of Iosco County:

Gentlemen:—In compliance with the provisions of the Statute in such case made and provided, I have the honor to submit my Annual Report as County Drain Commission—er of the said County of Iosco, covering the period from the 1st day of October, A. D. 1913,
The following named drains were left unfinished at the date of my last report, to-wit: The County Line Drain, commencing on the finished at the date of my last report, to-wit: The County Line Drain, commencing on the west bank of the west branch of AuGres river, on the north side of County line road John W Tait, justice fees

between Turner and Sherman Twps., thence running west along said County line road a distance of 173.14 chs. Said drain has all been completed excepting

from Sta. 70 to Sta. 81 a distance of 90 rods, said sec. has as yet not been finished for the reason that the land owners along said drain made application to have that part disconting ued as an open drain and have it tiled, appl cants claiming that on account of it being deep cut from Sta. 70 to Sta. 81 it would

Application was granted and we gave the contractor permission to put in 12-inch tile, and I expect contract will be completed by the 1st of November. The following named Drains have been b gun by me, during the year, and are only partly completed, to-wit: The Pringle drain, commencing at the Gregory drain on north side of highway between Secs. 21 and 28, T 21 N, R 6 East, thence running west along said section line to section line between Secs Sec. 20 in a northwesterly direction to D. & M. R. R. Total length of drain is 11,353 feet

(No. 2). The East branch Drain commend Sec. 23, 710 feet west of corner of Secs. 23 24, 25 and 26; thence running in a south easterly direction to place of ending, which is 1020 feet east and 300 feet north of the 1-4 post on the south side of Sec. 25; this par not been completed for the reason that the contractor, Mr. I. L. Hibbs, constructed a dredge and it proved out to be a failure, but has since purchased a dredge, and has same set up and started work dredging on the 11th of Oct. and I expect contract completed by

dredge cut is to be 6889 feet.
(No. 3). The Burleigh Drain commencing on the west bank of the AuGres river, the Sec. 34, Burleigh Twp., to section line be tween Secs. 34 and 27, that being place o ending. Contractor on same coming along nicely, has 120 rods completed. Total length of drain is 16,608 feet. The following named drains have been applied for, but not established, during the year, for the reasons given in each instance, to-wit: The Alabaster Drain, commencing of the section line common to Secs. 21 and

Whitney Twps., thence west to the corner of Secs. 1 and 2, Town 20 N, R 7 East; thence south to the secs, corner of Secs. 1,

2, 11, and 12, thence south to the 1-4 pos

common to Secs. 11 and 12; thence in southeasterly direction to Saginaw bay, being in all 23661.7 feet. Above mentioned drain has not been estab ished for the reason that I could not get the Drain Commr. from Arenac county to act, as counties, and the Commrs of the counties in terested must act jointly on all matters per taining to said drain, it appears that the Com missioner of Arenac county would not act on Alabaster drain for the reason that some of the land owners of Arenac county were get ting up an application for a drain to tap the East Branch of the AuGres river and run same into Alabaster drain where it crosses the County line, said Commr. called a joint meeting of the Township Boards of the town-ships of Alabaster, Whitney, and Sherman, to act on said application, and the boards by majority vote determined against the propose drain, but agreed to act favorably on applica-tion for a branch drain from Alabaster drain running west to a point one-half mile east of the east Branch River and applicants agree to get up a petition for same, and I have been hear from said applicants, as we would need a larger outlet on Alabaster drain if the branch drain were established, but if I do not hear from the applicants in the near future, I will proceed to establish the Ala-

and advertising.

And I do Hereby Certify, That the above embraces a full and true report of all the drains constructed, finished, or begun under my supervision, or applied for during the year now ending, October 1, 1913, and that the herewith is true and correct. All of which is respectfully submitted.

To Hon. Board of Supervisors: Your committee on equalization, to whom was referred the question of equalizing the assess-ment rolls of the several townships and cities,

hereby report thereon: That we have had the same under consideration and that we have examined the assessment rolls of the several townships and wards of the cities of Iosco county for the year 1913, and have footed and added the same and have carefully examined and compared the said several rolls to ascertain whether the relative valuation of the real property in the several townships and cities has been equally and uniformly estimated and upon such examination we have deemed such real property valuation to be relatively unequal and we have equalized the same by adding to or deducting from the valuation of taxable property in the several townships and cities such an amount as in our judgment will produce relatively an equal and uniform valuation of the real property in the county and total value of real estate and real estate interests as assessed in such deducted from the total valuation in such town-ships and cities in order to produce relatively an equal and uniform valuation of the taxable real ips and cities and the amount added to or property and real property values in this county and aggregate value of real and personal property as equalized and determined by us, is hereby made part of this report:

May 14th, 1913. Board met. Clerk was instructed to notify Mr. Jno. Jordan to proceed with the work on northern extension of Grant-Sherman road, he having met Mr. Birt Fowlers bid on same. On motion Mr. Jno. M. Waterbury was em-

ployed to draw plans for such bridges and culverts as are to be built by the board, and to do the necessary surveying he could at-The chairman was instructed to look after wing wall of culvert at corner of Wilber and

Hemlock roads, Smiths Corner, also to look after building of culvert over Cold Creek on Indian Lake Road. Leslie Belknap was employed to investigate and report on washout on Hemlock road, as to best means of preventing recurrence of same, also to make survey of the road running one mile east of Hale, etween Sections 14 and 23. May 26th board met. On motion chairman was authorized to hire surveyor to run levels

on the Glendon Ditch, Wilher Road, to Tawas Lake at an expense not to exceed \$5.00. Clerk was instructed to advertise for bids for sand claying balance of Alabaster road, 5515 feet in all. That we purchase carload of stone to be placed at Hemlock road crossing, for repairs Motion carried that if Jno. Jordan refuses to

proceed with work on Grant-Sherman road, that we re-advertise for bids for doing same. Mr. Jordan said he was unable to take the job but that Mr. Elias Smith, of McIvor, would take the job at same price. Mr. Smith ing 5515 feet of Alabaster road opened. Bid of Birt Fowler for \$475.00 only bid, and same was accepted, work to be done according to specifications of State Highway

Petitions from freeholders of Plainfield Twp. in regard to where they wished the one mile of county road to be built, placed before the board, and ordered filed for future reference. July 8th, board met. Board adopted as county roads, that piece of road commencing at the corner of Sections 22, 23, 26 and 27 running north 2100 feet, between Sections 22 and 23, T 21 North Range 5 East, as part of Grant-Sherman County Road, and that piece of road commencing at the corner of Sections 13, 14, 23 and 24, running west between Sec tions 14 and 23 to west side of said sections, T 23,N of R 5 East to be known as the Esmond County Road, and the clerk was instructed to advertise said adoption, also for

bids for grading the one mile of Esmond County Road. Board also determined to build the Esmond Road a stone road class "E" and the Grant-Sherman*road north of McIvor, a gravel road. August 1st. Board met. Board took a re cess to inspect the Alabaster County Road. Board re-convened. Job of grading and sand claying of 5515 feet of Alabaster County Road accepted, and warrant ordered drawn for bal ance due on same.

Bids for grading, etc., of Esmond County Road opened. Bid of W. W. Brown was for \$490.00. Bid of Birt Fowler was for \$431.50. Contract awarded to Birt Fowler. Board met September 22nd.
