TAWAS CITY MICHIGAN, FRIDAY, JULY 2, 1897

No. 26.

## THE RALLY.

### Iosco County Endeavorers hold a very Successful Meeting.

The Christian Endeavor societies of Iosco county held a very instructive and successful county convention at the Congregational church in this city last Saturday afternoon and Sunday. Delegates were present from each of the five societies of the county. Besides there were W. A. Prince, president of the Tenth District Union and Angus McDonald, president of the T. B. Boy's Brigade, of Alpena, and Miss Margaret McRae, of Bay City.

The first session of the convention opened at 3:30 Saturday afternoon, with a song service and devotional by Rev. Schofield. This was followed by the business session and election of officers. The new officers are:

President—Dr. J. H. Botz, East Tawas.

Vice-President—Mrs. W. A. Sperl, Whittemore.

Secretary—Mary R. Phinney, Tawas City.

Treasurer—Miss Tillie McQuaig, AuSable.

Saturday evening services opened by devotional by Rev. Waterbury, which was followed by the address of welcome by J. H. Nisbet, with response by Miss Tillie McQuaig, of AuSable. President Botz gave his annual address, showing the work and growth of the societies during the past year. "Simplicity in everything" was the title of a paper by Mrs. Goldie. The question box was conducted by Miss McRae, of Bay City.

The early morning prayer meeting led by Miss Phinney, opened the Sunday services. At 10:30 Rev. Kay, of East Tawas, delivered the convention sermon.

The Sunday afternoon session was devoted to the Junior work and the Boys Brigade. Mrs. C. D. Collins, of AuSable, gave a very entertaining paper on "Junior work," which was followed by a very interest and practical talk to the little folks, by Miss McRae, of Bay City.

The "True Blue Boy's Brigade" was then taken up, and Angus McDonald, aged 14, president of the Alpena Boy's Brigade, gave a fine description of the work of this society, and could not fail to enthrall the boys to the great possibilities open to them. Mr. Prince then gave the boys a very pleasant talk, urging them to take up this work with a will.

At 6:30 occurred the C. E. prayer meeting led by Miss McRae, which was followed by a song service and devotional by Rev. Kay. "Your example" was the topic given by A. H. Phinney in a very strong paper.

"What Think Ye of Christian Endeavor," was the subject for open parliament led by Rev. Schermerhorn, and many bright points were brought out. The program was closed by Mr. Prince, with a paper on "Complete Service."

The program was interspersed by vocal and instrumental solos by Mrs. E. H. Walker, Miss Pauline Bissette, Miss Nettie Darling and Miss Lou Benton, all of which were greatly appreciated.

The attendance at all sessions was good and much interest was manifested.

### BOYS' BRIGADE.

"We the undersigned boys of Tawas desire to form a Boys' Brigade in Tawas City, and we take the following pledge:"

"That well help in making our Brigade a success. That we will not

use tobacco or intoxicating liquors in any form, nor use indecent or profane language."

Twenty-five of the boys of this city, between the ages of 11 and 16 years, signed the above and elected the following partial set of officers. The balance of the officers will be elected at a meeting to be held within a few days.

President—Willie Myles.  
Vice-President—Allie McRae.  
Secretary—Fred Marsh.  
1st. Sergt.—Amos Lickfelt.  
2d Sergt.—Fred Dixon.

The organization starts out under the most favorable prospects, and every boy should join.

### Suicide at Oscoda.

Last Sunday evening, at about 7 o'clock, Fred Welsh, a well-known resident of Oscoda, committed suicide by cutting his throat with a pen-knife, dying almost instantly. Temporary insanity, brought on by poor health, and worry over the report that he was the cause of the arrest of certain parties for the violation of the liquor laws, is assigned as the cause.

Mr. Welsh is well-known throughout the county and has many friends in this locality. He has been engaged in the wholesale and retail liquor business for a number of years and had amassed a considerable amount of property. He leaves a wife and four children.

### Town Line.

We have a base ball team. Celebrate Monday at Tawas City. Mr. and Mrs. L. H. Dupraw called on friends here Sunday.

Miss Mabel Murphy, of Tawas, visited friends here this week.

Prospects look good for a large huckleberry crop this season.

Frank Baraster, of Alabaster, called on relatives and friends here Sunday.

Miss Ina Jones, of Chesaning, is visiting Mrs. John Preston at this place.

Joseph Ullman and Chas. Ballen-gar were down from Whittemore over Sunday.

The Town Line will be represented in the Calithumpian parade at Tawas Monday.

All crops were greatly benefited by the refreshing rains of Tuesday and Wednesday.

Jessie McCombs of Canada, has purchased 40 acres of land here from A. E. Sharpe, and has started clearing on the same.

### BADGER.

### Alabaster.

Mrs. Alfred Anderson is quite ill. The steam barge Pauly loaded with plaster Tuesday.

T. F. Robinson has moved in his new farm house.

W. H. Hartley, of Tawas, was in Town Wednesday.

Mrs. Wm. Myles, of Tawas, is visiting Mrs. L. Amoit.

Miss Bessie Brennan, of East Tawas, spent Sunday here.

The steam barge M. T. Greene loaded with rock Wednesday.

Miss Hattie White returned Friday from Bay City, where she has been attending school.

Miss Jennie Martin is home from Tawas, where she has been attending school for the past year.

The dance given at the home of B. C. Rice last Friday evening was well attended and a great success.

## GRADUATING EXERCISES!

Held at the High School Room last Friday Evening.

The annual commencement exercises of the Tawas City public schools were held at the high school room last Friday evening. James H. Phinney being the only graduate this year. The subject of Mr. Phinney's essay was "The Queen of the Antilles," and in a clear and concise manner he gave a short history of Cuba and her people. The paper was carefully written and showed much study and thought.

Hon. H. R. Pattengill, of Lansing, delivered a very interesting and instructive lecture on the subject of "Our Inheritance." Mr. Pattengill is a very forcible speaker and illustrated his points in a very apt and telling manner. His patriotic address contained much, which if adopted in our daily lives would add to the peace and happiness of our country.

The music of the evening was furnished by a male quartet, composed of Messrs Stephenson, Garber, Schermerhorn and Mount, and violin solo by Miss Beryl Hulbert and vocal solo by Miss Nettie Darling, all of which were greatly appreciated.

One of the pleasant features of the evening was the presentation of a fine Oxford Bible to Prof. Campbell by the members of the psychology class. The presentation was made by Will Hartley in a few well chosen words. Prof. Campbell was much affected by the unexpected act of appreciation, but recovered and thanked his scholars for their kind remembrances and good wishes.

### Review of Reviews.

The great international questions of the hour, and American questions of a political or economic character, are discussed in the editorial department of the American Monthly Review of Reviews for July. The project of Hawaiian annexation claims precedence in the review of current topics, entitled "The Progress of the World." The editor also comments on the present status of the Cuban question, on the situation in Spanish politics, and on our trade relations with the South American republics. This department deals, too, with the problems resulting from the Turkey-Grecian war and other grave complications in the Orient. In domestic matters, the proposed currency commission and the labor conditions of the country receive special attention.

### Estrayed or Stolen.

On or about June 19th, 1897, a four year old horse (Gelding) dark bay, about 15 hands high, weight about 1100 pounds, high headed, spike tail, but tail long, reaches to fetlock joints and cut off square at bottom. (There was no white marks on him whatever.) Any information concerning above described animal will be appreciated by

J. E. ANDERSON,  
Alabaster, Iosco Co., Mich.

### Fourth of July Rates.

The D. & M. Ry. will sell tickets to all points in Michigan on July 3-4-5, good for return on July 6, at one fare for the round trip.

H. A. CLOUGH, Agent.

### Closing Out.

We have 51 pairs of the celebrated "Lilly Brackett" shoes, lace and congress, our regular \$5 and \$5.50 stock, which we have marked to sell for \$2.98. Sizes 6, 6½, 7, 7½, 8, 8½, 9, 9½. All the regular sizes, do not miss them for they never will be duplicated.

C. H. PRESCOTT & SONS.

ONE or two important bills—important to tax-payers, at least—have become laws, among them being an act providing for the publication of the proceedings of annual school meetings, and an annual financial statement in graded school districts. Also for the printing or writing of financial statements of township for the distribution at the annual town meeting.

PEOPLE may wrangle and experts be deluded, there is one class of men in this country who know what the sugar schedule means. They are the Wall street operators.—Within four hours after the sugar schedule was agreed on by the trust and the republican senators, sugar stock went up from 118 to 124, and on Saturday it was quoted at 126½. Here is an increase of \$6.12 a share, coincident with the report and action by the senate in adopting the rate argeed on, *Pittsburg Post.*

"OPEN the doors of well-requited toil to the unemployed and bring the long-expected prosperity to every home," prayed the chaplain of the senate. When the senate got down to work after this inspiring prayer it finished the consideration of the sugar schedule of the tariff bill, conferring on the sugar trust the largest measure of favor ever granted it by law. Never was there a more grotesque contrast between prayer and work as this spectacle in the senate. While the chaplain prayed for blessings on the people the senate opened the people's doors to a band of robbers.—*St. Louis Republic.*

A LANSING dispatch says: The law making the duty of judges of probate to issue marriage licenses and perform ceremonies of marriage in certain cases will take effect August 29, and the secretary of state has issued a circular calling the attention of the probate judges to the law. The statute is intended for the protection of the reputation of certain females. Special attention is called to the provision of the law requiring strict secrecy to be observed concerning marriages of this class. They are not to be talked about by the judges, their deputies or assistants, or by the physician indorsing the application. A penalty is provided for the publishers of newspapers who give publicity to such marriages.

THE Omer Progress man accuses us of "calamity howling." Now, really, Frank, this is unkind. Such an act is farthest from our mind, and we are really surprised that you, from your independent stand, should take up the defense of the g. o. p., when every sane man knows that it won its last victory on false promises of prosperity, which it knew it could not, nor would not fulfill. It is not the intentions of Mark Hanna and his gang of sharks to allow the poor men of our land prosperity. A slaye is much more easily handled than a freeman. Of course, expecting, as you do, a nice slice of "pap," in the shape of tax sales, you are perfectly justified in defending them, but you know full well that the promised prosperity has not put in its appearance, nor is it liable to.

### Ladies' Waists.

Do not miss the warm weather prices we are making on Ladies' Waists. All sizes in great variety, 50 cents up. Why suffer with the heat.

C. H. PRESCOTT & SONS,

## TEACHERS ATTENTION.

What are you Going to do this Summer?

The N. E. Summer Normal, a well established school and one of the best in this section of the state will begin its fourth annual session at Standish, July 19, and continue until the August examination. Here is a chance to get some good normal training for a little money. Railroad fare to Standish a trifle, board at \$1.50 to \$2.50 per week and tuition only \$1.00 per week. \$20 will care for all necessary expenses, and you will see the result in the August examination.

How many third grade certificates have you had? Wouldn't it be better to get a second before you were compelled to quit teaching? You are preparing for examination. Who knows the needs of the teacher on examination better than a county commissioner? Notice the list of instructors:

Prof. Millard Frappier.  
County commissioner F. F. Stephenson, Iosco county.

County commissioner F. D. Noggle, Arenac county.

M. F. Parker, board of examiners, Arenac county.

Mrs. Julia Ingles, ex-commissioner Arenac county.

Prof. C. W. Hitchcock, ex-commissioner, Bay county..

Don't you think these instructors will know just what you want? At the examination the commissioner of Arenac and Iosco county will recognize all work done in summer schools this year, giving a percentage to each teacher who has attended a school. Five per cent off means a great deal. For particulars write M. F. Parker, Standish, Mich.

### A Time for Repentance.

It is now absolutely certain that the Jones-Aldrich tariff bill, even if it could become a law today, would not provide revenue enough to meet expenses for the next two years at least.

Why then should it become law at all?

The present extra session was convened avowedly for the purpose of passing a tariff or other bill which should provide adequate revenues. Why should it persist in passing one that will certainly leave a deficit?

And if it does so, how is the deficit to be made good? Is there any other way than by bond sales and the increase of the interest-bearing debt in time of peace?

Will this policy be more acceptable to the people under McKinley than it was under Cleveland?

Can the republican party afford at such a cost to persist in a project of rewarding and repaying Mark Hanna's campaign contributors by repeating the blunders which led to the defeat of Democracy?

What shall it profit a political party to reward men for buying one election for it, if in doing so it must lose the next election?

Why should not congress now repent itself of the folly of the last six months? Why should it not even now use the simple and obvious means open to it of giving the country revenue and rest and permitting it to secure recuperation for itself?—*New York World.*

### Farmers Attention.

Choice millet, hungaran and buck-wheat seed now are in stock.

C. H. PRESCOTT & SONS.

### WASHINGTON LETTER.

From our Regular Correspondent.

WASHINGTON, June 28, 1897.

Senator McLaurin is one of the few democrats who is willing to make a prediction as to the date of the passage of the tariff bill by the senate, which nearly everybody expects to occur sometime during the latter part of the present or the first of next week. Speaking on the subject, Mr. McLaurin says: "I think a vote will be reached on Friday, that is hangman's day, and as the bill will bring ruin and misery it would be appropriate to put it through on hangman's day." Some of the republican senators expect the bill to be passed as early as Wednesday and Thursday of

this week, but that is not very probable. Republicans in the house are very confident that in all important schedules, the bill as it emerges from the conference committee will closely resemble the original Dingley bill.

Secretary Sherman doesn't know what Mr. McKinley's Cuban policy is to be. He so informed a close personal friend. It has leaked out since Gen. Woodford, the new minister to Spain, has been in Washington, that he isn't in any particular hurry about getting to Madrid, and that he has no idea that he will actually open negotiations with Spain in the Ruiz case, which is to be made the stepping stone to the introduction of the McKinley policy towards Cuba, before the fall. He will probably start late in July, but it is not certain that he will go either by the most direct or the most speedy route.

Czar Reed has made out his list of committee assignments and unless some of his kindergarten, otherwise known as the U. S. house of representatives, do something to offend him between now and then, he will announce them after the house has adopted a resolution setting the date for the adjournment of the session.

The new commissioner of patents, Hon. Benj. Butterworth, is plying the new broom or pitchfork which has been long needed. Within two weeks he has disbarred eight patent attorneys for fraudulent practices, and he has ordered others to answer why they should not be disbarred, charging them with making "fraudulent, deceptive, improper and incomplete searches, with intent to defraud and the result of defrauding clients, to their injury; and wrong doing, to the scandal and reproach of the patent office and contrary to equity and good morals."

Mr. McKinley and Boss Hanna have concluded to abandon the idea of trying to get Congress to authorize the appointment of a currency commission at this session.

Nearly everybody except the applicant takes the refusal of the committee of privileges and elections to vote on the report prepared senator Hoar, favoring the seating of ex-senator Corbett, of Oregon, on the certificate of the Governor of that state, to mean that Mr. Corbet will never get the coveted seat. He might have gotten the seat had not ex-senator Mitchell and his friends been using their influence against him on the quiet, although it is by no means certain that a majority would have voted to seat him, anyway.

Senator "Billy" Mason will be unmercifully guyed by his associates when he returns to Washington, for having made a big bluff by telegraphing the request to have the nominations for the southern district of Illinois held up by the senate committee to which they were referred, one day, and following it up the next day by withdrawing his objection to their confirmation. He will be complimented on his skill as a lightning change artist.

Some of the the applicants for consular appointments are beginning to regard themselves as being up against a bunco game that is being run by Mr. McKinley, and they are kicking as much as they dare to as long as they allow themselves to cherish hopes of getting a government berth. These men say that every time they go to the White House to try to push along their application, they are told that Mr. McKinley isn't ready to take up the appointment of consuls, and yet they see the nominations of consuls sent to the senate almost every day, and some of them have been young fellows whose only claims for recognition were the pocketbooks of their fathers, or the social "pull" of their mothers. It is not strange that this state of affairs should cause kicking.

Senator Pettigrew is apparently none the worse because of his disagreeable experience in the senate on Saturday. His physician says that his trouble was merely a temporary paralysis of the vocal cords. His sudden cessation in the midst of the sentence which formed a part of a vehement speech created a sensation on the floor.

Several lively run-aways have helped to make things exciting on our streets this week.

Will A. Prince and Angus McDonald, of Alpena, attended the C. E. convention here last Saturday and Sunday, and assisted in the organization of the T. B. Boy's Brigade.

Messrs C. L. Whitney and J. J. Patterson, mail agents on the D. & M., each passed most satisfactory at the recent civil service examination at Detroit. Mr. Whitney's standing was 100, and Mr. Patterson's 99 65-100.

"Bloomer socials" are becoming very popular throughout the state, but anyone who goes to one with the expectation of seeing any unusual display of hosiery will get left. The "bloomers" are not that kind, but cut flowers in full blossom.

The board of supervisors have hired J. A. Dresser, expert accountant, of Detroit, to audit the books of the county treasurer's office for the 12 years next preceeding January 1, 1897. Mr. Dresser will receive \$10 per day and his expenses for this work.

Miss Nellie Brabon, Miss Nellie Hamilton and Miss Winnie DuPraw, of this city, and Miss Blanche Richards and Miss Florence Oakes, of East Tawas, leave this evening for a trip to Mackinac Island. They will also attend the Epworth League convention at Cheboygan.

The examination of Alex Bonenfant and Robt. Smith, on charges of selling liquor without a license, were held yesterday before Justice Cosgrove. Bonenfant was bound over to the circuit court on two charges, and Smith on one, and the later was dismissed on one charge.—Oscoda Press.

The fine sailing yacht "Tramp," of Bay City, was here Tuesday. It brought Mr. and Mrs. A. B. Anderson, Mr. and Mrs. Lou Arnold and children, and Mr. and Mrs. Wm. Lamont and children, who will spend a few weeks enjoying the cool breezes of Tawas bay. They are located in the Murphy residence in the second ward.

Arenac county circuit court made the following record last week: W. S. Humphery, of Standish, was sentenced to six years at Jackson for assaulting a little girl. Frank Flower, of Au Gres, gets four years at Ionia for assaulting his 12-year-old demented step-daughter, and Fred Lamue, of Omer, 18 months at Jackson for a similar offense.

Prof. and Mrs. J. A. Campbell removed to Whittemore Monday. During his two years as superintendent of our public schools, Mr. Campbell has proven himself an able and painstaking instructor and by his close attention to his pupils and patrons of the school, and the best wishes of all accompany he and his estimable wife.

The law in regard to cutting Canada thistles and other weeds should be rigidly enforced. Too many men are too lazy to cut the thistles on the farm and along the roadside and the result is these weeds go to seed year after year and in many places have complete possession of the land. The law says they shall not be allowed to go to seed and this law should be obeyed or violators punished.

A summer breeziness and wild western thrill of adventures prevade the stories in the July Midland Monthly, (Des Moines). "Our Inland Seas," written and pictured by F. W. Fitzpatrick, gives the reader a delightful voyage over our great lakes, and much interesting information on the trip. "Grant's Life," by Judge Emerson, this month, develops six new views, taken for the Midland, at old Ft. Vancouver, on the Columbia. Miss Scott concludes her "Across the Country in a Van," with a well illustrated sketch of the City of Mexico. The Midland's July prize paper, by Prof. Carothers of Galena, describes and illustrates the discoveries of a party of Scientists in the caves of the prehistoric cliff-dwellers of Arizona. Numerous other interesting features are included in this number.

## Weekly Crop Bulletin.

For the week ending Monday, June 28: The mean temperature for the state for the week ending Saturday June 26th, 63.0 degrees, was 5.0 degrees colder than the normal. The week opened with a light frost and the temperature decidedly below the normal during Sunday and Monday. A gradual rise brought the temperature above the normal during Wednesday and Thursday, but the average was again deficient during Friday and Saturday—decidedly so on Saturday. The average daily deficiency is 5 degrees. The highest temperature during the week, 88 degrees, occurred on Wednesday at Saginaw. The lowest temperature, 30 degrees, occurred at Wetmore on Monday.

The precipitation for the state for the week averages 0.12 of an inch, which is 0.63 of an inch less than the normal. Ample and frequent showers fell over most parts of the upper peninsula, but over the lower peninsula the showers have been very light and rather widely scattered. A majority of stations in the lower peninsula report no rainfall during the week. The greatest amount reported was 1.35 inches at Paw Paw, Van Buren county.

The sunshine has averaged 73 per cent of the possible amount.

The weather of the past week has been generally favorable to the farmer. Dry, clear weather has advanced farm work very rapidly; corn has now received its first cultivation, the same can be said of early potatoes, and summer fallow plowing has also been pushed forward. The warm bright days have advanced the condition of most vegetation, but the temperature, especially during the nights, has been a little too cool for the best advancement of corn and oats. These two crops are, however, in a very fair condition at present and have made some progress; correspondents almost without exception report their oats and corn as of good color and healthy growth but backward. Bean planting is finished in all sections of the state and much of the early planting is up, having made a good stand. Clover haying is well started in nearly all sections of the lower peninsula and is a heavy crop, but cures slowly on account of the heavy, sappy growth which was caused by an abundance of spring rainfall. Haying will be quite general during the next ten days and the present condition indicates a rather light yield as regards the old meadows, but a heavy yield from new seeding. Wheat continues in a promising condition and in the southern counties is just beginning to turn. Rye is a splendid crop. The cool weather has been somewhat detrimental to fruit trees during the past week, especially to apples, several correspondents reporting cruel leaf on apple trees and fruit dropping badly. The frost on Monday morning was quite general in all parts of the state, but the damage was very light indeed and confined entirely to low ground. Very little rain has fallen during the week. A large number of correspondents report no rain at all. Moderate showers during the present week would be very acceptable.

## Lice, Mites and Fleas.

"Uncle Snort" says he has no faith in "long range lice-killers." We have too much respect for Uncle Snort to take issue with him. We'll only just say what we do in an emergency.

Kerosene is our agent in the destruction of lice and mites. Now, there is a big difference between lice and mites, too—a mighty big difference. Lice, like the successful boy in the blackberry patch, "stick to the bush." That is, they stay on the hen or chicks, and seldom leave them for anything else; not so, however, with the pesky little fly-about mites, either the red ones or the white ones. They are on the outlook for a touch of a human hand, or the brush of a man's pants, or a woman's skirts. They'll drop everything else in sight and get all over you in a minute. We can tolerate chicken-lice, but chicken mites are too much for us.

For lice on fowls we oil the roosts, nest boxes and all pieces of wood that the fowls come in contact with. We do this late in the evening; we also sprinkle the kerosene in the dust where they wallow. Now, if it don't kill the lice, it keeps them out of sight anyway, and if that much is accomplished we are satisfied.

Now, as to the mites. They are the outcome of neglect. They will not come about fowls or about the hen house treated as above suggested. But, when they do appear, it is time for action. They fairly give the fowls fits, and make a man half crazy if they get on him. And the women—they just won't go near the hen house

after the mites have taken possession.

To get rid of the mites a general overhauling is necessary. The house must be thoroughly cleaned inside—bottom, sides and all—and lime-water and kerosene thoroughly swashed all over it. In this case "Uncle Snort's" idea is the thing. You have got to get right on top of them to kill mites. The fowls should be taken separately and individually and their shanks rubbed with the oil, and it brushed lightly pretty much all over the outer surface of their feathers, but not deep enough or in large quantities to penetrate to the skin. This should be done late in the evening. It will not wind up the mites, and a once a week treatment as suggested for lice will keep the fowls rid of both. As to the hen and chicks, treat her to an oil washing (on the surface) as above, putting none directly on the chicks, and it will free them of the pests.

Now, as to fleas; do not have many of them here. Only once did they invade our back kitchen, while we were away from home, and a friend who slept there let his dog sleep in the back of the house and the dog brought the fleas. We got a package of Persian insect powder into every crack and crevice about the floor and lower part of the side walls, and literally filled the air with the powder. Then we closed the room and kept it closed for several hours. The next evening we gave it a second treatment and the fleas disappeared.—Texas Farm and Ranch.

## For Files on Cattle.

Take coal tar two parts and coal oil and grease one part each and mix with a small amount of carbolic acid. Apply with a cloth by moistening the hair and horns of the animals with the liquid. In the applications include feet and legs, and it will drive every fly away, and one application will last ten days or more in dry weather. Apply as often as necessary, and your cows will be entirely secure from flies of all kinds. Any kind of old lard or grease can be used. Coal tar is the base of the remedy, and when too thick to spread well use more coal oil; when too thin to adhere well use more coal tar. Carbolic acid will cost about 50 or 60 cents in crystals by the pound, and every farmer should always keep it on hand, as it, in many uses, is indispensable.

## Cleanings.

See that the cows have all the salt and fresh, pure water they want.

The best proof that there is fair profit in raising good cattle may be found in the fact that the men who handle that sort are not complaining about the business.

The demand for good cattle still continues. Now is a good time to go into the cattle business. Buy a good, well-bred heifer or two and you will soon have a herd.

Because a hog is to sell by the pound almost any one will feed it well, but not one man in ten will feed a milch cow enough to enable her to do half as well as she might.

A soil which is very loose upon the top is not in the best condition for germination of grain sown: roll it or press it down in some way, and there will be less cause to complain about poor seed.

Feeding is routine work day after day, and therefore, often carelessly done. One advantage in having pure breed stock is that it leads to practice pure breed feeding. There is such a thing as scrub feeding as well as scrub stock.

During dry weather an excellent dust bath can be provided by digging or turning over the ground near the roost. The fowls enjoy this moist, fresh earth, and will be able to keep the body lice down if they have access to such a bath daily.

I believe the cowpea is the greatest acquisition to the northern states of recent years. Clover was long the sheet anchor of American agriculture, but a series of draughty seasons, aided by destructive insects, have almost annihilated it.—R. M. Kellogg.

To produce pork cheaply is to produce it quickly. The best way to accomplish this is to breed thoroughbred stock. The best pork is a pig that will weigh 200 pounds at six months. This can be obtained by using well bred sires and dams and feeding pigs well.

The demand for fat porkers at all seasons of the year is gradually breaking up the custom of feeding but one lot yearly. This is an advantage, as the work is distributed and the risk materially lessened. Besides, it gives an opportunity of using the feed for better advantage.

The best time to kill weeds is when they first appear above the surface. It is easier to kill a thousand then, than one tough old one later in the season. Weeds are prolific seed producers—some producing as many as 50,000; it is therefore folly to allow them to reach maturity and seed a crop for next season.

It matters not whether the farmer is breeding for beef or butter, he cannot afford to ignore the principle which runs through all breeding operations—that like begets like. One may soon build up a herd of great merit merely through a selection of good cows bred to the best bulls, or may stay at the tail of the procession.

**\$8 FROM CLEVELAND TO MACKINAC AND RETURN.**

**\$7 FROM TOLEDO TO MACKINAC AND RETURN.**

**\$6 FROM DETROIT TO MACKINAC AND RETURN.**

The above special tourist will be put into effect June 20th, via DETROIT & CLEVELAND STEAM NAVIGATION Co.'s new mammoth steel passenger steamers. **Jasper C. Gates, Attorney, 16 and 17**

**MORTGAGE SALE.**—Default having been made in the conditions of a certain mortgage, bearing date the ninth day of June, A. D. 1894, executed by Elsie Blanchard Gates, of the Village of Rockford, Kent County, Michigan, to Helen E. Gibson, of the City of Detroit in the State of Michigan, which said mortgage was on the 16th day of June, A. D. 1894, recorded in the office of the Register of Deeds of Iosco County, Michigan, in Liber 14 of Mortgages, on pages 12 and 13, on which there is claimed to be due at the date of this notice, as principal and interest, the sum of one hundred and twenty dollars and fifty cents (\$120.50); said mortgage also contains a covenant that should any default be made of the payment of any of the taxes and assessments which should (while the moneys secured by said mortgage were unpaid) be imposed upon the mortgaged premises covered by said mortgage and hereinafter described, by the said mortgagee, within the time prescribed by law, it should be lawful for said mortgagee, her executors, administrators, and assigns to pay and discharge any or all of said above mentioned duties, assessments, and taxes, and that the moneys thus paid by said mortgagee should be a lien on said premises, added to the amount secured by said mortgage, and payable forthwith, with interest at the rate of eight per cent per annum; and further, that on the 22d day of April, A. D. 1897, there was due and unpaid certain taxes upon said premises amounting in the whole to the sum of one hundred and two dollars and eighty-four cents (\$102.84), and the said mortgagee did on the day and year last aforesaid pay the last said taxes and the whole thereof to the Treasurer of said Iosco County, which last said sum of money, together with the interest thereon at eight per cent per annum, the said mortgagee claims to be due upon said mortgage, in addition to the sum of money first aforesaid; and no proceedings at law or in equity having been instituted to recover the last said sum of money, or any part thereof; therefore, notice is hereby given, that by virtue of the power of sale in the said mortgage contained, and pursuant to the statute in such case made and provided, said mortgage will be foreclosed by a sale of the said mortgaged premises, at public auction, to the highest bidder, for the amount due upon said mortgage, with the attorney fee provided by law, and the taxes paid, and the costs and expenses of such sale, on SATURDAY, THE THIRTY-FIRST DAY OF JULY, A. D. 1897, at twelve o'clock noon of the day, in the front door of the Court House for the County of Iosco County, Michigan, situated in Tawas City, Michigan, in said County of Iosco (that being the place where the Circuit Court for Iosco County is held), which mortgaged premises are described as follows, to wit, the following described land and premises, situated in the City of Au Sable County of Iosco, and State of Michigan, viz: Lots eight (8) and nine (9) of the subdivision of lot one (1) of section ten (10) in town twenty-three (23) north, range nine (9) east, according to the plat of said City of Au Sable now on file in the office of the Register of Deeds of said County of Iosco in Liber one (1) of Deeds, on page twenty-seven (27).

Dated April 20th, A. D. 1897. HELEN E. GIBSON, Mortgagee.

JASPER C. GATES, Attorney for Mortgagee.

## Mortgage Sale.

By reason of default in the payment of one hundred and thirty-five dollars and forty eight cents, claimed to be due at this date, upon a certain mortgage executed and made by Bridget M. Murphy of Tawas City on the 14th day of October, A. D. 1888, to John A. F. Schaeffer, and recorded October 20th, 1888, in Liber 7 of mortgages at page 506 in the register of deeds office for Iosco county; no proceedings at law or in chancery having been commenced to recover said sum or any part thereof, and under the power of sale in said mortgage contained.

I shall foreclose said mortgage by a sale of the premises in said mortgage described, as lots 14 and 15 in block third of the village, now city of Tawas City, on the 3rd day of July, A. D. 1897, at nine o'clock in the forenoon of said day, at the front door of the court house in Tawas City, that being the place for holding the circuit court for said county of Iosco, to satisfy the amount claimed to be due on said mortgage on said day of sale, together with interest, costs and attorney fee thereon.

N. C. HARTING, JOHN A. F. SCHAEFFER, Dated March 30th 1897. Mortgagee.

# THE NEW YORK WORLD,

Thrice-A-Week Edition.

18 Pages a Week. 156 Papers a Year

A paper as useful to you as a great \$6 daily for only one dollar a year. Better than ever. ALL THE NEWS OF ALL THE WORLD ALL THE TIME. Accurate and fair to everybody. Democratic and for the people. Against trusts and all monopolies. Brilliant illustrations. Stories by great authors in every number. Splendid reading for women and other special departments of unusual interest.

It stands first among "weekly" papers in size, frequency of publication and freshness, variety and reliability of contents. It is practically a daily at the low price of a weekly; and its vast list of subscribers, extending to every state and territory of the union and foreign countries, will vouch for the accuracy and fairness of its news columns.

We offer this unequalled newspaper and the HERALD together one year for \$1.75. The regular subscription price of the two papers is \$2.00.

## EXAMINATION SCHEDULE.

Regular August 19, 20 and 21, 1897, at Tawas City for all grades of teachers' certificates, and for admission to the Agricultural College.

J. K. OSGBEY, Co. Com. of Schools.

## Michigan Mining School

A high-grade State technical school. Practical work. Elective system. Summer sojourn. Givings of S. B. E. M., and Ph. D. Laboratories shops, mill, etc., well equipped. For catalogue address M. E. WADSWORTH, Ph. D., Director, HOUGHTON, MICHIGAN.
