A very enjoyable birthday party was
given Rev. Wm. Asal, by the Ladies
Society of the German Lutheran church,
Wednesday evening, at the German
school house. A large number of Rev.
Asal's friends were present and partici-
pated in the evening's festivities.

Elderly people remember their spring
bitters with a shudder. The present
generation have much to be thankful
for, not the least of their blessing being
such a pleasant and thoroughly effective
spring medicine as Ayer's Sarsaparilla.
It is a health-restorer and health-main-
tainer.

About 12 o'clock Tuesday night our
citizens were aroused from their peace-
ful slumbers by the alarm of fire. It
was soon discovered that the house
known as the Dixon house, in the lower
end of the village, was on fire. The
flames had gained such headway that it
was impossible to save the building. The
house was owned by C. B. Chatfield &
Co., of Bay City, and unoccupied. The
origin of the fire is unknown, but was
undoubtedly incendiary. Loss about
\$400.

Arrangements have been made where-
by the Harvard Quartette, and May Ada
Coates, will give an entertainment at the
M. E. church in this village on Thurs-
evening of next week. These people
come with the highest recommendations,
and should receive a liberal patronage.
The entertainment is for the church.

Elmer G. Rix, of the firm of Rix Bros.,
of Oscoda, died last Friday, aged 38
years. Mr. Rix was one of the leading
business men of that village, and was
highly respected by all who knew
him. The funeral was held at the Pres-
byterian church Sunday. He leaves a
wife and three children.

The Cheboygan Democrat hits the
"bull's eye" when it says, When you
receive a communication from a New
York or Chicago firm and they address
you as "My Dear Friend, we have a plan
on foot where you can make money
easily and quickly, take a situation right
away, &c," it means when properly
translated, "My Dear Sucker, we think
you have a few pennies and are trying
to induce you to exchange them for a
few sheets of paper, called an outfit."

Make the tomato hills as soon as the
frost is out of the ground. Put a large
shovelful of manure in each hill and allow
it to remain until the time arrives for
transplanting; then work the manure
and earth well together, placing the
plant in position. The same rule to mel-
ons and lima beans. The manure will
be well rotted, and the effects will be
more immediate than when manure is
applied at the time of transplanting.

Business men who would have their
spring sales, this year, compare favor-
ably with those of former years will be
obliged to put forth an extra effort to
draw custom. After having passed
through a winter "on half rations,"
housewives have learned to appreciate
the value of a dollar and they will be
more saving than is generally the case
in making their spring purchases. Hence
it follows that the merchant who can
offer the best goods for the least money
will get their patronage provided, of
course, that they know what he is doing.
There are many ways in which a busi-
ness man can keep the people informed
as to his business movements, but there
is no surer, more dignified, more profit-
able way to do this than through the
columns of the local paper.

The Harvard Quartette sustained the
reputation it has acquired, of being com-
posed of artists of the highest order.
The rendering of the various numbers
left nothing to be desired, and by the
numerous encores demanded the appre-
ciation of the audience was made man-
ifest most unmistakably.—Philadelphia
Record. At the Tawas City M. E.
church, Thursday evening March 15.

THE time for township elections is drawing near. Let the democrats of every township nominate a good ticket, and then see that it is elected.

JOE MANLEY says he sees a republican victory ahead. It must be a long ways ahead, for that is exactly what Joe said before the last presidential election.

WILLIAM E. GLADSTONE, England's Prime Minister, has resigned and been succeeded by Lord Rosebery. Thus passes from public life the greatest statesman the world has ever known.

"BRINGING the most work to this county"—about which Mr. Harrison prates whenever opportunity serves while helping to incubate his presidential boom—sounds well; but when it gluts markets and attracts thousands of foreigners for whom there is little to do but kick up a disturbance and threaten our institutions, all that is pretty is taken out of the sentiment.—Free Press.

THE iron and steel manufacturers of Pittsburg threaten to reduce wages from 40 to 60 per cent when the Wilson law goes into effect. Whatever portion of this threat is not bluff is pure rascality, and a continuance of that same old policy which has squeezed labor to fatten capital. These men are blindly hastening the legislation by which the people will demand and have the rights of the masses.—Northern Democrat.

WRONGING THE SOLDIER.

The charge made by Congressman Taylor, of Indiana, that the pension department at Washington has been deliberately duped by Republican employes and induced to treat claimants unjustly for the purpose of discrediting the Democratic administration, is very serious one. It seems almost incredible that such should be the fact, but the instances cited by the congressman make out a very strong prima facie case. The matter ought to be carefully inquired into and sifted to the bottom; and if the evidence shows that members of the medical division, or any other employes of the department, have been guilty of such outrages, they should be punished to the fullest extent which the law permits. It would be bad enough for such employes to deliberately embark in the business of attempting to discredit the government which employs them if the means employed and the methods resorted to involved no injustice to loyal men and deserving pensioners. To wrong these for such a purpose is infamous.

It is interesting that the disclosure of what seems to be an infamous conspiracy to give the administration a bad name with the pensioners; should come almost simultaneously with the ringing defence of the administration and its treatment of the soldier by that gallant veteran, Gen. Black, ex-commissioner of pen-

sions. No candid person of any party can read the figures he presented in the house of representatives Saturday, without feeling that the insinuation so freely indulged in by organs of the g. o. p., that the Democracy has been hostile to the union soldier, or has slighted his claims is a vile slander. It will be well for the Republican party if it can as successfully refute the charge now brought that the soldier has been wronged by its followers, for the purpose of making a little wretched party capital.—Free Press.

NAMING THE BABY.

The custom of using a family or surname as a first or christian name is one of the newer fashions in naming the new baby, and one which is to be greatly commended, writes Mrs. Hamilton Mott in the Ladies' Home Journal. The value of such a use should be especially considered by parents in their selection of a name for the baby. Immediate family recognition is one of the first results of such a name. When the family names are famous their selection is even more appropriate. as they carry on to further generations the names which have made the world greater. When they are reminders simply of the good, if not of the great men an older day, they ennoble their possessor with past honor and present resolve. Almost any boy will have a strong incentive for living a manly and noble life if he feels that the name whom all men loved to honor. And any girl will surely be more womanly and conscientious if she feels that her name is a synonym for honor and nobility.

WILL BE A BIG ONE.

The eighth annual convention of the Christian Endeavor societies of Michigan will be held in Detroit, March 21-22. Preparations are being made to entertain, free of cost, fifteen hundred delegates. These, with two thousand Christian Endeavorers in Detroit, will make the largest convention of young people ever held in Michigan. The Auditorium, which will hold five thousand people, will be used for these meetings.

An interesting program covering all the lines of Christian Endeavor work has been prepared by the state committee. Copies of this program will be sent to all the societies in the state. Several noted speakers will be present. Among them are Rev. Francis E. Clark, president of the United Society of Christian Endeavor; Rev. J. A. Rondthaler, of Indianapolis; Judge C. B. Grant, supreme court of Michigan; Rev. C. H. Beale, Lansing; Rev. J. L. Jackson, Grand Rapids and others. All the railroads of the Michigan Traffic Association, covering nearly every point in the state, have granted a one and one-third fare for the round trip from March 20 to 23 inclusive.

Young people expecting to attend the convention are urged by the Detroit Christian Endeavor Union to send in their names as soon as possible.

Applications for entertainment may be made to D. T. Smith, 169 Selden Ave., Detroit, Mich.

REPEATING RIFLES

THE GOOD ROADS LAW.

A Complete Synopsis of the Act By Which We Secure Fine Highways.

There seems to be, especially among the farmers, an entire misapprehension as to the provisions of the "good roads" law. The new law is so framed that the expenditure of money rests wholly with the people, and not a bond can be issued without its first being submitted to the people by a two-thirds vote of the supervisors and approved by a majority vote of the people. The road commissioners can only levy a tax of one mill on a dollar without the permission of the board of supervisors, and then it cannot in any case exceed two mills on a dollar.

The question to be voted on at the April election is whether or not we shall adopt the county road system, and should that be carried an election would be held later for the road commissioners, and it would be at least a year before any money whatever would be raised by tax. A careful perusal of the following synopsis of the law will convince any one of its merits:

Sec. 1, 2 and 3 provide for its submission to the people by the board of supervisors, which has been done here.

Sec. 4 provides that adopted by a majority of the electors voting it shall become operative at once.

Sec. 5. That elections under this act shall be held at either the April or November elections.

Sec. 6 provides for a board of county commissioners, the number to be determined by the board of supervisors, but shall not exceed five, and the term of office of one shall expire at each April election. The first commissioners may be elected either at a special or general election.

Sec. 7 provides for the term of office of the commissioners.

Sec. 8 provides for the filling of a vacancy in the office of commissioner and fixes their compensation.

Sec. 9 provides that a majority may constitute a quorum, authorizes the board to adopt rules and regulations.

Sec. 10 prohibits the clerk or any member of the board from being in any way interested in contracts awarded by the board.

Sec. 11 authorizes the county road commissioners to lay out new roads.

Sec's. 12, 13, 14, 15 and 16 provides for the condemnation of private property for public purposes.

Sec. 17 authorizes commissioners of adjoining counties to unite in laying out a county line road.

Sec. 18 provides for proceedings for making any road a county road.

Sec. 19 gives authority to the board to grade, drain, construct, gravel, macadamize or improve in any other way as they may think best all county roads and to construct bridges and culverts.

Sec. 20 authorizes the board of county road commissioners on or before the first day of October in each year to determine the amount of taxes to be raised for the county road purposes, but in no case shall it exceed one dollar per thousand of the assessed valuation, unless by a vote of the board of supervisors they are allowed to assess a greater sum and even then it cannot exceed two dollars on a thousand of the assessed valuation.

Sec. 21 prohibits the board from contracting any indebtedness.

Sec. 22 authorizes the board of supervisors, by a two-thirds vote, to submit the question to the people as to whether bonds shall be issued for the construction and maintenance of roads.

Sec. 23. That all roads and bridges in the townships shall remain under the care and control of the townships except such as the board of county road commissioners shall have declared to be county roads.

EAST TAWAS NEWS.

Village election Monday. Herbert L. Cope preached at Rose City last Sunday.

Miss Mathews returned last Friday from a visit with friends in Detroit.

Dan Hilsinger, of Rose City has been in the village on business this week.

Presiding Elder Woodham has been assisting Rev. Cope in the revival meetings here this week.

W. F. McMyler, the new manager of the Holland, is taking hold of matters in a business like manner, and promises to make the popular hostelry more popular than in the past.

The New York Life Insurance Company, is beyond doubt the best old line insurance company in the country to-day, and those who are thinking of taking out life insurance should call on Ed. H. Whedon, special agent, and investigate it at once.

Richard Bros. have the debris all cleared from the scenes of the late fire and will soon commence the erection of their new store. The many friends of these enterprising gentlemen will be pleased to see them again doing business at the old stand.

Chief Russell, of the fire department, received a letter yesterday from James T. Emery, in which the latter informed him that he was again in a political conflict aspiring to be a city father in the new home of his adoption. It is needless to say that Mr. Emery will hustle his opponent and if the fates are favorable toward him, Tawas could fare much worse in aldermanic timbers. In the long ago, Mr. Emery served this city in the same capacity and done his duty in a manner most acceptable. Friends here will hope for his success.—Bay City Tribune.

The village election next Monday promises to be an exceedingly warm contest. Two tickets are in the field. The Citizens ticket is as follows:

- President—G. H. Chamberlain. Clerk—G. N. Benton. Treasurer—Robt. Merrick. Trustees—D. C. Howell, W. K. Dillon and James Emery. Assessor—C. Will Howard. St. Com.—D. E. Emerson. Constable—Geo. Terry. The Republican ticket is made up as follows: President—W. M. Lock. Clerk—J. W. Tate. Treasurer—W. A. G. Flynn. Trustees—W. H. Clough, E. L. King, P. Smith. Assessor—Joseph Demick. St. Com.—D. G. Lowe. Constable—Benj. Corbet.

A Distinguished Honor Paid a Canadian Journalist by Lady Aberdeen.

The demand for the Telegraph Carnival Souvenir Number has been so great that another larger edition had to be issued to keep pace with the incoming orders. This edition is now being sold to the public at large. It is the same identical number, upon which Her Excellency Lady Aberdeen personally congratulated the publisher, Mr. Frank Carrel, and later on paid him a further tribute of honor by asking permission to use many of the half-tone engravings for her magazine, "Wee Willie Winkie." This Souvenir, published in French and English, contains over 100 half-tone engravings characteristic of all kinds of Canadian sports, both in winter and summer. Their Excellencies Lord and Lady Aberdeen and family in winter costume, and two magnificent colored supplements. No household should be without a copy. Send to any address in Canada or the United States on receipt of forty cents. Address Daily Telegraph, Quebec, Canada.

SIZE OF TREES TO PLANT.

A subscriber from Missouri writes—Orange Judd Farmer: Much difference of opinion exists among tree planters in regard to the size and age of trees and distance of setting. This of course varies with the locality, and the varieties to be planted. In setting apple trees the usual size recommended in the Northern States is two, three and sometimes even 4-year-old trees and I have even seen 5-year-olds planted with the expectation of getting fruit sooner, and having just as good an orchard in the end as when younger ones were used. The tendency now among commercial planters is toward younger trees, nothing more than 2-year-olds being planted of apples, and many large orchardists in the Ozark fruit region of Southern Missouri, will use nothing but those one year old, and 3 1/2 to 5 feet high. These small trees are preferable for several reasons. They cost less, selling for about \$25.00 per thousand. This one feature is quite an item to those orchardists who are planting 40 to 80 or 100 acres at a time.

There is lots of difference between 1-year-olds at \$25.00 and 3-year-olds at \$100 per thousand; this too when it has been proved by experience that the difference is all in favor of the young trees. Everything else being equal the small trees will make the best, longest-lived, and most profitable orchard. With peach trees the result is the same, the small trees being preferable for planting on a large scale. Nothing but yearlings, that is one year from the bud, are planted and the three to four foot grade has the preference. Our peach trees grow so rapidly that all we need is a "start" and we soon have a tree. Then too the small grades are so easily handled and planted, which is quite an item when one is planting extensively. We plant 160 trees per acre.

"When I was a Boy,"

Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take

and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class."—Chas.
