COUNTY SCHOOL NEWS

Teachers, School Officers and Patrons are Invited to Contribute Items of Interest Hereto

School reports have become so numerous that we have decided to make a special department and invite each school in the county to contribute to it any items of interest. Teachers and school officers are also invited to use it for the discussion of all questions of interest to the schools.

TAWAS CITY SCHOOLS

Edward Boldt was absent Tuesday. Tillie Hosbach has returned to school. The third grade has finished their corn booklets. Edward Maller has entered the grammar room. The zoology class is trying an experiment in Osinosis. Fern Hinton has returned to school after several days illness. David Lang has returned to school after several days absence. Russel Rollin is still absent, having been poisoned with poison ivy. The normal girls have finished their observations in the primary room. The American literature class is reading Whittier's "Snow Bound." The has been a number absent on account of illness in the primary room. The eighth grade is learning, "The Chambered Nautilus," for their reading. Our teacher informs us that the general history class is making fine progress. The fourth grade has been making a study of the preparation of coffee and sugar. The English literature class is reading Shakespeare's play "The Merchant of Venice."

Miss Hottos, of Taft, and Mrs. Featherston, of Hale, visited the grammar room Friday afternoon. Hon. H. R. Pattengill's lecture was well attended Friday evening. His subject was, "Made in America." An appropriate motto was left by Hon. H. R. Pattengill on a board in the high school, "Busy not Buzzy." The eighth grade drew maps of North America, the best had their's placed on the wall. They were Bernice Whittemore and Lottie Halleck. The teachers institute held in the high school Saturday was in every way a success. Over 95 per cent of the county teachers were present and several school officers came miles to attend this meeting. Great credit should be given to our efficient commissioner for the success of the institute. Last week was a busy one for the teachers. The following people visited the school: W. H. French, Deputy State Supt. of Public Instruction, Commissioner J. A. Campbell, Hon. H. R. Pattengill, John E. McDonald, former superintendent of our schools, D. A. Wright, of Lansing, Mary Hottos, Mrs. Featherston and Clara Larmer. The Athletic Association met after school Monday evening and elected the following officers: President, Don Garber; vice president, Will McCue; treasurer, Fred Swartz; secretary, Bert Stuckney. President Garber on being called upon for a speech, gave a short address thanking us, and expressing a hope that we win next spring. Vice president McCue being called upon for a speech made a made a motion that we adjourn.

Not an absent member in the primary room on Monday last, and only one absent mark in the advanced room. The third grade is drilling upon the sounds of the vowels and marking words diacritically. Our teachers, Mrs. Westervelt and Miss Hottos, were in Tawas City last Friday and Saturday, in attendance at the teachers' institute.

THE LOVE SCHOOL. The pupils of the school are getting new song knapsacks. Kate Waite and Harry Christie have been on the sick list this week. Alfred Graves, Henry Hobart and Jamie Munroe have been absent this week. School was closed last Friday on account of the teachers' institute at Tawas City. The third grade write stories every Tuesday and Thursday. Roy Curtis had the best on Tuesday.

Sudden Death of Al. Nesbit. The community was considerably shocked Tuesday afternoon by the announcement of the sudden death of Al. Nesbit, at the home of his parents, Mr. and Mrs. William Nesbit, of East Tawas. Mr. Nesbit has been suffering from rheumatism for several months and had returned only a few days previous from Alma where he had been taking baths. He had been feeling very much better for a few days. About 3 o'clock Tuesday he was suddenly attacked by a severe attack of rheumatism of the heart and died within a few moments. The deceased would have been 40 years of age had he lived until Thursday. He was one of the best known engineers on the D. & M. Ry., having been in the employ of the railroad company since he was about 15 years of age. Besides the bereaved parents, one brother, James Nesbit, a conductor on the D. & M., who resides at Cheboygan, and four sisters, Mrs. W. E. Waterbury, Misses Victoria, Charlotte and Alice, and a large circle of friends are left to mourn his death. The funeral service will be held from the home this afternoon, Rev. B. Gibson, of the East Tawas M. E. church, officiating, and will be under the auspices of the Bay City Commandry Knight Templars, of which he was a member.

MURDER AT AuSABLE.

John Ferris, Assistant Dock Agent Shot Down by an Ex-Convict.

Tony Dooley, of Alpena, Captured by Sheriff Curry, and Admits the Shooting, Robbery and the Motive for the Crime.

One of the most cold blooded murders ever committed in this section occurred at the steam boat dock in AuSable about 9:30 Wednesday forenoon. John Ferris, the assistant dock agent was alone at the dock when he was held up by a stranger with a revolver who demanded the money. When Ferris refused he shot him twice, and disappeared. The wounded man succeeded in getting to the telephone and notified the central office of the shooting. Assistance was immediately sent and although all that could be done was done, he steadily sank, and died within a few hours. Before his death he was able to give a meager description of the murderer.

Sheriff Curry was notified, and with Prosecuting Attorney Rawden, went to AuSable. It was soon learned that one Tony Dooley, a paroled convict who was sent to prison from Alpena a few years ago for burglary, and who answered the description given by Ferris, had got off the train arriving from Alpena a short time before the crime was committed. Shearsh was at once begun for this man by the officers and he was captured by Sheriff Curry about 9 o'clock Thursday morning, in the woods five or six miles this side of AuSable.

He was discovered by the D. & M. section crew who attempted his capture, but he eluded them. Knowing that Sheriff Curry would be on the passenger train which was then due the crew fled the train and notified him. The Sheriff with the section men and two hunters who happened along, soon located the fugitive. He started to run but when a shot from a Winchester in the hands of Sheriff Curry cut the bursh in his immediate vicinity he surrendered. He was brought to this city on the hand car and safely lodged in the county jail.

Dooley has admitted to the officers that he did the shooting and that it was done with Ferris' revolver which he found on a shelf in the dock office. He says that he went directly from the station to the dock, and finding the revolver he took it and covering Ferris demanded the money. When Ferris refused he shot him in the arm. Ferris then opened the cash drawer which contained only two or three dollars. He then demanded that the safe be opened and upon refusal he fired two more shots inflicting the wounds which caused death. He then left the dock, passed thro the town, he concealed himself in the woods. Wednesday night he started to walk to East Tawas hoping to get out on a freight. Four time his wanderings brought him back to AuSable, the last time at about daylight.

Dooley is a resident of Alpena where his parents reside. He is about 30 years of age, of medium build and slightly crippled from a paralytic stroke. He is one of the most cold blooded criminals that the officers here have ever had to deal with. He discusses his crime as though it was of very little moment. John Ferris, the murdered man, was about 22 years of age and the son of Mr. and Mrs. James Ferris, of AuSable. He was a young man of high standing and his brutal murder when defending the property of his employers has caused a strong feeling in Oscoda and AuSable against Dooley, and it is strongly hinted that if the officers had taken him to those towns after his capture a lynching would have resulted.

Dooley was arraigned before Justice Kelley of this city yesterday afternoon and bound over to the circuit court.

TAWAS CITY, MICH., Nov. 15, 1907

Dexter M. Ferry, president of the D. M. Ferry Seed Co., and one of the best known citizens of Detroit, was found dead in his bed early Monday morning. Heart disease was the cause.

More patents were issued during 1906 and more money collected by the United States patent office than in any single year previous, with the exception of 1905, since the establishment of the patent office in 1836.

If Fred M. Warner wins the republican nomination for governor next fall, there are a lot of republican papers in the state that will either eat crow or oppose his election. It will be amusing to watch some of them.

The Lansing press bureau has begun its campaign of education(?) in the interests of the machine politicians who are attempting to draft a new state constitution. Its regular weekly letters are being mailed to the machine press of the state.

The city papers contain almost daily articles advising the "dear people" in general not to hang onto their money but to put it in circulation to assist in relieving the present stringency. If they would advise the banks to follow the same course it would quickly furnish relief. About 50 per cent of the circulation medium is now locked in bank vaults and it is next to impossible to get any kind of a check cashed by them and they absolutely refuse to pay saving deposits under sixty days. The man who has any money at the present time is very foolish to deposit it.

One of the trusts that has the printing fraternity where the hair is short gave a little relief November 1, by giving a discount of five per cent on type, but alas, they also reduced the price of old type, which they buy of printers in exchange for new type, 30 per cent. So the recent slump in metals that type is made of to a basis where type ought to go to old prices, effects the type foundry five cents on a dollar, and they cut the printers supply of type down 30 per cent, so they will have a margin of 25 per cent in their favor.—Cheboygan Democrat.

Sparrow Bounty.

The small boys will still have a profitable crack at the sparrows, and they may be able to keep the pests down somewhat. The legislature, at the last session, passed an amendment to the sparrow bounty law, providing that hereafter the bounty law shall be two cents for each sparrow killed and limiting the shooting season to December, January and February, whereas, heretofore there has been no time limit. The law also provides that the bodies of the sparrows, in lots of not less than 10, shall be presented to the city, village or township clerk, who shall issue a certificate to the county clerk, the latter to give an order on the county treasurer for the proper amount.

Coin For The State.

The attorney general of the state of Michigan, collected for the state through his department the sum of \$6,032,802.36 during the fiscal year of 1906. Included in this sum was the railroad taxes amounting to \$5,975,739.48 for the support of insane in state asylums the sum of \$12,755,088, and \$7,410.07 in inheritance taxes. In his report Attorney General Bird shows to quite an extent the large and ever increasing business referred to that department and the many important questions which it is called upon to decide and take a decided stand upon safeguarding the interests of the state so well that the department record is generally accepted as highly commendable.

An interesting feature are the statistics regarding the work of the prosecuting attorneys of the several counties during the year. Under

the head of offenses charged it is shown that during the year 1,514 persons were prosecuted for drunkenness, 1,805 for vagrancy, and that other common complaint, assault and battery was preferred in 3,673 cases. There were eight cases of bribery prosecuted, 199 cases of burglary for carrying concealed weapons 186. Embezzlement charges were preferred against 116 persons, forgery 94, for swearing 337, simple larceny, 1,873 and the unclassified larceny cases numbered 1,130. That violations of liquor are frequent is shown by the report of 161 prosecutions for keeping saloons open after hours, 279 for keeping saloons open on Sunday and about 200 cases for other violations of the liquor laws aside from 434 unclassified. There were 13 prosecutions for manslaughter, 39 for misconduct in office, unclassified murder cases number 46, along with 43 assaults to commit murder and one case of murder in the first degree. There were 100 prosecutions for rape, 230 for criminal slander and 45 for violating the Sunday laws.

The report shows a total of 29,523 prosecutions for criminal offense during the year, of which 24,383 ended in convictions and 1,150 prisoners escaped.

In The Interests of "The Boys."

Apart from the saloons no adequate provision is made for the boys of this town to spend their evenings. "Boys will be boys," and try as we will to curb them by keeping them at home nights, the fires will burst forth, for they must have their fun, their mirth and their amusement. And who would deny it to them? That would only be to destroy some of their best instincts and to reduce their lives to a humdrum and a monotony.

Not as a minister do I write you, but as a man, a young man if you will, who has a deep interest in the "Tawas City Boys," and who apart from religion altogether, does not think it right that the young manhood of this city should be left exposed to the snares and allurements which lie open-mouthed down town.

As I have said, this is not merely a religious problem, it is a civic problem, a social problem and a household problem, and without waiting for our son to reel and stagger over our threshold, it is our bounden duty to be up and doing on his behalf. Some suitable room or hall, furnished with papers, games, etc., where he could pass his time under proper care and control, to my mind would be a boon, and I put it to the officials of this place who are responsible not merely for its sidewalks, its lighting, sewage, etc., but of more importance by far—its "moral tone," to take the matter to heart in a broad minded and generous spirit with a view to making the provision so sadly needed. Believe me.

Yours sincerely,
J. SPENCER SMITH,
Pastor M. E. church.

The Michigan Farmer's Magazine Section.

With the same spirit of advancement, the publishers of the Michigan Farmer, Detroit, have shown in the past, they are now furnishing with the regular issue of their farm paper, a very interesting magazine section. Although the average of 8 pages a week additional of high priced matter on good paper will be a heavy additional expense, the publishers believe that the increased satisfaction and popularity will more than make up in new subscribers the required outlay without advancing their price for the magazine section.

The magazine section will be made up of literature, stories, poetry, history and information. The farm boy and girl, scientific and mechanical matter that will be interesting to all members of the farmer's family.

We congratulate the publishers of the Farmer in being the leaders of the agricultural press in supplying the farmers and their families practical quantities of a variety of reading to meet all their wants.

The publishers will send a sample copy of their paper, including this magazine section, free on request. Subscriptions to the Michigan Farmer at 75 cents a year, \$1.20 for 2 years, or \$1.50 for 3 years, accepted at this office, or in combination with this paper a year each for only \$2.00.

Special Live Stock Trains.

Commencing Friday, Oct. 25, and each Friday thereafter until further notice, a special live stock train via D. & M. Ry. will leave Alpena Junction at 7:45 p. m., picking up live stock at all main line points, arriving North Bay City at 4:00 next morning. This train will pass through Tawas City at 11:50 p. m. Shippers are requested to hold all shipments as far as possible for these trains in order to secure good time and connections and enable the D. & M. Ry. to continue the service permanently.

A School Officers' Meeting.

Something new in school work has been inaugurated in this county by the untiring efforts of our efficient County Commissioner, John A. Campbell. Seeing the great benefits to be derived by the combined efforts of the members of the school officers of the entire county Commissioner Campbell concluded that a good time to call a convention of such officers would be close upon the wake of the enthusiasm in school work set in motion by Hon. H. R. Pattengill in his visits among the district schools of the county last week. During these visits he came in contact with from one member to the whole board in every district, and was well pleased with interest shown in school work by the school board, teachers and pupils.

In response to the call nearly forty members of the various school boards from all parts of the county met at the court house in this city last Friday at 10 o'clock a. m. The convention was called to order by Commissioner Campbell, who after a brief statement of the object of the convention, introduced W. H. French, of Lansing, deputy superintendent of public instruction, who proceeded to explain the many mistakes in the interpretation of school law by district officers. Such subjects as school funds, bonds, and directors' reports were thoroughly discussed and many arguments waxed warm, with the result that many good points were brought out and much good will resulted.

J. E. McDonald, deputy state health officer, was also present and addressed the convention on the subject of heating and ventilating of the school room. This question is of vital importance and the discussion developed many valuable suggestions that will without doubt result in much improvement in the conditions of the district schools of this county.

State Superintendent of Public Instruction L. L. Wright was also present and was very much impressed with the interest shown. He asked and answered many difficult questions pertaining to school law and management. He expressed the belief that the constitutional convention now in session would not make any change in the present primary law. This announcement brought approval from all those present, it being generally believed that it was best to leave well enough alone.

The interest shown by those present made it possible to organize what is to be known as the Iosco County School Officers' Association which will meet annually or semi-annually for the purpose of discussing important questions pertaining to school management and school work in general, and it is believed that much good will be derived therefrom for the schools of the county. J. A. Campbell was elected president and Harry J. Featherston secretary. The arrangements for the next meeting was left to the officers.

We have received the beautiful annual of the Michigan Audubon society, containing many colored plates of native birds. The society will give three prizes yearly on Arbor Day, June 1st and September 15th, to the school, club or person, for the most successful effort in feeding birds during the winter months, for protecting birds during the nesting season and for building and protecting the best planned and most successfully used bird house. A book on birds suitable for the schools of Michigan, illustrated by birds in their natural colors will soon be published by the society.

H. C. Bristol has been circulating a petition among the vesselmen of the lakes asking the government to build a dock in the Tawas harbor for their accommodation. It has already been signed by nearly 250. Since the lumbering industry has become a thing of the past the docks in both this city and East Tawas have been allowed to fall into decay until at present there is practically no place where a boat can land. Tawas bay is the finest harbor on the lakes and is the shelter for hundreds of boats every season in case of heavy storms. The location of such a dock would be of great service to the vesselmen and of benefit to the towns.

For sewing machines, needles and repairs of all kinds see John Armstrong, Tawas City.

A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by G. S. Darling and J. E. Dillon, druggists, 50c and \$1.00. Trial bottle free.

Home-Seekers Rates to Michigan.

On Oct. 29, Nov. 5 and 19, Dec. 3 and 17, round trip, 15-day limit, Home-Seekers' tickets will be sold from Chicago, Michigan City, Benton Harbor, South Bend, Niles, Jackson and Toledo to AuGres, Twinning, Prescott, Rose City, AuSable and Harrisville, at rate of \$7.00, and to Onaway \$8.00. Tickets will be on sale at many points in Ohio and Indiana. This will give Home-Seekers' an opportunity to look over Northern Michigan's cheap farm lands. Tell your friends in Ohio, Indiana and Southern Michigan about the rates and lands.

Estray Calves.

Strayed from my farm in Baldwin, six calves, from three to five months old. Four red with white spots and two white with red spots. Anyone seeing these calves is requested to take them up and notify me. I will pay charges. Andrew Sass, East Tawas, Mich.

A Significant Prayer.

"May the Lord help you make Bucklen's Armea Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c at G. S. Darling's and J. E. Dillon's drug stores.

Every Dream Has a Meaning

It is strange, but nevertheless dreams often come true.

To study the meaning of your dreams is interesting and amusing.

NOVEMBER WEATHER

with the cool, crisp days, makes it important that you secure the Fall and Winter needs.

The desire to make such purchases along most economical lines, to secure for the smallest outlay the largest possible returns, makes it important that you should post yourself as to where best values are procured.

Aside from the tempting prices here, the fact that so many depend upon this store is good evidence our prices on Dry Goods, Cloaks, Furs, Carpets, Shoes, Etc., are right.

COLE'S ORIGINAL HOT BLAST=THE CLEAN STOVE

DUST PROOF
Cole's Original Hot Blast is the cleanest stove ever placed on the market. Our method of removing ashes shown by cut No. 1, is perfectly clean and overcomes the many objections to the ash pan used in other stoves. The elbow draft casting with its upward slant allows the empty coalhod to be set under the draft so that no ashes or coals can be spilled on the floor. Our patented dustless ash cover shown by illustration is furnished free with Nos. 122, 152, 182 and 196 stoves. It keeps down every particle of dust in removing ashes, a feature that will be appreciated by every tidy housekeeper.
The ash pans used in other stoves are too small to hold a full 24 hours' accumulation of ashes. They are usually over-filled when removed, and the ashes in the bottom of the stove are dragged out on to the carpet, as shown by cut No. 2. You are all fam-

SMOKE PROOF
The feed door on this stove is guaranteed smoke proof and does away with the escape of smoke, soot and gas into the house. Side feed doors used on other stoves discharge a cloud of gas and soot-laden smoke into the house and scatter soot and ashes over the carpet when opened.
Another point: In feeding coal into a side feed door it has to be thrown into the stove, which usually results in scattering much of it over the floor. With our cleanly smoke proof feed door the coal is poured into the stove even to the dust in the bottom of the hod without a particle being spilled on the floor.
This clean and economical stove burns the gases which often escape into the rooms with other stoves. The annoyance and dirt from kindling new fires is dispensed with, as the rooms are heated up for two or three hours each morning with the fuel put in the night before and the Fire is Never Out. COLE'S ORIGINAL HOT BLAST is the cleanest stove made and will more than save its cost in fuel each winter.

General expenses 11,000 00
\$26,350 00 \$26,350 00

Your committee respectfully recommends that the sum of fifteen thousand dollars be raised by taxation and the amount to be spread upon the several tax rolls of the cities and townships of the county for the year 1907 for general expenses of the county.

Dated Oct. 18, 1907.
W. G. Richards, H. J. Featherston,
Geo. N. Carleton, Gus Karus,
Committee on finance and apportionment.

Moved by Robinson, W. J., supported by Robinson, J. H., that report of committee on finance and apportionment be accepted and adopted. Carried. Yeas 22, nays 0.

It was moved and supported that we take a recess until 1 p. m. Motion lost. Yeas 12, nays 10.

To the Board of Supervisors:
Your committee on equalization, to whom was referred the question of equalizing the assessment rolls of the several townships and cities, hereby report:

That we have had the same under consideration and that we have examined the assessment rolls of the several townships and cities of the county for the year 1907, and have footed and added the same and have carefully examined and compared the same several rolls to ascertain whether or not the relative valuation of the real property in the several townships and cities has been equally and uniformly estimated and upon such examination we have deemed such real property valuation to be relatively unequal and we have equalized the same by adding to or deducting from the valuation of taxable property in the several townships and cities such an amount as in our judgment will produce relatively an equal and uniform valuation of the real property in the county and total value of real estate and real interests as assessed in such townships and cities and the amount added to or deducted from the total valuation in such townships and cities in order to produce relatively an equal and uniform valuation of the taxable real property and real interests in this county and aggregate value of real and personal property as equalized and determined by us, is hereby made part of this report:

The board was called to order by Chairman Sutherland at 1 p. m. Quorum present.

To the Hon. Board of Supervisors:
Gentlemen—The board of county road commissioners of Isosco respectfully submit the following as their annual report:
On Monday, April 22, 1907, Board met and opened bids for stoning one and one-half miles of Hemlock county road. Bert Fowler's bid found to be the lowest and contract awarded to him at \$255 per mile for preliminary work and rolling and 45 cents per yard for hauling and spreading stone for first mile. Last half mile same rate for preliminary work and rolling and 50 cents per yard for hauling and spreading stone.

At meeting of Aug. 17, Commissioner Waterbury was instructed to enter into correspondence with some reliable firm and get plans and specifications for bridge to be built over the branch of the Au Gres river on Hemlock county road. Job of stoning the one and one-half miles of Hemlock county road was also accepted and balance due on same ordered paid.

Friday, Aug. 20, 1907, Board met at Oscoda and adopted one mile of Van Etan lake road as a county road, but a verbal protest having been put in against it, matter was dropped for the present.

W J Grant,
Jno A Mark, Clerk of said Board.

Moved by Robinson, W J, supported by Abair that report of county road commissioners be accepted and spread on the minutes. Carried by unanimous vote.

On order of the chairman the several committees retired to their respective duties and balance of board was given a recess subject to call of the chair.

Board called to order at 5 p m and on motion adjourned until tomorrow morning at 9 o'clock.

Geo. Sutherland, Chairman.
Jso. A. Mark, Clerk.

Saturday, Oct. 19, 1907.
The board of supervisors of Isosco county met in annual session in the court house in the city of Tawas City, said county, on Saturday, the 19th day of October, 1907, pursuant to adjournment from yesterday.

Board called to order by George Sutherland, chairman, who ordered the clerk to call the roll.

Present—Supervisors Abair, Alda, Brown, Carleton, Featherston, Hottis, Jordan, Karus, King, Laidlaw, Latham, Market, Hitchcock, McDonald, Macfarlane, Munrichards, Robinson, W J, Rollin, Sutherland, Williams, Black—22.

The clerk read the minutes of yesterday's proceedings. Moved by McDonald supported by Rollin that minutes be approved as read. Carried. Yeas 20, nays 0.

At this time Mr N C Harting addressed the board on the financial condition of the defunct Whittemore bank and submitted a written report on same.

Moved by Robinson, W J, supported by Abair that report be received and spread on the minutes and that Mr H W Stockman and his bondsmen have until the January meeting of this board to settle shortage caused by the failure of the Whittemore bank. Motion carried. Yeas 21, nays 0.

Tawas City, Mich, Oct 18, 1907.
To the Hon Board of Supervisors:
Gentlemen—In response to your request for statement of assets of Tawas City Bank, with reference to the claim of Isosco county, per H W Stockman as depositor, and treasurer, I have the honor to report as follows:

Total amt deposited as treas	\$3452 13
Sixty per ct pd in dividends so far	2071 27
Bal yet due county thereon	1380 86
Cash now in my hands as assignee	823 00
Assets considered good, now in process of collection, estimated at	2400 00
Making a total in good assets of	\$3,223 00

Above will pay between 25 and 30 per ct dividend so that possible shortage would not exceed 10 or 15 per ct at most, which will be promptly adjusted. Collection of assets has been slow, owing to foreclosure, etc, but interest has been added all the time, making it more valuable, and I expect to have all collected and paid by middle of December of this year. I therefore ask a little more time to pay such dividends.

Yours respectfully,
N C Harting, Assignee.
Mr Harting, president of the Agricultural Society, addressed the board on the affairs of said society.

Moved by Brown supported by Featherston for exhibits of Isosco county to the state fair, that the sum of one hundred dollars be appropriated and allowed for the use of the Isosco Agricultural Society for the county fair. Carried. Yeas 21, nays 0.

To the Hon Board of Supervisors:
Gentlemen. Your com. on county roads would respectfully report that we met on the 18th and 19th days of Sept. 1907, and examined the county road west of Au Gres river and found that 1 1/2 miles of road, less 500 feet, had been stoned, and the same to be in fine condition; and that the bridge across the river was staked out and that we were preparing the construction of the same. The amount of money expended for the year was \$6,221 36. We examined all stubs
