Sunday School Convention.

The annual convention of the Iosco-Arenac Sunday School association, held at Maple Ridge, Sept. 6, 7 and 8, was a gathering of unusual interest.

Iosco county schools were well represented by 26 delegates from about 20 schools. The program consisted of addresses on the different phases of Sunday school work, and the discussions brought out many good ideas for the betterment of our schools, towards increasing their influence and helpfulness.

Prof. Goodrich, of Albion college, who is secretary of the State Sunday School association, was present throughout the convention. He addressed every session, and much of the inspiration received by those attending came from his beautiful, simple words and earnest, sincerity of manner.

The sessions were well attended, the church being filled to the doors each evening. The association decided to keep the work of the two counties united for at least one more year, and to invite Ogemaw county to join, and it was recommended that a rally be held in each county previous to a tri-county convention to be held next year—place not decided upon.

TAWAS CITY, MICH., Sept. 27, 1912

The August number of the Woman's Bulletin, published in Los Angeles, contains the following editorial: "It is now ten months since the women of California were enfranchised, and none of the direful prophecies of the anti suffragists have been fulfilled—women have not sought office, homes have not been broken up, chivalry has not disappeared, women are still women, as men are men. The act of casting the ballot has been dignified by the use of schools, churches and other public buildings as polling places. The greatest noticeable effect of suffrage is the increased interest in public questions manifested by both men and women."

Michigan Has Many Aliens.

A dispatch from Washington says that more than a half million of Michigan's white people were born abroad. According to the latest statement made public by the census bureau there was a total of 1,334,545 foreign-born white persons in the United States when the last census was taken, April 15, 1910. Of that number 595,524 were living in Michigan. The previous census taken Jan. 1, 1901, showed there were but 427,328 in the state, so in the nine years' time the number increased 168,196, or 28.2 per cent.

Within the last few months an organized effort has been made to get foreigners to locate in Michigan. The figures given out today show that Michigan, with the single exception of Wisconsin, made a smaller proportional gain than any other state in the east north central group. Ohio increased the number of foreign-born whites in that state by 40 per cent between the years 1901 and 1910; in Iowa, 35 per cent; Illinois, 36 per cent, and Wisconsin, 21 per cent.

During the nine year period between the taking of the census and the previous one, the number of foreign born white people throughout the country has been increased by 5,000,000. Approximately half of them settled in the three states of New York, Pennsylvania and New Jersey. For the most part they remained in the congested districts of the big cities. In New York state, so the new census report shows, there were 2,729,272 foreign born persons, a gain of 1,186,048 in the last nine years. New Jersey gained 279,044, and Pennsylvania 690,680. In the vast territory south of the Ohio river and west of the Mississippi river only 22 per cent of the immigrants located.

The census shows, however, that gradually the immigrants drift into the interior of the country, thereby relieving to some extent the tendency of the immigrants to remain along the seaboard. The group of five states of which Michigan is a part contains 2,054,803, or approximately 25 per cent of the early immigrants—those who came before the taking of the 1901 census—but only 20 per cent of those who have come since that time. In marked contrast, the middle Atlantic states contain but 32 per cent of the early arrivals and 43.1 per cent of those arriving since 1901.

The Men Who Succeed

as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Savannah, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at J. M. Wuggaer & Co.'s., Tawas City, and Jas. E. Dillon, of East Tawas.

D. & M. Ry. Annual Fall Excursion to Bay City and Saginaw.

Tuesday, Oct. 1st. Tickets good returning up to and including Oct. 17th. Rate from Tawas City to Bay City and return, \$2.00; to Saginaw and return, \$2.50. Special train with parlor car leaves Tawas City at 8:34 a. m., arriving at Bay City at 10:55 a. m. The D. & M. Ry. was unable this year to arrange for excursion tickets to Port Huron, Detroit and Toledo, but expects next year to make the usual low rates to those points. It is possible, buy tickets and get baggage checked day before excursion. Write D. & M. Ry. agents, or W. G. MacEdward, G. P. A., Bay City, Mich.

The Fuel Supply Needs Attention Only Three Times Each Day

The makers of Cole's Hot Blast Heater guarantee this stove to hold fire with soft coal 36 hours without attention. Your old stove and imitation stoves leak air and waste fuel because they are not air-tight, because they have putty joints.

Cole's Original Hot Blast Heater

—by means of the patented Hot Blast Draft and other patented features which make it tight, doing away with the use of stove putty—requires less attention than any other heater made.

All fuel—Soft Coal, Hard Coal, Lignite, Wood or Corn Cobs—contains a large amount of gas. Fully one-half of the heating power (carbon) in soft coal is gas. This is the part of the fuel this wonderful heater saves, by burning it with the Top Hot Blast Draft. This makes Cole's Hot Blast Heater the most satisfactory, the most economical, the most convenient heater you can buy. Imitations and other styles of stoves allow this gas-half of the coal to pass up the chimney with the smoke, unburned.

Thousands of these stoves are in use and the sale continues to increase year after year.

This heater will give you more comfort than you ever thought possible by using any kind of a stove which uses soft coal for fuel.

Right now is the time to decide and select the size you should have. Come in and see complete line of styles and sizes.

Ganderbone's Forecast.

OCTOBER.

A scene at Armageddon,
A warrior in tin,
And every now and then a shout
Emerging from the din.
Some folks fancy Woodrow,
And others fancy Hill,
And others still for Theodore
Are very hopeful still.

A table and a pitcher,
A speaker on his perch,
And here and there someone asleep,
The same as in a church.
The miracle of party,
And the perjury of doubt,
With the usual statistics
Till the watchman puts him out.

A woman with a banner,
Another with a drum,
And another with a curtain pole
Revolving on her thumb.
Some folks say it's nothing,
But others think it is,
And like as not it won't be long
Till man is getting his.

The bull moose and the donkey,
The elephant, the zoe,
The trusts against the people,
And the false against the true.
But do not get excited,
Or take it very hard,
For they'll all be down together
In the same barnyard.

October was originally the eighth month of the Romans, but it brought watermelons and pumpkins in at the same time, and Numa Pompilius, who liked both, pushed it along to tenth place to keep from foundering himself. A Bull Moose party formed to dethrone him, but he held on, and was able in the end to pull the skulls of his enemies around on a string on Halloween, with a candle inside, from which we have our present day Jack-o'-Lantern.

The zodiacal sign for October is Scorpion, meaning the Scorpion. It typifies the manner in which candidates sting one another in the last few weeks of the campaign. October has always been the favorite month of the year. That more people have always married in June has only been explained upon the theory that inasmuch as they are undertaking the battle of life together, they probably consider that it would be just as well to begin at once upon the mosquitoes.

The gentle spirit of the Fall
Will come to glorify the air,
And the football player will appall
The population with his hair.
The referee will climb the poles
And sound his shrill official toot,
And the moth will drill a few more holes
In everybody's Winter suit.

There is no glory to compare with that awaiting just ahead, when the gossamer gets in the air, and the sassafras is flaming red. A million harps have duly twanged upon the glories of the time, but a poet still were rather hanged than to intone his little rhyme.
You may destroy his throbbing lyre and pitch him headlong in the sea, but death alone can quench the fire that underlies his melody. He'll string a horse hair on a pole, and even stronger than before uplift the passion of his soul with getting back upon the shore.

At such a time, though you may laugh,
It would as probably avail
To catch the acrobatic calf
And tie a brick upon his tail.
One whiff of Autumn in his nose,
And lowering his playful head,
His rear appendage still uprose,
Though weighted with a keg of lead.
You can't restrain the joy of Fall that palpitates in living things, nor hope to dissipate the thrill in which a poetaster sings. The calf will kick and buck around, the colt will cut a few high jinks, and the poet's zither will resound, despite what anybody thinks.

The better quality of air
Will speed the presidential race,
And a cocklebur placed here and there
Will help accelerate the pace.
The troubled earth will gently sway
Beneath the violent attack,
And the trusts will hustle corn and hay
Along the fence inside the track.

The eager riders, all inclined at least resistance to the air, will lash their quadrupeds behind, and feel them fagging in despair. The hungry brutes will smell the hay, and catch the fragrance of the corn, and in their torture curse the day that saw the first reformer born. Ill ruses the time when plenty shows a helping hand on every side, and still nobody ever throws a bite for being villified. It never was that way before in any other race they ran, and many a good and lusty roar will sound the perjury of man.

But that's the kind of race it is, say any creature what he will, and each man's chance is only his with somehow keeping at it still. A strictly uncorrupted trot, with empty stomachs all around, is what they entered, and they've got to make their chargers cover ground. If Rockefeller and his set desire a little sporting bout, why let them wait a bit to get their trust-fed steeplechasers out. We're having one—perhaps the first we ever had, and while it toils, we'll take a care to hold a gun upon the pirate and his spoils.

The Hunter's Moon will sail the sky
To ecstatic the human race,
And men will trail the pumpkin pie
Through many a city eating place.
The cider sign will grace the store,
To offer men its ancient boon,
And customers will bulge the door
With getting out of the saloon.

The twelfth of the month will be the 42nd anniversary of the discovery of America, and Messrs. Rockefeller, Morgan and Carnegie will give a dinner on that date to Christopher Columbus, who found it for them. The 27th will be the anniversary of the landing in this country of the man who put the Penn in Pennsylvania, and it will be celebrated in an appropriate manner by everyone who has put the important syllable in anything since. The moon will be full on the 25th, and the password for the month will be applebutter.

And then November will renew, with somewhat cooler weather, and the poor consumer sewing two thin union suits together.

Many Driven From Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there, with your friends, and take this safe medicine. Throat and lung troubles find quick relief, and health returns. Its help in coughs, colds, grip, croup, whooping-cough and sore lungs make it a positive blessing. Guaranteed by J. M. Wuggazer & Co., Tawas City, and Jas. E. Dillon, of East Tawas.

What We Never Forget,

according to science, are the things associated with our early home life, such as Bucklen's Arnica Salve, that mother or grandmother used to cure our burns, boils, scalds, sores, skin eruptions, cuts, sprains or bruises. Forty years of cures proves its merit. Unrivaled for piles, corns or cold-sores. Only 25 cents at J. M. Wuggazer & Co.'s, Tawas City, and Jas. E. Dillon, of East Tawas.

You'll say it's the best cup of tea you ever tasted when you try Pleasant Valley.

They have a delicate flavor and at the same time brace the tired nerves.

Our Coffees are of equal merit to the Pleasant Valley Teas. We have four brands.

- Nero . . . 30c
- Marigold . . 22c
- Tzar . . . 35c
- Pleasant Valley 40c

Tzar Coffee is especially recommended. It has a smooth, rich flavor and its fragrance is, in itself, a great factor in the sale of it. The aroma, which is a sign of freshness, is retained by reason of the air-tight packages in which Tzar Coffee is delivered to you.

Why not order a trial of Pleasant Valley Tea and Pleasant Valley Coffee and get into the habit of using the best?

A cordial invitation is extended to clerks and other township officers as well.

IN ORDERING BY MAIL

**Commences Monday Morning, September 30
and Will Continue for Ten Days**

GREATEST OF ALL PIANO SALES: In these five words is well expressed the magnitude of this Clearance. Greatest in number of instruments offered—more than a thousand instruments are embraced in our sale stock; quality of the highest order—Pianos recognized as leaders the world over; Savings absolutely unequalled—\$50, \$75, \$100 and more saved on Pianos good as new and of the very best makes; Terms which present no obstacle to any home desiring a piano. These are the features which characterize this Clearance—which are of greatest interest to you as a purchaser; and which will make our Summer Resort Piano Sale of 1912 the greatest and most successful sale, not only in our history, but in the entire history of the Piano Business.

WE ARE RENTAL HEADQUARTERS FOR THE STATE: Herein are embodied the reasons for these wonderful bargains. The rental business of the past season has been the greatest in our history. Previous to the return of these instruments our warehouses have been filled with new Pianos to care for our Fall and early Winter business, and as these rental instruments reach us it is necessary to store or immediately dispose of them. Experience has proven the latter the preferable course—thus it is that you can now buy a beautiful high-grade, guaranteed Piano for many dollars less than the regular price.

- You Save All the Rent -

Every dollar we have received for their use is deducted; and bear in mind that their use in the music-loving homes where they have been throughout the Summer has not harmed them. Every one before it is placed in our salesrooms is carefully tuned, polished and regulated. It is a fact that were it not

for the Red Tags with which they are all marked, you could not tell many of them from brand new. All exchanged, sample and shopworn Pianos are also included in our sale stock; these, too, have been through our repair rooms and are in fine condition.

For early buyers there are Pianos at such prices as:

\$162 - \$158 - \$232 - \$173 - \$222 - \$198 - \$143 - \$128

The instruments and prices shown are but suggestive of the vast array of wonderful bargains offered—complete enumeration is impossible—and this entire stock is available to you; for if, among the many on our floors you do not find just the instrument desired, it can quickly be obtained, as every one of these Pianos will be on sale Monday morning just as advertised—but there are few duplicates, and you must realize that these are values which mean quick sales—SELECT YOUR PIANO MONDAY MORNING!

Not only do we present startling reductions, but we stand back of each and every Piano. Our long record of straightforward business dealings and the fact that we give you a whole year's privilege of FREE EXCHANGE makes absolutely certain your permanent satisfaction.

- Every Home Can Share in These Bargains -

Five dollars to \$10 down is all we ask—\$5, \$6, \$7, etc., monthly, pays the balance. Organs and Square Pianos going at 50c weekly. STOOL and DRAPE furnished FREE!

Note well this fact: There's not a requirement in design, finish and value which cannot be gratified through this great sale. Here you choose from the splendid instruments of our own line—STEINWAY, GRINNELL BROS. (our own make), SOHMER, VOSE, STERLING, etc., late, handsome designs—

as well as from the best makes sold by other dealers. To secure an instrument whose appearance will prove wholly pleasing in your home is hardly less important than the matter of saving—here you will find just the instrument you want!
