If your stomach, heart or kidneys are weak, try at least, a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart or kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity falter. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success is leading druggists everywhere to give it universal preference. A test will surely tell. Sold by C. H. Prescott & Sons.

The job printing department of the Herald has been taxed to nearly its limit for the past three months and there does not appear to be any signs of a let up for some time to come. Good work, prompt service and reasonable prices makes the Herald the popular job printing establishment of this section.

A well graded yard or lawn planted with ornamental trees, vines or bright flowers, is one of the most attractive features that one can possess. It bespeaks for the owner good taste and pride. Let's add a few more of these beauty spots to Tawas. This is the season of planting, now is the time to start.

County life has its drawbacks, but it has its great advantages which overcome them. True, those who live in the country are "Rubes" and "Farmers" and "hayseeds" to the cigarette smokers in town, but the boast of the business men in the world today is that they were born on a farm. Take away the surrounding evils that beset the young men or women on the threshold of life's journey in the city, and substitute the helpful influence of nature, and you fortify them for the sterner walks in life. The few things which they do not know about table etiquette and when it is proper to leave two visiting cards and when but one, they will catch onto much quicker than city boys and girls will learn to properly stroke the furnace or make good bread. No boy or girl need be ashamed of living on the farm, for if they have taken advantage of what it has offered they are well fortified for after life.

A pain prescription is printed upon each 25c box of Dr. Shoop's Pain Tablets. Ask your doctor or druggist if this formula is not complete. Pain means congestion, blood pressure, head pains, womanly pains, pain anywhere get instant relief from a Pink Pain Tablet. C. H. Prescott & Sons.

Rascally Partnership.

Says the Grand Rapids Press: In fifty hours, going, coming, eating, sleeping, trout fishing and investigating, a legislative committee demonstrated to its own satisfaction that the commission of forestry inquiry spent several months in preparing a report which wholly misrepresents the situation and is a tissue of misinformation. With this very valuable report as an aid the machine was able to defeat the attempt to put the state land affairs on a basis of common sense business.

The defeat of the land reform legislation was a triumph for graft, pure and simple. It leaves a few state officials with a considerable amount of petty patronage at their disposal and the saving of a few thousand dollars a year clerkships seems to be their highest conception of their duty as servants of the people. To save these the state lands have practically been turned over to the land speculators, who will skin them of the timber, buy them as heretofore for far less than their value and as heretofore sell the worthless barrens to poor settlers by means of false representations and fake statistics of fertility.

This practical partnership between the state of Michigan and these rascals is disgraceful and humiliating.

Temperance Feeling.

One of the significant features of the recent election was the marked gains made by the temperance parties. Wherever the question was presented in the south it almost invariably resulted in a victory for local option or for prohibition. The same results were characteristic of the elections in Illinois, New Jersey and Delaware. Few persons have a true conception of the extent to which the liquor traffic is under regulations or suppression. In only eight states and territories is the sale of intoxicating drinks governed solely by the issuing of licenses, and seven of these: Montana, Idaho, Wyoming, Nevada, Utah, New Mexico and Arizona, form a solid block in the west. In the solid south, north and east, there is but one other such state, Pennsylvania. The spread of temperance in the south has been remarkable. Georgia is an absolutely prohibition state, Alabama is preparing to follow suit and Mississippi is almost certain to put an anti-liquor law on its statute books at the next session of the legislature.

In these and all other southern states local option now prevails and it has been the instrument of closing thousands of saloons and wiping them out altogether in many cities and localities. Kentucky, famous for its fast horses, beautiful women and fine whiskey, where water was for generations an unknown beverage, is today three-fourths 'dry.' Ninety-seven out of its 119 counties, with a population of 1,500,000 are prohibition. Maine is nine-tenths dry, Indiana half, Arkansas two-thirds, Iowa two-thirds, Florida four-fifths, with the governor advocating total prohibition, Ohio seven-eighths, New

Hampshire two-thirds, and so on through the whole list of states, other than those mentioned above, is the liquor traffic under rigid regulation or banished entirely.

The strange thing about this remarkable change is that it has taken place without any perceptible growth of the prohibition party. It has not a single member in congress, no state officials and but twenty legislators in all the states of the union. It is apparent from this that the people of America are settling the liquor question outside party lines. While there are no signs that it will become a national issue, there is no doubt that this great reform is sweeping over the entire country and is destined to become nationally a factor. Without question it is better that it should be solved through educational development deliberately and intelligently, than to have developed as a political weapon for party advancement. It is much more likely to prove its worth in the test and remain with us.—The Saginaw Evening News.

State Institution Reports.

Lansing, May 20.—The April reports of the State Prison at Jackson shows but two more prisoners at the close of the month as compared to the March report. The total number of inmates at the end of the month was 742. Seven new prisoners were admitted, three were returned from parole, but to offset these, six were discharged and two are out on trial.

The April report of the Michigan Reformatory at Ionia shows a decrease of 17 persons, there being in the institution at the end of the month 570. However, 20 new prisoners were admitted during the month, one former inmate readmitted and three probationers returned. To offset these, four were discharged during the month and 35 were let out on trial or probation. There was one death at the institution during April.

The Industrial School for boys, located at Lansing during April admitted 20 new boys, dismissed on trial or probation 35, discharged 10 and there was one death at this institution. At the end of April, there were 761 boys receiving care there as compared to 783 at the end of March.

The State Public School at Coldwater had 155 boys and 31 girls, a total of 186, at the end of April, as compared to a total of 187 for the end of March. There were 29 new boys and girls admitted to this school during the month and six probationers returned.

The summer weather is taking quite a few inmates from the Michigan Soldiers' Home at Grand Rapids, according to the April report. At the end of the month there were 1,041 inmates, as compared to 1,084 at the end of March. However, the grim reaper is fast taking away the boys of '61, there being 20 males and five females who died during the month at the home.

District Must Pay Tuition.

The legislature has passed the Tuttle bill, which provides for the payment of tuition and transportation to another district of children above the eighth grade course in any school district. The act provides:

"The board of education of any school district which does not maintain a high school shall have authority and is hereby required to vote a tax sufficient to pay the tuition to one of the three nearest high schools of any children residents of

said district who have completed the studies of the eighth grade, not exceeding in amount \$20 per pupil, and may vote a tax to pay the transportation during school days of such children, such expense and tuition to be paid by the treasurer of the district in which the pupil resides to the treasurer of the district where the high school attended is located. Provided, That the parents of such children shall give written notice to the board of education on or before the fourth Monday of June that they are parents or legal guardians of such children and that such children desire to attend some certain one of the three nearest high schools during the ensuing year. Upon receiving written notice of children eligible to attend high schools the board of education shall vote a tax sufficient to cover the necessary expense for tuition as herein provided, and may vote a tax sufficient to cover the necessary expense for daily transportation of such children: Provided further, That any moneys in the treasury of said district belonging to the primary fund may be used in defraying such expenses and tuition in lieu of tax therefor."

Which do you think won?

Not long ago two men, athletes, went into a contest to see which could stand erect and hold his arms stretched out full length at either side of his body for the longer time. One man had fed on steaks and chops, sausage, ham, roast beef, etc.; the other ate heartily, but confined himself to such foods as Quaker Oats, rice, macaroni, etc. Which do you think held out longer?

The first man lasted twenty-two minutes. The Quaker Oats-macaroni-rice chap concluded to stop after he had been a it more than three hours.

There's more strength and economy in eating lots of Quaker Oats than most people imagine.

Every family should eat plentifully of Quaker Oats at least once every day; breakfast is the best time. It strengthens you for the day.

The regular size package sells for 10c; the big family size package costs 25c; the same package with a piece of fine china in it in addition to the Quaker Oats, costs 30c. Grocers sell all of these.

From a Former Citizen.

The following letter is from Jim McGill, son of our city marshal, one of our boys who has wandered far out still remembers the home of his boyhood.

Seattle, Wash., May 7th '09.

EDITOR TAWAS HERALD,
Tawas City, Michigan.

Dear Friend:—The Herald reaches me promptly each week and it seems like a dream to me to read it over. Not having seen dear old Tawas for fifteen years, I can only picture it as I last saw it, and in looking over the columns of the Herald and find that the tan faced and barefoot companions of boyhood days are now men of families and are presiding over the political and commercial destinies of Tawas seems indeed strange to me.

I have been engaged in the amusement business the past few years, and at the close of this season I intend to back-track "Tawasward" and get acquainted all over again.

Don't overlook the fact that Seattle holds the big exposition this year, and one of the many celebrated features it can boast of is that "it will be ready on time," something unusual in big undertakings of that character. Seattle however, has a habit of doing big things in a hurry. New arrivals are amazed at the way gigantic rock hills are leveled off like a prairie to make room for skyscraper buildings. When there isn't room for a railroad to run through the city, they bore a tunnel underneath to get from one side to the other; if they need land for factories and railroad yards they fill in a square mile or so of the Sound with dirt and make more room when the course of a river is not satisfactory, its course is altered to suit and when no rivers exist and one is needed they build one and call it a canal.

All this activity is a result of what is known as the "Seattle Spirit" that people become inoculated with shortly after their arrival here. The first time I saw Seattle, it had a population of 50,000 people; today it has over 300,000 and still growing at the rate of two or three thousand per month.

I expect to be very busy this season, but not too busy to greet any of my old friends or acquaintances that may decide to take in the fair this summer.

Hoping the Herald will continue to reach me as promptly as ever and wishing you joy and prosperity, I beg to remain

Sincerely yours,

JAMES A. MCGILL.

Saved From The Avalanche
Returned Alpine Tourists Tell Marvelous Stories of Hairbreadth Escapes From the Greatest Danger of Mountaineering.

Across a huge mass of snow and ice poised on the brink of a precipitous mountain side, a party of climbers, roped together, are cautiously threading their way. At any moment a puff of wind or a false step may start the avalanche down the mountain, and hurl the travelers into eternity. You would certainly consider the situation of the adventurous travelers dangerous, wouldn't you?

And yet you are in similar peril yourself if you are neglecting that touch of bronchitis or asthma, that cough or cold, which may lead to terrible consequences. Why not take effective measures by purchasing a bottle of Abbey Syrup, Christopher Sando, Pueblo, a remedy which has strongly astonished Europe with its marvelous results in the cure of all forms of bronchitis and lung disease?

Abbey Syrup is an infallible remedy, and though harmless in itself, is a radical cure for coughs and colds, asthma, bronchitis, sore throat, croup and whooping cough, influenza and all chest, throat and lung troubles.

Think the original remedy and is sold and bears many recommendations in Tawas City by C. H. Prescott & Sons and G. S. Darling, and in East Tawas by T. O. Gates and J. E. Dillon.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and it proves it has created a little pink tablet. The tablet—called Dr. Shoop's Headache Tablets—draws blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brush your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets

Clothcraft is Almost Too Good To Be True

You must not judge CLOTHCRAFT CLOTHES by their low prices.

When we say \$10 to \$25 some wonder how CLOTHCRAFT CLOTHES can be as good as we claim.

This is where the famous CLOTHCRAFT GUARANTEE comes in. It is an absolute protection as to style, all-wool, shape-holding qualities, workmanship and durability.

But the Guarantee doesn't explain the low prices. And explanation is what makes belief easier.

Clothcraft Clothes

59 Years of Honesty

Here is the explanation: Three generations of honest men have devoted their lives to the study of one thing—how to make good, stylish, all-wool clothes that can sell at medium prices.

CLOTHCRAFT is the result of 59 years of scientific study of one idea. These years have shown how to eliminate waste.

They have brought forth marvelous processes known to no other factory.

You Are the Gainer

They have seen the output grow until the cost of each individual garment has been reduced to a minimum.

Thus several dollars is actually saved in the cost of each and every garment.

And this saving is what pays for the better wools and better tailoring in these clothes. You are the gainer.

Remember

This is the only line of all wool clothes in America that sells at from \$10 to \$25.

Tawas City Schools.

A few words about the transit law which the department at Lansing is asking that it be strictly enforced, may not be amiss.

Child must be in school every day that school is in session in the district—not five months or eight months but as many as school is in session; in this district ten months.

If the day looks kinder gloomy,

An' yer chances kinder slim,

If the situation's puzzlin'!

An the prospects awful grim,

An perplexities' keep pressin'!

Till all hope is nearly gone,

Jest bristle up an' grit your teeth,

An' keep on "keepin' on."—Ex.

"It takes more than a mortar board cap, a frat pin, a bull dog pipe, a varsity suit, big enough in the trousers to make four on pairs, and a rab, rab, ziss, boona, ah tiger, to make a man."—Ex.

All children under the age of sixteen years are under the law unless they have passed the eighth grade. Unfortunately this does not reach pupils in the high school.

No pupil can be excused except by the board unless attending a parochial or other school.

Those who do not like the law should not kick the transit officer nor the teacher whom the law expects to enforce the law but should kick the legislature.

This is the time of year when many parents think more of a few days than they do of a school year.

The law applies to rural schools as well as villages and cities and it is the duty of proper officers to see it enforced.

Our boys have a chance to play ball with the Alpena school team.

The new building is a hummer, everybody "feels" the hum.

ATHLETIC NOTES.

Rooters! Rooters! Rooters! We-ah! Oseoda did not come down Saturday because of the threatening weather, but it cleared up about noon and a game was arranged with the Tawas Tigers of East Tawas on our grounds.

We will schedule a game with the O. H. S. at some future date. It is expected that A. Sable and East Tawas high schools will be played soon.

In one of the closest and most exciting games seen in Tawas City for some time, the T. C. H. S. won from the Tawas Tigers by a score of 8 to 7 in 10 innings. The ground after the rain was wet and dangerous, but some snappy fielding was put up. The game was attended with much discussion from both sides, most of it in the 5th inning on the question of a block ball. We believe the question was settled satisfactorily to both sides. As no accurate scoring was made we cannot give all the features. E. Dillon got a three base hit in the 4th inning over which there was much discussion. Cobbett was the only man on either side failing to reach first, striking out four times out of four times up. The game was filled with strikeouts, all pitchers getting more than their usual share. Jack Huff pitched 7 innings, Bill Smith 3, Rube Mark 6 and Spider Maller 4. The lineups in both teams were changed somewhat from that of the Saturday before, Tawas City in 2 and East Tawas in 3 positions, but the only appreciable difference was in putting Smith in the box.

The most exciting part of the game was the last three innings. Smith went in to save the game for the T. T. in the eighth striking out 3 men. Maller came back by striking out 2 men and retiring another on an easy grounder. One hit was made off Smith in the 9th and he hit a man but no runs were scored. A bingle was made off Maller in the same session but an attempted steal spoiled it. In the first part of the tenth Murphy struck out but a hit by E. Dillon and an error by J. Mark in miffing A. Dillon's fly in short right, gave the T. T. a run. For Tawas City Ty Brabant opened by smashing a single into right and promptly stole second base. Then Babe Moore got his first and last hit of the game, a clean single to right center scoring Brabant from 2nd and went to 3rd on Murphy's overthrow of home. Then A. Mark with two strikes and two balls, after fowling 8 balls played a neat Texas leaguer over 3rd winning the game, Moore crossing the plate. It is expected that the rubber will be played off on the D. & M. grounds at Tawas Beach, on May 31st, each team having won one game. Score by innings, 1 2 3 4 5 6 7 8 9 10
T. C. H. S. 0 0 1 0 4 1 0 0 2 — 8
T. T. 0 0 0 3 0 1 2 0 0 1 — 7
Batteries—J. Mark, Maller and A. Mark; Huff, Smith and Dillon.
Umpires—Patterson and C. Dillon.

Hale Schools

REVERIES OF SCHOOL DAYS

The morning was warm and cheery
In the little village of Hale;
When we look at the smiling faces
Within the school house door.

And we think with sad recollections,
Of our happy school days of yore,
And as we gaze we'll describe the scholars

Within that school house door.

First comes May all smiling,

With the victory she has won;

For she is a noted actress

And the best for laugh and fun.

Then we hear sweet music,

And all the people halts,

And we see 'tis Jesse playing

The Merry Widow Waltz.

Now comes Ruby the poetess

And she shocks the people in town;

As she describes the quarrels

Of Mary Sutherby and Ralph Brown.

Now we hear some laughing,

At a sideshow on the street,

For there stands Forrest with his doll

And is trying to look very sweet.

Listen to the music

'Tis Edith bright and fair,

As she sings in the village church choir

The notes of The Lord's Prayer.

Now comes Perry the joker,

With his little jests,

And the people all are wondering

If they'll ever get a rest.

There is Nina, the seamstress,

Who solves the problem of dress;

And all the people flock to her,

For her sewing is the best.

Hark! we hear sweet music,

And the wretched sob and moan;

For 'tis Ainsley playing softly

The notes of Home Sweet Home.

Now we listen still and breathless,

As the bells ring out the glad tide

For 'tis Ethel fair and lovely,

Going forth to be a bride.

Then we hear of racing

For Glenwood tall and strong

With his horse and bridle,

Has the victory won.

Now we hear a noted voice,

Amid excitement and whirl;

And we hear Gladys singing sweetly

Of my San Francisco Girl.

Then we go into an office,

Where we see them keeping books;

And we see one is laughing Johnnie

For he has mastered every foot.

Then we see a famous teacher,

Surrounded by many a girl and boy;

And we recognize little Jessie

Talking to her brother Roy.

Now we see a young lady,

Who has won fame and renown;

For Dora is a famous oarsman

And the best there is in town.

Now we see a familiar face,

Handling money of all sort,

And we see Deuell is a banker

In the city of New York.

Now we see a minister,

With his bible and hymns

And we see 'tis happy Albert,

Preaching of The Remission of Sins.

Next comes a famous writer,

Who is known all through the state;

And we see 'tis bright-eyed Nessy

Who is writing of The Golden Gate.

We now have named them all over,

From the scene at the open door;

And we wish them all a fond farewell,

And that success may be their score.

Obituary.

Died, at the family home in Detroit, on Wednesday, May 12, 1909, Martha, the beloved wife of Thomas Galbraith, aged 48 years, one month and 21 days.

Martha Lynd was born in Wisconsin, March 21, 1861, and came to Michigan with her parents when about eight years of age, the family settling in Fremont township, Sanilac county, at which place she was united in marriage to Thomas Galbraith, September 25, 1883. The family came to AuSable in 1885 where they resided until Mr. Galbraith was elected county clerk in the fall of 1893 when they removed to this city. During the four years which her husband held the office of county clerk she acted as his deputy, proving herself to be a business woman of ability and during which time she made a large circle of friends and acquaintances all of whom held her in high esteem. During her residence here she became a member of Northern Light High L. O. T. M. M., and served several years as Lady Commander. In 1904 the family moved to Detroit where her death occurred on Wednesday of last week after eight days illness from pneumonia.

Besides the bereaved husband, three children, Misses Agnes and Mattie, and son John are left to mourn the death of a loving and devoted wife and mother. Two sisters, Mrs. William Scarlett, of Grant township, and Mrs. Bollman, of Crosswell, and one brother, William Lynd, of Detroit, also survive her.

Short funeral services were held at the home Friday morning, and the remains were brought to this city, the funeral being held from the M. E. church, of which she was a member, Friday afternoon, Rev. G. W. Gilroy officiating. Interment in the Tawas City cemetery.

The bereaved family have the sympathy of a large circle of friends in this city and county.

WANTED—Trustworthy man or woman in each county to advertise, receive orders and manage business for New York Mail Order House. \$10.00 weekly; position permanent; no investment required. Previous experience not essential to engaging. Spare time valuable. Enclose self addressed envelope for full particulars. Address, CLARKE CO., Wholesale Dept., 105 PARK AVE., NEW YORK.

Another Pioneer Gone.

Ethan Heman Thompson, who for many years was a familiar figure, passed away suddenly at his home in Reno township. He was born in Genesee county, May 20, 1839. September 29, 1882, he came to what is now known as Reno township, then Grant township, and located at the present home and resided there until death. He died Tuesday morning, May 11, 1909, making his age 70 years less seven days. In 1885 he became a christian and soon thereafter united with the regular Baptist church. He was Sunday school superintendent for over 17 years, and janitor of the Reno Baptist church equally as long. While none of us are infallible so Mr. Thompson endeavored to live the faith he embraced. He had great pleasure in congregating with other christians. His last words were "I am going home."

Mr. Thompson also took great interest in the welfare of the community. He helped to organize Reno township. In December 1862 he was united in marriage to Miss Mary Danham, and to their union one son was born. Mr. Thompson was then separated from his wife who is also deceased.

In 1869 he was again united in marriage to Mrs. Lydia Dow, and to this union four children were born, one of which died in infancy. Mrs. Thompson died in 1895. In 1900 Mr. Thompson was again married to Mrs. Lillian Middleton, who has been left to mourn the loss.

He is survived by his aged wife, two sons and two daughters.

The funeral services were held from the Reno Baptist church, Rev. E. A. Schultz officiating. His subject was "Devine Satisfaction," Psalm 17-15. Interment in Reno township cemetery.

Announcement.

After the counting of the votes cast in the Herad's popular voting contest we received a protest from Mrs. Amy R. Hurford claiming that she had not received credit for all the votes cast for her, and that if she had received the proper credit she would have been entitled to the grand prize.

We have taken the protest under advisement and made a careful examination of the same. The grand prize was awarded Miss Helen Scarlett on a vote of 23950, by the judges, and Mrs. Hurford was credited with 23875 votes. We find an error in her credits and as a matter of fact she should have been given credit for 24375, making her a winner of the grand prize by 395 votes. The matter has been adjusted satisfactorily to all, and Mrs. Hurford given the grand prize.

The Banquet of the Whittemore Culture Club.

Dare we write of the Whittemore Culture Club?

Then what shall we say of those worthies today?

Are we worthy to mention their names, there's the rub?

Or their beauty and talents to set in array. We could sing of the boorish or write of the clown,

Without quail of conscience or fear of result; But how to describe the elite of the town, Or sing of the fair ones who belong to the cult.

Of our President Price and his beloved wife, It is pleasant indeed all their good deeds to mention,

While John A. and his Mae, the joy of his life, Are certainly worthy our kindest attention.

And now comes Chichester with his Ruby so bright,

Our beloved Louis C. and our dear Clara Belle;

And Professor Hurkett standing forth in his might

With Mary and Hildah whom we all love so well.

When called to the banquet our deeds to exploit,

Two most worthy members were found to be missing.

While Louis C. Dutton was off for Detroit Professor Hurkett was not in at the kissing.

While surrounding the board with its choice viands spread,

We all did our best with the topics assigned; It is true that the ladies soon all forged ahead

But the gentlemen present were not far behind.

For beauty and talent there's none can compare,

With the rare personal who were there, don't you know it?

For the brave and the fair and the learned ones were there,

While the last but not least was the Whittemore Poet.
