Mrs. Burr Hall returned Wednesday to her home in Whittemore, after a weeks visit with friends here.
Geo. Stevenson, who has been the guest of his friend, Miss Josie Bigelow, returned to his home at Detroit Wednesday.
Rev. W. R. Blachford was called to Taft on Thursday to attend the funeral of the infant son of Mr. and Mrs. Alex. Robinson.
Dr. A. B. Carson, dentist, graduate of the University of Michigan, is located in Tawas City and is at his office every day in the week. adv
Dr. A. B. Carson was called to Detroit on business last evening, but will remain but two days and will be at his office as usual Monday morning.
The storm of last Sunday did great damage to shipping on the Great Lakes, the estimated loss reaching into the millions of dollars. The damage to steam and electric railroads, telegraph and telephone lines, buildings, etc., was also great. Old residents claim that the storm was the worst within their recollection.
Mr. and Mrs. N. C. Harting, sr., returned Monday from a visit with their daughter, Mrs. Walker, at Pontiac. They report Mrs. Walker as not improving very fast from the accident which she suffered some time ago. She has had to undergo two operations within the past two weeks and expects to return to the hospital for another in the near future. The little boy, who was also injured, is getting along nicely.
The Turner art exhibit, which was on display at the court house last week under the auspices of the county normal, was exceptionally fine, and it is to be regretted that more people did not take this opportunity to see reproductions of the greatest masters of painting of the world has known. The educational value of good pictures is unquestioned, and it may be a long time before the people of this community have an opportunity to see such a collection of really great pictures again. The originals of some of the pictures in the exhibit have sold at fabulous prices.

See Dr. Carson about your teeth. adv

Jay Wilson of Marlette visited at the home of his uncle, Burley Wilson, a couple of days this week.
Good teeth mean good health. Dr. Carson, dentist, is at Tawas City every day in the week. adv
Philip Young returned Wednesday from a several weeks visit with relatives and friends in New York.
Hon. E. B. Follett of Hale was in the city last Friday on business and was a pleasant caller at the Herald office.
A. C. Brown announces that his photograph studio will be closed until Nov. 30, on account of his absence. adv
Louis Hydorn and Jas. Tobin and wife of Valley Center were guests at the home of Burley Wilson Sunday.
Rev. D. Martin of Prescott was in the city Monday enroute to Alpena, where he went to attend a ministerial conference.
The remainder of this season I will sell all goods at a big reduction. Call and see for yourself. Mrs. A. W. Colby. adv
John Jordan was in the city on business Monday. John is at present engaged in appraising taxes in the southern part of the state for the state tax commission.
Dr. C. V. Crane returned Monday from Bay City, where he underwent an operation for appendicitis. The doctor is recovering nicely and will soon be able to resume his practice.
Dr. Thompson informs us that there are three nice big deer hanging up at his hunting lodge, "The Wigwam," on Indian lake. A party of hunters have been camping there this week, and, according to this report, they have been having good success.
Dr. W. N. Yeager, the dentist, will be at his office, over Wuggazer's drug store, in this city, Tuesday, Wednesday and Thursday, Dec. 2nd, 3rd and 4th. All kinds of dental work done and all work guaranteed. Special attention to crown and bridge work. Painless extraction. adv
Rev. John Pinches was at Alpena Tuesday in attendance at the annual meeting of the Alpena district ministerial association. Rev. Pinches was elected secretary and treasurer of the association for the ensuing year, the other officers being Rev. James Pascoe of Alpena, president, and Rev. Jonathan Turner of Cheboygan, vice-president.
Wm. Boldt, who carries the mail between the depot and the postoffice, was ill a couple of days this week and obliged to be absent from his duties. This is only the second time that Mr. Boldt has been obliged to have a substitute during the more than 20 years that he has been carrying the mails. In that time he has missed but two trains, a remarkable record when it is remembered that he makes six trains every day and does it in all kinds of weather, winter and summer.
The pupils of the Tawas City high school will present the play, "At the End of the Rainbow," at the Star theatre this (Friday) evening. The young people have put a lot of hard work in the practice for this play, and it is to be hoped that they realize a neat little sum from its presentation. The play will also be repeated next Monday evening for the benefit of those who cannot make it convenient to attend the first production. The amateur actors and actresses have been coached for this production by Miss Eva Bing.

A. W. Black, fire insurance. adv

E. A. Rawson and Clarence Bartlett of Hale were in the city on business Tuesday.
Big clearing sale now on at Mrs. A. W. Colby's millinery store. Everything goes at actual cost prices. adv
Neglecting your teeth never makes them any better. Dr. Carson can give you prompt attention, as he is at his office in Tawas City every day in the week. adv
The prospects are that there will be more hunters in the woods this season than there are deer to kill. County Clerk Mark has issued about 200 licenses to date.
We call the attention of the teachers of the county to our "School Column," which is started this week. This department will be conducted by Commissioner Campbell, and the teachers are at liberty to use it for information or for the publication of news regarding their schools. We hope that a large number of them will take advantage of this opportunity and make this one of the most interesting portions of the Herald.

To Leave East Tawas.
F. F. French of East Tawas announced this week that the dry goods store conducted by him and his son, Ward, in that city, was to be discontinued, and that the stock would be moved to Boyne City, where Ward will continue the business along the same lines.
Mr. French has been in the mercantile business in East Tawas for about ten years, but business conditions during the past year or two have been such that they have thought it best to make the change.
Mr. French will remain in East Tawas and continue his insurance business and legal practice. It is rumored that he will be an active candidate for prosecuting attorney in the campaign next year.

Forest Notes.
To secure a merit badge in forestry boy scouts are required, among other things, to identify 25 kinds of trees.
One of the principal by-products of the national forests of Japan is furnished by mushrooms, which have yielded in one year a revenue of one million dollars.
Articles of clothing from wood fiber are being made in Europe. The material for a suit costs about fifty cents. Clothing made of this material, however, can not be washed.
The bureau of forestry of the Philippine Islands will send tropical timbers to the United States forest service, so that their suitability for fine furniture veneers may be ascertained.
One of the largest and most valuable timber trees of the country is the tulip tree, known to lumbermen as yellow poplar. It is related to the magnolias, but is the only tree of its kind in the world.
The largest tree in the United States is said to be the "Mother of the Forest," a giant redwood in the Calaveras big tree grove in California. It is supposed to contain 140,619 board feet of lumber. There are, however, many claimants for the honor of being the "largest tree" and the "oldest tree," and these claims, according to foresters, can not always be verified.

Carpet Weaving.
I have purchased the loom formerly belonging to Laura McGill and am now prepared to do all kinds of weaving at my residence near the depot. I will be under Miss McGill's instructions for a few weeks and all work will be guaranteed, and will be done cheaper than you can get it elsewhere in the city. Your orders are solicited. adv
MRS. V. C. COX.

Notice to Farmers.
I have added an improved blower to my feed cutting machine, which will blow the cut feed to any part of the barn. I am therefore better prepared than ever to cut your feed. My charge is 50 cents an hour for myself and machine. adv

DEATH OF CHAS. A. DILLON

Popular East Tawas Young Man Died at Ann Arbor Sunday Morning.

The many friends of Charles A. Dillon in the Tawas were grieved to learn of his death, which occurred at the University hospital, Ann Arbor, Sunday morning, Nov. 9, at 11 a. m. He had been ill for about three weeks, two of which had been spent in the hospital, and his death was not unexpected, as he was reported in a serious condition last week. The cause of death was tubercular spinal meningitis.
Charles A. Dillon, son of Mr. and Mrs. J. E. Dillon, was born in East Tawas January 8, 1893, and died in Ann Arbor, Nov. 9, 1913, making him 20 years, 10 months and 3 days old. He graduated from the East Tawas public schools with the class of 1910, which consisted of eight boys and three girls, including his sister, Irma, and two cousins, Ernest and Arthur Dillon. His is the second death of members of the class, the first one being his cousin, Ernest, on Dec. 14, last.
Charlie was always faithful and obedient to his parents and loved his home above anything else. He was a faithful and diligent student, having high standings in his studies, and in athletics he was a hard worker, and entered into his sport with the same hearty spirit which he manifested in his school work. "Success" was his motto in all things.
Last year he attended Albion college, and had advanced credits in his studies when he entered the department of pharmacy at the University of Michigan this fall. He was a pitcher for the Albion base ball team while there, and a member of the Delta Tau Delta fraternity. At the University he was pledged to the Phi Delta Chi, a pharomic fraternity. He was also a member of the Michigan Athletic association.

Charles was not well when he entered the university, but did not want to remain out of school, believing that he would soon regain his health. He did not advise his parents of his illness, thinking to save them from needless anxiety, and it was only through a friend that they received the information. He was being treated by a skilled physician who did not consider him seriously ill, and went to his classes many times when he could not even see the instructors, on account of the great pain in his head. His illness and death are believed to be the indirect result of a blow on the head in a basketball game some two years ago.
The funeral services were held at two o'clock Wednesday afternoon at the residence in East Tawas, Rev. C. W. Scott of the M. E. church officiating, assisted by Rev. W. R. Blachford of the Episcopal church. The services were held at the home on account of Mrs. Dillon and, too, because Charlie was such a home boy. Outside friends who manifested their respect by being present at the funeral were Mr. Howard C. Potter of Ithaca, who was superintendent of the East Tawas schools when Charlie graduated, and Mr. J. Wilson, representing the Delta Tau Delta fraternity of Albion. Rev. H. J. Johnson of Clinton, a former pastor of the East Tawas M. E. church, was expected to be present, but missed train connections at Bay City. Many messages of regret and condolence were received by Mr. and Mrs. Dillon, both during their son's illness at Ann Arbor and since his death, at East Tawas. They have the sympathy of the entire community in their great bereavement.

Coming Next Monday.

Dr. Owen, Detroit eye, ear, nose and throat specialist for 30 years, who also tests eyes and fits glasses, will be at Losco Hotel, Tawas City, from 4 p. m. Monday to 4 p. m. Tuesday, Nov. 18. adv

For Sale.

We have decided to quit the hotel business, and on Monday morning, November 17th, at 9 o'clock, all the furniture at the Bay Side Hotel will be offered for sale at bargain prices, so if you are in need of an iron bed, springs, mattresses, bed-room rugs, commodes, dressers, stoves, chairs, dishes, then come and make an offer. adv

A Tale of Ground Hog.

This department is in possession of a very interesting book, which has been so popular that it has reached a second edition. It is entitled "Secrets of Sausage Making," and is published by the B. Heller & Co., of Chicago. This firm is a very large dealer in butcher's supplies and preservatives. The secrets of sausage making have long been desired by this department and the public generally, and in this respect this book fills a long felt want.
On page 236 is an interesting chapter, entitled "Bull Meat Preferable for Sausage." Here the butchers are advised by all means, if possible, to make sausage from bull meat. The reasons for this the book gives as follows:
"But the great advantage of using bull meat is preference to that of the steer and cow is on account of its greater absorption of water. The more water you work into the meat while it is being chopped the more tender and juicy will be the sausage."
Of course the more water you get into the sausage the more weight, and in this way butchers are enabled to get 15 cents a pound for water. This fact, however, the book does not state in exact words, but most butchers are able to read between the lines. It is a well known fact that in recent years butchers have been using some kind of cereal flour to put in sausage. Ostensibly they claim that the flour is used for the purpose of a binder and to make the sausage more palatable, but the real reason is that the cereal placed therein will absorb a greater quantity of water, which can be sold at the regular price of meat.
This firm manufactures for sale a cereal for placing in sausage to which they have given the aesthetic name of "Bull Meat Flour." On page 205 the firm extols the merits of their brand of "Bull Meat Flour," and its superiority over common potato flour. The book reads as follows:
"If you will take a gallon of water and put into this water one pound of potato flour and let it stand for one hour all of the potato flour will have settled to the bottom, and you can pour off the gallon of water and then weigh the pound of potato flour and you will be surprised that it will weigh less than two pounds; it will take up less than one pound of water. Also make a test by putting one pound of "Bull Meat Brand Flour" in a gallon of water and you will find that the pound of "Bull Meat Brand Flour" will almost have absorbed the entire gallon of water."
We think the Heller Company is exaggerating somewhat when it claims one pound of its particular brand of cereal will absorb one gallon, which is eight pounds of water, but even if it absorbed five pounds of water to every pound of flour, the consumer would be compelled to pay a high price for water. The book gives various recipes for making different kinds of sausage, and in all the recipes the book advises the use of five pounds of their celebrated "Bull Meat Flour" for every 100 pounds of sausage. If their flour will absorb the water that they claim it will, the result would be that sausage made in this way would contain 40 per cent water, for which the consumer would pay 15 cents a pound.
A recent law in this state limits the amount of cereal to be placed in sausage to two per cent, and butchers are warned that if they follow the Heller recipes for making sausage and place five pounds of cereal in their sausage they are violating the laws of this state and will be subject to prosecution. Already several butchers in Detroit have paid fines of \$100 each for making sausage according to Heller, and more prosecutions are pending. Some of the best butchers of the state are now making sausage without cereal, and their action is to be commended. If cereal is placed in sausage, no matter how small the amount, it must be labeled "Sausage with Cereal," and the consumers of sausage in the state should understand that when they buy sausage with cereal they are paying a big price for a surplus amount of water which is evaporated when the sausage is cooked. We shall have occasion to refer further to this interesting work containing the "Secrets of Sausage Making."

Afternoon Session.
Board called to order at 4:00 p. m., on return from county infirmary.
Quorum present.
AuSable, Mich. Oct. 9, 1913.
To the Hon. Board of Supervisors:
Gentlemen:—Whereas, at a regular meeting of the city council, action was taken that we would disburse with our city government, that we wish to be set back into the township of AuSable, that we find it impossible and burdensome to run the city government. The reason is we have not taxable property to meet expenses. If the transfer cannot be made, we beg that our representatives of three supervisors be cut two, leaving one for the entire city.
Yours respectfully,
Oscar Hurkett, mayor; W V Selie, city clerk; Aldermen—D W Angell, Clyde Roberts, Bruce Lockhart, Fred Colbath, Jos H Miller.

Moved by Searle supported by Harting that communication be referred to committee on judiciary. Carried unanimously.
Clerk read a communication from the Lake Huron Shore Good Roads Association in regard to an appropriation for said association.
This matter having already been passed upon by the board, on motion said communication was ordered placed on file.
Moved by Misener supported by Selie, that vote on report of committee on finance and apportionment in regard to an appropriation of \$200.00 for the N E Michigan Development Bureau, be reconsidered.
Motion lost, as follows:
Yeas—Supervisors Beardlee, Belknap, Harting, Dickison, Goodwin, Grant, Miller, Myles, Selie—9. Nays—Supervisors Carlson, Davison, Latham, Lindsay, Low, Merchant, Misener, Muncey, Tait, Searle—14.

The following bills for livery hire for conveying members of the board to the county infirmary presented to the board: Henry Kane, \$8.00; Chas Curry, \$8.00; John Searle, \$4.00.
Moved by Beardlee supported by Muncey that bills be allowed. Carried. Yeas 18, nays 0.
Thereupon, on motion the board adjourned until tomorrow morning at nine o'clock.
Thos F Robinson, Chairman.
Jno A Mark, Clerk.

Saturday, Oct 18, 1913.
The board of supervisors of Iosco county met in the court house in the city of Tawas City, said county, on Saturday, October 18, 1913, pursuant to adjournment from yesterday.
Board called to order by Thos F Robinson, chairman, at 9 o'clock a. m., who ordered the clerk to call the roll.
Present—Supervisors Beardlee, Belknap, Carlson, Cowley, Harting, Davison, Dickison, Goodwin, Grant, Latham, Lindsay, Low, Merchant, Miller, Misener, Muncey, Myles, Robinson, Tait, Scriber, Searle, Selie, French—23.
Quorum present.
At this time clerk read the minutes of yesterday's proceedings and there being no objection, they were declared by the chairman unanimously approved.

Warm Enough?
While coaching a class of children for a little play, the teacher told the boys that in the third act they would have to wear their heavy overcoats, as that would be the snow scene. After a short silence a little fellow about seven years old raised his hand and said: "Teacher, father can't finish my overcoat in time because he works late; but will it be all right if I wear my heavy underwear?"

Saved His Foot.
H. D. Ely, of Bantam, O., suffered from a horrible ulcer on his foot for four years. Doctor advised amputation, but he refused, and reluctantly tried Bucklen's Arnica Salve as a last resort. He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box today. Only 25c. Recommended by J. M. Waggazer & Co. and Jas. E. Dillon. adv

A NEW HIGH POWER RIFLE—

The Remington-UMC Slide Action Repeater

GETTING in touch with the shooting fraternity all over the country, as we do, we find a very considerable number of Remington-UMC users who want a Remington-UMC slide action repeater in a high power model—one heavy enough for practically any type of game that is found on this continent.

The answer to this demand is the new Remington-UMC High Power Slide Action Repeating Rifle. During the few months these rifles have been on the market, several hundred of them have been put into use. The testimony of the owners is that they are emphatically a success.

Your Remington-UMC dealer has these repeating rifles in stock or will get you one. Don't buy a high power repeater until you have seen it. It is the gun you want.

TAWAS CITY, MICH., Nov. 14, 1913

Reports from different parts of the state begin to come in giving details of the annual toll of human life which the hunting season brings. High power rifles and careless hunters serve to increase the death rate in Michigan in no small degree every year, and no laws, however strict or mandatory they may be, seem able to prevent the annual slaughter of human beings. Within the past week thousands of men have gone into the woods of northern Michigan, and it is a foregone conclusion that some of them will never return home alive. What is the remedy? The state spends hundreds of thousands of dollars to protect the game, that the small percentage of the population who like to hunt may spend a few days each year at their chosen sport. But the value of the lives lost each year far exceeds the amount spent in game preservation or the value of the game itself. It is our opinion that if this immense loss of life must be the toll each year, the state might better remove all restrictions and let the game be killed off as soon as possible, that the sacrifice of human life may cease.

The position taken by the foreign press on the Mexican situation would intimate that the countries of Europe intend to continue their policy of "hands off" and allow the United States to settle the question in their own way. The press in most cases expresses fairly well the ideas and policy of the government it represents, and the foreign newspapers almost without exception are endorsing the policy of this government with regard to matters in Mexico.

The "arson squad" has broken out again in England. As a result of their depredations thousands of dollars worth of property was destroyed on Tuesday. Truly, the ways of the English militant suffragette are devious and past finding out.

Evidently Miss Jessie Wilson has no fear of the "13 hoodoo." She will be the thirteenth bride married in the White House when she becomes the wife of Francis B. Sayre on November 25th.

Uses of Quicksilver.

Quicksilver is used mainly, according to the United States Geological Survey, in the manufacture of fulminate for explosive caps, of drugs, of electric lighting and scientific apparatus, and in the recovery of the precious metals, especially of gold, by amalgamation. An increasing demand has been reported in manufactures of electric appliances. An interesting and increasing use in Scotland is the floating of the lights of lighthouses upon a body of quicksilver. The metal is not consumed, of course, and the loss in use is insignificant. Concerning this Consul Fleming writes as follows:

"The commissioners of northern lighthouses, Edinburgh, have in their charge 90 lighthouses on the coast of Scotland. Up to the year 1900 the revolving lights were borne on rollers. The 'float' system has been gradually introduced, however, and is now in operation at 30 coast stations and will be used at all others. The lighting machinery rests on a pontoon, which runs on quicksilver in a groove. The quantity of mercury required for this purpose in a lighthouse is from seven to eight flasks of 75 pounds each. As the waste is trifling, the total present demand for this purpose is small."

Puffed Up.

"Dobbedday seems to think himself a very important person." "Why, he can't even stand on a street corner and wait for a trolley car without putting on as many airs as if he were laying a cornerstone."

Supervisors' Proceedings

(Continued from First page)

Resolved, That the sheriff and his deputies be instructed to consult with the prosecuting attorney on every prospective arrest and seek his advice in matters where the offense charged is of a criminal nature, and to report the progress of every investigation to prosecuting attorney and to submit all bills of sheriff and deputies to him for approval before they are filed with this board. And the prosecuting attorney is hereby ordered to audit and approve all of sheriff's and deputies' bills before the same are filed with this board.

By Fred Swartz, Asst Cashier
Whittemore, Mich., Oct. 15, 1913.

To the Hon. Board of Supervisors: Gentlemen—In accordance with Public Acts No. 212 for the year of 1911, regarding the deposit of county funds, we, the undersigned, hereby tender our bid for the deposit of the county funds, agreeing to give a good and sufficient bond and pay 3 per cent interest on the average daily balances, crediting the interest to the account of the county treasurer on June 30 and Dec 31 annually.

Respectfully submitted,
Isosco County Bank,
By L. A. Chichester, Cashier,
East Tawas, Mich., Oct. 15, 1913.

To the Hon. Board of Supervisors: Gentlemen—In accordance with a notice from the county clerk, that bids would be received by you for depositories for the funds of Isosco county, we offer bid as follows: 3 per cent interest will be allowed on the account, same to be computed upon the average daily balance and placed to the credit of the county on the 30th day of June and the 31st day of December. Bond to be given, amount and kind of same to be determined by the board of supervisors.

Respectfully yours,
Ealy, McKay & Co., Bankers,
By L. G. McKay, Cashier,
Osceola, Mich., Oct. 14, 1913.

To the Hon. Board of Supervisors: Dear Sirs—We hereby make application as depository for county funds with a bid of 3 per cent interest on same, to be computed on the average daily balance of such funds, interest computed twice yearly, in accordance with your requirements.

Yours very truly,
Geo. D. McNichol & Co.,
By A. B. Crysler, Cashier,
Hale, Mich., Oct. 16, 1913.

To the Hon. Board of Supervisors: Gentlemen—In answer to your call for bids for banks desiring to act as depositories for the county funds, we offer bid as follows: 3 per cent interest will be allowed on the account, same to be computed on the average daily balance and placed to the credit of the county on the 30th day of June and the 31st day of December. Bond to be given, amount and kind of same to be determined by the board of supervisors.

Afternoon Session.

Board called to order at 1 o'clock p. m. by chairman.

Quorum present.

Tawas City, Oct. 18, 1913

To the Hon. Board of Supervisors: Gentlemen—Your committee on county farm would recommend that the following changes be made in the pipe line at the county farm, as follows:

First. Place a valve between the hydrant at the house and the tee connection leading to the barn.

Second. Move the hydrant at the barn from its present location to a point about 2 or 3 feet from the tee in the main pipe line, and place a valve between hydrant and tee.

Third. That composition belt be placed free of charge on pump, in place of leather one now in use.

Respectfully,
Joseph Lindsay, L. P. Latham,
H. H. Goodwin, Committee.

Moved by Latham supported by Goodwin that report of committee on county farm be accepted and adopted. Carried by unanimous vote.

OUR SCHOOL COLUMN

Devoted to the interests of the Schools of Isosco County

This column will be used by the Commissioner to keep in touch with rural conditions. Any school notes of interest to your school interests the county as a whole, so do not hesitate to use this department.

School notes should be sent early in the week to either the editor or the school commissioner.

We wish to commend the art exhibit given under the auspices of the County Normal, very much regretting that many failed to take advantage of this means of education.

Some of our rural schools have organized boys' and girls' clubs. Our motto: "A live club in every school district."

Reading is the most valuable of all school subjects. It is the key that unlocks the storehouse of knowledge. Each school should have at least two sets of supplementary readers.

The following plan was tried and found valuable by the writer during his teaching days: Poems of interest, clipped from magazines, etc., were mounted on card board, or ordinary paste board, distributed among the pupils and used as reading lessons. All that is needed to carry out this plan is mucilage, a small brush, card board or paste board, and a little energy.

Try this problem: A farmer butchered and cut up a hog weighing 283 lbs., as follows: Head, 20 lbs.; backbone, 13 1/2 lbs.; two hams, 37 1/2 lbs. each; spare ribs, 8 lbs.; feet and hocks, 9 1/2 lbs.; lard and sausage, 63 lbs.; two shoulders, 37 1/2 lbs. each; two sides, 43 1/2 lbs. each. Which would have been more profitable, to sell the hog on foot at the market price of six cents per lb., or to salt and smoke the saleable meat and sell it at the local price of country cured meat?

The first local teachers' meeting for all teachers accessible to Tawas City will be held in the court house Nov. 29, in connection with the one day farmer's institute.

In concluding this week's items we again invite all teachers to use this column. Write us regarding problems in discipline, etc.

As we before suggested things that have interested your children will be taken advantage of by others when read in this column.

A Consumptive Cough.

A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stops the cough, loosens the chest, banish fever and let you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Mertz, of Glen Ellyn, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c and \$1.00. Recommended by J. M. Wuggazer & Co. and Jas. E. Dillon. adv

SICK PEOPLE SHOULD INVESTIGATE

DR. A. B. SPINNEY, WHO HAS BEEN IN THE PRACTICE OF MEDICINE FOR 54 YEARS, TWELVE YEARS IN GENERAL PRACTICE, BALANCE IN SANITARIUMS AND IN TREATING CHRONIC DISEASES ONLY, HAS OPENED AN OFFICE IN DETROIT, AT NO. 4, ADAMS AVE., W., WHERE HE WILL GIVE FREE CONSULTATIONS FROM 9 TO 12 M., 2 TO 5 AND 7 TO 8 EACH DAY. In Fact, My Entire Life Has Been Devoted to Curing Where Others Have Failed. I Have Changed Hundreds Upon Hundreds of Nervous Wrecks Into Fine, Strong Men and Women. I Accept No Case I Cannot Cure.

I CURE NERVOUS TROUBLES from overwork, etc. I promptly and positively cure, no matter of how long standing. I CURE FITS—Epilepsy, St. Vitus Dance, Paralysis, etc., by striking direct at the cause, restoring the diseased nerves to perfect health. I CURE PILES in 30 days to stay cured and to never return. I CURE CONSUMPTION, the great White Plague, in the first and second stages. Have made a special study of this disease for 50 years. Have cured hundreds given up by home doctors. Those I cannot treat at home by sending or my mail, I will take to my Sanitarium, where best of medical skill, nursing and private rooms are given for \$10 a week. I GUARANTEE TO CURE, to stay cured, liquor, morphine, cocaine, nicotine or cigarette habits. Most cases treated at home. Any unfortunate girl given best of care. May work out fees. Call and see me or write to either Sanitarium as below. No matter what disease you are suffering from, write me fully today. I will answer at once, and my advice which costs you nothing, may be worth hundreds of dollars—like itself—to you. If I cannot cure you I will tell you so. WRITE TODAY. ANDREW B. SPINNEY, M. D. Belding Sanitarium & Retreat, Belding, Mich., or Smyrna Sanitarium, Smyrna, Mich.

SALE CONTINUED

We have decided to continue our Annual Fall Sale for a short time longer, in order to give all our customers an opportunity to take advantage of the wonderful bargains we are offering.

Remember that we include in this sale the very things you need for fall and winter use, and nowhere will you be able to purchase the same grade of goods at the low prices we quote.

Don't delay, but take advantage of this opportunity now.

A. BLUMENAU WHITTEMORE, MICH.
