VOL. XIII.

TAWAS CITY, MICHIGAN, FRIDAY, JUNE 12, 1896.

No. 24.

A SAD SUICIDE!

Mrs. Solon Hale, of East Tawas, Hangs Herself,

The two cities were shocked last Sunday by the announcement that Mrs. Solon Hale, of East Tawas, had committed suicide by hanging herself, at the home of her sister, Mrs. E. L. King.

Mrs. Hale has been in poor health for several months, and for the past few weeks has shown strong signs of insanity. She was taken to the Alma Sanitarium a few days ago, but brought home last Friday, and was being cared for at the home of her sister. It seems she had been left alone for a short time Sunday morning, and took her own life by hanging herself to the door with a towel.

The deceased was 33 years of age, and the oldest daughter of the late J. Dimmick. Besides her husband, who is a fireman on the D. & M. Ry., she leaves two sisters—Mrs. E. L. King and Miss Mamie Dimmick—and three brothers—Joseph, Charles and John—and a large circle of friends to mourn his loss.

The funeral services were conducted by Rev. Johnson at the home of Mr. and Mrs. E. L. King on Tuesday, and the remains were interred in the East Tawas cemetery.

School Exercises.

The Graduating Exercises of the Tawas City Public Schools will be held in the school house on Friday evening June 26th. Provisions has been made for seating, lighting, etc., and a large stage will be built where the present platform is. There are two members in the class this year, Misses Mamie Phinney and Lulu Goldie.

Closing day exercises will be held in the high school Thursday afternoon. All the departments of the school will take part in these exercises, and a liberal attendance of the patrons of the school is hoped for.

An exhibit of the work done in the school for the past four months will be held in the recitation room of the high school, in connection with the closing day exercises. All the regular daily written works will be shown and each pupil's work will be open to examination. If parents wish to find out what their children are doing, this is their opportunity. Every person who has a pupil in the schools should attend this exhibit.

East Tawas Will Celebrate.

At a meeting held at the Holland Hotel Wednesday evening, it was decided to hold a Grand Fourth of July Celebration at East Tawas, and the following committees were appointed: General committee—T. P. Cox, James LaBerge, Ambrose Schill, C. M. Garrison, E. L. King, Dr. Goodale and Chas. Curry.

Finance—J. E. Dillon, G. N. Carelton, Sam'l Anker, E. E. Kunze, Abe Barkeman and James Emery. Bicycle races—F. F. Taylor, Ed. Conners, Chas. Dimmick, James Larkins, Albert Ash, Phil Richardson and W. B. Murray.

Boat races—A. E. Marviott, Will Mead, W. A. Chamberlain, N. C. Harting and M. Murphy.

Fire works—Sam'l Anker, A. Myers, W. A. Sempliner, H. Hanson and E. E. Kunze.

For Sale.

The E. 1/2 of S. W. 1/4 S. 14, T. 22 N. R. 7 E. containing 80 acres, 35 cleared. Good, hewed log house, 2 1/2 miles from Tawas. Warrentee deed. Inquire of A. Murphy, Tawas City.

All sessions on local time, and a cordial invitation to all.

REV. P. SCHERMERHORN,
MRS. JAMES NISBET,
L. J. PATTERSON,
Committee.

The Fair.

Arrangements are already being made for the next annual fair of the Iosco County Agricultural Society, which will be held September 29 and 30, and Oct. 1, next. At a meeting of the directors held last Saturday, it was decided to give a prize of \$30 for bicycle races, \$15 each for a ladies' and gent's race. Also a \$10 prize for the best exhibit of school work from any school in the county.

A resolution was passed granting the use of the track to bicyclists free of charge until 8:30 o'clock each evening.

Facts.

That Calumet Baking Powder, when used, leave no Rochelle Salts, Alum, Ammonia, Lime, or any injurious substance in the food. Is an established fact that the high priced baking powders (that sell at 45 to 50 cents per pound) leave in the food more than 70 per cent of Rochelle Salts; is also an established fact.

Avoid the high priced goods, they are dangerous. Use "Calumet."

Why Not?

Why not call on Schermerhorn-Patterson Co., and get one of those New York Champion Hay Rakes before you commence haying? They are the best manufactured, and will save you the cost in one year. Do not delay.

SILVER IT IS!

No Longer Any Doubt About Democrats.

Nearly every State in the Union has elected delegates to the democratic national convention, which meets at Chicago next month, and it is conceded by all that free silver will have votes enough to control the convention and nominate a free silver man on a platform favorable to the restoration of silver. The steal of the Michigan delegation by the "gold-bugs" proved to put the silver men of other states on their guard, and in all probability saved the day for silver. In an interview with the Washington correspondent of the Detroit Tribune, Senator Daniels says:

"There is no longer any doubt about the financial declaration of the democratic national convention." On the question of the presidential candidate there is a wider latitude of opinion. Boies, Bland and Teller are mentioned. The latter is a republican and has been for 40 years. It is true he does not belong to the Foraker-Dingley clique, and has more than once given his vote for measures which were designed to help the people rather than the party. He is a man that we all respect. But he is still a republican.

"The democrats will have to nominate a man whose record on the silver question is absolutely unquestionable and such a man will be supported by the full strength of the silver vote of the west and south and may still be found within the democratic party. There will be few gold bolters. The democracy is growing more united on this question every day. But it would be a work of supererogation to nominate a democratic candidate at this time." Senator Daniel refused to discuss his own candidacy for the vice-presidential nomination. "I am not interested in that," he said, "and it does not deserve prominence. Please do not mention it."

Experiments in Frozen Water.

It is quite generally supposed, says Public Opinion, that the sudden and complete freezing of lakes and water-courses must necessarily be fatal to all their inhabitants. Recent experiments by a French scientist, M. P. Regard, have proved this to be an error. He cooled the water in an aquarium containing live carp to different degrees below freezing. At 0° C. the fishes seemed to fall asleep, but were not frozen. At -3° they were apparently dead, but retained their flexibility. The water being then gradually warmed, then revived began to swim and showed no signs of suffering. This would indicate that the polar seas, whose temperature never falls below 3° C., may be a congenial abode for creatures insured to this degree of cold.—*Scientific American.*

ATTENTION TEACHERS!

There will be a Summer Normal held in HARRISVILLE, COMMENCING JULY 6, 1896, and continuing five weeks.

Tuition for term \$5.00

Board Reasonable.

If you wish to raise your standings of your grade certificate, come and WE WILL HELP YOU. For further particulars, address E. R. RICE, Webberville, Mich., or G. A. FREDERICK, Mendon, Mich.

That CALUMET BAKING POWDER

was the first baking powder to expose the extortion of the high price powder makers in the price they charge for their goods, is a well known fact. Having befriended the people by building a wall against extortion

Calumet

finds another duty to perform, viz.: to expose the multitude of imitators who are offering so called baking powders, claiming for them equal merit with

Calumet

Grocers should beware of manufacturers who offer to put up private brands for the trade. Such goods are not reliable. When the label is put on the grocer assumes all responsibility and the baking powder usually remains on his shelves or in his stock, a constant reminder of misplaced confidence.

Calumet Baking Powder

is always reliable, sustains the reputation of the merchant and is the fast friend of the housekeeper.

Monopoly must yield to Moderation.
Impurity must improve or go Under.

Calumet is the Standard.

\$1.00 Per Year in Advance.

If a government contracted a debt with a certain amount of money in circulation, and then contracted the money volume before the debt was paid, it is the most heinous crime that the government could commit against the people.—Abraham Lincoln.

THREE men entered Klein's store on the west side, Chicago, Saturday night, and while it was crowded with people, held the lady cashier up with revolvers and made away with \$500. As they were leaving one of the men turned in a fire alarm and in the confusion they all escaped.

VENERABLE Ex-Gov. J. W. Begole, died at his home in Flint last Friday. Gov. Begole was 81 years of age and one of the earliest settlers of Michigan. He was a man of universally beloved by all, and by his death, the state loses a citizen who has always been on the side of right; frank and outspoken on all questions. The funeral was held Monday and was the largest ever known in Flint.

THE state law relating to mutual building and loan associations makes it incumbent on these associations to file with the secretary of state certain information annually regarding its location, stock, assets, liabilities, etc., and the secretary of state recently asked the attorney general how far back he could ask for this information and the attorney general holds that the companies need give the information only for the fiscal year.

NO STATE CONVENTION.

Populists have Decided to Dispense with it.

"The populists will not hold a state convention this year to elect delegates to the national convention at St. Louis," said Lawrence M. Hugh, chairman of the Tenth congressional committee, yesterday. "The state central committee has decided that much time and expense can be saved by dispensing with the usual order, and requests committees throughout the state to call district conventions at which to elect two delegates and two alternates to represent each of the congressional districts. The state central committee has also decided to appoint four delegates to represent the state at large."

Chairman McHugh and Secretary H. C. Haller, of the Tenth congressional committee have prepared a call for the district convention and forwarded it to other members of the committee to have it signed. The convention will be held at Standish July 15, at 2 p. m.

In pursuance to the call there will be caucuses held throughout the county to elect delegates to the county convention, where district delegates will be chosen.—Bay City Tribune.

MICHIGAN CROP REPORT.

Great Drop Reported in the Condition of Wheat.

The Michigan crop report for June issued from the secretary of state's office Monday, says:

The average condition of wheat June 1, was in the southern counties 69, and in the state 77, as compared with 91 and 92 on May 1. One year ago the averages were 66 and 73. The average condition now in the central counties is 87, and in the northern 95, as compared with 94 in each section one month ago, and 83 in the central and 87 in the northern one year ago.

The average condition June 1 in the southern counties has been as follows: 1887, 79; 1888, 62; 1889, 87; 1890, 76; 1891, 96; 1892, 91; 1893, 77; 1894, 82; 1895, 66; and 1896, 69.

The average condition for the state has been as follows: 1887, 82; 1888, 63; 1889, 89; 1890, 78; 1891, 89; 1892, 92; 1893, 78; 1894, 92; 1895, 73, and 1896, 77.

The average condition in the southern counties is 22 points, and in the state 15 points lower than one month ago. These figures may be taken to represent the average of our correspondents' estimates of damage by Hessian fly and rust. In a special report given out May 23, the average damage in the southern counties was estimated at 26 per cent. The recent cool weather and heavy rains have been beneficial, but it is beyond question that the crop is seriously and permanently injured. Whatever the total yield it would have been much

more had the crop not been damaged by Hessian fly and rust.

The number of bushels of wheat reported marketed in May is 537,749, as compared with 376,948 reported marketed in May, 1895, and 818,747 in 1894, and the amount marketed in the ten months, August-May, is 8,319,619 bushels, as compared with 10,047,489 bushels in the same months last year, and 13,431,945 bushels in 1894.

The acreage planted to corn fully equals, and the acreage sowed to oats is from 3 to 5 per cent less than the acreage in average years. In condition oats are nearly a full average.

The average condition of meadows and pastures is in the southern counties 79, central 87, and northern 94, the average for the state being 83. Clover sowed this year is in good condition. The figures for the state are 95.

Apples promise about 93 per cent and peaches 83 per cent of average crops.

In the southern counties the wages per month of farm hands average \$15.10 with board, and \$20.85 without board; in the central counties, \$13.86 with board, and \$20.91 without board and in the northern counties \$15.49 with board, and \$24.29 without board. The averages for the state are \$14.87 with board, and \$21.35 without board. Wages now are lower than one year ago in each section of the state.

The farm statistics of 788 townships collected and returned by supervisors, indicate that the number of sheep now on hand in the state is 29 per cent less than sheared in 1895. There is a loss of 30 per cent in the southern counties, of 23 per cent in the central counties, and of 15 per cent in the northern counties.

A Book Unparalleled in the English Tongue.

"A list of writers that for scholarship and representative reputation as religious leaders has probably never before been paralleled in a single published work in the English tongue." This criticism of the Baptist Union on the recently issued great "People's Bible History," published by the Henry O. Shepard Co. of Chicago, would seem to be rather unreserved, but not until the work is examined can a just appreciation of its value and importance be attained. With such a brilliant array of writers as the following, the Union's verdict is, indeed, well sustained:

Rt. Hon. Wm. Ewart Gladstone, Episcopalian, ex-Premier of England; Hawarden Castle, Chester, England; Rev. A. H. Sayce, Episcopalian, Professor of Assyriology, Queen's College, Oxford, England; Rev. Samuel Ives Curtiss, D. D., Congregationalist, Professor, Chicago Theological Seminary, Chicago, Ill.; Rev. Frederic W. Farrar, D. D., F. R. S., Episcopalian, Dean of Canterbury, London, England; Rev. Elmer H. Capen, D. D., Universalist, President of Tufts College, Somerville, Massachusetts; Rev. Frank W. Gunsaulus, D. D., Congregationalist, President Armour Institute, Chicago, Ill.; Rev. Geo. F. Pentecost, D. D., Presbyterian, Pastor Marylebone Presbyterian church, New York City, New York; Rev. Martyn Summerbell, D. D., Free Baptist, Pastor Main Street Free Baptist church, Lewiston, Rev. Frank M. Bristol, D. D., Methodist Episcopal, Pastor First Methodist Episcopal church, Evanston, Ill.; Rev. W. I. Moore, L. L. D., Christian Editor of "The Christian Commonwealth," London, England; Rev. Edward Everett Hale, D. D., Unitarian, Pastor South Congregational Church, Boston, Massachusetts; Rev. Joseph Agar Beet, D. D., Wesleyan, Professor, Wesleyan College, Richmond, England; Rev. Caspar Rene Gregory, Ph. D. D. Th., L. L. D., Evangelical Lutheran, Professor Ordinarius Honorarius of Theology, Leipzig University, Leipzig, Germany; Rev. Wm. Cleaver Wilkinson, D. D., Baptist, Professor, University of Chicago, Illinois.

The work is very copiously illustrated with fine full-page engravings of pictures by the most famous artists of the world, and is gotten up in popular form as well as in the more expensive shape for presentation purposes. We are informed that agents are wanted for the work. It is sold only by subscription.

Feeding Pigs for Growth.

A breeder of experience, in the Field and Fireside, gives his own way of feeding young pigs for rapid development and growth. He says that the size of the litter requires earlier feeding when the dam is young or deficient in her milk secretion. The danger of indigestion in the youngsters warrants one in being tardy in mixing new milk with the natural ration. The first and best ration is a mixture of pure oatmeal (the same as used on your own table) with sweet skim-milk, and it should be cooked to suit your own taste and relish. Then thin the same with milk which has been heated and allowed to cool. For three days or a week this mixture should be the only slop given the youngsters. Then, if expense is too

SHOES! SHOES!

Now is the time to buy your Shoes while they are going cheap.

I am still selling shoes at a lower price than ever before. I am bound to reduce my stock, and to do so am offering Bargains in Everything in my store.

A few more pair of those Ladies' Oxfords worth \$1.25 to \$1.75 at .75 cents. Mens' Plow Shoes \$1.19. Mens' fine Shoes \$1.19.

Call and see my Goods and be convinced that they are cheaper than any other place.

Take notice of the following:

On Thursday, Friday and Saturday, of next week I will offer every pair of Men's, Boys', Women's, and Children's Tan Shoes at GREATLY REDUCED PRICES. Do not miss this sale.

Geo. W. Mount.

great, the oatmeal can be replaced by wheat shorts or "middlings." If clear oatmeal is out of the question to begin with, the shorts may be substituted.

If the dam is grazing on good bluegrass or clover, the pigs may be given ground oats with the hulls, mixed with the shorts after the fifth week of their age, and a bit of cornmeal for variety may be used. Coarse bran should be withheld till after the age of four months, if possible, except where a chronic costive condition of the bowels exists. While grazing the weaned pigs up to four months of age will do well on a slop made of equal parts of cornmeal, oats ground and shorts, given morning and evening. A few graing to each, of soaked shelled corn at noon time will do no harm. when they should also have sweet milk and water miled, or clean water, as suits convenience.

The new firm are hustlers and will undoubtedly do a large amount of the shipping from this port.
The Free Press gets off the following on the colors of the Tawas Cycling Club: "There must be a nice lot of color blind bicycle riders at Tawas City. Their recently organized cycling club has chosen as the club colors maroon and magenta. Think of it!" The Free Press is off. The colors are Maroon and Cerise. It would be a difficult task to choose colors to suit all, but as long as the club is satisfied we do not see why the F. P. should kick.
Although editors are nearly always poor, there are plenty of persons who believe that half the paragraphs in a country newspapers are paid with enormous bribes. There are always two sides to every question, and which ever side the editor falls on, the partisans of the other accuse him of being "bought." It is no wonder, therefor, that the editor is seldom a popular man.—Ec.
Without doubt the largest crowd of people ever in East Tawas at one time was there last Sunday, fully 1,600 strangers coming on the various excursions. The first to arrive was the little steamer Liken, with a large number from AuGres and Alabaster. The excursion train from Alpena and the Arundell from Bay City arrived about noon. The train brought about 800 people and the Arundell brought fully 700. Both excursions arrived in the rain, but it seemed to have but little effect on the excursionists, as all seemed determined on having a jolly time. The Harmony band of Alpena and the 3d Regiment band of Bay City were both present and furnished music. Considering the size of the crowd it was one of the most orderly ever seen here.
C. V. Hicks, Oscoda, Pianos, Or-

Fresh eggs and good butter at Prescott's.
Mr and Mrs Fred Harington. of East Tawas, are the parents of a nine pound son.

All our wash goods to clear up, at prices that will make every heart glad for the next ten days. Low prices will hold "high carnival at our store."
C. H. PRESCOTT & SONS.
Hale Lake is preparing for a big celebration on the Fourth. An excellent program is announced, including horse, bicycle, and foot races, jumping, etc. There will be a bowery for those who wish to dance. Meals will be served on the grounds, and everything possible done to make visitors enjoy the day. The day will close with an elaborate display of fire works. Go to Hale Lake if you want an enjoyable time.
A young man from the country, having married a city vocalist, proudly wrote home that his wife was a first-class singer, with a remarkable voice. "In fact," he wrote, "she has a mez zosoprano of unusual power and compass." His mother immediately answered: "My son, that is what your Aunt Keziah died of. She waited too long before she had it operated on. Don't delay. Have it cut out at once.—Ec.
The ladies of the W. R. C. wish to extend their thanks to the people of the two Cities, for their kindness in helping and aiding them on Memorial day. Particularly Mr. Prescott for closing his mill on that day, so his working men could help commerate the day. The teachers and their pupils are to be highly commended for their parts. Also to those who kindly furnished convenience at the depot. And to the citizens for their refreshments.
BY ORDER OF THE PRESIDENT.
Big bargains in wool dress goods. We are bound to reduce stoek, and have the prices that will do it. Come and look us over. We can save you money on every dollars worth you purchase.
C. H. PRESCOTT & SONS.
It is said that every time the clock ticks a baby is born into the world—and it may be said with equal truth, that every time the clock strikes the hour some one, somewhere, starts to work in some department of practical art work, to whom "The Art Amateur" then becomes an absolute necessity. To all and sundry such and many more, some accounts of the contents of the June issue will be of interest. It gives illustrated articles on Elementary Drawing, Pen and Pencil drawing for reproduction and newspaper work hints for sketchers and instructions for book illustrators, flower painters, portrait painters, figure painters and makers of pictures on pastel, china painting articles illustrated and all of workmanlike practicalness—including the address recently given by Miss Helen Montfort with such success before the Bridgeport Ceramic Art Club and elsewhere—and the beginning of a series of brief Biographies of noted American china painters, illustrated with portraits. Wood carving and pyrography, needlework and embroidery, interior decoration decoration of all kinds are treated of fully, and practical working designs in most of these departments are to be found in the supplements. In addition to all this, there is a charming free study of American beauty Roses by Paul deLongpre and a blue and white dutch scene by C. Volkmar. (Montague Marks, 23 Union Square, New York. Price 35 cents, or \$4.00 per annum.)

A GOOD SQUARE MEAL!
