Auditor General Fuller states that the mineral, gas, coal and oil rights will be reserved to the state in all sales of state lands after November 1, and after November 15 the water power rights will be similarly reserved in the sale of all lands adjacent to water streams. Legislation requiring this reservation was enacted at the last session.

The story of wanton extravagance on the part of the government is being so broadly told that the masses are beginning to realize that something is wrong. The same disregard of the value of money would send the strongest private business in this county to speedy bankruptcy. This extravagance is the result of increasingly expensive political machinery, and the detest in our national expenses should be made up by reducing expenditures and not by raising taxes to increase revenues. A forty acre farm irrigated will comfortably support a family of five. It costs \$35,000 to make a twelve-inch gun. This money reclaimed would 1571 acres of land, providing homes for 106 people. When all the guns on all the battleships are shot off at one time the government blows off in noise and smoke the sum of \$150,000. This would reclaim 4000 acres of land, giving homes to more than 500 farmers and their families. The money consumed in powder is lost for all future time.

### Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Busberry, Kellner, Minn. "without Buckie's Arnica Salve, which soon cured me." In fallible for wounds, cuts and bruises, it soon cures scabs, old sores, boils, skin eruptions. World's best for piles. 25¢ at A. S. Larabee's.

The secretary of the state board of health states that reports coming to the office from all parts of the state show that there are more cases of typhoid fever in the state than in many previous years. He says that the cause has not been ascertained, but the number of cases reported is increasing.

The wholesome, harmless green leaves and tender stems of a lung healing mountainous shrub, give to Dr. Shoop's Cough Remedy its curative properties. Tickling or dry bronchial cough quickly and safely yield to this highly effective Cough medicine. Dr. Shoop assures mothers that they with safety give to even very young babies. No opium, no chloroform—absolutely nothing harsh or harmful. It calms the distressing cough, and heals the sensitive membranes. Accept no other. Demand Dr. Shoop's. Sold by C. H. Prescott & Sons.

The state's battle flags have been placed in air-tight steel cases with glass fronts, which will be placed in the roundabout of the capital. The board of state auditors ordered the cases believing that in view of the tattered condition of the flags that unless extraordinary care was taken of them the stand of colors would be destroyed in a few years. The flags were taken to the state encampment at Kalamazoo last summer but never again are they to be taken from the capitol.

**It's A Top Notch Doer.** Great deeds compel regard. The world crowns its doers. That's why the American people have crowned Dr. King's New Discovery the King of throat and lung remedies. Every atom is a health force. It kills germs, and colds and lagrime vanish. It heals cough-racked membranes and coughing stops. Sore inflamed bronchial tubes and lungs are cured and hemorrhages cease. Dr. Geo. More, Black Jack, N. C., writes "it cured me of lung trouble pronounced hopeless by all doctors," 50¢, \$1.00. Trial bottle free. Guaranteed by A. S. Larabee and Jas. E. Dillon.

The first formal move of the city of Alpena in its fight against the Detroit & Mackinac railway, was the filing of a complaint Friday, with the state railway commission, charging the road with having charged excessive switching rates there. The D & M. says the complaint has violated and is violating the state law and city ordinances. The city officials, the Corbin Hill Lumber Co., and Walter Woold, signers of the complaint, ask that the commission direct the road to return the alleged overcharge to the firms affected.

### Stray Calves.

There came into my enclosure about Sept. 25, last, two spring calves, one red and white, the other roan. The owner can be same by proving property and paying charges. John Miller, R. D. 1, Tawas City.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must suffer. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 48 hours after starting the restorative treatment patients say they realize a gain. Sold by C. H. Prescott & Sons.

## We Startled a Good Many People with our Heater Offer Did You Read It?

We put some statements about heating stoves down in black and white that stove users never heard before. We want to repeat them!

Remember, we are backed up by one of the grandest stove manufacturing concerns in the world—yes, backed by a concern that makes and sells more soft coal heaters each year by three times than any other maker anywhere.

So there are millions of dollars behind what we have to say about heaters this year!

To us alone is given the right to make the most unusual guarantee ever made on a heating stove.

### Cole's Hot Blast Guarantee

Here is our authority from the President of the Cole Manufacturing Co.—the strongest guarantee ever made on a heater.

"You are authorized to sell the Original Cole's Hot Blast Heater this year on the most rigid guarantee ever made by any stove manufacturer. Our guarantee to every customer of yours is—

"1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.

"2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with same size fire pot.

"3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.

"4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

"5—A uniform heat day and night, with soft coal, hard coal or lignite.

"6—That every stove will remain absolutely air-tight as long as used.

"7—That the feed-door is and will remain smoke and dust-proof.

"All we ask is that the stove shall be operated according to directions and set up with a good fire.

"(Signed) COLE MANUFACTURING CO.
