A YOUNG BURGLAR.

Last Sunday afternoon an eight year old boy giving his name as Raymond Dolsen and his home as Bay City, was taken in charge by Sheriff Hill. The boy had been breaking and entering various business places in East Tawas and Tawas City. Among them were the D. & M. depot and Eugene Provost's barber shop in East Tawas and C. H. Prescott & Sons' hardware store in Tawas City.

It was while trying to effect an entrance to the latter place that he was discovered and taken into custody. He had broken the glass in a back window just enough to reach and turn the catch, but had found nothing there that he wanted. He then turned his attention to a side window and had just broken the glass there when the noise was heard by F. F. Taylor who happened to be in his store next door, and who telephoned to Sheriff Hill.

In his East Tawas ventures, which were not discovered until later the boy had secured 85 cents, most of which he had spent for candy and food. He tells a pitiful story of his home life, saying that he had been cruelly beaten by his step-mother and that his father is now serving a 30 day sentence for beating his mother. He also states that most of the time he was kept locked in a room in the house.

Sheriff Hill got into communication with the probation officer in Bay City, who came Wednesday and took the lad back to Bay City.

Sheriff Hill got into communication with the Bay City authorities and Wednesday a lady from the detention home came after the lad. He had twice escaped from the home, the last time by making a saw from the metal back of a comb and sawing the lock from his door.

DEATH OF MRS. GRACE SMITH.

Once more has the Death Angel visited our community and taken from among us, almost without warning, one of the best known and most popular of our young married ladies.

Mrs. Grace Smith was taken suddenly ill last Friday morning at the home of her parents, Mr. and Mrs. Thos. Davison, where she and her husband have been making their home for the past few months. Medical aid was at once summoned and the cause of her illness diagnosed as uremic poisoning. She was taken on the evening train to a hospital at Bay City, accompanied by her mother and husband and her physician, Dr. Crane. It was hoped that an operation would relieve the dangerous conditions and save her life, but all efforts were of no avail and she died Saturday afternoon, as did also her wee babe which was the innocent cause of its mother's death.

The remains were brought home Saturday night and taken to her home, where during the ensuing two days hundreds of her friends and acquaintances called to pay their last respects to the one they sincerely mourned.

Grace Davison was born at Prescott, Mich. June 14th, 1888. She came to Tawas City with her parents in 1904, and has since made this city her home. She graduated from the Tawas City high school in 1907 and the succeeding year attended the M. A. C. at Lansing.

She was married July 4th, 1911 to Raymond Smith and shortly afterward the couple built a beautiful little home near her parents where their married life was happily spent.

Decidedly one of the most popular young ladies in the city. She was a member of the Twentieth Century Club, and of the Methodist church and Epworth League, where she was always a faithful worker.

The funeral services were held at the home Tuesday afternoon, Rev. Koyle officiating, and deceased was laid to rest in the Tawas City cemetery.

There are left to mourn her loss the husband, her mother and father, besides a host of friends. The bereaved family have the sincere sympathy of the entire community in the loss of a loving and dutiful daughter and a faithful wife.

C. E. CANTATA A SUCCESS.

The cantata, "Our Minister's Honeymoon," presented under the auspices of the Christian Endeavor society at the Presbyterian church last Friday evening, was a success both from an entertainment and a financial standpoint.

The young people were well drilled in their parts and both the humorous and musical parts of the piece brought forth much applause from the audience.

The gross receipts were in the neighborhood of \$30 and after paying expenses the society had about \$20 to place in its treasury.

It is planned to repeat the cantata at East Tawas next Tuesday evening.

HONOR THE FLAG.

Every Loyal Citizen Should Show His Patriotism by Displaying the Stars and Stripes.

These are anxious and trying times, not only for those in official positions in the government of the United States, but also for every citizen who has the interests of our country at heart and who is inspired by patriotism to do his share in preserving to this United States the freedom which is the underlying principle of the institution and continuator of our government.

The majority of the people deplore war and its awful consequences, but if war there must be to uphold our rights and privileges then every citizen of whatever age, sex or former nationality should give their full and undivided support to the government, that the war may be brought to a speedy and successful conclusion.

Not all can enlist in the ranks of the army and navy, and it would not be well for all to do so. There must be those to carry on the business of the nation and to supply the sinews of war in the form of food, clothing, arms and ammunition, besides the thousand and one other things necessary. Of the hundred million population of this country only a relatively small percentage will be required for active service, but every farmer, every mechanic, every cog in the mighty machine of production and distribution, may perform their part in a manner which will show their patriotism just as surely as though they shouldered their guns and went to the front.

And there is one way in which every person, great or small, can show that their heart and soul are with their country in this trying time. That is by displaying the national flag on every residence and business place in the country. Our flag has never known defeat and every person whose heart beats true and whose patriotism is unalloyed should be proud to display Old Glory on every occasion and especially at times like the present. You may not be able to secure a big flag, but the size does not matter, it is the spirit that counts.

Show your colors!

Etiquette of the Flag.

There are many citizens who are not familiar with the rules governing the use of the stars and stripes. To them the following hints on flag etiquette will be of interest:

The flag should not be hoisted before sunrise nor allowed to remain up after sunset. It should not be displayed upon stormy days.

When the flag is displayed at half staff for mourning it is to be lowered to that position from the top of the staff. It is afterward hoisted to the top before it is finally lowered.

When the flag is formally raised all present should stand at attention, with hand raised to the forehead ready for the salute.

When our national flag and state or other flags fly together or are used in decoration together, our national flag should be on the right.

When used on a bier or casket at a funeral the stars should be placed at the head. In no case should the flag be allowed to touch the ground.

It is an unwritten law in the navy that the flag is never to be washed; it always to be considered immaculate.

For indoor decorations the flag can only be used as a drapery; it cannot be used to cover a bench or table, desk or box where anything can be placed or set upon the flag.—Daughters of the American Revolution Magazine.

PAUL BRAZINSKI DEAD.

Paul Sylvester Brazinski died at the Lapeer hospital Tuesday morning. The cause of his death was heart trouble. He had been at Lapeer for nearly a year. He was very ill for over five weeks. His parents visited him twice during his illness and each time wished to bring him home, but he was in such a weak condition, that the physician advised them to leave him there. His remains were brought here Wednesday afternoon. The funeral will be held from St. Joseph's church, East Tawas, on Friday afternoon, Rev. T. W. Albin will officiate and burial will be made in the Catholic cemetery at East Tawas.

The deceased was the son of Mr. and Mrs. Frank Brazinski of this city, and was past eleven years of age. Besides his parents, he leaves to mourn his loss, four brothers and three sisters. Sympathy is extended to the sorrowing relatives during their sad hour of affliction.

RESULTS OF THE ELECTION

One of the quietest campaigns of recent years was concluded last Monday when the voters went to the polls and registered their choice for state offices, for a circuit judge and for the various city and township officials.

In Iosco county the republican state ticket had a good majority and the results in the state show a republican majority of about 100,000. All the amendments were elected.

In the judicial election Judge Albert Widdis was re-elected by a majority of about 1100 votes as near as can be estimated from unofficial reports. This is nearly double his majority of last fall.

In the city of Tawas City the following officers were elected: Mayor, Eugene Bing; clerk, John Myles; treasurer, Ernest Kasischek. First ward—Supervisor, John Preston; alderman, William Rouillier; alderman to fill vacancy, J. F. Mark. Second ward—Supervisor, Nelson Brabant; alderman, Frank Miller. Third ward—Supervisor, Joseph Minor; alderman, Carl Fahselt.

Nearly all the townships returned the old supervisors for another year, the exceptions being Alabaster, where Robert Sheldon takes the place of T. F. Robinson, Oscoda, where Frank Cowley succeeds A. R. Weir, and Reno, where Ernest Crego succeeds Joseph Lindsay.

A COLD WINTER THIRTY-SIX YEARS AGO.

The following reminiscence of the winter of 1880-1881 was furnished us by Mr. J. M. Waterbury, and is interesting as a comparison with the long, cold winter just past:

Thirty-six years ago the winter was as severe as the one through which we have just passed, with the difference that there was a great deal of snow. The first week in April the snow was over the fences in many places in the vicinity of the Tawas and the bay was frozen solid for several miles out.

The 3rd day of April the stage running from Alpena to Standish took to the ice after taking on the mail from the postoffice which was in the building now occupied by Robinson's grocery store and never left the ice until it reached Pine River. They changed horses a long distance from shore, opposite John Mattisons, which was not far from the point of land which we see beyond Alabaster, near Harmon City. Dinner was served to the passengers in a tent on the ice a mile off from land near AuGres village. The cooking was done there and the dining tables were as conveniently arranged as though they were in a hotel on the land. The ice did not break up until the latter part of the third week in April.

EPWORTH LEAGUE.

Topic—What Easter Means to Me." Leader—Rev. J. W. Koyle.

This is the annual morning service that means so much to us. The C. E. society has accepted our invitation to attend. Everyone in the city is invited. Special music.

ALL CAN HELP.

If this country goes to war, and it looks as though war was inevitable, not everyone can be a soldier, but all can help win the war. Every farmer who puts in an extra acre or two of food crops, every villager who cultivates a little more garden land, will not only reap a reward for himself but will assist in winning the war. Foodstuffs for own people will be needed and it will bring a good price. A bumper crop in America this year may save the day for Uncle Sam—Omer Progress.

CLEAN UP WEEK.

State Fire Marshal Winship has designated the week of April 30th as "clean up week" and every citizen is requested to remove the rubbish about their premises and inspect their chimneys and stovepipes. The average American fire loss is \$400.00 per minute, and a little care would cut this in half.

Smoke!

If a cigarette smoker wishes to give up the practice he should carry a box of crystallized ginger in his pocket. A nip of this aromatic confection will, it is claimed, ward off any tendency to look wistfully upon the enemy. Another help recommended consists of a system on the half-shell, sprinkled plentifully with salt and paprika. When but is swallowed, the "bite" is asserted, will remove the craving for the cigarette.

NEWS FROM THE STATE CAPITOL

Our Special Correspondent At Lansing Relates Doings of Legislature

WILL ADJOURN ON APRIL 20.

Equal Suffrage and Prohibition Bills Have Caused Long and Strenuous Sessions—Culver Military Bills Are Given Immediate Effect on Account of Critical Situation With Germany.

By Lewis W. Bailey.

Lansing, Mich., April 4.—With date for adjournment set for April 20, the legislature this week enters on the last lap of its nearly four months session. The past week saw long and strenuous sessions and much of the important legislation acted on in one hour or the other. Among these equal suffrage, the prohibition bills, the Torrens system of land transfers, the amendment to the teachers' pension law to make the system optional, measures to strengthen the national guard of the state, the codification of the insurance laws, the increase in railroad fares and a great many lesser measures.

Besides this, a resolution introduced by Rep. Sheridan Ford, of Detroit, at the instigation of officials of the Michigan Grange, was one of the crowning achievements of the session in its results in that it procured for Michigan sugar beet growers an estimated million and a half dollars for this year's beets over what they would have received otherwise. The Ford resolution provided for a commission to be appointed by Governor Sleeper to investigate the sugar beet industry of the state, determine if there existed any agreement among the factories as to what prices they could afford to pay to the farmers and how the industry could be benefited both from the viewpoint of the farmer and of the sugar manufacturers.

On the day that the resolution was passed by the house, Governor Sleeper, in conference with the sugar manufacturers, won from them an agreement to pay the farmers what they ask for their beets, and to pay it not only to the farmers who had not yet signed contracts for the sale of this season's crop, but to those who had signed at a lower price than that which the others were holding out for.

As agreed, all the beet growers in Michigan will receive \$6 a ton for beets making 5-cent sugar, \$7 a ton for beets making 6-cent sugar and \$8 a ton for beets making 7-cent sugar. The beet growers have been getting \$5.54 a ton.

Suffrage Amendment Passes House.

The equal suffrage amendment, which had been introduced by Rep. Charles Flowers, of Detroit, created a lively debate but went through by a vote of 71 to 21. It must still run the gauntlet of the senate. The oldest members of the house were the champions of the measure. Rep. Flowers is 71 years of age and Rep. H. Wirt Newkirk, of Ann Arbor, who spoke eloquently in behalf of the measure, is 63. Flowers has introduced an equal suffrage resolution in two previous legislatures. Rep. Newkirk introduced years ago the bill which gave women the right to vote on school matters. And by the way, Senator Damon, who introduced the bill which has passed the senate to give women a vote in the presidential elections, is 67 years of age.

The opponents to Rep. Flowers' suffrage resolution were Reps. Bosch, Copley, Culver, Daprat, Edwards, Sheridan Ford, Glaspie, Harris, Jerome, Lamphere, Leveque, Nelson, Quintel, Milton H. Smith, Samuel J. Smith, Stevenson, Taube, Wagner, Weissert, Wood, Woodruff.

The program as to railroad legislation is mapped out, and while the bill giving the railroads the right to charge 2 1/2 cents in the lower peninsula and 3 cents in the upper peninsula passed the senate, it will not go through the house as there adopted. Rep. Nelson, of Gogebic, has introduced a substitute bill for a rate investigation commission to report to the next legislature. One member of the commission, by the terms of the bill, is to be appointed from the house by Speaker Rice and one from the senate by Lieut. Governor Dickinson. The pay of these men is to be fixed by the state board of auditors and the third member of the commission, the attorney general, is to serve without extra compensation. The commission is to report not later than January 1, 1918, and if it finds an increase in railroad passenger rates justifiable, the governor is to call a special session of the legislature to act.

There are those in the house, including Rep. Frank A. Smith, of Luther, chairman of the senate bill committee, who believe the senate bill should be passed with a referendum attached, a procedure which Senator Koehler tried vainly for in the senate. Voting against the increased fare in the senate were Senators, Bryant, Covert, Damon, Forrester, Koehler, Martin, McRae, Miller, Scully, Willson, Wood. The vote was 20 to 11. Senator Ganser still being absent with his regiment of the national guard.

For the first time during the twenty years in which it has been submitted to successive sessions of the legislature, the Torrens system of land transfers has been passed by the house. In 1901 the bill for this system passed the senate. Its supporters declare that it will again pass the upper house and this time go on the statute books. It has the support of the State Grange, the Michigan Association of Farmers' Clubs, the Detroit Real Estate board and other real estate boards in the state. Representatives of these bodies have been here working for the bill, while representatives of abstractors, who would be hard hit by its passage, are here opposing. The bill in the Michigan legislature makes the Torrens system optional with the buyer of real estate to receive a Torrens certificate or an abstract under the present system. The bill passed with a bare majority.

The Culver military bills, calculated to harmonize the state's militia system with the federal militia law were given immediate effect because of the critical situation with Germany.

Rep. McArthur's bill amending the teachers' pension law to make it optional with teachers to contribute to the pension fund and come under the provisions of the act was another basis for lively debate in which Rep. Charles Flowers, who was the father of the teachers' pension law, was the principal proponent against an amendment which he declared would virtually kill it. The bill passed the house by a vote of 62 to 34, but its fate in the senate is uncertain, with odds against the amendment. A hearing on the bill will be held in the senate chamber the evening of April 10 and it is expected it will be one of the largest hearings ever held in the state house.

Prohibition Bills.

All prohibition bills are now in the hands of the senate. The Wiley bill, which was the measure originally fathered by the Anti-Saloon league and which provides the machinery for the regulation of the sale of liquor for the purposes sanctioned by the prohibition amendment was passed by a vote of 96 to 0. The McArthur bill, which in addition prohibits and penalizes use of liquor for uses other than named in the constitution and forbids possession and transportation of liquor except for the purposes named, passed 87 to 12, some of the members feeling that the recently enacted national law as to shipment into dry states made the McArthur bill unnecessary. The Lewis bill reorganizing the state dairy and food department to give it authority to enforce the prohibition law as represented by the Wiley measure passed 88 to 10. Opponents of this measure held that the present police authorities of the state could effectively administer any prohibition legislation.

The senate has killed a bill extending the recall to school officers. It passed a measure giving administration of the federal grant for agricultural and vocational school purposes to the superintendent of public instruction, the president of the state board of education and the presidents of the University of Michigan and the Michigan Agricultural college. Under the federal grant, any public school which provides suitable buildings for instruction in agricultural, industrial or home economic subjects and appropriates one-half the amount allotted by the federal government for payment of instructors in such school may receive the federal aid.

Many Appropriations.

Indications are that the appropriations for state institutions this session will not exceed \$13,000,000 including the \$800,000 for a state office building, as against \$16,000,000 in 1915 and \$14,000,000 in 1913. All of the larger appropriations have been reported out by the house ways and means committee and all that have been passed have gone through as recommended. Appropriations thus far reported out are:

Farm colony for the epileptics, \$230,580; school for blind, \$141,250; deficits for tuberculosis sanatorium, \$8,508.54; western state normal, \$352,500; state tuberculosis sanatorium, \$128,075; industrial home for girls, \$10,000; public domain commission, \$285,000; general expense of state government, \$2,898,305; index compiled laws, \$3,000; budget system, \$7,500; Michigan reformatory and upper peninsula prison, \$194,000; several hospitals, \$2,833,660.12; industrial school for boys, deficit, \$14,500; Mackinac park, \$11,000; school for the deaf, \$228,135; college of mines, \$157,249; inspector of apiaries, \$6,000; Ionia state hospital, \$19,723.73; Northern state normal, \$172,893.64; Jackson prison, special, \$211,200; erection of armories, \$60,000; federal aid of roads, \$450,000; Pontiac state hospital, \$5,000; soldiers' home, \$2,500; state library special, \$20,000; Kalama-zoo state hospital, \$64,256; Industrial home for girls, \$204,836; psychopathic hospital, \$27,000; soil survey, \$90,000; central Michigan normal, \$214,650; Newberry state hospital, \$54,000; Michigan reformatory, \$3,600; purchase of public school lots, \$1; armory in Muskegon, \$15,000; industrial school for boys, \$315,258; highway department, \$70,000; deficits of board of corrections and charities, \$304.96; Spanish American soldiers, etc., \$45,674.25; State Normal college, \$473,000; state board of fish commissioners, \$126,493.

Report of Committee on Officers' Bonds.

Tawas City, March 26, 1917. To the Honorable Board of Supervisors of Iosco County, now in session in Court House:

We, your committee on official bonds, respectfully submit a report on the bonds of Geo. D. McNichol & Co., as depository for county money as follows: We find 2 bonds of \$5,000.00 each to cover same, one bond United States Fidelity and Guarantee Co. of Baltimore, Md., of \$5,000.00 and one bond given by National Surety Co. of New York of \$5,000.00, total bond called for being \$10,000.00. We recommend the approval of the bonds.

Signed,
H. M. BELKNAP,
J. W. MINOR,
JOHN PRESTON,
JOHN BURT,
C. A. PINKERTON.

To the Honorable Board of Supervisors:

Your committee appointed to take up the matter of obtaining the service of an agricultural agent beg to report as follows:

Petitions about evenly divided for and against a county agricultural agent have been received from your townships likewise a resolution in favor of the agent has been received from Pomona Grange.

After discussing the subject carefully, we are of the opinion that we can not intelligently act on the matter until we obtain the sentiment of the people of the different townships; therefore, we recommend that the supervisors obtain the sentiment of their districts at the annual election, Monday, April 2, 1917, the matter to be brought up before the board at the next meeting for final disposition.

GEORGE W. SCHROEDER,
GEO. C. ANSCHUETZ,
JOHN C. BURT,
LEWIS NUNN,
C. A. PINKERTON,

Tawas City, March 26, 1917.

Moved by Sup. Nunn, supported by Sup. Sullivan, that the report be accepted and adopted.

Motion carried. All voting yes.

In the matter of the recommendation of a game warden for Iosco county, Sup. Sullivan presented the name of John Martindale, and asked that he be recommended by the board for that office. He also made a motion to that effect supported by John A. Stewart.

THE NEW DE LAVAL

BUTTER made from De Laval-separated cream has won first prize at every convention of the National Creamery Buttermakers' Association for the last twenty-five years, as well as in every other important contest, and you must admit that this fact can mean but one thing—

The De Laval user gets not only more cream, but better cream

De Laval-separated cream is better simply because the construction of the De Laval bowl makes close skimming possible at a speed so low that the butter-fat globules are delivered from the cream spout unbroken.
If you make butter yourself, or if you ship to a creamery and want the highest rating for your cream, you cannot afford to use any separator but the De Laval.

Have you seen the NEW De Laval? The new self-centering bowl with its patented milk distributor is the greatest improvement that has been made in cream separator construction in the last thirty years and we'd like to show you how it works. The NEW De Laval also contains many other important improvements that we know will interest you.

MORTGAGE SALE.

Default having been made in the terms and payment of a certain mortgage made by William Riemer and Minnie Riemer his wife, to Fred W. Glass, for the sum of Six thousand seventy-eight and 50-100 dollars, dated Feb. 19th, 1912, and recorded Feb. 20th, 1912, in Liber 19 of mortgages at page 103 in the Register of Deeds office for Iosco county; upon which there is due at this date for five installments of principal unpaid and interest thereon, the sum of Six thousand seventy-five dollars; and no suit or proceeding having been taken to collect the same.
Now therefore, notice is hereby given, that said mortgage will be foreclosed by a sale of the mortgaged premises at Public Auction or Vendue, to the highest bidder therefor, at the front door of the Court House in Tawas City, (that being the place of holding the Circuit Court for Iosco County), on the 5th day of May, 1917, at Ten o'clock in the forenoon, to satisfy the amount due on said mortgage at that time for installments of principal unpaid, and interest, costs, charges and attorney fee; and subject to installment of \$1,000 not yet due, secured by said mortgage.
Said land and premises are described in said mortgage as: The north eighty acres of north half of northwest quarter of section three, town twenty-three north, of range five east, and the southwest quarter of section thirty-four, town twenty-four north, of range five east, Iosco County, Michigan.
Dated, Tawas City, Feb. 2, 1917.
FRED W. GLASS,
Mortgagee.
THOMAS HILL,
Sheriff of Iosco County.

MORTGAGE FORECLOSURE SALE

Notice is hereby given that a mortgage dated the sixth day of October, 1904 was executed by Flora M. Johnson and her husband, Sherman W. Johnson, to Rachel B. McNair and recorded in the Register of Deeds office in Iosco county, and state of Michigan, in Liber 18 of Mortgages, on page 58 on the 15th day of October, 1904. That default has been made in the conditions of said mortgage and in payment of principal and interest due thereon, and there is claimed to be due on said mortgage at the date of this notice the sum of Six hundred forty-nine dollars.
Notice is further hereby given that a mortgage dated the first day of December, 1906, was duly executed by Flora N. Johnson and her husband Sherman W. Johnson to Rachel B. McNair and recorded in the Register of Deeds office in Iosco county and State of Michigan, in Liber 18 of Mortgages on page 176 on the fourth day of December 1906. That default has been made in the conditions of said mortgage and in payment of principal and interest due thereon and there is claimed to be due upon said last mentioned mortgage at the date of this notice, the sum of Two Hundred seventy dollars and seventy-one cents.
Notice is further hereby given that after the execution of said mortgages and on to-wit: the 17th day of March, 1913, the said mortgages, Rachel B. McNair died at Warren, State of Pennsylvania, leaving a last will and testament, which was afterwards and on the 13th day of May, 1913, duly admitted to probate by the Probate Court of the County of Tuscola, State of Michigan, and that a duly exemplified copy of the order of the said Probate Court admitting the said last will and testament to probate by the said probate court was duly recorded in the said Registry of Deeds in Liber Two of Miscellaneous records on page fifteen, on the 3rd day of July, 1913.
That afterwards and on to-wit: the 20th day of October 1913, the undersigned, Hattie M. Talbott, was duly appointed trustee of all of the estate of the said Rachel B. McNair, deceased, within the State of Michigan, according to the terms of said last will and testament by the said probate court and letters of trusteeship in that behalf were duly issued to the said Hattie M. Talbott by the said probate court, on the day and year last aforesaid, she, the Hattie M. Talbott, having duly accepted the said trusteeship and filed her bond in that behalf which has been duly approved.
That afterwards and on to-wit: the 20th day of October, 1913, there was duly assigned to the said Hattie M. Talbott, trustee as aforesaid, by the order of the said probate court, all of the property and estate of the said Rachel B. McNair, deceased, within the State of Michigan including the said mortgages and that a duly exemplified copy of said order of assignment was duly recorded in the Registry of Deeds for said County of Iosco, State of Michigan, in Liber two of miscellaneous records on page twenty-one on the 5th day of November, 1913.
That under the power of sale in said mortgages contained, said mortgages will be foreclosed by a sale of the mortgaged premises, at public vendue to the highest bidder on Monday, the Fourteenth day of May, 1917, at ten o'clock in the forenoon, at the front door of the Court House in the City of Tawas City, in said Iosco County, and that said premises are described in said mortgages substantially as follows: All that certain piece or parcel of land situate and being in the township of Reno, County of Iosco, and State of Michigan, described as follows, to-wit: The East half of the Northwest quarter of Section Fourteen (14) in township twenty-two (22) North of Range Five (5) East, and will be sold as aforesaid, to satisfy the amount due on said mortgages with the interest that may accrue thereon after this date and the cost of foreclosure.
Dated, February 16, 1917.

The Old Home Paper. It's printed old-fashioned and homely, Bearing name of a small country town; With an unfeigned sneer at its wrapper queer, The postman, in scorn, throws it down. But I scan every line that it offers Each item brings something to view, Through the vista of years through youth's pleasure and fears, It serves their keen touch to renew, The death of the girl I once courted, The growth of a firm I once peered, The rise of a friend I love to commend The fall of a man I revered. As I dream, I drift dreamily backward To the days when to live was a joy, I think and I pore, till the city's dull roar Grows faint, and again I'm a boy. Rare perfume of green country by-ways, Fair music of mowers and bees, And the quaint little town with the streets leading down To the creek and the low-bending trees. Around me the forms of my comrades, About us earth's glories unfurled Each heart undefiled, with the faith of a child, Looking forth to a place in the world. And the paper tells how all have prospered, I follow their lives as they flow. Applauding each gain and regretting each pain For the sake of the days long ago. Above all the huge city dailies With ponderous utterance wise, This scant page hath power to spread for an hour

Nothing But! The waiters in a New York restaurant recently closed by the sheriff complain bitterly because for the last few weeks of its existence they had been getting "nothing but the tips." Nothing but!

Supervisors' Proceedings (Continued from page five). careful consideration have the following requests to make of your honorable board, that you try and purchase the E 1/2 of the NW 1/4 of section 10, 22, 7. This property is located right and joins the county farm, is well watered, fenced, and a good part of the 80 acres is cleared. We want it for the following reason: we have no pasture enough for our stock and have to sell them early in the spring only getting part of the growth when we should have it all. We can grow plenty of feed to winter a good bunch but cannot pasture them under existing conditions. We think the purchase a good business proposition and therefore recommend that this property be purchased. Signed, CHAS. GURRY, ED. MARZINSKI.

Resolved that the prosecuting attorney is hereby authorized and instructed to proceed at once to attempt to collect from all persons who have received aid from the county in contagious disease cases and are in possession to pay their own expenses and report at the next meeting of the board. RAWDEN THANKS VOTERS.

To the Editor: Dear Sir:—Through your good publication I wish to express my sincere thanks to my many friends who so loyally supported me at the last election for the high office of judge of the twenty-third judicial circuit. While I would have considered it a great honor to be chosen as judge of your circuit, at the same time I appreciate the fact that we live under a democratic form of government, where majorities should and must rule, and when the majority has expressed its desire in regard to a matter of this kind, then it becomes the duty of every loyal American citizen to acquiesce cheerfully in the decision and support the person who is chosen to represent the people in that capacity. The manner in which the campaign was conducted by all parties is a credit to the twenty-third judicial circuit, and now that the people have made their decision, it is the duty of all to accept that decision cheerfully. We are entitled to our party views, but above all we must be good American citizens.

EDWIN RAWDEN, Lansing, Michigan, April 4, 1917.

DOING SOMETHING. "There is a mission class that is really doing something." This was the unsolicited testimony of Mr. Bend, representing the home missions of the Presbyterian church of Michigan, when he happened in for the last part of Monday night's session of the class in South American Neighbors.

The class met in the Presbyterian church instead of the Methodist as first announced. The fifth meeting will be next Monday night in the Methodist church, 7:00 standard. This promises to be a live-wire session, as the topic is "Present Day Religious Conditions" and involves a study of the church that until so recently had no rival in dominating South American social life. The course is now half done. Visitors often attend and are desired. The invitation is still extended to others to join or attend the class. A cloth bound copy of the text, "South American Neighbors" by Stuntz was this week placed permanently in the city library by the study campaign. Get it and read it if you cannot attend the class.

Displaces Steam Roller. To replace the familiar steam roller a gasoline machine has been developed which, in addition to economizing on fuel, gives its driver an unobstructed view of his work.

No Ill-Luck. There is no such thing as ill-luck. The man or woman who is always unlucky generally is so because he or she does not grasp chance when it comes. Luck is wholly a matter of making the most of our opportunities. Physician—"You shouldn't attend so many picture shows. They are a severe strain on the eyes." Mrs. Dasher—"But think how restful they are to the mind."—Puck. Condensation.

For Hard Country Work

The New Briscoe is a car for constant, dependable, day-in and day-out use. It has everything you want in a Motor car—durability, power, beauty. It is strongly and ruggedly built. Extra heavy frame; sturdy axles; full elliptic springs both front and rear, properly heat treated and tested; generous size brakes; easy controls and a large factor of safety inbuilt in every part gives to it a constitution that will render unmatched service under any and all conditions.

The Half-Million-Dollar Motor is larger—gives 40 per cent more power. It is economical to operate—25 to 30 miles to the gallon of gasoline is not exceptional. Ten big factories and an experience dating from the beginning of the industry enables Mr. Briscoe to give so much for so little. Write today for Benjamin Briscoe's absorbing book "The Half-Million-Dollar Motor."
