Special Good Friday service will be held at the Presbyterian church, Tawas City, Friday evening at 7:30 o'clock. Subject of sermon, "The Crucifixion." A cordial invitation is extended to all.

A special election will be held in Burleigh township on Tuesday, May 2, to elect a supervisor in place of James Osborn, who resigned immediately after election. Peter J. Hottos is the candidate on the democratic ticket and David Smith on the republican ticket.

The April issue of "North Eastern Michigan," the monthly publication of the Northeastern Michigan Development bureau, was devoted to Clare county. It is a very attractive booklet, well illustrated, and sets forth the advantages of Clare county to the home-seeker in an interesting manner.

Confirmation services were held at Zion Lutheran church last Sunday, April 16. The following children were confirmed: Walter Land, Alfred Zink, Carl Musolf, Willie Woieszchke, Edward Libka, Louise Lietzau, Martha Schulz, Margaret Birr, Helen Bischoff, Clara Lietzau.

Miss Edyth Walker, who is teaching in the Bay City schools this year, has been spending the past week with her mother, Mrs. J. M. Walker, in this city. Mrs. Walker returned a couple of weeks ago from Nahma, where she has been spending the winter with her son, R. L. Walker.

Pitcher Miles Main, who had been selected to open the American association season for the Toledo team at Milwaukee on Tuesday, was prevented from doing so by a sprained hand, which he got in a practice game at Springfield, Ill., last week. He will be out of the game for about two weeks.

The Herald was in error last week in stating that the board of supervisors would equalize the tax rolls of the county at the meeting in May. The meeting in May is for the purpose of organization and the transaction of routine business. The equalization of the tax rolls is done at the October session.

Alex Ross, monuments, East Tawas. Rev. H. Reithmeier was a business visitor at Bay City Monday.

Big concert coming soon. Vocal solos, duets, trios, quartettes and choruses. Overtures, marches, etc. by a large orchestra. Brass quartette solos, etc. Watch for further announcements. adv

The Herald was misinformed last week when it stated that Miss Eva Saue of Turner had gone to a sanitarium in Madison, Wis. Miss Saue went to Madison to visit her brother, who is a professor in the university at that place.

A rural carrier's examination to fill a vacancy in the position of carrier at Whittemore will be held at Tawas City at 10:30 a. m. on Saturday, May 13. Further information may be obtained from the postmaster at Tawas City or Whittemore, or from the civil service commission, Washington, D. C.

In connection with the organization of the Northeastern Michigan Baseball League, the D. & M. Ry. has made an announcement that it will make a rate of one fare for the round trip where ten or more tickets are sold, advanced when necessary to end in 0 or 5. The tickets will be limited to day following date of sale.

Married, by Rev. Alex Anderson, on Saturday, April 15, Mr. Stanley Morrison of Twining and Miss Nito Ewings of Hale. The young couple left on the evening train for a short visit with Mr. Morrison's parents near Twining. A number of their friends saw that they were plentifully riced before boarding the train.

West Branch has decided not to enter the Northeastern Michigan Baseball League on account of the provision in the constitution and by-laws calling for a 60-40 division of the gate receipts at all games. The other towns seem to be satisfied with this provision, and something of the kind seems to be necessary to enable the smaller towns to stay in the league.

Word was received here Monday of the death of old Uncle John Weed, which occurred Saturday evening. The old gentleman was one of the oldest residents along the Huron shore and nearly every summer he made the trip on foot from his home in AuGres to Tawas City. A few months ago he became in straitened circumstances and has been taken care of by the county since.

A newspaper is in no sense a child of charity. It earns twice over every dollar it receives, and it is second to no enterprise contributing to the upbuilding of a community. Its patrons reap far more benefit from its pages than its publishers, and in calling for the support of the community in which it is published, it asks for no more than in all fairness belongs to it, though generally it receives less.—Davison Index.

A meeting of the Tawas City baseball association was held Tuesday evening, at which W. J. Robinson was elected as manager for the coming season. A committee was appointed to obtain data regarding grounds for the games and preparing same, and such other information as could be obtained. Another meeting will be held next Tuesday evening at the city hall and everyone interested in baseball, especially the business men, are invited to be present.

BE KIND TO YOUR HORSE AND ALL DUMB CREATURES. IT SHOWS THE GENTLEMAN. adv

### HEARING IN BLACK DISBARMENT CASE IN PROGRESS.

The hearing on the petition of the Iosco County Bar association for the disbarment of Albert W. Black was begun in circuit court here on Tuesday of this week, Judge Howard Weist of Lansing presiding.

The case for the petitioners is being handled by Attorneys Wilkins of Detroit, Flynn of East Tawas and Snyder of Tawas City, the latter two being the appointed friends of the court. The defense is being held by Attorneys Shields and Allan Black of Lansing, and Albert W. Black.

Great interest in the proceedings is being taken, a large number of people from all parts of the county being present at each session of court. A large number of witnesses have been called and numerous others have been subpoenaed and will appear later. It is probable that the hearing will not be concluded before Saturday afternoon, and it may extend over into next week.

### CARD OF THANKS.

We desire to express our sincere and heartfelt thanks to the kind friends and neighbors who extended to us their assistance and sympathy during the illness and death of our loved wife and daughter, Fred Buch, Mr. and Mrs. Chas. Katterman, Mr. and Mrs. Emil Buch.

### CARD OF THANKS.

We wish to thank the neighbors and friends for their kindness and sympathy during the illness and death of our beloved daughter and sister, Gertrude. Mr. and Mrs. St. Martin, Earl and Thomas St. Martin.

### OUTLOOK FOR LAKE SHIPPING IS GOOD.

Cleveland, April 8.—The demand for iron ore is so great this year that lake vessel interests are eagerly awaiting the opening of navigation. So great is the volume of freight to be moved that every day lost is an important consideration and the lake fleet will put out as soon as ice crushers can break a channel through St. Mary's river and Whitefish Bay. An effort will be made to force navigation into Escanaba by April 15th if the condition of the ice allows it. Never before have the lakes lined up such an enormous tonnage to be moved. The prosperity of the country is so great that both merchant furnaces and steel plants are in need of ore. In fact lake vessels have booked all the ore that they can possibly deliver during 1916 and with an unprecedented volume of coal and grain also to be transported lake vessels will have to move with the utmost dispatch to fulfill their contract requirements.

George A. Marr, secretary of the Lake Carriers' association at Cleveland estimates that 55,000,000 tons of ore, 33,000,000 tons of coal and 14,000,000 tons of grain will be moved on the lakes during 1916.

### DEATH OF MRS. FRED BUCH.

The many friends of Mrs. Fred Buch were grieved to learn of her death which occurred at the home of her husband's parents, Mr. and Mrs. Emil Buch, in this city last Sunday morning, after an illness of several months. The cause of death was quick consumption resulting from a complication of diseases. She had been ill since last October and four weeks ago came to Tawas City and has been declining rapidly since that time.

The funeral was held Tuesday afternoon from the Emmanuel Lutheran church, Rev. C. C. Henning officiating, and the remains were laid to rest in the German Lutheran cemetery on the Plank road.

Miss Ida Katterman, daughter of Mr. and Mrs. Charles Katterman, was born in Tawas City January 4, 1888, and lived most of her life in this city. She was employed for about three years as clerk in the store of C. H. Prescott & Sons, and won hosts of friends through her unflinching good nature and desire to please.

In 1909 she went to Detroit and was employed in that city until the time of her marriage, and resided there for some two years after that event.

On June 15, 1910 she was united in marriage to Fred Buch, and to this union one child was born, the little son, Herbert, who with the bereaved husband and father, survives her. In the fall of 1912 they returned to Tawas City and Mr. Buch was employed in his father's store here until last August when he accepted a position at AuGres and they removed to that place.

Besides the husband and son there are left to mourn her loss her father and mother, Mr. and Mrs. Chas. Katterman of River Rouge, five sisters and two brothers, numerous other relatives and a host of friends. The sympathy of the entire community goes out to the bereaved family in their irreparable loss.

### CLEAN UP DAY.

To the People of Michigan: Each spring we enjoy a "CLEAN UP DAY" in our State. A day which is designated by the State Fire Marshal as one in which the people of Michigan shall devote to the cleaning up of their premises.

Last year the people of our state entered into the spirit of the occasion with fine zest. This spring May 10 has been selected as clean up day by the state fire marshal and he has every reason to believe that citizens and officials will extend the same cooperation that they did a year ago. Let's make this a big day.

First, we will get busy with the winter accumulation of rubbish and collect and destroy it.

You say "WHY?" Because statistics show that one-third of the deaths of persons under 40 years of age are caused by diseases contracted from filth.

Because a pile of rubbish encourages a conflagration.

Secondly, we will look around the house, the barn and the store.

Perhaps we will find a winter's supply of old newspapers or magazines, maybe we will discover that our wiring needs attention, there is a chance that our method of storing gasoline or kerosene demands correction, probably we will discover that our furnace or stove pipes and chimneys need cleaning or repairing to be made safe.

Then we will turn our attention to the exterior of our buildings.

A bad roof or dilapidated building is a menace to all adjoining property. The clean up day should be made a repair or tear down day also. This will be just the time to investigate our school house or public halls. Are they equipped with fire escapes, are they safe?

We can all help make clean up day count for something.

Mr. Public Official you can help by calling attention to the day, by boosting it and by giving it your official support.

School Teacher, you can help by asking your pupils to participate in the fire prevention spirit of the day.

Fire Chief, you can lead in the preparations for the day with your advice and encouragement.

Housewife, you know how to clean house and you can be of great value in the campaign.

Every citizen who is interested in the day and the execution of the plans.

Every citizen who is interested in beautifying our state, in the preservation of health and in the reduction of the fire waste by fire prevention is requested to set aside May 10 as a "Clean up day" and to assist in making it a success.

JOHN T. WINSHIP, Ex-Office State Fire Marshal, Lansing, Michigan, April 15, 1916.

### INTERESTING L. L. C. MEETING.

An interesting patriotic program took place at the Ladies' Literary club rooms last Wednesday afternoon. Miss Amanda Hamilton was the leader for the day. The program opened with a piano solo "Patriotic Selections" by Mrs. S. C. Mitchell. Mrs. Fred Adams then rendered a vocal solo, "America, the Beautiful." A paper on "The Star of the West" was given by Miss Hamilton which was much appreciated by all. This was one of the finest papers ever given at the L. L. C. Miss Hamilton brought out clearly the great advantages of our nation comparing it in various ways with all other nations on the globe.

About twenty-five pupils of the junior and senior high schools were present and sang "America First." The program then ended with all present singing "Star Spangled Banner."

This meeting of the Ladies' Literary club was the last of the season and an outing is being planned by the ladies for next Wednesday.

Mrs. R. H. Budworth was elected a member of the society at this meeting.

Mrs. John Owen having resigned her office as secretary, Miss Helen Applin was elected to that office for the year 1916-1917.

### HEALTH FIRST CLEAN-UP CREED

Lansing, April 17.—Because this is the time of the year when "Clean-Up Days" and "Clean-Up Weeks" are being held in most of the cities of the state, Dr. Wm. DeKleine has drawn up a "Health First Clean-up Creed." In the statewide antituberculosis survey a great deal of emphasis is placed on cleanliness as an aid in preventing and curing this disease, and the "Clean-up Creed" was drawn up with the same purpose in view. Here it is:

I believe in the doctrine of "Health First," in the doctrine that health is fundamental to the attainment of the highest personal and social freedom. Hence I believe in health laws and in all agencies that work for the promotion of public health. I believe that every individual should look upon the conservation of his own health and of his neighbor's health as a sacred duty, that every community should look upon the preservation of public health as one of the main functions of its corporate life.

I believe in a clean city, a clean community. I believe in clean streets, clean alleys, clean premises, safe sewage disposal system. I believe in clean stores, clean markets, clean factories, clean offices.

I believe in pure air, day and night. I believe in deep breathing in the open air. I believe in sleeping seven or eight hours every night with windows wide open, winter and summer.

I believe in clean food, clean milk, clean water. I believe in eating slowly and moderately. I believe that milk and water are the only beverages that are useful in the preservation of my health.

I believe in bathing frequently and in always washing my hands before meals. I believe in clean clothing, clean beds, clean surroundings, cleanly personal habits.

I believe in daily bodily exercise and in daily mental recreation.

I believe in the home as the place where the principles of "Health First" can most effectively be taught. I believe in a clean home, in cleanly fathers and mothers, in cleanly children. I believe in clean thoughts, in wholesome home enjoyments, and in everything that tends to make the home a unifying force for health and happiness.

I believe in the doctrine of "Health First" because I believe it will tend to promote the uplift and betterment of the race.

### PUPILS AND TEACHERS ATTENTION.

Pupils, 8th grade examinations will be held May 11-12, 1916, at the following places: Tawas City, Oscoda, Alabaster, Grant township hall, Hale and Whittemore.

Reading based on Longfellow's "Birds of Killingworth."

Respectfully,  
J. A. Campbell, Com.

### AUTOMOBILE OWNERS—ATTENTION.

The statute requires automobile owners to pay a license fee to the Secretary of State and procure number plates which must be placed on automobiles used on the highways, one number plate in the front and rear of each car. Several owners have neglected to procure their licenses, consequently, notice is hereby given that the law will be enforced immediately. Owners are subject to arrest and fine for operating cars without licenses. Having made application only for a license does not give anyone the right to operate a car. Applications can be procured from the Secretary of State, Lansing, Michigan.

By order of Collie Johnson, Sheriff.  
Dated, April 13, 1916.

Chas. Schneider has invested in a new Ford car and expects to run a jitney from the Capitol Hill settlement to Emery.

Master Eugene Buchtel of Detroit came here last week for an indefinite visit with his grandparents, Mr. and Mrs. Wm. Kobay.

The township board met on Wednesday at the townhall to consult with the bridegroom who came here Tuesday to construct the Draeger bridge.

Emil Hermann received a telegram Friday morning announcing the death of his mother at Port Hope. He left Friday evening to attend the funeral.

This is the fourth funeral of near relatives that Mr. H. has attended within the past eight months.

T. A. Wood left Friday for a few days visit at Lansing and Grand Rapids. At the former place he will visit his son, Mark, who is employed at the Reo factory, and at the latter place he will visit his daughters, Mesdames C. Hamilton and H. Matthews.

Some of the people concluded it would be best for them to go to church Sundays, but being there isn't any church to go to here on Sunday, they don't consider it any harm to have a keg on tap so long as they are sociable about it and mind their own business.

Mr. and Mrs. J. H. Kelchner received word last week announcing the marriage of their daughter, Hazel to Dr. Noble. The marriage took place at Lima, Ohio, on Saturday, April 15. Miss Hazel was a graduate nurse, being one of the class of the Lima city hospital of 1911.

### The

## Anker-Holth Cream Separator

is the FORD in its field. It is superior to any other make of cream separator. The bowl is guaranteed to balance throughout the life of the machine, and every moving part on which there is any wear is continually being oiled by the most up-to-date splash system in existence. It is a very close skimmer, easy running and simple.

In regard to the bowl, the disks are not numbered or notched at all and will go on the core three different ways, and it matters not which way they fall in place. We think you will agree with us as to this being the most simple bowl you have ever heard of. It will do away with notches and numbers which take a lot of time and patience. The more simple the bowl and the machine, the longer it will wear. And This is to your advantage.

We will put one in your home for 15 days free trial if you will call phone 67-F2 and state size you desire. They are also sold on easy terms to suit the buyer's convenience.

We will also take your old cream separator, overhaul it thoroughly and sell it for you at your risk, and allow you all that we can get for it when sold as payment on the note or notes that you give for a new one.

If you are not interested in a new machine we have several good second hand cream separators for sale cheap. Come and look them over. Some as good as new.

### Demand These Features in Your Silo

Five Big, Dominant features put the Saginaw Silo at the head of the list. Each one strengthens and fortifies the Saginaw against destruction. A Silo without any one of these features does not measure up to the standard of construction you should demand in your Silo.

The Saginaw Inner Anchor uniformly distributes the anchoring pull on all the staves. This device, with the Angle Steel Rib, prevents the staves from caving in.

The Saginaw All-Steel Door Frame is the key-stone of the Saginaw Silo. A heavy structural steel frame that completely does away with bulging or buckling of the silo walls.

The Saginaw Angle-Steel Rib increasing the silo, overcomes vibration of staves when Silo is empty and prevents any possibility of caving in. The strongest winds cannot push in the wall of the Saginaw Silo.

The Saginaw Spine-Dowel unites all the staves into a rigid, unmovable wall. It makes an airtight joint between the stave sections, and each lower interlocks with staves with the others in four places.

The Saginaw Base Anchor holds the staves to its cement foundation with the strongest grip of this class.

To Build Permanent Built of Redwood Redwood will not shrink, swell or decay. It resists fire, government reports show that Redwood has resisted rot and decay for centuries.

Redwood staves with the staunch, steel-built features of the Saginaw Silo give it permanence and the perfect Silage qualities of wood—green, clean, succulent silage.

Erect A Saginaw Silo Saginaw Silos are built of Redwood, Shelled Yellow Pine and Yellow Pine, the best woods for Silo building. Whatever wood you choose, you get the Saginaw steel-built construction that fortifies the Saginaw against wind and storm.

Bound every Saginaw Silo you have the reputation of the largest and most successful makers of Silos. Saginaw Silos represent full value. Whatever you pay, you can't get as much dollar for dollar value in silage.

Send for Silo Book No. 1. See agent in your locality. He will help you choose the Silo best for your needs.

**Making Candy Apples on the Stick.**  
Select nice apples that are not too large. Mount them on thin sticks; meat skewers will do. Have them ready so that by the time the syrup is ready for dipping no time may be lost.  
Syrup. One pound of sugar, one-half cupful of molasses, one-half cupful of water, one-quarter teaspoonful of cream of tartar, one tablespoonful of butter. Cook until dropped in cold water the syrup is hard, or to 390 degrees Fahrenheit on the candy thermometer. Keep hot while dipping the apples. Coat thoroughly. Lay in a greased dish and then they will harden immediately.  
A reliable candy thermometer can be bought for one dollar. As an investment it will pay for itself time and time again. Learn to make jelly by using the thermometer.

**\$100 Reward, \$100**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Reliability

OUR absolute faith in the Maxwell car is due to two reasons:  
First, we have known that the Maxwell Company uses nothing in the entire car but the very best that money can buy. We have known that the steel is scientifically heat treated, that the car is built under the supervision of able engineers, that every car is rigidly tested many times before it leaves the factory.

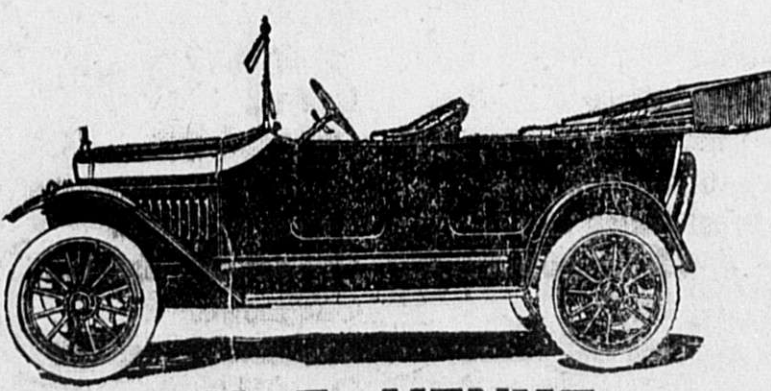

Second, we have known that the big and well established company behind the car is building for the future, that they value a satisfied owner above everything else.

Now that the Maxwell has set the World's Motor Non-Stop Mileage Record, by travelling continuously for 44 days and nights—averaging 500 miles per day—you will understand the benefits you personally may derive from the Maxwell policy. Did you ever hear of any car going 22,000 miles without once stopping the engine, without any repairs or readjustments, with only one gallon of gasoline to every 22 miles?

There is no reason why you shouldn't have a reliable, serviceable and economical Maxwell car. The first cost is low, the operating cost is low and our pay-as-you-ride plan makes the purchase easy for everyone.

Let us see you about this now, before our allotment is exhausted!
