 The heavy wind of last Saturday night
 gave things a general shaking up,
 throughout the state. The most dam-
 age done here was the blowing down of

 soon as the weather permits.

An eighth grade examination was
 held in our village school recently by
 School Commissioner Kay, under the
 instructions of the State Superintendent,
 in all the common branches. On Friday
 afternoon of next week the Commission-
 er will present to the pupils regularly
 issued certificates of their standing. The
 patrons of the school are requested to be
 present.

An enterprising mathematician has
 figured out the distance the lower jaw of
 a girl chewing gum will travel in one
 year as follows: Giving her jaw a play
 of half an inch, or one inch of travel to
 each chew thirty chews a minute, sixty
 minutes an hour, ten hours a day, 364
 days in a year, her jaw will have traveled
 a fraction over 192 miles, and a girl with
 the big mouth beats even the record.

 perience in the hotel business, and will
 endeavor to please all who favor him
 with their patronage.

We have seen quite a number of watch
 chains about town ornamented with a
 neat, little charm in the shape of a watch
 case opener, which obviates the use of a

 We have just received one, and would
 advise you to send for one, too. They
 are sent free on request by the Keystone
 Watch Case Co. Philadelphia, the largest
 watch case manufacturing concern in
 the world. They are the makers of the
 celebrated Jas. Boss cases, the only filled
 cases which are fitted with the world-
 famed Non-pull-out bow(ring). The

A movement is on foot to organize a
 gymnasium in this village. About fifty
 signatures have been secured and an in-
 formal meeting was held Wednesday
 evening, at which a committee on organ-
 ization and one to look for a suitable
 location for a club room were appointed.
 There seems to be a universal opinion
 among our leading citizens that some
 place of this kind, where the old and
 young may spend a profitable evening, is
 a very desirable thing. Another meeting
 will be held at the HERALD office Thurs-
 day evening, of next week, at which a
 permanent organization will be effected.
 All those who have subscribed toward
 the project are requested to be present.

Village Election.
 The annual village election passed off
 very quietly last Monday. The largest
 vote ever polled in the village was cast,
 there being 247 votes cast. The follow-
 ing were the officers chosen:

President—Geo. A. Prescott.
 Clerk—John Swartz.
 Treasurer—James Hamilton.
 Assessor—M. Murphy.
 Street Commissioner—W. H. Kennedy.
 Trustees, 2 years—S. C. Williams,
 Wm. Nisbet, C. E. Wilcox.
 Trustee, 1 year—Chas. Katterman,
 Constable—Chas. Goodwillie.

A Communication.
 To the voters and tax payers of Tawas
 township:

It has been stated to me that it is rum-
 ored throughout Tawas township that I
 was the cause of submitting the road
 question to the voters. Now in answer
 to this I will state that I thought the
 system might result with good effect,
 but you may ask any of the board or
 county officers if I did not insist that
 the amount to be raised be placed at
 \$25,000, and that it be paid in ten years.
 But my resolution was lost. At our
 meeting of the board in January, Super-
 visor Jackson, of Sherman township,
 offered a resolution to submit the ques-
 tion to the voters at the coming April
 election, to find out if they wanted the
 system without any bonded indebtedness,
 and I am the only man that raised any
 objections, stating to the board that I
 did not think it a wise move to submit
 the measure so quick. But it seemed
 to be a forgone conclusion that it should
 be submitted, and the chairman of the
 board ordered the roll call and it was
 carried, 13 townships voting for the mea-
 sure before Tawas township was called
 and I refused to vote, but the County
 Clerk has me recorded as voting yes.
 A. J. Rodman was the only supervisor
 out of 16 that voted, no.

All I ask of farmers is to be placed in
 a right light before the people. Being a
 candidate for supervisor this spring I
 make this statement to right myself.
 Respectfully,
 M. MURPHY,
 Supervisor of Tawas Twp.

Notice.
 Whereas my wife Rosa has left my
 bed and board without just cause or
 provocation. I hereby forbid anyone
 from trusting her on my account as I
 will pay no debts contracted by her after
 this date.

Entered at the Postoffice at Tawas City, Michigan, as second-class matter.

THERE are a good many people in the county who would like to know if some of the so-called democratic senators ever read the democratic platform.

If the upper house of the United States congress could be abolished it might be possible to pass legislation in the interests of the people, instead of in the interests of monopolists.

THE form in which the tariff bill has been reported by the senate finance committee would lead out to believe that there are several members thereof who claim to be democrats, that are graduates of the McKinley school and do not know the first principles of democracy.

SENATOR PEPPER, the populist, has introduced a tariff bill in the senate that is much nearer the demands of the people than the senate's "revision" of the Wilson bill. Now if some one would kidnap enough of the republican senators who were elected as democrats, to allow the Pepper bill to pass, it would be a blessing to the country.

ONE thing that the democrats can congratulate themselves on is that any chances Dave Hill might have had for securing the presidential nomination in 1896, have been removed by the stand he has taken on the tariff measure. If Hill, Gorham & Co. would only announce their withdrawal from the democratic ranks the party might rejoice.

THE farmer, like the rest of mankind, does not find much money in his pockets just now, but he rarely hungers for food and never has to bear the burden of enforced idleness which is rendering his brother workman in the cities so desperate. There is no harder fate than to possess willing hands and find no honorable work to provide means for supplying an empty stomach. It demoralizes a human being. The hard times are forcing us to study these problems, and good will surely arise from seeming evil, besides the dawn of better days is plainly visible.—American Farmer and Farm News.

THE Detroit Journal claims that there is a movement on foot to oust Dan. J. Campau from the chairmanship of the Democratic State Central Committee, and to elect W. G. Thompson. It would take more than the Journal's statement to convince us that the democratic party of Michigan would even elect such a man as Thompson to this position even should Mr. Campau decline. Thompson and his gang may be able to defeat, or even run a portion of the party in Detroit, but the state has no use for his kind. Dan. Campau has made the best leader Michigan democracy ever had, and we believe we voice the sentiment of the majority when we say that he can have the re-election if he can be persuaded to accept

THE CASE OF THE FARMER.

Good reason exists for the discontent of the farmer which finds constantly increasing expression in the formation of new political parties with platforms of exceeding length and remarkable comprehensiveness. In the noisy struggle of politics the farmer is assuredly the under dog. In equal degree with the city manual laborer, though for different reasons, he is handicapped by unjust and burdensome legislation. His condition is going from bad to worse. Whether he raise cotton in the south or wheat in the west he finds his returns growing less year by year—and this in face of the fact that the population of the nation constantly increases, and the demand for his products should increase in corresponding ratio. Wherever he be he is suffering and despairing. In New England the farms are abandoned, because unfit to compete with the more fertile western farms. In the west the farmer complains that his distance from market and the heavy transportation charges of the railroads rob him of all profit. Everywhere, from Maine to Mexico, from Sandy Hook to the Golden gate, the toil of the average farmer is arduous, and its results a bare living or a plunge into debt. As agriculture is the foundation of all prosperity, an essential indeed to national life, it is useless to expect a nation to continue prosperous if the normal lot of the farmer is to be distress, poverty, and bondage to money leaders.

The trouble in America is not due to the farmers as a class. They are intelligent industrious, and of good habits. It is not due to poverty of the soil, for the United States alone could serve as granary for the whole world. It must lie in social or economic conditions directly hurtful to the agrarian interest.

Intelligent scrutiny of the revenue laws of the United States shows that they bear most heavily upon the farmer. The home market which the protectionists promise him is a delusion, but the tax he pays to secure it is a reality. His clothes, his tools, his products, the railroads over which he ships his products, the twine with which he binds his straw, and the iron with which he ties his cotten are all taxed. Nor do the individual states deal better with him than the general government. His farm is assessed at twice the proportionate amount charged against the big building in the neighboring city. The unwritten laws of business bear on him as heavily as the revenue acts of the legislature. He is the chief sufferer from the relinquishment to private corporations of the natural monopoly of railroad transportation. He in the end pays the biggest share of the interest on bonds and the dividends on watered stock. It is he who suffers when the railroad lobby defeats every bill for scientific building of good roads, leaving him a prisoner on his farm in the muddy season.

By the contraction of the currency due to the demonetization of silver the farmer suffers sorely. It is needless now to print the statistics showing that as silver has fallen wheat has fallen. This is one phase of current economic discussion with which the farmers are well conversant, and on which they have spoken in no uncertain lines.

Tariff reform, the wresting of natural monopolies from the hands of private corporations, and bimetallism should be the fundamentals of the farmer's political creed. To his prosperity, more than to that of any other man, they are essential.—Chicago Times.

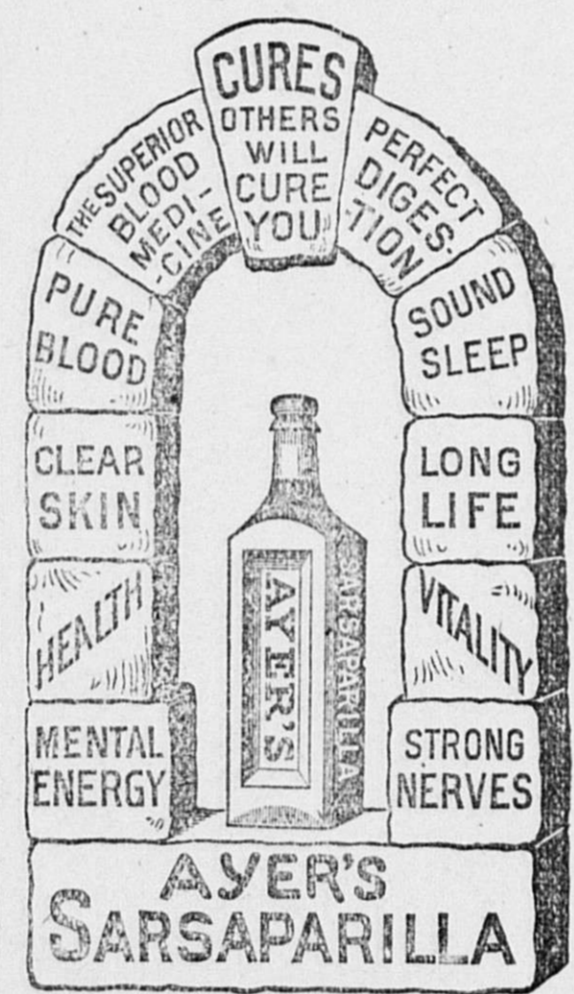

A GERMAN Meteorologist minister in Terre Haute has been telling his people that the Pope of Rome and his clergy are "ambassadors of the devil," "Roman hirelings," "tools of the bankrupt Roman empire," etc., etc. A Roman Catholic priest at Pana has from the pulpit denounced the Young Men's Christian association as a "hell hole" and all the Protestant churches as so many snares of the evil one, and a meek and lowly Presbyterian dominie at Rochester has raised his voice to say: "God bless every bishop and priest of the Roman Catholic church and make the church pure, true, and a power for righteousness on earth. I pray that God may hasten the time when there shall be one church of God." Now, which of these three, brethren, is nearest to the example of him whom they all profess to venerate as the founder of their church?—Chicago Times.

TILE DRAINAGE.

This is one of the most effectual and satisfactory methods of draining known. A wet spring is the time for the farmer to thoroughly realize what places are in need of drainage.

The deeper the tile is sunk the better it will drain, if there is a good outlet. While the process is an expensive one at first, if properly done it will remain a permanent benefit, and the drainage will require no further attention for years.

With good tile drainage all the soil from the bottom of the tile to the surface, is kept porous by its removal of the waer, yet being porous, the soil will hold more water without stagnating than if there were no drain. The result is increased fertility of the soil, and the consequent improvement in the size and quality of the crops soon repays the original cost of drainage.

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a traveling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."

EAST TAWAS NEWS.

Mrs. Wm. Dennis has just returned with the largest line of millinery goods ever brought to the Tawas.

To RENT:—The Central hotel known as the East Tawas House, opposite the Holland & Emery new mill. Enquire of Peter Moussette.

Zola, through that most skillful and self-effacing of reporters, R. H. Sherard, will tell the story of his literary career and his methods of work in McClure's Magazine for April. An abundance of good pictures will accompany the article.

Ladies desiring new Easter bonnets will please call at Mrs. Wm. Dennis' and inspect her large stock before purchasing.

Passenger Agent Winnette, of the D. B. C. & A. was in the city Saturday on business. Mr. Winnette is a young man but he seems to be an old hand at the railroad business and has made many decided improvements for his line.—Alpena Echo.

Last Wednesday evening the notorious dive in this village, was raided and the landlady and two other women were arrested and placed in jail. It is to be hoped that some successful way of riding the community of the den can be found.

"March to search" is the old adage. It searches out any weakness of the system, resulting from impure blood. Those who use Ayer's Sarsaparilla find March no more searching or even disagreeable than any other month. This medicine is a wonderful invigorator.

At the village election last Monday an exceptional large vote was polled. The republican ticket was successful, the majorities ranging from four to 165. The officers elected are as follows:

President—W. M. Lock.
Clerk—J. W. Tate.
Treasurer—W. A. G. Flynn.
Trustees—W. H. Clough, E. L. King, P. Smith.
Assessor—Joseph Demick.
St. Com.—D. G. Lowe.
Constable—Benj. Cobbett.
Ladies, remember that Mrs. Wm. Dennis always keeps first-class help and can get you up a stylish bonnet on short notice.

Iosco Lodge No. 75, K. of P. had a grand time Wednesday evening, and one that the Knights present will remember for some time—specially Henry Funk and F. E. Allen, who took their third degree. Besides the work of conferring degrees, the installation of officers was held, and an elegant banquet served. C. W. Luce acted as installing officer, assisted by N. G. McPhee as Grand Master-at-Arms. It is unnecessary to say that the ceremonies were performed in a creditable manner. After the installation ceremonies, the new officers conferred the third degree on the two candidates before mentioned, in a very impressive manner. The following are the newly elected officers:

C. C.—H. J. Mount.
V. C.—D. C. Howell.
Prelate—H. A. Goodale.
K. of R. & S.—W. J. Fox.
M. of E.—C. B. Lewis.
M. of F.—W. K. Dillon.
M. of W.—C. W. Luce.
M. at A.—Malcomb Morrison.
I. G.—Chris. Swindell.
O. G.—Squire Wood.

CROP REPORT.

The following crop report was issued from the Secretary of State's office March 8:

The wheat fields of Michigan were fairly well, though lightly covered with snow during the large part of February. A heavy snow storm occurred near the middle of the month, but the high winds prevailing left the snow largely in drifts. The average depth of snow in the lower peninsula, on the 15th was from four to five inches, and on the 28th, in the southern and central counties, about one inch.

At this date, March 8, the snow is all gone, and the frost in the southern half of the State, all out of the ground.

The weather in February was almost continuously cold. At Lansing the mean daily temperature was above the freezing point on only seven days. The highest daily average was 37 degrees on the 7th, 29 on the 8th, and 40 on the 9th and 28th. About 40 per cent of the correspondents express a belief that wheat has been damaged, and 60 per cent that it has not.

The total number of bushels of wheat reported marketed by farmers in February, is 1,035,127, and in the seven months, August-February, 10,285,039, which is 245,884 bushels less than reported marketed in the same months last year. At 23 elevators and mills from which reports have been received, there was no wheat marketed during the month.

In condition live stock averages from four to seven points below a full average, comparison being with stock in good, healthy and thrifty condition.

DEMOCRATIC CAUCUS

The democratic electors of the township of Tawas are requested to meet at the village hall, in the village of Tawas City, on Saturday, March 24 1894, at 2 o'clock in the afternoon for the purpose of nominating candidates for the various township offices to be voted for, April 2, 1894, and to transact such other business as may properly come before them. THE JURY'S VIEW.

It Thinks Dan Coughlin Innocent of Dr. Cronin's Murder,

And Therefore Returns a Verdict of "Not Guilty"—Its Decision Reached in a Short Time—How the Verdict Was Received.

COUGHLIN A FREE MAN.

CHICAGO, March 10.—Daniel Coughlin with his wife clinging to his arm walked out of Judge Tuthill's court free man Thursday afternoon. The jury took the case at 11:50 o'clock and at 4:45 p. m. returned this verdict: "We, the jury, find the defendant, Dan Coughlin, not guilty."

Shortly after 4 p. m. word was sent by a bailiff to Judge Tuthill that a verdict had been reached. The news spread quickly, and before the jury could reach the courtroom in response

to the judge's order it was packed with people eager to be present at this important period of the great trial. The defendant was brought in by a bailiff.

Judge Tuthill took his seat upon the bench and court was called to order. The jury filed in amidst the utmost silence. With signs of nervousness Judge Tuthill asked if a verdict had been reached, and upon receiving an affirmative reply ordered the clerk to read it.

Coughlin shot up from his chair at a powerful spring beneath him was released by the word "not." For the shortest part of a second the row of men who stood chest to back from the clerk's desk to the rear wall remained motionless. But a cheer broke
