## ANOTHER BOLD BURGLARY

Stores Entered and Money and Goods Taken.

Some time between closing time last Saturday night and opening time Monday morning, the stores of C. H. Prescott & Sons, hardware, and F. F. Taylor & Co., dry goods and furnishings, were entered by a burglar or burglars and goods and money taken to the amount of over \$200.

Entrance was effected through an upstairs window, the burglars using a ladder which they secured from the Wilson Grain Co. shed and returning it to place when through. A defective fastening on the window allowed easy entrance and after rummaging around upstairs the thieves crawled through the transom of the stair door and began their depredations.

In the hardware store a sum of money was secured, a portion of the day's receipts which had not been locked up. It is thought that some small articles were also taken from the hardware stock.

In the F. F. Taylor store a small amount of money and stamps were taken from the desk drawer, and the thieves then raided the show cases and took about \$200 worth of gloves and neckties, choosing only the best and most expensive goods. They apparently did not hurry, as other goods were evidently pawed over and when ready to leave a cake of soap was taken with which the miscreants washed their hands, drying them on some of the stock. They made their exit through the rear door of the hardware which is barred from the inside, but which also fastens with a spring lock.

No definite clue to the guilty parties has been obtained, but officers are working on the case and it is expected that they will be apprehended.

DEATH OF EDWIN W. ELY.

As chronicled in last week's Herald, Edwin W. Ely died at Mercy hospital, Bay City, on Sunday morning, July 8, the cause of death being paralysis.

Mr. Ely was born at Sugar Run, Bradford county, Pennsylvania, May 21, 1858. He had been a resident of Iosco county for more than 35 years, coming here from Saginaw. He started in jobbing in the lumber camps near Oscoda, and later, in 1900, together with E. H. Hull bought the old Tanner mill, which they operated under the firm name of Hull & Ely.

In 1908 Mr. Ely sold his share in the mill to James A. Hull and moved to Tawas township, where he settled on the farm he was operating at the time of his death. He was considered one of the most successful farmers in this part of the county.

While living at Oscoda Mr. Ely was several times honored with public office, being for nine years president of the village and six years supervisor of Oscoda township. He was also a member of the board of education for several years.

Mr. Ely was a man of strong convictions and did not hesitate in letting people know where he stood on any subject. He was a true and loyal American citizen, a staunch friend and a loving husband and father. He is survived by the widow and one son, Theodore, who have the sympathy of the entire community in their irretrievable loss.

The remains were brought to his home on Monday and funeral services were held at the house on Wednesday, Rev. Koyle of the M. E. church officiating. The services were attended by a large concourse of his friends. On Thursday the body was taken to Saginaw and to the Forest Lawn cemetery where the last rites were observed under the auspices of the B. P. O. E. of which Mr. Ely was a member.

PRIMARY PUPILS WILL GET \$7.20 PER CAPITA.

Fred L. Keeler, superintendent of public instruction, announced Friday that the apportionment of primary school money to be made the latter part of July would be on the basis of \$7.20 per capita. The last census shows there are 864,695 children eligible to benefit from the apportionment, so the total amount to be given districts will be \$6,225,803. Last year the per capita apportionment was \$7.70. Since the census of 1916, however, there has been an increase of approximately 20,000 in the number of school children.

Wayne County will receive \$1,322,884.80 in primary school money this year, having 183,734 school children. There are 15,791 more pupils in the county now than last year.

CARD OF THANKS.

I wish to thank most heartily all neighbors and friends who so kindly offered and tendered their services, during the illness and after the death of my husband, also those who sent floral tributes and those who formed choir.

Mrs. Delia Ely and Son.

BE KIND TO YOUR HORSE AND ALL DUMB CREATURES. IT SHOWS THE GENTLEMAN. adv

## CHAUTAUQUAS DEDICATED TO PATRIOTISM.

The innate Americanism of the Chautauqua movement has never been more clearly illustrated than by the prompt action of the Chautauqua managers in pledging their support to the President and Congress upon our recent entrance into the world war.

The following resolution was drawn up by a committee of which S. Eugene Whiteside, general manager of the Central Community Chautauqua System, was chairman and unanimously adopted by the Lyceum and Chautauqua Managers Association in Chicago on April 7, 1917.

Whereas, the Chautauqua and Lyceum movement today is one of the most direct and effective mediums for the creation of public opinion in the United States; and

Whereas, since the inception of the movement by such men as Wendell Phillips, John B. Gough, Henry Ward Beecher, Ralph Waldo Emerson and others, it has ever strongly preached the doctrine of practical idealism; has unflinchingly fought for justice and humanity; has fought unceasingly for the truth and against the wrong, and has upheld unflinchingly the great principles of true Americanism;

Therefore, in the present crisis, we, the Lyceum and Chautauqua Managers of America, in conference assembled, conducting some four thousand Chautauqua Assemblies and sixteen thousand Lyceum courses, and reaching directly every year not less than twenty million people, pledge to the President and the Congress of the United States, our loyal and unswerving support in their efforts to maintain for the American people, their rights, their liberties and their sacred honor.

Further, we heartily endorse such measures as the Federal authorities in their wisdom shall deem necessary to the proper upholding of our rights and to the adequate preparation for the future welfare of our nation, not only in matters of defense but in the efficient and democratic organization of our industrial and social forces, which depend to a great extent on the universal physical and moral development of our young men, the spiritual discipline of our people and the unification of the diversified elements of our population.

This spirit of patriotism will be emphasized at our assembly this year and specific means by which our citizens can "do their bit" will be pointed out.

At the same time, of course, the popular entertainment educational and inspirational features that have made the Chautauqua so popular with the people in the past will not be slighted. There will be a delightful entertainment by the Mrs. Wilbur Starr Concert Party; symphonic airs of the Southland by Hann's Jubilee Singers; a varied program by Emerson and Alice Sire Winters; a day of spectacular band music by Francesco Pallaria and his band; stirring solos by Ruth Helen Dahly and a wonderful musical climax to the Chautauqua by Madame Shank and the Handel Choir.

Among the lecturers are Robert Parker Miles, world traveler, giving his dramatic lecture, "Tallow Dips"; Andre Tridon, telling "The Truth About Mexico"; Albert Edward Wigzans, in his popular scientific lecture "Hereditity and Human Progress"; J. Franklyn Caveny, the clever cartoonist and clay modeler and Wallace Bruce Ansbary in his pleasing literary gem, "The Poet Seer of Lockport Street."

DO YOU NEED HARVEST HELP?

Farmers needing extra help during harvest have at their command, thru the agricultural agent, the services of the state and national farm departments. All state employment agencies and the state war board are giving precedence over everything the orders for farm help. While, under present labor conditions, it is impossible to promise men, every effort will be made to do so.

Notify the agricultural agent at Lincoln or your supervisor, as to extra help you will need and the order will be immediately placed. Do not wait until you need men, but give the agency a chance to get them by placing your order as far ahead as possible, stating the number, kind of help, what you will pay and how long you will need them.

Commencing the week of July 30, the agent will be at the Iosco Hotel, Tawas, Wednesday forenoon, and at Hale and Whittemore, alternate Tuesdays of each week, for the purpose of assisting farmers in any way possible.

INSTALLATION OF OFFICERS.

At the regular installation of officers at Baldwin Lodge No. 377, I. O. O. F., held at the Odd Fellow temple last Thursday evening, the following officers were installed by the District Deputy President, C. R. Dease:

P. N. G.—David Small.

N. G.—Jed Harrington.

V. G.—George Homestead.

Rec.-Sec'y—Arthur Dillon.

Treasurer—Andrew J. Merschell.

Cond.—J. F. Mark.

Chap.—George Flintoff.

R. S. N. G.—Charles Parker.

L. S. N. G.—Andrus Christeson.

Mrs. Cora Angert and two children of Marietta, Ohio have been visiting with Mrs. Angert's sister, Mrs. Robert McMurray, and with other friends the past week.

Miss Dorothy Harris who has been visiting with her grandparents, Mr. and Mrs. Alex Ross for two weeks returned to her home at West Branch Thursday morning.

M. E. church services Sunday: Morning service, 10:00; Sunday school, 11:30; Epworth League, 6:00 p. m.; evening service, 7:00. Prayer meeting, Wednesday at 7:30 p. m. Rev. Samuel Howarth, pastor.

The junior girls class of the Presbyterian Sunday school will give an entertainment and supper at the home of Mrs. Lester Wright next Tuesday evening, July 24. Proceeds to be used for their Red Cross pledge.

Presbyterian church services: Sunday: Sunday school, 11:30; Midweek service, Thursday 7:30 p. m. There will be no service for two weeks or more as the pastor has been granted his vacation at this time. William Roberts, minister.

The primary department of the Presbyterian Sunday school were entertained by their teachers, Misses Lillie Roberts and Irene Applin, at the home of the latter last Saturday afternoon. Games were indulged in after which ice cream and cake was served and the young folks spent a pleasant afternoon.

Last Wednesday, July 11, one of the little twin daughters of Mr. and Mrs. Christopher Kruger died at the family residence on Lincoln St., east. The infant was two weeks and two days old. Funeral services were held at the home last Friday afternoon, Rev. Reithneier of the German Lutheran church of Tawas City, officiating.

Mr. and Mrs. Herman Nitz and children, Albert and Mabel, Mr. and Mrs. Ralph Smith and daughter, Elvira, autored over from Filion, near Bad Axe, last Thursday and have been visiting for more than a week at the homes of Martin Hoffman and Charles Haight. Mr. Nitz and Mrs. Smith are brother and sister of Mrs. Haight and Mrs. Hoffman.

News was received here this week that Rev. J. J. Hoikka of Crystal Falls, Michigan, well known to many residents of East Tawas, died in that city, the latter part of last week and was buried on Wednesday of this week. Rev. Hoikka was formerly pastor of the Swedish Lutheran church of this city and the family were residents of East Tawas for several years. They moved to Crystal Falls in the fall of 1900.

Willard Dillon received a telegram last Saturday stating that he had passed the mental examination for admission to the United States naval academy at Annapolis, and ordering him to report at once for the final physical examination. He left Wednesday for Annapolis. Willard was one of the 375 out of 1,400 who passed the mental examination a short time ago. The following clipping appeared in the Detroit Journal this week: 375 Pass Tests at Annapolis Academy. The naval academy authorities announced the names of 375 candidates who passed mental tests for admission. Over 1,400 took the examinations. The new class will number about 800.

HE WAS MISTAKEN.

The man who scribbled that one about perservance overcoming anything took in a little too much territory. For instance we wonder if he ever spent a day or two trying to sew a pant button to a soap bubble?

Miss Beatrice LaBerge of Detroit visited for a week at her home in this city.

Phillip Applin of Bay City came last Saturday afternoon to visit at his home over Sunday.

George Flintoff left for Bay City last Saturday morning for a weeks visit at the homes of his brothers, Lionel and Ulric.

Mrs. Frank Scott and little sister, Miss Thelma Glenn of Detroit will arrive this Saturday afternoon for a two weeks visit at the home of Mr. and Mrs. James McMurray.

Mrs. Edward Alford returned home last Saturday midnight from a trip to Lansing, Battle Creek, Owosso Flint and other points, where she had been visiting friends and relatives.

The boys and girls intermediate class of the Presbyterian Sunday school and several of their friends enjoyed a boat trip to Marontate's shack at Tawas Point last Saturday evening.

A tea will be given at the home of Mrs. Harry Anker next Thursday afternoon for the benefit of the Red Cross. A silver collection will be taken, proceeds to be turned over to the Red Cross society.

BEST ROAD TO FOOTE SITE DAM

(From the U. S. Department of Agriculture, Forest Service, Forest Supervisor's office, East Tawas, Michigan.)

A convenient trip can be made to the Foote Site Dam and Oscoda across the plains region via the Silver Creek Ranger Station; and the rough road along the shore or the swamp of the Wilber or Pike road can thus be missed.

This trip leads out either along the Baldwin road or the Plank road, past the Silver Creek Ranger Station and Corsair Bridge to the AuSable River and then east to the Foote Dam. The following road log of this trip has been furnished by the Forest Service.

The road extending in to Oscoda or the Van Ettan Lake Hotel from the Foote Dam is in very good condition.

## VACATION AS ALWAYS.

The arrival of vacation time this year finds a meagre and unthinking minority advising the American people to forego their rest and renewal that the nation may throw its whole available strength into the War for Liberty. This is poor advice. It is not the advice of those who know best how tremendous is the task the country faces and how best it may be prosecuted with victorious energy. Our strength must be at par or at par plus. An unprecedented task calls for workers refreshed and rebuilt, for great physical vigor and mental alertness, for the combined efforts of a strong, zealous and determined people.

In the vacation regions the slogan should be: "Business as usual." The Federal Government itself speaking through Secretary Lane, has directed attention anew to its national parks and the opportunity they afford for recreation and health-building. The Government would stimulate rather than obstruct the people's enjoyment of these advantages. The word of the leaders of our nation is that weary people should seek their accustomed relief from toil and that the worn should recuperate.

This nation has acquired a world-wide reputation for creative energy because its people have jealously guarded and steadily increased their individual power. They are an outdoor people with the exploring instinct and of adventurous habit. They like the sunlight and the open places, and they turn each summer to the mountains, the plains and the great forests. There they shed their weariness, find a new spirit and acquire a new will to do, gaining firmness of muscle and clarity of thought and recovering interest in their employment.

An exhausted or sluggish worker is the most inefficient type of worker. He owes it as much to his country as to his employer and himself to rebuild his depleted strength and refresh his interest in his labor. The beginning of summer finds workers everywhere at comparatively low efficiency, but the universal custom of taking a short or prolonged rest when the great outdoors offers its myriad attractions has served each year as a tonic to restore efficiency in the highest degree. Never in their history have the American people put greater energy into a year's work than since last vacation time. The next year will demand even greater need of rebuilding. The great army of workers, the army behind the fighting army, must be as fit and as fresh as the soldier.

Let the people come again into communion with Nature and Nature will imbue them with a new willingness to face increased responsibilities and give them strength to achieve a new record for work.

Vacation as always! The Government invites you to visit its great playgrounds. Get into the mountains and the woods. There health and inspiration await you. Do not destroy your capacity for work by doing nothing but work. To rest and rebuild for the great work ahead of us is the policy of sanity.

### ETHAN ALLEN A U. S. MARINE

Butte, Mont., July 16.—Ethan Allen, a direct descendant of the original Ethan Allen of Fort Ticonderoga fame, was accepted for enlistment in the United States Marine Corps, today. He has been principal of a school in this state for the last three years, and has also taught in Ohio and North Dakota.

Allen's enlistment recalls the early days of American history when Fort Ticonderoga was held in turn by the French and British until finally captured by his illustrious grand sire in 1775. It is another reminder of the wiping out of old differences between nations, happily now serving together against a common enemy.

### RIFLE NAMES IN U. S. MARINES

Washington, July 18.—The fighting equipment of Uncle Sam has been augmented by the enlistment of two "Winchesters" who joined the U. S. Marines today. This name will be added to the roster along with Remington, Colt, Mauser, Savage, Stephens, Marlin, Smith and Wesson, and other potential sharpshooters who recently joined the "Soldiers of the Sea."

Almost every firearm and rifle manufacturer is represented by a namesake in the Marine Corps. Oddly enough, "Springfield," the rifle with which the U. S. military forces are equipped, has, as yet, no namesake in the ranks of the fighting sea-soldiers.

### LATE CULTIVATION AIDS POTATO CROP.

East Lansing, Mich., July 16.—There should be no let-up in the work of cultivating the potato crop if growers expect tubers to produce the biggest yields they are capable of, a press bulletin by M. A. C. potato specialists declares.

"Much benefit may be realized," it is pointed out, "through the proper cultivation of potatoes late in the season. On the other hand, much harm may result from improper cultivation. Frequent shallow cultivation is advisable as long as it can be given without serious damage to the vines. It is important to run the cultivator not only shallow, but a sufficient distance from the hills to avoid breaking the feeding roots. Narrow teeth, such as those on the spike-tooth harrow, will leave the ground level, but they frequently are run deeper than they should. If the feeding roots of the potato plants are cut off in large numbers when there is a deficiency of moisture in the soil, the plants are certain to suffer.

"If a crust forms after a rain, it should be broken as soon as the soil is dry enough to be worked. A one-horse plank drag made narrow enough to run between the rows with ease will be a safe tool to use. A boy or girl large enough to drive a horse can operate such a tool, and their weight will be about enough to make the drag do effective work. A small amount of earth thrown around the potato hills at the last cultivation will keep the potatoes from sunburning. Keep the cultivator going late in the season, but be sure it is running shallow."

### FORTY-FIVE MILLION BARRELS OF SALT.

The domestic consumption of salt in 1916 was 45,720,860 barrels of 280 pounds each, an increase of more than 7,000,000 barrels over the consumption of 1915. According to statistics compiled under the direction of R. W. Stone, of the United States Geological Survey, Department of the Interior, the domestic production of salt in 1916 was 45,499,329 barrels, the imports were 871,992 barrels, and the exports 600,461 barrels. This was an increase of 19 per cent in the quantity of salt produced. The total value of the salt was \$13,645,947.

Michigan, as usual, was the largest producer, and New York was a close second. The production, in barrels, by the leading states was as follows: Michigan, 14,918,278; New York, 14,087,750; Ohio, 6,706,193; Kansas, 4,564,793; California, 1,124,236.

Perhaps the most marked feature in the salt industry in 1916 was the great increase in quantity of brine sold as such or used by chemical works, the increase being 37 per cent and the total production over 18,000,000 barrels. The production of rock salt increased over 17 per cent and amounted to 9,973,950 barrels valued at \$2,665,270. On the other hand, the production of evaporated salt increased only 5 per cent, to 17,575,629 barrels, but the value was \$10,149,412, an increase of nearly 15 per cent.

To the Hon. Board of Supervisors of Iosco County:

Our society is badly in need of a dining hall and new horse stables and other improvements which at the present time we have not the funds to erect. The last legislature passed an act whereby the board of supervisors are authorized to appropriate funds for improvement on grounds of the county agricultural societies. Under the provision of this act we request that your board appropriate the sum of one thousand dollars to be used for the purpose above mentioned. ## Coming Chautauqua Week

FRANCESCO PALLARIA IN CHARACTERISTIC POSES.

FRANCESCO PALLARIA is one of the most dynamic, dramatic and spectacular band leaders in America. For four years he was director of the band on the battleship Kansas in the United States Navy, which was then one of the finest bands in the service. He has appeared in concert in the New York Hippodrome and in practically every large city from the Atlantic to the Pacific. He was born in Italy, the land of sunshine and music, at nine years studied in the great Conservatory at Milan and finished a ten year course with honors. With his band he will be one of the big features of the Chautauqua.

# Hear these Great Lectures

The Chautauqua offers four lectures in the five day session that every one in the community should make a special effort to hear. Even if you are one of those who have said they "don't like lectures" you will say when you have heard these four that they were worth every minute spent and every cent it cost to hear them.

They will come in the following order: Dr. Robert Parker Miles, Andre Tridon and Albert Edward Wiggam on the first three evenings, Cavay on the third afternoon and Wallace Bruce Ambary on the last afternoon.

### MILES

Dr. Miles landed in New York as a youth with 80 cents in his pocket. He has made two tours of the world, he has won recognition as one of the world's greatest newspaper reporters and writers, and he knows how to tell of his experiences interestingly and with dramatic effect. "Yellow Dips" is his lecture subject. In this lecture he describes the more intimate life of a few of the notable men he has met in his world travels—men he has come to know at close range. The list includes kings, emperors and statesmen of worldwide fame.

### TRIDON

A French scholar, war correspondent and author who has made an exhaustive study of conditions in Mexico. He knows the whole of Mexico. He has been over its vast deserts, and he has lived in its cities. In fact, to be brief, he went into Mexico and lived the life of a Mexican so that he might get an inside, unbiased, accurate view of its political and social conditions. While there he supplied news and comment from Mexico for the Outlook, the Independent and numerous other magazines as well as newspapers. He has only recently returned from a trip to Mexico, where he went to get material to bring his lectures up to the minute. His lecture subject is "An Inside View of Mexico."

### WIGGAM

Dr. Wiggam is known the country over as an authority on heredity. He is a member of the largest scientific societies in this country and England, and the things he discusses are presented authoritatively. He believes the subject of heredity is one that will solve the problem of making the race more efficient. It is constructive, informing, and it is worth while. His subject is "Heredity and Human Progress."

### AMSBARY

Dr. Ambary has been known for years as an interpreter of plays and short stories. He is a master genius in the literary world. In his "Foot Sage of Lockerie Street" he will give the interesting personal reminiscences of James Whitcomb Riley, together with an interpretation of his simple songs of every day, filled with the elusive charm of rural life. And, in addition, there is Franklin Cavay, chalk talker and clay modeler.

These are only five attractions out of a combination of ten or more that make up the five days' program. Music will have an important place in the Chautauqua, and there are also the purely entertainment features.

The season tickets, if bought now of the local Chautauqua committee, are \$1.50. If bought at the gate they will be \$1.75. Tickets for boys and girls of from six to fourteen years are 75 cents if bought now, \$1 if bought at the gate. This brings the cost down to a few cents a number. Admissions at the gate total \$3.75. What you need is a season ticket. What the committee wants is to have you buy season tickets rather than pay at the gate. So get in line, and we'll make it the one big event of the year.

## Community Chautauqua

DR. ALBERT E. WIGGAM.

explains why a great man may have an imbecile brother or sister, why some people can't live together and what causes drunkards and paupers, as well as what causes genius and mental glory. In fact, as these things are discussed by Dr. Wiggam they hardly constitute a lecture, but more a dramatic performance. He has lectured before hundreds of Chautauqua and Lyceum audiences.

### MADAME SHANK COMING TO DIRECT HANDEL CHOIR

Mme. Mabelle Wagner-Shank is the director of the Handel Choir, the closing musical feature of the Chautauqua. Mme. Shank's first experience as a musical artist was with Henry W. Savage's forces in New York city. She

MME. MABELLE WAGNER-SHANK.

started in many light and comic operas and later became interested in the organization and coaching of vested choirs and other musical companies. She has brought together some of the greatest soloists in this country. She has a number of companies in the Chautauqua field, but accompanies and personally directs the organization that will be on the program here.
