CHURCH NEWS.

The McAll Mission received \$80,000 last year. Its work is constantly on the increase, and is now being carried on in twenty French cities.

A Japanese Buddhist Bishop is in San Francisco, and will establish a temple, with a corps of attendants, in that city, his special object being to prevent Japanese in that country from straying into strange faiths.

Evangelical Christians in the United States are credited with possessing \$13,000,000,000. They contribute annually 25 cents per capita for foreign missions, or 1-32nd part of 1 per cent, of their wealth. Do they possess this wealth, or are they possessed by it?—*Dr. A. J. Gordon.*

A preacher came to a newspaper man in this way: "You editors dare not tell the truth. If you did you could not live; your newspaper would be a failure." The editor replied you are right; and the minister who will at all times and under all circumstances tell the whole truth about his members, alive or dead, will not occupy his pulpit more than one Sunday, and then he will find it necessary to leave town in a hurry. The press and the pulpit go hand in hand with the whitewash brushes and pleasant words, magnifying little virtues into big ones. The pulpit, the pen and the gravestone are the great saint-making triumvirate."—*The Poughkeepsie News-Press.*

EPWORTH LEAGUE.

The state convention of the Epworth League will be held in Detroit from the 26th to the 28th inclusive, in the Central M. E. church. The league is a Methodist organization, and with only a few years existence it has grown until now it numbers nearly 600 chapters in the state, with an estimated membership of 35,000. It is expected that 1,800 at least will attend the convention. An interest-

ing program has been arranged which includes the names of some of the most prominent speakers of the Methodist denomination. One of the most interesting features of the convention in the past has been the music, and this year it will be in charge of Rev. F. A. Smart, of Detroit. Among the prominent speakers of the convention will be Rev. S. A. Steele, D. D., secretary of the Epworth League, South; Rev. Geo. Whittaker, D. D., formerly president of Williamette university, Portland, Or., and now pastor of the Lincoln avenue M. E. church, of Detroit; Rev. E. A. Schell, D. D., secretary of the Epworth League of the M. E. church, and Bishop Cyrus W. Foss, of Philadelphia. The outlined program of the convention provides for conferences of each of the different departments which will be addressed by prominent workers in each of the different lines.

THE SECOND SERVICE.

Most pastors are much troubled about the evening service. The attendance is not as large as it should be. These suggestions, gleaned from the Chicago letters to the New York Observer, may be helpful to distressed ministers. One Presbyterian church used this method: A Sunday evening Service League was organized, each member of which pledged his own attendance at the service, and also promised to urge others to be present. The league has over fifty members. At the time of organization the evening attendance was about one hundred. Since then it has increased as follows: 100, 125, 359, 423, 561, 620, 436, 380, 470; average, 459. Another instance: A large Baptist church was very anxious to secure as pastor a certain Eastern preacher. He agreed to accept on the condition that the men of the church should sign an agreement pledging themselves to the support of the Sunday evening service. This was done, and that church during the years of the present pastorate has not been troubled with the second service.—*Ex.*

Who May Vote.

The adoption of the constitutional amendment last fall effects a great many foreigners who have voted on first papers. Let it be understood clearly who can vote.

1st. Any foreigner who took out his first papers before May 8, 1892, is a voter.

2nd. Any foreigner who has taken out his first papers since May, 1892, cannot vote unless he has been here five years, and has taken out his second papers prior to election.

3d. Any foreigner who has been here five years, must have taken out his first papers two years before he can get his second papers.

It will be seen that no foreigner can vote this spring who has taken out his first papers since May 8, 1892, unless he has had his first papers two years. Foreigners who have had their first papers three years and a month can vote if registered.

Five years in this country and at least one year in this state, are necessary before a foreigner can get his full papers admitting him full citizenship.

For Sale.

One pair of two year old colts, and one stallion colt three years old. Also a limited amount of Early Freeman potatoes, a new seedling which has never been equaled. Also the Early Puritan, and other varieties of seed potatoes for sale cheap for cash. Enquire of Reuben Wade, at his residence, on the Hamlock road, address, Tawas City, Mich.

INCORPERATED!

We are now the City of Tawas City.

The Bill Passed the Legislature Tuesday,

AND GIVEN IMMEDIATE EFFECT.

The bill to incorporate the village of Tawas City, under a city charter passed the legislature Tuesday and was signed by the governor Wednesday, and we are now a city government.

The bill divides the city into three wards, and provides for the election of a mayor, clerk, treasurer and two aldermen at large, with a supervisor, two aldermen, two members of school board and a constable from each ward. The first city election will be held Friday, April 5.

The village council will hold a meeting this evening and take the necessary steps to arrange for the city election, by the appointment of election inspectors and naming polling places in each ward.

The election for the township, outside the city, will be held one week from next Monday, under the call already published.

It now behoves our citizens to get a move on themselves and make the city worthy of its name. Immediate steps should be taken toward public improvements.

The East Tawas City bill also passed Tuesday.

Next week we will publish the full particulars as to ward lines, etc., which we are unable to do this week owing to lack of time and a copy of the bill.

The Supervisors.

The board of Supervisors were in session Tuesday, Wednesday and Thursday, taking three days to do what should have been done in one. The entire time was spent in quarrelling, and we are informed that the most important business transacted was the allowing of bills. Next week we will publish the proceedings.

SCOLDING

The cook within the kitchen stood,
Her hands upon her hips,
And many were the angry words
Came pouring from her lips.

Her victim was the grocery-boy,
And softly thus spake she:
Oh, what a little fool you are,
To bring such stuff to me.

Take high price baking powder back,
And bring me "Calumet,"
And if he did not go straightway,
She's likely scolding yet.

The voters of Iosco county should bear in mind that when they cast a vote for Rev. A. C. Kay, for county school commissioner, that they vote for a man thoroughly qualified and will devote the time necessary to properly do the work.

THE prospect for bimetalism continues to improve. The United States is not only the country deeply concerned, for the subject is forcing itself upon the attention of Great Britain, which is, financially speaking, the first of nations. The Australian colonies are heavy silver producers, and India has been greatly injured by the decline in the price of that metal. We are likely to see many important developments in the currency problem before the year is out.—N. Y. World.

REV. A. C. KAY.

An Able County School Commissioner.

The most important office that the people of Iosco County will be called upon to fill this spring again, is that of School Commissioner.

For the past two years the duties of this office have been performed by Alexander C. Kay, and he has filled them well and acceptably to the vast majority of the people of this county, and there is no possible reason why he should not be re-elected to the same office by all friends and upholders of education and good schools in Iosco County.

The question relative to that of School Commissioner are not those of politics, they are questions which effect every fireside and family in the county, they are questions which effect every boy and girl in the county, as to their future and success in life, who attend the public schools, and there should not be the slightest hesitancy on the part of every true and public spirited citizen to walk up to the polls on the 1st day of April and vote for the best man for the position who is up for election. And in deciding who he shall vote for he should be governed by broad and liberal motives, and not by party lines. He should ask himself the question first, "will the man I vote for and wish to see elected give his time and attention to the schools, as they deserve, and can he do this well and competently? Will my boy and girl, and will the boys and girls of this of this county who attend the public schools be benefited more by the work and efforts of the man I vote for than he would by the other?"

These are vital questions. Mr. Kay has been tendered the office entirely unsought by him; the duties of the office in the past so successfully and so satisfactorily that all who came in contact with him acknowledge his superior fitness for the work. He never asked for the nomination in the first place, nor at this last selection. He was tendered the position in both instances because of his fitness for the work. On the other hand, not in the slightest desiring to say anything personally against the opposing candidate, the same cannot be said of his candidacy. It is the result of scheming and wire pulling and a desire for office. In the second place his opponent is a school teacher, employed every day of the week and all the year round while school is in session, and cannot give the work of the office such attention and care and working efforts as it deserves, unless he sacrifices his school duties, and that he is not likely to do. Further, even if he did give all his time and attention to it, it would be no more than Mr. Kay has done in the past two years. Another thing, the duties of the office are such that no teacher who is actively engaged in teaching should be

allowed to fill it, because it is eminently a position of superintendency over teachers. The Commissioner should be a man entirely free from any bias or tendency of favoritism, or be even in a position where his interests as teacher are to be subserved by the neglect of his duties as commissioner. A teacher should not be the superintendent of teachers. While a man is hired by a certain school district and paid by them, and all his interest centers in the success of that district, and he has to give his time and attention almost exclusively to that district and its interest and its teachers, he cannot give the balance of the county its just deserts. This stands to reason in all business channels. It will be the same in this, and without specially favoring Mr. Kay, it is safe to say, that the balance of Iosco County's schools will be better served and looked after, if any person qualified and able have the position, rather than any teacher, be he or she ever so good and capable. The office of School Commissioner should be untrammelled by any counter obligation to another employment, and should be filled by a person absolutely free and at liberty to go and come when he pleased, and not subject to the dictates of any one certain district of the county, or set of officers, whose requirements and restrictions must be an obstacle to the successful performance of the duties which the Commissioner will owe and must perform to the rest of the county. This is the position of the opposing candidates for this office to-day, and will be the question presented at this Spring's election.

Mr. Kay has shown himself capable and willing and a hard worker, no man can do more than he has done, and there is no man in the county more capable or more scholarly or better qualified to do it than he. Holding the highest and best certificates of qualifications from the most honored and most critical colleges in the world an L. L. D., and M. D., and B. A., and second to none in the county in acquirements, he certainly stands pre-eminently before the people of this county to-day as the proper candidate, not asking the office, but with the assurance already proven by his two years labors in the same field, that the work of this important office will be filled well and faithfully in the future as it has in the past.

He should be elected by all means. Iosco county has too few such men now, and needs more, and we cannot afford to sacrifice such men as Alexander C. Kay, when the interests and futures of our children and schools are concerned. * * *

The Salaries Amendment.

It is rather short notice that the people are giving in respect to the constitutional amendment upon which they are expected to vote next month; but the time is quite long enough to enable the least intelligent voter to decide what he ought to do. The amendment proposed relates to the salaries of state officers and its purpose is to increase the pay of all these except the governor and circuit judges. The governor's salary was raised in 1889 to \$4,000, and that is regarded as sufficient. As to the circuit judges, there is a rooted hostility in the state to paying them what their services are reasonably worth; and it is for this reason most likely that no attempt is made to secure an increase for them. The legislature probably reasoned—if they gave the matter any thought whatever—that the inclusion of the circuit judges salaries among those to be increased would imperil the entire amendment, as it certainly would.

As to the propriety, not to say necessity, of the increase in the cases covered by the amendment, there is no room for honest question. The salaries now paid to the principal officers of the state are a disgrace to Michigan and have been for many years. They are more than a disgrace. They are the cause of unnecessary extravagance. There is not one of the state officers which does not cost more to run under the existing system of parsimonious salaries than it would if the heads of the

department were properly paid. It has never been possible—or not for many years—to employ a deputy in any one of the offices for the salary allowed by the constitution to the head of the office; and the practice has grown up on the part of the legislature—which has the power to fix the salaries of subordinate officers—of fixing them at a rate considerably higher than the constitutional emolument of the chief. One result has been that the cost of carrying on each of the state offices has been quite as great as it would have been if the chief were properly paid, while in some cases, notably in the office of the attorney general, one of the poorest paid officials in the lot, it has undoubtedly been much greater. Another result has been that on more than one occasion—unless we are very much mistaken—there has been a corrupt agreement between chief and subordinate by which the comparatively liberal salary paid the latter under act of the legislature, has been compulsorily shared with the chief to eke out his own meager constitutional pay. Nothing could well be more demoralizing than a system which encourages such proceeding; and the people of the state ought to welcome the opportunity which is now offered them to inaugurate a more rational system.

The changes proposed by the amendment to be voted on at the coming spring election are as follows: The salary of the state treasurer, which is now \$1,000, is to be raised to \$2,500; that of the secretary of the state, now \$800, is to be raised to \$2,500, that of the commissioner of the state land office, now \$800, to \$2,500; that of the attorney general, now \$800, to \$3,500; that of the superintendent of public instruction, now \$1,000, to \$2,500; and that of the auditor general, now \$2,000 by legislative enactment, to \$3,000. Every one of the increases is an eminently proper one and ought to be heartily approved by the electors of the state. The increase in the case of the attorney-general is especially commendable. This official has been the poorest paid servant of the state for many years, and his department has probably cost the state thousands of dollars more per annum than it would have done if he had been reasonably paid. The same is measurably true, no doubt, in respect to most of the state offices; but as to this one it has been demonstrated beyond a peradventure.

It is to be hoped, therefore, that the voters of the state will, contrary to their usual custom, take some interest in this important matter and cast their votes for the amendment. The matter is one which they cannot afford to ignore and have no right to ignore. Surely if there is anything which ought to interest every voter it is the proper amendment of the fundamental law of the state. Every voter who believes the laborer is worthy of his hire will vote for the amendment and we trust every voter who does not so believe will put himself on record with a negative vote. If a majority of the electors desire to retain the president starvation scale they ought not to be ashamed to say so by their votes.—Free Press.

DON'T STOP TOBACCO

IT'S INJURIOUS TO STOP SUDDENLY and don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about BACO-CURO. It is purely vegetable. You do not have to stop using tobacco with BACO-CURO. It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An iron-clad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded. Price \$1.00 per box or 3 boxes (30 days treatment and guaranteed cure) \$2.50. For sale by all druggists or will be sent by mail upon receipt of price. SEND SIX TWO CENT STAMPS FOR SAMPLE BOX. Booklets and proofs free.

Eureka Chemical and Mfg Co., La Crosse, Wis.

Dear Sir:—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,
C. W. HORNTICK.

 Ploughing should begin just as soon as it can be done on the approach of spring. If the frost leaves the ground and the land is ploughed, the late frosts will pulverize it. Proper preparation of the soil for a crop should be made by using not only the plough but the pulverizer, cultivator and harrow. The soil should be made fine before seed is planted.
 It is claimed that on April twelfth the heavenly bodies which revolve about the sun will be in exactly the same position they occupied in the firmanent the day Christ died on the cross, and it will be the first time such a thing has occurred since that day, just eighteen hundred and sixty-two years ago: About 12:29 p. m., New York time, the moon will pass before Virginus (Spical) and hide that constellation for more than an hour.—*Ex.*
 A man went into a store in a neighboring town and asked if he could rest four or five hours. The proprietor who had just found a nest of new born mice in the coffee grinder, told him that he could and then asked him why he didn't go to the hotel. The man answered: "I am suffering from nervous prostration, and the doctor said to get a quiet place to rest, and learning you did not advertise, I knew I couldn't find a quieter place." And with that he settled back in his chair and watched the swallows build a nest in the cheese case.
 The report of Gen. Poe to the secretary of war regarding the progress of the work on the 20-foot channel between the connecting waters of the lakes from Chicago and Duluth to Buffalo shows that sections 1, 4 and 6 have been completed. The work embraces eight sections, and contracts for the work have nearly all been let. In making soundings at the foot of Lake Huron in connection with the work the surveying party came upon an immense boulder, which is covered by only 16 feet of water. The discovery is looked upon by Gen. Poe as an important one, and worth all the money expended on the entire work. The rock is located 300 feet on the west side of the axis of the channel and 1,200 feet from Fort Gratiot light.—*Evening News.*

BLUE BIRD.

Change Seed Corn.

It pays to get fresh seed from a different locality and soil. Indeed the profit of grain production depends to a very great extent on growing the right varieties. There being many thousands of instances where seventy-five to ninety bushels of the best quality of corn per acre might just as well be grown instead of thirty-five to bushels, if only the right variety is grown. The old run-down seed you have been growing would be dropped, and a new thoroughbred

varieties be obtained. After you have tried them you will see plainly that they are as much superior to the old run-out sorts as are the thoroughbred cattle to scrubs.

It will only cost about 25 cents per acre to plant your whole crop with the vigorous and large yielding new sorts of corn, and which may be obtained from reliable seed firms. And if you get the right sorts your yield will be greatly increased, and in many instances doubled.

Ask a German farmer what he thinks about changing his seed and he will almost invariably tell you that he believes in it, and that he believes in it strongly. At least he was so brought up in Germany, in which country it is practiced to a greater extent than in any other country in the world.—Prarie Farmer.

How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, is an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin Physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to promptly cure any case with three boxes, or refund the money with ten per cent interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1.00 per box, three boxes, (thirty days treatment), \$2.50, or sent direct upon receipt of price. You are hereby notified that the Legislature of the state of Michigan has passed the following

Election Notice.

STATE OF MICHIGAN, Office of the Sheriff of Iosco County, Tawas City, March 8, 1895.

You are hereby notified that the Legislature of the state of Michigan has passed the following

JOINT RESOLUTION

Proposing an amendment to section six of article six of the constitution of this state, relative to Circuit Courts.

Resolved by the Senate and House of Representatives of the State of Michigan, That the following amendment to the constitution of this state be, and the same is hereby proposed, that is to say, that section six of article six of said constitution be amended so as to read as follows:

Sec. 6. The state shall be divided into judicial circuits, in each of which the electors thereof shall elect one circuit judge, who shall hold his office for the term of six years, and until his successor is elected and qualified. The Legislature may provide for the election of more than one circuit judge in the judicial circuit in which the city of Detroit is or may be situated, and in the judicial circuit in which the county of Saginaw is or may be situated, and in the judicial circuit in which the county of Kent is or may be situated, and in the judicial circuit in which the county of Ingham is or may be situated. And the circuit judges or judges of said circuits, and the salary provided by this constitutional, shall receive from their respective counties such additional salary as may from time to time be fixed and determined by the boards of supervisors of said counties.

And the board of supervisors of each county in the upper peninsula is hereby authorized and empowered to give and pay to the circuit judge of the judicial circuit in which such county is attached such additional salary or compensation as may from time to time be fixed and determined by such board of supervisors. This section as amended shall take effect from the time of its adoption.

Be it further resolved, That said amendment shall be submitted to the people of this State at the next spring election, on the first Monday in April in the year one thousand eight hundred and ninety-five; and the Secretary of State is hereby required to give notice of the same to the sheriffs of the several counties of this state at least twenty days prior to the said election, and the said sheriffs are required to give general notices required by law in the same manner that they are now required to give in case of an election of justices of the Supreme Court, and the said amendment shall be indicated upon the official ballot for said election, in accordance with the provisions of act number one hundred ninety of the public acts of eighteen hundred ninety-one entitled "An act to prescribe the manner of conducting and to prevent fraud and deceptions at elections in the state." Each person voting for said amendment shall designate his vote, by a cross mark placed opposite the word "Yes" and each person voting against said amendment shall designate his vote by a cross mark placed opposite the word "No" as indicate upon said official ballot. The ballot shall in all respects be canvassed and returns made thereof as in general elections of state officers.

This joint resolution is ordered to take immediate effect.

Filed March 7, 1895.

In testimony whereof, I have hereunto set my hand the day and year first above written.

THOMAS P. COX,

Sheriff of Iosco County.

Mortgage Sale.

By a Mortgage dated the eighteenth day of February A. D. 1890, and duly acknowledged on the same date, made and executed by C. L. Leitzo and Caroline Leitzo his wife, of the Township of Tawas, in the county of Iosco, and State of Michigan, said mortgage was made in favor of August Kobs, of the same place of the second part, to secure the repayment of the sum of One Hundred Dollars, and the interest, as in said mortgage provided, all that certain piece or parcel of land situated in the Township of Tawas, County of Iosco, and State of Michigan, and described as follows: The South-west quarter of the South-west quarter of Section twenty-two (22) Town twenty-two (22) North of Range Seven (7), East, and containing forty acres of land, which said Mortgage was on the eighteenth day of February A. D. 1890, duly recorded in the office of the Register of Deeds, of said county of Iosco in Lib. 7, page 45. There is now due and owing on said mortgage the sum of One Hundred Dollars (\$100.00) together with the amount of interest that may accrue on the date of the sale hereinafter stated, and default having been made in the payment thereof and no proceedings at law or in equity having been instituted for the recovery of the whole or any part thereof.

Now therefore, by virtue of the power of sale in said mortgage contained, and by the statute in such case made and provided, notice is hereby given that the said mortgage lands and premises will be sold at public vendue to the highest bidder, at the front door of the Court house in the Village of Tawas City, in said County of Iosco, that being the place of holding the Circuit Court of said County. On Saturday the 1st day of said day of March, at one o'clock in the afternoon of said day to satisfy the amount then due on the said mortgage, and the costs of foreclosure, including the attorney fee allowed by statute.

Dated March 1st, 1895.

GEORGE L. CORNVILLE, AUGUST KOB'S,

Attorney for Mortgagee, Mortgagee.
