It is really remarkable what luck some men have when they go deer hunting. For instance, Rev. H. Reithmeier, in company with some others, camped on the plains the past week and hunted assiduously without seeing anything that looked like a deer. Then one day he decided to make a trip to town and started out on foot, neglecting to take his gun. When a short distance from camp, the deer he had been looking for walked out into the road in front of him and acted as though it wanted to shake hands. You can imagine the Rev.'s chagrin.

As far as changing the result of the election, the recount of the votes in Reno, Grant and Burtleigh township, made by the county canvassing board last week upon petition of John A. Stewart, was an unnecessary bit of expense upon the county. The board threw out a few of the votes for F. F. French, but the final report gave him a majority of 23, and he has received his certificate of election.

L. A. CHICHESTER WILL GO TO MIDLAND.

L. A. Chichester of Whittemore, who for the past eleven years has been cashier of the Iosco County Bank at that place, will leave January first to take a similar position with the newly organized Chemical State Savings Bank in Midland, which will open its doors on that date.

C. H. McPhail and C. W. Macomber, the proprietors of the Iosco County Bank are heavy stockholders in the new concern, and it is through them that Mr. Chichester assumes the new position, which is a great deal more desirable than his present one.

During their years of residence in Whittemore and Iosco county Mr. and Mrs. Chichester have formed a large circle of friends who sincerely regret their departure from among us, but who wish them the greatest success in their new home. They have ever been at the forefront in every movement for the advancement of the interests of Iosco county, and Iosco's loss is Midland's gain.

Mr. Chichester's place in the Iosco County Bank will be taken by C. H. Ridgely of Coleman.

HUNTING.

With the advent of autumn and the open season on game of various kinds, the hospitals are getting ready to turn out the usual crop of cripples. If the next time you give an armless man a few perfectly good cents for one perfectly bum lead pencil—if, I say, you will ask him how it happened, the chances are he will tell you that a former companion once misjudged him for a flock of quail. The man who never hunts probably cannot see the idea of making a target of one self for his companion, but it really is not so bad, after all. The other fellow nearly always gives you two or three hair-breath escapes before finally hitting you, so the tragedy, when it does come, is not so shocking. If one has his last will and testament made and buys a liberal insurance policy along with his hunting license, there is no reason why a few days outing with the gun should not be enjoyed.

COMBINATION AUCTION SALE.

I will have a combination auction sale at my barn in East Tawas on Saturday, December 2. If you have anything you wish to include in this sale list it with me not later than Monday evening, Nov. 27, so that it may be placed on the bills.

A PROCLAMATION.

By the Governor.

"No Man Liveth to Himself Alone." This declaration is so simple that a child can understand it. The whole world frequently contributes to the ingredients of a simple morning meal. The every day comforts of life are the contribution of many minds and many hands. Literature, science, art, schools, colleges, universities, and churches are the gifts of the people. Our own United States, the greatest and noblest nation on the earth, is of the people, as proclaimed in that matchless document, the Declaration of Independence. This charter of human rights recognizes the divine in the human. If it were adopted by the nations of the earth, it would bring abiding world-peace, prosperity, and happiness. God has given to man the earth and its manifold riches.

This year, of all the years of this great Republic, is a fitting time for thanksgiving. No nation liveth to itself alone.

May we on Thanksgiving Day remember in our prayers and acts, the millions of widows and orphans, the millions of maimed and dying, the millions of prisoners of war in other lands.

They are our kindred. May America become a beacon light of liberty to all the world.

Therefore, I, Woodbridge N. Ferris, Governor of the State of Michigan, do hereby join the President of the United States in designating Thursday, the thirtieth of November as a day for all the people of this Commonwealth to celebrate in thanksgiving and prayer.

Given under my hand and the Great Seal of the State of Michigan this twenty-fourth day of November, in the year of our Lord one thousand nine hundred and sixteen, and of the Commonwealth the eighthieth.

WOODBRIDGE N. FERRIS, By the Governor. GOVERNOR.

A certain party have been enjoying games of five hundred recently but a certain couple who pride themselves on being champion players find it rather uninteresting, winning with scarcely no effort night after night. They advise that certain other couples had better do more practicing at home before venturing to defeat said champion couple. However they "actually" were defeated once or twice some time ago and this little reminder is used quite often to take off a little of the glory of a complete triumph.

LETTER 4,116 YEARS OLD OPENED WITH MALLET.

A letter written 2,200 years before Christ and never delivered has just been opened and read in Philadelphia.

Dr. Stephen Langdon, formerly of Oxford University, just appointed curator of the Babylonian section of the university museum, opened the letter with a mallet, for it was sealed in a clay envelope and written in archaic Sumerian. Translated with great difficulty, the letter proved to be a haughty order from the writer to a subordinate concerning a deal in flour. Text books used at the great college at the Temple of Nippur many thousands years ago have been put on exhibition at the museum. Dr. Langdon has just finished translating them.

WHY NOT A MUNICIPAL CHRISTMAS TREE?

As the holiday time approaches the thoughts of most people begin to turn to the question "What shall we do for Christmas?" The stores will soon take on a holiday air and the happy labor of buying remembrances for loved ones will begin.

But why should Christmas be a celebration for the family alone, or for the churches alone, or for any other one element of the great civic whole? Why not all unite in one immense Christmas celebration where every person in the city regardless of religion or nationality may be welcome and where the get-together spirit may be fostered and increased?

Thousands of other communities throughout the country have adopted this plan and wherever once tried it has become an annual institution. And there is no reason why Tawas City should not do it. No elaborate preparations or program are needed. Just a good sized tree lighted with electric lights or candles, whichever is preferred, and a few decorations to add beauty to the occasion. A short program of music, with perhaps a recitation or two by some of the children and a short, appropriate talk by one or two of the citizens. It is not so much the elaborateness that counts as the brotherly spirit that it promotes and the general good fellowship that will result therefrom.

We commend this plan to the citizens of our community and trust that they will give it serious consideration. Let's get together and join with the progressive communities in the proper observance of this universal holiday.

Beats all how a man will squirm and use "cantankerous" language when he's hit in a tender spot, doesn't it? And more especially is it the truth that hurts him worst.

It is almost four weeks since the 4th of November, and the editor of the Herald has not been arrested for libel yet. Wonder what's the matter?

It Isn't Too Early

to commence to think about that Christmas list. Right now you can arrange for the gifts which you want to send, and then forget it.

Each year an ever increasing number of men and women order subscription for the Ladies' Home Journal, The Saturday Evening Post and The Country Gentleman as Christmas presents for friends.

Such a present is a constant reminder for a whole year. It doesn't get stale and isn't forgotten.

You needn't even write to your friends. Make out a list of those to whom you want to send gifts, order for each a year's subscription for one of these three periodicals, write a check or money order and the thing is done.

On Christmas morning each will receive the first copy of the subscription, and in the same mail a beautiful four page illustrated announcement of the gift, bearing your name as the giver.

Send \$1.50 for either the Ladies' Home Journal or the Saturday Evening Post, and \$1.00 for the Country Gentleman, (\$1.75 for any one sent to Canada).

Order now and then forget that much of your Christmas shopping.

These Tremendous Advantages—

More power—35 horsepower motor.
More room—112-inch wheelbase.
Greater comfort—long, 48-inch cantilever rear springs and 4-inch tires.
Greater convenience—electrical control buttons on steering column.
Bigger, safer brakes—service, 13 3/8 x 2 1/4; emergency, 13 x 2 1/4.
Better cooling—you never heard of an Overland motor overheating.

These are tremendous advantages over anything to be had in other cars that sell for anywhere near as low a price. And they make it hard for us to keep up with orders. The factory has never yet caught up with the demand. You ought to own one of these cars—nothing else so big and fine for the money. Come in and order yours now.

They let you know you've been smoking—and yet they're MILD

In other words, Chesterfield Cigarettes are MILD—and yet they satisfy. This is something totally new to cigarettes. It goes further than pleasing your taste—satisfy does for your smoking what a juicy slice of hot roast beef does for your appetite. Chesterfields satisfy—they let you know you've been smoking.

But they're MILD, too—Chesterfields are!
If you want this new cigarette delight (satisfy, yet mild) you've got to get Chesterfields, because no cigarette maker can copy the Chesterfield blend. This blend is an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

FINDS TANLAC GREAT BOON

Thousands of our best people are now using Tanlac with the most gratifying results. We can only account for this by the fact that Tanlac is a medicine of extraordinary merit.
J. B. Ockert of 1214 Cleveland Ave., Flint, told Mr. Copp, the Tanlac Man, "I saw Tanlac advertised and indorsed by many whom I knew, I noticed particularly the name of a man who works with the Chevrolet Company, highly indorsing it because of the good he had received from it. That is how I came to take Tanlac in the first place—then after the first few doses I was ready to tell what it had done for me, I was so delighted with it.
"I am employed at the Mason Motor Company Plant, in the shipping department. For some time I have not had a good appetite and have felt all run down and tired out. Even in the mornings I got up tired and did not feel like doing my work. My breakfast would sour on my stomach and I did not eat until I almost quit eating, I did not get enough to keep up my strength.
"I am certainly on the mend now since I took Tanlac. No more trouble with sour stomach or gas. I have a splendid appetite and I get up in the morning like a working person should. Tanlac was just the medicine I needed.
"I am satisfied that Tanlac is all they say of it because I have tried it and know from experience and am glad to recommend it to others."
Tanlac can be obtained here only at the store of James E. Billon.
Tanlac can also be obtained at the following stores. D. H. Mosure at Oscoda, and Henry Zeran at Prescott.

What Wise Men Have Said.

The more one judges, the less one loves.
There are many lovely women, but no perfect ones.
To make light of philosophy is to be a true philosopher.
Few are so wicked as to take delight in crimes unprofitable.
Of all the paths that lead to a woman's heart, pity is the straightest.
Theory looks well on paper, but it does not amount to anything without practice.
Take my word for it, the saddest thing under the sun is a soul incapable of sadness.
Quick witted men, remarkable for repartee, are after all, rarely men of much solidity of character or ability.
There are some professed Christians who would gladly burn their enemies but yet who forgive them merely because it is heaping coals of fire on their heads.
Every man is prompted by the love of himself to imagine that he possesses some qualities superior either in kind or degree, to those which are allotted to the rest of the world.

A precious one from us has gone,
A voice we loved is stilled;
A place is vacant in our home,
Which never can be filled.

God in his wisdom has recalled,
The boon his love has given;
And though the body lingers here,
The soul is safe in heaven.
