The Snug Fitting Coat Collar—It's Clothcraft!

THE coat collar is one of the things that make a hit with you when you wear Clothcraft. It sits up to your collar as if molded to it.

But it is only one of the Clothcraft points of superiority. There's the style—the shape—the non-breakable coat front—the non-sagging pockets.

And there's the guaranty of the maker—and ourselves—that Clothcraft is pure All-Wool—nothing else.

Yet you get your Clothcraft suit at \$10 to \$25. Wouldn't it be foolish to take a chance with ordinary clothes—when you can get Clothcraft with the guaranty—for the same or less.

Stories at Less Than One Cent Apiece.

In the fifty-two issues of a year's volume The Youth's Companion prints fully two hundred and fifty stories. The subscription price of the paper is but \$1.75, so that the stories cost less than a cent apiece, without reckoning in all the rest of the contents— anecdotes, humorous sketches, the doctors weekly article, papers on popular topics by famous men and women.

Although the two hundred and fifty stories cost so little, they are not cheap stories. In variety of scene, diversity of incident, skill and truth in character-depicting, they cannot be excelled.

The announcement for 1911, beautifully illustrated, giving more detailed particulars of these stories and other new features which greatly enlarge the paper, will be sent to any address free with sample copies of current issues.

Every new subscriber receives free The Companion's Art Calendar for 1911, lithographed in thirteen colors and gold, and if the subscription is received at once, all the issues for the remaining weeks of 1910.

Tawas City Schools.

Notes from the Association at Bay City.

Do not lose your sympathy with youth.

Teacher should be a learner with his pupils.

Habit in arithmetic is more than knowledge.

We must have and we shall have trade schools.

Knowledge begets respect, respect begets obedience.

Teachers must be master of the common branches.

More drill in arithmetic on the four fundamental rules.

Get the child to love his work, his study, as well as his play.

The home should be an educational institution—also a poetic center.

Esthetic side of the country child is starved; make more of the imagination.

All of our city teachers were present. They are all alive, thank you.

Success of county Normal to a great extent lies with the commissioner.

The public school is a jack-screw with which we lift the child to a higher level.

Teachers should use more, much more, time in giving out the lesson and less to hearing the lesson.

Create in each pupil a desired know—to know more—to go one more year to school—to go to college.

The laborer must prepare himself for his work, then go after the job dressed in his best clothes and best manners.

Teachers duty to rid the country life of its harshness, to teach the boy and the girl that the farmer's life work is a noble calling. Teach so that they will like the farm and will stay on the farm.

The American public school is the national transformer into which the immigrant child is put and out from which he comes a true American citizen ready to do or die for the flag—if need be—no matter what country claims his ancestors.

The following Isoco County Normal graduates attended the State Teachers Association: Hazel Murphy, Muriel Murphy, Mary Hottis, Violet Hottis, Grace Birney, Jennie Birney, Lois Garber, Jean Campbell, LaVina Cox, Edith Bradley, May Murray, Minnie Reynolds, Belle Bixby and Edith Grant. If your name is not in above list and you were present, please report to Miss Landon.

Not Sorry for Blunder.

"If my friends hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, grippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c. \$1.00. Trial bottle free. Guaranteed by J. M. Reply.

On Oct. 27th, 1910, Albert Widdis delivered a speech in the court house at Tawas City in which he gave his reasons for being a democrat, and why the people of Isoco county should vote likewise. Among other things he told that old bible story from the 47th chapter of Genesis, which tells about Joseph and his coat of many colors, cornering the corn and also on account of which there was a famine in the land, and how the Children of Israel were subjected to plagues, pestilence and famine. Had Mr. Widdis read all of the old, old story he would have learned that the children of Israel suffered from want, pestilence and famine only when some tribe or all the tribes harkened unto the sayings of false prophets and departed the true faith and followed after strange gods, then it was that the wrath of God was visited upon their mistakes and after a just chastiment, and when they returned to the true faith and denounced false prophets they were again received, and plenty, peace, prosperity and comfort surrounded them. He likened that condition in Egypt to ours of today. Who believes it? Do you? He is several years too late, because the only famine time this country has seen in the last quarter of a century was when its people listened to false prophets, followed after strange gods, departing the faith and ushering the Cleveland administration into existence, then it was that "there was famine in the land," and it produced nothing but free "bread lines," and free "soup houses" which were conducted by liberal republicans.

He also quoted statistics of his own to show the cost of several things made of iron and wood and used by many of us. Did you read the list? Wheat binder, cream separator, gasoline engine, etc., and tells you what it costs to make them and how the tariff raises the price to the consumer, and "there is a famine in the land." Does he know that patents and other things in connection with the manufacture and sale of these articles cost money, and that the material cannot be affected by the tariff when it is so cheap as he tells you it is? Further he tells us that we are too much concerned in making both ends meet to pay proper attention to our advancement and to the education of our children. Go ask the farmer how far he lives from the school house. Go ask any person why he does not get an education when there are numerous free schools.

He also tells you that the republican party is the starvation party. See the farmer getting the highest prices for his produce. Listen to the laborer telling you how much he is getting per day. All under a satisfactory republican rule. Yet there is a famine in the land.

In conclusion he tells you that the republican party smiles for two weeks and laughs for two years. That party is composed of all classes of citizens here and there throughout this broad land, and instead of smiling two weeks they laugh all the time, and is truly the party of sunshine. While the democrats may see the stupidity of our laugh, they walk right up and help themselves to the prosperity, peace and comfort along with us; but on account of the last democratic administration with its foul odor and bad taste, little wonder that they are sometimes long-faced and very sad.

We Startled a Good Many People with our Heater Offer Did You Read It?

We put some statements about heating stoves down in black and white that stove users never heard before. We want to repeat them! Remember, we are backed up by one of the grandest stove manufacturing concerns in the world—yes, backed by a concern that makes and sells more soft coal heaters each year by three times than any other maker anywhere.

So there are millions of dollars behind what we have to say about heaters this year!

To us alone is given the right to make the most unusual guarantee ever made on a heating stove.

Cole's Hot Blast Guarantee

Here is our authority from the President of the Cole Manufacturing Co.—the strongest guarantee ever made on a heater.

"You are authorized to sell the Original Cole's Hot Blast Heater this year on the most rigid guarantee ever made by any stove manufacturer. Our guarantee to every customer of yours is—

"1—A saving of one-third in fuel over any lower draft stove of the same size, with soft coal, slack or lignite.

"2—That Cole's Hot Blast will use less hard coal for heating a given space than any base burner made with same size fire pot.

"3—That the rooms can be heated from one to two hours each morning with the soft coal or hard coal put in the stove the evening before.

"4—That the stove will hold fire with soft coal from Saturday night until Monday morning.

"5—A uniform heat day and night, with soft coal, hard coal or lignite.

"6—That every stove will remain absolutely air-tight as long as used.

"7—That the feed-door is and will remain smoke and dust-proof.

"All we ask is that the stove shall be operated according to directions and set up with a good flue.

"(Signed) COLE MANUFACTURING CO., (Makers of the Original Patented Hot Blast Stove.)"

insists upon in the famine-making business is that a high wall keeping out outside supply shall be built.

The second condition is that those who before were competing must get together under one big Joseph. Both conditions are absolutely necessary for a correct up-to-date famine.

The Josephs have made hundreds of millions of dollars through selling goods to you during the last ten years. How much has your allegiance to the Republican party made you in that time?

Strikes are occurring on all hands and sides by organized labor against the tyranny of Joseph, who pays his laborers as little as possible and charges as much as the traffic will bear for the necessities of life that he controls.

Could you conceive of one of these poor Egyptians voting to continue the famine conditions. What name would you call him if he had done so? What do you think of the voter in this country who will go to the polls every two years and vote to send men to congress to continue the famines.

The Republican party is the starvation party. It is the famine-producing party. And you never will know much of the goodness and bounty of your Creator until you change your political tactics and vote the tariff wall, the famines, the famine prices, the Josephs, and all their cohorts into oblivion.

Many times you are pointed to the panic of 1893 as a warning against voting for Democracy. The Wilson-Gorman tariff bill is blamed for the panic of 1893. A more bare-faced lie was never told an unthinking public.

A ten horse power gasoline engine weighs 2,945 pounds. The cost of material is \$15.00, labor costs \$35.00, sale expenses \$40.00 making in all \$90.00. For this machine you pay Joseph \$600.

John D. Rockefeller is the Joseph of Josephs. One of his sons-in-law after whom the last tariff law was named stands as outside guard.

Another son-in-law, Harold D. McCormick, formerly of the McCormick Harvester Co. when it was a separate company, is the man inside with the knife.

Some of you farmers imagine that the tariff is benefitting by bringing you large pay for your crops. Get a Canadian paper and read the market reports. Farm produce is worth the same in Canada as it is here.

Protection of infant industries and the protection of American labor are argued as excuses for the high tariff wall. The former has become a joke. The latter is a fraud, and the fraud in it appears when you realize that if the Josephs wished to protect labor they would put a tariff on labor coming into the country as well as upon goods.

Money to pay the expenses of the United States government should be raised by direct taxation in the same way that money to pay the expenses of the state of Michigan is raised.

This would do away with the tariff, the trusts the Josephs, the famines and famine prices.

This would enable you to retain more of the earnings of your labor. Your noses would be lifted from the grindstone and you would have more time and money to devote to your physical, mental, moral and spiritual advancement.

The people of Canaan and Egypt, during the period of the famine, were too busy trying to get food enough to keep body and soul together to pay any attention to their physical, mental, moral and spiritual advancement.

You are concerned too much with making both ends meet to pay proper attention to your advancement. In many sections of the country children of tender years are pressed into service to help earn money to pay Joseph's famine prices for the necessities of life.

mission to his older brothers who were tending their flocks in a distant country. His brothers hated him and all but Benjamin wished to kill him. At Benjamin's solicitation Joseph was thrown into a deep pit instead of being killed. The pit was so deep and the sides so straight that Joseph could not scramble out of it. Before long some Midianites came that way and lifted Joseph out of the pit. They sold him as a slave to some Ishmaelites and the Ishmaelites took him to Egypt and sold him to Pot-i-par, one of the nabobs of the land.

Joseph became a shrewd business man. He took notice of the threatened failure of the corn crop of Egypt and Canaan; and he was struck with a brilliant idea. He saw a chance to corner the corn of those countries, and with his master's money he bought up all the grain he could at as low a price as possible. He put it in store-houses. The corn crop failed as he expected. There was a famine in the land. No one in Egypt or Canaan excepting Joseph had any corn. He had plenty stored away. He advertised among the people that he had corn to sell. The people came from all parts of Canaan and Egypt to the granaries of Joseph and bought his corn at very high prices. They called him a robber because he charged so much for his corn. But they paid his price because there was none other of whom they could buy corn. Joseph had cornered the corn and the people were compelled to dance to his music.

Of course, there were many who had no money and no camels with which to make the long journey over the deserts to Joseph's store-houses. Within a few weeks thousands of men, women and helpless children, having no money and no corn, sickened and died of disease brought on by starvation. These people were poor farmers and herdsmen and had very little money. What money they had was spent very soon in buying corn at high prices. They told Joseph that they had no more money with which to buy corn and he told them to bring their cattle and he would give corn in exchange for their cattle. And those who had cattle brought them to Joseph and exchanged them for corn at high prices. Those who had no cattle died of starvation. Very soon the cattle were all exchanged for corn and the people told Joseph that they had no more cattle and he told them to deed him their lands in exchange for corn. Those who had lands exchanged them for corn. Those who had no lands died of starvation. Very soon Joseph owned all the land and the people said to him that he now had all their money, their cattle and their land and that they had nothing to offer him but themselves. And many of them sold themselves into slavery for corn in order that they might live. And they bowed down and worshipped him. Those who refused to become slaves died of starvation.

Had they been a rich people they might have gone to distant countries and secured corn and not have purchased of Joseph. But they were poor and were

compelled to buy of Joseph. They did the best they could. It is to be assumed that Joseph didn't bother much about those who, having no money, cattle or land were dying of starvation. Joseph was a captain of finance. He engineered a corner in corn and he was becoming fabulously rich. With him business was business. I can imagine how angry and disappointed he would have felt if there had sailed up the Nile river a great fleet of boats loaded with corn for the suffering people, to be sold to them at reasonable prices. How his plans would have failed. But no such relief came.

Who can properly picture the scenes of distress that appeared among that suffering people? Who can tell to what depth of discouragement despair and degradation those people fell. There is no greater curse than that of abject poverty, when there is no chance to rise by one's own efforts. All their energies were bent toward getting enough to eat to hold body and soul together. There is no chance of uplifting a people physically morally, mentally and spiritually in times of famine.

Quite often China and India have been afflicted with famines and millions of people have suffered and died of starvation in those countries. We have been called upon to donate provisions and money to sustain them during their affliction. Famines are terrible things. There was a famine in the Thumb district of the State of Michigan a few years ago. For a few weeks the snow was so deep that railway trains could not get into the country. Provisions began to run short and a brilliant idea struck some of the merchants who chanced to have a stock of provisions on hand. It was the same idea that struck Joseph. They raised the price of provisions to ridiculous heights. For a short time meat sold for \$1.00 a pound to suffering and starving people. Do you suppose that those merchants who still had provisions to sell were overjoyed at the sight of the first relief train that came. Outside help for the people was what they dreaded. It spoiled their corner.

The conduct of Joseph of Egypt, and the conduct of the Josephs of the Thumb district, in taking advantage of the natural conditions of the country to rob the people was bad enough. What would you think of a man who would deliberately set out to cause a famine? You would call down on his head all the maledictions of hell, you would call him a monster of monsters.

A few months ago a Joseph in Chicago named Patten deliberately used his money to corner the wheat market. He did corner it. The price of wheat went up to \$1.30 per bushel, when the normal price was 80 cents. Flour and bread went up in price. There was a famine in the land.

But in this land of plenty we are living in the midst of famines all the time. There is a Joseph with every famine. And what he is most afraid of is aid from the outside. If he can only keep the outside world from sending help he will handle the situation. There is a Joseph J. P. Morgan, a Joseph John D. Rockefeller, a Joseph Senator Aldrich, a Joseph Henry Clews, a Joseph Harold D. McCormick, and many other Josephs. Sometimes they are called captains of finance. The leaders of the Republican party are all Josephs. Joseph of old, was the first trust magnate and he is their model.

But they out-Joseph Joseph by actually causing famines.

And there is a great famine in this land of plenty, all the time and in nearly every class of merchandise. And you are paying Joseph's famine prices to Joseph every day because you must have what Joseph has to sell. I repeat you must pay Joseph's price. These Josephs first see to it that outside aid is made as little likely as possible by placing a tariff wall around the United States.

When they have built this wall they have taken a long step in the famine-making business. It remains now only to cut off all competition within the country, manufacture goods and place them in warehouses. These Josephs have time after time refused to do business at all unless they be allowed to do it behind a high tariff wall. After the wall is up, the pen built, attention is given to the enclosure. They must get together so that you will have no choice of the party from whom you buy.

Up to the time of finishing the wall there was some competition in the market in the matter of quality and price of goods. This went to the benefit of the public. It was annoying to the larger Joseph to have to meet competition either as to quality or price, offered by an "independent." So Joseph entered into a trust agreement with the independents whereby it was agreed that the quality of the goods should not be above a certain standard and the selling price should not be below a certain figure. This agreement also provided that a penalty should be paid by any party to the agreement who violated any of its terms. The signers of the agreement broke their pledges very often. They very often raised the quality of the goods and lowered the price. It was very annoying. In desperation the largest Joseph concluded to crush out of existence or buy out of existence at fabulous prices the smaller Josephs. Some he crushed and for the manufacturing plants of others he paid enormous prices. In some cases plants there admittedly worth only about \$5,000 were sold to Joseph for one half million. But Joseph paid the price knowing that he could get it all back when he became the one and only Joseph in his line of business. With other Joseph's he formed a trust or combine.

After this crushing, purchasing and combining business was completed the quality of Joseph's goods went down and the price went up. Joseph, whether in Egypt or America is in business to make money. The way to make money is to sell as little as possible for as much as possible. The higher the tariff wall the poorer the quality of the goods you have to buy and the higher price you have to pay.

A high wall stands between you and the harvesting machinery manufactured in other countries. There is no outside help for you. A few years ago there were doing business in this country and competing among themselves in the open market as to quality and price of goods, several harvesting machinery manufacturing companies. They were known as the McCormick, Deering, Champion, Milwaukee, Plano and Osborne companies. After a high tariff had been placed on harvesting machinery these companies joined hands and were all merged into one gigantic trust known as the International Harvester Company. I repeat that the first condition that Joseph

SPEECH OF ALBERT WIDDIS

Democratic Candidate for Prosecuting Attorney, Delivered at the Court House, Tawas City, October 27.

MR. CHAIRMAN, LADIES AND GENTLEMEN:

The Democratic party has honored me by making me its nominee for prosecuting attorney for this county.

I was born in the town of Petrofia, Ont., Canada. I came to this country with my people when about 15 years old. I studied law; was admitted to the bar at Flint, Michigan; practised law in Detroit for 10 years; four years ago, on account of ill health I quit practicing law and came to this county, and became interested in the lumber business. I have recovered my health and am ready for the law again and this locality appears to me to be a good one in which to start. If elected, I will endeavor to give a common sense administration of the affairs of the office.

I am a Democrat. I am a Democrat because I believe in trying to uplift mankind physically, mentally, morally and spiritually. For this uplift a man needs a square deal and a chance to rise by his own efforts. I believe that if the principles of Democracy were put into practice in the administration of our government the people would have a squarer deal and a better chance of advancement, physically, mentally morally and spiritually than they now have under Republican rule. That is why I am a Democrat and that is why I am not a Republican.

I wish to tell you a little bible story found in the 47th chapter of Genesis. It is about Joseph the young man who was given the coat of many colors by his father. When about seventeen years of age he was sent by his father on a

Mr. and Mrs. Claude VanVolinburg, of Grand Rapids, are visiting with Mr. and Mrs. Mat Jordan.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpins, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

Shall Women Vote?

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, lagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure, 25c. at J. M. Wuggazer & Co.'s, and Jas. E. Dillon's.

Hemlock Slivers
Mrs. Thomas Curry and Miss Johanna were Hemlock callers Friday.

Mr. and Mrs. David Lowe are busy entertaining a little daughter this week.

Miss Harriet McAuliff spent Saturday and Sunday at her home in East Tawas.

Mr. and Mrs. John Burt are rejoicing over the arrival of a son, October 28.

Mrs. John Goodale and little son, Howard, of Tawas City, spent a few days with friends here.

A number from here attended the masquerade ball at the Sherman town hall Monday night.

Harvey Pangborn and family, of East Tawas, are visiting relatives and renewing old acquaintances.

Misses Margaret McGill, Edna Beaver and Alma Ferrister report a good time at the state teachers' association at Bay City.

A number of new phones have been put in the last two weeks for the Isoco Telephone Co., and several more are going in soon.

A good time was enjoyed by all present at the old tyme New England supper, at the Orange hall last week. The Ladies' Aid netted the sum of \$31 toward church expenses.

Saves an Iowa Man's Life

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. Its positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c. at J. M. Wuggazer & Co.'s and Jas. E. Dillon's.

To Hon. Board of Supervisors:

Your committee on equalization, to whom was referred the question of equalizing the assessment rolls of the several townships and cities, heretofore reported as follows:
That we have had the same under consideration and that we have examined the assessment rolls of the several townships and wards of the cities of Isoco county for the year 1910, and have found and added the same, and have carefully examined and compared the said several rolls to ascertain whether or not the relative valuation of the real property in the several townships and cities has been uniformly and uniformly estimated and upon such examination we have deemed such real property valuation to be relatively unequal and we have equalized the same by adding to or deducting from the valuation of taxable property in the several townships and cities such an amount as in our judgment will produce relatively an equal and uniform valuation of the real property in the county and total value of real and personal interests as assessed in such townships and cities and the amount added to or deducted from the total valuation in such townships and cities in order to produce relatively an equal and uniform valuation of the taxable real property and real property values in this county and aggregate value of real and personal property as equalized and determined by us, is hereby made part of this report:

Registration Notice.
Notice is hereby given that the Board of Registration of the several wards of the city of Tawas City, county of Isoco state of Michigan will be in session, on
Saturday Nov. 5, 1910.
at the City Hall, in the Third ward, in accordance with a special act of the legislature of 1899, for the purpose of registering the names of all such persons who shall be possessed of the necessary qualifications of electors, who may apply for that purpose.

Women Electors
In accordance with Section 4 of Article 3 of the Constitution of the state of Michigan, and Act 206, of the Public Acts of 1909, the Boards of Registration of said city will register the names of all women possessing the qualifications of male electors who make personal application for such registration; provided, that all such applicants must own property assessed for taxes somewhere within the county above named, except that any woman otherwise qualified who owns property within said county jointly with her husband or other person, or who owns property within said county on contract and pays the taxes thereon, shall be entitled to registration.

Following are the qualifications of male electors in the state of Michigan:
Every male inhabitant of this state, being a citizen of the United States; every male inhabitant residing in this state on the twenty-fourth day of June, eighteen hundred thirty-five; every male inhabitant residing in this state on the first day of January, eighteen hundred fifty; every male inhabitant of foreign birth who, having resided in this state two years and six months prior to the eighth day of November, eighteen hundred ninety-four; and having declared his intention to become a citizen of the United States two years and six months prior to said last named day, and every civilized male inhabitant of Indian descent, a native of the United States and not a member of any tribe, shall be an elector and entitled to vote; but no one shall be an elector or entitled to vote at any election unless he shall be above the age of twenty-one years, and has resided in this state six months and in the township or ward in which he offers to vote twenty days next preceding such election.

Said Boards of Registration will be in session on the day and at the place aforesaid from 8 o'clock in the forenoon until 8 o'clock in the afternoon for the purposes aforesaid.
Dated this 25 day of October, A. D. 1910.
Jno. B. King, City Clerk.
General Election.
Notice is hereby given that a general election will be held in the city of Tawas City, state of Michigan, on
Tuesday, Nov. 8th, 1910
at the city hall, in the third ward, in accordance with a special Act of the legislature of 1899.

At which election the following officers are to be chosen, viz:
State—One governor, one lieutenant governor, one secretary of state, one state treasurer, one auditor general, one circuit court commissioner, one commissioner of the state land office and one justice of the supreme court to fill vacancy for the term ending December 31st, 1911.

Congressional—One representative in congress for the congressional district of which said city forms a part.
Legislative—One senator in the state legislature for the senatorial district of which said city forms a part, one representative in the state legislature for the representative district of which said city forms a part.

County—One sheriff, one county clerk, one county treasurer, one register of deeds, one prosecuting attorney, one circuit court commissioner, two coroners, one surveyor, one drain commissioner.

The following proposition will also be voted upon at said election, viz:
To amend section 12 of article 8 of the constitution of the state of Michigan, relative to bonded indebtedness of counties, as provided by concurrent resolution No. 4, legislative session of 1909.

This amendment if adopted, will affect only such counties as have an assessed valuation of \$5,000,000 or less, but of course can be voted upon by all electors throughout the state of Michigan, except that women are NOT entitled to vote upon this proposition.

In accordance with the constitution of the state of Michigan and Act 206, public Acts of 1909, should there be any proposition or propositions to vote upon at said election involving the direct expenditure of public money, or the issue of bonds, every woman who possesses the qualifications of male electors and owns property assessed for taxes or owns property subject to taxation jointly with her husband, or with any other person, or who owns property on contract and pays taxes thereon, all such property being located somewhere within the district or territory to be affected by the result of said election, will be entitled to vote upon such propositions, provided such person has had her name duly registered in accordance with the provisions of said Act.

The polls of said election will be open at 7 o'clock a. m. and will remain open until 5 o'clock p. m. of said day of election.
Dated this 25th day of October, A. D. 1910.
JOHN B. KING, Clerk of said City.
