Mrs. Delia Ely was an over Sunday
visitor in Bay City.

Born, to Mr. and Mrs. Fred Buch,
on Wednesday, March 5, a son.
H. W. Stockman of AuSable was in
the city on business last Friday.

Henry Kane, local agent, unloaded
a carload of Ford cars here Thursday.
See the display of spring and summer
millinery at Mrs. L. L. Johnson's.

Percy N. Thornton spent a couple
of days the past week with his parents
at Hale.

Alex McRae was confined to his
home by illness a few days the first
of the week.

E. B. Follett and Claude Salisbury
of Hale were business visitors in the
city last Saturday.

Mrs. Alex Anderson was the guest
of Alex McRae and daughter, Belle, a
few days the past week.

Jay Wilson of Marlette was a guest
at the home of his uncle, Burley
Wilson a few days the past week.

Miss Johannah Reinke came home
Wednesday from Bay City to spend
a few weeks with her mother, Mrs.
Fred Reinke.

Lieut. Arthur Miller left Wednesday
for his home in Saginaw after a several
weeks visit with relatives and
friends here.

Beginning next Tuesday Mrs. L.
L. Johnson will have on display her
new stock of spring and summer
millinery. Don't fail to see it. adv.
Zion Lutheran church will conduct
services in English next Sunday
morning at 10:00 o'clock, and always
hereafter on the second Sunday in the
month.

Miss Blanche Jacques was an over-
night visitor in the city last Friday
enroute to her home in Whittemore
from Lincoln, where she is employed
in the elevator office.

Mr. and Mrs. L. L. Johnson left
Saturday evening for Detroit, where
Mrs. Johnson spent a few days
making her selection of millinery for
spring trade. They returned Wednes-
day.

A number of the friends of Mr. and
Mrs. Leo Hosbach were pleasantly
entertained at a card party at their
home last Friday evening. A fine
lunch was served and all present en-
joyed a pleasant social time.

A lady representative of the state
board of health will address the ladies
and girls of Tawas City next Tuesday
evening, March 11, upon the subject
of sex hygiene. The meeting will be
held at the court house at 7:30 p. m.
under the auspices of the "Y."
mecker and the fiercer animal.

About thirty-five of the friends of
G. E. Gaul gathered at his home Tues-
day evening to help him celebrate his
69th birthday. Games and music
furnished the entertainment of the
evening and a nice lunch was served.
At a late hour the guests departed
for their homes after wishing Mr. Gaul
many more happy birthdays.

Republican ward caucuses and city
convention for the nomination of can-
didates for ward and city offices will
be held next Monday evening, March
10. The first and second ward caucuses
will be held at the court house and
the third ward caucus and city con-
vention will be held at the city hall.
Caucuses are called for 7:00 o'clock
and the convention for 8:00 o'clock.

Complete figures on the primary
election for the nomination for com-
missioner of schools are not available
at the time the Herald goes to press,
but if the vote in Tawas City and
East Tawas is typical of the county,
Miss Ina Bradley will win the nomina-
tion by an enormous majority. One
hundred and forty votes were cast in
Tawas City with the following results.
Miss Ina Bradley 131; E. C. Nunn 9.
In East Tawas seventy-three votes
were cast with Miss Bradley re-
ceived 71 and E. C. Nunn two.

The dancing party given at the
Holland hotel, East Tawas last Friday
evening by the Tawas Social club
was a very successful affair, about
sixty couples being in attendance. The
high wind which prevailed that eve-
ning blew out two panes of glass in the
ballroom windows, thereby allowing
the cold air to circulate freely through
the room, but the dancers did not seem
to mind a little thing like that and
danced all the harder to keep warm.
It is altogether probable that this
was but the first of a series of enjoy-
able affairs of this nature.

Wm. Praschan of Turner was a
business visitor in the city Tuesday.
Eyes tested and glasses fitted cor-
rectly by W. B. Murray, optician,
East Tawas. adv

Mrs. Henry Kane returned Monday
from a several months visit with
relatives in Detroit.
Nifty up-to-date styles and patterns
in spring and summer millinery at
Mrs. L. L. Johnson's. adv

Mrs. R. G. Hartingh has been con-
fined to her home several days this
week with appendicitis.

A number of the young people en-
joyed themselves at a social dancing
party at Ferguson's hall Monday eve-
ning.

Miss Clara Malcolm of Flint at-
tended the funeral of her sister, Mary,
and visited at her home here a few
days this week.

Mrs. A. W. Colby left last Friday
on a trip to Bay City, Flint and De-
troit. She will purchase her stock
of spring millinery while there.

Rev. H. J. Reithmeier, M. C.
Grueber and Oscar Fahselt attended a
meeting of the Lutheran Layman's
League at Bay City Monday. Mr.
Fahselt also visited friends in Sag-
inaw, returning Wednesday.

The annual meeting of the Tri-
County Y. M. C. A. was held at the
office of Field Secretary, O. G. Pretty-
man in the court house, Tawas City,
on Wednesday evening. No members
from outside of Iosco county were in
attendance. The old officers were re-
elected for the ensuing year and it
was voted to retain the services of Mr.
Prettyman as field secretary. The
work has been somewhat handicapped
the past year by the various war
activities, but it is hoped that with
these out of the way the ensuing year
will be productive of more satisfac-
tory results.

The slippery condition of the side-
walks and roads Monday morning was
responsible for two accidents in this
city. J. M. Waterbury fell on the
ice in front of the Herald office and
suffered severe bruises to his hip,
which have kept him confined to his
home during the week. A short time
later A. W. Thomas from McVior
alighted from the Rose City train and
fell on the ice near the depot. He also
suffered severe bruises on his hip and
at first it was thought that his hip
was broken. He had recovered
sufficiently, however, to return home
that afternoon.

TWENTIETH CENTURY CLUB
A very enjoyable meeting of the
Twentieth Century Club occurred at
the home of Mrs. R. G. Hartingh
Saturday, March 1.

After the usual routine of club
business was transacted the president,
Mrs. Conant, in a few well chosen
words, introduced Mrs. M. B. Ferrey
of Lansing, curator of the State
Museum.

Mrs. Ferrey talked to the club on
early Michigan history and deplored
the lack of interest taken in its pres-
ervation. She urged more thorough and
more general study of the intensely
interesting history of our state. Her
talk was full of pertinent questions
and witty remarks and her hearers
found no dull moments.

Mrs. Ferrey gave the club some very
pertinent suggestions regarding the
historical pageant which they are
planning on putting on in the near
future. She is well posted upon such
affairs and her advice will be worth
much to the committee having the
program in charge.

The next meeting of the club will
be at the home of Mrs. Frank Dease,
March 15.

M. E. CHURCH
There is still room at the M. E.
church for all others who do not attend
some other church.

Remember the hour, 7:00, Sunday
evening. Some new faces every night.
Glad to see you. Come again.
Epworth League 6:15. Preaching
at 7:00. E. E. McMichael.

CARD OF THANKS
We, the undersigned wish to
especially thank Rev. McMichael for
his kind words and Miss Effie Graham
for singing, also those who so kindly
loaned their cars on the day of the
funeral.

INCOME TAX MAN WILL BE HERE MARCH 11

Get ready for the Income Tax man.
He will arrive in Tawas City on
March 11, and will be located at the
court house, where he can be consult-
ed without charge.

"Bring in your figures, your prob-
lems, your doubts, and your questions,"
is his invitation contained in the an-
nouncement of his coming visit.

Collector of Internal Revenue
James J. Brady, of Detroit is send-
ing one of his deputies, O. A. Marsac
solely to help people in this vicinity
to determine their individual liability
and to comply with the law's require-
ments as to 1918 incomes.

His office hours will be from 8:30
to 4:00 each day, and he will remain
in town until close of business on
March 17th.

"This free advisory service," writes
Collector Brady, "is planned for those
who are required for the first time to
consider their liability and to make
sworn returns.

"Many thousands who were not
affected by the prior Federal laws
taxing incomes must this year file re-
turns. Here are the requirements:

"Every unmarried person who had
a net income of \$1,000.00 or over dur-
ing 1918; and every married person
who, together with wife (or husband)
and minor children, had a net income
of \$2,000.00 in 1918.

"The advice of the Deputy Collector
is entirely free, and he is authorized
to administer the oath required on
returns, free of charge. Persons who
are taxable should make payment
when filing their returns by attach-
ing check or money order.

"This tax is a war burden; it is a
part of the price of victory, the great-
est victory that the world has known.
I believe the people of this District
will meet it fully; and I am offering
every facility of my office to aid them
to determine their individual liability."

HIGH SCHOOL PARTY
One of these seasons most delict-
ful entertainments was the party
given in honor of the Junior and
Senior students at the high school
Tuesday evening.

The ball room was decorated in
bunting, flags and cedar and the
normal room used as dining room was
decorated in the high school colors,
pink and green.

About thirty guests were present
including the high school faculty.
Dancing and the following program
was enjoyed:

Piano solo.....Frances Wilson
Monologue "As Jimmie Sees It"....
.....Florence H. Smith
Duet, Trombone and Saxophone.....
C. P. Milham and Supt. E. Swem
Violin solo.....Keith Baguley
Vocal solo "Till The Cows Come
Home".....Irene Marontate
Piano solo.....Beatrice Ruddock
Class prophecy.....Florence Graves
Violin solo.....Ruth Swem

The grand march was led by the
class presidents, Howard Curtis and
Ruth Swem, after which a delicious
luncheon was served.

ANOTHER VICTORY FOR TAWAS CITY HIGH

Through a fast and well played
game Tawas City high school basket
ball team again defeated the East
Tawas boys by a score of 26 to 24, at
the East Tawas opera house, Monday
evening. The Tawas high was one
point in the lead at the end of the
first half. Tawas City high are
credited for 10 field baskets and East
Tawas high for 8. The game was
hard fought from beginning to end.
This was the third game the Tawas
City high played with East Tawas,
defeating them two games out of the
three.

Following are the field and foul
baskets thrown by the teams:

Tawas City
Field baskets—Mark 3, Curtis 4,
Fahselt 2, Wheeler 1.
Foul baskets—Mark 6 out of 9.
East Tawas
Field baskets—Stickney 4, Applin 4.
Foul baskets—Stickney 8 out of 10.

PRESBYTERIAN CHURCH

10:00 a. m.—Services.
11:15 a. m.—Sunday school.

Topic for morning—"Not for Our-
selves, for Others."

The general topic for March will be
the above. This is Benevolence month.
Each Sunday will be devoted to some
phase of work outside our local church
life. You are cordially invited to be
present and to bring some one with
you.

HAVE YOU OLD CLOTHES?

Give Them to Red Cross for Suffering
People Overseas

The American Red Cross represen-
tatives abroad and Herbert Hoover,
head of the European Relief Adminis-
tration, have cabled that an immediate
supply of every kind of clothing is
absolutely vital to the health and very
life of millions of men, women, and
children now freed from the German
yoke.

Relief of this nature is needed in
Northern France, Belgium, Italy,
Romania, Serbia, Greece, Montenegro,
Albania, Czecho-Slovakia, Poland and
Palestine. While the main problem
of rehabilitation can be coped with
only by allied governments, very
valuable supplementary relief will be
rendered by the American Red Cross.

Accordingly a campaign is now
being organized to collect used cloth-
ing, shoes and blankets during March
through the agency of the Chapters.

Collection will be made just at a time
when practically the whole country is
discarding winter clothing much of
which would never again be donned
by owners. Thus, at a minimum of
sacrifice, the American people will be
able to show in a most substantial
way their brotherhood to those who
still suffer.

At least ten thousand tons of cloth-
ing is required for shipment during
next month.

On December 14 last the local
chapter made a big shipment, and now
comes this second appeal. Let us
show our sympathy for these people
less fortunate than ourselves by re-
sponding promptly and liberally to
this latest demand on our generosity.

Bring or send any old clothing in
good repair to the following:
Frank F. Taylor, Sec. Iosco County
Chapter, Tawas City.

Jas. E. Dillon, Chairman Iosco County
Chapter, East Tawas.

Mrs. John McKenna, Oscoda.
Mrs. A. H. Cowie, Hale.

Mrs. H. M. Belknap, Whittemore.

DEATH OF MRS. ALEX MURRAY
As announced in last week's Herald,
Mrs. Alex Murray died at her home in
this city Wednesday morning, Feb. 26.
Deceased had been in her usual health
up to Saturday, Feb. 22, when she
was taken ill. Medical aid was sum-
moned and everything done that
could alleviate her suffering, but all
was of avail. Her death was unex-
pected by any of the family.

Christena Bircham was born in
Forester, Sanilac county, on May 24,
1864, and had lived until the
coming May would have been 55 years
of age. In 1876 she was united in
marriage to Alex Murray. To this
union three children were born all of
whom with the husband survive her.
They are Mrs. Violet Chattaway of
Petoskey, Arthur Murray of Detroit
and Grant Murray of Reno. Her
daughter was unable to attend
the funeral on account of illness.

Besides the above she leaves three
sisters, Mrs. Grigg of Tawas City,
Mrs. Robert Brooks of Wilber, Mrs.
Lotta McRae of Petoskey and James
Bircham of California, and a number
of nieces and nephews.

Funeral services were held at the
home Friday afternoon, Rev. E. E.
McMichael officiating, and interment
was made in the Tawas City cemetery.

TAWAS CITY INDEPENDENTS VICTORIOUS

Last Saturday night the Tawas
City Independent basket ball team
defeated Harrisville team by a score
of 25 to 23. The game was interest-
ing to all who witnessed it because
of its close score throughout nearly
the whole game. The second half
looked as if it would be a victory for
Harrisville, when they walked away
with three field baskets. But in vain,
for the Tawas City boys played
harder than ever and managed to tie
them again. They were tied 23 to 23
until the last minute, when the Tawas
boys made another field basket, thus
winning the game.

A great deal of credit may also be
given to the girls of Tawas City for
their victory over the Harrisville girls
by a score of 9 to 8. All the girls
played a wonderful game, as their
opponents were equally as fast, but
through hard work they managed to
beat them by only one point.

MIDWINTER MEETING OF PIONEER SOCIETY

Despite unpropitious weather there
was a fairly good attendance at the
midwinter meeting of the Iosco County
Pioneer Society at the court house
last Friday afternoon, Feb. 28.

The president of the society, John
A. Campbell, having moved away,
the meeting was presided over by Miss
Edna Otis, vice-president. The secre-
tary, Mrs. Fred Jennings, was also
absent, and her position was filled
temporarily by John A. Mark.

The meeting was opened with a
song, after which the chairman called
on several of the older residents for
short talks. N. C. Hartingh related
some incidents in the early court his-
tory of the county, giving an insight
into the character of cases then oc-
cupying the calendar, and relating
some personal stories concerning the
men who then occupied the judicial
bench.

C. R. Jackson related the story of
his initial trip to Tawas City, condi-
tions as he then found them, and other
interesting data of the early days.

Mrs. Alex Anderson of Reno town-
ship gave some very interesting re-
collections of her life as a pioneer
when that part of the county was
almost unbroken wilderness. Her
stories of being lost in the woods and
of hearing the wolves howl around
her little home while her husband was
away and she was alone with her two
boys, gave her hearers a realistic idea
of the many trials and thrilling ex-
periences through which the hardy
pioneers of the early days had to
pass.

Mrs. F. E. Dease told of seeing
Chief Tawas of the Chippewas, after
whom the bay, the river and the cities
of Tawas City and East Tawas were
named. The old chief was entertained
at the home of Mrs. Dease's parents
on different occasions. She also told
of the lumber-jacks as they were
called and said that she was proud
of having married one of them.

The principal speaker of the after-
noon was Mrs. M. B. Ferrey of Lan-
sing, curator of the state museum.
Mrs. Ferrey is always entertaining
and always has some new light to
throw upon the subject in which she is
most interested, the history of early
Michigan and the preservation of the
records of early pioneer days in this
state.

Mrs. Ferrey is an easy and fluent
speaker, and the energetic manner in
which she places before her audience
the necessity of immediate action if
if much of the interesting data of the
early times is to be preserved, should
arouse the most inactive to a sense of
their duties in this regard.

Not a great many of the older resi-
dents were present, only about seven
or eight of the audience having re-
sided in the county previous to 1885.
However it is hoped to have a better
representation of the pioneers at the
summer meeting in June, which will
be held at the Orange hall on the
Hemlock road. Every old resident
of the county should plan to be pre-
sent on this occasion and contribute
their meed to the stories of the days
when pine was king and the county
was in its infancy.

DEATH OF MARY MALCOLM

Mary E. Malcolm, daughter of Mr.
and Mrs. Charles Malcolm, died at
Lapeer on Wednesday, Feb. 26, 1919,
of tuberculosis.

Deceased was born in Tawas City
June 2, 1897, and was 21 years, 8
months and 24 days old at the time of
her death. The remains were brought
to her home in this city and funeral
services were held on Friday March 1,
Elder M. A. Sommerfeld officiating.
The remains were laid to rest in the
Tawas City cemetery.

Besides the bereaved father and
mother there remain one sister, Clara
Malcolm and two brothers, Charles R.
and Leland L. Malcolm, to mourn her
demise.

A recent publication of the United
States Department of Agriculture
designated Farmers Bulletin 1023 and
entitled "Machinery for cutting fire-
wood" contains a great deal of valu-
able information relative to farm
machinery for cutting firewood either
for use on the farms or for the
manufacture of firewood for sale in
towns and cities. Copies of this
bulletin can be secured upon applica-
tion to the Government Printing
House, Washington, D. C.

EAST TAWAS DEPARTMENT

Devoted to the General and Personal News of the Week From
Our Neighboring City on the East

Mrs. E. J. Kelly returned Monday
from a visit with friends in Bay City.

The W. C. T. U. meets at the home
of Mrs. Lyman McAuliff this (Friday)
afternoon.

Mrs. Rupert H. Budworth and two
children, Hazel and Rupert, jr. spent
Monday in Bay City.

Prosecutor J. A. Stewart and George
Schroeder made a trip to Bay City
Wednesday on legal business.

Mrs. William Duval returned late
last week from Onaway, where she
has been visiting her son, John and
family.

Gordon Lloyd left on Wednesday
for Royal Oak, where he will visit
his brothers, Herbert and Joe, for a
few weeks.

Albert Zuehlsdorf, who came on
Wednesday of last week for a short
visit with his sister, Mrs. Anton L.
Anschuetz, returned to his home in
Bay City Monday.

The two little children of Rev. and
Mrs. Edwin Stephens, who have been
very ill with bronchial pneumonia
are now out of danger, although
for some time the life of the infant
son was despaired of.

Mrs. Alva Decker of Flint, who has
been a guest at the home of her uncle,
F. F. French, returned home last Fri-
day. Her husband is now in Mikado,
where he is in charge of a crew of men
who are building a cement bridge for
the state.

The ice crew at work for the Cleve-
land Company loaded sixty cars of ice
on Monday, an average of almost 8
cars an hour, which is a splendid
record. The 100x100 addition to the
ice house is rapidly nearing com-
pletion.

Bert Sharp was taken seriously ill
while at work on the ice last Satur-
day and was removed to his home,
where a physician was summoned, who
pronounced the illness acute indigestion
and pleurisy. He is somewhat im-
proved at this writing.

The wrestling match pulled off at
the opera house Tuesday night be-
tween Farmer Rice of Grand Rapids,
champion of the United States, and
Young Gotch of Windsor, Ont.,
champion of Canada, resulted in a
victory for Farmer Rice.

The celebration of the twenty-
seventh anniversary of the Ladies of
the Maccabees, which was to have
been held Tuesday night, was post-
poned as those having the matter in
charge were fully occupied caring
for sick ones in the city.
The Women's Relief Corps held their
regular monthly social in their lodge
rooms last Saturday evening. A large
crowd was present and all had an
enjoyable time. The W. R. C. socials
are growing in popularity, among
those who enjoy fun and frolic.

Harry Haight of Detroit accom-
panied his mother, Mrs. Charles
Haight, home from Detroit on Sat-
urday last. Mrs. Haight had been quite
ill while visiting her daughter and was
not able to make the return trip alone.
She is gaining rapidly in health now.

Mrs. Charles Nash, who has been
spending the winter with her parents,
Mr. and Mrs. William Lloyd, went to
Royal Oak on Wednesday for a visit
with her brothers, Herbert, Joe and
Lloyd, and their families before re-
turning to her home at Harbor Beach.

Mrs. M. B. Ferrey of Lansing, who
has been in the city, the guest of Mrs.
J. G. Dimmick, and who also ad-
ministered the Pioneer Society in Tawas
City on Friday last week, returned
to her home last Saturday morning.
Mrs. Ferrey is a recognized authority
of our state.

Miss Blanche Richards has an-
nounced herself as a candidate for the
nomination to the office of City
Treasurer. Miss Richards is well
fitted by her training in the bank and
in business offices to fill this position.
She does not ask nor desire any special
consideration because she is a woman,
but if nominated will make her cam-
paign on the ground of efficiency and
fitness for the office.

Mr. and Mrs. Ernest Larson of Port
Huron arrived in this city Friday
afternoon, and will make their home
here. Mr. Larson having been trans-
ferred to the Coast Guard Station here.
They made the trip by auto, stopping
at Saginaw and Pinconning enroute.
They will make their home with Mrs.
Larson's parents, Mr. and Mrs. Joseph
Trudell for a time until Mrs. Larson
is fully recovered from the serious
operation she went through last fall.

John Quarters is in charge of the
grocery business of L. H. Klenow
while Mr. Klenow gives his undivided
attention to his ice contract.

Mr. and Mrs. Milton McDonald and
little son, John, who have been in the
city, the guests of Alva Wood and Mr.
and Mrs. James Poppleton, left on
Tuesday for Dupont, Wash., where
they expect to reside. Mr. McDonald
is a nephew of Mrs. Poppleton. He
has been in the employment of the
Dupont Company in Virginia, was
transferred to Washington, and visited
with relatives in Michigan enroute.

And still they come! Weather
conditions have been such this winter
that East Tawas offers the best ad-
vantages to ice harvesters from near
and far. This week the Wabash R. R.
has given to Loren Klenow a contract
to cut ice, and men are being hired
wherever available. Edward Spring
has been at work for about two weeks
cutting for the Grand Trunk Railroad,
which in addition to the big Cleveland
contract and the local concerns, makes
the ice fields a busy place. Although
the ice harvest season is short, a
surprising amount of money is put
into circulation in our little city, and
it finds a hearty welcome.

Some of the business men of this
city have expressed a desire to see
some women come forward as candi-
dates for the office of alderman or
alderwomen. The well known ability
of women to work out civic improve-
ment problems is the reason given for
the idea. Looking back to what
women of this country have accom-
plished along those lines when the
only weapon they had to use were
"Agitation" and "Education," nothing
short of the miraculous should be
expected now that they have "Legis-
lation" to aid them. There are many
women of this city who are well fitted
by reason of the interest and knowl-
edge they possess of civic matters to
sit on the council and work for the
betterment of our city conditions, and
it is to be hoped each ward will be
represented by a woman this coming
year.

INSTRUCTIONS
For Canvassers and Registers for the
Iosco County War Census

The following instructions were
originally published for the benefit of
the Wayne County War Census Com-
mission, but are equally applicable to
Iosco County. If these instructions
are followed by those to whom blanks
are submitted for the Iosco county
census it will greatly facilitate the
work of compiling the records of the
soldiers, sailors and marines who have
gone into the service from this county.

In compiling a history of soldiers
and sailors of the county who have
taken part in the Great War, it is
necessary that the record should be
as accurate as possible and uniform
throughout. To this end we make the
following suggestions:

Name—Last name first, followed by
a comma, then the first name and full
middle name, or at least the middle
initial.

Number—Record the army or navy
serial number (identification number)
if possible.

County, Town and Address—Be sure
to state the County, as the man has to
be credited to the County from which
he actually entered service. If he has
lived practically all of his life in
another County, state that fact under
"Additional Information" and his
name will be kept in a supplementary
index in his home County. This is
necessary to avoid duplication in the
State files.

Give the man's last address or ad-
dress of nearest kin; if the latter,
makes a notation of that fact under
"Additional Information."

Personal Record—The father's and
mother's names are desired whether
living or dead, and if living give their
addresses—the town and state only
are desired here. Give the mother's

A PREDICTION AND AN ANSWER

Secretary Wilson, of the Department of Labor, says:

"The present period of readjustment is the critical time. If we can pass through it safely, we have before us from eight to ten years of industrial activity equal to any wave of prosperity we ever have had. But if there is any serious unemployment, there will be a period of industrial unrest which may lead us to a repetition of the French or the Russian revolution."

Secretary Lane, of the Department of the Interior, says:

"If Congress will appropriate the relatively small sum which I have asked for the construction of soldier-settlements in every State in the Union, I can offer jobs almost immediately to 100,000 of our returned fighting men, thus helping to stem the tide of industrial unrest predicted by Secretary Wilson; provide farm homes for 25,000 of these men, thus mitigating the evils of tenantry; and bring into cultivation 1,500,000 acres of at present unproductive land, thus helping to make up the deficiency in the rate of growth of cultivated land as compared with the rate of growth of our population. There can be no surer insurance for the Nation than to put its men upon the soil."

USE ALSIKE INSTEAD OF RED CLOVER

Because of the shortage of red-clover seed farmers are advised by the United States Department of Agriculture to substitute alsike for red clover in their spring seeding operations. On the basis of present market prices 2 acres can be seeded with alsike for what it would cost to seed 1 acre to red clover. Farmers who purchase clover seed should require the seedmen to sell these seed under label, presenting the germination, purity, date of germination test, and, in some instances, the point of origin of the seed. A special agreement between the Secretary of Agriculture and the domestic seed trade provides that seedmen distribute their seeds under label. Farmers should see that merchants live up to this agreement. The shortage of red clover seed, the department explains, results from more clover having been made last year, decreased imports of seed, the unfavorable season last year, and the breaking of clover sods for wheat.

HORSE STILL A GOING CONCERN

Horses are hardly maintaining their number on farms in this country, in consequence of the autotruck, the automobile, and the needs of the war, and yet there are nearly as many in the country now as a year ago, according to the Bureau of Crop Estimates of the United States Department of Agriculture. Furthermore, there are now one-third of a million more than at the beginning of the war. It was expected that the war would stampede the horse market in this country and would send prices high enough to rob the farms of a large number of much-needed work animals, but there was no such shock as was expected. From 1910 to 1915 horses on farms increased a little each year, usually over 1 per cent, and since 1915 the increase of four years has apparently been over 300,000. The present total, according to the estimate, is 21,534,000 horses. The exports of horses during the war to December 31, 1918, have been slightly more than 1,000,000; at the prewar rate the normal exports would have been about 120,000. As far as covered by domestic exports, the war made an extra demand on farmers for almost 900,000 horses. To this must be added the extra demand of the United States Government. By January 11, 1919, the War Department had shipped overseas nearly 39,000 horses, and in November 2, 1918, that department had in this country nearly 165,000 horses. The apparent figures of extra demand on the farmers' of the United States on account of the war make a total of about 1,100,000 horses in exports and in the service of the War Department. The actual number is greater by the normal exports, and hence about 1,200,000 horses are indicated as the horse contribution of the farms to the war, not including private purchases and the United States Government outside of the War Department.

Only One Town.

Previous to the great war, the only town in the old world ever captured by the United States was the town of Derne, in Tripoli, which was taken by an American force under General Eaton in 1824.

FROM OUR SOLDIER BOYS

FROM NELSON SHERMAN

Hardert, Germany, Jan. 1, 1918

Dear Brother:—

I will answer you ever welcome letter I just received as I went to dinner, was very much pleased to hear from you and to hear that you are well.

Well Melvin my sickness did not amount to much it was what they called trench fever. My fever was 103 1/2 for three days and then broke and the fifth day I left and went back to my company, but am feeling fine at present.

Well Melvin we were on the Argonne front when the armistice was signed and then started on our long march into Germany. It was only about 250 miles, but believe me we were all glad when it was over. We marched through the lower part of Belgium and clear across into Germany and across Luxemburg and across the line. We don't know when we are to start home, but hope it will be before spring.

We are in the 32nd Division. I suppose you can tell by the papers when we will start home. I hope we don't spend the time on the water that we did when we came over. We were on the water seventeen days coming over.

I haven't heard from Effie in months. I wrote to Mina several times, but I have had no reply, but our mail service has been very bad so perhaps our mail has got lost.

We thought we would have a hard time with the people of Germany, but was sure fooled for fair. They do use us fine. The people that we are staying with can't do enough for us. There are only six of us at this house. We are scattered around the town. As many as a house as they can handle. They do everything they can do for us, and try to teach us to talk German, but it is hard to teach an old dog new tricks.

We had two dishes of cherries for our dinner. The finest I ever ate in my life.

Dan wanted to know if I had a French girl. Tell him that I have no French girl, but German girls look pretty good to me. Frank did not give you the right location of our town. I will tell you so you can tell about where we are. We are ten miles east of the Rhine River and two and one-half miles west of Dierdorf and eighteen miles north of Coblenz at the village called Hardert. So if you can see a map you can tell about where we are at.

Well Mell I guess I have told you about all the news. So will close, hoping to hear from you again.

Your loving brother,

FROM FRANK L. JONES

Hardert Germany, Nov. 22, 1918.

Dear Cousin Mina:—

I will now write you a few lines to let you know I am still alive and happy hoping you are the same.

I am about twenty-five miles the other side of the Rhine River. I have hiked about two hundred miles since the armistice was signed on Nov. 11. We would hike from five to twenty-five miles a day with heavy packs on our backs. We have about two inches of snow on the ground. It is the first snow I seen this winter. I am living up stairs in a German house. I have a nice room. It has a stove and electric lights. There are eight of us boys staying at this house and we certainly have some time nights playing cards.

Mother wrote and told me that Andrew has enlisted. Please send me his address as I want to write to him.

How is Clara and all the rest of the folks around the neighborhood.

Well Mina I must bring this to a close. Hoping to hear from you again.

Good Bye. With love from,

TEACHERS' EXAMINATION

Teachers' examination will be held April 24, 25, 26, and August 14, 15 and 16. The examination in reading for all grades will be based on the outline in reading published by the Department of Public Instruction, as bulletin No. 4, entitled "The Teaching of Reading." Three questions of the examination in theory and art of teaching will be based on "The Vitalized School" by Pearson. Three questions of the examination in civil government will be based on "Americanism, What It Is" by David Jayne Hill. Both of these books are chosen for the Teachers' Reading Circle. Five questions of the examination in United States history will be based on bulletin No. 20, entitled "Democracy and the Great War." The examination in spelling and orthography will be based on bulletin No. 10, entitled "Word Study and Spelling." Any of the above may be obtained from the commissioner.

HIGHWAY BONDS NOT AN ISSUE THIS ELECTION

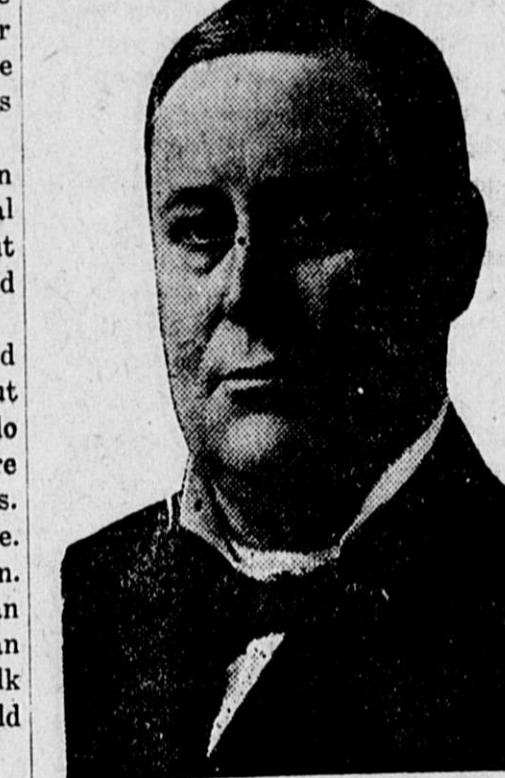

VOTE ON APRIL 7 MERELY AUTHORIZES PEOPLE TO USE CREDIT OF STATE.

\$50,000,000 ONLY A LIMIT

Must Have Fund Available to Meet Uncle Sam's Dollar-For-Dollar Offer.

(By P. T. Colgrove, President Mich. State Good Rbads Assn.)

Everywhere I go I am asked about "this road bond issue". There is no bond issue! The question to be submitted to the people at the election April 7th, involves merely an amendment to the constitution to give the citizens of the state the authority through their representatives in the Legislature to issue bonds from time to time to complete a system of main market highways throughout Michigan and to assure us our share of the money Uncle Sam is going to turn over for road work in progressive states.

P. T. COLGROVE

When Michigan was admitted into the Union we had no roads, we did not think about bridges, we were thinking about Statehood. We were not thinking very much except about the things that the pioneers of Michigan brought here and which were dear to them, and that was the education of their children.

Not a Bond Issue.

Section 10 of Article 8 of the Constitution makes no provision for bonding this State, borrowing money or lending its credit except for insurrection and defense in case of war, now, we want to expand this section to care for Good Roads and make Federal Aid in vast sums available to Michigan. The measure now pending in Congress known as the Swanson Bankhead will give to Michigan from five and a half to seventeen millions. The Federal government is realizing the fact that it has been making a great mistake during the past half century. We are not criticising the fact that millions and millions and hundreds of millions have been spent by the Federal government to deepen our water ways and our rivers and our harbors. Splendid!

But now we have the automobile and the truck. Another arm of transportation must be recognized. The railroads have been pretty well cared for, as long as you and I can remember; ever since the Government took a hand in building transcontinental lines.

Railway to Every Door.

But we are not going to be content and we are not going to let this matter stop until we have built a railroad to every producer's home. At least we may call it his railroad, because to him it is all of that. It doesn't have any tracks, but it has a good bed upon which the truck and the automobile may come and go every day.

The men who founded the Roman empire established the precedent for Michigan's main market highway, when they said that all roads must lead into Rome. They built the roads and they built the Empire. Those roads are standing today just as perfect as the day the Applan Way was built 400 years before the birth of Christ. The Empire has fallen. Good Roads are more enduring than an Empire.

I do believe that the day has come when the people of Michigan are resolved that this great playground of ours along the shores of Lake Michigan will not longer turn its back upon the hundreds of thousands of men and women from the south and from the west and from the southeast, who today are not coming into Michigan, but going into the New England States, where they spend from \$50,000,000 to \$100,000,000 every summer.

Tourists Will Pay Bill.
One summer of tourists along the shores of Lake Michigan after we have completed this beautiful system of highways will bring into our state money enough to pay for the whole system of hard surfaced roads of Michigan. Up and down the old Dixie, I have been time and time again and I have heard the southern people almost cry out from the bottom of their hearts:

"Why don't you people in Michigan make it possible for us to come over the sags and over the hills and through the mire to your beautiful lakes." Uncle Sam is anxious to help us let them in.
He is ready to pay half of the bill.

LIVESTOCK INDUSTRY DEVELOPING IN U. P.

East Lansing, Mich., March 4—Rapid development in the livestock industry is taking place in the upper peninsula, according to a report from the extension division of the Michigan Agricultural college. Large importations of purebred stock, and particularly of outstanding sires, are one of the most outstanding features of this agricultural expansion, the report indicates.

"Within the last three years," it is declared by J. W. Weston, leader of county agricultural agents in the Lake Superior country, "agents have co-operated with farmers in bringing in 303 head of pure-bred sires; 323 head of pure-bred cows; 85 head of pure-bred rams; 3,132 head of pure-bred ewes. 19 pure-bred boars, and 127 pure-bred sows. These figures do not include the considerable number of animals brought in by individuals who were indirectly influenced by the effort put forth to encourage the more general grading up of stock."

CLOVER CROP IS HURT BY WINTERS MILDNESS

East Lansing, Mich., March 4—The clover crop in many sections of the state has become heavily damaged as a result of the unusual weather conditions that have prevailed within the last year, the Michigan Agricultural college has been informed by its field agents. Much injury was done by the drought of last summer, but more has been caused by the mildness of the present winter, it is said. Because of the unusual openness of the season, the reports declare that much "heaving" has occurred.

As substitute one-season hay-crops, the farm crops department of the college is recommending corn, millet, peas and oats, sorghum, sudan grass, soy beans, or oat hay. If it is desired, information as to which of these crops are best for given localities, can be obtained from county agricultural agents, or by writing to the department of Farm Crops, M. A. C., East Lansing.

Elephant's Legs.

The legs of the elephant differ from those of the more familiar large animals in the fact that the ankle and the wrist—the so-called knee of the horse's foreleg—are not far above the sole of the hind foot and the forefoot—resembling man's joints in that respect—while the true knee-joint, called the "stifle" in horses, instead of being, as in horses, high up, close against the body, strongly flexed even when at rest, and obscured by the skin, is far below the body, free and obvious enough. In fact, the elephant keeps the thigh and the upper arm perpendicular, and in line with the lower segment of the limb when he is standing, so that the legs are pillarlike. But he bends the joints amply when in quick movement. The hind legs seen in action, resemble, in the proportions of thigh, foreleg and foot, and the bending at the knee and ankle, very closely those of a man walking "on all fours."

United States Admirals.

The first rear admirals in the United States navy were commissioned in 1862 when that rank was created by act of congress. David Farragut, for his valor in the Civil war, was made vice admiral in 1864, and two years later the rank of admiral in the United States navy was established for the purpose of honoring him. The grade of admiral was revived in 1890 and conferred upon George Dewey, the hero of Manila. The highest rank of American naval officers in active service was, up to a short time ago, that of rear admiral. The title of admiral was first used in France, and the first French admiral was appointed in 1284. A few years later the title was adopted by the English, and the rank of admiral of the English seas was first given to William de Leybourne by Edward I in 1297.

Wine at a Loss.

When a war galley was launched by the Vikings men were bound to the rollers so that the keel was sprinkled with their blood. The practice of breaking a bottle of wine over a ship's stern at the launch is regarded as a survival of this savage Scandinavian practice or "reddening the rollers," as it was called, just as the custom of leading an officer's charger before the coffin at his funeral is a survival of the practice of sacrificing a chieftain's wives and horses at his pyre.

A Business Proposition

By WILL PAYNE.

Secretary Glass said the Victory Liberty Loan should appeal to the patriotism of the people of the United States and not be merely a business proposition.

Isn't that so? It was no business proposition that sent two million young Americans to France and made nearly two million more give up their time for more than a year to train for going. This Victory Loan is to pay for equipping them, sending them over, keeping them there and fetching them back. Will you look one of them in the face and say, "As soon as you stopped fighting and I had given you three hearty cheers you became just a business proposition?"

But the loan is a business proposition, too—this way:

You are Uncle Sam—a hundred odd million of you, individually. Says Uncle Sam to himself, "I owe several million dollars—owe it now on due and maturing obligations that must be met to the last cent. My credit is practically unlimited. I can borrow that money of the banks. They've got to lend it to me. That will mean a huge inflation of bank credit—bank loans all swollen up with my paper—banks consequently in a poorer condition to take care of the ordinary business of the country."

But if I do borrow the money of the banks I've got to pay them back some time. There are only two ways in which a man can finally get out of debt. One way is to sell some property and pay up; the other way is to earn more than he spends, saving the difference. I have no property to sell. Can't sell the White House or the national forests. The second way is the only way for me. "Shall I borrow the money from the banks now and thereby put off the real settlement, or shall a hundred million individual Uncle Sams right now save out of their incomes and lend the saving to the collective Uncle Sam, thereby enabling him to pay the bills and wipe the slate, with no inflation, leaving the banks in sound condition to meet the needs of ordinary business?"

That is the question. It is your debt. You owe the money. Finally you've got to pay it in some fashion. To lend in on the banks now is the most expensive way temporarily to dispose of it. To save, individually, is the best and cheapest way. Even waving patriotism, it comes down to a business proposition. Only the savings and subscriptions of the whole public can take care of the loan without inflation.

**—HELP "FINISH THE JOB."—
THE FUN OF SAVING MONEY.**

The fun of saving money! Best fun in the world, once you get started. Great game, isn't it, where every player wins, always, and no one could possibly lose.

What's the fun consist of? What constitutes the fun of any good game? The planning, the struggle, the contest; the spirit of competition, emulation, excitement; the rush, the climax, the triumph of making goal.

What's the cost, the price of admission? Just the cost of any good game; time, energy, the letting go of non-essentials for the joy of realized ambition and success.

What's the reward? The game and its gaining. The bliss of fighting, climbing, fighting and climbing to win.

What's the method? Begin and keep going. Make a start, set a goal and attain it. Start again and make the same goal in shorter period. Set a new and sterner goal and time limit and beat the record again.

Uncle Sam can't be beat as a partner, game credits foot up before you know it, and it doesn't cost much to sit in.

THIS TELLS HOW TO FIGURE INCOME TAX

Squarely Up to Every Individual to Get Busy by March 15 or Suffer Penalty.

"Don't wait until the final due date, March 15th, for paying your Income Tax and making your return. Avoid the last minute rush. Any person can figure out his liability today as well as he can next week, and if there is any point on which he needs advice he can now get in touch with a Revenue man."

This word of advice is being given out by Internal Revenue men. Returns and payments are being collected in Michigan by the following Collectors of Internal Revenue:

James J. Brady,
Emanuel J. Doyle.
Every aid of their offices and field forces is being given freely to the public.

But the Income Tax men will not pull your door-bell or your coat-tails, according to the Collector's announcement. It is squarely up to every individual to figure out his own case and to get busy if he comes within the scope of the new Revenue law.

Did You Earn This Much?

Every unmarried person who received income averaging \$10.25 a week during 1918 and every married couple who jointly received income averaging \$38.50 a week should secure at once from the nearest Deputy Collector or the nearest bank a blank Form 1040 A. That form contains the information he will need to enable him to figure his correct net income and any tax that he owes the Government.

The law requires that every unmarried person who had a net income of \$1,000 or over and every married person whose net income was \$2,000 or over (including the income of husband or wife, and the earnings of minor children, if any) must make a return on or before March 15th. And this requirement does not hinge on whether the person owes a tax.

Taxable Income.

An individual must include under gross income all gains, profits and income derived from salaries, wages, or compensation for personal service of whatever kind and in whatever form paid, or from professions, vocations, business, sales or dealings in property of all kinds, interest, rent, dividends, or profits derived from any source whatever. Very few items of income are exempt.

Deductions include ordinary and necessary business expenses, interest paid or accrued on indebtedness, taxes of all kinds except Federal income and excess profits taxes and assessments for local benefits, losses actually sustained, debts ascertained to be worthless, and depreciation on buildings, machinery, fixtures, etc., used in business. A further deduction is allowed for contributions to corporations operated for religious, charitable, scientific or educational purposes or for the prevention of cruelty to children or animals to an amount not exceeding 15 per cent of the taxpayer's net income as computed without the benefit of the contribution deduction.

The taxpayer is not allowed to deduct any personal, living or family expense, any amount spent for improving property, or any expense of restoring property or making good its exhaustion for which an allowance is claimed under depreciation.

Figuring the Tax.

Before figuring the normal tax the dividends are deducted as credits from net income, together with the personal exemption. As in previous years, dividends of domestic corporations are exempt from normal tax when received by the stockholder.

The normal tax rates for citizens and residents are as follows: On the first \$4,000 of net income in excess of the credits the rate is 6 per cent; on any further taxable income the rate is 12 per cent.

The surtax rates apply to net income of each individual in excess of \$5,000. The personal exemption and the dividends are not deductible before computing surtax. In the case of returns by husband and wife, the net income of each is considered separately in computing any surtax that may be due. Form 1040 should be used for making returns of net income exceeding \$5,000, and the instructions on that form will show how to figure the surtax.

Business House Returns.

Employers and others who paid wages, salaries, rents, interest or similar determinable gains in an amount of \$1,000 or over during 1918 to any person must file an information return with the Government. Blanks may be secured from the Collector.

Every partnership must file a return showing its income and deductions and the name and address of each partner, with his share of the profits or losses during the past year. Personal service corporations will file similar information for 1918.

WHAT PART OF ROAD COST DOES FARMER PAY.

According to the official figures in the records of the State Tax Commission offices at Lansing, the farm property of Michigan represents about 37 per cent of the total assessed valuation of the state.

Unless Michigan can have funds available to meet the dollar-for-dollar Federal Aid to be distributed by Uncle Sam to promote highway construction and maintenance, the farmer will have to bear his 37 per cent of the expense.

But if the Good Road Amendment is ratified at the polls, April 7, the people will have authority, through their representatives in the legislature, to use the state's credit to meet any offer the United States government may make and, since Federal aid will carry for half of the cost, the farmer will pay only a little more than 18 per cent of the Good Roads investment.

HE WOULD AVOID APOLOGIES FOR STATE HIGHWAYS

GOOD ROADS EARLE, ALSO TELLS WHY HE WILL VOTE FOR THE AMENDMENT APRIL 7.

Horatio S. Earle, popularly known in Michigan as "Good Roads" Earle, who has been spreading the doctrine of permanent highways for more than fifteen years and in whose honor a monument has been reared at the junction of the eastern and western branches of the Dixie Highway in Michigan, says he is tired of carrying his title into the cities of the east and the west and then offering an apology for the highways of his own state.

HORATIO S. EARLE

Known throughout the United States as the Father of Michigan's Good Roads.

"Good Roads Earle, indeed!" he exclaimed. "Why, many a time I have felt ashamed when introduced under that title to speak of good roads before an audience, which, as I only too well knew, included men who had seen and sneered at Michigan roads. If this constitutional Amendment goes through, and it certainly must, if we are to hold up our heads in Michigan, I will not be forced to apologize when I speak in Boston, New York, Chicago or San Francisco."

"That's one reason why I shall vote for the highway Amendment. But there are a lot of other and better reasons, all of which come right home to every Michigan citizen. And so I will cast my ballot for the Amendment because:

"By so doing, I vote to accept a dollar from the United States Government for each dollar that Michigan appropriated for trunk line roads:

"I want the roads as soon as possible. "If we bond for the money, the incomer will pay his part as well as we who are here now:

"The cost of the trunk line roads will be spread upon the entire state and nation, making it possible for localities to build farm-to-market roads, or tributary roads, with their own money, aided by the State reward:

"I want to see Michigan as good or better than any state in the Union, and roads will develop the state:

"If we get good trunk line roads, we will attract best-of-all summer resort states resorters from all over the country, who will leave a profit each year in the state of more than this bond Amendment makes possible for the Legislature to appropriate:

"When the figures are studied, I can see that it will be no burden upon the tax payers of the State:

"The United States rewards us if we build this road system; and, if we do not, the reward goes to other states that do."

Both Parties Indorse.

Both the Republican and Democratic parties in state convention at Lansing, have indorsed the amendment to the constitution which will start the machinery for financing a state-wide system of main market roads leading to every community. Each party made this issue one of the planks of its platform.

Scots All Lovers of Dogs.

Scotland is a great sheep-growing country, yet it loves the dog; gives him all due in life and revere him in death. At the castle in Edinburgh there is a little plot of ground where the dogs of the Scottish soldiers are buried; it is a charming spot, and on many little tombstones there are tender tributes to departed friends. In front of Saint Giles cathedral in the same noble city, there is a monument to a little skye terrier, and upon it, carved in stone, an inscription to Robbie, who refused to leave the church yard where his master was buried, and died upon his grave.

INSTRUCTIONS

(Continued from first page.) such as, battles he took part in, distinctions received, wounds received, special work performed, etc. This outline should be enlarged upon under "Additional Information" on the back of the page. War Record—The principal thing in this case is to get the rank, company and regiment accurately. Note that all men who have been sworn into the Service of the United States are to be included. This does not mean Y. M. C. A., K. of C. men or nurses, but only those actually in Government uniform. Be sure to get the history of Iosco county men who served in the Canadian army or in any army or navy of the Allies, and state this fact also under "Additional Data." The first camp entered means the place where the man was sworn into the service, and may be the training camp, cantonment, naval training station, university, etc. If possible, give dates and places of transfers and promotions. Family Record—It is very important to get the full name of the wife and the full names and dates of birth of the children as well as the marriage record. The last two sections of this record are to be used in case of second and third marriage of the soldier himself. Under "Additional Information" write up fully anything that may be of interest in years to come. For instance, explain in detail about the battles the man was in, distinctions received, wounds received, special work performed, etc.
