Twelve Bills Made Ready for Governor's Signature.

Last week the senate had the most to show for its work, having given final passage to forty of its own measures and five from the house and defeated one, Senator Stewart's bill for the election at primaries of delegates to national conventions and the payment of \$50 to each delegate. The house passed 16 bills of its own origin and seven of senate origin and defeated one, Rep. Robinson's to permit poor authorities to contract with institutions for the care of dependent children. Thus a total of twelve bills were made ready for the governor's

Those which ran the gauntlet of

both houses are: Rep. Croll's to require state banks in small cities to keep but one-third of the required aggregate reserve fund on hand in currency. The aggregate requirement is 15 per cent of their deposits.

Rep. Foote's to allow any school district with 75 children of school age to establish a graded school.

Sell the Champion Cream Saver

THE NEW DE LAVAL

A LMOST any separator will do fairly good work when it is brand new, perfectly adjusted and skimming warm milk from freshened cows.

But a separator can't always be new, cows can't always be fresh, nor can you always separate your milk while it is at 85 or 90 degrees. In other words, your separating is done under practical conditions, and the sensible thing to do is to get a prac-

The NEW De Laval is the most practical separator you can buy

because it is the only separator that you can depend upon to skim clean under any and all conditions of milk and temperature, and to deliver cream of uniform thickness.

If you want to own a separator that will do its work better than any other, and do it without constant tinkering and adjustment, then the NEW De Laval is the machine to

While this statement has always been true of De Laval machines, it is true today to an even greater degree than ever before because of the many improvements in the NEW De

The new self-centering bowl which gives the machine greater capacity and skimming efficiency, the De Laval bell speed-indicator, which alone would be worth many dollars a year to a cow owner, the improved auto-matic oiling system and the many other im-provements found in no other make of machine, make the NEW De Laval by far the most satisfactory separator to operate and the most profitable to own. You can buy a NEW De Laval from us on liberal terms. Come in and examine the machine and talk it over.

Buying a Heating Plant?

OF the more than 60,000 satisfied users of the Round Oak Moistair Heating System, thousands have been so enthusiastic they have written in about it to the manufacturer.

Read above an interesting letter to us from a man well known in this locality!

ROUND OAK Moistair Heating System

Made by the Makers of the Genuine Round Oak STOVE

The Round Oak is the only system that automatically ventilates and humidifies! The only system that combines with comfort and economy the big vital essentials of fresh, moist air which is another word for health!

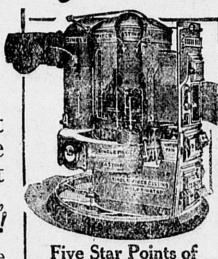

It ventilates, it HUMIDIFIES, it keeps your home warm, comfortable, and healthful - permanently free from furnace dust, dirt, gas and smoke. Durable-simple-trouble-proof.

Yet it is the most economical heating system made.

Let Us Show You!

We guarantee Round Oak and should like the opportunity of telling you more about it. It's a story that's sure to interest you and save you a lot of trouble and money. See us now.

C. H. PRESCOTT & SONS

*Health Only Heating System that automatically ventilates and HUMIDIFIES.

*Comfort Delivers pure, warm, ever - changing moist air, free from dust, gas, smoke — fitted with gas-tight doors and dampers.

*Economy Longest fire travel all inside casing improved hot blast Ring; extra deep fire pot; extra large combustion chamber affords perfect combustion; most heat on minimum of fuel.

*Convenience Simple regulator

wum of fuel.

*Convenience Simple regulator controls entire system. Self-cleaning. Ash pit dust-proof — seamless; fitted with sprinkler. Non-leak door frame cast on — not bolted. Easy to operate.

*Durability Materials used stand highest physical tests. All hinge pieces drilled, not cast. Never a bolt, where a river will do! Tight fittings guaranteed. Good for generation of service.

Public Auction

Wednesday, April 4, 1917 at Two O'clock, p. m.

On the premises, one mile south and half mile west from WHIT-TEMORE, I will sell the 80 acre farm, commonly known as the "Buchanan Place" at Public Auction to the highest bidder, without

reservation, on the following terms of payment:

20 per cent or more upon execution of the contract and the balance payable in five equal annual installments, due December 1st, bearing 7 per cent interest payable annually. A deduction of 5 per cent will be made on deferred payments if made in cash; abstract of title furnished and warranty deed free and clear of incumbrances upon payment of purchase price. A deposit of \$100 on day of sale required of sale required.

This farm is about half under cultivation and about 20 acres newly seeded to clover; good soil; spring creek furnishes an abundant supply of fresh water for stock at all times; fairly good small house, granary and log stable; good orchard and has 660 rods of newly placed woven wire fencing on cedar posts; located within half mile of State Trunk Line Highway and furnishes a first-class opportunity for the man of small means.

R. B. Scoggins, Auctioneer W. H. FLYNN Owner

Attention Farmers

From now until May 1st I will sell Peerless wire fence at the following prices:

10 bars,	16	stays	to the	rod,	48	inches	high, at	34c re	bd
