TAWAS CITY, MICHIGAN, FRIDAY, JULY 3, 1896.

No. 27.

SCHOOL CLOSSES!

A Very Successful School Year Finished Friday.

The "Class of '96" completed the course prescribed in the Tawas City Public Schools and were presented with their diplomas. The class consisted of two members, Misses Laura A. Goldie and Mary R. Phinney.

The exercises were held in the high school room, which was handsomely decorated with the class colors, green and white, and with ferns and plants, while the class motto, "Gradatim," also in the class colors, was suspended over the stage.

The room was filled to its utmost capacity by the friends and patrons of the school who were well pleased with the excellent program rendered, which opened with an instrumental solo by Mrs. Conant. Invocation by Rev. A. Waterbury followed, after which "Anna Lauria" a trio was sung by Misses Funk, Brown and DuPraw.

"LOOKING FORWARD FIFTY YEARS" was the subject chosen by Miss Phinney for her essay, and the subject was handled in a very interesting manner, and then the audience was favored with an original poem, entitled

"TAWAS CITY"

by Miss Eva Drake, which was fashioned after Longfellow's "Hiawatha" and contained many excellent local bits. The production has much favorable comment.

Miss Goldie chose as the subject of her essay

"LITERATURE OF '95 AND '96,"

and the pleasing and entertaining way in which the essay was rendered convinced all that she is a young lady of more than ordinary literary ability. The paper showed her to be thoroughly conversant with her subject, and displayed much originality.

Miss Nettie Darling favored the audience with a vocal solo which was very warmly received. A piano and cornet duet by Miss C. and Mr. E. D. Schermerhorn followed.

Supt. John A. Campbell made the presentation of the class in a few well chosen remarks, after which Senator G. A. Prescott, as president of the board of education, presented the class with their diplomas.

The exercises closed with America by the audience.

PROMOTION EXERCISES.

The promotion exercises were held at two o'clock on Thursday afternoon in the high school which was profusely and tastefully decorated.

Bunting was draped around the walls above the blackboards on which appeared beautiful drawings. A large platform had been erected and at the back "old glory" was prominent while the front was adorned with handsome plants.

Lincoln, Grant and Longfellow looked from the boards on all this beauty and listened to the exercises which consisted of songs by the school, essays, dialogues, drills, marches, choruses, solos, recitations, etc., and closed with an invitation from Mr. Stephenson to attend the exhibit in the next room.

The children show natural ability and careful training on the part of teachers.

Supt. Campbell makes an excellent chairman and principal Stephenson a fine speaker. If their talents are used they will be well fitted, one to preside over the senate, and the other to be speaker of the House, when they are sent to Washington. However, Tawas knows a good thing when she has it, and will keep them another year.

EXHIBIT.

The first annual exhibit of the Tawas City Public Schools was open on Thursday afternoon, from 9 a. m. to 5 p. m. on Friday and from 10 to 11 Friday night.

The crowd coming in after the graduating exercises was so great that many did not register but the list of visitors numbers about 200.

Everything was carefully arranged that people might enter through the doors leading from the high school, you were immediately asked to sign your name and could only leave by means of the door ways at the head of

the stairs after you had told the guard at either place that you had entered written your name on the paper provided for that purpose and the ribbon barrier placed across the door was removed.

After registering you was a full fledged citizen of the exhibit and had at your command any or all of the persons scattered throughout the room, willing to answer questions and pleased to explain the work. They informed visitors that good, bad and indifferent things would be found, and that this was not contrived just to look well but to show the real work done and what the schools were doing for the children.

In a conspicuous place were the spelling blank giving parents a chance to see the child's every day work in this much abused subject.

Very attractive were the small state maps found everywhere. The large ones show a talent for map drawing seldom seen. Those of the High School are perfect, the colors are put on so evenly and the tints are so delicate that though they may be equalled in the state they cannot be excelled; while the lower rooms do just as well according to the work expected from them. The 3d grade has a delineation of Isoco county that is especially good. The product maps showing in their proper places the things obtained in the various states are a sort of object lesson impressing upon the mind of the child his geography so that it cannot be forgotten.

Australia by the 7th grade and South America by the 5th grade were handled in the same way. Outline maps were made, cut out and joined together making a small book of several leaves. The first was colored and showed the cities, rivers, mountains and political divisions. The others were blanks on which were written the boundaries of and all known facts concerning the continent. These were also good memory helpers.

The commercial maps were excellent while the weather charts show the trouble taken to broaden the knowledge of the pupil.

A novel idea was that of having booklets of the D. & M. trade mark. The first page was a representative mud-turtle, and those following held on their backs the names of the officers and information in regard to the railroad. These booklets were unique and pretty.

The dictation work from the 4th, 5th, 6th and 7th grades was as good as was ever done in that line.

Judging from the tests, mathematics from the geometry, algebra and complete arithmetic classes down to those just learning to count one, two and three, has been thoroughly taught.

History essays and questions show good work. The U. S. history class have very fine maps while the review class of '96 have some interesting tests on the subject. Those studying Michigan history have written compositions on the past of our state while besides their examinations the general history students have essays on "The years of '95 and '96." These discuss exciting topics and give the current events of the day.

The literature class has written the stories of Scott's "Lady of the Lake" and Longfellow's "Hiawatha" in a most pleasing manner.

A special feature of the exhibit was the drawing; in this the little ones of the first grade are especially proficient. They have drawn pond lilies, marbles, cats, eggs, gates, etc. Bayard Taylor's poem entitled "An Adventure" was amusingly illustrated by Ward school pupils; "Arbor Day Drawings" was the name of a collection of realistic trees, while "A Syrian School" and "A Syrian School-boy" were two pleasing sketches. It would take much too long to tell of the great amount of artistic work, the animals, boats, flowers, etc., pictured upon paper but the time spent in looking it over was well invested.

The chemical display was very attractive. It consisted of etching upon glass by the means of hydrofluoric acid and upon zinc and copper by means of nitric acid, of substances bought in this city, analyzed and found to be adulterated and of the same things made by the pupils and known to be chemically pure, of matches made in the class, of metal compounds and salts analyzed, of

gun-cotton made in the laboratory, of drawings and of the class note-books which show the work done and the apparatus used. This alone would pay any one for coming.

The exhibit was certainly a credit to school and city and the people of Tawas should give their hearty thanks to the teachers who have worked so hard and faithfully to advance the children and are not afraid to have their work examined and criticized.

Another and larger exhibit will be held next year and everyone will go because those who attended this will take with them their friends. The object in these displays is to bring the people into sympathy with the schools and into closer touch with the teachers, who making child-study a profession often see tendencies and ability for certain lines of work before parents and may not parents and teachers working together in harmony and unison do much more good for the rising generation than there is a jar and discord? Yes! emphatically yes!

NOTES.

Success to the class of '96.

Senator Prescott's address has received many compliments.

The crayon work on the black board, by Miss Funk, brought forth much well deserved praise.

It is seldom that so large an audience gives as careful attention to the rendition of a program as did the one Friday evening.

We are indebted to one of the young ladies of the high school, for the excellent description of the exhibit, herewith published.

Supt. Campbell and Principal Stephenson may well feel proud of the showing made by the school, and their retention for the coming year meets with universal approval.

The Baccalaureate sermon by Rev. P. Schermerhorn at the Congregational church Sunday morning, was attended by a large congregation and was very instructive and entertaining.

It can safely be said that the exhibit will arouse more interest in the work being done in our schools, than has heretofore been shown, and that next year the patrons will be found visiting the schools much more frequently than in the past.

Card of Thanks.

We wish to take this opportunity to return our heartfelt thanks to the many kind neighbors and friends for their aid and sympathy during the illness and death of our son, and especially to the scholars of the High school for their handsome floral offering. MR. AND MRS. M. KEHOE AND FAMILY.

Calumet Baking Powder

has turned the tables on high price baking powders. The directions on High Price cans are the same as on Calumet cans, viz.: 2 teaspoonfuls to a quart of flour, but they say that one can of High Price will go three times as far as any other. Can any claim be more ridiculous? The frantic cry of adulteration, danger and poison made by the high price baking powder people is a blind to intimidate the public and induce them to pay fancy prices for their goods—also to divert attention from this defect in their own goods.

Calumet Baking Powder is safe. Food baked with Calumet is absolutely free from Rochelle Salts, Alum, Lime, Ammonia or any injurious substance.

Monopoly must yield to moderation—
Impurity must improve or go under.
Calumet is the standard.

\$1.00 Per Year in Advance.

THE Fowlerville Observer has launched the name of Hon. S. L. Bignall, of Livingston county, as the democratic candidate for governor.

THE State board of equalization will meet in the senate chamber at Lansing, August 17. There will be over a hundred representatives in attendance and the meeting will probably last for several days.

THE National democratic convention meets at Chicago next Tuesday. The indications are that it will declare for free silver and nominate an out and out free silver candidate. If this is the result, there is but little doubt of a democratic victory in numbers.

Drainage of Highways.

"Water is a great destroyer of dirt roads, and drainage is especially important in the proper making and keeping of the dirt roads, because the material of the roadway is more susceptible to the action of the water and more easily destroyed than any other highway material used in the construction of roads by more elaborate methods. Side ditches are provided for country roads in most cases, but common experience shows how imperfectly these are made, and how inadequate even the best side drains are to relieve the road from its soggy impassable condition. Nothing brings relief except the slow process of evaporation, and even when a road is dried by the sun and wind it is generally left in a rough, rutty condition," so say Drainage Journal.

How should a dirt road be drained? A column might be written upon this question alone, for, more than any other, it affects the maintenance of the thousands of miles of dirt roads new in constant use, besides being an important consideration in the construction of new roads. When water falls upon a dirt road we aim to carry it off either by giving the surface of the road a slope to one side or the other, both, or by underdrainage, in which the water, failing to escape by running from the surface to the side ditches, is drawn into a permanent drain, generally laid lengthwise with the roadway and beneath it, and so as to carry the water to some adjacent outlet. Let us consider these matters separately. Most dirt roads have an obstinate tendency to hold water. You may scrape one of these roads into the form of a nicely-graded surface and roll it as hard as you please, only to find that the softening influences of the first rain storm will permit the wheels of the first loaded wagon passing over it to make more or less of a depression. This depression serves to hold water, and in this manner the bottom of it is softened and made susceptible when the next wheel comes along, and so the depression is deepened into an actual rut. I have never yet seen a dirt road which offered a permanent and sufficient drainage by side open ditches during the wet seasons of the year. These ditches are often carelessly kept, being generally left to clear themselves, and so neglected that they become obstructed by washings from the road surface and in other ways. What kind of drains shall we use? The ordinary drain tile used in farm drainage will be found to answer an excellent purpose and should be used wherever the question of expense will permit.

"The drainage of highways should be recognized as the basis of permanent road improvement where the soil and subsoil get wet and spongy. The laying of two lines of tile, one on each side of the travelway, inside of the storm water ditches, will prevent the water from percolating through the soil under the roadway and secure a firm travelway."

EAST TAWAS.

We celebrate tomorrow.
Good sweet corn 5 cents per can at Prescott's.

Miss Hattie Adams returned from AuSable, Tuesday.

Mrs. J. H. Johnson is visiting friends in Bay City.

Miss Laura Mousett is visiting friends at AuSable this week.

Master Rictor Donahue is the guest of his aunt, Miss Lizzie Donahue.

Miss Stella French is entertaining her brother John French and wife.

Mrs. James Lawson and children went to Bay City, Thursday to visit friends.

Prof. J. K. Osgerby attended the graduating exercises at Oscoda Monday evening.

Mr. and Mrs. W. Young, of Bay City, are stopping at the Holland for a few days.

Bert Oaks, arrived home Sunday evening, on the Michigan, for his summer vacation.

Misses Margie and Una Lock, of Detroit, are the guests of their aunt, Mrs. Jas. Richards.

Miss Gertrude Kinkerter, of Ithaca is the guest of her sister, Miss Celia Kinkerter, of this city.

Miss Amanda Hamilton, arrived home from Marine City, Sunday night on the Michigan.

Fred Noel and Miss Grace Merritt, were married at the home of the bride's parents, last evening.

Wash goods, cottons and all summer goods at big reductions to close.
C. H. PRESCOTT & SONS.

When the work of graveling Newman street is completed it will be the best and prettiest street in the city.

Miss Sadie McLean and Grace Simmons went to Bay City, yesterday to spend the Fourth with friends.

Mr. and Mrs. Guy Davis, of Ypsilanti, are visiting Mrs. D.'s parents, Mr. and Mrs. Alvin Wood, of this city.

Rev. and Mrs. M. C. Hawks, of Bay City are spending a couple of weeks the guests of Miss Stella French.

The finest line of wall paper over shown in Tawas, now on hand at King's Furniture Store, East Tawas, do not fail to examine it.

Rev. and Mrs. P. V. Jenness, of Bay City, arrived on Wednesday evening for a two weeks vacation. They are stopping at the Iosco.

The "Hymn Social" given by the Junior Epworth League Wednesday evening at the M. E. church, was largely attended and a fine program was excellently rendered.

Latest novelties in window shades, picture frames, curtain poles, and an elegant line of house furnishing goods, standard and late designs at King's Furniture Store, East Tawas.

Mr. and Mrs. Alex Marontate, of Ottawa Point, are boarding the new member of the life saving crew, who arrived last Friday. It is a girl and Alex expects her to be a second Grace Darling.

Miss Sue Benton returned to her home at East Tawas last evening. It is regretted by all connected with the schools that Miss Benton declined to return here for another year. Her work has been highly satisfactory.—*Oscoda Press.*

The Lady Minstrels, given by the Ladies' Guild of the Episcopal church at the opera house on Tuesday evening was greeted with a packed house. The entire program was rendered in a most pleasing manner, and if our space permitted we would mention some of the leading features. However, when we say that the ladies are to be congratulated on the success of the entertainment, it is but putting it lightly. The dancing of Mrs. Anna Ward Foster, (who had charge of the entertainment) and the recitation by Miss Garrison were very fine and deserve special mention. The entertainment was repeated last evening, and was again greeted by a full house.

A brilliant piece of description and literary criticism combined is "In Arkansas," by Th. Bentzon, (Mme. Blanc) translated for the July Midland Monthly, by Mrs. E. S. Schaeffer. It describes the great French woman's visit to the Arkansas home of Octave Thanet. Another interesting feature of the July Midland is Miss Horak's illustrated description of that remarkably successful experiment in Christian Socialism, The Amana Colony. "Vicksburg Thirty Years after the surrender" will attract many readers. The stories of the month are strikingly original. Frank Calkins' young folks' story, "The Young Homesteaders" begins to thrill. The Louisville convention and the Idaho Clubs, with many fine portraits, bring up the rear of a charming number.

SHOES! SHOES!

Now is the time to buy your Shoes
while they are going cheap.

I am still selling shoes at a lower price than ever before.
I am bound to reduce my stock, and to do so am
offering Bargains in Everything in my store.

A few more pair of those Ladies' Oxfords worth \$1.25 to
\$1.75 at .75 cents. Mens' Plow Shoes \$1.19. Mens' fine
Shoes \$1.19.

Call and see my Goods and be convinced that they are cheaper than any other place.

Take notice of the following:

On Thursday, Friday and Saturday, of next week I will offer every pair of Men's, Boys', Women's, and Children's Tan Shoes at GREATLY REDUCED PRICES. Do not miss this sale.

When you see two men walking along the street, stop suddenly and begin to gesticulate wildly with their hands and arms—that's politics.—*Lexington News.*

Just received a stock of bicycle oils, lacing cord, bicycle balls and everything in the general repair line. Prices reasonable. W. S. King, Bicycle Repairer, East Tawas.

Married, at the residence of Andrew J. Smith, in Prescott, on June 28, by Rev. A. Waterbury, Mr. Fred Rice, of Prescott, and Miss Lizzie Frizzle, of Mason, Arenac county. Miss Mary Bell Hanlon and Mr. Scott Cliff were bride's maid and groom's man.

The editor has been taking observations on the difference between a lady and gentleman in mounting a bicycle. He says the lady steps, adjusts her skirts, puts one foot upon a pedal gives a little spring, settles lightly upon the saddle and away she goes! The man grabs the handle bar, stretches himself out behind the machine, puts one foot upon the step, hops along on one leg like a lame ostrich, gives a jump, lands "ker-plunk" in the saddle, kicks about to find the pedals and then goes wobbling along for a rod or so before he gets his center of gravity located.—*Northville Record.*

An exchange tells how to secure the life and growth of shade trees, if you want to set out any. Some folks say that they cannot make shade trees live. Many trees are set out that are not properly supplied with root. If you want extra good maple trees, take a ladder and saw and go to the woods, select your trees and saw off the tops. This will cause them to throw out a large number of fibrous roots so that next spring when you dig up the tree you will have one that will grow if you give it half a chance. But trees want some attention after they are set out, until they get well established, then there is but little doubt that they will live.

C. V. Hicks, Oscoda, Pianos, Organs and Bicycles.

See Friedman's advertisement in this issue.

Fresh eggs and good butter at Prescott's.

County Clerk Galbraith was up to Oscoda, Tuesday.

Jack Newmark of Newberry, is the guest of his brother Lewis, of this city.

Miss Mamie Waterbury went to Ithica, Tuesday on a visit with relatives.

Dan McDonnel, of Omer, was in the city Wednesday and made us a pleasant call.

Mrs. A. P. Murphy and Mrs. James Larmer returned Monday from Detroit.

L. I. Halsey went to Standish Monday, where he has accepted a position in a drug store.

WANTED, 3,000 bushels of huckleberries, delivered at Tawas City, Mich., for which the highest cash market price will be paid.

M. MURPHY, Ed. McDONALD.

When in AuSable, H. Aldred, the jeweler, and practical, scientific graduate optician, would be pleased to have you call on him for anything in his line. Orders by mail will receive careful attention.

Dr. Mosher, D.D.S. of Jackson has opened a temporary in a portion of C. A. Jahraus' law office, where he is prepared to do all kinds of dental work. Those in need of work will do well to call on him.

Among those who attended the McCombs—Nisbet nuptials Tuesday, were the following from Bay City: Mr. McCombs, father of the groom, Miss McCombs, Miss Ethel McCombs, Miss Anna Hanet, Miss Crosby, Misses Margaret and Bella McRae, and Messrs. Pierce McCombs and Clarence Young.

While coming down the Simpson hill on the Plank road last Tuesday, a horse driven by Mrs. G. E. Shaw, of this city became unmanageable. Mrs. Shaw was thrown out and received a serious scalp wound. She was brought to her home and Dr. Darling was called to dress the injury. It required thirteen stitches.

Every little while we see a discussion as to whether or not a subscriber who takes a paper from the postoffice can be made to pay for it. There is authority for both positions. But as to the moral point involved there is but one conclusion. The man who takes a paper for year and refuses to pay, unless too poor to do so, was never intended for a man at all. He should have had four legs and a liberal supply of bristles.—*Ex.*

Peaches 10 cents per can at Prescott's.

A cynical exchange gives out the following, in which the truth holds a good part: It is easier to sell a bicycle than a wagon. Men will buy shot guns and pay cash for them when they have to give notes in payment for utensils which they must have to earn their living. They pay the retailer a hundred per cent profit on beer without a protest and then kick on 10 or 20 per cent, the grocery dealer asks. Billiards at 25 cents a game does not seem very high to them, but bread tickets 24 for a dollar makes them grunt.

For some time past it has been noticed that E. V. Esmond, of Hale, has shown signs of an unbalanced mind. He has been around the Tawas for the most of the time for the past two weeks. He advertised a silyer speech for last Monday evening, claiming he had been called by God to reform national financial policy of the country. As he seemed harmless he was not locked up, and on Tuesday went to Bay City, and while addressing a crowd on Washington street was arrested. He was brought home yesterday morning and placed in the county jail. Last evening he caused considerable excitement by setting a lot of paper on fire in his cell. He will be examined in the probate court and undoubtedly sent to the asylum. Mr. Esmond is one of the pioneers of Iosco county and one of the leading citizens. His many friends will learn with regret of his unfortunate condition.

The Review of Reviews for July is a strong political number. The portraits of prominent men of all shades of politics are numerous and interesting, and the editorial comment on the present situation is luminous. The Review is the only monthly which is able to keep full abreast of all political movements and changes. The action of the St. Louis Convention on the 18th of June is already history to the Review of Reviews, which appears on the first day of July; indeed that action has been definitely and accurately predicted in the number of the month previous. The Review has shown such possibilities in political magazine journalism as had not been dreamed of in the philosophies of the magazine editor of the conventional type.

C. V. Hicks, Oscoda, Pianos, Organs and Bicycles.

Died, at the home of his parents, Mr. and Mrs. Moses Kehoe, of Tawas township, on Saturday, June 27, 1896. Moses Kehoe, aged 14 years and one month. The funeral services were held at St. Joseph's church, East Tawas, Monday morning and conducted by Rev. Father Kinney. The remains were interred in the Catholic cemetery. Many handsome floral offerings, including one from the deceased's school mates of the Tawas City high school, were given. The deceased leaves a large circle of young friends who sincerely mourn his loss. The bereaved family have the sympathy of all.

Twenty-five pairs of ladies' shoes at \$1.48, worth \$2.00. Don't miss them.

C. H. PRESCOTT & SONS.

J. B. Lamont, of Saginaw, W. S., father of the young man who was drowned off the Faxon June 21, spent several days during the past week here, looking for the body. He made several trips along the beach between Ottawa and Fish Points but without success. Bills have been posted with the following description of the body: About 23 years of age, 5 feet 8 inches in height, weight 160 pounds, sandy complexion light hair, dressed in dark clothes, plain gold band ring on hand with the initials "M. A. L." on inside. Any one finding body will receive compensation by telegraphing W. B. Kelly, Tawas City, or F. E. Case, Saginaw, W. S.

A Northville merchant advertised three cakes of buttermilk soap for 17 cents, which was a big cut in price. The state smeller, who looks after foods, analyzed the soap and didn't find a particle of buttermilk in ten boxes, and would have arrested the dealer if the dealer had not taken him out to the barn and showed him the cow that gave the buttermilk. This convinced the food commissioner that it required lye to make buttermilk soap so the buttermilk couldn't be detected.—*Lansing Review.*

Many farmers have a custom of storing hay in large masses in the barn, in a place called the "bay," without a sign of any ventilation under the bulk, which usually rests upon a few loose poles or boards on the damp ground. A "bay" should have ventilation, not only under it by means of a chimney made of four poles fastened together by rounds like a ladder. A loose stone foundation could be laid for the hay foundation, with an air chamber from the outside leading to the chimney, directly over which there should be a ventilator in the roof. This simple contrivance would not only save many a ton of hay from mustiness, but it would enable the owner to put in his hay in a much greener state. That next the chimney would come come out very sweet. It is also an excellent idea to follow out this plan in relation to stacks.—*Ex.*

The effort of any newspaper to build up a town is practically nullified unless it is backed up by the business men. A stranger turns from the news columns of a paper to its advertising pages, and if he fails to find there the business cards of the merchants and professional firms he comes to the conclusion that the publisher is not appreciated, in which case it is a good place for him to keep clear of. No town ever grew without the active assistance of its newspaper. Nor can papers grow and build up their localities without the assistance of the town. Business men should realize this, and remember in giving support to the newspapers they are not only building up their own business, but help to support that which is steadily working for the growth of the whole town.—*Franklin Transcript*

Wedding Bells.

A very pretty morning wedding took place at the home of Mr. and Mrs. Wm. Nisbet, on Tuesday, the occasion being the marriage of their only daughter, Margaret to Philip J. McCombs, of Bay City. The ceremony was performed by Rev. A. D. Collins, of AuSable. A large number of guests were present from our own city and a number from Bay City. The presents were numerous and costly which told eloquently of the high respect in which the bride was held by all her old friends.

A message was read at the wedding breakfast from the Christian Endeavors of the Presbyterian church of Bay City, of which society Mr. McCombs is the honored President, sending the greetings of its members to the newly married couple.

The decorations of ferns, evergreens etc., were made by two local artists and were thought by all present to be very dainty and pretty.

Miss Ethel McCombs was maid of honor and Miss Bell McRae played the wedding march.

The happy couple left for Detroit and Ann Arbor and after July 15, will be at home in Bay City.

Long life and prosperity are hoped for, for the young couple who begin life with hearts both devoted to the service of Christ. *.*

AT

HAMILTON'S.

He keeps the best

The well known firm of **GEO. KOENIG,**

Has become a household word because the people appreciate his fine

Stock of Groceries,

And the liberality of his prices for the same. If you want the very best and finest, be sure and call on

Geo. Koenig,

He also keeps a complete line of Candies, Bazaar Goods, Toys of all kinds.

Geo. Koenig,

Tawas City, Michigan.

NEIGHBORING NOTES.

TOWN LINE.

Fine weather for haying.
Wanted—a good shower of rain.
Wm. Boomer has purchased a Champion mowing machine from John Preston.
Harry Preston left Thursday noon for Bay City to spend the glorious fourth.

BADGER.

LADLAWVILLE.

We would like a good rain.
Where are you going the fourth? Is the leading question of the day.
Mr. Jas. A. Shipley has purchased a new Champion mower of Mr. Preston.
Miss Effie Chase is going to Owosso to spend a few days with her brother.
Mr. and Mrs. George Laidlaw are rejoicing over the gift of a fine baby girl.
Mr. D. C. Shaw has just finished a most successful term of school. During the past year he has done excellent work and given the best of satisfaction. He has made many friends and all join in wishing him the best of success in the future, for a teachers life is not always sunshiny.

FROM OUR EXCHANGES.

Three officers of the Saginaw salivation army have been arrested for blockading the streets. They refused to select another place for their rallies, when notified by the police to do so.
A lumberman near Harrison recently inherited \$1,000. No selfish man was he, for within a week he had squandered over \$300 in liquor for the "boys." A guardian has been appointed.
The indications are that the heaviest hay crop in many years will be harvested throughout Presque Isle county this year, while grain generally speaking never looked better at this time of the season.

C. E. Nichols, of Roscommon, is building a boat that is soon to carry him 4,000 miles. He will start in Marl lake, follow the river to Houghton lake, thence to Lake Michigan and by various routes to Florida.

Omer has commenced an active campaign for the purpose of having the county seat moved from Standish back to that place. It is to be hoped that this hustling village will be successful, as it is entitled to it.

The wrecker Johnson has resumed the search for the barge Shaw, which foundered in Lake Huron in the fall of 1894 with coal. The steamer Sachem recently struck the spars of a sunken vessel off Greenbush, which was thought to be the Shaw. The Shaw was a valuable boat, and the search was made for the wreck last year, but it could not be located.

A telegram was received at Bay City Saturday announcing that William O'Connor, son of ex-Police Commissioner Maurice O'Connor of that city, had been released in Chicago, where for eight months he had been confined in jail on the charge of murder. The case against him was so weak that it was thrown out of court without going to trial.

The new railroad bridge over the Saginaw river at the lower end of the city, now being built by the Detroit & Mackinac railroad, is expected to be completed by August 1. Everything is now in readiness to receive the iron work. The grading is almost completed to the Kawkawlin and will soon be in the city.—West Bay City Independent.

Wm. Lilliburg better known as "Billy the Bum," ran for supervisor of Turner township, Arenac county, at the spring election. He was defeated by one vote, and demanded a recount. This occurred at the recent session of the circuit court and resulted in leaving the election a tie. The township board settled the matter by appointing Billy's opponent to the office of supervisor. The township board lose nothing in being deprived of Billy's services as supervisor.

John Corbett was arrested at Benton Harbor the other day. The stuff taken from the first two pockets inventoried as follows: Six handkerchiefs, 17 keys, 1 razor, 1 pair shears, 2 jack-knives, 2 pipes, 1 can opener, 1 scrubbing brush, 1 razor strop, 1 bar soap, 1 map of Michigan, 1 map of the United States, 1 doctor book, 3 fishlines, 5 packages of shoe strings, 1 mirror, 2 pieces of slate, 1 bag of buttons, 1 float, 1 spectacle case, 1 bundle of newspapers.

The first hard luck that has attended M. J. Griffin, of Detroit, the contractor for the sub-structure of the Detroit & Mackinac bridge over Eginaw river at Bay City, occurred Friday night. A caisson of timber, in which one of the stone piers had been started preparatory to placing on the foundation of piles sawed off on the bottom of the river, filled with water during the night and went to the bottom. It

will now be necessary to send a diver down to place chains under the caisson in order that it may be raised to the surface of the water and then pumped out. There remain only two piers to build before the bridge will be ready to receive the steel work.

The Reason why "Calumet"

can furnish a perfect baking powder at a moderate price is because they do not buy (so-called) government chemists, and because they are satisfied with a fair profit.

If you bake with the high priced powders, you eat more than 70 per cent of the quantity used, as Rochelle Salts.

Buy "Calumet" it is safe.

Plan your Summer Outing now. Go to Picturesque Mackinac via The Coast Line.

It only costs \$13.50 from Detroit, \$15.50 from Toledo, \$18.00 from Cleveland for the round trip, including meals and berths. One thousand miles of lake ride on new modern steel steamers for the above rates. Send 2 cents for illustrated pamphlet. Address A. A. SCHANTZ, G. P. A., Detroit, Mich.

Which is Your Way?

The man who is satisfied to let somebody else do his thing for him will read but one or two papers. He will gulp down what the editor of his party paper tells him, go to the polls and vote the party ticket, and then retire within himself, quite sure that he has done his duty. But the man who wants to know the "other side" and to be able to make up his mind for himself will not be content with this plan, least of all during a great political campaign like the present. He will read *Public Opinion* (published at New York), get all sides of every important public question, political, social, religious, educational and others. And then he will form his own conclusions and act upon them. Special rate for the campaign three months, for 50 cents.

For Sale.

The E. 1/2 of S. W. 1/4, S. 14, T. 22 N. R. 7 E. containing 80 acres, 35 cleared. Good, hewed log house, 2 1/2 miles from Tawas. Warrentee deed. Inquire of A. Murphy, Tawas City.

D. & C. summer Service to Mackinac.

Their new steel passenger steamers are all in commission, making four trips per week between Toledo, Detroit, Mackinac, Soo, Petoskey, Duluth. If you are contemplating a summer outing, send 2 cent stamp for illustrated pamphlet. Address A. A. SCHANTZ, G. P. A., Detroit, Mich.

Weak, Irritable, Tired

"I Was No Good on Earth."

Dr. Miles' Nervine strengthens the weak, builds up the broken down constitution, and permanently cures every kind of nervous disease. "About one year ago I was afflicted with nervousness, sleeplessness, creeping sensation in my legs, slight palpitation of my heart, distracting confusion of the mind, serious loss or lapse of memory. Weighted down with care and worry. I completely lost appetite and felt my vitality wearing out. I was weak, irritable and tired. My weight was reduced to 160 lbs., in fact I was no good, on earth."

A friend brought me Dr. Miles' book, "New and Startling Facts," and I finally decided to try a bottle of Dr. Miles' Restorative Nervine. Before I had taken one bottle I could sleep as well as a 10-yr.-old boy. My appetite returned greatly increased.

When I had taken the sixth bottle my weight increased to 176 lbs., the sensation in my legs was gone; my nerves steadied completely; my memory was fully restored. My brain seemed clearer than ever. I felt as good as any man on earth. Dr. Miles' Restorative Nervine is a great medicine, I assure you." August, Me. WALTER R. BURBANK.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. All druggists sell it at \$1.50 per bottle, or it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.
