N. C. Harting made a business trip to Chicago Friday.

A. Steinhurst of Standish spent Sunday with his son, Arthur.

Mrs. Roy Charters of Whittemore was a guest of her sister, Mrs. S. Goupil, Wednesday.

Fred Neuman returned to his work at Lansing on Saturday, after a few days visit at his home here.

Miss Louise Pfahl of Bay City arrived Wednesday afternoon for an extended visit at the home of her parents.

Mr. and Mrs. George Culham, jr., and children returned Wednesday to their home in Cabri, Sask., after an extended visit with relatives.

Dr. W. N. Yeager will make his next visit to his Tawas City office on Monday, December 3 and Friday, December 7. See him if in need of dental work.

Howard Rollin, who is a member of the U. S. Marine Corps, stationed at Brooklyn, N. Y., arrived last Saturday for a week's visit with his parents, Mr. and Mrs. W. Rollin.

Mrs. Martha Murray returned to New York on Friday, where she will visit with relatives for an indefinite time. She was called here last week by the death of her brother, Albert Short.

Frank Drzewiecki of Tawas township is acting as special representative of Michigan Business Farmer in Iosco county and he has a special proposition to offer on this publication in combination with the Tawas Herald. See him or inquire at this office.

Miss Maud Tetu, nurse from Mercy hospital, Bay City, arrived here Saturday to take care of the two typhoid fever patients at the home of Alfred Holmes.

H. Musolf and daughters, Eleanor and Laura, and Mrs. Wm. Wendt and daughters, spent Saturday with Mrs. Harry Musolf at the Mercy hospital at Bay City.

Glen McLeod returned Wednesday to his work as coast guard at Vermilion, U. P., after a visit at the home of his parents, Mr. and Mrs. Malcolm McLeod.

Mr. and Mrs. Harry Rollin and children of Flint came here Friday for a few days visit with their parents, Mr. and Mrs. Fred Rollin, and while here Harry is enjoying a few days deer hunting.

For the last shipment of Red Cross supplies the Tawas City chapter furnished the following: 9 sweaters, 6 helmets, 12 mufflers, 4 pair wristlets, 11 pair socks, 6 pillows, 12 suits pajamas, 23 abdominal bandages, 2 knitted wash cloths, 1 large bunch gun wipers.

Just as the Herald is going to press Thursday evening a report is heard that Joseph Shampine was drowned at East Tawas at about five o'clock Thursday afternoon. He fell from a boat and though life preservers were thrown him he did not come up and at last reports the body had not been recovered.

Considerable excitement was aroused in the city Wednesday evening when two U. S. submarine chasers came into the harbor here and laid up for the night, giving local people their first sight of real fighting boats. The craft were on their way to the coast, having been built at some of the lake ports.

I have moved my garage to the building formerly known as the Grise blacksmith shop, and am prepared to do all kinds of automobile repairing. Special attention given to charging of batteries, vulcanizing tires, etc., also auto accessories and oils. Auto livery in connection. For the present house phone 75-F3. R. G. Harting. adv

The deer hunting season opened last Saturday and a number of the local nimrods have been tramping the woods this week, but with little success. The only lucky ones of whom we have heard are John Phelps of Alabaster, Ernest Scriber of East Tawas and John Patterson of Tawas City. The hunters would welcome a fall of snow.

There were 225,075 automobile licenses issued in the state of Michigan for the year ending Nov. 1, 1917. There were also 8,685 motor cycle licenses, 850 manufacturers and dealers licenses, 19,651 chauffeurs licenses, and 10,882 transfers. The total amount of tax collected was \$2,469,812.08. The department of state requests that those who want licenses for 1918 by January 1, make their applications as soon as possible, as much delay and disappointment will be avoided if applications are made this month or next.

CREAMERY MEN WILL TRY COLLEGE LIFE.

Week's School is Planned at M. A. C. For Them, Dec. 17 to 22.
East Lansing, Mich., Nov. 12.—Experienced buttermakers and creamery managers in all parts of the state who would like to learn how the world has been moving in the buttermaking industry within the past year will be enrolled at the Michigan Agricultural college during the week of December 17 to 22 inclusive for a six day's course. The six days of lectures and demonstrations, which will be conducted under the auspices of the dairy division of the college and members of the state dairy and pure food commission, will be given by members of the dairy faculty of M. A. C. and a number of nationally known experts. The course, for which any creamery man or buttermaker in the state may enroll, is designed, according to announcement from the dairy department of M. A. C., "to meet the needs of the experienced buttermaker and the busy creamery manager. It is decidedly advanced in character and will not be appropriate, therefore, for the person of limited experience. It is intended for the man who already has a competent knowledge of the dairy industry, and who can spare only a few days from his work to review some of the more salient features of butter manufacture."
E. V. Esmond was home over Sunday.
E. B. Follette is running a new Ford.
Uncle "Ame" Lobbell is on the sick list.
We sure are enjoying these beautiful Indian summer days.
Wm. Hobart of Temperance is doing business here this week.

THRESH YOUR BEANS TWICE

It will prove the best paying investment of a life time to put your beans straw through the threshing machine a second time and, if the plants are damp and tough it will pay big to give them the "thrice over"
Last winter when bean prices began to soar some of our neighbors in the vicinity of Howard City—doubtless many others did likewise in other communities—threshed or failed their bean straw two and three times. E. M. Miles realized \$60.00; Edward Kelley earned \$210.00; Albert Hackbardt bulged his receipts \$220.00. There were others.
Last week when we threshed at the demonstration farm, a fraction over nine acres of beans yielded 59 bushels on the first run through the machine; the straw was put in again, producing an additional 13½ bushels; or 23 per cent of the first run. The beans were sold the next day at \$6.90 a bushel; thus the direct increased earning was \$93.15 gross, less \$5.00 for re-threshing, \$88.15 net. This saving of hitherto waste would serve 320 plates of baked beans on the basis of 3 oz. per plate. Or, for a family of five it would provide 864 meals.
Naturally every tiller of the soil owes it to himself and to his family to make his industry, the farm, pay a maximum profit. Moreover, in these days it is manifestly his duty to aid in every possible way to increase and conserve every food product.

OH, WHAT'LL THEY DO?
Some reformers are going to be awfully unhappy in heaven if there is nothing there that needs reforming. And they're pretty apt to have to associate with a number of people they snubbed in the slums while doing settlement work.

NOTICE OF LETTING OF DRAIN CONTRACT.

Notice is hereby given, that I, Robt. C. Arn, County Drain Commissioner of the County of Iosco, State of Michigan, will on the 4th day of December, A. D. 1917, at the John Henry farm in the township of Baldwin, in said county of Iosco, at 9 o'clock in the forenoon of that day, proceed to receive bids for the construction of a certain drain known and designated as "Tawas Lake, or Extension to Sims Creek No. 2 Drain" to be located and established in the township of Baldwin, in said county of Iosco, and described as follows, to-wit:

Commencing at the center line of the terminal point of Sims Creek No. 2, at station No. 27 of said drain in the NE $\frac{1}{4}$ of SW $\frac{1}{4}$ of section 7, 9 $\frac{1}{2}$ degrees east, to station 28 plus 22 $\frac{1}{4}$; thence north 81 degrees east to station 30; thence south 51 degrees east to station 31; thence south 85 $\frac{1}{2}$ degrees east to station 34; thence south 61 degrees 15 feet east to station 35 plus 15; thence south 54 $\frac{1}{2}$ degrees east to station 36 plus 47; thence south 24 $\frac{1}{2}$ degrees east to station 39 plus 3; thence south 44 degrees east to station 43 plus 73; thence south 6 degrees east to station 47 plus 23; thence south 33 degrees east to station 45 plus 72; thence south 34 $\frac{1}{2}$ degrees east to station 51 plus 15 $\frac{1}{2}$; thence south 14 degrees, 45 feet east to station 52 plus 58; thence south 32 $\frac{1}{2}$ degrees east to station 54 plus 64; thence south 67 degrees east to station 55 plus 70; thence south 79 $\frac{1}{2}$ degrees east to station 58; thence south 41 $\frac{1}{2}$ degrees east to station 58 plus 39; thence south 2 degrees 45 feet west to station 59 plus 42; thence south 21 $\frac{1}{2}$ degrees east to station 60; thence south 10 degrees east to station 61 plus 21; thence south 49 degrees east to station 62 plus 67; thence south 65 degrees east to station 65 plus 75, section line between sections 7 and 18; thence in section 18 south 64 degrees 45 feet east to station 67 plus 58; thence south 29 $\frac{1}{2}$ degrees east to station 68 plus 66; thence south to station 70 plus 23; thence south 11 $\frac{1}{2}$ degrees east to station 71 plus 33; thence south 4 degrees west to station 74, on west shore of Tawas lake.

Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in the sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall be announced at the time and place of letting.

Notice is further hereby given, that at the time and place of said letting, or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits to the lands comprised within the "Tawas Lake or Extension to Sims Creek No. 2 Drain Special Assessment District," and apportionments thereto, will be announced by me and will be subject to review for one day, from nine o'clock in the forenoon until five o'clock in the afternoon.

Minutes and Specifications

For the "Extension of Sims Creek Drain No. 2" in Baldwin township, Iosco County, Mich.:

1. Station stakes and grade hubs are set every one hundred feet along the said extension. All station stakes are numbered in consecutive order commencing with station 27 plus 00 at the terminal of the Sims Creek Drain No. 2, in section 7 and continuing to station 74 plus 00 in section 18, where the said extension empties into Tawas lake. All station stakes and grade hubs are placed 25 feet south and west of the center line to station 69; from station 69 to the outlet the station stakes and hubs are placed 25 feet east of the center line. In case it becomes necessary to change the center line from the hubs, the change will become part of these specifications and the right is reserved to make any such changes.

2. The contracts for the said drain will be let in sections as follows: No. 1, from station 27 plus 00 to station 43 plus 73 in the south $\frac{1}{2}$ line on section 7 aforesaid, distance 1673 feet. No. 2 from station 43 plus 73 to station 65 plus 75 in the section line between sections 7 and 18, Town 22 N, R 8 E, total distance of No. 2, 2802 feet. No. 3, from station 65 plus 75 to station 74 plus 00 at the outlet in Tawas lake, distance on No. 3, 825 feet. Total distance of the three sections of the drain, 4700 ft.

3. Two rods of right of way will be required for digging said drain and depositing of excavations. In clearing right of way, all green timber not interfering with the digging and excavations of said drain shall not be injured or cut, but shall be left standing.

4. All excavations shall be deposited 3 feet clear of each bank of said drain.

5. All timber and driftwood, logs, brushwood, stumps, etc., shall be removed from the entire width of the drain, and shall not be covered by the excavations of said drain.

6. Where said drain runs parallel to any fence and it is necessary to remove said fence, the contractor shall remove said fence and shall not be required to rebuild the same.

7. The slope of each bank of said drain shall be as follows: From station 27 plus 00 to station 43 plus 73 the slope shall be 1 $\frac{1}{2}$ to 1; from station 43 plus 73 to station 47, the slope shall be 2 to 1; from station 47 to station 53 the slope shall be 1 $\frac{1}{2}$ to 1; from station 53 to the outlet the slope shall be 1 to 1.

8. The grade hubs shall not be destroyed but shall be left in their original positions when the work is completed.

9. The width of the bottom of said drain shall be as follows: From station 27 to station 37 width of bottom, 4 feet; from station 37 to 39, width of bottom, 4 $\frac{1}{2}$ feet; from station 39 to station 51, width of bottom, 5 feet; from station 51 to station 53, width of bottom, 5 $\frac{1}{2}$ feet; from station 53 to outlet, width of bottom, 6 ft.

10. The depth of said drain from the grade hubs, the amount of cut from the center, and the width of the surface excavations at each station and the elevation of grade are given in feet and decimals, and are as follows:

The COUNTRY GENTLEMAN

would be to many men (and women, too) who are putting in the best years of their lives on farms, yet so often fail to get what is really due for their efforts.

Maybe you think you are getting all the money and pleasure possible out of your land. But some day when I pass your place I'm going to stop and tell you all about The Country Gentleman.

This great farm paper is published every week and is sent to every state in the Union. It is full of new ideas and suggestions that mean more money for the farmer and less work for his wife. You won't find a lot of theories and

impractical schemes. The writers in The Country Gentleman are people who have done the things they talk about.

There are departments for the boys and girls, too—games, entertainments, crack-a-jack stories—there'll be a race for the mail box every week.

The Country Gentleman will be sent to you for a whole year—52 issues—for only \$1. The easiest way is to give your subscription to me. I'll be around to see you as soon as I can, but if you want a sample copy to look over at your leisure, let me know now.

A PIONEER SUMMONED.

John T. Thompson was called to the Great Beyond last Friday, Nov. 9, death taking place at the home of his son, Henry, at Emery Junction. The cause of death was paralysis. He had been in poor health for about five years and was confined to his bed for the last couple weeks, when death came to his relief. The best of care and best of medical aid seemed to be of no avail. During his illness he bore his suffering patiently and uncomplainingly and was well prepared and willing to go to his eternal resting place.

He was born at Erie, Edward Island, Canada, March 17, 1843, and was 74 years, 8 months and 22 days old, when the angel of death called him. He was married to Emily Baker at Tawas City in 1876. Mr. Thompson came to this country about 45 years ago and has been a resident of the county most of the time and on many occasions told interesting facts about this part of the state at that time. He was very well acquainted all over this and adjacent counties. He was always known to all his relatives and friends as a very generous and religious man.

He leaves to mourn his demise a wife and eleven children, all of whom were at the funeral, but one daughter. Funeral services were held at the home of his son, Henry at Emery Junction Sunday. His son, James R. Thompson, of Frederick, officiating and preached an excellent sermon and interment was made in the Reno cemetery. The many friends extend to the bereaved family their sincere sympathy in their recent loss of a beloved husband and father.

CARD OF THANKS.

The wife and family of John Thomas Thompson wish to thank the many friends who offered their kind assistance and sympathy during the illness and death of their husband and father.

Signed,
Mrs. J. T. Thompson and Family.
