This train will leave Tawas Beach at 6:33, East Tawas 6:37 and Tawas City at 6:42, in the morning, arriving at Bay City at 8:35. It will leave Bay City at 5:15 in the evening, arriving here at 7:07.

If a local printer should take two or three hundred circulars down to the postoffice advertising his business and ask the postmaster to distribute them to box-holders he would be informed that they would have to be placed in an envelope and a one cent stamp attached. Not so with the U. S. postoffice department, however. About every three months each business man finds in his box a circular issued by that department advertising the printing of envelopes by the government without charge to the purchaser. The right of the government to enter into direct competition with the local printer at prices at or below the actual cost of manufacturing, is questionable and at the present time a bill is before congress to prevent the practice which should become a law without further delay.

For Prosecuting Attorney. I wish to announce that I will be a candidate for prosecuting attorney of Iosco county, subject to the democratic primaries, at the coming election and I solicit the support of the electors of the county.

ALBERT WIDDIS.

Chi-Namel Demonstration. A Great Success.

Saturday, June 4th, and Monday, June 6th, the ladies of Tawas City gathered at the store of C. H. Prescott & Sons for instructions in refinishing their chairs, tables and other furniture, and to take lessons in the use of Chi-Namel Graining Tools, the object of which is to put the old pine floor in condition for the use of rugs. Carpet men say they are selling ten rugs to one carpet these days, and the Chi-Namel graining process comes as a boon to persons who do not have fancy hardwood or pine floors. Anyone can learn in a few minutes to fix over the oldest and roughest floor, in a manner that will be most pleasing and durable.

For the benefit of the few who could not get to the store on the days of the demonstration, the exhibit will be kept in place and the store force will show the work.

A large number of beautiful panels were prepared by the ladies of Tawas and are now on exhibition at the store. You are asked to look these over and vote on the work. To all who pick a winner in the contest, will be given a "chair size" can of Chi-Namel and a brush. There is nothing to buy, to be able to vote. Anyone can vote. Cast your vote before Tuesday, the 13th, and perhaps help a friend to win a fine prize, besides getting one for yourself.

Persons having coupons calling for Chi-Namel Beads, please present at Prescott's store. They have the beads.

Our National Vice.

The editor of the Century comments in no uncertain phrase on the lawlessness which he says is our national vice. He notes the fact that during the last twelve months every variety of lawlessness known to man has been in view, in a degree of extreme development and sees in it "symptoms of national influences which impel hundreds of men of intelligence and force, as well as thousands less favored by endowment and circumstances, to use lawless means for the attainment or selfish ends."

Then the editor makes his arraignment: "In the last analysis, the responsibility for the lax public sentiment with regard to violations of business, social and political laws, must be placed on American training and character. Since the civil war, at least, the youth of the nation has been allowed a latitude of conduct and self-indulgence invited by political security and expanding prosperity. Himself confident and resourceful, the average American father has been pleased to accord to his son a large freedom for the development of individual quality; and when he has had misgivings as to the tendencies of his children, he has usually been too busy with the material cares of our strenuous style of living to do more than admonish, or to delegate the duties of parenthood. Striking exceptions only emphasize the common neglect, and if any one doubts the truth of this sweeping generalization, let him inquire of the masters of the private schools of the country. They will tell him, without qualification, that the lack of training in obedience and self-restraint in American homes is the bane of the preparatory schools, and the direct cause of the prevalent mediocre levels of discipline and scholarship.

"On a week foundation of home training our supposed educational bulwark against lawlessness rises to a doubtful capstone in the indifference of college men. Among undergraduates the mob spirit frequently holds sway, and is often treated with leniency, on the sentimental principle that a college ruffian differs from other varieties of wilful disturbers of the peace. As a ruffian for fun he is the least excusable type of lawless youth, and offers an example of far-reaching influence on public morals.

"And yet our hope of conservative action is largely in college men. Wherever they are met together, whether as undergraduates or as alumni, they will do well to consider their power and their responsibility in the matter of public order and observance of law."

Advertising the Church.

Church advertising is again the subject of public discussion following a vigorous denunciation which Rev. John Hunter, famous pastor of Trinity Congregational church, Glasgow, Scotland, hurled at a folder that Rev. Maurice Penfield Fikes circulated in Detroit.

The folder was the brightest of carmine and read, "Are you happy? no? Drive your wagon up to the Woodward Avenue Baptist church and hear the Sunday evening talk. Bring all your grouchy friends."

The following, appropriated from the advertising of a certain brand of whisky, appeared on the back: "Smile awhile and while you smile another smiles; soon there are smiles of smile and life is worth while because you smile. Try it!" The comment of the visiting minister was, "I would rather preach to empty pews than draw crowds by such methods as these," but Dr. Fikes warmly defended his folder on the ground that the church is the biggest business in the world and should be wide-awake in advertising itself in legitimate ways.

While a tawdry catch phrase taken from a distillery's bid for patronage can hardly be placed in the legitimate class, Dr. Fikes is right in the principle. The church is the biggest business in the world and the people should be told so. It should not be put on a par with the circus or the latest show, but should reflect the dignity of its mission. A definite appeal can be made without descending to vulgarity. The objection is in the present instance the manner.

The church has realized, says the Grand Rapids Press, the need of being in touch with the modern spirit and advertising is distinctly modern. That is used for wordly objects is all the more reason that it should not be scorned by those who aim to minister to the spiritual in man. Large sums of money are annually raised for the advancement of

religion and surely some of it cannot be used to better end than in drawing to the attention of "all sorts and conditions of men" the real good which the church can do them.

Announcement.

I hereby announce my candidacy for the office of Prosecuting Attorney and I respectfully ask the support of all republican voters at the coming September, 1910, primary election, if my conduct of the affairs of this office in the past has been satisfactory to you.

Yours respectfully,
EDWIN RAWDEN.

For County Clerk.

To the Republican Electors of Isosco County:

GENTLEMEN:—If my conduct of the office of county clerk has been such as to meet with your approval, I would respectfully ask you to vote for me for re-nomination at the September, 1910, primary, and if nominated and elected, I promise you the same faithful, courteous service in the future as in the past.

Yours very truly,
JNO. A. MARK.

Announcement.

To the Republican Electors of Isosco County:

I wish to announce my candidacy for the office of County Treasurer and respectfully solicit your vote for me at the coming primary election to be held in September.

To the most of the voters of the county I need no introduction as I have been a resident of the county for almost 40 years. If nominated and elected I will give to the duties my best effort.

Respect yours,
JOSEPH G. DIMMICK.

For County Clerk.

To the Republican Electors of Isosco County:

I wish to announce my candidacy for the office of county clerk, and respectfully solicit your vote for me at the coming primary election, to be held in September 1910.

I have been a resident of Isosco county thirty-six years and have been a taxpayer in Baldwin township for fifteen years, and if nominated by you for the office of county clerk and am elected, I promise you a careful, painstaking administration.

Respectfully Yours,
GUSTAVE C. KARUS.

Announcement.

To the Republican Electors of Isosco county:

I desire to announce my candidacy for the office of Prosecuting Attorney on the republican ticket, which will be nominated at the September primary, 1910, and shall greatly appreciate your assistance in so nominating me.

In support of my candidacy I wish to call your attention to the following facts: Mr. Jahraus held the office of Prosecuting Attorney for three consecutive terms, a total of six years. Mr. Rawden also held the office for two consecutive terms, a total of four years, thereby giving the firm of Jahraus and Rawden the office of Prosecuting Attorney for nearly ten years.

I have served the county as circuit court commissioner for two terms, which as you know is an office that has no salary attached to it, and believe that I am correctly placing myself in line for the office of prosecuting attorney.

Marvelous Discoveries.

Mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders, Dr. King's New Discovery—to save life when threatened by coughs, colds, lagrippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Ashville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c. and \$1.00. A trial bottle free. Guaranteed by J. M. Wuggazer & Co. and Jas. E. Dillon.

Have You \$34.50?

Treasury officials figure out that if all the money in circulation in the United States were divided equally, every man, woman and child would have \$34.50. This is 14 cents per capita more than they should have had by the same process of reasoning a month ago.

Compared with a year ago there was on June 1 \$14,000,000 more money in circulation and yet strange as it may seem, the per capita was 42 cents less. This, it is said, is due to the increase in population, it being proportionately more than the growth of the circulating medium.

A Woman's Great Idea

is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood, give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. Try them. 50c at J. M. Wuggazer & Co.'s and Jas. E. Dillon's.

Excursion to Bay City.

Via D. & M. Ry. Sunday June 12. Excursion train leaves Tawas City at 9:11 a. m., round trip rate \$1.00; proportionate rates from other stations; children between 5 and 12 half fare. Tickets good only on excursion train. See hand bills and D. & M. agents.

The Columbian Voyages.

Concerning the subject of the discovery of America John Flske says: "Nothing can be clearer from a survey of the whole subject than that these pre-Columbian voyages were of the greatest historic importance. In point of colonization they produced the two oldest settlements on the American coast and nothing more. Otherwise they made no real addition to the stock of geographical knowledge. They wrought no effect whatever upon the European mind. In no sense was any real contact established between the eastern and western halves of our planet until the great voyage of Columbus in 1492."

Daily Thought.

No man can justly censure or condemn another, because indeed no man truly knows another. This I perceive in myself; for I am in the dark to all the world, and my nearest friends behold me but in a cloud.—Sir Thomas Browne.

Seeming Generosity of Close Fisted Old Man Had Shrewd Purpose Back of It.

"I was called in by a close fisted old merchant the other day," a Boston lawyer remarked, smiling. "He wanted me to draw his will, and this I proceeded to do, following his verbal instruction. Presently he said:

"To each and every clerk who has been in my employ continuously for ten years I give ten thousand dollars."

"This seemed like a considerable sum to me and I ventured a slight protest, as he had a number of daughters and his entire fortune was not large.

"Oh, that's all right," he said, with a crooked little smile. "You know people have always said that I was close and hard, and I want them to think well of me when I am gone."

"I was a little touched, and said something, but he waved it aside and we continued with the draft. When it was finished and as I was about to leave the office, the old fellow smiled again: his crooked little smile.

"About those ten thousand dollar legacies," he said, "there isn't a clerk in my place who has been with me over two years—but it will look well in the papers!"—The Green Bag.

Most Mysterious Disease.

Rabies is a most mysterious disease, so much so that doubtless there have been many deaths from so-called hidden rabies in country people, never even suspected as hydrophobia. Some more furious cases could easily be mistaken for acute violent insanity. Others look like acute general paralysis, always bringing death. There seems as yet no remedy for hydrophobia except to kill dogs mercifully and by wholesale. Hydrophobia is gradually and strongly taking a firm hold in this country and American character seems too shiftless and variable to keep up and drive the pest out by years of patient, persistent use of the muzzle, as was done in England.—New York Press.

How Far Can You See?

What is the farthest limit to which the human vision can reach? Power in his book, "The Eye and Sight," gives the ability to see the star, Alcor, situated at the tail of the Great Bear, as the test. Indeed, the Arabs call it the Test star. It is most exceptional to be able to see Jupiter's satellites with the naked eye, though one or two cases are recorded, the third satellite being the most distinct. Peruvians are said to be the longest sighted race on earth. Humboldt records a case where these Indians perceived a human figure 18 miles away, being able to recognize that it was human and clad in white. This is probably the record for far sight.

Mortgage Sale.

DEFAULT having been made in the conditions for payment of a certain mortgage, made and executed by James E. Kemer and Myrtle E. Kemer, his wife, of Ellike, Isosco County, Michigan, mortgagors, to the State Savings Bank of Tawas, Michigan, mortgagee, dated January 12th, 1907 and recorded in the office of the Register of Deeds for Isosco County, Michigan, on the 15th day of January, A. D. 1907 at one o'clock p. m., and recorded in Liber 17 of mortgages on page 81.
On which mortgage there is claimed to be due at the date of this notice, the sum of one hundred fifty-one and fifty 100/100 dollars (\$251.70), and no suit or proceeding at law or in equity having been instituted for the recovery of said amount or any part thereof or for the foreclosure of said mortgage.
Now therefore, by virtue of the power of sale in said mortgage contained and of the statute in such case made and provided, notice is hereby given that said mortgagee will sell the premises described in the said mortgage, at public auction or vendue, to the highest bidder therefor, at the front door of the Court House in Tawas City, Isosco County, Michigan, (that being the building in which the Circuit Court for the County of Isosco is held), on Saturday the 25th day of July, A. D. 1910, at ten o'clock in the forenoon of said day, or so much of said premises as shall be necessary to satisfy the amount due on said mortgage, the statute attorney fees of fifty dollars, \$50.00 and all other legal costs and charges, on said day of sale.
Said premises are described as follows: A piece of land commencing three hundred and twenty-seven (227) chains north of forty-eight (48) degrees east from the east line of Detroit and Mackinac Railroad, in section six (6), on the center line of highway; thence nine (9) rods north west of right angle of said center line; thence five (5) rods south west and nine (9) rods south east to place of beginning. All in the north west one-quarter (1/4) of the north east one-quarter (1/4) of section six (6) township twenty-three (23) north of range five (5) east, situated in the township of Plainfield, county of Isosco, and state of Michigan.
Dated April 27, 1910.

"Better Farming" Train.

The Agricultural College, with the co-operation of the D. & M., M. C. and P. M. railroads, will have charge of a Farmers' Institute special train which will run through the counties of North-eastern Michigan, starting from Bay City Monday morning, June 27. Three days will be taken for the run to Cheboygan over the D. & M. and the return trip will be made in two days over the M. C.

There will be two or three passenger coaches in which short addresses upon topics relating to agricultural matters will be given, and a number of express cars for exhibits and demonstrations.

Among those who will accompany the train is Secretary T. F. Marston, of the Northeastern Michigan Development Bureau, who has been instrumental in arranging for the train; Hon. Colin C. Lillie, the new state dairy and food commissioner, who will speak on dairy topics; Prof. V. N. Shoemith, of the department of farm crops at the Agricultural College, who will discuss "soil management;" Harry L. Kempeter, of the College poultry department, who will speak on "poultry and poultry houses;" Prof. L. R. Taft, superintendent of farmers' institutes, will be in charge of the train and will speak on "orchards and their care."

The U. S. department of agriculture will co-operate by furnishing Prof. C. B. Smith and Prof. J. C. McDowell, of the farm management bureau, who have for a number of years been studying the soil and crop conditions in northern Michigan and are well prepared to discuss the growing of such crops as potatoes, clover, alfalfa, and vetch and the methods of tillage adapted to the various classes of soil found in this section of the state.

The express cars will be used for exhibits of grains and forage crops, spraying outfits, and poultry. The poultry exhibit in particular, will be very large and complete, consisting of ten of the leading breeds, besides brooders, incubators, models of poultry houses, samples of rations, etc.

Everybody interested is invited to visit this train and they will certainly find much that will be interesting and instructive. The train will remain but one hour at each place and visitors should be at the station at the time scheduled for its arrival. Stops will be made at the following points at the time given:

MONDAY, JUNE 27

First "Dry" Fair in Several Years.

The coming fair at Detroit, Sept. 19-24th, will be the first exhibition in many years to be "dry."

When this announcement was made some months ago there was much favorable comment heard from many quarters. Temperance and other civic bodies, which had been working on the question for some time, counted this decision of the fair management as a decided victory and the action caused quite general satisfaction.

One of the principal advantages of this "dry" policy is the doing away with the greater portion of what little rowdyism always appears at exhibitions of this kind. The efforts of the management even in "wet" years gone by, to preserve order and quiet and to assure all visitors of that comfort to which they are entitled, were highly successful. Through efficient organization and handling of the police force on the grounds there was little complaint of roughness and unseemly conduct, and this year the conditions will be even more improved.

The effect of the "dry" condition of the fair, since the announcement, has been a surprising increase in the number of requests for concessions, for soft drink establishments. The ice cream business also will be increased proportionately, and thus already have the benefits begun to accrue.

As in former years, there will be a large and competent force of deputy sheriffs on duty on the grounds at all times.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaint has received such general approval. The secret of its success is Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by Red Cross Pharmacy.

Field Day Meet.

The third annual Field Meet of Iosco County schools was held Saturday, June 4th, 1910, at the Fair Grounds and Base Ball Park. Quite a number of high school athletes were present and a very successful meet was held. H. M. Brook, of the Arthur Hill High School Saginaw, was in charge of the meet acting as referee in the field events and as umpire of the base ball game. Much of the success of the meet is due to the way in which the events were handled by him and the kind courteous treatment accorded by him to the participants.

East Tawas high school won the meet, scoring 47 points out of a possible 90. The ball game was between the team from the Oscoda high school and the team from the East Tawas high school, for the championship of the county. East Tawas won in an exciting game, by a score of 5 to 4, thus giving that high school another pennant, and making three consecutive annual victories for the championship.

Inspectors Making Rounds.

We are informed that the postoffice department has inspectors out through the country making an investigation as to whether the publishers of newspapers are complying with the new law which requires them to demand and receive payment in advance from their subscribers. These employees who have the authority to examine the books, are now checking up those of the Iowa publishers, and it is probable that they will soon invade Michigan.

The penalty for neglecting or refusing to comply with this law is a denial by the postoffice department to accept and transmit such publications through the mails at the regular newspaper rate of one cent per pound, and in case this should happen the publishers would be required to put a one cent stamp on each paper sent out. This would necessitate an increase in the subscription rate.

We are giving our subscribers this information so that they may know what may happen when the inspectors come to Michigan and visit the Herald office, if they find we are sending the paper to subscribers who are in arrears. The publisher will either have to discontinue sending the paper to those of its subscribers who are not paid up or affix a one cent stamp to every paper sent through the mails, which would increase the price of subscription one dollar per year.

Those who know themselves to be in arrears should lose no time in remitting enough to put them in good standing in the eyes of the postoffice department.

MORAL IN LITTLE INCIDENT

Youthful Salesman's Act of Politeness Started Him on Road to High Position.

Some of the doings of the late Charles Lockhart, millionaire, sound as if they were incidents in a novel. There was a new jewelry and silver establishment in New York, a big concern now recognized as a leader of fashionable trade. One very hot summer afternoon a tall, sad, and rather ill-dressed old man entered and said he would like to buy a wedding present. He looked like a needy farmer. The assistants were tired and heated and not at all cordial as the old man passed from counter to counter, pricing things. At last, in the silverware department, he was attended to by a young fellow, a new man in the shop, who did his best for the customer. The old man went higher and higher in his examination of silverware. He got to pricing full sets of plate. Finally he said: "Is that the best you've got?" The young man remembered that the firm had begun the manufacture of a specially designed, extra heavy set of plate. The order had been canceled, but several pieces had been finished for show. He got out those specimens. The old man asked how much a complete set would cost. The assistant consulted the manager, who said it would be \$50,000. "All right, have it made for me," said the old man. "How much do you want to deposit?" suggested the shopman. "Oh, I'll pay for the whole thing and get it off my mind!" and he drew a check for the amount. The young fellow did not recognize the signature, so he took it to the manager, and asked if it were good. "Good for a thousand times fifty thousand," replied the manager. In the Christmas season Lockhart came back to that store. He went right by all the bowing and scraping assistants, and asked for the one who had sold him the silver plate. When he found his man he bought \$50,000 worth of presents. That assistant is now a big man in the silver business.

Landlady's Bluff "Went."

A good story of a specimen of the ordinary theatrical landlady is told by J. L. Shine, in the Dundee Advertiser. One Saturday evening he and a fellow actor purchased a pound of sausages for their Sunday's breakfast. There were eight to the pound, but when they arrived at the table there were only five. Thereupon the landlady was called in to account for the missing links. "Madam," said Mr. Shine severely, "I gave you eight sausages last night; here are five only. What has become of the other three?" The lady of the house smiled an innocent smile, mingled with pity, and replied: "Well, you see, sir, sausages always do shrink in cooking." Which information had to suffice.

WHO NAMED KALAMAZOO?

Nobody knows. There is one thing that everybody does know, however, and that is that Mild-Lax has made the town famous. Some time ago nearly everyone in Kalamazoo suffered from constipation. The Tears in Books.

It is not hard to understand why, says a writer in St. Nicholas, when a book makes you laugh you want to read it and to read it over and over again. But it is rather puzzling to find that one also enjoys reading and rereading books that make one want to cry. What can there be in us that likes to be made to feel unhappy? In real life we don't try to do things that will make us suffer—not at all! But there are books that you cannot think of, once you have read them, without tears coming to your eyes, and yet you will find that you love those books perhaps more than any other.

To feel deeply is one of the best things in life; and there, maybe, lies the explanation of why we do love sad stories. They make us unhappy in a way, but they do not leave behind any bitterness or sense of personal loss. And they usually have a special beauty of their own.

REGAIN YOUR NERVE FORCE FREE

It is the natural desire of every man to be vigorous and strong. If you are devoid of that strength and virility that is your rightful heritage, let me aid you. Age is not always a barrier to recovery. I have 72 years of age and enjoy the good health and vigor that I did at 40.

I have spent 52 years in the continuous study and practice of medicine and am, therefore, fully qualified to advise you upon all ailments peculiar to man.

I have two prescriptions that I base my reputation upon as a physician and specialist. The one is for men under 50, and the other for men over 50. These stand today, in my opinion, absolutely unrivaled in their curative properties. I believe there is no treatment that has more genuine restorative powers or more cures to its credit than the one I submit you.

For loss of vigor, chronic diseases, all forms of nervous debility, loss of memory, lack of energy, ambition, etc.

In placing your case in my hands, you may have the utmost confidence that you will be given the personal benefit of a lifetime of study in the special disorders of men. Do not be discouraged by your past failures in search of health, for I am confident that should you entrust your case to me I can give you that benefit you have so long sought in vain.

My medicine acts as a perfect tonic to the nerve centers, rebuilding and toning up the system. Regain that vigorous constitution and nerve force that is the physical and natural attribute of man. If you are seeking lasting results that will make the future a life of pleasure instead of a burden that it has been in the past, consult the MAN WHO KNOWS. Write without further delay and I will mail you my \$5.00 RECIPE FREE.
