 If you are in need of barn frame timber go to Reuben Wade, Tawas City.  
 Mr. and Mrs. P. J. McCombs and children spent last Saturday at Bay City.  
 Mrs. Sadie Barber, of East Tawas, spent Sunday with relatives at Saginaw.  
 Mrs. C. E. Phillips and son, Warren, of East Tawas, were at Bay City yesterday.  
 Mrs. James McRae, of Flint, came yesterday for a visit with relatives and friends.  
 Miss Stella French, of East Tawas, returned Tuesday from a few days at Detroit.  
 George Darrah, of Standish, was a guest at the home of Mrs. Birney last Sunday.  
 A party of ladies from this city spent a very pleasant day at Indian lake last Saturday.  
 Max Bushy and Ed Stinson, of Mud Lake, spent Sunday at the home of Mrs. Anna Birney.  
 Mr. and Mrs. Frank Reddn, of Buffalo, are visiting her father, M. C. Davis, of this city.  
 Mr. and Mrs. Leon Ewing and children, of the Londo settlement, visited friends here this week.  
 Mrs. Suple Brabon is visiting her daughter, Mrs. W. J. Robinson, at Bay City, for a few days.  
 Mrs. Chas. Haggerty and Mrs. Van Wey returned to their home at Detroit yesterday, after a weeks visit in this city.  
 Miss Gertie Moore came from Canfield Wednesday, having completed her years duties as teacher of the school there.  
 G. A. Prescott returned yesterday from Chicago, where he purchased nine car loads of cattle for the Styles Lake ranch.  
 Mr. and Mrs. James Davis, of this city are the parents of a nice little daughter, who came to their home last Saturday.  
 Misses Jennie and Grace Birney closed their schools in Alcona county last week and are home for the summer vacation.  
 Alderman Wesley Groff is able to get up town with the aid of a pair of crutches after having been laid up for four weeks with a broken foot.  
 The annual rally of the Iosco County C. E. Union will be held at the Reno Baptist church Saturday and Sunday, June, 17th and 18th.  
 Mrs. L. L. Johnson is offering her entire line of trimmed hats at a big reduction. Do not delay, but call at once and get the best selection.  
 Mrs. Chan Shaw and little son Cecil, of Onaway, called on friends here last Saturday while on their way to Rose City for a visit with relatives.  
 The executive committee of the Northeastern Michigan Press Association met at Bay City Monday and set the date of their summer outing for August 19-20-21, and plan a trip to the Snow Islands, and the Soo.

Mrs. George Sedgeman and little daughter, of East Tawas, returned Wednesday from a visit with relatives at Detroit.  
 Miss Victoria Green, who has been teaching the Londo school, in Plainfield, during the past year is home for the summer vacation.  
 Jesse J. Youmans and Miss Hazel E. Swarthout, of Cooke Dam, were united in marriage by Justice W. B. Kelly, in this city, Wednesday.  
 Beginning July 1, next, Postmaster Kelly, of this city, will receive another increase of \$100 per year in salary, it having been advanced from \$1200 to \$1300.  
 A piece of beautiful hand painted china makes a most acceptable wedding or graduation present. Mrs. L. J. Patterson, of Tawas City, has a nice selection for sale.  
 That she may close them out in a hurry, Mrs. L. L. Johnson is offering all trimmed hats in her stock at special reductions in price. This is an opportunity you should not miss.  
 Dr. W. N. Yeager, the dentist, will be at Hale, Monday, June 12; Whittemore, Tuesday, June 13; Turner, Wednesday, June 14; Twining, Thursday, June 15, and Prescott, Friday, June 16.  
 The many friends of Mr. and Mrs. Herbert Downer will be pleased to learn that they are again to become residents of this city. Mr. Downer will resume his position with F. F. Taylor & Co. next Monday.  
 Any business is more respectable than loafing. A young man had better dig dandelions or fish worms and peddle them about town than to hang around public resorts, murdering time and his reputation.  
 The G. A. R. and W. R. C. wish to extend their thanks to the city council of East Tawas, the L. of V., and S., and the East Tawas band, for the assistance rendered in making Memorial Day a success in that city.  
 We haven't said much lately about the matter of subscriptions. You know that it is a small item but a lot of small items make a large item when all totaled up together. If your subscription is due kindly hand it in. You'll feel better and so will we.  
 The Tawas City and AuSable high schools will meet at the D. & M. park tomorrow, Saturday, afternoon, at 2 o'clock, to settle the base ball championship of the county. A red-hot game is promised. An admission of 15 cents will be charged.  
 Tuesday, Wednesday and Thursday June 4th, 5th and 6th are the dates of Dr. W. N. Yeager's next visit to his office in this city. Arrange to have him do your dental work if you want it done right. Special attention given to crown and bridge work and all work guaranteed, and prices reasonable. Painless extraction.  
 Last Sunday the Alabaster ball team and others to the number of about 25 came to Tawas Beach to play the East Tawas team. The trip was made in Martin's gasoline boat. All went well until the return, when off the mouth of the river below this city, the engine went wrong. One of the boys managed to get ashore and sent for help. They were all finally safely landed and went home with teams.  
 Isn't it a strange thing that when some people get a dollar their hands will burn until they send it to Chicago or some other place away for a "bargain" and when they have no dollar to spend they call upon the local merchant and beg of him to place upon his books the amount of the little item of which they are in immediate need. "Why, I can buy so and so in Chicago," is a common remark among some people but we wonder if they can get trusted for so and so in Chicago? Isn't it a fair thing to spend the dollar when one has it to spend with the local merchant who trusts the man when he has no dollar in his pocket?

Union Children's Day exercises will be held by the churches of this city, on the court house lawn, next Sunday morning, June 11. A very entertaining program has been arranged, and a cordial invitation is extended to all to attend.  
 Field Manager W. F. Johnston, of the Northeastern Michigan Development Bureau reports more evidence of awakening among farmers of the district to the importance of better methods in caring for fruit trees than has been seen in twenty years. Pruning, spraying, fertilizing and cultivation is being indulged in to a degree hitherto undreamed of. Something seems to have been at work during the past year to account for the progress everywhere evident.  
 At the Emanuel Lutheran church, in this city, on Wednesday, was solemnized the marriage of Rev. Carl C. Henning and Miss Emelia Buck, Rev. Thurow, of Bay City, officiating. The groom is the pastor of Emanuel church, and the bride a daughter of Mr. and Mrs. Emil Buch, of Tawas township. Both have a host of friends with whom the Herald unites in extending congratulations. The happy couple were extended a most enjoyable reception at the parsonage in the evening.  
 Antoine Makinem, aged 22 years, died at his home in Alabaster, last Friday. This is the young man who had his back broken about two years ago when he fell from a wagon and was run over, while on his way from this city. His father sued a number of the saloon keepers of this city and East Tawas, and the Michigan Surety Co., of Detroit, for damages, claiming they had sold him liquor. The case was tried in the December term of court and a verdict rendered in favor of the defendants.  
 A cordial and standing invitation is extended to everybody in northeastern Michigan to visit the offices of the Northeastern Michigan Development Bureau when in Bay City. They are located in the Wenonah building, first store off Center avenue facing Saginaw street. The offices are taking on an air of permanency and are interesting from the fact that they are fitted out with an exhibit of grains and grasses grown in the district. As the fruits and vegetables come on pains will be taken to display them in attractive form. So remember you are interested and should come in.  
 Miss Margaret, the youngest daughter of Mrs. Margaret Brennan, died at the family home in Lansing Monday, June 5, of valvular heart disease. The remains were brought to East Tawas Tuesday, and the funeral held from from St. Joseph's Catholic church Thursday, Rev. Fr. Kinney officiating. The deceased was born in East Tawas about 23 ago years, where she attended school and grew to young womanhood, the family having moved to Lansing a few years ago. Those who accompanied the remains here were the mother, sisters Misses Alberta and Kate, of Lansing, Mr. and Mrs. A. L. Goodrich, of St. Johns, and brothers, John, of Ionia, and James, of Jackson.  
 The way to build up a community is for every person in it, who can, to put some money into industries that give people employment, and push the industries to success. Industries that last all the year round are the best; but those that last part of the year are better than none. The most valuable power on earth is human power, and when it is not employed it is not only lost but it also consumes part of what others earn. Work creates wealth; work sets money in motion; work pays debts; work is the vital power in prosperity, and that city, that community, and that nation whose people are idle, are poor, and poor in proportion to the number that work and the time they work. Heaven's greatest earthly blessing to any people is to give them honest, remunerative work.  
 There is one medicine that every family should be provided with, and especially during the summer months, viz: Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost sure to be needed. It costs but a quarter. Can you afford to be without it. For sale by all dealers.  
 FOR SALE:—A Cadillac automobile. For further information see A. W. Black.

**Iosco County Field Meet.**  
 The fourth annual field meet of the Iosco County School Athletic Association was held Saturday, June 3rd, at Chevalier Park, AuSable. A goodly number of athletes were on hand to do their best for their schools and furnished an exciting time for the spectators. H. M. Brooks, of the Arthur Hill high school, Saginaw, was in charge again this year and handled the events in his characteristic fair, courteous and able manner.  
 Oscoda ran away with the field events, winning 9 firsts, 5 seconds and 25-6 thirds.  
 The shot put record of last year was raised from 37 feet 6 inches to 39 feet 1 inch by Hennigar, who also equalled his last year's mark of 5 feet in the running high jump. The rest of the events did not come up to the standards of last year.  
 The relay race was won by Tawas City, Mark, on the third leg, was responsible, passing the other three men by a pretty sprint.  
 Following is a summary of the events and winners:  
 100 yard dash—Trigger, Oscoda, 1st; Anderson, Oscoda, 2nd; A. Coure, AuSable, 3rd.  
 220 yard dash—Anderson, Oscoda, 1st; A. Coure, AuSable, 2nd; Hennigar, Oscoda, 3rd.  
 High jump, 5 feet—Hennigar, Oscoda, 1st; Anderson, Oscoda, 2nd; Boldt, East Tawas, 3rd.  
 Standing Broad Jump, 8 feet 8 1/2 inches—Hennigar, Oscoda, 1st; Applin, East Tawas, 2nd; Gross, AuSable, 3rd.  
 120 yard hurdle—Anderson, Oscoda, 1st; Hennigar, Oscoda, 2nd; A. Coure, AuSable, 3rd.  
 Shot Put, 39 feet 1 inch—Hennigar, Oscoda, 1st; E. Coure, AuSable, 2nd; Zellmer, AuSable, 3rd.  
 Running broad jump, 18 feet—Hennigar, Oscoda, 1st; Mark, Tawas City, 2nd; Groff, Tawas City, 3rd.  
 Pole vault, 7 feet 6 inches—Adair, Oscoda, 1st; Martin, Oscoda, 1st; Trigger, Oscoda, 2nd; McLaughlin, AuSable, 3rd.  
 Hop step and jump, 37 feet 2 inches—Hennigar, Oscoda, 1st; Anderson, Oscoda, 2nd; Trigger, Oscoda, 3rd.  
 220 yard relay race—Tawas City 1st; AuSable 2nd; East Tawas 3rd.  
**TOTALS.**  
 Oscoda 62 5-6 points; AuSable 13 1-2 points; Tawas City 9 points; East Tawas 4 2-3 points. Total 90. Individual point winner, Hennigar 29.  
 Tawas City won easily from Oscoda in the first game to decide the base ball championship of the Iosco county schools, made necessary because of the tie between AuSable, Oscoda and Tawas City. Saturday's game eliminates Oscoda, leaving the race to AuSable and Tawas City.  
 Berry pitched fairly good ball until the ninth inning, but with twelve errors behind him and Tawas City running the bases wild there was nothing to it. In the ninth, to cap the climax, four hits, a base on balls, four stolen bases and an error netted five runs.  
 In the first inning three singles, and an error, aided by an out, gave Oscoda two runs, and in the second a hit and two errors gave them another. Their other run was made in the sixth by Brabant hitting Ervingham. Hennigar then singled and on an attempt to get Ervingham at third, went to second. Adair struck out. Brabant then passed Marks and Berry, forcing in the run. On an attempt to steal home Hennigar was out at the plate. Brabant to Mark. Norling then struck out. This inning and the seventh were the exciting ones of the game. Oscoda getting three hits in the seventh and no runs.  
 Hennigar stole second in the third, the only stolen base for Oscoda, but was out trying for third. Tawas City stole fourteen bases.

**A New Industry for the Tawas.**  
 After laying idle about five years, the plant in this city formerly used for the manufacturing of skewers was reopened Tuesday for the remodeling and placing of up-to-date machinery for the manufacture of all kinds of finishing lumber.  
 The prime mover in this enterprise is A. Barkman who is the owner of this property. As he has handled considerable rough lumber for the last two years, he decided to reopen this plant for the manufacture of all kinds of finishing lumber for the wholesale and retail trade.  
 Large lots of lumber will be shipped from now on, as well as the lumber that was cut during the last two months back of the plant, to be manufactured. Specialty lines will also be taken up in time. The intention of the concern is to establish a jobbing as well as a mail order business to ship lumber and all kinds of builders supplies all along the D. & M. railway, as well as other parts of the state. All lumber will be kiln dried.  
 This enterprise will no doubt bring along property improvements in the Tawas as well as the surrounding country, as material of all kinds can be readily obtained.  
 Rudolph Stark, of this city, will have charge of the manufacturing and that will be a guarantee that all material will be well manufactured.

**A Sermon Worth Heeding.**  
 Whenever you receive a circular letter exploiting California, the Canadian Northwest, Florida or some other seaport, where money hangs on bushes and where men live to be 500 years old and where women grow handsomer the older they get, burn it and take a firmer grip on your old home in Michigan, and thank the Lord that he predestined you to be a resident of the best state in the union, and in the best section of the state.  
 No other section can offer you better opportunities for advancement, if you are agriculturally inclined than good old Michigan, where one or two potatoes make a bushel, and where pears and apples grow so large that one is sufficient for a family of growing children that are lovers of fruit.  
 When this section is developed it will be ascertained that the original Garden of Eden was located within its confines. Why men should listen to the wiles of the real estate agent that desires to sell you a patch of sand in a country that has an enervating climate and where sand fleas are the most prolific crop that you can raise, when they live in this section where the climate is invigorating, where good water abounds, where everything that grows in the middle west grows larger, better and more prolific than elsewhere, is beyond our ken.  
 Our citizens that did listen to the glittering con talk of promoters in the past, were soaked and were glad to return where they were sure of growing crops and where land could be purchased at a nominal sum instead of \$250 per acre.

**Annual Meeting E. & M. Ry. & Nav. Co. Stockholders.**  
 The annual meeting of the stockholders of the Erie & Michigan Railway & Navigation Co. will be held in the general office of the Co. at Alabaster, Iosco county, Michigan, on Monday, July 10, 1911, at four o'clock p. m.  
 S. S. JENKINS, Secretary.

The uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy has made it a favorite everywhere. It can always be depended upon. For sale by all dealers.

**D. & M. Summer Trains.**  
 Detroit & Mackinac summer train schedule will become effective Sunday, June 18th. There will be very little change in the schedule of any of the present trains. The usual summer trains between Bay City and Tawas Beach and Bay City and Linwood Park will be put on. Trains 3 and 4 will arrive at and depart from Cheboygan boat docks.  
 By June 18th the new Rogers City division will be in operation between Posen and Calcite, which is about two miles from Rogers City. Train 77 will leave Posen 7:35 a. m., Liske 8:05 a. m., arrive Calcite 8:35 a. m., returning leave Calcite at 3:00 p. m., Liske 3:30 p. m. Arrive Posen 4:00 p. m. After the line is constructed to Rogers City it is expected that there will be two trains each way.

**Bids Wanted.**  
 Notice is hereby given that the undersigned will receive sealed bids for the raising of the roof building a second story to the school building in district No. 1, Alabaster township. Plans and specifications may be seen by calling on the undersigned. Bids will be received up to and including July 1, 1911. The right to reject any and all bids is reserved by the board.  
 By order of the board of school district No. 1, Alabaster township.  
 HARRY PRESTON, Director.

**Are You Going to let the Grass Grow?**  
 Dissension in a town makes the grass grow in the streets. Unity makes the trade grow in the stores. Other things being equal, a city is usually as big as the faith of its people. If they believe in it enough to sink all differences and pull together you can bet ten dollars to doughnuts that town is on the up grade. When all the merchants unite for the good of their burg it is a safe gamble that home trade will unite itself to them.  
 It is better to have the long green in the tills than the grass green in the streets. Unity makes the long green grow. The town that does not pull together will be pulled to pieces.

**A Fair Warning.**  
 Now is the time to prepare against the invasion of the house fly—typhoid fly, cholera-infantum fly filthiest and vilest thing with which humanity comes in contact. Every home should now be carefully screened and all breeding places put in sanitary condition. As the post card says, "Do it Now!"

**Accident Insurance Tickets on Sale at D. & M. Stations.**  
 All the principal ticket offices on the Detroit & Mackinac Ry. are now supplied with accident insurance tickets issued by the Standard Insurance Company, of Detroit. Those interested can receive full information by calling on D. & M. agents. 51

**For Sale.**  
 The Sourwine farm in Sherman township. Also stock and machinery thereon. For particulars call on or address John Jordan, administrator, R. D. 1, Turner, Mich.

**South Branch.**  
 Mrs. W. C. Harper came home from Flint Monday night.  
 Dean Stewart returned home from Redfield, South Dakota, last week.  
 Martin Lupton's meat wagon visits South Branch Tuesday of each week.  
 Miss Theresa Eymmer, of Ellake, spent Sunday at the home of H. J. Perk.  
 Mrs. J. W. Thayer left Tuesday for St. John to visit her mother. She will spend a day in Brant before returning home.  
 Mr. and Mrs. Albert Schried, of Saginaw, are visiting Mrs. S's parents, Mr. and Mrs. Charlie Tabor, and other relatives and friends for a few days.  
 Mr. and Mrs. Thomas Naylor, of Rose City, came over last Thursday to attend the funeral of Mrs. James Naylor, whose body was brought here from Traverse City for burial.  
 Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by all dealers.

**Turner and Vicinity.**  
 Gus Fuehr was a business visitor in Bay City Saturday.  
 Earnest Jacobs was in Omer the latter part of last week.  
 Mrs. Jim Shinevar and children were in Standish Monday.  
 Ike Kannell was a business visitor in Standish last Monday.  
 Dorcus Derosia, of McIvor, was a Turner visitor last Friday.  
 P. J. Schuster, of Emery Junction, was in the village Tuesday.  
 Earnest Moore and Laurance Yax returned from Bay City Monday.  
 Thos. Beercraft, of Lupton, was in town the latter part of last week.  
 Bert Glougie visited friends and relatives in Cass City over Sunday.  
 Geo Hunt went to Pinconning Monday to work in the Jennings heading mill.  
 John Scully, of Prescott, visited friends in town the latter part of last week.  
 John Hickingbottom left Wednesday for Burleigh, to work on the new town hall.  
 Miss Helen Green, of Tawas, was a guest at the W. S. Whitehouse home last Friday.  
 A. G. and C. W. Houghton were business visitors in Maple Ridge and Prescott Monday.  
 Mrs. Jose has been engaged to teach the primary and intermediate rooms in Twining next year.  
 Miss Cassie Lytle spent Sunday with her grandparents, Mr. and Mrs. P. Perkins, in Lupton.  
 F. N. Hunt has moved his pool room from the old Rosenthal building to the hall adjoining the Turner hotel.  
 Mrs. R. G. Bannon, of Bay City, is making her parents, Mr. and Mrs. Ike Kannell, a short visit this week.  
 Miss Edna Drummond is back at her place as primary teacher after a two weeks absence on account of illness.  
 P. D. Post, formerly of Bad Axe, is now in charge of the Turner bank as cashier with Thos. D. Maddock, of the same place as assistant.  
 A. L. Wright, of Bad Axe and F. W. Merrick, of Pigeon, were in town the latter part of last week looking after their various business interests.  
 The Misses May Murry, Grace Birney, Sophia and Helen Green and Ed Byrnes, of Tawas City, attended the band boys dance last Friday night.  
 L. E. Rather is busy placing the shelving, painting and arranging the interior of the old Rosenthal building which he and Mr. Bertrand, of North Branch, recently purchased, and will soon be ready for their big stock of general merchandise which they expect to open up in about two weeks.  
 At the M. E. parsonage last Saturday afternoon, occurred the wedding of Miss Janie Bezenah to Mr. Roy Henning, both of Twining. The bride was attended by Miss Nettie Eddy, and Henry Bezenah, brother of the bride, acted as best man. The ceremony was performed by Rev. Ruel, pastor of the M. E. church.  
 The Saturday afternoon young people's class has been organized into a Junior League with the following officers in charge: Sup't. The pastor; Pres., Earl Houghton; 1st Vice Pres. Ruth Ensign; 2nd Vice Pres., Nomi Stabler; 3rd Vice Pres., Jessie Trim; 4th Vice Pres., Bell Hunt; Sec., Wanda Rather; Treas., Rhea Spufford.  
 Our business men have decided the 4th of July shall be celebrated at Turner, and the committee is now busy getting up a program of attractions. It will be the best celebration in this section of Michigan, with something doing all day. Arrange to come and help us have a good time. We will make it entertaining for you. Music by the Turner Concert band, base ball games, horse races, dancing and other sports will go to fill in the time. Watch for particulars.  
 The band boys dance last Friday evening was well attended and all report a good time. The receipts were as good as had been expected and the boys take this opportunity of thanking everyone who so liberally contributed towards making this dance the crowning event of the season. They cleared about \$40 on the dance and social which go towards paying for their new uniforms. The boys are planning on another in the near future and hope to receive the assistance of everyone in this work.

TAWAS CITY, MICH. June 9, 1911

A man who is indiscreet in his utterances is like a postcard—everyone can read him.

The world takes no stock in the man who plunders his fellowmen six days in the week and goes to church on the seventh day to worship God.

Now is the time when men who cut across lawns and corners of streets to save a moment of time will sit for hours in a blazing sun to watch two nines play the national game.

As yet, there are no signs that the decision against the Standard Oil has affected the good standing of John D. Rockefeller's church membership. Neither is there any indication of a lowering of the price of kerosene.

It is a good sign when influential criminals, are treated just like other criminals. It helps to confirm the belief that, in practice as well as in theory, the law is no respecter of persons.

These are the days when the lazy farmer finds all manner of fault with the weather and other things while his industrious neighbor goes right merrily on cultivating his crops and preparing to gather a bountiful harvest.

The smoking room of an Atlantic liner is a place where "fools and their money are soon parted." Although this fact has long been known, the number of people ready to be fleeced by card sharpers shows no diminution.

Why is it that some people cannot or will not pay a compliment graciously? If necessity compels them to say something good of a person or of a deed, they invariably inject a little poisonous virus which destroys all the value of the compliment.

The present imperial conference of premiers from the self-governing colonies of Great Britain promises to result in actions that will be of far reaching consequences to the British empire. Not unlikely the suggestion of an Imperial Council consisting of delegates from the colonies will take definite shape.

The man who is negative in his business is doomed to failure. Business needs men of conviction, courage and progress. Men thus endowed necessarily make some mistakes and meet with some reverses. But they learn by experience and recover themselves, and in the long run they win out.

Queen Mary of England evidently has no use for the loud, fast society women whose chief ambition seems to be to imitate some of the vices of society men. Considering the moral and social influence which royalty in Great Britain exerts upon the people this attitude of the queen will have a salutary effect.

Many politicians and business men who are accused of political corruption would get people to more readily believe their protestation of innocence if they would abstain from trying to block investigation. To raise technical objections and twist and squirm to prevent enquiry is a poor way to convince people of their blamelessness.

The contented person never sulks. Sulking is born of discontent, and it is very easy to take a warped, bilious view of things if one spends his time envying some other man who by dint of cheerfulness, industry and ability has made his way in life. Instead of narrow envy and brooding let anyone so inclined take a broader, sunnier view of life and do his duty with rightness of heart. Such action will speedily drive out the evil spirits of discontent and jealousy.

It will be a good day when a compulsory sentence of imprisonment awaits every individual member of a trust found guilty of violating the law. At the present time most such criminals escape through the convenience of an immunity bath or by the payment of a fine, which though in itself may be large, means no more to them than the payment of a dollar would mean to a poor man. As for a sense of shame in being convicted of breaking the law, they have none. Nothing but the fact that prison sentences and stripes await them will make them obey the law and work the desired end.

It will be very much like "marching to the top of the hill and marching down again" if all that follows the Supreme Court decision is a reorganization of the Standard Oil Company. Probably most people think that the head officials who were responsible for violating law should be dealt with along criminal lines, and will be disappointed if they are not.

The man who recently said that women should have ideas of their own and not let their husbands do their thinking for them is evidently not married and has but little knowledge of women. Most men especially husbands, know by experience that women can and do think for themselves. Fortunately, the time is past when women, even in civilized countries were regarded as a second and inferior edition of man, and when to educate them was considered worse than a waste of time and money.

Two or three men who applied for membership in some exclusive society clubs have been blackballed because they were "self-made" men. That they were successful business men, men of ability and character could not outweigh the disgrace of being self-made. If only they had descended from the sutlers and bandits who accompanied William the Conqueror to England, how different would have been the result. The snobs, whomiscall themselves Americans, would have welcomed them with open arms. One cannot help wondering how far removed in point of descent from being self-made are the very men who did the blackballing. Probably their fathers or grandfathers dug ditches or did some other honorable but menial labor. These exclusive and seclusive shoddy aristocrats should shake the dust of America from their feet and hie away to England, where they might bask in the sunshine of the descendants of Charles II and Nell Gwynn, or the robber barons of the Norman William. Anything rather than suffer the humiliation of consorting with self-made men. As for the men who were blackballed they may congratulate themselves on having had a fortunate escape.

### Summer In The Country.

Summer days have a relaxing influence. The schoolboy finds it hard to give his thoughts, and time to study and he counts every day until school closes. Then if he is so fortunate as to live in or near the country he hies away to the swimming hole or to the stream where fish abound, and he can get more fun and catch more fish with a bent pin and a rod cut from a nearby tree than the adult who comes from the city with his patent up-to-date fishing outfit.

And the business man who has been content through the long winter time to toil faithfully behind desk or counter also feels the call of the summer and its association of leafy woods, sparkling water and pure air. Perhaps in reminiscent mood his thoughts go back to boyhood days in the old farm home and the temptation is strong to throw down the pen and obey the call to get back to the land even if it be but for a few brief weeks.

In truth, in most people there is a good deal of the primitive rusticity of their remote ancestors which centuries of conventionalism and civilization have failed to eradicate. And it crops out in summertime when the desire is so strong to get back to nature, and in the rude simple camp life of the woods enjoy a freedom, action and elasticity of spirits to which one is a stranger in the more refined and more artificial life of the city.

And while this would not do as a regular thing, it is good to occasionally revert to it. The bow must be unbent sometimes or it becomes useless. And the busy man of affairs realizes that it pays every way to let up a little in the bright summertime and respond to the beckoning call of mother nature.

### Institute Prizes.

The Iosco County Farmers' Institute Society will give the following list of prizes to children under 16 years of age, for exhibits to be made at the next annual institute which will be held at Whittemore in January 1912. All articles competing for prizes must be in the hall at 2 o'clock on the first day of the institute.

### Will Boom State.

A Lansing dispatch says: Active operations to induce settlers to join the ranks of the homeowners in this state, are to be instituted by the state immigration bureau of which Commissioner A. C. Carton was placed in charge Thursday. There are about 2,000,000 acres of wild land in this state, Mr. Carton says and of this amount about 7,000,000 acres can be transformed into good agricultural lands, while the remaining 3,000,000 acres are only suitable for forestation purposes pending the time when other use is found for it.

Friends of Mr. Carton consider him exceptionally well fitted for the duties of his new position. He is thoroughly familiar with all sections of Michigan, the various soils and the methods which are being employed in farming, fruit raising and other agricultural pursuits. In addition Mr. Carton is possessed with an unbounded enthusiasm for Michigan interests and its opportunities. He can boost Michigan by the rod or mile, and has a wealth of information to make good his arguments with. Beyond this, he has recently been west into some of the boom lands out there and the advantages Michigan possesses over that country, Mr. Carton knows and appreciates to the fullest extent.

Mr. Carton says that in boosting the population figures of the state, every bit of information sent out by the state, will be absolutely accurate and settlers will be protected from boomers who attempt to sell them worthless lands. He expects to work in harmony with the big development associations of the state, and aid them wherever possible and have their assistance in doing for the state. The railroads are also expected to join in the work and see to it that their eastern representatives are starting good settlers this way. These activities are to be instituted at once and Commissioner Carton hopes to have a good report to render a year from now, showing that the state's resources are being developed and its population and wealth are increasing accordingly.

## GREAT VALUE OF CONCRETE FENCE POSTS.

By H. H. MUSSELMAN,  
ASSISTANT PROFESSOR OF FARM MECHANICS OF THE M. A. C.

ONE of the most practical as well as the most promising fields for the use of cement is in the manufacture of concrete fence posts. In most sections of the state material for their construction is easily obtainable, and they give such a promise of lasting qualities that a consideration of the essentials in their construction is worth while.

We shall not attempt to describe in detail the method of making. A great deal of this information is being widely distributed by the various manufacturers of cement, who thereby increase the sales of their product. Some attention is also given the matter by the agricultural press, and the department of agriculture, Washington, D. C., publishes Farmers' Bulletin No. 403, which gives in detail the steps to be followed.

Much of the published material which is intended to show the superior advantages of concrete for posts may leave a hazy notion as to the essential points to be observed in their manufacture. The lasting qualities of this kind of post have been brought forth so prominently that the matter of cost may disappoint those who take for granted their cheapness or those who may sacrifice strength for cheapness.

Strength is the first requisite of the concrete post. This can only be secured by the careful proportioning of material and the proper placing of a sufficient weight of reinforcement which should always be used. In wood posts strength may be of secondary importance since a post of ordinary size may be many times stronger than actually necessary when new, but this factor if omitted in the construction of concrete posts may make them worse than useless. We here note that while making concrete posts is a comparatively simple process and not beyond the average man it does require considerable care and judgment.

In the matter of material the sand should be clean and not contain more than 5 per cent of clay. It should be sharp, and the grains should vary in size from very fine to that which will just pass through a screen of quarter-inch mesh. The proportions usually recommended are 1:2:4; i. e., one of cement, two of sand and four of gravel where gravel is considered to be pebbles of such size as will not pass through a screen of quarter-inch mesh. If bank run gravel is used it should not contain too much fine sand nor pebbles large enough to interfere with the proper placing of reinforcement. proportion of 1:4 of cement and bank run gravel is right enough and if the grains of gravel are found properly graded in size will correspond favorably with the proportions of cement, sand and gravel named above. Any great excess of cement above that required to coat and bind the grains together and fill the voids is a pure waste of the most expensive part of the mixture.

In the matter of reinforcement, it will be found necessary to use not less than two pounds of metal per line post to secure the desired strength. This may consist of single wires hooked at each end and placed one in each corner of a square post not more than one inch from the outside. Two wires twisted together may also be used, and there would be less probability of these slipping in the concrete under strain. If single wires are used, No. 8 ungalvanized or two No. 12 twisted may be procured in straight bundles cut to the proper length. Galvanizing is not considered to be necessary since if the posts are properly made the wire will be properly protected from the air by the concrete. Reinforcing wires should be placed from 3/4 to 1 inch from the surface and should be reasonably straight and free from any bends or kinks which would tend to straighten out under strain and thereby defeat the purpose of the reinforcement.

Too much stress cannot be laid on the time required for curing. They should not be handled for 10 days at least and should be kept moist during that time. This can be conveniently done by covering with sand and wetting occasionally. Some authorities recommend that they be kept moist for a period of 30 days. They should not be used for 60 days at least. Handling posts too green may develop cracks invisible at first, but material-ly weakening the post.

The cost of a good concrete line post will not be less than 30 cents, material and labor considered. A rough estimate shows the cost to be divided in about the following proportions: Labor, one-third; cement, one-third; sand and gravel, one-sixth, and reinforcing, one-sixth. The weight of a line post 4 1/2 x 1 1/2 at the top, 4 1/2 x 6 at the base and 7 feet long is about 175 pounds.

Remove every dead tree from the orchard. They are veritable breeding places for fruit pests.

**Free Tuition Law.**  
Act No. 65 of the Public Acts of 1900, or the free tuition law, was amended by the legislature of 1911 and the entire law is given below as it now reads:

AN ACT  
To provide for the payment of tuition in and transportation to another district, of children who have completed the studies of the eighth grade in any school district; and to repeal act number one hundred ninety of the Public Acts of nineteen hundred three, and all other acts and parts of acts in any-wise contravening the provisions of this act.

The People of the State of Michigan enact:

Section 1. The district board or board of education of any school district which does not maintain a high school shall have authority and is hereby required to vote a tax sufficient to pay the tuition to one of the three nearest high schools of any children of school age residents of said district, at the time of giving notice as hereinafter provided, who have completed the studies of the eighth grades, not exceeding in amount twenty dollars per pupil per year, unless the voters appropriate a larger sum at the annual school meeting, and may vote a tax to pay the transportation during school days of such children, such tuition to be paid by the treasurer of the district in which the pupil resided at time of giving the notice herein provided, to the treasurer of the district where the high school attended is located:

Provided, That a parent or the legal guardian of such children, or the person in parental relation to such children, shall give written notice to the district board or board of education on or before the fourth Monday of June that such children desire to attend one of the three nearest high schools during the ensuing year. Upon receiving written notice of children eligible to attend high schools the district board or board of education shall vote a tax sufficient to cover the necessary expense for tuition as herein provided, and may vote a tax sufficient to cover the necessary expense for daily transportation of such children:

Provided further, That any surplus moneys in the treasury of said district belonging to the primary fund may be used in paying necessary tuition in lieu of a tax therefor.

Section 2. The tax provided for in section one of this act shall be reported to the clerk of the township in which such district is located and shall be spread upon the tax roll of such township in the same manner and at the same time as other school taxes.

Section 3 repeats Act 190 of 1903.

Section 4. A high school shall be a graded school maintaining twelve grades of work with at least two teachers devoting their entire teaching time to the ninth, tenth, eleventh and twelfth grades:

Provided, That a graded district having a course of at least ten grades with one teacher devoting his entire teaching time to the ninth and tenth grades shall not be obliged to pay the tuition of its pupils to a twelve grade school until such pupils have finished ten grades of work in their own district: Provided further, That the district board in a primary school district may pay the tuition of its pupils who have satisfactorily passed the county eighth grade examination as hereinafter specified to a graded school district maintaining ten grades of work until such pupils shall have completed said ten grades of work after which the tuition of such children shall be paid to a high school as provided in this act: Provided further, That the provisions of this act shall apply to all pupils who have made application to have tuition paid under act number sixty-five of the Public Acts of nineteen hundred nine.

Section 5. Pupils eligible to have their tuition paid shall be holders of county eighth grade diplomas granted by the county boards of examiners in the several counties under rules and regulations prescribed by the Superintendent of Public Instruction, or shall have completed eight grades of work in a graded school district as evidenced by the written statement of the superintendent of schools in such graded school district.

The law provides first that all districts which do not maintain high schools must pay the tuition to one of the three nearest high schools of children who have completed the studies of the eighth grades. A high school is defined as a graded school maintaining twelve grades with at least two teachers devoting their entire teaching time to the ninth, tenth, eleventh and twelfth grades.

A primary district is not compelled to pay the tuition of any pupil unless such pupil is the holder of a county eighth grade diploma or has passed at least the eighth grade in a graded school or had his tuition paid last year under the provisions of this law.

Written notice to the board on or before the fourth Monday of June is an essential part of the transaction. This notice may be signed by a parent, per-

son in parental relation or legal guardian of the children making application for tuition. Any child who is a resident of the district on the fourth Monday of June and possesses the other necessary qualifications is entitled to have his tuition paid. When a child is a resident of the district at the time of making application, the tuition must be paid for the entire year by that district whether the family moves from the district or not. If a child moves during the year and wishes to change high schools there is no reason why he should not be allowed to do so.

The school board is required to levy a tax up to twenty dollars or the tuition may be paid from surplus primary money, if the district has such. The people at the annual meeting may appropriate a sum larger than twenty dollars, if necessary, but the board cannot pay a larger sum on its own motion.

The board may vote to pay transportation of pupils and levy a tax therefor if it sees fit to do so.

The tuition is paid in amounts and in a manner to be designated by the receiving district, that is to say, it is the province of the board in any district to determine the terms and manner of admission of non-resident pupils. We recommend, however, that it be paid at the end of each semester.

The tuition is to be paid by one district treasurer to another district treasurer and in no case should money be paid to pupils or guardians.

It is the board that levies the tax for tuition and not the people.

This law is designed to take care of pupils who live near districts maintaining ten-grade schools and also of pupils who live in districts maintaining ten-grade schools. A school board in a primary district may pay tuition to a ten-grade school having one teacher devoting his entire teaching time to the ninth and tenth grades until the ten grades are finished. Then this district must pay the child's tuition for the other two years to a twelve-grade school. A district maintaining a ten-grade school, after the ten grades are finished must pay the tuition of children having completed such work to a twelve-grade school.

In making the application, one of the three nearest high schools is designated and a ten-grade school may be included as one of the three, if so desired.

Under the law as it now reads, neither the school board nor the teacher in a primary district has anything to say about whether a child has completed the studies of the eight grades or not. The law specifies that he must hold an eighth grade diploma or have completed eight grades of work in a graded district.

This law is mandatory and school boards have no discretion as to the payment of tuition.

**Captain—A Jolly Game.**  
All choose partners but one child who represents the captain. The others, who are the crew, form in a line around the captain and, walking two and two, sing:

Oh, captain, we shall burn the boat  
Or wicked pirates be  
Unless my partner you can catch.  
Take care or you shall see!

After the crew sings this twice they change partners, and the captain makes a rush to get a partner. The player left out then becomes the captain and the game goes on.

### Points For Mothers

#### Health and Beauty.

Dear American ladies, you are not very graceful. You are very beautiful, and you wear marvelous toilets, but you are not exceedingly graceful. I wonder why. Shall I tell you something I have sometimes thought since I came to your country?

Grace, real grace, is founded on natural, normal, perfect health. No, I do not mean the robust; I mean the virile, sinuous and supple. The big hips, the fat shoulders, are as unhealthy and unnatural as scrawny and anæmia. Is there anything finer to see, more beautiful, than the absolutely sure grace of any living creature entirely healthy? I think not.

Now you are going to ask me what these things I am saying have to do with you. Must I make myself plain-er? I have just explained that almost any normal, healthy living creature is naturally graceful. Well, then, can you not conceive that an unhealthy and abnormal creature might almost as necessarily be awkward?

No, I am not saying all American women are unhealthy and abnormal; but, to tell you the truth, it has sometimes occurred to me that a little more work—I mean by that definite and healthy occupation—would make the women of your country healthier and happier, more normal and more graceful.

Dear American ladies, never stand with your weight evenly divided, your heels together and your shoulders squared—that is, never stand in this position unless you wish to look like a German officer on parade. A woman's body as she stands in a drawing room or pauses to speak to a friend should always be relaxed. I call all the great Greek statuary to bear witness that what I say is so.

Remember that charming broken line on the left side of the Venus de Milo—the long, graceful sweep of the right side. That is the ideal of what I mean.

Always allow the weight of the body to rest more on one foot than on the other. Have the foot which is not bearing the weight lightly touching the ground. After all, it is but balancing the body.

Allow the entire side of the torso to relax with the foot and limb which is shirking the burden. That lets the hip and the shoulder down, throws up slightly and charmingly the hip and shoulder supporting the weight. The attitude is graceful, natural, altogether feminine.—Anna Pavlova in Harper's Bazar.

**Best Way to Wash Flannel.**  
Flannels should be washed in warm suds that have had a little ammonia added to them. The flannels should be rubbed between the hands, not on a board, and dipped up and down in the suds until they are free from dirt and stains. Squeeze them with the hands until as much water as possible is removed and then rinse in water of the same temperature as that in which they were washed. Wring out again, hang in the shade and press them out on the wrong side while still damp. Flannels should never be placed in the sun to dry or they will shrink. Special care should also be taken when rubbing the garments to see that all the dirt is removed before they are wrung out and hung up to dry.

**Small Girls Like Pajamas.**  
Mothers of small girls are finding out that their little daughters prefer for their night apparel pajamas like those worn by the boys rather than the more usual lingerie garments.

The just before bedtime romp, the hour of all hours beloved by the young folk, is "lots more fun," said a small girl recently, "if you're not bothered with flappy skirts."

The pajamas for girls are cut exactly like those which brother wears, but the materials are daintier in coloring and often in weave.

**Attractive Bibs.**  
The expression "in fresh bib and tucker" will take on new significance if the mother adopts a novel idea recently seen. The ordinary child's bib is extended to the waist line, where it is cut into a belt to fasten around the waist. This shape is neat, and it stays in place. It may be made very attractive when embroidered in white with buttonhole slits, through which a ribbon may be run to tie at the back of the waist.

**Novel Dress For-Girl.**  
A novel adaptation of the kimono sleeve effect is shown for the dress of a little girl. The side body and the sleeve of elbow length are cut in one piece, which has a lap extending from the front of the shoulder to the bust line, the lap buttoning over upon the double box plait, which extends down to the hem of the dress skirt. Simple, yet chic, is this little frock, a pattern of which is given in one of the current magazines.

**To Identify Umbrellas.**  
Write your name on the cloth side of adhesive or surgeon's plaster and stick on the inside of your umbrella, raincoat and rubbers; then you will always find them.

Contributed by Our Corps of Correspondents in the County

### Whittemore and Vicinity

T. J. Spooner, funeral director.  
G. C. Middleton was at East Tawas yesterday.  
C. F. Gordon was at Bay City on business Tuesday.  
The board of review has been in session this week.  
C. H. Beardslee transacted business at Tawas City Monday.  
Martin and Sol Simpson were at Tawas City on business Monday.  
Joe Craig, of Newark, Ohio, is visiting his grandmother, Mrs. S. Craig.  
Mr. and Mrs. W. S. Hall were at the Tawas a couple of days this week.  
James Carrigan, of Twining, is one of the carpenters employed on Blumenau block.  
Mrs. F. Market returned to Napoleon, O., Wednesday after a visit at the farm in Reno.  
Will Curtis returned from Detroit Tuesday with a string of horses which he has for sale.

Mrs. William Charters spent last Sunday with her daughter, Mrs. Will Leslie, at Tawas City.  
The committee in charge of building the new town hall in Burleigh are preparing to begin work.  
C. D. Brooks, of Omer, is here doing the carpenter work on Albert Blumenau's new store building.  
C. W. McPhail, of Ludington, and C. H. Macomber, of Midland, were in the city on business Tuesday.  
Harry Craig and Dan Hurford report a fine catch of speckled beauties one day this week, so they did not care if it did rain some.  
Henry Thompson has purchased the "beavery" building and moved it to the east side of Main street and is making extensive repairs on it.  
The Whittemore and Hale high school teams played a very exciting game of ball here last Saturday. The visitors won by a score of 7 to 4.  
The Whittemore Band will give a box social at the Forester hall on Thursday evening, June 15. Everybody attend and give the boys a benefit.  
Whittemore is sure growing this spring, and everybody is busy. A new hotel, a new business block, several new residences and the large amount of repairing gives our little city a most progressive appearance.

James Leslie has just installed a fine up-to-date refrigerator in his market, and is now in a position to supply our people with fresh meats during the summer season.  
Announcements are out for the Whittemore School Alumni banquet on June 30. Membership tickets can be purchased of Anna Hottos, Hilda Blumenau or Charles McLean.  
Dr. Yeager, the dentist, will be here next Tuesday, June 13, prepared to do all kinds of dental work. Call early and arrange an appointment, as he will be here but one day.  
Committees have been appointed to arrange for a Fourth of July celebration in this city. Remember that when it comes to 4th of July celebrations, Whittemore is the only town on the map, and come here if you want a good time.  
Ground was broken Tuesday for our new hotel and the work of excavating for the basement will be completed this week. The building is to be 51x45 feet, two stories and a basement, and will contain twelve guest rooms. It is to be built of cement blocks and will present a very handsome appearance.  
Farmers are busy trying to put in spring crops between showers. It is stated that the corn crop will be short in this section, many farmers being unable to get their ground prepared owing to the continued wet weather. Oats are damaged in some places, but hay promises a large yield. Excellent pastures are supplying an abundance of feed for live stock.

**Hemlock Slivers.**  
Loren Dayison spent Saturday and Sunday at Prescott.  
Mr. and Mrs. John Burt visited at Frank Schneider's Monday.  
Miss Flossie McKenna, of AuSable, visited her sister Miss Myrtle a few days.  
Frank Andre, of Calhoun county, Sundayed with his brother, John and family.  
Mr. and Mrs. Reuben Wade spent Sunday with their daughter, Mrs. John Kennedy.  
Mr. and Mrs. Samuel Bradford visited Mr. and Mrs. Lambert in Sherman Sunday.  
Mr. Zesiger left for his home in Spokane, Wash., after a two weeks visit with friends here.  
A bee was held at Sand lake last Thursday to clear up a ball diamond near the picnic grounds.  
Miss Nona Laird arrived home Saturday from Nester where she has been teaching the past year.  
Mr. and Mrs. John Dempsey returned from Milwaukee, Tuesday, where they were called by the death of their little grandson.  
Miss Alma Ferrister closed a very successful term of school at Greenwood Friday. We understand she is re-engaged for next year.  
A large crowd attended the union school picnic at Sand lake Friday. The hard rain in the afternoon was not ordered, but the boys managed to play a game. Laidlawville crossed bats with the home team. Score 13 to 6 in favor of the home team.  
Miss Myrtle McKenna closed a very successful term of school and left for her home in AuSable Monday. It is with many regrets by both parents and pupils that we learn Miss McKenna has resigned and accepted a position in the AuSable schools.

**Hale and Vicinity.**  
John Armstrong, funeral director, Tawas City. Phone 51.  
Mr. and Mrs. Albert Syze and little son were at Bay City Wednesday.  
Mrs. P. H. Hammond returned last week from a visit with relatives and friends in Southern Michigan.  
Fred Stimpson returned to his home at Freeland Wednesday, after a few days business visit here.  
J. B. Madill, of Port Huron, was in the village a couple of days this week inspecting things at the elevator.  
Misses Anna and Lottie Pearlman went to Bay City Wednesday for a couple of weeks visit with relatives and friends.  
Our high school boys went over to Whittemore last Saturday and won another game from the boys of that city by a score of 7 to 4.  
**A Charming Woman**  
is one who is lovely in face, form, mind and temper. But it's hard for a woman to be charming without health. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate stomach, liver and kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion and perfect health. Try them. 50c at J. M. Wuggazer & Co. and J. E. Dillon.
