolitan family news-
paper.

THE State supreme court has sus-
tained the barbers Sunday closing
law.

THE Senate will probably get to
work in earnest on the Wilson tar-
iff bill next week.

By his pig-headness Dave Hill

ment of a Justice of the U. S. Su-
preme court.

shall for the eastern district of

Gov RICH has issued an order
removing Sec'y of State Jochim,
Treasurer Hambetzer, and Com-
missioner Berry, but as yet has not
named their successors.

THE Supreme court has decided
the "jag cure" law to be unconsti-
tutional. This was undoubtedly
the biggest piece of fool legislation
passed by the late \$-buck legisla-
ture.

MCKINLEY says that the republi-
can party was hurled from power

LAST Monday the President nam-
ed Senator Edward D. White, of
Louisiana to be Associate Justice
of the United States Supreme Court,
and the nomination was immedi-
ately confirmed by the Senate. Justice
White is one of the ablest lawyers
in the U. S. Senate, and his ap-
pointment gives universal satisfac-
tion.

WHILE Gen. Harrison is lectur-
ing on the subject of law it would
not be amiss for some wide-awake
student to ask him for the authori-
ties which permit the taxing of one
man's property to build up another
man's business. It would be inter-
esting to learn how Harrison as a
professor of law jibs with Harrison
as a professional politician.—Free
Press.

Cannot Serve on Election Boards.

The new election law prohibits
persons who are candidates to be
voted for at any election, from
serving on election boards at that
election. Usually the boards in
the various townships at spring
elections, consist mainly of persons
who are candidates for some of the
various offices, and a timely con-
sideration of the new law is espe-
cially commended to persons inter-
ested, that when election day comes
the construction of the returning
board need not be made in undue
haste.

THE DEPRESSION.

Never before was so much, or so
careful study given to the causes of
industrial depression as now. The
best minds are delving into the sub-
ject, and some are on the right
track. In every European country
the belief is growing that the war
silver is one potent cause. The
depression is world-wide, is not
caused by scarcity of anything ex-

cept employment and the inability
of the masses to buy what they need,
and the financiers are getting anx-
ious about the speedy investment
of capital. Manufacturers see that
there was a large overproduction of
goods by machinery. The rate of
interest is as low as one per cent on
call loans in New York. Mills and
factories are starting up, however,
and orders are increasing for cloth-
ing, hosiery, dry goods, boots and
shoes, iron and steel, etc., indicating
a better feeling in manufacturing
and merchantile circles.

With the opening of spring quite
an improvement in general business
is expected; but governmental ex-
penses are so large the world over
that good times, such as have been
known in the past, are out of the
question. The people are obliged
to take care of themselves and
their governments, and the heavier
the burdens of the latter the harder
must it be for them.—Jackson
Patriot.

LABOR REPORT.

The main feature of the forth-
coming report of the Michigan La-
bor Bureau consists of an inquiry in-
to the condition of the railroad men
in the State. The agents of this Bu-
reau have personally interviewed
over ten thousand individuals be-
sides making an exhaustive inquiry
by means of the books and records
of the several railroad corporations.
There are twenty-seven thousand,
nine hundred and fifty six men em-
ployed by the railroads in Michigan.
They are classified and paid as fol-
lows:

CLASS.	No. Men.	Avg. Wage.
Conductors.....	1,014	\$72 87
Engineers.....	1,460	87 75
Firemen.....	1,511	49 78
Brakemen.....	1,974	48 53
Baggagemen.....	249	51 92
Agents.....	1,003	46 10
Telegraph Operators.....	705	46 25
Clerks.....	1,590	47 02
Shopmen.....	4,599	50 40
Yardmen.....	1,807	49 89
Laborers.....	9,437	35 14
Other Men.....	2,607	50 51
Totals.....	27,956	\$53 X

In the Bureau's coming report
the condition of 9,226 men is ex-
amined and the results compiled in
tables. Following are some of the
results obtained: Five thousand,
seven hundred and ninety-two are
married; 3,313 are single; 121 wid-
owers, and nine did not report. In
the families are found 24,608 per-
sons of whom 12,433 are adults and
12,175 are children. Homes are
owned by 2,861 of the men, and of
these homes 1,807 are fully paid for
and 1,054 incumbered by mortgage
or otherwise, while 2,905 pay rent
at an average rental per month of
between \$8 and \$9.

It would seem as if railway em-
ployees were and exceedingly tem-
perate class, for almost 50 per cent
report that they use no liquor
whatever, and one-half of the re-
mainder have neglected or refused
to answer the question relating to
amount spent for intoxicants. On-
ly 200 admit that they spent more
than \$5 per month in this way.

More than 60 per cent of the men
are native Americans and more than
half of the remainder are natives of
either Germany, Canada, or Ireland.
One East Indian and one Jap are
scheduled among the rest. The
foreigners are largely found among
the yardmen, track laborers and con-
struction train crews.

The individuals canvassed earned
\$5,403,000 and saved \$469,069. Of
the total amount earned, \$62,000
was paid for overtime.

One of the greatest surprises in
the report will be the comparative
number of the men belonging to
labor organizations. It is still
more surprising when the fact is
known that a large proportion of
the canvassing was done by mem-

bers of the several orders and
brotherhoods. About 20 per cent
of the men canvassed report them-
selves as belonging to labor organi-
zations. The B. of L. E., B. of
R. T., B. or L. E., and O. of R. C.,
appear to be the strongest in the
order named.

THE CANADIAN PACIFIC.

May Purchase the D. B. C. &
A. Line.

It is rumored in railroad circles
that the great Canadian Pacific road
is desirous of securing a line
through the lower peninsula to con-
nect Mackinaw and Detroit; and
that the roads to be consolidated for
this purpose are the Detroit, Bay
City & Alpena, the Alpena &
Northern; Saginaw, Tuscola & Hur-
on, and Pontiac, Oxford & North-
ern. This would leave only about
one hundred and twenty-five miles
of road to build, and would make
a reasonable direct line, running
through a good country. This in-
formation comes from one of the
stockholders of the Pontiac, Oxford
& Northern, and is considered re-
liable.

The scheme certainly looks fea-
sible. It has been talked from
time to time that the Grand Trunk
wanted a connection to Mackinaw,
but as the Canadian Pacific, the
Grand Trunk's great rival, controls
the trade north from the straits, a
line to Mackinaw would bring the
latter road no business unless it was
built through to Duluth or St. Paul.
But the Canadian Pacific now owns
both the Duluth, South Shore &
Atlantic, and Minneapolis & Sault
Ste. Marie roads, thus virtually con-
trolling the railroad business of the
upper peninsula, these lines running
to St. Paul, Minneapolis, the Soo,
Duluth, the copper country, and
throughout the entire northwest.
This company is also into Detroit,
running through Ontario, and last
year built the big new Fort St.
Union depot. A line through the
lower peninsula to connect with
their roads at St. Ignace would give
them the most direct route from
southern Michigan to the north-
west, and would be a rich feeder for
the main line.—Alpena Pioneer.

WITHOUT THE

BOW (RING)

It is easy to steal or ring watches from the
pocket. The thief gets the watch in one
hand, the chain in the other and gives a
short, quick jerk—the ring slips off the
watch stem, and away goes the watch, leav-
ing the victim only the chain.

This idea stopped

that little game:

The bow has a groove
on each end. A collar
runs down inside the
pendant (stem) and
fits into the grooves,
firmly locking the
bow to the pendant,
so that it cannot be
pulled or twisted off.

SCORCHED!

East Tawas Visited by a Destructive Fire Wednesday Morning.

Four Buildings Burned.—The Loss Will Reach \$25,000.

About 5 o'clock Wednesday morning Richard Brothers hardware store and Cobbet & Kiblers harness shop was discovered to be on fire. An alarm was sounded and the fire department soon on the ground, but before the flames could be controlled Richard Bros. store, Cobbet & Kiblers harness shop, Thos. Jamison's paper and paint store, and W. H. Buckley's billiard parlors had been consumed.

It was only by the most heroic work that the C. R. Jackson's building was saved. The fire is supposed to have originated in the harness shop, but there is no certainty of this fact as the harness shop and a large portion of the inside of the hardware were in flames when the fire was discovered.

The total loss will reach about \$25,000, and the only insurance was \$4,000 on Richard Bros. stock. Three buildings were owned by James Richards and valued at about \$8,000. The other building was owned and occupied by W. H. Buckley. His loss will probably reach \$2,500. Richard Bros. loss on stock \$12,000. Thos. Jamison's loss on stock about \$500, Cobbet & Kiblers loss on stock and tools will reach \$1,200.

The Masonic hall was situated over the hardware and was a total loss including many valuable records. Loss \$500, with \$250 insurance.

It looked at first as though C. R. Jackson's building was doomed, and in the excitement of moving out the printing material a large amount of it was badly "piled," but Bro. Jackson is so thankful that he met with no greater loss and he says he don't mind the two or three week's extra work it will cause him. To much credit can not be given to the village fire department for the excellent work done by them.

Spring Silks

Another silk season is prophesied; and its special sales of these goods is fine qualities and latest and choicest designs have succeeded each other all through the winter. It is probable that a large proportion of the feminine world is well supplied. In patterns a curious thing is noted: large designs—bold to the point of startling—prevail in the sumptuous brocades and richest fabrics, while small figures, geometrical or floral, chine, and ombre effects are seen in the lower priced goods. Many stripes, both vertical and bayadere, are shown, but these are often only a ground powdered thickly over with another design.

Moire is in the full tide of favor, and will be the first choice for dressy spring toilettes; it is shown in every color with shot and checked grounds and tiny patterns—stars, disks, triangles, etc.—showered on the surface. Moire taffeta is one of the rivals in light-weight silks, and the lustrous of our grandmothers is also here. Both are light and soft to the touch, but strong and lustrous. Chine effects prevail in these, and promise to be a feature of all spring fabrics. —From "Review of Fashions" in Demorest's Magazine for March.

REPEATING RIFLES

MICHIGAN SCHOOL FOR THE BLIND.

LANSING, MICHIGAN.

This institution is supported by the State. It is not an asylum but a well appointed school and maintained for the purpose of affording as far as may be an enlightened and practical education. Blind persons and those whose defective sight prevents them from receiving instruction in the public schools are received as pupils. The ages fixed are for those between ten and twenty-one, but the Board of Control may in their discretion, admit those who are under ten or over twenty-one. Residents of this state are admitted without charge for tuition, board, lodging, washing, medicines or medical attendance. Applicants for admission from other states may be admitted, but such are required to pay a sum in excess of the necessary expenses.

The period for which pupils are admitted is eight years, and when the Board of Control deem it advisable in a particular case in may be extended two years more, making ten years in all.

The school year begins the second Wednesday in September and continues forty weeks. There are no vacations. Every effort is made to give thorough instruction, and nearly all those branches taught in the public schools of the state are taught at this school and several trades are also learned by the pupils.

Especially pairs will be taken to secure that exercise and consequent bodily development necessary to good health, and earnest efforts are made to correct the unnatural and peculiar postures and habits which so frequently accompany blindness.

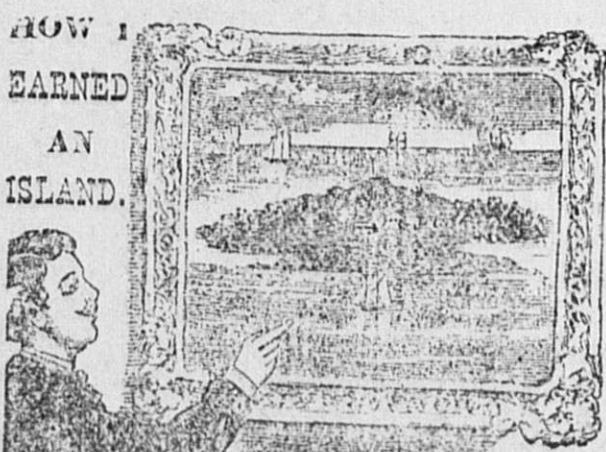

The greatest possible care is taken of the health of pupils. A trained nurse is constantly employed. In case of any illness, the pupil is immediately removed to the hospital room of which there are two, one in each wing, away from the noise of school and from the possibility of contagion, where under the direction of a competent physician, regularly employed, the most careful treatment and nursing are bestowed.

These advantages are free to every blind person in Michigan who is of suitable age and mental capacity.

All that friends of the pupils are expected to do is to pay the traveling expenses and furnish approved, suitable and sufficient clothing. If they are unable to do so, such necessary clothing will be furnished by the state.

All applications for admission must be passed upon by the Board of Control. For further information address,

Enterprising Young Man: This & Co. instructed and started me. I worked steadily and made money faster than I expected to. I became able to buy an island and build a small summer hotel. If I don't succeed at that, I will go to work again at the business in which I made my money. True & Co. shall be instructed and start you, reader. If we do, and if you work industriously, you will in due time be able to buy an island and build a hotel. If you wish to work again at the business in which you made money, and if you are honest, by time of your own, young or old, and in their own localities, wherever they live. Any one can do the work. Easy to learn. We furnish everything. We risk. You can have your own money, or all your time to the work. This extraordinary new method of making money is open to every worker. Beginners are earning from \$25 to \$50 per week and upwards, and more at a little experience. We can furnish you the employment—we teach you the work. This is an age of marvellous things, and here is another great, a real, wealth creating wonder. Great gains and pleasures are waiting for you. If you are a man, and if you are industrious, you want to know about this wonderful work at once. Reply means money lost to you. No need to explain here, but if you will write to us, we will make all plain to you. FREE. Address: TRUE & CO., Box 400, Augusta, Maine.
