## Don't Be An Indian.

There is a wide and deep philosophy contained in that phraseology of the

"Forget it."  
It is as important to forget as to remember. One is as difficult as the other. And ability along one line is as hard to acquire as the other. Both must be cultivated.

It is impossible to become an optimist without learning to forget. Disagreeable things are bound to happen and one must train himself to wipe off his mind as the boy wipes figures from his slate. Having erased the ugly memories, it is easier to write the pleasant things on the slate of memory.

The Indian, for instance, never forgets a slight or an injury. He will wait a lifetime to get even.

Don't be an Indian.  
Life is too short to be an Indian. The man who considers himself a Nemesis, who treasures up a wrong, who lets ignoble hatreds fester in his heart, cannot be a happy man. His soul is like a crouched tiger ready to spring upon the victim of his wrath.

Learn how to forget.  
If it is easier for you to put on record in your memory personal grievances and to hug an ugly feeling, it is because you have chosen to do so. If you hoard up in your mind the unhappy episodes of life, it is because you have formed the habit of doing so. To persist in that habit of mind will make you miserable and a confirmed grouch. There is nothing noble in such a disposition to remember.

Learn to forget.  
Let go the unispring, the depressing, weakening grievance. Hold on to the memories that cheer and brighten. There is not room for both. Wipe out the resentments. Write in the place of the hatreds the things that are pure and just and lovely and of good report.

Has some one treated you ill or put a slight upon you?  
Forget it.  
Do not let it spoil your happiness. It is a trifle, light as air. "Scorn to be scorned by one whom I scorn. Is that a matter to make me fret? Is it a matter to cause regret? Let no mean thing ruffle the serenity of your soul.  
Forget it.—Coopersville Observer.

## Justifiable Kicks.

I, musing, rested on the grass, beneath a green bay tree; a porker came, like Balaam's ass, and talked awhile with me. She was a large, and stately sow, of Poland China strain, and lines of care were on her brow, her voice was low with pain. "I hear men talk," said Mrs. Swine; "I hear them every day, and they offend these ears of mine, with lots of things they say. If there's a man so mean he's barred from social catalogue, and they desire to hit him hard, they say 'he is a hog.' The selfish brute on trolley car who uses room for two; the fender who smokes a rank cigar, and drops it but to chew; the rouser of the gaslit streets, who's going to the dogs, the bum, the boozier and the beat—they say these men are hogs. Of many hogs I wot and wist, who live close to my door; I have upon my calling list, about a thousand more; and not a porker in the lot would drink or smoke or swear, or come home drunk at night and swat his good wife with a chair. To say of cheap and worthless men by greedy passions fired, that they're like porkers in a pen—it makes a lady tired."—Petoskey Independent.

## A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood, give strong nerves bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at J. M. Wuggazer & Co.'s and Jas. E. Dillon's.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent despondency and invigorate the whole system. Sold by Red Cross Pharmacy.

## Announcement.

To the Republican Electors of Isosco County:

I desire to announce my candidacy for the office of Prosecuting Attorney on the republican ticket, which will be nominated at the September primary, 1910, and shall greatly appreciate your assistance in so nominating me.

In support of my candidacy I wish to call your attention to the following facts: Mr. Jahraus held the office of Prosecuting Attorney for three consecutive terms, a total of six years. Mr. Rawden also held the office for two consecutive terms, a total of four years, thereby giving the firm of Jahraus and Rawden the office of Prosecuting Attorney for nearly ten years. I have served the county as circuit court commissioner for two terms, which as you know is an office that has no salary attached to it, and believe that I am correctly placing myself in line for the office of prosecuting attorney.

ALBERT W. BLACK.

## For County Clerk.

To The Republican Electors of Isosco County:

I wish to announce my candidacy for the office of county clerk, and respectfully solicit your vote for me at the coming primary election, to be held in September 1910.

I have been a resident of Isosco county thirty-six years and have been a tax payer in Baldwin township for fifteen years, and if nominated by you for the office of county clerk and am elected, I promise you a careful, painstaking administration.

Respectfully Yours,  
GUSTAVE C. KARUS.

## Announcement.

To the Republican Electors of Isosco County:

I wish to announce my candidacy for the office of County Treasurer and respectfully solicit your vote for me at the coming primary election to be held in September.

To the most of the voters of the county I need no introduction as I have been a resident of the county for almost 40 years. If nominated and elected I will give to the duties my best effort.

Respect yours,  
JOSEPH G. DIMMICK.

## Announcement.

I hereby announce my candidacy for the office of Prosecuting Attorney and I respectfully ask the support of all republican voters at the coming September, 1910, primary election, if my conduct of the affairs of this office in the past has been satisfactory to you.

Yours respectfully,  
EDWIN RAWDEN.

## For County Clerk.

To the Republican Electors of Isosco County:

GENTLEMEN:—If my conduct of the office of county clerk has been such as to meet with your approval, I would respectfully ask you to vote for me for re-nomination at the September, 1910, primary, and if nominated and elected, I promise you the same faithful, courteous service in the future as in the past.

Yours very truly,  
JNO. A. MARK.

## Marvelous Discoveries.

Mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders, Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Ashville, N. C. R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and \$1.00. A trial bottle free. Guaranteed by J. M. Wuggazer & Co. and Jas. E. Dillon.

## Excursion to Bay City.

Via D. & M. Ry. Sunday May 29. Excursion train leaves Tawas City at 9:11 a. m. round trip rate \$1.00; proportionate rates from other stations; children between 5 and 12 half fare. Tickets good only on excursion train. See hand bills and D. & M. agents.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by Red Cross Pharmacy.

Beside a day in June, my dears, all  
other days are nothing, for then it is  
one's eager ears may hear the soft wind  
soughing by forest ways, and perfect  
days of brightly flowered meads and joy-  
ous songs are coming along just like a  
string of beads.

A poet one time asked us what is per-  
adventure like it, and died well knowing  
we had not the wit required to strike it.  
He simply tried, before he died, to give  
us one so hid we'd work at it till time  
shall quit, and by the gods he did.

The breath of summertime shall rouse  
the festive calf to action, and what with  
unrestrained carouse, he'll do for an at-  
traction. He'll buck and dance around  
the manse in no great show of grace,  
and wave his tail with brave assail in  
Mr. Halley's face.

The heavy-droning bumble-bee shall  
kiss the blushing clover, and skies as  
blue as any sea shall bend the planet  
over. The graduate shall right the state  
from Maine across to Yuma, and the  
groom in stress shall S. O. S. his dad  
for more mazuma.

Of June it may be said, indeed,  
It is a great invention,  
And one we rather badly need,  
To somewhat ease the tension.  
If we'er to fish, to loaf and wish,  
Or hearken Nature's call,  
We'll do it soon or late in June,  
Or not do it at all.

The comet, having hung about until  
we are converted, shall gradually peter  
out and leave us deserted. We must re-  
call we are not all the world it set aright,  
and bid it speed where there is need to  
cause another fright.

It is a sort of cop upon a beat of great  
dimensions, and must by then be getting  
on to scatter its attentions. They have  
John D.'s and Morgan P.'s on many a  
distant ball, and were it not for Halley  
hot these few would grab it all.

A Gruggenheim would capture Mars,  
a Rockefeller Venus, and Morgans on  
the other stars would utterly demean us.  
We'd even be, unhappily, quite naked  
where we sit if it were not that Halley  
gets around and saw to it.

It will not all at once appear how far  
the comet served us, or just to what ex-  
tant the fear prevailed while it observed  
us; but safe to say that for a day or  
thereabouts somewhere the trusts won't  
find it half so hard to tell our things  
from theirs.

However, and be as it may,  
The comet will outpace us,  
And Theodoros on a day  
Will happily embrace us.  
The hemisphere will tip, we fear,  
Beneath his mighty track,  
But even to the liars will  
Rejoice to see him back.

'Twere better to be in a club and  
branded Ananias than languish sadly as  
a dub unsung or honored by us. The  
chance for fame since Africa game wooed  
this extraordinary son of the Dutch has  
not been much, and he is welcome, very.  
Our Mr. Taft's a good old soul, and  
plugs along undaunted, but Theodoros  
on the whole was rather what we wanted.

We never cease to prate of peace and  
say that war is bad, but even so it does  
get slow with no one very mad.  
We rather liked the pleasant sound of  
piece gone willy-nilly, and someone be-  
ing chased around the White House with  
a billy. We've missed it much for lack  
of Dutch in smiling Mr. Taft, and mor-  
tal sin but it has been a long time since  
we laughed.

The present congress will conclude  
Where freedom's latest squawk was,  
And turn to have its work reviewed  
By all the big chautauquians.

The President will pitch his tent  
At Beverly again,  
And the news anon will dwell upon  
The likelihood of rain.

Upon the 21st the sun will reach the  
line of Cancer, and summer not too un-  
derdone will happily be the answer. This  
is, they say, the longest day, however  
lacy.

is a factor that is bound to appeal to you when you get down to the serious business of buying clothes. If every one of our customers was an expert judge of materials and tailoring it wouldn't make one iota of difference in our buying—for we buy now what we believe to be the best clothes for men and young men—OPPENHEIM'S garments, especially de- signed for us. The line ranges from \$18 to \$30, but you'll find in the four groups mentioned—\$18, \$20, \$22.50 and \$25—every new style feature for spring and summer—the new grays and blues—browns, checks, plaids, stripes, etc., in a multitude of weaves and patterns. Come look them over.

**Our Men's and Young Men's  
Suits at \$15.00**

are most extraordinary value, especially when you consider that they are pure wool and tailored throughout by hand. We show conservatives for men and the more daring effects and colors for young men. You might pay \$18 or even \$20 elsewhere and not get any better or as good value. Better get one—you'll never regret it.

**If you want a Blue Serge, Here's  
the Place to Get it!**

We don't say this without a good reason, for our stock of blue serge suits is as complete and attractive as you would want to select from—there are a dozen different shades—plain and fancy—and come in the best one, two and three button coat styles; full and semi-peg trousers. They're guaranteed, too—a new suit for any one that fades. Four special groups at \$10, \$15, \$20 and \$25.

Our suits at \$10 and \$12.50 and Union Label Clothes at \$15 to \$30 are in a class of their own for quality.

you may search, but you will hardly notice it unless you are at church.

At any rate, the swimming hole will get a little warmer, and harvest time will vex the soul and slumber of the farmer. He'll pray for hands to tend his lands, spread food and tie the dog; and the wary tramp will make his camp inside a hollow log.

The rich will hie away to spend the summer by the water—to live until the season's end the glad life of an otter. The poor, meanwhile, will sweetly smile, however fortune goes, and splash and rub inside the tub alternate with the clothes.

The singing stars will reindulge their old familiar riddle, and milk and butter-milk will bulge the boarder around the middle. The heart for June will hum a tune, or plenty or a crust, and the whip-poorwill when night is still will whistle like to bust.

And then July will come around  
In terrible ascendance,  
And we will shoot each other up  
Observing independence.

**First Dam to Develop About 12-  
000 Horse Power.**

M. W. Eaton, president of the General Motors Co., and one of the chief personages in the development of the AuSable water power scheme, has returned to New York after a brief visit to Bay City and the site at Cook's on the AuSable, where the first dam is being built. Mr. Eaton says the big dam will develop about 12,000 horse-power, sufficient for all the work the company can get to do in the Saginaw valley during the first year or two after hydro-electric power can be delivered in Saginaw and Bay City. Just what figures the company will decide upon is not yet determined. The transmission cost to Bay City, about 86 miles, will be considerable. It is said that it will cost from 5 to 7 mills per d. w. to deliver the current here.

The company will not begin the construction of its tower lines until next spring, nor will it start on the distribution plant at the old New York salt works until early next year. Neither equipment can be used until the dam and generating stations are completed.

**REGAIN YOUR NERVE  
FORCE FREE**

It is the natural desire of every man to be vigorous and strong, if you are devoid of that strength and virility that is your rightful heritage, let me aid you. Age is not always a bar to recovery. I am 73 years of age and enjoy the good health and vigor that I did at 40.  
I have spent 52 years in the continuous study and practice of medicine and am, therefore, fully qualified to advise you upon all ailments peculiar to man.  
I have two prescriptions that I base my reputation upon as a physician and specialist. The one is for men under 50, and the other for men over 50. These stand today, in my opinion, absolutely unrivaled in their curative properties. I believe there is no treatment that has more genuine restorative powers or more cures to its credit than the one I submit you.  
For loss of vigor, chronic diseases, all forms of nervous debility, loss of memory, lack of energy, ambition, etc.  
My medicine acts as a perfect tonic to the nerve centers, upbuilding and toning up the system. Regain that vigorous constitution and nerve force that has more genuine restorative powers or more cures to its credit than the one I submit you.  
Do not be discouraged by your past failures in search of health, for I am confident that should you entrust your case to me I can give you that benefit you have so long sought in vain.
