A REMARKABLE COUPLE.

Mr. and Mrs. B. F. Slingerland of Alabaster, who left Monday morning to spend the winter with their daughter, Mrs. John McDonald, in Flint, are without doubt in some ways the most remarkable couple in the whole state of Michigan. Mr. Slingerland is 96 years of age and his wife is 93, and both are still hale and hearty enough to make the trip from Tawas City to Flint unaided and unaccompanied.

This remarkable couple have just recently celebrated the 71st anniversary of their wedding, having been married Sept. 23, 1845. They have children who have lived more than the average span of life, and there are children to the fourth generation.

Mr. Slingerland's sight is nearly gone, though he manages to make his way around without glasses, and both are quite deaf. They plan, however, on returning to Alabaster in the spring and again taking up life on their little ten acre farm, where Mr. Slingerland raises a few crops and Mrs. S. has a flock of chickens.

EPWORTH LEAGUE.

There will be no devotional service next Sunday evening on account of the meeting at the court house at 7:30 o'clock.

The November business and social evening will be held tonight at the home of Mr. and Mrs. Thos. Davison. The several committees have had plenty of time to get a banner program ready, so come out and enjoy yourself.

INDEPENDENT CANDIDATE FOR PROSECUTING ATTORNEY.

For the first time in some years there is a man running for county office in Iosco county this year on slips. This man is F. F. French, who aspires to the office of prosecuting attorney and who has been making an active campaign for the office since the primary.

Mr. French was one of the candidates for the nomination in the primary election and lost out in that contest by the small margin of 26 votes. His friends throughout the county immediately began to urge him to make the campaign for election on slips, and after due consideration Mr. French consented.

Mr. French has been a resident and taxpayer in Iosco county for 25 years, during which time he has held several important offices and has demonstrated his ability in the practice of his profession. His opponent on the other hand, has only resided in the county less than two years, is not a taxpayer, and has never done anything to entitle him to the office.

Mr. French is strictly sober, and no one has ever seen him reeling home drunk. And if elected to the office of prosecuting attorney it is an assured fact that liquor will never incapacitate him from fulfilling his duties and make necessary the employment of another attorney to carry on his work at a big expense to the county.

Whatever ticket you may vote, be sure and place one of Mr. French's slips in the proper place on your ticket.

DEATH OF MRS. SUPLE BRABON.

Iosco county lost another of her pioneers last Saturday, when Mrs. Suple Brabon passed to the Great Beyond at 12:20 midnight, after an illness of one month, as the result of paralytic strokes.

Mrs. Brabon was one of the earliest settlers in Tawas City, having come here in 1864. She was one of the organizers of the Methodist church in this city and was always active in the work of the church. Her beautiful and exemplary life testified to the sincerity of her Christianity and she was loved and respected by all who knew her.

Mary Lincoln was born at Rochester, New York, June 13, 1835. She came to Michigan with her parents when a child of six, but only remained two years, when she returned to Batavia, N. Y., and resided with her sister until the time of her marriage. In April, 1853 she was united in marriage to Henry Stickey, and again turned her face toward Michigan, this time on her wedding journey, the young couple making the long trip from Batavia to Saginaw in a prairie schooner. Six children were born to this union, of which four are living, Mrs. Elizabeth Duquette of Council Bluffs, Iowa, Mrs. Samuel Anker and Henry Stickey of East Tawas, and Frank Stickey of this city.

In 1864 the family came to Tawas City, and four years afterward in 1868, the husband and father passed to his reward.

On August 7, 1870, deceased was married to Suple Brabon, and to them three children were born, two of whom John Brabon of Newberry and Mrs. W. J. Robinson of this city with the bereaved husband and one brother, William Lincoln, of Freeland, Mich., survive her.

The funeral services were held at the M. E. church Tuesday afternoon, Rev. Coyle having charge, and the funeral sermon was preached by Rev. Wm. Roberts. Interment was made in the Tawas City cemetery.

In the death of Mrs. Brabon our community has not only lost one of its pioneer citizens but also one of its best and most lovable characters, and the sympathy of the entire community goes out to the bereaved ones in their irreparable loss.

KILL "HOME RULE" AMENDMENT

Next Tuesday the people of Iosco county and the whole state of Michigan will vote on two constitutional amendments which will have a far-reaching effect on the future social and economic life of the commonwealth. We refer to the amendment for prohibition of the manufacture and sale of intoxicating liquors, and the so-called "home rule" amendment, the latter of which has been promulgated by the saloon and liquor interests of the state to befog and defeat if possible the prohibition amendment.

Regarding the prohibition amendment it is only necessary to state that it is a straight, out-and-out proposition. It gives the people of the state an opportunity to say by their votes whether they are tired of rum rule in Michigan, and if so to prohibit forever the manufacture and sale of the stuff that takes away men's brains and makes of them criminals, wife-beaters and jail-birds. There is nothing equivocal about this amendment, for it comes right out and states what it means, and there is no opportunity for the voter to go astray. He can either vote "NO" and retain the present conditions, or he can vote "YES" and abolish the manufacture and sale of intoxicating liquors in Michigan forever.

But it is different with the so-called "home rule" amendment. This measure was advanced by the liquor men for the sole purpose of puzzling the voters and bringing an issue into the campaign which would cloud the prohibition question.

In their advertisements and arguments in favor of this pernicious measure the employes of the liquor interests have hesitated at nothing that would advance their propaganda. Their entire campaign has been one of lies, forgeries, misrepresentations, innuendoes and falsifications of statistics.

One of the most bare-faced lies which they have used is that relating to the number of people employed in the liquor business and the amount of their wages. They state that prohibition in Michigan will throw 50,000 men out of employment and cause a loss of \$62,000,000 in wages to workers. This lie is nailed by the figures issued by the state department of labor, in which it is shown that there are only 13,103 persons connected with the liquor business in this state, this number including proprietors of saloons and wholesale liquor establishments. The total annual wages of these men is \$12,006,304 or \$500,000,000 less than the home rule advocates would have us believe.

Another of their arguments is that the prohibition amendment does not prohibit shipping liquor into the state, and that under prohibition blind tigers and bootleggers would thrive and the state be worse off than with saloons. This is a deliberate attempt to deceive the voters, for it is not necessary for a clause prohibiting shipping liquor into the state to be included in the amendment. The U. S. Government passed a law some four years ago prohibiting the shipment of liquor from a wet state into a dry state, and if the bootleggers tried that kind of game they would find themselves tangled up with Uncle Sam with a chance of spending some years in a federal penitentiary.

They have also mis-quoted many prominent men in the attempt to bolster up their infamous cause, notable among which are W. R. Burt of Saginaw, President Wilson and Ex-President Taft. Mr. Burt has repudiated the use of his name in an open letter to the people, and when taken to task for the fraud in an advertisement headed "The President Says," which advertisement contained a statement from the president of the home rule league, the home rule advocates attempted to justify themselves by quoting isolated phrases from old speeches of the president Wilson and Ex-President Taft.

This is the kind of campaign that has been carried on for the past few months by the liquor interests in the form of posters, circular letters, and big advertisements in all the papers in the state who would accept their matter. Of the latter most of them felt called upon to make an apology to their readers for carrying the stuff in their columns, and disavowed their sympathy with the cause whose propaganda they were helping to spread. There are, however, a large number of newspapers in Michigan who absolutely refused this class of advertisement and thereby sacrificed an immense amount of remunerative business for the sake of a moral principle. All honor to them.

And what is this infamous "home rule" amendment? Why simply a device of the liquor men to destroy the present county option-law and to make it possible for each city, village and township in the state to vote individually as to whether they wanted saloons or not. Under this nefarious plan if ninety per cent of the voters

STATEMENT BY JUDGE ALBERT WIDDIS.

Please bear in mind that I have lived in this country nearly 30 years, that I have been a citizen nearly 20 years and that I have my citizenship certificate in my pocket and will gladly show it to any one who wishes to see it; that I am properly admitted to the bar and have been for many years; that assuming that I did pass my law examination when 17 years of age representing myself as 21, the record couldn't be attacked after two years; that my right to practice law never was questioned until just a few days before this election; that this attack is just a stab in the dark; that I have been engaged in the law business either as a student or as a practicing attorney for 31 years; that I have tried more than 1,000 cases, big and little; that I secured for a client in Detroit the largest verdict for personal injuries ever obtained in the Wayne Circuit Court, that stood; that I have lived in Iosco county more than 10 years; that I have run for prosecuting attorney in this county four times and that I have been a taxpayer here most of that time. There has been no secret about my admission to the bar, it has all been a matter of public record. If anything were wrong why did Gov. Ferris appoint me judge? Sixty days passed after Judge Conine died before the Governor appointed me. If my opponent had any faith in his own statements why didn't he bring the matter up before. If what he says is true he could have kept my name off the ballots. He didn't even try to do so. Hundreds of young men practice law, medicine and teach school under age. I say again assuming that all is true he has made no case against me because the record could not be attacked after two years.

I have been a faithful servant. If you think so and you wish me to continue in office put a cross in the circle under the name of your party ticket and mark an X in the square to the left of my name which will be found in the Democratic column.

ALBERT WIDDIS.

L. D. S. DISTRICT CONFERENCE.

The L. D. S. Central Michigan district conference was entertained by Whittemore branch last Friday, Saturday and Sunday. A goodly number of the ministry was present, among them being J. W. Curtis of Independence, Mo., minister in charge, J. W. Burt, district president, D. J. Hawn of Bay City, general superintendent of Sunday schools, J. W. McKnight of Galien, Mich., and others.

Friday was taken up with religious and Sunday school convention and a meeting of the ladies' auxiliary. In the evening a temperance program was enjoyed by all.

The Saturday services were opened with a prayer service followed by general business of the various district branches.

Sunday morning at 8 o'clock a prayer service was held and at 10:30 a preaching service by J. W. McKnight. Sunday afternoon preaching service at 2:30 by D. J. Hawn, and at 7:30 by J. W. Curtis.

The ladies of the Whittemore branch served meals in the basement of the church. They wish to thank all those who assisted in caring for the conference, especially those who so generously opened their homes to furnish sleeping places for the visitors.

The conference will be held at Beaverton next year.

IS MACGILLIS' RECORD CLEAN?

There is an old saying that "people who live in glass houses shouldn't throw stones," and this saying might well have been considered by H. R. MacGillis, the Alcona county candidate for circuit judge of the 23rd judicial circuit, before making his recent speech-making campaign through the district.

From all reports Mr. MacGillis' effort in the campaign just closing has not been to put his own qualifications before the voters (as indeed how could he having been an attorney for only 6 years), but his time has been devoted to decrying the abilities and qualifications of the present judge, Albert Widdis, who is his opponent for the election. We thought that the campaign of vilification was a thing of the past, but Mr. MacGillis seems to have revived the nearly extinct custom and given it new force in his present endeavor to attain to the office of circuit judge.

Mr. MacGillis has made the most date for circuit judge. Widdis' record which appeared recently in an Iosco county newspaper and which was undoubtedly made in his behalf, but has been neglected in any of his speeches to answer the pertinent questions asked by the Herald as to why, if the charges made against Judge Widdis were true, they were not used when he was a candidate for prosecuting attorney in this county, or when he was an aspirant for the appointment to the judgeship at the hands of Governor Ferris. We will not enter into a discussion of these charges, as the explanation is fully taken care of in Judge Widdis' own statement which appears in another column of this paper.

THE STRAIGHT TICKET.

The real test of a voter's independence is whether the ballot he drops in the box's slot is "straight" or "split." In these times there is little excuse for a "straight" ticket.

No party has a monopoly of virtue; in every party rogues seek to creep into office in the wake of popular candidates for the higher gifts of the electorate.

It is every voter's duty to become familiar with all the candidates on the ticket he intends to vote. And if he finds one—as he certainly will—who is conspicuously unfit for the office to which he aspires, or who is not so well fitted as an opponent, the voter should "scratch" this candidate by voting for the man on one of the other tickets.

Even political leaders no longer hold to the fetish of the "straight ticket"—leaders, that is, who are real leaders, and not machine bosses.

The measure of a community's intelligence can often be told by the number of "split tickets" in its ballot boxes.—Bay City Times-Tribune.

GOODWIN, THE CHANGELING.

We have been led to wonder during the past week, whether whether E. A. Goodwin, editor of the Oscoda County Telegram and News, wishes to be considered seriously in his editorial utterances in his paper, or in the campaign speeches which he has been making in company with H. R. MacGillis in Iosco county.

There seems to be a great divergence in his opinions in the two capacities, as in his campaign addresses he has found a great deal to say against Judge Widdis, while in his paper last December he published one of the best eulogies on Judge Widdis that any man could ask for.

For the benefit of those who have heard Mr. Goodwin's addresses to the voters of Iosco county during the past week or two, we publish herewith his opinion of Judge Widdis, which he expressed as an editor some months ago.

Judge Widdis An Example.

Judge Widdis of the 23rd judicial district gave evidence of possessing advanced views of the judicial function when recently he paroled two confessed wrongdoers from Oscoda county jail, caused that their almost bare feet be clothed with shoes to protect from prevailing snows, supplied them with money to purchase one day's rations each and advised them to "Go, make of yourselves worthy men." The judge did not give the men absolute freedom. He holds sentence in abeyance. If they do well absolute freedom will be given and the world is that much benefited. If they fail, the sentence to the reformatory awaits. But, he found them suffering from experimenting with wrong, and he gave them a fair chance, and a fair chance is all any purposefully honest man asks or should have. The judge disclosed to

view his own type, his interpretation of the higher justice. His act implies that he believes that no man in contact with another or another's condition is absolutely absolved from moral responsibility as his brother's keeper. It's a fine example of the spirit of human uplift, applied practically. He may not succeed in putting his wards on higher moral ground, but he has placed himself beyond the charge of not trying. He has acquitted himself of being with interest in a brother in misfortune. He mastered a situation which involved moral obligation, an obligation unwritten in statute, depending solely upon his own interpretation of the just attitude of man to his fellow man. He wrought with the Higher Righteousness. His act recalls the historic dialogue with the Galilean philosopher, "When did WE feed, and clothe, and give THEE money?" And the answer: "Inasmuch as you did it unto one of THESE, you did it unto ME!" That is to say the person matters not, it is the humanitarian principle of it. The judge was calm when some would be indifferent. He was the friend of us all, not of part only. He honored the judgeship. We do not have to be ugly to be manly, nor are we heroic because we want to disembowel someone every day or two. It's a good time now to retrench on our propensity to ready retaliation and to extend the operations of our helpfulness, with the Widdis spirit as an exemplary factor.

Fie, fie upon you, Edward, for being such a changeling. Of course we know that there was "pressure" brought to bear upon you to induce you to take the stump in favor of MacGillis, but it would seem that if you were a man of strong convictions you would have defied them to do their worst and stuck to your own opinions.

And, too, the pressure did not compel you to offer bets on Judge Widdis' record or qualifications, which we are reliably informed you did in the Iosco county in Tawas City. And if you have any loose money lying around it would seem better that you pay your honest debts instead of offering to bet on a losing proposition.

As Mr. Goodwin has been a resident in Iosco county, and has been more or less active in politics, having been the campaign manager of the progressives two years ago, the people are interested in knowing which expresses the real man, his paper or his campaign speeches. It's up to you, Mr. Goodwin, to use a slang phrase.

JOSCO VOTERS MUST BE CAREFUL

Fraternal Amendment Considered Dangerous and Will Injure Widows and Orphans if Carried.

The voters of Iosco county are liable to be misled by the cunning campaign which is being put up by the so-called Fraternal Amendment League with headquarters at Grand Rapids. This organization is composed and controlled by the New Era Association and in fact is an offshoot of the management of that insurance company. The New Era Association has been opposed for years past to all efforts made by the Fraternal Insurance Societies to safeguard the holders of benefit certificates in genuine fraternal insurance societies.

The genuine fraternal insurance societies carrying risks in Michigan, all have a lodge system and a ritual and representative form of government.

These genuine societies including the Modern Woodmen of America, Woodmen of the world, Macabees, Royal Neighbors, Gleaners, Brotherhood of Locomotive Engineers, Knights of Columbus, Modern Romans and others secured the passage in the Michigan Legislature of the Ogg bill in the 1915 session.

The constitutional amendment proposed by the New Era, if adopted would defeat the Ogg bill and upon which the voters should vote "no." This self-same amendment was up in 1914 and originated in the same way and was defeated by an overwhelming majority.

The proposed amendment is not only dangerous but complicated and contains matter that ought not to be placed in the constitution of any state. The misleading statement is passed out that the purpose of the amendment is to provide for the regulation of fraternal insurance societies by law. These societies have always been regulated by law and the Ogg bill above mentioned is one of the laws regulating these societies.

On reading the proposed amendment it will be noted that if the amendment is carried fraternal insurance may be written by companies who are not fraternal companies. Who do not have a ritual and who do not have a lodge system.

Again, if this amendment carries, any fraternal insurance society may be compelled to give up a mailing list of its members. In other words the New Era Association wants a constitutional amendment that will give it the privilege of going to the offices of the other societies and obtaining a mailing list of their membership which of course would be used to enable the New Era to compete with these other societies.

There are but a few of the dangerous, if not absurd provisions of this proposed amendment to the constitution of a great state. It is certainly not necessary to attempt to place these detail regulations in the constitution. All business men and farmers and persons carrying fraternal insurance benefit certificates should inform themselves upon this subject and not let this dangerous amendment go through because of the indifference or oversight and confusion with other question which are up at the present election.

IS MACGILLIS' RECORD CLEAN?
(Continued from first page.)

But it appears that this enterprising young attorney who will step almost from the law examination room to the exalted position of a circuit judge, does not come before the voters with an entirely spotless reputation himself. There has come into the hands of the Herald editor a little excerpt from the issue of the Alcona County Review of September 15, 1904, which we believe will be interesting to the electors of the 23rd judicial circuit at this time, inasmuch as H. R. MacGillis was one of the parties mentioned in the item. For the edification of the voters who will cast their ballots for circuit judge next Tuesday we reprint the item herewith:

(From Alcona County Review, Sept. 15, 1904.)

Busy Time in Court.

The star case of the session is the McDougall perjury case, the trial of which has monopolized the attention of the court since Monday. It is an outgrowth of the MacGillis-Robson and MacGillis-McDougall slander cases, with which the Review readers are familiar, and a large part of the testimony introduced in the trial of those cases was brought out in this. H. R. MacGillis is the complaining witness and Wm. McDougall defendant. Both live near Mikado. A large number of witnesses were sworn in behalf of each party, and some of the testimony was of a highly sensational character. McDougall at his trial for slander swore that a certain story that was circulated in the Mikado neighborhood, and which involved MacGillis and a younger sister in scandal, was true, and he was an eyewitness to the improper acts of the brother and sister. McDougall was acquitted on the charge of slander. In present case, the prosecution seeks to show that McDougall perjured himself in making this statement. Jahraus & Rawden of Tawas are prosecuting the case for the people, while attorneys O. H. Smith, C. R. Henry and H. K. Gustin are for the defendant.

The case will go to the jury some time this morning. The verdict of NOT GUILTY was returned at noon.

We will omit any comment on the above, leaving to our readers to draw their own conclusions. We ask you, however, to read it again carefully, and then compare H. R. MacGillis with Albert Widdis, a man of clean moral character, an able lawyer, and a judge whose decisions have in most cases where an appeal was taken been sustained by the supreme court of the state.

Mr. MacGillis has also attempted to inject a religious element into the present campaign, as witness his statement published in the papers of the district last week. It would seem that an astute lawyer would not find it necessary to attempt to play upon the voter's religious prejudice to win his campaign. The majority of the people care not if a man is Protestant, Catholic, Buddhist, or what not, so long as he is capable of filling the office to which he aspires. Mr. MacGillis must be hard put to attempt such tactics, and we venture to say that his campaign on the grounds he has taken will act as a boomerang, and result in his defeat at the polls next Tuesday by an overwhelming majority.

Get a piece of the forequarter of a lamb, cook as a pot roast. An hour and a quarter before serving add a quart of tender, green string beans cut lengthwise. Cover and cook until done. Then remove the lamb, and put in the middle of the platter. Slightly thicken the gravy containing the beans and turn out on the platter around the meat.

NEWS FROM THE JOSCO COUNTY SCHOOLS.

Tawas City High School Notes.

The seniors held their first class meeting Tuesday evening and elected the following officers: President, Charles Johnson; vice-president, Florence Kulazski; secretary, Stella McCord; treasurer, Nyda Campbell.

Misses Wood and Worden of the county normal are attending the state teacher's association at Grand Rapids.

Misses Dorothy Chinn and Beulah Stockman were recent visitors at the high school.

Hallowe'en parties took place in all the grades below the eighth.

Because of Miss Wood being out of the city there will be no agriculture class the last three days of this week. The class will make a collection of agricultural clippings from the daily papers, to be discussed next week.

The orchestra has begun regular practice, and is to play in the chapel each Tuesday morning.

A very interesting program was given in chapel recently by the normal students and the tenth and ninth high school English classes.

The Iosco county normal class held a meeting Monday, Oct. 30 and elected the following officers: President, Margaret Gardner; vice-president, Jack Johnson; treasurer, Josie Klish; secretary, Helen Hale. The president also appointed the chairmen of the following committees: Press, Helen Hale; social, Isabelle Trainor; refreshments, Sadie Vaughn; class pin, Luella Anderson.

The girls of the county normal class have organized into the Girl's Division of the Iosco County Agricultural club, to take up the projects of garment making, canning and studying leadership of clubs. At this meeting the following officers were elected: Pres., Isabelle Trainor; vice-pres., Margaret Gardner; secretary, Josie Klish; treasurer, Georgia Frasier. The local leader is Miss Harriette Wood and the advisory board consists of Mr. J. A. Campbell, Miss Anne M. Brown and Miss Wood.

KILL THE "HOME RULE" AMENDMENT.

(Continued from first page.)

In a county desired prohibition the other ten per cent if they resided in one township and formed a majority of the electors thereof, could nullify the wishes of the other ninety per cent by voting to have saloons in that one township. Or if the voters of one city voted out the saloons their action could be nullified by an adjoining city or township by voting to have saloons there.

This measure should unquestionably be defeated. Whether you favor state prohibition or not you should vote to defeat the home rule amendment. The present unit is small enough for all practical purposes, and if the home rule amendment should pass all the work of the past years along the line of giving the people optional prohibition would come to naught.

If you wish to drive liquor and the liquor traffic from the state of Michigan forever, vote "YES" on the prohibition amendment. If you want things to remain as they are you can vote No. But however you vote on the prohibition amendment be sure and vote "NO" on the so-called "home rule" amendment, the most pernicious law that has ever been attempted in the state.

SOME NOTES OF INTEREST.

"It is strange that we always find whiskey and crooked politics hand in hand."—Theodore Roosevelt in Kansas City speech.

The Northwest German M. E. Conference at its recent meeting in Iowa adopted resolutions "pledging co-operation in the struggle for state-wide prohibition in South Dakota."

In the states which vote upon the wet and dry question in November, college and university students are very generally found on the side of prohibition and in many cases actively campaigning for it.

Out of 1700 patients treated at the Keeley Institute in Grand Rapids during the past 16 years, there have been only 16 saloonkeepers and 13 bartenders. Evidently those who know the most about liquor and its results also know enough to leave it alone.

Conservative statisticians tell us that not less than three hundred sixty-five thousand persons die annually in the United States, whose deaths are attributable to the use of alcoholic liquors. Think of it! One thousand persons every day sacrificed to the monster rum, besides the hundreds of thousands of those who are doomed to a worse fate than death in order that the coffers of the rum-seller may be full.

MORTGAGE SALE.

Default having been made in the payment of a certain mortgage made by Leo Shepherd and Gracie Shepherd to Charles T. and William F. Now, therefore, Notice is hereby given that said mortgage will be foreclosed by a sale of the mortgaged premises at public auction to the highest bidder at the front door of the Court House in the City of Tawas City (that being the place where the Circuit Court for the county of Iosco is held) on the FOURTH DAY OF NOVEMBER A. PLAN TO WIPE OUT ENGLISH SPARROW.

League of American Sportsmen Urges Nation-Wide Campaign to Save Songbirds.

From the New York Times, Sept. 15.

The League of American Sportsmen, whose object is the preservation of wild life, is considering the question of inaugurating a nation-wide campaign for the destruction of the English sparrow. Its officers say this bird has made such headway here that it is driving out the smaller song and insectivorous birds, and that it has become a question of whether we shall have only the English sparrow represent our bird life or destroy it and regain some 50 species of useful and beautiful birds that used to inhabit cities, farms and countryside all over the land.

The league intends to ask the Governor of each state to issue a proclamation declaring war on the English sparrow and setting aside a week, possibly in April or May, of next year, to be devoted especially to destroying nests of this pernicious pest. Printed instructions as to the plan of the campaign will be sent to the Mayors of all incorporated cities and villages, to the heads of the school systems in every county, to college presidents, to principals of preparatory schools, to the heads of the Boy Scouts in each state, and to other organizations which might be expected to extend sympathy and aid.

Four principal methods of action will be employed: Tearing down the nests, trapping the birds, shooting them under police supervision, and under licenses issued by the police authorities, and, in cities, where water pressure is available, turning the hose on the birds at night after they have gone to roost.

The President of the league, Col. G. O. Shields, of 1100 Simpson St., New York, says he would like to hear from persons interested in the matter, both those who favor the plan and those opposed.

He makes the statement that in the case of the hundreds of thousands of bird boxes placed in this country in the last 10 years, fully 75 per cent have been appropriated by English sparrows. In cases where bluebirds, wrens or other birds that are desired by those who put up the boxes have taken possession of boxes, the sparrows have driven them out, thrown their eggs or young to the ground, and taken possession themselves.

"I have traveled nearly 4,000 miles this summer," says Col. Shields, have visited more than 50 towns in the middle west and in the east, have walked more than 100 miles, and though I always look carefully for birds, have not seen a single bluebird this season. The bluebird is, perhaps, the most modest and most inoffensive of all our native songsters, and so it has retired more generally before the onslaughts of the British intruder than any other of our native birds, though all have been driven out to a greater or less extent.

"I recently sent out 30 letters, inclosing self-addressed post cards, asking my correspondents whether they have seen any bluebirds, and, if so, how many. The cards have all been returned, and only six of the people have seen a single bluebird. Some of them report about the usual number, but the experience and observation of the others agree with my own. These 24 persons say they have not seen a single bluebird.

"There are several important precedents for our proposed action against them a year ago. It has been vigorously conducted on about the same lines as we propose, and as a result most of the sparrows in that city have been killed and the others driven out. The California State University has cleaned its campus of them, and Meriden, Conn., has cleared most of them out. The California State Game and Fish commission has inaugurated a state-wide war against the intruders.

"If one city the size of San Diego can kill the sparrows and drive them out, every town and city in the land can do it, and we believe that at least 99 per cent of the people in this country will approve of this condemned nuisance, and that they will join heartily in it. But we must know first whether we are going to offend any considerable number of good people by such a crusade, before we begin it."

VOTE NOV. 7

Vote for a Square Deal and Defeat "Home Rule"

On Nov. 7 every voter will receive ballots for four Constitutional Amendments. Two of these relate to the liquor traffic and two do not. Your special attention is called to the two amendments relating to the liquor traffic.

Every voter must vote twice on the liquor traffic. Every enemy of the saloon must vote "YES" on the Dry State-wide Amendment to Article XVI, Section 11, for prohibition. Every voter, wet or dry, who believes in the square deal, will vote "NO" on the "wet" or so-called "Home Rule" Amendment to Article VIII, Section 30.

What is the so-called "home rule" amendment? It is a plan to change the Michigan Local Option Law so that the voting unit will be the city, village or township instead of the county, as at present. It is distinctly a wet measure, advocated by the Michigan Home Rule League, which is the anti-prohibition organization of the Michigan saloons who are backed by the brewers and distillers in many other states than Michigan.

Who wants the so-called "home rule" amendment? The saloon crowd, brewers and distillers. Who are fighting the "home rule" amendment? The United Dry Federation of Michigan, including the Michigan Anti-Saloon League, Michigan Grange, Michigan Gleaners, Michigan State Sunday School Association, The Trade Union Dry League, W. C. T. U., and other great organizations, both Catholic and Protestant.

What the "wets" want in Michigan is to defeat state-wide prohibition and nullify county local option—and to do this they hope to deceive enough dry voters so as to get a majority, November 7.

If the state-wide dry amendment is defeated, the county local option law of Michigan will be destroyed and the state will be as wet legally as it was before Van Buren County went dry in 1890.

Moved by Nunn supported by Belknap that report of County Treasurer be accepted and spread on the minutes. Carried by unanimous vote.

To the Hon. Board of Supervisors of Isosco County, Mich.:
Gentlemen:—As the October session of this board will in all probability be the last session this year, and as my term of office will expire on December 31st, 1916, I desire at this time to report to you as follows:

First, I desire to thank those members of this board of supervisors who have been so kind and courteous to me as an officer and legal advisor of this board for a period of nearly six years, and I trust that my successor will be successful in all matters that this board is interested in in every particular.

Secondly, I desire to report to you that my docket shows a total number of cases for January 1st, 1911, to this date of two hundred and three (203) cases, and that as prosecuting attorney I have been successful to this extent, that there have been only seven (7) acquittals. Further, that a strict account has been kept with every justice of the peace covering all fines and costs levied by the justices in this county, and that every dollar due the county has been paid into the treasury by said justices, and further that I have tried, during these six years, every case alone, and advised this board on every proposition submitted without extra charge to the county by obtaining counsel or outside assistance.

Very respectfully submitted,
A. W. BLACK,
Prosecuting Attorney.

Moved by Anschuetz supported by Myles, that communication be received and spread on the minutes. Carried by unanimous vote.

Tawas City, Mich., Oct. 11, 1916.

Whereas, the different supervisors of the county are obliged to come to the county seat to obtain election supplies and official ballots at a cost to the county of mileage and per diem which is an unnecessary expense, therefore be it resolved,

That the county clerk be instructed to send by registered mail all election supplies and ballots.

Moved by Nunn supported by Sullivan that communication be referred to committee on judiciary as to legality of same. Carried by unanimous vote.

Whereas the rules of order and resolutions adopted—Rule 4 now reads as follows:

Committees shall receive in addition to the per diem compensation heretofore allowed, the same mileage as allowed to the members of the board by statute, and

Whereas, this conflicts with Public Acts 247, section 30, therefore be it resolved, That rule 4 be corrected to conform with Act 247, Section 30, and be changed to read as follows: Committees shall receive in addition to the per diem compensation heretofore allowed, actual traveling expenses as allowed to the members of the board by statute.

Moved by Pinkerton supported by Nunn, that resolution be adopted. Carried by unanimous vote.

Tawas City, Mich., Oct. 11, 1916.

To the Hon. Board of Supervisors: Your committee on finance and apportionment have examined the accounts of the county treasurer, Edward L. King, of receipts and disbursements for the fiscal year ending Oct. 11, 1916, and respectfully report that we have compared and checked all vouchers in the hands of said treasurer with his cash book, and find said accounts correct and find the balance on hand Oct. 11th, 1916, was \$3,250.40. POLITICAL ANNOUNCEMENTS

OPponents INDORSE McRAE.

Both John M. Perry and M. M. Callaghan, who ran against Duncan McRae for the Republican nomination for State Senator have written Mr.

McRae congratulating him on his success and assured him of their support at the election. Their letters read as follows:

Reed City, Mich., Oct. 14, 1916
Mr. Duncan McRae,
Harrisville, Mich.

My dear Mr. McRae:
As your campaign for election as State Senator is now on I want to assure you that I will do everything possible for your success, and it will give me great pleasure to urge my friends to support such a clean, honorable and capable man.

During my canvass for the nomination for State Senator I met hundreds of men who knew you well both in business and private life and the testimony they gave as to your honesty and clean life and business ability assure me that the 28th Senatorial District will never have a better representative in the Senate.

Your conduct during the campaign for the nomination was above criticism—clean and honorable, and I will urge those friends who supported me to work and vote for you, who I know to be a loyal Republican, a good citizen and business man who will be a credit to the District and the State.

Anything you might suggest to aid in your canvass I will do cheerfully and I have every hope that you will be triumphantly elected.

Yours very truly,
M. M. Callaghan.

Tustin, Mich., Oct. 16, 1916.
Hon. Duncan McRae,

Greenbush, Mich.
My dear Mr. McRae—I have your favor of 12th and note that you are advised of the efforts being put forth by Mr. Cagle (Democratic nominee) to win the election as Senator from this district. I am quite sure however, that you have no cause to fear defeat, for while it is true that Mr. Cagle is making an unusually active campaign, yet I have no information or knowledge that he will receive anything more than his party vote. I have always thought that you conducted a clean primary campaign and won the nomination fairly and do not believe that there is any good reason why you should not receive the full republican vote. With best wishes and kind personal regards, I am,

Sincerely yours,
J. M. Perry.

TO THE VOTERS OF IOSCO COUNTY.

Being nominated by the republican party as their candidate for the office of prosecuting attorney of Iosco county, I take this opportunity of saying a few words to you. In the first place, I've conducted a clean campaign and hold no ill-feeling toward those who differ with me politically and do not vote for me. This is a free country and everyone can vote

for whom they please. I don't want you to vote against me on account of any story you may hear, as you want to remember this is near election time and you are liable to hear anything. I promise that if I am elected, that I will enforce every law without fear or favor and those who know me know that my word is as good as my bond. I understand that some people believe or pretend to believe, that I won't enforce the dry law if I am elected and the state goes dry. How absurd! I served six years as prosecuting attorney and for five and one-half years while so acting that county was dry. I turned more money into the treasury during that time for liquor prosecutions than had ever been put in before for an equal period of time. In the last liquor case we caused three hundred dollars to be paid to the county treasurer for the county. This was the case of People vs. Goodrich, so if you don't believe me you can find the record of the case and read the same for yourself. I feel competent and able to draw an information that will stand the test of the courts for any kind of a case.

I further promise that I will represent the county in any litigation that may come up and believe from the experience I've had that I can handle the same satisfactorily to the people. I further promise that I will run the office myself and wish to brand as false the statement that I was to have a deputy. My name is on the ballot in the republican column and those who may vote some other party ticket can vote for me by putting a cross in the square in front of my name. In conclusion I want to thank the citizens of Iosco county for the many acts of kindness shown to me during the campaign and I assure you that I would rather have your friendship and good will than to be elected to any office unworthily.

Very respectfully yours,
JOHN A. STEWART.

DEATH OF MR. JOHN GOWAN.

The community was again called to mourn the loss of an old pioneer resident last Saturday evening, Oct. 28, at 6 o'clock when John Gowan passed to the Great Beyond at the home of Enos Scott. John Gowan was born in Ireland March 21, 1842. He has been a resident of this community for about thirty-five years. He was in comparatively good health until about three years ago when he suffered a severe stroke of paralysis. But since that time he has been fairly well until about a week before his death when he had the second stroke which left him in a helpless condition and confined him to his bed until Saturday evening when he was again taken with the third stroke which resulted in his death. Mr. Gowan was a very kind man and was well liked by all who knew him and will be missed by all of his friends. The funeral services were held in the M. E. church Monday afternoon, the sermon being delivered by Rev. Koyle. The remains were laid to rest in the Wilber cemetery. The members of the Grange and some other friends gave beautiful floral offerings.

The family moved from Canada to Lexington about 38 years ago. After a stay of 13 years they came to Reno where she has lived until the past few years which she spent with her children at their different homes. It was at the home of her daughter, Mrs. John Degrow, she passed away last Wednesday, Oct. 25. Last January she suffered a stroke and has been in poor health ever since. She was united to the M. Headache and Tired Feeling Knocked Out of Me by Tanlac Says This Flint Engineer

A well and favorably known engineer, F. C. Bennett, employed at the Oak Park Gas House, and living at 1436 Mable Street, Flint, while talking to J. A. Copp the Tanlac man. "Speaking of Tanlac, it certainly helped me out of a tight place. One bottle was all I needed to put me in shape. "I felt all rundown and tired out. My appetite was all gone. In fact I could not eat at all. My sleep was very erratic, and I would get up in the morning as tired as when I went to bed. I had bad headaches and I did not feel like myself at all. It was hard for me to do my work while I felt this way. "I had to have something to straighten me up so when I saw Tanlac advertised and indorsed so highly, I tried it and it surely knocked the headaches and tired feeling out of me. "Since I have taken the one bottle of Tanlac I can truthfully say that the headaches have stopped and I have a good appetite. I can eat anything I want, and the best part is I want to eat my breakfast. "I feel strong and hearty and can attack my work with interest instead of reluctantly as I formerly did. "I can recommend Tanlac to others because it did so much for me I know others will not be disappointed in trying it."

TANLAC CAN BE OBTAINED HERE ONLY AT THE STORE OF JAMES E. DILLON.

Tanlac can also be obtained at the following stores: D. H. Masure at Oscoda; Henry Zerani at Prescott.—adv.
