Mrs. Jos. Halleck of Detroit visited relatives and friends here a few days last week.

Mrs. M. E. Walker went to Bay City Saturday, where she will spend the winter with her daughter, Miss Edyth.

Mrs. Frank Smith of Detroit was here last week, called by the serious illness of her mother, Mrs. Harry Musolf.

Gerhardt Hosbach of Saginaw arrived home Monday to attend the funeral of his aunt, Mrs. Geo. Anschuetz.

The Iosco County Red Cross acknowledges with thanks a contribution of \$5.00 from the Campfire Girls of Tawas City.

W. H. Fitzhugh, who has been drafted, of Westminster, Md., visited a few days last week with his sister, Mrs. C.T. Prescott.

Julius Steinhurst came Monday from Standish and will assist his brother, Arthur, in the harness and shoe repairing business.

Mrs. Geo. Otto and son, Bernard, returned to their home at Bay City Saturday, after a few weeks visit with her mother, Mrs. Anna Birney.

Mr. and Mrs. G. A. Prescott, jr. returned to their home in this city this week after spending the summer at their cottage on the ranch at Prescott.

Mrs. Harry Musolf went to Bay City last Thursday, where she entered Mercy hospital for treatment for blood poisoning in her hand and arm.

Mesdames Wm. Noble and John Hosbach and her little granddaughter, Doris Hosbach, spent Sunday with her daughter, Mrs. Elmer Malenfant at Oscoda.

Frank Laidlaw, who has been transferred from the Ford office at Detroit to their branch office at Buffalo, arrived here Wednesday night for a short visit at his home.

Sheriff Thos. H. Hill left Tuesday for Alma where he will receive treatment from a specialist for throat and ear trouble. While there he will be a guest at the home of his sister.

The M. E. Ladies' Aid will serve a chicken supper at the home of Thos. Davison on Thursday evening, Oct. 25, from 5 o'clock until all are served. Price 30c and 25c. Social time after supper. Everyone come. adv-pd

Mrs. George Anschuetz, an old resident of Iosco county, died at her home on the Hemlock road last Sunday, Oct. 14, after a year's illness with dropsy. The funeral was held at Emmanuel Lutheran church on Wednesday. Obituary next week.

Another aeroplane was seen hovering over the city Tuesday evening, finally making its way slowly toward the west. Several of these machines have been seen in the vicinity recently and it is thought that they are probably practice planes from the aviation training camp near Detroit.

Julius Hartman will leave on Saturday of this week for Basin, Wyo., to spend the winter with his daughters. Mr. Hartman informs the Herald that if suited there he will dispose of his farm here and make his home in Wyoming in the future. He has been a resident of Iosco county for 44 years.

I have moved my garage to the building formerly known as the Grise blacksmith shop, and am prepared to do all kinds of automobile repairing. Special attention given to changing of batteries, vulcanizing tires, etc., also auto accessories and oils. Auto livery in connection. For the present house phone 75-F3. R. G. Harting, adv

Fire insurance. Fred Swartz. adv
John Bay was at Bay City Monday. Cut prices on all trimmed hats. Come in and see them. Mrs. L. L. Johnson. adv

Miss Freda Buchholz of Bay City attended the funeral of her aunt, Mrs. Geo. Anschuetz, Wednesday.

Being overstocked in the millinery line, will offer cut rates on all trimmed hats. Mrs. L. L. Johnson. adv

Rev. Mr. McGill will occupy the pulpit of the Baptist church next Sunday, preaching both morning and evening.

In the write-up of the Hill-Novess wedding last week the Herald gave the name of the groom as Frank Novess, jr. It should have been Henry Novess instead.

Mesdames Julius Killian, Albert Timreck, Geo. Beyer and Loyal Baldwin, all of Detroit, came Tuesday night to attend the funeral of Mrs. Geo. Anschuetz.

Dr. W. N. Yeager will make his next visits to his Tawas City office on Monday, November 5 and Friday, November 9. See him if in need of dental work.

The patriotic Liberty Loan meetings held at the various school houses throughout the county on Monday evening were all well attended and much interest was evidenced. Special programs by the school children were supplemented with short addresses by local speakers sent out by the county committee. A number of bonds were signed up and more were promised by those in attendance at the meetings.

There are a large number of Herald subscribers whose subscriptions have expired or are about to expire, and we would request that these subscribers send in their renewal at once. With the increased cost of paper and everything else entering into the making of a newspaper the profits of the business are reduced to a minimum and in order to keep up the high standard of the Herald it is imperative that all subscriptions be paid promptly. Please look at the date on the label of your paper which shows the date to which you are paid, and if your time is up send in your renewal.

TAWAS CITY RED CROSS CHAPTER

The Tawas City branch of Iosco County Chapter of the American Red Cross began work July 5, 1917, and to date the ladies have finished the following garments which are all packed and ready for shipment:

Eighteen abdominal bandages, 93 towels, 16 nightgales, 9 crocheted wash-cloths, 12 sub. for handkerchiefs, 16 suits pajamas, 6 operating caps, 17 operating helmets, 3 hot water bottle covers, 5 small pillows, 18 operating shirts, 18 napkins, 18 operating socks, 11 knitted mufflers, 16 pairs knitted socks, 11 pairs knitted wristlets, 1 knitted abdominal bandage, 3 sweaters and 3 helmets. One each of the latter two articles were kept for samples.

There has been a good attendance at the meetings held thus far and the ladies have done faithful work. They meet at the court house every Thursday afternoon unless court is in session or the board of supervisors are using the court room, and all ladies are invited to come and participate in the work.

SOME POTATOES.

The best hill of potatoes which has been heard from this fall is that brought in last Saturday by Claude Wheeler, who resides on the old Prescott farm just out of Tawas City, and which found its way to the editor's sanctum through the courtesy of J. M. Waterbury. There were sixteen potatoes in the hill, fifteen of which were of marketable size, and the sixteenth was not to be despised in this day of dollar potatoes. The potatoes weighed six pounds and ten ounces, and Mr. Waterbury who is quite a statistician, figures out that with the hills three feet apart and yielding as freely as this one did there would be 480 bushels to the acre.

Another excellent sample of potatoes was that presented to the Herald man by William Papple of the Hemlock road. There were ten potatoes of the Petoskey variety and they weighed seven and one-half pounds. Of course these potatoes were not all from one hill, but were picked at random from the bin by Mr. Papple. They are mighty fine potatoes and would furnish the ordinary family with enough for three or four meals.

A NARROW ESCAPE

Emil Beck of Alabaster had a narrow escape from death Monday night when he was hit by a freight train and suffered some severe bruises.

Mr. Beck had been brought to East Tawas by some friends to consult a physician. He became separated from his friends, and being somewhat irrational started to walk north on the railroad track toward AuSable. His friends started after him in an automobile, but became stuck in a mud-hole and abandoned the search until morning, coming to Tawas City and going to the hotel.

At about three o'clock in the morning Undersheriff Preston got a telephone call stating that a man had been hit by a freight train near the East Tawas cemetery. He immediately went to the scene and found that the man was Beck, who was in an unconscious condition and had received severe bruises about his face and side. The train men stated that they had seen a man on the track but that he had stepped off and they thought him out of the way. Beck had apparently stumbled back near enough for the train to hit him. He was brought to East Tawas by the trainmen and to the county jail by Mr. Preston, who kept him until the next morning, when his friends took him to his home in Alabaster. He was able to walk to the automobile, but will probably be laid up for some time.

POSTAL RATES INCREASE NOVEMBER FIRST.

Detailed instruction to postmasters on the increased letter mail rates which become effective November 2 under the terms of the war tax bill were issued by Postmaster General Burleson. They do not apply to mail to most foreign countries, which are forwarded by treaties, but they do apply to all domestic mail, and under that classification is included mail to Canada, Mexico, Cuba, Panama, the United States postal agency at Shanghai and all persons in the military service of the United States in Europe. The postoffice department issued these instructions:

Postmasters shall on and after November 2 see that postage is paid at the rate of three cents an ounce or fraction thereof, on letters and other first-class matter, except drop letters. All drop letters—that is, letters mailed for delivery from the office at delivery by city, rural or other carrier of such office, are required to have postage paid on them at the rate of two cents an ounce or fraction thereof. Postal cards are required to be prepaid two cents, and therefore the one-cent postal cards must have a one-cent stamp affixed to them in addition to one cent stamp impressed on such cards. Post cards (private mailing cards) bearing written messages must have two-cent postage prepaid on them.

FOR SALE.

One used Oakland auto; one used Ford with winter top; one 12 gauge double barrel shotgun. I am drafted and going to Battle Creek soon. Have no further use for them and must sell before Sunday at your own price. Alva Schill. Inquire of Wm. Schill at once.

NOTICE.

Archdeacon German, of the Episcopal church held services in Christ church last Sunday evening. At this time a beautiful consecration service was conducted by Mr. German, at which time a large silk American flag was consecrated for use in the Sunday school and church.

The Sunday school children contributed to this flag which Mrs. E. G. Ash, the superintendent, secured through Rev. W. R. Blachford of Owosso.

REVIVAL MEETINGS.

Special Revival Meetings Begin in East Tawas M. E. Church Sunday at 10:30 A. M.

Our city is privileged to have with us the Zoller Evangelistic Party to lead us in the special effort. Rev. Zoller, the evangelist is a power, though but a young man he has had wide experience in dealing with people of all classes and types. He will tell us wonderful experiences in the underworld of Chicago; tales of frontier life with cowboys and bandits as well as experience in reaching folks in higher society life.

Hundreds have accepted Christ under his leadership. Tabernacles and churches have been crowded and packed and people turned away. He has with him two of the best musicians engaged in evangelistic work in the state. Mr. Sutherland, who has charge of the music, will delight us with his solos and it will be a privilege to sing under his leadership.

Mr. Holmes, who presides at the piano, is a genius, a conservatory graduate, a man who has graced the Chautauqua platform. He will astonish us with his playing. Hear the roll of thunder, the dash of waves, the bell in the steeple, the entire chimes.

C. E. ELECTS OFFICERS.

At a rally business meeting and social time of the Presbyterian Christian Endeavor society which was held in the Presbyterian church last Thursday evening officers and chairmen of committees were elected to fill vacancies caused by the removal of some members. The following staff of officers will have charge of C. E. work until January 1:

President—Caius Gordon.
Vice-Pres.—Helen Applin.
Rec.-Sec'y—Evelyn Teare.
Cor.-Sec'y—Ethel Wright.
Treas.—Eva Sanderson.

The following are chairmen of the respective committees:

Prayer meeting—Helen Applin.
Social—Naomi Strong.
Missionary—John Thompson.
Temperance—Earl Wright.
Look out—Ethel Wright.
Flower—Irene Applin.
Music—Helen Applin.

The next social meeting of the C. E. will be held at the home of Miss Helen Applin on Tuesday evening, Oct. 30. A charge of five cents will be collected for the supper.

C. E. Prayer meetings are held every Sunday evening at 6:30. A cordial invitation is extended to all who are not members of any other young peoples' society meeting at this time.

H. C. BRISTOL DEEDS TO CITY LAND WHICH CEMETERY ROAD CROSSES.

The new cemetery road and the cemetery walk crosses lands owned by different parties in this city which the city did not purchase nor receive grants for right of way.

The first part of the road beginning some distance this side of the beginning of the cement walk crosses forty acres of land owned by H. C. Bristol. After the completion of the cement walk and the work on the new road had begun, Mr. Bristol kindly granted to the city the right of way for the good of the public the ground covering 4 rods in width and 80 rods in length along which the road is being built. Mr. Bristol has made a deed of the same to the city for public use.

Some time ago a certain party wished to purchase this land from him, this party intending to charge the city for the use of the above mentioned portion of land. Mr. Bristol under the circumstances refused to sell, wishing to give the city free right to the same.

PATRIOTIC MEETING IN THE HIGH SCHOOL.

Last Monday evening a patriotic meeting was held in the high school for the purpose of getting subscribers for the second Liberty Loan bond. A very small crowd assembled most of which were children, showing somewhat the lack of patriotism in this city. It had been advertised in the local papers as well as daily papers that public meetings would be held in all school houses.

The meeting opened by the singing of "America." Miss Marie Stang, teacher in the high school, then read a number of questions and answers regarding and explaining the second Liberty loan.

B. F. Oakes gave a short address in which he gave some reminiscences of Civil War days and the sufferings of soldiers at that time.

Supt. Sutton gave some remarks in which he brought out some strong, forceful truths of the present situation and the necessity of sacrificing everything possible that will help win this war.

A short talk was then given by Mrs. H. T. Thomas in which she appealed to the patriotism of the audience. (Continued on last page.)

He acts twice who acts quickly. Don't be a laggard but buy your Liberty Bond today.

Get out of the rut. The only difference between a rut and the grave is the length and width.

Buy a Liberty Bond and help conserve our American manhood from the rapacious maw of war.

The reckless automobile driver may think he has a good excuse, but his excuse won't heal the injuries or restore the life of those whom he may maim or kill. Let "safety first" be the watchword.

The more food and fuel administrators there are appointed by the government the higher prices appear to go. The advice to conserve food won't be necessary if prices continue to soar, for the people will be obliged to economize from necessity.

STRAW AS WINTER FEED
On account of the high price of feed, as well as the high price of live stock, farmers are planning to conserve all concentrated feed by substituting as much roughage as possible. The use of a large amount of roughage will enable farmers to produce more pounds of beef, pork, and mutton at large returns for feed. All straw and other roughage, especially oats, wheat and bean straw, should be carefully stacked or baled to keep it in the best possible condition for feeding. Good straw near large markets will also bring good prices when baled.

DEMONSTRATION TRAIN HERE NOVEMBER 3.

A special live stock demonstration train under joint auspices of Michigan Agricultural College, Northeastern Michigan Development Bureau and Detroit & Mackinac railway, will leave Cheboygan, October 31st at 7:00 a. m. and arrive at Bay City November 6th at 3:15 p. m., exhibiting at a number of points along the line. This train will exhibit at Tawas City on Saturday, November 3, from 12:45 noon to 3:45 p. m. Demonstrations and lectures will be given on breeds, feeding, handling, diseases and marketing of cattle, sheep and swine, representative types and breeds will be carried on the train. Exhibit material such as sheep feeding racks, feeding pens, hog troughs, hog pens, cots, etc., will be shown. There will be motion pictures. Excursion tickets will be sold to exhibition stations from nearby points at one fare (half rate) for the round trip, good returning any time up to and including day following date of sale. Tickets good on all regularly scheduled trains. Passengers will be carried on the live stock demonstration train from and to stations where it is scheduled to stop. See agents and hand bills for additional details and information.

NEWS FROM THE IOSCO COUNTY SCHOOLS.

Tawas City High School Notes.
Miss Birney's room is preparing for Hallowe'en.

Louise Look has been perfect in spelling for three weeks.
Sarah Brown and Adam Birchenbach have been absent this week.

The fifth grade have drawn some good maps of South America.

Only three days of school next week on account of teacher's institute.

Patriotic exercises were held in the high school room Monday evening.

The third grade are studying Red Cross Work and Clara Barton for language.

The fifth grade pupils are very much interested in "The Legend of Sleepy Hollow."

The children of the primary room are making cats, owls and jack-o-lanterns for Hallowe'en.

Those perfect in spelling last week in the fifth grade were Earl Goupil, Alice Galbraith, Floyd Irish, Helen Brown, Charles Rouillier and Richard Propper.

The pupils of the third and fourth grades who were perfect in spelling for one week are: Mary Hartingh, Mae Anderson, Charlotte Clute, Albert Davison, Beulah Brown, Walter Berlin, Willie Phelan and Willie Sharp.

Miss Maude Allen of the state library at Lansing, will meet the county normal class the first three days of next week for the purpose of giving instructions in library methods. Anyone interested in library work will be welcome at Miss Allen's lectures.

The board of supervisors, public school teachers, and members of the school board were the guests of the county normal class at a banquet given in the normal room last Thursday evening. The decorations were chiefly autumn leaves. An attractive menu was served and was followed by a program of music and speeches. Many present responded to the request of Mr. Campbell, the chairman, for remarks. Music was furnished by Phyllis Birney, Charles Johnson and Lillian Wicklund. The class sang the county normal song and all present joined in singing America as the closing number.

DOES ONE FOOT REALLY WALK FASTER?

Which foot walks faster? You may think this is a very silly question to ask but it isn't. If you will take a pavement that is clear, and walk briskly in the center, you will find, before you have gone fifty yards, that you have veered very much to one side.
You must not make any effort, of course, to keep in the center; but if you will think of something, and endeavor to walk naturally, you will not be able to keep a correct line. If you lose yourself on an expanse of bleak moorland, and walk on you will describe a complete circle.
The explanation of this is said to lie in the propensity of one foot to walk faster than the other, or take a longer stride than the other, causing you to walk to one side.
To make assurance doubly sure try placing two sticks about eight feet apart, then stand off about sixty feet blindfold yourself and endeavor to walk between them. It is almost impossible.

"FOOD DRIVE" POSTPONED TO OCTOBER 28.

The nation wide "food drive," the canvases of households throughout the United States to enlist housewives in a system of substitution of foodstuffs in the preparation of meals, has been set forward one week. The drive will begin Oct. 28, instead of Oct. 21, and will continue for one week, as originally planned.
The reason for the change is that the food drive would have begun on the same date as the drive to secure subscriptions to the Liberty Loan. The two movements, raising of money and conservation of food, conflicted, therefore, not in underlying principle, but in operation. Men, money and food are the three factors in the problem of success in the great war in which we are engaged. The men are assembled or assembling and on the move. The money is being found, and with the money, a large part of it, food will be bought for the men.
The three problems have been indissolubly connected from the first, and cannot be separated. The food conservation problem is as important as any. If there isn't food to be bought what good the men or the money? "An army moves on its stomach," said Napoleon, who was something of a warrior and knew the problems of warfare about as well as any man that ever lived.

This is where the housewives of the nation, of Michigan, come into the national service. Food supplies are being constantly diminished. Surpluses, where any remain, are dwindling. This is the fact the world over. This country never saw anything like it. The effect is reaching into every home in Michigan. Something has got to be done. The armies have got to be fed and those of us condemned by circumstances to stay at home have got to feed ourselves and the fighting men both. To do it we have got to get down to a new basis and a new system of living. We've got to save. The high flown name for the saving system is "conservation."
Beginning Oct. 28 the effort will be made by duly accredited agents of the United States food conservation forces to enlist every housekeeper in the 804,000 homes in Michigan in the conservation army. Wheat, flour, meats, sugar and fats - butter, and other milk products - are the four things the army needs most. The only way to furnish them is by a system of substitution of other things for them in the homes - the 20,000,000 homes in this country. That will effect a saving, a tiny bit, perhaps, in each home but a mountain pile in the country. Housewives will be pledged to use such things as corn flour and rye flour for wheat flour in a part of their cooking; to use fish in place of some of the meat, and so on. Sugar is the big problem. There is not much chance for substitution there, as the cookery experts have explained it to the conservationists. There will evidently have to be outright denial in use to a reasonable extent to make a saving possible. "No more frosting on the cakes for a while," as a sneaker before the assemblage of Michigan county chairmen recently said, "or, better, no cake at all."
It has been indicated that there are estimated to be 20,000,000 homes in the United States, 804,000 in Michigan. Now, in the second week of the organization campaign, federal food administrators in the states have already pledged themselves to enroll 12,600,265 of them, and this number will be added to from day to day. The preliminary canvass has encouraged the Michigan organization to establish as its goal 80 per cent of Michigan families. The many, it is hoped and expected, to see on the honor roll of the conservation army when the big drive ends Nov. 3.

Ordinance No. 65.
An ordinance to be termed the Annual Appropriation Bill making provision for and appropriating the several amounts required to defray the expenditures and liabilities of the City of Tawas City for the ensuing fiscal year.

The city of Tawas City ordains:
Sec. 1. That there shall be raised upon the taxable property of the city of Tawas City, the following sums: the sum of Two Thousand Dollars (\$2,000.00) which amount so raised shall be placed in and constitute the contingent fund.

Also the sum of Two Thousand Dollars (\$2,000.00) which amount so raised shall be placed in and constitute the general street fund.

Sec. 2. The foregoing appropriation and provisions are made and required to defray the expenditures and liabilities of the corporation of the city of Tawas City, Michigan, for the ensuing fiscal year, payable from the several funds heretofore mentioned and set forth, and it is hereby determined that the above amounts are necessary to be raised by levy and to be assessed upon the tax rolls of said city for the year 1917 and to be paid into the several general funds. The object and purpose is heretofore specified and set forth together with the amounts appropriated for the object or purpose of each of the general funds.

This ordinance is in conformance with Chapter III, Act No. 215 as amended, Compiled Laws 1897, 1898, 1899.

Sec. 3. This ordinance is enacted and ordered to take immediate effect.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

LIBERTY ENRICHING THE WORLD.

Let us lend our money to Uncle Sam cheerfully---Let us lend it enthusiastically--- Let us lend it with a hip, hip, hurrah!

If the American people lend their billions now, one and all with a hip-hip-hurrah, it means that America is united and strong. While, if we lend our money half-heartedly, America seems weak and autocracy remains strong.

Money means everything now; it means quicker victory and therefore less bloodshed. We are in the war, and now Americans can have but one opinion, only one wish in the Liberty Loan.

There can be no two "opinions" on the liberty loan. Now that we are in the war, our boys will go to Europe. You cannot stop them. More and more will go--until the decisive date. The stronger we are, the quicker the victory, the sooner the end of bloodshed. Every liberty bond bought now means an American life saved.

Every man and woman, boy and girl who earns should save and buy a bond. You can get one for a few dollars down, say one or two dollars; then start saving. Buy what you can afford. In these doubtful times we all should save--and then put our money in the safest place; and what other place is as safe as the Treasury of the United States? Your bond is like a mortgage on the whole United States, on everything in the United States, and you can cash it with full per cent interest any day you need the money. And tax free, absolutely tax free for common folks as long as they live. It is indeed a superb investment for rich and poor.

There is a man in Washington watching us today with grave interest. He knows the people will lend their money--but he wants to be sure that they all do it enthusiastically, and that all join in. This man wants you--that means YOU-- to have a hand in raising this money, to have your heart there, too--That is what this man told us. And that man is our President--Woodrow Wilson.

FARMERS PROFIT FROM BOND SALE

\$500,000,000 OF LIBERTY LOAN WILL BUY FOODSTUFFS FIRST YEAR.

2,145,117 MEN ARE TO BE FED

Products of the Soil Must Be Purchased in Million Pound Lots For An Indefinite Period.

The importance to the Michigan farmer of the \$3,000,000,000 Liberty loan fund which the government is raising is well set forth in the statement on equipping and feeding our national army, recently published by the war department. During the first year alone the greater part of \$500,000,000 of the fighting fund must be returned to the farming communities of the United States.
There are at least 1,645,117 men in the army and navy, and the first national army. If 500,000 men are called in the next draft, as seems probable, there will be at least 2,145,117 men to be fed, clothed and equipped.
It is estimated that it costs 35 cents a day to feed a man in the army and 45 cents in the navy. This would mean that \$282,647,230 would have to be spent for food in one year for the army and navy, the first draft army, and the half million who probably will be called.
It is believed that it costs \$50 to equip a man for the army, and \$60 for the navy. At this rate it would cost \$109,587,000 to equip the forces mentioned above.
There must also be considered an item of \$118,625,000 for feeding horses and mules in the army. Tacking all these items together, the bill is \$510,859,230.
The British army contains 5,000,000 men. The British government has spent \$1,250,000,000 for feeding and clothing these men. That means that \$500,000,000 was expended for 2,000,000 men on the other side, or as much per man as the United States is spending.
Horses and mules accompanying the American army to Europe must be provided every year with 45,000,000 tons of hay, 18,000,000 bushels of oats, 16,000,000 bushels of bran and 100,000 tons of straw bedding. In round figures, this produce will cost the government \$325,000 every day, or \$118,625,000 every year. The farmer is the one who profits most from this great expenditure on the part of the government. Another instance where the farmer benefits from the war is as follows. The navy department in the next twelve months will need canned vegetables in the following amounts:
Corn, lbs. 5,000,000
Peas, lbs. 5,000,000
Lima and string beans, lbs. . 5,000,000
Tomatoes, beets and spinach, lbs. 10,000,000
Then, too, three-quarters of a million pounds of dried apples, two million pounds of apricots and almost four million pounds of jams and preserves will be required.
The rationing of the new army, including the men who have been drafted, is a stupendous task. There will be sixteen cantonments, and these will require annually:
3,200,000 bu. of potatoes,
920,000 bu. of onions,
48,000 gals. of pickles,
40,000 gals. of vinegar,
54,000 bu. of navy beans,
70,000 bu. of evaporated apples,
50,000 bu. of evaporated peaches,
15,500,000 lbs. of butter,
25,000,000 lbs. of canned tomatoes,
15,000,000 lbs. of coffee,
40,000,000 lbs. of sugar,
240,000,000 lbs. of bread,
250,000,000 lbs. beef, mutton and pork; and this does not include tea, milk and fresh vegetables.
For every man in the trenches, four persons must work behind the lines to keep him supplied with food, clothing and ammunitions. Not the least important of these four is the farmer. Remote from the scene of activity—often uninformed from day to day of the movements of our troops—none the less does the duty rest upon him of supplying the soldier with food and a considerable portion of the raw material used in his equipment.
All of this increased buying is going to bring an added income to the small communities, to the farmers and stock raisers. Though the activities of the people of this country are going to be different than those in times of peace, there will be no lull. On the contrary there will be more work to do than there are men and women left on this side of the Atlantic to do it. To supply our own army and navy with food and equipment, and to furnish our allies with the wherewithal to continue the struggle, is a task that requires the unceasing energy of every American.
Since so large a part of the money raised by the Liberty Loan will be spent with the farmer, it is not only a patriotic duty but a good business proposition for him to invest in government bonds. The increased income from larger profits should be invested in the safest and best possible way.

PATRIOTIC MEETING IN THE HIGH SCHOOL

(Continued from first page).
pealed to the people to do their utmost in this struggle. Mrs. H. E. Anker, who has been appointed chairman in this city, under Mrs. Frank Stickey, chairman of the county to secure liberty loans that will be credited to the women of America, asked those who could take out liberty loans to secure them from her. The women of America have pledged themselves to secure \$1,000,000,000 in Liberty loans and the state of Michigan, \$1,000,000.
W. B. Piper had brought some records of the Victrola, and during the intermissions "Columbia the Gem of the Ocean" and "The Battle Hymn of the Republic" were given.
At the close of the meeting "Star Spangled Banner" was sung by the audience, Miss Thelma Stealy presiding at the piano.
The following poem composed by Morton Walker, formerly of this city, now of Detroit and who has enlisted in the navy and is now at the front, appeared in last week's issue of the Gazette. The poem is so good that we print it in the East Tawas Department this week for the benefit of our East Tawas readers.
"Down With Autocracy."
The war clouds are gathering thick in the east,
The peaceful vocations of men have ceased,
Go forth into battle, each mother's son,
To save what our fore fathers died for, and won.
Come on to the front with your brawn and brains
And the spirit of seventy-six in your veins,
We need you right now, and we need you bad, too,
Every day that you slack is no credit to you.
Our honor's at stake and our country's in trouble,
So take up your arms, to the front on the double,
Each man do his bit and show he's a backer,
We all know that God and the world hate a slacker.
The eyes of the world are upon you, young fellow,
Do you want it to see plain as day that you're yellow?
There are only two channels open to you—
One is the khaki and one is the blue.
Let us rise in our might to our task on the run,
With the bursting of shells and the roaring of guns;
We know that our cause is most righteous and just
And we won't see "Old Glory" dragged into the dust.
Hurrah for Old Glory, the Red, White and Blue,
And remember the things she has done for you,
Forget for a time your work bench and tools,
Until autocracy's crushed and democracy rules.
PEPARE FOR WINTER
October is a good month to repair the buildings and get them in good shape for winter use. This is especially true of sheds, barns, feed lots, and other buildings used by live stock.
The farm equipment of machinery, tools, etc., also should be looked after. Proper protection from the weather, a little paint to prevent the rotting of wood and some heavy grease or paint to prevent the rusting of iron and steel parts will make the tools last longer.
IT WILL COST SOMETHING.
Yes, you can have your own way in this world—but in the end you'll have to pay mighty liberally for it.

TOWNLIN TOPICS.

Don't forget the DeLaval service day at the Tawas Butter Co. on Tuesday, October 23.
Harrison Frank from Rogers City was on the Townline visiting last week. He had his family with him.
Elder M. A. Sommerfield and wife and Harrison Frank and wife attended the L. D. S. conference at Beaverton on Saturday and Sunday. They

made the trip with an Overland. Willard Shotwell of Whitmore and Ada Webb of Tawas township, were united in marriage on Thursday, Oct. 11, at 5 p. m., by Elder M. A. Sommerfield, of Tawas. A bountiful supper was served to the guests. They took the train on the same evening for Beaverton. They have the best wishes of their many friends in this vicinity for a long and prosperous married life.

will hold his dispensary clinic for all his patients and others anxious to see him. Dr. Sanders is too well known in this locality to need an introduction. His hundreds of patients cured will testify to his ability as an expert physician and medical authority. No matter what your ailment is, if you are not in perfect health, do not fail to see him and have him examine you. Consultation and examination on this visit will be free. Remember the date of his visit. For one day only.

U. S. Bonds the World's Best Buy

The world offers no better deed, no better investment than U. S. Government Bonds of the Second Liberty Loan.

Your dollars will be fighting for your country, and storing up an income for your home.

Invest all your savings in U. S. Liberty Bonds. You will make your savings safe, and set them to earning 4 per cent interest, payable semi-annually. You will invest them for your country and your home.

A U. S. Bond is money that brings you an income. Common sense, as well as sentiment, demands that every spare American dollar be invested in a Liberty Bond.

You can buy Liberty Bonds in small denominations, as small as \$50, and you can pay for them in installments—2 per cent with order; 18 per cent Nov. 15, 1917; 40 per cent Dec. 15, 1917; 40 per cent Jan. 15, 1918.

Go at once to the nearest Liberty Bond station, your bank, the nearest bank, your post office, a department store, and buy. Or send for a bond to the U. S. Treasury Department, at Washington.

Tell your country how much it means to you—in Liberty Bonds
