The annual Tri-County Lincoln club banquet will be held April 16 in the new auditorium at Oscoda. We are advised by Will McGillivray, a member of the committee, that a smoker will be substituted for the usual banquet in the interest of food conservation. Former Gov. Chase S. Osborne will be the principal speaker.

Carl Samuel, who for the past three years has held the position of linotype operator on the Herald, left last Friday for Standish to accept a similar position on the Arenac Independent. During his residence in Tawas City Mr. Samuel has made many friends who will join with the Herald in wishing him the best of success in his new location.

Ernest Chase went to Bay City last Saturday, where his little three year old son, Wardwell was a patient in Mercy hospital and was to undergo an operation for enlargement of the liver and obstruction of the lower bowels. After an examination, however, the physicians decided that it was impossible to operate, and held out little hopes for the boy's recovery.

Some confusion was caused by the change of time the first of this week. Some people who had been keeping "local" time set their clocks an hour ahead with the result that they found themselves a half hour ahead of the time as fixed by the law recently passed by congress. There is now since the change only one time and that is central standard time, which corresponds to the former eastern standard time. Every clock in the community should therefore show the same time under the new order of things and there is no cause for anyone to get mixed in the matter.

Considerable dissatisfaction has been expressed this week over the manner in which the change of time has been applied to the schools. Under the old time the school began at 8:30 standard time, allowing the children to get home for dinner at the same time as their fathers who were working. Since the change the school begins at 9 o'clock and runs until 12, thus making the children a half hour later to dinner and forcing their mothers to serve that meal at two different times of the children and their fathers. The general sentiment seems to be that the schools should begin at 8:30 central standard time the same as they did before the change.

Fire insurance. Fred Swartz, adv. C. T. Prescott went to Detroit Tuesday on business.

Miss Amelia Anderson of Bay City spent a few days this week at her home here.

Mrs. Black of Maple Ridge has been a guest at the home of her daughter, Mrs. A. W. Colby, this week.

Jus received, a fresh line of straw hat dyes. The People's Pharmacy, H. J. Keiser, Prop.

Any farmers wishing sugar beet contracts for this year, please advise George W. Mount, Tawas City, Mich.

Mrs. Chas. VanHorn returned to Ithaca Wednesday, after a six weeks visit with relatives in Tawas City and vicinity.

Among the boys who went to Camp Custer from Flint with the last contingent was Temple Harris, son of Mr. and Mrs. Chas. Harris of this city.

Dr. W. N. Yeager, dentist will make his next visits to his Tawas City office on Monday, April 1, and Friday, April 5. See him if in need of dental work.

Mr. and Mrs. H. E. Gates have sold their residence in this city to Fred Swartz and will move next week to Bay City, where Mr. Gates will be employed.

The Herald is in receipt of a letter from F. Gilch, the optometrist, stating that owing to illness he cannot fill his dates in Tawas City as advertised last week, but will come later.

A. Steinhurst and family moved back to Tawas City from Standish last week and are now settled in their residence here. Mr. Steinhurst will again conduct his harness shop, in this city.

Supervisor H. C. Hilton is spending several days this week on the Marquette district of Michigan national forest, supervising timber sales and making arrangements for the coming fire season.

Owing to being short handed in the mechanical department this week the Herald is obliged to omit some matter which would otherwise have appeared. Among which is the election returns from the township.

The Herald has received a large number of names for the Iosco county honor roll which we will soon publish. If you have a son, brother or friend in the service send in his name and address, as others may like to know it.

The Michigan Liberty Loan Commission has requested ministers throughout the state to make next Sunday, April 7, Liberty Loan Sunday and to preach sermons on that day urging the people to purchase bonds as a patriotic duty.

Mrs. H. E. Gates was delightfully surprised on Wednesday evening of this week by about 20 of her friends. The evening was spent in music and games, after which a dainty luncheon was served. The guests all expressed the best wishes for Mrs. Gates in her new home in Bay City.

English services will be held at Zion Lutheran church on Sunday, April 14, at 7:15 p. m. Subject: "The Lutheran Position Toward Government," with special reference to the present situation. DEATH OF MRS. MARY PATTERSON

Mrs. Mary Patterson, an old and respected resident of Tawas City, died at the home of her daughter, Mrs. Lida Stickney, last Friday night at about 11:45. Deceased had been in poor health for about a year and had been confined to her bed the past two months.

Mrs. Patterson's death is sincerely regretted by a large circle of friends to whom her kindly ways and true Christian spirit had endeared her during the years she had made Tawas City her home. Tokens of this high esteem were manifested by the many beautiful flowers with which her casket was nearly hidden.

Mary M. Scout was born in Pennsylvania July 31, 1844, and had she lived until the coming July she would have been 74 years of age. She came to Lenawee County, Michigan with her parents when an infant and lived there until after her marriage.

On August 18, 1862, she was united in marriage to James Patterson at Adrian, and in 1866 they moved to Cass County, where they resided until they came to Tawas City in 1896. Four children were born to them, all of whom are living. They are, Len J. Patterson of this city, Orville Patterson of Toledo, Mrs. Lida Stickney and John Patterson, also of Tawas City. There are also nine grandchildren.

Mrs. Patterson united with the Christian church at Cassopolis in 1878 and has always been a consistent member of that denomination. And her life has been an example of her belief in a practical Christianity. She was a true and faithful wife, a kind and loving mother and a loyal and thoughtful friend.

The funeral services were held at the home of Mrs. Stickney on Monday afternoon at 2 o'clock. Rev. McAndrew of the Presbyterian church officiating and was attended by a large number of sorrowing friends. The remains were laid to rest in the family lot in the Tawas City cemetery beside her husband who preceded her in death some years ago.

DEATH OF MRS. EUGENE SWEM

On Tuesday evening our community was saddened by news of the death of Mrs. Eugene Swem, who passed away that evening at the home of her parents, at Ashton, whither she had been taken from the hospital at Grand Rapids. Mr Swem was here at the time, having come back to settle up his affairs with the intention of going back and remaining with his wife, whom the doctors had advised him was on the road to recovery. On Tuesday afternoon he received a message stating that she had suffered a sinking spell and urging his return. At about 7:30 he received another message that she was dead. He left on the morning train Wednesday.

Mrs. Swem's death is sincerely regretted by the large circle of friends which had she made during her three years residence in Tawas City, and who had hoped for her ultimate recovery. She was a member of the Twentieth Century Club of this city and had been identified with the social life of the community and with the work of the M. E. church of which she was a member. Besides the bereaved husband she leaves one son, Floyd, her parents and a number of other relatives to mourn her loss.

The sympathy of the entire community goes out to the bereaved family in their great and irreparable loss.

CHRISTIAN ENDEAVOR RALLY

A. C. E. rally will be held April 6-7 at the Baptist church of this city. Mr. A. Laverne Spafford, State Field Secretary of the Michigan Christian Endeavor Union will be held here to conduct the meetings. Mr. Spafford is a leader among the young people and will bring an inspiring message.

A chorus choir, vocal and instrumental solos, duets, etc. will be features of the meeting.

The morning service of the Baptist congregation will be held at the usual hour, 10 official standard time. Sunday school following.

The usual evening service will give way to the C. E. rally.

CARD OF THANKS.

We wish to extend our thanks to the kind friends and neighbors who offered their sympathy and assistance during the illness and death of our beloved wife and mother. Also to the choir for the music and those who sent the beautiful flowers.

LETS PUT IOSCO COUNTY "OVER THE TOP"

This Was the Sentiment Expressed at War Board Meeting at Court House Last Friday

Forty-eight of the fifty-four members of the war preparedness committee of Iosco county were present at the meeting called for last Friday, March 29, at the court house in Tawas City. Besides this large attendance of those directly interested there were a large number of other patriotic people among whom were many of the older school children, the school having declared a holiday in accordance with the request of the county War Board, and the court room was filled to its capacity.

The meeting was called by the county War Board to discuss the coming campaign for the Third Liberty Loan, and to instruct the members of the war preparedness committee as to the part they were expected to take in the campaign.

For the enunciation of earnest patriotism there has probably never been a meeting held in this county that excelled it. The keynote was "patriotism" and every speaker from first to last used it as his theme. And if the earnestness and enthusiasm displayed by those in attendance is any criterion then Iosco county certainly will do her share in the coming campaign.

The meeting was called to order by Chairman Jas. E. Dillon of the War Board, who in a few words explained the object of the meeting and emphasized the necessity of perfect co-operation in securing the subscriptions for Iosco county's quota of the Third Liberty Loan.

He next introduced William Comstock of Alpena, who gave a short address in which he reminded the audience that our own boys are now at the front fighting for liberty for the world and that soon we should be reading some of their names among the casualties. He stated that from all indications we are in for a long war, that will not be finished this year or next, but that the American people will be called upon to make many sacrifices before the dawn of peace. He also spoke of the need of cooperation and team work in handling the various war activities and made some good suggestions along these lines.

The meeting then adjourned for the noon hour and assembled again at one o'clock. L. J. Patterson, secretary of the war board and chairman of the Liberty Loan and War Savings committee, gave a short talk on the war savings stamps and explained how those who could not subscribe for the bonds could still help the government by the purchase of the thrift stamps and war savings certificates.

He reported that the sale of these securities in Iosco county up to the present amounted to about \$7,000. The chairman then called on various members of the war preparedness committee, school teachers and other citizens for short talks, all of whom responded in an optimistic vein regarding the project in hand and the ultimate victory of our arms in the world conflict.

Wm. E. Stanton, the supervisor for this district of the Liberty Loan campaign, was the next speaker. He explained the system which is to be used in this campaign, which is a card index system by which every citizen will be listed as to his taxable property both real and personal, and his general financial resources. A personal canvass of the county will be made by solicitors and every man will be asked to buy a bond. If he refuses he will be asked to give his reason for so doing and a record will be made of his excuse. If there is good reason to believe that any man is able to invest in bonds and he refuses to do so, his name will be listed on a roll to be called the "dishonor roll" in contrast to the "honor roll" of those who buy bonds and the rolls will be published so that all can see who are patriots and who the "slacker." When the campaign is complete the Liberty Loan committee will have a complete record of everyone in the county and their financial ability.

Seth Q. Pulver of Owosso, prosecuting attorney of Shiawassee county, was the last speaker on the program and delivered a stirring patriotic address. He related some of the atrocities committed by the Huns which had to come to his attention through authentic channels, and expatiated upon the careful plans which the German autocracy had been making for years with this very war in view.

He said that in America today are

two kinds of people—Americans and anti-Americans, and declared that the sooner we get rid of the latter class the better it would be for the country. German principles and American principles cannot both exist in this world after the war and this country is in the war to fight until the right triumphs. But the soldiers must be upheld by those who remain at home, and it is our duty to furnish the necessary money with which to purchase arms, ammunition, food and clothing for the men who are fighting our battles.

Following is a list of the members of the war preparedness committee in each of the wards and townships of the county, to whom applications for the Third Liberty Loan bonds should be made:

TO THE BOYS IN CAMP

The Red Cross sends this message to the boys in camp. "Do you know that the Red Cross is doing everything possible now to prevent your loved ones from suffering because of your absence? Are you anxious about the people at home? Is your wife lonely, inexperienced or worried? Does your kid brother or sister need advice? Rent due? Insurance due? Sickness? Family in need of assistance of any kind? Tell the Red Cross Field Director at camp about it! Or, tell your captain to tell him! Then forget your worries." This is worth knowing. What the Red Cross undertakes, it performs.—The Independent.

NEW STUFF FOR BILL.

There use to be such a thing as jingo—before the war.

But that word is lost, now. The man who stands up on his hind legs and hollers Americanism isn't laughed at any more!

This country is young, but nevertheless it has a wealth of tradition, a gold-mine of glorious history, volumes of stories of fights won against fearful odds. Uncle Sam has never lost a war—and will not lose this one, if it takes half a century to get the decision.

So much for that. At this writing there has come over the wires the information that American troops have successfully raided German trenches in a certain sector, have captured a great deal of material and prisoners, inflicted comparatively large losses upon the enemy and suffered none in return.

This brings the thought that the Kaiser has a new sort of animal to deal with now—the full-blooded, healthy, eager, brainy American soldier!

Take a glance at the picture of the captured Germans, Austrians, Bulgarians—poor devils! In nine out of ten of them you will find the indication that the man power of the Prussian military force is deteriorating. Comparison proves beyond a doubt supremacy of our own Yankee Doodles.

Every man in our American armies—regulars, volunteers and conscripts, has the clear eye, the beacon-light of intelligence, the making of an officer. There are exceptions, as usual, but a group photograph of Sammies is sure to make you proud that you are an American!

Brains! Free and enlightened brain is the reason therefore! The American soldier goes to France knowing what's what and why!

Oh, that his opponents in the enemy ranks might know as much!—Omaha World Herald.

THE LIBERTY LOAN HONOR FLAG.

A new and distinctive feature will be introduced in the Third Liberty Loan campaign, and every city or town in the country which subscribes more than its quota of Liberty bonds will be awarded by the Treasury Department an Honor Flag.

The flag will be 36 inches wide and 54 inches long. The body of the flag will be white with a broad red border, and three broad blue vertical stripes denoting the Third Loan. The flags, which will be of the same quality as the flags of the Navy, are already being manufactured and will be awarded as fast as the right to fly them is won. Though awarded by the Treasury Department, they will be distributed by the Liberty loan committees of the different districts.

There will also be a National Honor Flag for each State, to be flown at the State capitol, with the name of each town winning a flag inscribed upon it. There will be also preserved in the United States Treasury a National Honor Flag, with the record of each State recorded on it.

Stars, to be placed on the flag of each city or town doubling its quota, will be also awarded, and an additional star for each time the quota is doubled.

An Honor Roll, containing the names of all subscribers, but not the amount of the individual subscription, will be kept in each community. A window card, bearing a representation of the Honor Flag, will be given each subscriber to the loan, to be displayed at the home or place of business.

TIME LIMIT FOR WAR INSURANCE EXTENDED TO APRIL 12.

Washington D. C., March.—The importance of taking out War Risk Insurance cannot be too strongly impressed upon the minds of enlisted men, say Marine Corps officials here, who cite the following death to substantiate their statement:

"Private Andrew Jensen, stationed in Cuba, took out \$10,000 worth of War Risk Insurance on the morning of February 8, 1918, in favor of his mother, Mrs. Margaret Jensen, 2018 Grand avenue, Everett, Washington. He died at 7:15 p. m. the same day. His death was in the line of duty and was caused by the accidental discharge of a machine gun."

Time limits in which applications for insurance may be made has been extended to April 12, inclusive, for all officers and men in active service on October 15 last, according to orders issued to officers of Marines.

I want to introduce every farmer and farm family to a good friend

The COUNTRY GENTLEMAN

Each week, regularly as the clock, The Country Gentleman drops in for a rousing good visit with its farm friends.

It sits right down with father and the boys and gives them up-to-the-minute ideas it has learned from thousands of wide-awake, progressive farmers. It talks about field methods, livestock, poultry, farm machinery, marketing, and the practical businesslike things you need to know. The Country Gentleman is always studying and explaining big national agricultural questions. It is the national farm weekly.

It tells mother and the girls about short cuts to good housekeeping, cook-

ing and sewing—how to do the work easier and make home cozier—how other women are getting together to make life on the farm happier.

And it brings beautiful, interesting pictures of the world's doings printed by the special intaglio process, and fascinating stories—the kind that you'll watch for, week after week.

I'll see that The Country Gentleman visits your house every week for a year—52 issues—for only One Dollar. When it starts coming, you'll agree that it's a mighty big dollar's worth. And if you don't think so, I'll gladly give you your money back.

What do you say?

DE LAVAL CREAM SEPARATOR

Users of De Laval Cream Separators have carried away every first prize awarded at conventions of the National Creamery Buttermakers' Association during the last twenty-five years. The record is unbroken.

That ought to be proof enough that cream separated by the De Laval is superior to any other.

The reason is that De Laval bowl design, together with low speed, enable the delivery of butter-fat globules unbroken in their natural condition.

The NEW De Laval is the "blue-ribbon" separator.

You can buy a NEW De Laval from us on liberal terms. Come in and look it over and see how the Bell Speed-Indicator works.

Sales of war-savings stamps have run as high as \$3,000,000 a day. It is amount provides the Treasury with about one-tenth of the entire amount now being expended by the nation for the war. While \$3,000,000 is only 3 cents a day for every man, woman and child in the country the entire cost of the war is but 30 cents per capita a day.

MONEY AS NEEDFUL AS MEN, SAYS GOVERNOR

Wage Earners, Business Men, Farmers and Capitalists Are Vivaly Interested in Triumph of Our Arms.

By FRANK O. LOWDEN, [Governor of Illinois.]

This is a war to establish the right of people to govern themselves. It is therefore, a people's war. But a people cannot govern itself successfully unless it is willing to finance a war waged upon it by military autocracy. Democracy is doomed, unless it has the vitality to put forth its resources in support of a war, in which its very right to exist is challenged.

Our enemy frequently has said that we, as a nation, care for money alone. More than a million of our young men have given the lie to this charge by offering the supreme sacrifice—the sacrifice of life itself—that their country might endure. Shall it now be said of the other millions—the millions who remain at home—that this charge is true? Will not our people at home, for whose security and future our soldiers have gone to the colors, will not they loan their dollars to the government in the support of a cause for which these men gladly offer to give their lives?

Remember, money is as needful as men, if we are to prevail. Remember that if we do prevail, these bonds will be the best investment we shall have made during the period of the war. If we fail, even then they will be worth more than our cattle and lands, our factories and stores, or any other property we may own.

Our wage earners, business men and capitalists are vitally interested in the triumph of our arms. Let all subscribe in proportion to their means. The number who shall partake of this loan is as important as the total amount subscribed. If our people generally are united in absorbing our Liberty bonds, it will prove to the world that democracy knows what its liberties are worth, and is willing to defend them at any cost.

COST TO CRUSH THE KAISER

Boersianer, Financial Expert, Gives Figures as Boost to Liberty Loan.

By BOERSIANER, [Financial Editor, Chicago Examiner.]

Not many years before Abraham Lincoln became president Mr. and Mrs. Lincoln were fed and sheltered in the Globe tavern, Springfield, Ill., at four dollars a week. In other terms, they each paid two dollars a week for room and board at what then was one of the best family hotels in the state capital. Incredibly cheap? To us today, yes, but not to the Americans of the 50's and 60's. The purchasing power of a dollar in those days was tremendous.

When the Civil war broke out the wealth of the United States was appraised at \$17,000,000,000. Let us be liberal and make it \$20,000,000,000 at the end of that internecine strife, the total cost of which was \$4,000,000,000. At that time the national debt was \$2,625,000,000. Put in another way, the country had spent in the Civil war one-fifth of her entire wealth.

What happened? Within eighteen years the whole of the national debt was paid off; extinguished by a commonwealth with only one-third of the present population; with little or no prestige as a world power; with all her railroads, half of her city real estate and 60 per cent of her farms mortgaged to European capitalists; with bank resources of only \$4,000,000,000 and with not a dollar's worth of investments abroad.

There are estimates that ere kaiserism shall be crushed our national obligation will stand at \$20,000,000,000. That would mean about 8 per cent of the wealth of the nation (which is not less than \$250,000,000,000) or 4 per cent less than the percentage in 1865.

America today is the leading power, the wealthiest country in the world. It is a creditor nation. Its railroads, real estate and farms are owned by her own people and her bank resources total \$49,389,000,000.

After this, is it necessary to ask if a United States government bond is a safe investment? There is nothing safer in the world; nothing which promises so rapid and so high an appreciation once the war is ended. These are the cold facts of the proposition. There is another side: the love-of-country, the love-of-Liberty, the great-humanity-cause side.

War and the Weather.

The Almighty makes the weather, not man, and if the weather doesn't suit us, we have to wait. The farmer knows what a day's rain will do in the way of upsetting plans. One can't plow in the mud and a cutting of hay or wheat may be damaged or ruined by one night's downpour.

The war department, too, is up against the weather in France. Three inches of rainfall may make the country impassable for half a million men and horses and motortrucks and ruin the chances of victory or bring defeat. When the war department has the weather to worry about, don't add to its worries by withholding money and, consequently, supplies. The purchase of Liberty bonds will help Pershing a lot this summer.

Germans Buy Bonds; Why Not You?

Germany's last loan was over-subscribed. The Germans are determined to win this war. We have more money than they, and we must spend it. Lend to your government by buying Liberty bonds. Crush Germany's armies under the weight of American dollars.
