COUNTY AGENT COLUMN

C. P. Milham.
In a recent bulletin concerning the seed corn situation in the state it is pointed out that a serious shortage is impending. The shortage is especially acute in Presque Isle, Cass, VanBuren, Mecosta, Wayne, Gladwin and Midland. Every well shaped sound ear of good breeding should be given especial care.

Several carloads of fertilizer a day are available at Camp Custer. Farmers living near a siding who wish this fertilizer should get in touch with either the County Agent or Ezra Levin, East Lansing, Mich.

Muck or peat may be used to bed animals to better advantage than straw. It is better for animals feet, is a better absorbent, and is a fertilizer in itself. Muck or peat spread on sandy or hard clay soil does as much good as spreading the same amounts of manure.

The Farm Journal is offering 15 medals and \$10,500.00 in prizes for the highest yields of corn, cotton, wheat, oats, potatoes, and alfalfa. Can any of these prizes be won in this county?

Members of the U. S. Boys' Working Reserve may wish to know that they are entitled to wear the official uniform of the Reserve. They are well made and can be secured at any time. Five prizes have been offered for the best story of their summer's experience. The compositions must be in by December first.

Word has been received from East Lansing stating that on account of the influenza epidemic the opening of the winter courses at the college will be deferred until January.

The livestock sale list sent out through the Extension Department to help place better livestock in all parts of the state has been received.

There is a coal shortage to face again this winter and owners of woodlands are advised to use but not abuse the woodlands. Cutting out dead and poorly shaped trees and leaving those which make good timber.

The Government needs 500 tons of nut shucks daily to supply the need for gas masks. If we eat the meats we should be glad to give the shucks to aid the boys over there to victory.

Sunset and evening star,
And one clear call for me,
And may there be no moaning of the bar
When I put out to sea.
For tho' from out our bourne of time and place
The flood may bear me far,
I hope to see my Pilot face to face
When I have crossed the bar.

DEATH OF WALTER SYLVESTER

Just after going to press last week, the Herald received news of the death in the base hospital, in England, of Walter Sylvester, who was wounded in France September 28. The news came as a great shock to his relatives here, as it followed closely on the report that he was gaining in strength.

Walter was born Oct. 20, 1901, the son of Mr. and Mrs. Harry Sylvester. His mother died when he was but four years old, since which time he has made his home with his aunt, Mrs. Charles Hewson, who gave to him a mother's care.

He was a member of Miss Helen Applin's class in the Presbyterian Sunday school, eleven of whom, out of the membership of twenty-one, have entered the service. He enlisted in D. Company, 4th Reserves, in Canada, in August 1917, before he reached the age of 16. He arrived overseas on Christmas Day, and on September 28th last was wounded in the chest, shoulder and arm by machine gun fire. After a short stay in the field hospital in France, he was removed to a base hospital in England, and it was supposed he was on the road to recovery. However, the latest message from his aunt announces his death Oct. 13th, just one week before his seventeenth birthday.

Walter was a general favorite among his associates, possessing a friendly, cheerful disposition, which was reflected in his countenance, whose happy expression won him friends among people of all ages.

Thus has passed into the great Hereafter another of the young men of East Tawas, a priceless gift to world democracy. With wisdom beyond his years he saw that some must die that our country might be saved from the terrible fate of Belgium, and he gladly, eagerly ran this risk, when he might without reproach have remained at home in safety for two years at least, in which time the cause might have been won without him. East Tawas will enshrine in her heart, with full as much pride as sorrow, the memory of this brave young boy, and as we add another gold star to our service flag, we do it with the feeling that we owe to his memory an everlasting gratitude.

As soon as the ban against public meetings is raised appropriate memorial service will be held in the Presbyterian church for the deceased.

DEATH OF BEULAH BELLE STRONG

We are pained to announce the death on Thursday night of last week, of influenza with complications, of Beulah Belle Strong.

Little Beulah was born in Tawas township December 19, 1913, being at the time of death 4 years, 10 months and 5 days old. Her father died nearly four years ago since which time the child and her mother have made their home with the latter's mother, Mrs. Lester Wright. The little one was a member of the Junior Christian Endeavor, and of the Presbyterian Sunday school.

Funeral services were held at the home, Sunday afternoon, Rev. L. G. McAndrew of the Presbyterian church officiating. Music was rendered by a quartette composed of Mrs. John Anderson, Miss Blanche Richards, F. F. French and Roy Applin. Interment was made in Greenwood cemetery.

Card of Thanks
We the undersigned, desire to express our gratitude to the many friends who came to our aid during the illness and death of our beloved little Beulah. We especially wish to thank the choir and the friends who tendered the use of their automobiles; also all friends for their beautiful floral offerings.

FROM OUR SOLDIER BOYS

FROM ARTHUR KINDELL

The following letter from Arthur Kindell was written to Mr. and Mrs. W. E. Smith, through whose kindness we are privileged to publish same. Somewhere in France, Sept. 29, 1918. Dear Mr. and Mrs. Smith:—

This is Sunday afternoon and not working will endeavor to write you a few lines.

I arrived in France safely some time ago and like it fine here. I had a dandy trip across the "pond" and enjoyed it very much. Say, "I would not have missed it for anything in the world." It sure was worth while.

I have been through a big share of England and think that it is a beautiful country. They have so many beautiful lawns, gardens, parks, and driveways, and even the farms look fine. The buildings there are all built of brick and stone as lumber is very scarce in these countries. They have the funniest looking railroads, as the cars and engines are so small and queer looking, that the American has to laugh at their first appearance.

In France things are somewhat alike as that of England as far as buildings and railroads are concerned, but the people are different. We like the French people real well and get along fine with them. I can understand them quite well now and also speak a few words in French. The money system is very easy to learn as it is somewhat similar to that of the U. S.

The people here must have bread tickets issued by the government, which allows them a certain amount per week. They have no sugar here, so we can't buy any candy, which we all miss a great deal, although we can get along without it. Living conditions are good or as good as any one could expect, after the country being four years at war.

We can get all the booze we want to drink, but it isn't any good. The beer is rotten, and the whiskey and wine doesn't taste very much like that of the U. S., so the boys have no trouble in leaving it alone.

I am located in a large city at present and we are awful busy, as we work here on Sunday just the same as on any other day. We have liberty passes and can go down town every night from 6 to 10 p. m., which makes it very nice for us. The prices of things is about the same as that in the states, except some things are higher and again others are cheaper. The ways of the people and doings is very much different than that of the Americans. For instance all the wagons here have only two wheels and you never see more than one horse hitched to a wagon. Automobiles are few and far between.

The cities are somewhat alike as those in the states and there is a saloon about every second door. The French people never drink water, but always go to a cafe when they want a drink if they haven't it in the home.

This town has been bombed twice by German airplanes, but didn't do much damage, as the French airplanes and anti-aircraft guns soon drove "Fritz" back. There are several thousand prisoners in this town and at first was quite amusing to us, but now it is getting to be a common thing. The French use them for laboring around town and doing all kinds of work.

We all think that the war will soon end, perhaps by Christmas time and we expect to be home by next July 4th at any rate that's the way things look now, as we sure are knocking h—l out of the Germans at present and capturing them by the thousands every day.

How is business in the store and everything around "Hemlock Corners?" I suppose most of the young fellows are in the service by this time, either in training camps in the U. S. or somewhere across the "pond". How are the children? I hope they are well.

Well Billie I must bring this lengthy letter to a close and expect to get one in return in the near future. I am fine and dandy and enjoying the best of health, hoping this letter will reach you the same.

Give my best to all the fellows. With best wishes, I remain, Sincerely,
Corp. Arthur M. Kindell,

FROM ALVIN J. COLBURN

Somewhere in France, Sept. 14, 1918
Dearest Mother:—

Your very welcome letter received today and I was very glad to hear from you and glad to know you are all well. I am well and getting along fine, and also having a good time.

I would like to see Ethel and her babies. I am glad they are getting along good.

So there are a quite a few boys from Tawas going to Camp Custer. Well, the army life will do them a lot of good.

I wish you would send me the Tawas paper now and then, so I could read what is going on in Tawas. So far I have met only two boys I know and they are from Detroit. Oh, yes, I met a fellow from Cheboygan, too, some time ago.

It has been raining for the last four or five days and everything is pretty wet and muddy.

So Frank is working in the machine shop now. Did they exempt him from the draft? You wrote me when I was in Texas that he was called. This new draft from 18 to 45 will take nearly all the male population around Tawas. That is the one that would have gotten me. We sure ought to whip old Kaiser Bill with the army they will make, if we don't have him whipped before they get over here, which I think we will.

I saw Audie Johnson's name in the

casualty list the other day. He is the only boy from East Tawas so far, that has been killed in action. I would like to meet some of the Tawas boys over here.

Have you seen Hugh and the children lately? I hope they are well. Give them my best regards.

Well, dear mother, I will close with love and best wishes to all, and hoping to hear from you soon.
Your loving son,

son, Schroeder, Searle, Sullivan, Smith, Stewart, White, Selee, Small. Quorum present.

Minutes of Oct. 14th meeting approved as read.

To the Hon. Board of Supervisors: Gentlemen:—At a meeting of the County Road Commissioners of Iosco County held on the 5th day of October 1918, the clerk of the board was instructed to request the board of supervisors to request the assessed valuation of the county. Of this amount three thousand dollars was to apply on state reward roads maintenance.

Act 282 Public Acts 1915 provides for the placing of signs on all state rewarded roads, the expense of doing this to be paid out of the general fund of the county.

Under provisions of section 5, Act 99 P. A. 1917, townships good roads districts and counties in which Federal Aided roads shall be built are required to deposit annually with the State Treasurer the amount equal to 3% of their share of the cost of the work up to not exceeding one hundred dollars per mile. The total length Federal aided road under construction in Iosco county is 1,200 miles. 3% of your estimated cost \$80.75. We therefore request your Honorable Board to provide for \$80.75 as the road will probably be completed in time to require maintenance before the fall of 1919.

I certify this to be a true request of the commissioners.

To the Hon. Board of Supervisors.

Your committee on drains and ditches respectfully submit the following as their report: On October 10 and 11 your committee went over and inspected the work done in the past year on the following named drains in Iosco County: Alabaster-Whitney, located in Alabaster township, in Iosco County and Whitney township, Arenac County, which drain was completed Oct. 1st 1917 with the exception of bridge at ¼ line between sections 33 and 34 in Alabaster township and the leveling of the dirt excavated from said drain and placed on the highway between sections 33 and 34.

We examined and inspected the bridge and the leveling of said dirt and found same constructed according to specification. Tawas Lake or extension of Sims Creek No. 2 drain, located in Baldwin township; said drain commences at the corner line at the terminal point of Sims Creek No. 2 drain in the N. E. ¼ of S. W. ¼ section 7, thence running in a southerly direction to Tawas Lake, total length of said drain is 4700 feet and has 4, 5, and 6 feet bottom. We found this drain completed according to specifications.

Shaffer drain, located in Burleigh township, beginning at the E. ¼ line of section 35 1923-4 feet north from the county line between Iosco and Arenac counties, thence running in a northerly direction to Burleigh drain in section 36. We looked over this drain and found that the contractor had about 100 rods completed with the exception of trimming up banks. Said drain has a four foot bottom. Total length of drain 3,869 ½ feet. Contractor has until December 1st, 1918, to complete same.

Gregory drain and Stone Extension of Sherratt branch, located in Sherman township. This drain was completed Oct. 1st, 1917, with the exception of about 160 rods on the Gregory and 80 rods on the Stone Extension, which portions were completed in Nov. 1917. We found said drain in good condition excepting about 40 rods on Stone Extension which was partly filled with washed in sand and drain commissioner has let the contract for cleaning same.

Long Lake drain, located in the township of Plainfield, beginning at a point 27 feet south from the N. W. corner of section 6 town 23 north, range 5 E., thence running east parallel to the highway on the north township line of town 23 north, range 5 east, to Long Lake. Width of bottom is 3 feet, total length of drain 2,867 ½ feet. We found this drain completed, but we recommend that said drain be deepened from 12 to 16 inches from a point where said drain leaves muck swamp running east to where drain crosses highway, believing that if this was done the drain would be more beneficial to the lands adjoining same, on account of better drainage.

Edward Londo, Geo. W. Schroeder, David Smith, Committee.

Moved by Londo, supported by Schroeder, that report of committee be accepted and adopted. Motion prevailed.

Tawas City, Mich., Oct. 14, 1918.

Two Presidents of the United States Write Commander Newberry

From Theodore Roosevelt

Oyster Bay, Long Island, October 19, 1918.

Commander Truman H. Newberry, New York City.

My dear Commander:

I congratulate you on your nomination, but far more do I congratulate Michigan and all our people. It was my good fortune to have you serve under me as Secretary of the Navy, and I can testify personally to your efficiency and your disinterested and single-minded zeal for the public service. To a very peculiar degree you have stood for that kind of government which puts the interest of the people as a whole first and foremost, and treats all other considerations as negligible, when the public weal is involved. The record made by you and your two sons in this war is typical of your whole attitude as a public servant. Both your boys at once entered the Navy, and are now on the high seas. You sought employment abroad; when that was refused you, you accepted any position that was offered in which you could render public service.

The nomination of Mr. Ford makes the issue sharp and clean. It is not primarily an issue between the Republican party and the Democratic party, for Mr. Ford does not seem to have any firm political convictions, and was content to take the nomination on any ticket without regard to what the general principles of the men supporting that ticket were; and his memory about past politics is so hazy that although he has mentioned a Republican candidate for president for whom he thinks he once voted, it does not appear that this is possible, unless he is in error as to his own age.

The issue is infinitely more important than any merely political issue. It is the issue of straight Americanism, of straight patriotism, and of preparedness for the tasks of peace and war, as against a particularly foolish and obnoxious type of pacifism, preached in peace and practiced in war. This is the first time in the history of our country in which a candidate for high office has been nominated who has spent enormous sums of money in demoralizing the people of the United States on a matter of vital interest to their honor and welfare. The expenditures on behalf of pacifism by Mr. Ford in connection with the Peace Ship, and in connection with his great advertising campaign in favor of the

From William H. Taft

Washington, D. C.,

My dear Commander Newberry:

I write to congratulate you on being the Republican candidate for Senator in the State of Michigan. I sincerely hope that you will be elected, and I am very certain that if you are, you will render to the State and to the country a valuable service in your high office. I feel that I can say this from personal observation of the way in which you discharged your official duties both while you were Assistant Secretary of the Navy, and while you were in the same Cabinet with me under President Roosevelt. It is of the highest importance that in the settlement of the important questions growing out of this war, we should have men in the senate of your experience in governmental matters, and of your political views. The Democratic majority in Congress has not been one upon which the President or the country could depend for the adoption of measures adequate to the winning of the war. The people of the United States can be much more confident, if we have a Republican majority in both Houses, that the legislative branch of the Government will wisely cooperate with the Executive Administration, and by constructive criticism make that Administration more effective than if Democratic majorities in both Houses are retained. With Mr. Ford's known pacifist views, carried to

McLemore resolution and of the pacifist and pro-German attitude against our participation in the war, was as thoroughly demoralizing to the conscience of the American people as anything that has ever taken place. The failure of Mr. Ford's son to go into the army at this time, and the approval by the father of the son's refusal, represent exactly what might be expected from the moral disintegration inevitably produced by such pacifist propaganda. Mr. Ford's son is the son of a man of enormous wealth. If he went to war he would leave his wife and child immeasurably distant from all chance of even the slightest financial strain or trouble, and his absence would not in the smallest degree affect the efficiency of the business with which he is connected. But the son stays at home, protesting and appealing when he is drafted, and now escaping service. Your two sons have eagerly gone to the front. They stand ready to pay with their lives for the honor and the interest of the American people, and while they thus serve America with fine indifference to all personal cost, the son of wealthy Mr. Ford sits at home in ignoble safety, and his father defends and advises such conduct. It would be a grave misfortune to the country to have Mr. Ford in the Senate when any question of continuing the war or discussing terms of peace may arise, and it would be an equally grave misfortune to have him in any way deal with the problems of reconstruction in this country.

Michigan is facing the test, clear-cut and without shadow of a chance for misunderstanding, between patriotism and Americanism on one side, and on the other pacifism, and that foolish sham-cosmopolitanism which thinks it clever to deride the American flag, and to proclaim that it would as soon be a Hindoo or Chinaman as an American. If there should be at any time in the future a Hindoo Senate, and it should choose, in a spirit of cosmopolitanism, to admit outsiders, there is no reason why Mr. Ford should not aspire to membership therein; but he would be signally out of place in the American Senate so long as that body is dominated by men who zealously believe in the American ideal and faithfully endeavor to serve the American people.

Wishing you all success, I am

Very faithfully yours,

Theodore Roosevelt

an extreme, indeed, with his nondescript political affiliations, and with his engaging in this canvass simply at the instance of the President, the people of Michigan are placed in a dilemma in respect to how he will represent them. He will either go into the Democratic caucus and follow implicitly the wish of the President, who induced him to run, or no one can know what he will do, not even Mr. Ford, in contingencies that are likely to arise. If you are elected, the people of Michigan will know that you will act with the loyal Republicans and that you will back the President to the utmost when he is seeking Congressional assistance for the winning of the war, and that you will be independent and courageous in pointing out the mistakes of administration, with a view to their remedy. I earnestly hope that the electors of Michigan will choose you.

Miss Ione Dorsey died at the home of her sister, Mrs. Alfred Fortane, with pneumonia after a short illness. Her frail form could not resist the power of this dreaded disease, and death claimed her victim. She will be greatly missed by those who loved her. Life is very uncertain, death enters every home and there is no escape. And may we not forget that is not all of life to live, neither all of death to die.

MICHIGAN PATRIOTIC FUND

UNITED WAR WORK CAMPAIGN

ANNOUNCEMENT

November 11th to 18th are to be known as

"Fill the Flag Days"

when the people of the United States will give 250 millions of dollars for use by the several agencies which have been approved by the officials of the United States Government to bring comfort and pleasure to your boys in the army and to keep the "Home Fires Burning" in their hearts.

The seven agencies to whom these funds go are: Y. M. C. A. about 59 per cent; Y. W. C. A. 9 per cent; K. of C. 18 per cent; Jewish Welfare Board 2½ per cent; Salvation Army 2½ per cent; American Library Association 2½ per cent.

The combining of the drive for these several funds was done by request of President Wilson, as the aims and objects of all the agencies is the same.

We believe you are one who has paid some attention to the work of these organizations and is willing to be a Volunteer Giver.

Iosco County must pay to the National Committee \$6,000.00 (or be a Slacker county) and provide a substantial sum for other calls during the year. Arenac county is raising \$10,000.00. Can we do less?

It is the earnest wish of the Iosco County Committee that the greater part of this fund be "located" before Nov. 5th, and so we present this opportunity for a Volunteer gift. Won't you kindly fill out the blank below and hand to your nearest committee member or mail to the chairman at Tawas City TODAY, as we wish to publish the names of the Volunteer givers in all the county papers Nov. 8, as Patriotic Powder to blow the fund clear over the top by Volunteer Subscriptions.

\$50.00 will provide comfort and cheer to one of your boys for one year, \$25.00 for 25 weeks, \$10.00 for 10 weeks, etc. Just get that! Comfort! Amusement! Rest! Reading Matter! the Paper he writes to you on! his Games! and Shows! all for \$1.00 per week—and you glad to pay it!

No other army ever assembled has shown such morale as has our's, and it is your gifts that makes it! Remember, you are not asked to pay all at once—only a little each month.

In Conclusion—"When you throw up your hat and yell at the news of the Boys' Victories, ask yourself whether you have done anything to back them up. If you have Then Yell!"

VOLUNTEER SUBSCRIPTION

As a booster for the Michigan Patriotic Fund, and having a heart for "Our Boys Over There," I will sign a pledge when the committee calls for the following amount, payable in instalments from Nov. 1, 1918 to Nov. 1, 1919.

(Check the amount you will give per year.)

Class AA above \$25.00	Class A \$25.00	Class B \$20.00	
Class C \$15.00	Class D \$10.00	Class E \$5.00	Class F ?.....

Remember, you have a chance in which to make payments.

FRY DOUGHNUTS IN SHELL ZONE

Salvation Army Women Risk Lives to Furnish Boys in Trenches With Hot Fried Cakes.

With the American Army in France—Sept. 25.—(By Mail.)—Risking their lives well within the shell zone behind the American lines in France, Mrs. Adjutant Hammond, Lieutenant Lulu Lawyer and Envoy Electra Pauline Swartz, Salvation Army workers, assisted by a detail of soldiers, daily fry doughnuts from early morning until late at night. On more than one occasion they have been driven from their dugout while the place rocked under the hammering of the enemy's big guns, but despite shrieking shells overhead, these intrepid workers refuse to quit their labors in behalf of the American soldiers. This news is just received by the United War Work Campaign Committee.

With shells flying overhead almost daily, Ensign Gertrude Symmonds and Ensign Viola Williams are constantly engaged in rolling, cutting and frying doughnuts. On one occasion they made 3,500 doughnuts for the men of an American regiment which was moving from its temporary billet in the next village up to the reserve line for the night. When the doughnuts were finished they were distributed, two to each soldier, as the men marched in single files on either side of the ambulance upon which they were stationed.

These same Salvation Army girls had on the previous day, made coffee and dispensed it with biscuits and confectionery, to seven hundred weary doughboys who, on their march to the front, had stopped for a moment to rest on the road near the hut.

Can Judge Widdis Explain Why---

Lieutenant Commander Truman H. Newberry is Exonerated by U. S. Grand Jury at New York

After a full and fair deliberation over the testimony, Commander Newberry was given a clean bill. (See Detroit Free Press of October 30th, 1918.)

The U. S. Grand Jury sustains what Mr. Newberry's Campaign Manager did, in the way of showing up Mr. Henry Ford in his true colors as a pacifist.

Albert Widdis, Circuit Judge, Twenty-third Judicial Circuit, springs a surprise by coming out with a letter dated Tawas City, Mich., Oct. 15, 1918 "to each of his constituents" in the interest of Henry Ford, who is the candidate on the Democratic ticket for U. S. Senator. The Judge, after lauding Mr. Ford seems to be baised in his statements of so called facts against Mr. Newberry, candidate on the Republican ticket, and the Republican party. At the time of the Primary Election Mr. Ford was a candidate on the Democratic and Republican tickets. Will the Judge explain which one of the two party platforms would he—Mr. Ford—support, if elected. If Mr. Ford does not believe in protective tariff, why did he seek the Republican nomination, or would it be "Peace at any Price?" Is Mr. Ford a Socialist and running on the wrong ticket, or did he run because President Wilson asked him to?

How would he stand, if elected, on the war question. Would it still be "Peace at any Price?"

It was not Mr. Ford's fault that the United States was compelled to enter the war in the interest of humanity and democracy was it?

He used his money and energy to not only delay, but to prevent the United States from severing relations with the most barbarous and treacherous nation on earth—did he not?

How about the phantom ship Oscar II and the peace trip—how much did it cost Mr. Ford for this pacifist mission?

How much money is Mr. Ford credited with spending in the interest of President Wilson's campaign—several hundred thousand dollars, was it not? A great deal more than Mr. Newberry's friends spent for his interest, which money was spent in behalf of true Americanism, Humanity and Democracy.

Can the Judge tell what one qualification has Mr. Ford "the greatest advertised man in the World—except the Kaiser"—to entitle him to a place in the United States Senate?

Is it not true that a man without party sense or convictions-in the Senate is a man without anchorage?

Should not a man have knowledge of and respect for party and political alignment and a love for his country?

Is it not a fact that Mr. Ford denounced and opposed the Government in the matter of preparedness.

How about Mr. Ford and the American Flag? Is he not credited with saying, "I don't believe in flags. When the war is over, these flags shall come down, never to go up again."

How about his son Edsel and the army draft? Judge Widdis, says—"The statement that he asked the government to exempt his son Edsel from the army draft, is a lie out of whole cloth." Will the Judge tell the truth and state how Edsel Ford came to be exempted—and if his case was not appealed from the Local and District draft board to President Wilson? How about Mr. Newberry's sons. Did they ask to be exempted? Is not Mr. Newberry a loyal American and his sons doing their duty?

Was it patriotism or fear that made Mr. Ford display the American Flag over his factories?

Is it not a fact that Mr. Ford can be of more service to his country by following his present business?

Will the Judge explain why he—the Judge—is campaigning for Mr. Ford, and by so doing lowering the dignity of the judicial bench?

Does Judge Widdis sustain the decision of United States grand jury in exonerating Commander Newberry.

Did not Commander Truman H. Newberry serve his country in the Spanish American War and is he not serving his country in the present great war?

The issue is clear—Americanism or Pacifism.
