Mrs. Eugene Bing has been visiting friends at Bay City a few days the past week.

Miss Nyda Campbell returned Tuesday from a weeks visit with friends at Whittemore.

Elizabeth Zellmer of Bay City visited her father, Julius Zellmer, a few days this week.

Mrs. H. C. McKinnon of Black River arrived Thursday for a visit with her mother, Mrs. Gregg.

Mrs. Louis VanBuren of Appleton, Wis., was the guest of her sister, Mrs. C. H. Downer, over Sunday.

Miss Frances Johnston of Millersburg is a guest at the home of Mr. and Mrs. Ray Smith this week.

The Presbyterian Ladies' Aid society will meet at the home of Mrs. C. H. W. Snyder Thursday afternoon, July 8.

Misses Martha, Lily and Hazel Rank of Detroit have been guests this week at the home of their sister, Mrs. C. E. Tanner.

Rev. and Mrs. Henry Woyahn and Rev. Will Woyahn of Wisconsin arrived Tuesday for a visit with their parents here.

Misses Margaret Johnson, Mae Murray and Elsie Musolf left last Saturday for Ypsilanti, where they will take the summer course in the state normal school.

Dr. W. N. Yeager, the dentist announces that he will be at his Tawas City office on Monday, July 5, and Friday, July 9. Those wishing work done please call on those dates.

Mr. and Mrs. Geo. Mount and Mr. and Mrs. R. G. Harting were called to Bay City last Friday by a message announcing the death of Mr. Mount's brother, Josiah Mount. They returned Monday.

Rev. Stark V. Reagan will preach at the Tawas City Presbyterian church next Sunday, July 4, at 10:30 a. m. All are cordially invited. He will also hold services at East Tawas in the evening.

The new bridge on Matthew street is now completed and is open for traffic. It is a distinct improvement over the dilapidated wooden structure which has spanned the river at that point for so many years. The work on the one on Whittemore street is progressing. The cement breakwaters being now completed.

A peculiar atmospheric condition Monday afternoon enabled the citizens of Tawas City to see the light-house on the Charity islands, sixteen miles away, and also the outlines of the shores of the Thumb, nearly 30 miles across the bay. It is often possible to see the outlines of the Charities, but very seldom that the buildings can be observed.

Rosa, daughter of Mr. and Mrs. Paul Prinz, died yesterday morning at the family residence, 1048 South Fourth avenue, of convulsions. She was born September 23, 1914, and was an only child. The funeral will take place on Monday afternoon at 2 o'clock from the residence, 1048 South Fourth avenue, with interment in Forest Lawn cemetery.—Saginaw Courier Herald.

There seems to be a general disregard for the automobile speed ordinance recently passed by the common council of Tawas City. It is a common occurrence to see autos speeding through the business section at a speed of anywhere from 15 to 20 miles an hour and in the residence section there seems to be no limit to the rate of speed. If one or two of the offenders could be brought to time for their recklessness it might be a wholesome lesson to them and to others also.

Dr. A. B. Carson, dentist, is at his office in Tawas City every day of the week. Phone 44-W. adv

Misses Lulu and Muriel Murphy went to Prescott Thursday to spend a few days with Mrs. Neil McDonald.

Wm. McFarlane of Oscoda was in the city Wednesday attending a meeting of the county board of poor commissioners.

Mr. and Mrs. N. D. Murchison returned last Friday from a several weeks trip through Canada and the eastern states.

A combination of boys and matches started a fire at the end of the old dock last Saturday afternoon which threatened Sunday morning to assume dangerous proportions and endanger the business section at the east end of town. After some hard work on the part of the volunteer fire department however, the blaze was extinguished.

Last Saturday, June 26, the Chey-boygan Daily Tribune issued a special edition called a "Resort Edition," consisting of 24 pages. The edition gave a description of the various resorts in that section of the state and was illustrated with scenes of various beautiful spots. The immense amount of advertising showed that the edition was also a success from a financial standpoint, and the publishers are to be congratulated on their enterprise.

So much has been said about the "Sane Fourth" that it seems hardly necessary to repeat any of the reasons why people should be careful at this time regarding fireworks and explosives generally. Not only are fireworks dangerous to human lives but also there is great danger of fires. We wish respectfully to caution parents in regard to their children. Minus fingers, eyes and perhaps lives may be the result of allowing young children to use any explosives that may be dangerous. Kindly think these warnings over carefully and plan to spend the Fourth in a sane fashion and remember all the time, "safety first."

Mrs. Phebe M. Tomlinson, widow of W. A. Tomlinson of AuSable, died yesterday at 12:30 p. m. at the home of her daughter, Mrs. Dr. J. J. Fitzgerald, 621 North Warren avenue, of debilities due to old age. Phebe Canniff was born in Cannifton, Ont., November 21, 1832, being in her 82nd year. She was the daughter of Joseph and Phebe Canniff. She is survived by four children, Mrs. J. J. Fitzgerald, Miss Ida and A. B. Tomlinson of Saginaw and Mrs. E. E. Kent of Duluth; one sister, Mrs. Emma Sills of Belleville, Ont., and four grandchildren, Roy and Beatrice Kent of Duluth and Estella and Gilbert Tomlinson of Saginaw. Funeral services will be held from the home of Mrs. Fitzgerald Tuesday morning and will be private.—Saginaw Courier Herald.

BAPTIST CHURCH.

Sunday July 4th, 1915. 10:00 a. m. standard: "Serving Our Country." 7:00 p. m. standard: "The Nation's Need—A Vision of God."

Mr. Charles Thomas of Bay City will sing at both services.

Religion and patriotism have ever gone together. Let us prove our love of country by attendance to the House of God on July 4th. God has been our help in all generations. Let us offer the sacrifice of praise for his goodness to us as a nation.

Everybody welcome.

TWO POPULAR YOUNG COUPLE MARRIED.

A very pretty double wedding was celebrated Wednesday afternoon, June 30, when Mr. Thomas Scarlett and Miss Mabel Cox and Mr. Albert Mallon and Miss Lavina Cox were united in marriage at the home of Cecil Cox, brother of the brides. The ceremony was performed by Rev. John Pinches, pastor of the M. E. church.

The wedding was a quiet one, only immediate relatives being present. The house was decorated very prettily in the brides' colors, white and yellow, the floral decorations being white roses. After the ceremony, which took place at four o'clock p. m., a nice wedding supper was served.

The young people are all well known to people of the Tawas and Iosco county, having grown to young manhood and womanhood here. The young ladies are graduates of the Tawas City high school and Iosco county normal and have taught several terms in the schools of the county.

Mr. Scarlett has until recently been engaged in farming on the Hemlock road, but is now employed in Bay City. Mr. Mallon is an employe of the D. & M. car shops in this city.

Mr. and Mrs. Mallon left on the evening train for a short wedding trip, after which they will be at home to friends in Tawas City. Mr. and Mrs. Scarlett are spending a few days at Sand lake and will be at home in Bay City after July 10.

The many friends of the young people in this community join in wishing them all happiness and success in their married life.

EPWORTH LEAGUE.

Sunday, July 4, 1915. 6 o'clock standard time.

Topic—"Remembering Jonathan's Whale and Forgetting his Message." Leader—Miss Florence Smith.

Everyone very cordially invited. Last Sunday evening we learned about the Greeks and Italians whom Paul prized so highly, but who are in a way forgotten in our Christian prayers and works.

From them we received our arts, painting, sculpture, literature, architecture, etc. But the American today is prone to look down upon these people. The truth is that the church burdens put upon the shoulders of the Greeks and Italians in their native lands have been too great for them to bear and they have become agnostics and atheists. There is nearly as much need of missionaries going to Italy and Greece as to India or China. Greece especially has been almost untouched by teachers of the living faith.

But it is in America that our work must be done. They must find Christianity in our lives, rather than as symbols or a simple follower, so that I play the game as you would have it played. Help me to keep my eye on the ball, that the curves of temptation do not deceive me. Keep my feet in the path of righteousness, that I may touch second and third on my way round the bases. Help me to beat out my bunts, and hold me that I stray not too far from base when the catcher is ready to peg me. Count not my foul balls against me, O Lord, for the batting eye sometimes goes wrong, though the intention is right. Help me in the pinches, Lord, because a good bingle might bring my brother home. Let not the music of the fans keep my eye from the ball, nor the enticements of the slabman draw me away from the need of a clean single with a man on second. Help me, O Lord, to bat over 300, because my eyes are on the big league for eternity even while I sojourn here among the bush-leaguers.

A NATIONAL CREED.

The Chicago Herald suggests the following as a National Creed by which the men, women and children of America may affirm their Americanism:

I believe in the United States, one and indivisible; in her mission as the champion of humanity—as the friend of the weak and distressed; in the singleness, dignity and inviolability of American citizenship; in the validity of our national traditions; in peace with honor; in friendship with all nations that respect our rights; in engaging alliances with none; in reasonable preparations for national defense by sea and land; in shirking no sacrifice needed to hand down to the future the priceless treasures bequeathed to us by the past; in the necessity of keeping the western hemisphere free from the intrusions of European institutions and ambitions; in the capacity of free men for self-government; in the love of home and country; and in the unflinching resolution that government of the people, for the people by the people shall not perish from the earth.

WEATHER FORECAST.

Issued by the U. S. Weather Bureau, Washington, D. C., for the week beginning Wednesday, June 30, 1915.

For the region of the Great Lakes: The weather will be unsettled the first three days of the week culminating in a shower period about Saturday, thereafter fair weather; the tendency will be toward higher temperatures.

TAWAS CITY LOSES FIRST GAME.

Last Sunday the Tawas City base ball team journey to Omer and lost their first game of the season by a score of 11-5. Up to the fifth inning the game was hard fought and then our boys lost heart and Omer kept on steadily in their scoring. They scored three runs in the first before our boys could stop them and then held them there until the fifth, when Moore was hurt and had to be carried off the field; a general shift in the positions followed and then Omer kept right on and couldn't be stopped. Our boys had the Omer team tied in the fifth, 3-3, and bid fair to do battle for the game, but were rudely shaken up after that inning only managing to score twice to Omer's eight.

It seems to be rather hard on the boys to lose their first game and promise to more than even things up when Omer comes here for a return game on July 25th.

Next Sunday the two teams from the Tawas will meet at the Fair grounds and it promises to be a battle royal. May the best team win and our boys be that team. Be sure and come out to help them win.

THE BALL PLAYER'S PRAYER.

Lord, help me to play the game. It matters not to you whether I am talented or poor in natural gifts; wealthy or starving; a leader among men or a simple follower, so that I play the game as you would have it played. Help me to keep my eye on the ball, that the curves of temptation do not deceive me. Keep my feet in the path of righteousness, that I may touch second and third on my way round the bases. Help me to beat out my bunts, and hold me that I stray not too far from base when the catcher is ready to peg me. Count not my foul balls against me, O Lord, for the batting eye sometimes goes wrong, though the intention is right. Help me in the pinches, Lord, because a good bingle might bring my brother home. Let not the music of the fans keep my eye from the ball, nor the enticements of the slabman draw me away from the need of a clean single with a man on second. Help me, O Lord, to bat over 300, because my eyes are on the big league for eternity even while I sojourn here among the bush-leaguers.

THE SANE FOURTH.

As a result of the movement started a few years ago for a rational celebration of the Fourth of July, casualties consequent on the observance of the day have decreased at a surprising rate. Last year they were less than one-fourth of the number reported five years ago.

Moreover, cases of Fourth of July tetanus have become almost a thing of the past. Back in 1903, the deaths from lockjaw caused by Independence day accidents numbered 417. Last year only three fatal cases were reported to the national authorities at Washington.

In the campaign for a sane Fourth, emphasis has been put on the danger attending neglect of trivial wounds, particularly those made by blank cartridges, paper caps and the like. This, in large measure, accounts for the decreased mortality. Parents are learning that no wound or burn is too insignificant to be overlooked.

ALL ABOARD FOR LIFE SAVER CITY.

To the editor of the Tawas Herald:
Dear Sir:—It is not generally known throughout Iosco County that there is another city springing up and one which bids fair to become the metropolis of the Lake shore within a very few years if it keeps up the pace it is hitting at the present time. This is only June 19 and several families have been added to the city's growth already.

Some 39 years ago it made a start. Several fine residences were built, the U. S. located and built a coast guard station here, manned it with nine able-bodied men, and watch is kept every hour of the 24 and a patrol made north and south from the station four times each way every 24 hours. One patrol is over four miles north and if you were to go with the patrol man when he goes at 12 mid-night in such weather as we had recently, when you returned to your cottage you would think you had traveled four times four. "Gillon or no Gillon, out you go," (an old saying of lumber jack times in the early '70's).

As I said previously in this article, some 39 years ago this city made a start in life, but for some unaccountable reason it stopped growing until recently, when it has taken on new life and is rapidly growing. Surveyors are on the ground laying out the streets and avenues and boulevards, grading is in course of operation, cottages are being erected, and a general line of business which constitutes the growth of any city is in operation here every day. So rapid is the growth and so anxious are the people to buy lots that two well known citizens of the Tawas were over to buy lots on Monday morning, June 14 before sunrise. It is rumored that one of them took a course with his auto the way the crow flies, but it is only a rumor, but those auto's will go most anywhere. I saw one climb a hitching post. Two of our prominent doctors are located here, but business in their profession is extremely quiet, as no one gets sick, for sick people come here and get well. So if they ever want to start a cemetery they will have to kill some persons.

Now any person contemplating buying a lot or property in this fair young city and who wants to get in on the ground floor wants to get here early, for delays are dangerous. It is a question of only a short time when the D. & M. R. R. will extend their line from Tawas Beach park. As it is now you can take boats from East Tawas or Tawas City and land at the dock here. We have here all accommodations for motor boats, the jitneys, the steam road and in the very near future the electric road. Come in and be one with us and enjoy life for it is short at the longest. The person that is looking for a place where they can have good, pure fresh air if they come to Life Saver City will land at the ideal spot and get any quantity free of charge, and not manufactured air but genuine from all the broad waters of Lake Huron and Saginaw and Tawas Bays.

The driveway from East Tawas to this city is only 4 miles on a good auto road, where you land at Sierra Nevada boulevard running east and west from Lake Huron to Tawas Bay. At the west end of this boulevard you go south to the station over a long viaduct, where attention will be given to all inquirers by some member of the crew, (this is Grand avenue). After you have been around at the station you are at liberty to go on Huron shore either direction, to your heart's content. Parties contemplating buying city lots here will call on Captain Small, keeper of the station, and he will be glad to answer any inquiries and show parties around the new city. McFadden.

Reasons for Some Things.
Winter days are shorter than Summer ones, because cold contracts everything.
Blondes do not brown so easily as brunettes, because they are light headed.
Rivers are the most provident things in nature, because they make so many deposits in the bank.
Bow-legged men are likely to be peccatory thieves, because they are naturally crooked.

Persons affected by astigmatism are apt to be more religious than others, because a cross is ever before their eyes.
This number of the paper is so bright, because it is the current issue.

The orchestra this year will consist of three pieces: violin, Miss Ruth Deacon; cello, Miss Meeker; piano, Miss Willena Deacon.

Will Halterman, while at work at the Hardwood mill, last Tuesday afternoon was the victim of an accident shortly after the noon hour, in which he lost two fingers. One taken off at the knuckle, the other almost cut off at the second joint. He will be unable to work for a period of two months or more. Guy Sims has been employed in his place.

The cast in "The Altar of Riches" and a few friends, numbering about thirty, were entertained last Monday evening at the Maccabee hall by the Presbyterian ladies. The evening was spent with games and dancing during which fruit punch and wafers were served. Near the close of the evening's entertainment light refreshments were served and all reported having spent a most enjoyable evening.

Last Monday morning at eight o'clock Miss Grace McKiddie and Peter Baker, both of Alabaster, were united in marriage at St. Joseph's Catholic church, Rev. T. W. Albin officiating. The bride was attended by a sister of the groom and Miss Veronica McCue of Grand Rapids, a cousin from Chicago. Two cousins of the bride attended the groom. Mr. and Mrs. Baker have many friends in the Tawas who wish them a long and happy wedded life.

Harold St. Martin, the little son of A. St. Martin was badly injured Wednesday afternoon at the Peul fishery. Levi Lalond, who was cleaning fish near him, reached down to get a fish and Harold stooping over was struck with the knife Levi was using, making a terrible gash in the muscle of the upper arm almost a foot in length clear down to the bone. Dr. Thompson is attending him.

FAMOUS TRAMP LOVES HOME.

A baby's voice has proven stronger than the call of the Wanderlust to "A-NO-1," the world's most famous tramp. For more than thirty years Leon Ray Livingston was on the road as a tramp; not because he was forced to take up the life, but because he loved the freedom of it all.

There isn't a traveling man in the country who hasn't seen Livingston's "mark" on railroad stations and water tanks through the states by watching for "A-NO-1'S" arrow and initials.

His latest tramping trip, and he says it will be his last, led him into Erie, Pa., last year. A crowd was at the station to greet him as he slid from the rods underneath a railroad car. In that crowd was a young woman. She timidly shook hands with "A-NO-1." The "tramp" was interested in her and soon learned that her name was Abigail Trohoski. For the first time in thirty years "A-NO-1" was interested in something besides his carefree life on the road. That "something" was Miss Trohoski.

In a few weeks the "Miss" was changed to "Mrs." and everyone wondered just how long "A-NO-1" could resist the call of the road.

But he settled down to writing the book he had long planned. A few days ago a uniformed nurse crept noiselessly from a room in A-NO-1's home and walked up to him.

"It's a girl," she whispered.
"Thank God for that," answered A-NO-1. "I'm glad it's not a boy for he might have decided to be a tramp, too, just like his father. The road has no more attraction for me now; for with a wife and youngster at home, what use has a man for the life of a tramp?"—Hearthstone Magazine.

THE YOUNG GRADUATE.

This is the season of the young hopeful who believes he has learned how to shoot. Armed with his sheepskin, he starts forth to conquer. He never thinks, as a rule, that a sheepskin is too pliable a lever with which to turn the world from its course. However, that is well, for the superb confidence of youth is necessary at the start, for the opposition with which the young man will meet later in life will gradually break down his over-confidence until the normal amount is left with which to fight his battle for success. The Japanese have some good advice for the young graduate. They say: Keep your mouth closed; he who always has his mouth open shows that his mind is blank. Think of that at which you are looking; one whose eye is always wandering tells that his mind also is wandering. When paying your respects, look at the person whom you are saluting. A boy should act like a boy; avoid becoming effeminate. When it is hot, think it is cold; when it is cold, think it is hot. It is a shame to wear torn clothes without mending them, but to wear the torn part patched is nothing to be ashamed of. Know what shame is; he who does not know what shame is is inferior to dumb animals. When in good health, train yourself to endure physical labor; when you are ill, however, obey your physician's instructions. Become a man useful to your country; whoever cannot be so is better dead. To these admonitions of the Japanese, we add: Do not be ashamed of your father and mother, even if they are uneducated; remember you helped to put the callouses on your father's hands and to bend your mother's back.

If there is anything in the old saying about faith that moves mountains, the woman who believes everything her husband tells her has faith enough to make this old world reverse its motions.
We should not be so quick to express our own conclusions when someone is found "not guilty." Think of the many things of which we are guilty which our own hypocrisy keeps from becoming known.
A man feels completely neglected both at the wedding and when the first baby arrives—but he may get some satisfaction from reflecting that those who go into raptures over the wonderful things done by delicate machinery give little consideration to the flywheel, without which the engine that operates the machinery could not run.

Preserving Patent Leather Shoes.
Patent leather shoes should be carefully wiped off with a soft cloth when they are removed and then a few drops of oil should be rubbed into them. This will keep the leather soft and prevent them from cracking.

MODERN FABLES.

The Fable of the "Big Noise" the Agent and the Pedestrian.

Once upon a time, an aged pedestrian wended his weary way down the path between the twin rails that served as a track for a certain transportation company, and paused in front of the little tank town depot. So weary was he that he failed to observe the luxuriously furnished office car coupled to a speedy locomotive on the siding opposite the door. And so, failing to note that the station agent was being honored by a call from a "Man Higher Up," he hobbled on inside, intent on inquiring the time of day from the company's local representative.

In the little office he found two men engaged in conversation. One was a pompous looking geek, with an "I'm-the-guy" expression all over his unattractive face. The other was a meek-looking little fellow with a cheerful smile and modest manners. The old man politely asked his question. The larger man frowned and muttered something about being too busy to bother with tramps, and the old man turned away. But the smaller man called him back and courteously gave him the requested information.

The old pedestrian afterward learned that the man who had dished up the insulting answer was the station agent at the little tank town, while the little fellow who served him with a civil reply was the official who rode in the private car outside the station door.

Moral—The cheapest machinery is always the noisiest.

JULY.

July gets its name from the Latin "Julius," given it a long time ago by the Romans who named the month for Caius Julius Caesar. But then nobody cares anything about where its name came from. The natural wonder is, where does it get its heat? When July turns the sunshine on, there's something doing everywhere. It seems well surely melt away and disappear into the air. It puts a blister on the neck and plasters freckles o'er the face until we feel we surely must look little else than a disgrace. We look upon the clothes we wear and wonder why 'tis so discredited we can't discard the whole shebang and from their prickly heat be freed.

July, too is the month of picnics. A picnic is an excursion into the woods, where we feed ourselves to the ants, chiggers and mosquitos. If it were not for picnic parties these insects might be exterminated within a few years. Picnics, too, bring rains when all things else fail. Whenever a community feels itself drying up all it needs do is to plan a big picnic. It will invariably bring a rain with it.

The first few days of July are looked upon with apprehension by all parents of boys, but if they remain parents after the first four days the suspense is alleviated and they pay no more attention to him until the next Fourth rolls around. The movement for a "Sane Fourth" is gaining favor every year and its promoters now have only to start another movement for sane parents, when the nation's birthdays will pass off as quietly as a deaf and dumb pair's wedding.

Charts for Commercial Geography.

Commercial geography as it is now widely taught in the public schools by listing the various imports and exports of countries and the products of different cities fails to give a clear idea of the relative importance of the materials listed. It frequently happens that the second or third item on a list may have only one-tenth the importance of the first item. Because the three names are given one after the other, the pupil is quite likely to consider the three items of equal importance, just as three persons may be of different height, yet of about the same importance. The graphic method judiciously applied to school geography and to general commercial geography would make a tremendous difference in the student's grasp of the subject.—Engineering Magazine.

Most Curious Plant.

A very curious plant, which has been famous since ancient times, is the Scythian lamb—otherwise known as the golden-haired dog. It looks remarkably like an animal, and in early days was popularly supposed to combine in some mysterious way the attributes of animal and plant. The belief was that it sprang from a seed and turned on its root until it devoured all green foods within reach, whereupon it perished of starvation.

Along Came Ruth.
"And now," said Ruth's father, "when I can least afford to have it fixed, the lining of the kitchen range has cracked in two places, and I shall have to call in a stove man to make dirt all over the kitchen and bring in a big bill afterward."

"Why, I was just reading this morning how all that might be avoided," declared Ruth, "let me see, I remember the formula exactly. You purchase some fire clay, cut up some straw very fine and make a paste of a consistency that will fill the cracks, then rub it smooth with a wet knife blade. After it is in place let it harden for twenty-four hours, and you will have a new lining, as hard and substantial as the original, with no dirt to speak of, and no bills outside of the cost of the fire clay, which is very little. You can also mend your grates and furnace pots in the same manner."
"Kluth, why don't you hang out a 'First Aid to the Troubled sign?'" asked her delighted father, preparing to follow her advice.

Some Savory Recipes.

Swedish Meat Balls—Buy top sirloin by the pound and get the butcher to grind it before your eyes. Mix the meat with a pinch of kitchen herbs, some fresh chopped parsley, a little chopped onion, a sixth of the quantity of stale, fine bread crumbs, salt, cayenne and fresh cream to make a manageable paste. Roll into balls, sprinkle with flour and fry brown in butter or olive oil.

Boiled Rice—Take a cupful of well-washed rice and mix it with double the quantity of cold water; add salt to taste and let the rice boil fast for 20 minutes, when the liquid will have disappeared. Then set the vessel, tightly covered on the back of the stove for the rice to "soak" or finish the cooking with the steam. Care must be taken to protect the pot from too much heat, as rice cooked in this dry manner will soon burn. Together with the first boiling, it takes about fifty minutes or an hour, to cook rice in this way. It must never be stirred, as this makes a soggy mess; but many good cooks often turn the edges up with a fork so as to let the steam out when the rice is nearly done. Any rich gravy or butter is a proper accompaniment, but it does splendidly with curried chicken.

Household Helps.

Be systematic—even the odds and ends of housekeeping should be attended to regularly. Set a day to attend to the drawers in dressers and closets; examine storerooms and closets and see what is needed; look over fruit and vegetables that need attention and see that they are used before too late.

Mildew can be removed by rubbing the spots with green tomato and salt and exposing the spots to the sun.

Tincture of camphor, ten to twelve drops to a tumbler of water, makes a good daily wash for the teeth.

If you wish your eyebrows to look pretty be sure no powder is left in them.

A spotless tablecloth, smooth and straight, is essential to the enjoyment of a meal.

Keep eggs in a cool, dry place. Eggs absorb flavors, and should be kept in a covered dish.

Varnished Wall Paper.

I have varnished wall paper in the bathroom and was told by the agent when taking the house that it "washed like oil paint." Is that true? If not, is there any way of cleaning it? I would be very grateful for an early reply.—Housewife, Lansdale, Pa.

Varnished paper can be washed quite satisfactorily by adding two table-spoonfuls of ammonia to a half pail of water and washing with soft flannel. Dry off and wipe down again with a chamois skin wrung out of warm water to which two table-spoonfuls of turpentine have been added. This gives a very good polish to the paper and makes it look as good as new.

COUNCIL PROCEEDINGS.

Regular meeting of the common council of the city of Tawas City, held in the council rooms Friday evening June 18, 1915.

Called to order by Mayor Bing. Present—Ald. Marzinski, Mark and Clerk King.

Their being no quorum present on motion council adjourned to Tuesday June 22, 1915. Eugene Bing, J. B. King, Mayor.

City Clerk. Adjourned regular meeting of the common council of the city of Tawas City held in the council rooms Tuesday evening June 22, 1915.

Called to order by Mayor Bing. Present—Ald. Mark, Marzinski, Wilson, Groff, Quick, Attorney Harting, and Clerk King.

Quorum present. City Attorney Harting presented the following communication which on motion was ordered placed on record.

Tawas City, Mich., June 16, 1915 To the Hon. Mayor and Common Council of Tawas City.

Sirs.—Answering your inquiry in reference to the legality of the action of the council in voting a salary of \$25 per annum to the members thereof, I have to report as follows: Sec. 3 of Article XVI of the Constitution of the state, adopted in 1909, recites that—"Neither the Legislature or any municipal authority shall grant or authorize extra compensation to any public officer, agent, employe, etc. Salaries of public officers shall not be increased or decreased after election or appointment."

And in harmony with this requirement, the Legislature in the same year 1909 passed Act 279, called the Home Rule act for cities, which among other things recites—

"No city shall have the power, to change the salary or emoluments of any public official after his election or appointment, or during his term of office, etc."

Our Supreme Court during the past month have decided that this applies to Councilmen, who receive no salary, and that the Council have no right to give any compensation to any member or official of the council which was not provided for at the time they were elected or appointed. They say that the councilman cannot receive any greater sum or compensation than was provided when they took office, either by payment or gift.

The councilmen are bound by their acceptance of the office without compensation, and that the honor of being councilmen, connected with the office was sufficient when they took the office and they cannot now change the contract during their term of office; and the members in whose favor the resolution was passed, accepted the office with knowledge of the fact that they then had neither legal nor equitable claim to compensation.

In the case, Perry vs. Cheboygan and in the recent case of Barrus vs. Engel Controller of Detroit, they held that compensation could not be given where it was not provided for when the members took office.

It follows the action of the council was void.

Yours respectfully,
N. C. Harting,
City Attorney.

August C. Brown appeared before the council and presented a verbal resignation of the office of treasurer.

Moved by Marzinski, supported by Wilson that the resignation of August C. Brown, as city treasurer be accepted to take effect as soon as his successor is appointed, and qualified. Motion carried, all voting yea.

WHO RUNS THE PAPER?

In a neighboring county a clergyman took the editor of the local paper to task because the editor accepted a certain advertising contract. The good man forgot that for years the editor had given freely of his space to help the church; had printed columns of notices of services, meetings, suppers, entertainments and lectures, all free. In donating this space the editor had given more than the equivalent of cash. He had given publicity, and thus had done more to support the church and pay the minister's salary than any three members of the church had done. An editor has but two sources of income—his subscription list and his space. Yet, in this case, when he sold his space he lost a subscriber. Of course, no one need subscribe to a paper unless he wishes to do so, but no subscriber should want to dictate to the editor as to what he should publish. Many editors will not accept certain lines of advertising. Other editors cannot afford, perhaps, to be so independent. Business conditions often govern these matters. A rich and prosperous Philadelphia weekly of national circulation for years declined the advertisements of cigarette manufacturers. Business has taken off lately for many of the big magazines. Now that paper is accepting cigarette advertising. Perhaps the editor needs the money, and who shall blame him if he sells his space to the American Tobacco Company? Collier's too we hear, is letting down the bars, just a little. That's all right. Let them down a little further, as long as fakers, and grafters and swindlers are kept out. No one can run a paper to please everyone, be that paper big or little. It is the editor's paper and it is his living. He is the one who should judge what should and what should not be published in its columns.

Lewis Nunn,
W. H. Dickinson,
Matt Loffman,
Committee.

Moved by Nunn supported by Dickinson, that report of Committee of Judiciary be accepted and adopted. Carried by unanimous vote.

To the Honorable Board of Supervisors of the County of Isosco.

Gentlemen—The undersigned, John Jordan of said county, hereby petitions your Honorable Board, to allow a bill for expense of litigation and fees and emoluments of the office of sheriff heretofore filed with the County Clerk of said county, said bill being unfiled and specifying the items and amounts claimed.

That in the fall of 1912 the Board of County Canvassers granted and issued to your petitioner a certificate of his election to the office of sheriff of said county, and that thereafter, on January 1, 1913 your petitioner in good faith entered upon his duties as sheriff and proceeded with the performance of the work and duties of that office. That suit was brought against your petitioner to oust him from said office, and that after two trials of said case, one in Isosco and one in Alcona County, a judgment of ouster was wrongfully entered against your petitioner. By reason of said judgment of ouster, your petitioner was obliged to give up the office of sheriff, but was restored to said office later by the judgment and decree of the Supreme Court. That your petitioner's expense in connection with the litigation was practically one thousand (\$1000.00) dollars, and he was wrongfully deprived of the fees and emoluments of the office for a period of eighteen months. That under the order of the Supreme Court, said case will be retried again in the Alcona Circuit Court where it has been transferred on change of venue, and that such retrial will be at the expense of the County of Isosco and will cost said county several hundred dollars, unless some adjustment of the entire matter is made.

Your petitioner prays that this petition and claim be referred to the committee on ways and means, and that his said claim be acted upon by this Board and an adjustment of the same made.

John Jordan, Petitioner.

Moved by Searle, supported by Gurley, that this Board take a recess until tomorrow morning at nine o'clock before considering this matter.

Carried by unanimous vote.

Whereupon the chairman declared the Board at recess.

F. F. French,
Chairman.

Jno. A. Mark,
Clerk.

Tuesday, June 29, 1915.

The Board of Supervisors of Isosco County met in the court house in the city of Tawas City, said county on Tuesday the 29th day of June 1915, pursuant to recess from yesterday.

Board called to order by chairman F. F. French at nine o'clock and roll call ordered.

Present—Sups. Anschuetz, Belknap, Burt, Dickinson, French, Grant, Gurley, Hall, Hartingh, Loffman, Minor, Nunn, Robinson, Schroeder, Searle, Sullivan, Westervelt—17.

Quorum present.

The minutes of yesterday's session read by the clerk. There being no objection they were declared approved by the chairman.

Moved by Searle supported by Gurley, that petition of Mr. Jno. Jordan be laid on the table.

Carried. Yeas—Anschuetz, Belknap, Burt, Dickinson, Gurley, Hall, Hartingh, Loffman, Minor, Nunn, Robinson, Schroeder, Searle, Sullivan, Westervelt—15. Nays—None.

Thereupon on order of chair committees retired and balance of Board were given a recess subject to call of chair.

Ben Clute and daughter Marion of Detroit are spending a few days with relatives here and at East Tawas.
John Hamilton of East Tawas spent Saturday and Sunday at the home of his sister, Mrs. C. Sherman, and fishing for trout on Silver Creek.
Mrs. Lavina Stores of Oscoda visited a portion of last week and this at the home of her aunt, Mrs. C. Sherman.
Mr. and Mrs. Jno. Alda and Mr. and Mrs. Wm. Cross and Mrs. G. L. Stickle motored to East Tawas on Sunday and made a short visit at the home of Andrew Dawes.
Albert Thompson has made Mr. Frank Myers happy by getting him a flowing well on the Goodale farm. Mr. Thompson seems to be quite lucky in striking a flow when drilling wells.
On Wednesday June 30, the contract term of Mr. John Newberry for carrying the mails on the Star route between Wilber and East Tawas expired. The first part of the four year term the mails were carried by his son Elmer and the last half by his son Hughie. The work has been very satisfactory to all concerned and we certainly regret to see Hughie leave the route. He has been very prompt, efficient and obliging in his work and to all concerned, and one and all appreciated it and are confident it cannot be improved at all by the change, but Mr. Newberry's bid was higher than was Mr. Abbott's so of course it went to the lowest bidder. Mr. Newberry having done the work, he knew about what it can be done for. We hope the good service will be continued by Mr. Abbott, who started July 1st.

Elzia Glendenin of Hale accompanied by John and Chas. Westervelt and families of Taft autoed to the Five Channel dam on the Sable river and spent the day fishing and sight seeing.
Mrs. R. Kincaid and little daughter, Beatrice, returned to their home at Traverse City on Tuesday of this week. They have been visiting her parents, Mr. and Mrs. James Charters.
Mr. and Mrs. Harsch, Mrs. Spooner and Mrs. Frockins returned from their trip to Ohio Sunday evening. During their absence they motored through sixteen counties in Michigan and four in Ohio stopping at the most important places. They report a very enjoyable time.
Nice summer weather and a few showers would be welcome. This is the season of the whip-poor-will and the bob white. Their cheerful notes help to drive dull care away and cause one to be glad his lot is cast amid rural scenes and not amid the city's din.

GLEANER FEDERATION QUARTERLY MEETING.
On the 25th day of June, at the Gleaner hall, Reno township, the quarterly federation of the various arbors of Iosco county was held and a pleasant day was enjoyed by the many in attendance.
From ten to twelve was given over to social greetings and at twelve the invitation to repair to the dining room was announced by the ladies, where a bountiful dinner was served, to which all paid due respect.
Then all returned to the assembly room and the regular business meeting was opened with Chief Gleaner Jennings presiding, after which a pioneer program was rendered, it being prepared by Lecturer Companion, Mrs. Jennings. Our national hymn was rendered by the audience and the invocation was given by Companion Fraser.
Companion Streeter spoke of the objects and benefits of the meeting in his welcoming address. After which Companion Mrs. Jennings in a pleasing manner gave a very accurate history of our county from the time the first white man disturbed the peace of the red man and the privileges of the wild moose, wolf, bear and deer which wandered in the forests that are now the cultivated farms we live on until the same people, animals and forests were destroyed, and the white man became ruler. A great amount of credit is due Mrs. Jennings for the production of this interesting paper and the manner in which it was rendered.
Companion Mrs. Pincombe then entertained with a solo which proved to be a treat to all.
Mrs. Anderson told us of early pioneer days in Reno. No one else could have done this better or in a more interesting way, for she was one of the first to come into the wilderness to make her home.
Companion E. V. Esmond gave an enjoyable talk on the pioneer days in Plainfield, he having played the same part in that township as Mrs. Anderson did in Reno.
The quartette entertained us with a song very appropriate for the occasion, after which Messrs. Latta and Fraser told us of some of their experiences in making their homes out of the forests of what is now one of the best farming districts in the county, "Reno."
"My Dad's Dinner Pail," was rendered by Companion Louis Nunn. After it was decided that the next federation would be held with the Hemlock arbor in September, the date being left with the committee to decide on. The audience sang, "God be With You" and all departed for their various homes, satisfied that it was a day well spent and long to be remembered.

ALABASTER VS. LAIDLAWVILLE.
Alabaster took the first game of the series from Laidlawville last Sunday at Alabaster by a close score of 8-7. The Laidlawville boys showed up in great form in the field, for it being the first game of the newly organized team and they had the Alabaster boys on their toes every minute of the game. If Kobs, who pitched for Laidlawville showed that he had the experience in the pitching line, and had the white city boys striking out in fine shape. Besides doing about everything imaginable in the box, in the eighth inning with the bases full, he landed the sphere for three bases, bringing in Cornett, G. Brabant, and Mallard and scoring himself before the inning ended. In this inning, J. Robinson the Alabaster pitcher was knocked from the box and relieved by Baker. The first of the ninth J. Bigden scored on a wild throw over third tying the game 7-7, the last half of the ninth Alabaster scored the winning run on an error. We have no game scheduled for next Sunday, but will play Alabaster a week from Sunday at Tawas.
Laidlaw. . . 0 0 1 0 0 0 1 5 0—7 6 7

Weakness in Timber.
A somewhat curious source of weakness in timber, which explains breakages that hitherto have seemed mysterious, has been brought to notice by experiments in the laboratory of the United States forest service. When a beam is dropped across a skid or any narrow hard solid, the fibers may be considerably compressed, and if the beam is subsequently broken, failure comes at the point of compression. The shocks producing the serious impairment may be received in strong gales by the growing tree, as well as in the lumbering or manufacturing operations. Lines of compression appear as little wrinkles or streaks crossing the grain and these are to be taken as a mark of weakness in the wood. To such fiber compression from rough usage is now attributed the puzzling breakage of materials supposed to be very strong, such as wagon wheel spokes of hickory.

Fishes Which Carry Lights.
Certainly among the most remarkable of fishes are those which are provided with lanterns of their own and which swim around the dark recesses of the bottom of the deep ocean where no ray of natural light from above can penetrate. A model of one of these fish, notable for their phosphorescent organs, is on exhibition in the United States National museum. The sides of the fish are regularly dotted with luminous spots, while, in addition there is a large luminous area, like a lantern, on the top of the head. This extraordinary creature must present a singular appearance when swimming in the dark abysses of the ocean. In the model the luminous spots on the sides are represented by buttons of glass, connected with the interior by tubes.

June the Month of Weddings.
In contrast to May, June is considered a particularly fortunate month for weddings, and for this we may hark back to Ovid for authority. Recognizing the unauspicious character of May, he carefully investigated the calendar to determine the best time for his daughter's wedding, and finally selected June as "good to the man and happy to the maid." Put the choice of June has never been so general as the avoidance of May. The ancient Greeks preferred January to all other times. In Russia there is a belief that matches made at Easter bring wealth; at Ascension, health; at Whitsunday, domestic peace and happiness, and at Trinity, many children.

Modern Piano Wire.
Supplanting the hard, high-tension strand of old, the piano wire in demand today for the highest-grade instruments is tough and fibrous and of absolute uniformity, and when cut, it shows a clean, white steel. The piano makers have, by actual test, been brought to see that the softer wire has the greater artistic merit. The latter vibrates so evenly throughout, when actuated by the proper degree of energy, that a true fundamental tone results, with just enough of the octave to impart timber of the third and sixth to impart richness, and will be amplified by the sounding board.

McKiddie-Baker.
A very pretty wedding took place Monday morning at St. Joseph's church, East Tawas when Miss Grace McKiddie was married to Mr. Peter Baker.
The bride was prettily gowned in white satin and net and wore a veil fastened with orange blossoms and carried a shower bouquet of bride's roses.
The bride was attended by her cousin Miss Veronica McCue of Grand Rapids as maid of honor, Miss Tillie Baker of Detroit, sister of the groom was bride's maid. They were gowned in pink taffeta and crepe de chine and wore corsage bouquets of pink sweet peas.
The groom was attended by his brother, Mr. Frank Baker and cousin of the bride, Mr. James McCue, jr., of Grand Rapids.
Following the ceremony a wedding breakfast was served at the home of the bride in Alabaster and a reception was held for one hundred guests. The bridal couple received many beautiful gifts. They left on the evening train for a short wedding trip and will be at home to their friends after July 15th.
The out of town guests were the Misses Grace Veronica, and Kathleen McCue, Messrs. John and James McCue, jr., of Grand Rapids, Misses Tillie and Pauline Baker of Detroit, Mrs. J. Martin and Miss Marguerite Benson of Battle Creek.

NEWS FROM HOME.
Through many years of city life and daily office grind, I've grown away from rural ways, Yet much delight I find In reading, when it's sent to me (My mother sends it down) The ever-welcome little sheet That comes from my home town. Full faithfully it chronicles The little town's affairs; The news is hardly of the kind For which the great world cares.

CITY PICTURE SHOWS.
The Norwegian Diet recently passed a law providing that the licenses of all motion picture theaters in Norway shall expire in 1916. The cities may then renew the licenses or establish municipal motion picture shows. Many of the cities propose to show educational films in municipalized theaters, thinking the surplus earnings of the theaters will increase the city revenues. The proprietors of the motion picture houses will lose their businesses without compensation, although some of the cities are extending the time for canceling the licenses until 1918.
