AWAS CITY, MICH., Dec. 18, 1908

William L. Clements, a well known business man of Bay City, has announced himself as a candidate for the nomination for regent of the U. of M., on the republican ticket next spring. He is a graduate of that school and is being backed by the Bay City Alumni association.

A writer in the Boston Herald recalls a remarkable prophecy made by Wendell Phillips in July, 1865. In addressing a collection of school children in Music hall, he made use of the following language: "Now, boys do not imitate us. Be better than we are, or there will be a great many cracks. We have invented a a telegraph, but what of that? I expect, if I live forty years, to see a telegraph that will send messages without wire both ways at the same

#### Most Important Work.

Probably the most important work to be done by the legislature of 1909 will be the enactment of a law under which cities and villages will be permitted to frame their own charters and provide for self-government to a much larger extent than has ever been enjoyed in this state. Safeguards that must be provided in the general charter law will require the best thought of the legislature, At the same time its enactment will under the new constitution local passed where a general law can be made to apply will cut off nine-tenths of the local legislature which has heretofore absorbed the attention of the legislature and constituted tradingstock among the members. The benefits to result from the elimination of local legislation are scarcely to be estimated.—Lansing Journal.

#### Something for Nothing

Is not easily obtained, although many people are looking for it. At Christmas time each and every one of us expect SOMETHING FOR NOTHING. We appreciate the large trade that we have had the last year. Although the times have been hard and money scarce, our sales up to date have been many thousand dollars more than any previous year. Under these conditions there must be a good reason for this large increase, and there is. Our prices have been very low and we are out for business every minute. Now to show our appreciation for the trade that we are receiving and the increase in business that has been given us, we are going to give every one of our customers SOMETHING FOR NOTHING.

#### Lucky Day Sale

Between December 14 and January 1. There is a lucky day between these dates that we will return to our customers in cash a half of each of their cash purchases during this day. For Example—If the lucky day should be this date and your cash purchases in any and all departments of our store should amount to \$5.00, we will give you in cash \$2.50. No matter how large or how small the purchase may be a half in cash will be returned to you. For the benefit of extra advertising also to show our appreciation for the business given us we feel that at Christmas time all that trade at Prescott's should be made extra happy. So we will give away 50 per cent. 50 PER CENT OFF for cash.

During these dates, between December 14 and January 1, we will countinue as usual to give out our cash premium tickets, that you can bring back and exchange for many valuable things, such as Clocks, Lamps, Rugs, Dishes, Chairs etc.

Read this announcement carefully. Consider all things, from all points of view. Prices and quality. Come see for your self and you will not be long in deciding the basis upon which we are asking for your trade. Money saved-Not sympathy or sentiment will be the reason that you will do your Christmas shopping here.

The lucky day that we will give away 50 per cent has been decided upon. The date is in an envelope in our safe. We put the date in. Mr. P. E. Shien and Mr Lewis Phelan signed and sealed it. So there will be no chance to change the date.

Washington, Dec. 14.—Between 30,000 and 35,000 deaths and 2,000,-00,000 and 35,000 deaths and 2.000,- 0the U.S. during the past year among workingmen, according to a bulletin on accidents issued by the bureau of labor. Of those employed in factories and workshops it is stated that probably the most exposed class are the workers in iron and steel. Fatal accidents among electricians and electric linemen and coal miners are declared to be excessive, while railway trainmen killed in the proportion of 7.46 deaths per 1,000 employes.

The bulletin declares that much that could be done for the protection of the workingman is neglected, though many and far-reaching improvements have been introduced in factory practice during the last decade. It is pointed out that the possibilities for successful accident prevention have been clearly 😽 lemonstrated in the experience of for-

#### A Communication. EDITOR OF HERALD:-In your issue

of December 4th you stated that Iosco 🎇 is one of the counties that will not receive their primary school money until after the taxes begin to come in after January 15th. I can see no reason why you should expect that we would receive our primary money then, as every dollar spread upon this 6 year's tax rolls for state purposes has | already been appropriated to the several state institutions. Does Treasurer Rich expect to continue his policy of "robbing Peter to pay Paul?" If so, what funds does he propose to hold up? Is it the fund appropriated to maintain our prisons, the insane asylums, or our colleges and state Q university? Surely he would not dare | 56 stop the pay of our game and fire warden and his deputies? Then there is our noble naval launch, the Chase Osborne, that must be refitted and manued in the spring, for without it and his gallant crew, every fish in lakes Huron and Michigan less than eight inches in lenght would be sacrificed to the greedy plunder of our law-breaking fishermen.

I would like to ask State Treasurer Rich, after he had used up \$400,000 of the primary money why he paid the county of Wayne \$201,000, the full amount of primary money due that county, and not their just proportion of the amount still in his hands. Was he afraid that some one in the city of Detroit might make trouble for him? Did he think the little amount of \$6,000 belonging to losco county was so small that no one would question his right to misappropriate it? Whatever the shortage of the state funds may be after the Glazier muddle is settled, there will have to be an appropriation made by the legislature before the shortage can be made good.

Right now is a good time to get busy in the office of the superintendent of public instruction, and find out what state officers are responsible for the misappropriation of this primary money. If it had belonged to any fund of the state there might have been some excuse for transferring i to another fund. The primary money never did belong to the state, it is only held in trust by the state for the several school districts of the state, and unless the money deposited in the Glazier bank was primary money, the state treasurer would have no right to assume that the shortage belonged to DIRECTOR.

#### To Our Visiting Patrons.

All fares are paid by the Trade Association at Bay City, at its offices, and not by the merchants with whom you trade.

When you leave for Bay City, buy a ticket of your local agent, and get a receipt, or if you pay on the train, keep the printed receipt which the conductor gives you. This, or other satisfactory proof must be shown as the evidence of point from whence you come.

Upon entering the store, be sure that the firm's name this folder, otherwise you will be disappointed in receiving your fare. Then your trading is finished in the first store you visit, tell the salesman to enter the amount in the folder He will have the total of your purchase entered with the date, and the firms signature and return the tolder to you; and at all other stores where you trade simply hand your folder to the salesman when you have completed your purchase. Each merchant will make the entry showing the total sales in his store. When your trading is finally completed, take your folder to the office of the Trade Excursion Association, of Bay City, just the same as you would a check, merely showing your receipt for fare paid, no other identification or red tape.

The fare refunded is based on your total trade. Thus you may spend \$2.00 with one store, \$3.00 with another, and \$5.00 with the third, and so on. The entire sum so refunded shall not exceed 5 per cent of your actual outlay for transportation be paid.

In case your full round-trip fare cannot be refunded because of the insufficiency of your total purchases, 5 per cent of the total amount entered on your folder will be paid toward your fare.

Offices at: Wenonah Hotel, Imperial Hotel, Lumberman's State Bank, and Fowley's Drug Store, Midland Street West Side.

At no time in the history of Bay City, has one store been as well prepared to supply your Christmas wants than is

Dry Goods, Clothing, Boots, Shoes, Rubbers, Millinery, Crockery, Groceries, Hardware, Notions, Home Fnrnishings, and the Biggest and Best showing of Toys ever seen in Northern Michigan.

As soon as one Christmas is over, our buyers, trained in catering to the public fancy, begin their selection of gifts from abroad--carefully selecting---so that when another Christmas rolls around, Our Offerings are the Most Tempting west of New York.
