L. P. COUMANS Democratic Nominee for Congress from Tenth District.

Primary Results. The primary vote in this county Tuesday was very light, not over 60 per cent of the voters going to the polls. The republicans polled about 1000, the democrats 150, the progressives less than a half dozen. For governor Martindale received 571 to 414 for Musselman. Returns for the state indicate Musselman's nomination. The race for congressional nomination was very close between Congressman Loud and Frank Buell, the latest returns available indicate Loud's nomination by a small majority. Isosco gave Buell 33 majority. Louis P. Coumans is the democratic nominee, and Roy O. Woodruff the progressive candidate, both without opposition. For United States senator the only contest was between Alfred Lucking, of Detroit, and George P. Hummer, of Grand Rapids. Lucking seems to have won by a good margin. In Isosco county the vote was Lucking 90, Hummer 42. There are no returns obtainable to indicate who are the nominees on either ticket for state senator from the 28th district. The race for the legislature between C. A. Jahraus and E. B. Follett seems to be very close, but not sufficient returns from the other three counties to determine who wins, altho Jahraus seems to be in the lead. James A. Hull, of Oscoda, is the democratic nominee. For judge of probate on the republican side David Davison made a runaway race, polling 567 votes to 250 for Wier, 198 for Tait and 82 for Sullivan. James LaBerge was nominated by the democrats without opposition. The race for sheriff was the close shave of the day. Collie Johnson won by seven plurality, receiving 468 to 461 for Louis Ptingle, and 169 for McMurray. On the democratic side, John Jordan won over W. P. Vaughn by a vote of 80 to 62. John Mark was renominated for clerk by 203 majority over John B. King. The vote was Mark 633, King 430. Alfred J. Noel is the democratic candidate, without opposition. Joseph G. Dimmick, republican, and Joseph W. Minor, democrat, were nominated for treasurer without opposition. For register of deeds, Frank B. Stickney, republican, was renominated without an opponent. Albert L. Beau is the democratic candidate. Albert W. Black and C. H. W. Snyder had a close fight for prosecuting attorney, Black winning by a vote of 581 to 495 for Snyder. Albert W. Widdis is the democratic candidate. George W. Schroder was renominated for drain commissioner over Charles Schneider by a vote of 574 to 423. Grover Lomason is the democratic nominee. For coroners the republicans nominated E. L. King, and the democrats, Levi Hennigar and Ferdinand Market. Republican nominee for surveyor, H. M. Belknap, democratic, C. H. Anschuetz.

Good Work by the House.

The work by the Democratic House has been far from perfect, yet it has been full as good as could have been expected. Its tariff work in the extra session, early in 1911, has stood the test of public discussion to a remarkable extent. It does not seem to us an exaggeration to say that, without regard to party, there was general approval of the Underwood bills. When those measures, with some compromises and changes, were accepted by the Senate, through the co-operation of the Progressive Republicans, there was a more general acquiescence and approval throughout the country than has been accorded to any tariff legislation since the civil war. President Taft's vetoes of those measures last year were not sustained by public opinion. His action again last month in vetoing tariff bills was not unexpected, inasmuch as it had been practically announced in advance that he would obstruct the path of any tariff bills that could be criticized from his argumentative standpoint. His position is one of dialectics rather than one based upon public policy or upon facts. It should be remembered that bills relating to taxation and the public revenue that have been carefully considered, and adopted by substantial majorities in both houses of Congress, are not in the nature of measures that an executive officer, even under our system, is expected to nullify.

But the relation between the executive and lawmaking branches of the government has now become so little a matter of right reasoning or clear thinking that there is nothing to do except to hope for the speedy coming of an era of statesmanship. Mr. Taft has repeatedly condemned the present wool schedule, although he himself signed the bill which made the law. When both houses of Congress, under direct mandate of the people given in the election of 1910, have now proceeded in two successive years to pass bills revising the wool schedule, Mr. Taft obstructs needed reform by undertaking to say that in his opinion the exact percentage of reduction should be slightly different. These are matters that Congress has had incomparably better opportunity to study than the chief executive could possibly have had. If he had meant to go into the details of tariff revision, he should have done his work when he had the opportunity,—namely, when he called the session, in 1909, that gave us the Payne-Aldrich law. The excuses that Mr. Taft gives for vetoing tariff-revision bills are of no particular consequence. The important thing is that he personally has been keeping in force all the schedules of the Payne-Aldrich enactment, while Congress and the country have been honestly striving to revise those schedules.—From "The Progress of the World," in the American Review of Reviews for September.

Indian Killed on Track.

Near Rochelle, Ill., an Indian went to sleep on a railroad track and was killed by the fast express. He paid for his carelessness with his life. Often it is that way when people neglect coughs and colds. Don't risk your life when prompt use of Dr. King's New Discovery will cure them and so prevent a dangerous throat or lung trouble. "It completely cured me, in a short time, of a terrible cough that followed a severe attack of Grip," writes J. R. Watts, Floydada, Tex., "and I regained 15 pounds in weight that I had lost." WOODROW WILSON

Scholar and Statesman, Democratic Candidate for President.

NEW YORK "SUN":
"Governor Wilson's speech of acceptance has good luck as well as merit. It comes just in time to contrast sharply with the interminable Bedlamite rant of Th. Dentatus Africanus Ferox. And, if without contempt of campus it may be said, though written by a college president, very recently retired. It is in the English language, not anaemic and seldom with suspicion of priggishness or donnishness, though it has an air of a certain academic distinction of its own. What will please everybody who has a living to make is Governor Wilson's equable and moderate tone. Governor Wilson is for repair, not for destruction."

NEW YORK "TIMES":
"It is applicable. The dominant thought, the very soul of his discourse, is the common interest of all the people, their partnership in our activities and our prosperity. The partnership idea comes from his mind, not as a sublimated political theory, but as a practical, immediate remedy."

NEW YORK "WORLD":
"Governor Wilson's speech of acceptance is the ablest, clearest, sanest statement of high public purpose this country has known in a generation."

"Without passion, without invective, without abuse, without partisan bitterness, without denunciation, without egotism, without demagoguery, he has driven straight to the heart of the supreme issue of American institutions—the partnership between government and privilege."

JOHN E. LAMB, EX-REPRESENTATIVE FROM INDIANA:
"Speech is discreet, able, safe and sane. Governor Wilson believes in the efficacy of the scalpel rather than the big stick. His dissection of trust and tariff evils is unique and convincing. His suggestions of reform in methods of government and reduction of tariff schedules will meet with approval of legitimate business and the laboring masses as well."

CHAMP CLARK, SPEAKER OF THE HOUSE OF REPRESENTATIVES:
"Considered from a literary standpoint Governor Wilson's speech of acceptance will take high rank in the political output of the year. It will make pleasant reading, and, therefore, will prove a fetching campaign document. He discusses the issues of the day philosophically, clearly and forcibly. Its courteous tone will ally opposition and win him friends. It is an admirable pronouncement."

JOHN A. DIX, GOVERNOR OF NEW YORK:

"Governor Wilson's speech of acceptance is marked with broad vision and clear thought, expressed in language every American can understand. As a business man and manufacturer, I am especially pleased with his positive and statesmanlike position on the paramount issue of tariff reform, and his demand for an immediate downward revision. In sincerity, precise statement and comprehensive grasp of great principles and their application of the fundamental needs of the country, the speech is Jeffersonian to the core. It contains no appeal to passion and excites no prejudice. Governor Wilson has presented to his party and to the nation, clear conception of the truth that the real struggle in the pending campaign is between the concentrated powers of privilege and the aspiration of the American people to realize, in their government, and their economic, industrial and social relations, the full measures of the principles of freedom, justice and progress upon which the republic was founded. To all the issues and every national need, Governor Wilson applies the 'Rule of right and common advantage.' The reforms he advocates are far reaching, but they are necessary, sound and practical. The speech will awaken and stir the national conscience and lead to a triumph that will restore to the people the control of their government and inaugurate a new and happier epoch in the land and development of the republic."

HOKE SMITH, SENATOR FROM GEORGIA:
"I am delighted with Governor Wilson's speech of acceptance. It is a superb statement of the present purpose of the Democracy and points the way for justice to all through real progress by law, under the Constitution. With his election assured, it should give confidence to honest business and new courage to those who need a square deal."

JOHN F. FITZGERALD, MAYOR OF BOSTON:
"Governor Wilson's acceptance is characteristic of the man. He lays his soul bare to the people and asks them to join with him, irrespective of party. In righting present wrongs without undue clamor or injury to legitimate interests. He lays emphasis on constructive thinking and I believe this epitomizes one of the nation's greatest needs at the present time. It will be President Wilson overwhelmingly in November."

HON. WILLIAM J. BRYAN:
"Governor Wilson's speech of acceptance is admirable. It is original in its treatment of the issues of the campaign. I am sure the address will impress the country favorably."

JOHN W. KERN, SENATOR, INDIANA:
"Governor Wilson's speech of acceptance is a masterpiece, setting forth with great clearness his conception of the work to be accomplished by the Democratic party under his leadership. It is in complete harmony with the progressive sentiment of the country, but also appeals strongly to every legitimate business interest."

GOV. WILLIAM H. MANN OF VIRGINIA:
"I think it was an admirable speech. It was wise, conservative, comprehensive, prophetic not only of Democratic success but of Democratic supremacy, for years to come."

GOV. FREDERICK W. PLAISTED OF MAINE:
"It is a splendid presentation of the issues for the American people. It rings true in every sentence and in every word. It represents the spirit of the Democracy of today. It is the address of a statesman."

GOV. EUGENE FOSS, MASSACHUSETTS:
"It was an admirable presentation of the real issues upon which the campaign will be fought this fall. I think that it is bound to strengthen Governor Wilson among the thinking people of the country."

GOV. GEO. W. DONAGHEY, ARKANSAS:
"It was a great speech. It will ring through the country. It is just what he should have said. The people have never felt more confident of success since the first nomination of Grover Cleveland."

JUDGE MARTIN J. WADE, IOWA:
"For the first time since the state was admitted to the Union, Iowa will this year give its electoral vote to the Democratic nominee for president."

THOMAS MOTT OSBORNE, AUBURN, N. Y.
"Governor Wilson's speech fits the occasion and the man; progressive but not wild; sane, strong and unmistakably Democratic. It makes an inspiring opening of the campaign, indicating clearly and nobly the spirit in which the leaders of our regenerated Democratic party must work; not one of mere 'partisan make-believe,' but of honesty and justice toward all men."

The Secret of Success in Home Pickling.

Fruits and Vegetables contain a large proportion of water. To preserve them require a vinegar of sufficient preserving strength to neutralize the water and prevent decay.

It has often been the experience of the housewife after carefully selecting her vegetables, using a vinegar in which she had the utmost confidence, to find them spoiled and totally unfit for use.

She is at a loss to understand her failure but will usually call at her grocer's saying to him that the vinegar she purchased of him was "too strong" and "ate up" her pickles.

But the trouble was, the vinegar was not strong enough. It did not contain sufficient preserving strength or qualities to keep the vegetables after the water in them had been neutralized, consequently they spoiled.

It is advisable to buy the best vinegar that you can for pickling and preserving. If an inferior vinegar fails to keep the fruit and vegetables, you lose not only its cost but their value and your labor.

The flavor and quality which has made Heinz Pickles successful for over 42 years has been due largely to the making of good Vinegar in which to preserve them.

HEINZ WHITE PICKLING VINEGAR

is an absolutely pure and healthful white vinegar made from sound, wholesome grains by the process of distillation (not an acid vinegar) which we recommend for all pickling purposes. It has ample strength and a fine, delicate flavor and aroma which it imparts to all fruits and vegetables preserved in it.

It is also very desirable for table use, and especially for mayonnaise dressing and salads.

For pickling purposes it requires no heating and only one using, which makes it more economical than the ordinary kind.

We carry a fine line of Heinz Famous 57 Varieties. They always give satisfaction.

ALL ROADS LEAD TO DETROIT---STATE FAIR WEEK

MICHIGAN'S GREAT STATE FAIR

An Unexcelled Exhibition for 50c

THE FAIR OF INNOVATIONS
COMBINING THE AGRICULTURAL AND INDUSTRIAL

An Unexcelled Exhibition for 50c

THE EVENT THE ANNUAL STATE FAIR OF MICHIGAN to be held this year the week of Sept. 16.

A FAIR WITHOUT A PARALLEL and the Fair of a thousand wonders, combining more real strong drawing attractions than any other Fair.

NEW FEATURES ABOUND ON EVERY SIDE and the agricultural and industrial exhibits have been made more interesting than ever without adding an iota from the interest in other events of the great Fair.

THERE WILL BE THE GRAND CIRCUIT HORSE RACES with all the fastest horses in the world in a record breaking carnival of speed and with the keenest sort of competition.

AND THE AUTOMOBILE RACES take on interest this year owing to the entries of Louis Diebrow, the marvelous driver of the 200 H. P. Jay Eye See, the record breaking juggernaut with which Diebrow comes to the State Fair to lower all mile horse track records; and also the presence of many other great record breaking drivers in a long list of races open to the entire automobile racing fraternity.

IN THE WAY OF AIR SHIPS the State Fair will not be short in spite of the many late fatalities, for Lieut. Mestache, who first flew from Paris to Madrid and from Paris to Rome, using a Blériot monoplane, will fly at the Fair. This great flyer has won international reputations and is the strongest attraction today among the air men.

AND ALL OF THE FINEST HORSES SHOWN at events of the sort will be at the Night Horse Show, which has always been a leading feature of the Michigan State Fair and will eclipse this year any previous show, both in size and importance.

OF COURSE THE STATE FAIR HAS MANY OTHER INTERESTING FEATURES and in every way a Fair worth while visiting owing to the many remarkable innovations introduced this year.

AMONG THE MANY STARTLINGLY NEW FEATURES are the Boys' State Fair School, with 150 boys in camp and going to school in reality to learn scientific farming; and then—there is the Miniature Model Farms that will be worth seeing; as city boys have been working on these farms for months to bring forth a prize crop and win the automobile and other prizes offered.

IN THE FIELD OF DAIRYING there is the new dairy barn of last year and the dairy building of this year, showing throughout the most modern dairy methods, a demonstration of modern devices to increase dairying and to bring this down to a scientific basis.

THE MODEL POULTRY FARM is interesting, and the good roads building, the automobile show with many of the 1913 models an exhibition and other exhibits typical of Michigan, will serve to interest you.

WHAT OF THE MIDWAY YOU SAY—well there is a Midway and it will be a dandy this year, cleaned of all pit shows and fake shows and refined, but interesting in every way.

BUT IT CAN'T ALL BE TOLD HERE. Space is limited. The 58th Annual State Fair of Michigan will not be a side show to the horse races and other contests, but a typical agricultural exhibit with all sorts of industrial features added, including:

AN INDUSTRIAL BUILDING in which manufacturing progress will be shown in each exhibit, every exhibit working overtime to create the goods shown.

It Will Be the One Fair in All America. Come and See It and Be Satisfied
