### PRESBYTERIAN CHURCH

Services at 7:30 p. m.  
Sunday school at 11:15 a. m.  
Next Sunday evening the topic will be appropriate to Mothers' Day. Mothers are especially urged to be present.

Mother that precious name  
Forever more the same,  
Earth's sweetest word!

Though ages past have flown  
No sound was ever known  
Like that dear name alone,  
Or ever heard!

Our Mothers' God to thee,  
In deep humility,  
We lift our prayer;  
Keep those we love the best  
Through every trial and test,  
And may they ever rest  
Safe in thy care.

### SOLDIER'S MEMORIAL MEETING NEXT MONDAY EVENING

There has been considerable discussion recently regarding a memorial for the Iosco county boys who served in Uncle Sam's army, navy, marine and air service during the great war. Other counties are taking steps to perpetuate the memory of these brave boys and Iosco county should not lag behind, but should make provision for a suitable monument to its heroes.

The form which this memorial should take has also been a subject of discussion and a majority seem to think that a memorial building would be the most suitable expression of the county's gratitude. A place where the boys could meet for their reunions in after years, where they could gather to talk of their experiences, and a place where all patriotic and public meetings of the county could be held would form a more suitable memorial than a shaft of granite or a statue.

For the purpose of discussing this matter and the exchange of ideas regarding it a meeting will be held at the court house Tawas City, on Monday evening, May 12, at eight o'clock. All those interested in the subject, parents of the boys who have served, and every citizen of the county are invited to be present at this meeting. Come out and give your ideas and your plans for working them out. A movement of this kind needs the concerted thought and action of all, and surely everyone would want a share in this token of appreciation.

### AN APOLOGY DUE THE SAILORS

A letter from one of our Tawas City boys who is serving in Uncle Sam's navy, received by the Herald recently complains that in the articles regarding the service the sailors have been slighted, in that no mention has been made of them, while the soldiers and marines have received all the publicity.

We wish to assure this sailor, and any others who may have thought the sailors were slighted, that the omission was not intentional, for the sailors have certainly done their share in the late war and but for them our land and marine forces would have been well nigh useless.

The sailors in service are volunteers almost to a man, and their service, while not so conspicuous as that of the soldiers was just as dangerous and just as necessary, and they should be given their just meed of commendation.

### THE NEW LAWS

The 1919 Legislature passed, some laws that, directly or indirectly, affect you. What are they?

You ought to know and you can find out.

On another page of the Herald we give you this week a summary of the enrolled acts. It is worth your while to read it—all of it.

This summary was prepared by W. L. Calton, who has represented several newspapers during the legislative session just closed.

Mr. Calton is a newspaperman, who writes readable, not lawyers, English, so that everybody can understand what he is writing about. You will appreciate that when you read the summary.

We suggest that you keep this copy of the Herald, it will be valuable for future reference.

### METHODIST CHURCH

Every mother in the city, who does not attend some other church, is invited to the Methodist church next Sunday evening at 7:30. It is Mothers' Day. Will be glad to see every mother. Father and children, old and young, come in honor of mother, and wear a white flower.

### COUNTY AGENT COLUMN C. P. Milham

#### 1919 DEMONSTRATIONS

As many as possible of the following demonstrations will be grown on the county farm this summer. The purpose of the demonstrations being to prove that certain methods of treating soils and crops are more profitable, and should be adopted by every farmer in the county. It is also hoped that some farmers in every township will also carry out these demonstrations on their own farms for their own benefit, and for the benefit of the farmers of the whole county.

#### 1. Tuber Unit Method of Seed Improvement.

Select 25 tubers of one variety and type, 8 to 10 ounces in weight, and similar in all respects. Cut each potato in pieces lengthwise, so the potato will be quartered. Plant the four pieces of each potato in a row, planting the set of 25 tubers, making 100 hills, in as near equal conditions as possible. Each set being kept separate by means of stakes.

At digging time each set will be dug separately and the products weighed. The best being saved for a seed increase plot the following year. In this way any person can build up a strain of potatoes in a short time from one potato. Improved seed will be in demand.

#### 2. Hill selection of tubers for seed.

In the fall when digging the potatoes, promising hills are laid aside, and the potatoes saved for a seed plot the following year.

#### 3. Greening or Green Sprouting.

Green a bushel of seed potatoes by placing them in the sun until they are greened. The sprouts are toughened by this process, the potatoes will come up sooner, and the yield will be improved. Another bushel of seed should be saved and kept from light, and planted beside the greened potatoes and in the fall the yields weighed up, proving whether it is a paying proposition or not.

#### 4. Treating to Prevent Scab and Black Scurf (Rhizoctonia.)

Treat one batch of potatoes with formaldehyde, one with corrosive sublimate, and leave one batch untreated. In the fall results taken showing the amount of scab present, on the treated, and untreated seed, and the difference in yield if any.

#### 5. Testing Seed Potatoes Secured from Different Growers in a Community.

A peck each of as many varieties of potatoes as are grown in every township. Planted in rows side by side to study the variable characteristics. In the fall the results weighed up, and the best paying varieties recommended for everyone to grow, and to discard the "unprofitable."

#### 6. Use of commercial fertilizer on corn, spring wheat, oats, barley, potatoes, hay, sugar beets, or any other crop.

Planting one row each of as many varieties of corn as can be secured, to find which is the best to adopt for the county. The results tabulated at the end of the year.

It is hoped to hold a county meeting at the county farm when these demonstrations are at their best, because if a person can see results with their eyes they will believe them, where they would pay no attention to a person telling them.

There are demonstrations started now which will show results if proper conditions exist. Demonstrations with lime, fertilizer, ammoniated lime, soy beans, vetch, sweet clover, bacteria inoculation, corn, alfalfa, spraying, grafting, black barley, two row barley, and others.

If you are interested in any demonstration work let the agent know about it, and he will help you with it, will tabulate the results and give the information to everyone in the county, thereby helping everyone to help everyone else.

#### FRAUD-ORDER WORK EXTENDED

One of the duties of the Postmaster General is to deny the use of the mails to persons, firms, and corporations making fraudulent representations. The drug divisions of the Bureau of Chemistry, United States Department of Agriculture, has been assisting the Post Office Department in prosecuting medical schemes and adulterated products that are exploited or marketed through the use of the mails. The cooperation has proved beneficial, and the chief of the bureau has directed the drug division to give more attention to this line of work.

### POOR SEED BEING SOLD IN MICHIGAN

East Lansing, Mich., May 6.—A warning that seed of a very low grade is being shipped into Michigan by three or four mailorder dealers in nearby states is being sent out by the State Seed Laboratory at East Lansing. Com complaints from all parts of the State indicate the sale of a large amount of this impure seed, much of which is in violation of the Michigan Seed Law. Clover and timothy seeds are those with which most of the trouble is being experienced.

More than thirty kinds of weed seeds, on an average, have been found in samples tested by Miss Bertha Hollister, State Seed Analyst. Noxious weeds, such as dodder and Canada thistle, have been found freely in the samples, making the situation especially serious. While the Michigan Seed Law can handle violations of the law which occur in the State, it has no power to take action against firms doing business outside the state.

#### APRIL 1919 WEATHER REPORT

The temperatures during April averaged very low and the weather was unseasonably cool. The mean temperature averaged 39.7 degrees while the average at this location is 56.8 degrees. Rain occurred on ten days and totaled 2.78 inches which is .50 inches below the normal amount for the month. The highest temperature 63 degrees was recorded on April 6 and the lowest 15 degrees on April 1. Freezing temperatures or below occurred on 14 days of the month. The following is a summary of the weather:

#### ARMY TRUCKS FOR FEDERAL-AID ROADS

An extra contribution of materials running into the millions of dollars will be made by the Federal Government to road building in the States through the terms of a recent amendment to the Federal aid road act empowering the Secretary of War in his discretion to transfer military equipment not needed by the Army to the Department of Agriculture for use in highway construction. The Judge Advocate General's Office of the War Department has decided that the material so transferred can not be charged for. The War Department has informed the Bureau of Public Roads that it has a large number of surplus motor trucks available for this purpose, and State highway departments now are being asked by the bureau what quantities they can put to use. The Bureau of Public Roads officials believe there will be sufficient to meet all demands from the States. The trucks and other military equipment transferred by the War Department must be used only on Federal aid projects and can not be sold by the State after they are donated from the Federal Government.

#### POULTRY CLUB NOTICE

Members of the Tri-County Poultry Club from Iosco County may secure the eggs which have been ordered, at the office of the county agent in the basement of the court house. Only those who have ordered can secure eggs. Get them as soon as possible.

#### FOR SALE OR EXCHANGE

Fine improved farm of 100 acres. JESSE D. WARNER, adv Tawas City, Mich.

#### THE NEW CO-ED

The play staged by the senior class last Friday night entertained a capacity house, and was a success from all standpoints. All were letter perfect and showed the effects of careful training by the ease with which they went through the various parts. It would be difficult to name any one of the players who excelled the rest, although perhaps the part of "Punch" Doolittle (Wade Lomas) the irreplaceable brother of Estelle, the spoiled beauty (Helen Oliver) and George Washington Watts, (Roy Applin)

Mr. and Mrs. John Kerbitz and family have gone to Flint, where Mr. Kerbitz has secured employment.

Mrs. Emil St. Martin returned home last Saturday after visiting with her mother at Roger City a few weeks.

Mrs. Edward Yax returned to her home in Reeves Saturday after visiting her sister, Mrs. L. McAnuliffe a few days.

Mrs. Ira Wentworth and daughter, Iris arrived Monday night for a visit at the home of Mrs. Henson Smith.

The many friends of Mrs. Lydia Stevens are pleased to see her on the street again after several weeks of illness.

Mrs. Hugo Keiser and little son, Hugo, jr. arrived last Saturday for a visit with her parents, Mr. and Mrs. John Dillon.

Edward and James Alford returned home last Monday from Ashton and Lansing, where they had been visiting their sister.

Sergt. Roy Goodall returned to Flint Thursday morning after visiting Mr. and Mrs. Goodall of East Tawas a few days.

Mr. and Mrs. Herbert Gordon of Maltby was in the city Thursday last week, enroute to Bay City for a visit with friends.

Mr. and Mrs. John Johnson have again taken the management of the county farm and took possession of the place last week.

Charles Parker returned to Flint Tuesday night. Mrs. Parker will remain here until she has closed up all business matter relative to removal of their household effects to their new home in that city.

The social given by the Women's Relief Corps on Tuesday evening, was a splendid success. Twenty-five dollars was realized from the supper and a large attendance enjoyed a good time until a late hour.

The recital given at the home of Mr. C. W. Luce, by Miss Lola Stevens, vocalist and Mrs. Norris Wentworth, pianist of Bay City, was a very pleasing entertainment. Both ladies show delightful talent and technique. Mrs. Wentworth is the recently elected president of the State Federation of Music Clubs.

The final meeting of the Monday Musical Club for the year 1918-1919 was held on Monday last week at the home of Mrs. Fred Adams. Reports of the State Federation recently held in Bay City were given by the delegates, Mrs. Harry Anker, Miss Luce and Mrs. L. H. Braddock. Delicious refreshments were served by Mrs. Adams.

the colored porter at the boarding house, gave more opportunity for the display of histrionic talent. Miss Katherine Dillon as Miss Rice, the maiden lady proprietor of the young ladies' boarding house, was also splendid in her part, while Beth McAndrew, Grace Braddock, Helen Oliver, Sara North, Dorothy North and Eva Turner were typical college co-eds. Ralph Stickney took well the prominent part of the rich Dick Bradley in love with the New Co. Ed (Beth McAndrew) and Marvin McClure presided in a dignified manner at the meeting of the dramatic club of the college.

The specialties were of an especially high order. Miss Esther Johnson with Miss Irene Applin as accompanist, sang in her usual sweet and unaffected manner and responded to an insistent call for an encore. Julius Barkman, with Miss Thelma Stealey accompanist, rendered a violin solo and merited the encore he received. Marion Murray presided at the piano during the chorus and played a brilliant piano solo. Thelma Stealey was also forced to respond to an encore of her solo, rendered in her usual splendid voice. Mrs. Harry Anker was her accompanist. Charles A. Pinkerton took advantage of an interval between acts to call the attention of the people to the Home Coming project planned for July. The play ended by the singing of the Star Spangled Banner.

### MOTHER AND DAUGHTER BANQUET

A mother and daughter banquet was held last Friday evening in the parlor of the Methodist church, and about 125 sat down to 3 beautifully decorated tables, and partook of the splendid feast provided.

After the banquet, which was given by the Men's Bible Class, to the ladies of the Methodist church, Rev. Edwin Stephens introduced Arthur Evans, who gave the address of welcome, to which Mrs. Geo. Bigelow responded. F. F. French followed with a three minute speech, after which Mrs. John Zoller, who with her husband came up from Bay City for the occasion sang a solo. Mrs. Zoller has a beautiful voice and it was a privilege for the people of East Tawas to be permitted to hear her.

Mr. Gold, the Y. M. C. A. secretary for this county then gave a few minutes talk, after which Rev. Zoller, the speaker of the evening was introduced. His talk received full attention and was much enjoyed, every body being pleased to again have the evangelist with us, even for one evening. He was much impressed with the work being done by the Men's Class—an organization which was the outgrowth of his work here in November 1917.

The Women's Bible Class also received a great impetus from his labors here at that time. At the close of his talk Mrs. Zoller sang "Have You Forgotten God?" in a most tender and touching manner, and this ended the program. Mr. Zoller married after his sojourn in East Tawas, and his many friends were pleased to make the acquaintance of his charming wife and extend best wishes and congratulations.

#### MOTHERS' DAY PROCLAMATION By the Governor

If ever there was a time to yield homage to the mothers of our land that time is now. The spirit of devotion and sacrifice and service they manifested during long months of cruel war is beyond all praise. With aching hearts they gave their sons to die, if need be, that our cherished liberties might be preserved, but they hid the ache and the pain and went bravely and calmly about their allotted tasks. This year then of all years when peace has come to bless the world, we should thankfully observe the day that is specially marked in honor of the mothers of America, living and dead.

And let us rejoice with them that do rejoice and weep with those that weep. Many a Michigan mother's heart will sing with joy as our Michigan boys return from afar; and we joy with them in their joy. There will be many a mother, too, alas, whose heart will bridge the sea and journey on to find a dear grave in Flanders or in far Archangel, there to place a wreath of loving remembrance for the boy who will not come back; and to these mourning mothers we tender our deepest sympathy, while we sorrow with them in their sorrow.

Therefore, that we may pay tribute of affection to the mothers who still live and honor the memory of those who have gone from us, I, ALBERT E. SLEEPER, Governor of the State of Michigan, do hereby designate and set aside  
Sunday, May Eleventh next as  
and I call our people, both young and old to gather in their several places of worship and take part in services appropriate to the day, and, by the wearing of a red flower for the living mother and a white for the dear departed, to symbolize their love and reverence for the mothers of the nation.

Let me suggest too that absent sons and daughters take this occasion to visit, if possible, the mother in the old home, or, where such a visit is impossible, that they send a message of cheer and greeting. By this may mothers know that in the rush of affairs they are not forgotten.

In accordance with a resolution of the Congress of the United States, I further request the people of Michigan on the day aforesaid to display the United States flag in their homes and in other suitable places, as a fitting expression of their desire to pay homage to American motherhood.

Given under my hand and the Great Seal of the State this twentieth day of April, in the year of our Lord one thousand nine hundred and nineteen, and of the Commonwealth the eighty-third.  
ALBERT E. SLEEPER,  
Governor.

#### BUSINESS WOMEN'S CONVENTION

The second annual convention of the Michigan Women's Association of Commerce, an important event in the life of business women of this state, will be held in Saginaw June 20th and 21st, and arrangements are being made for speakers embracing some of the best known women in the United States.

This organization is to encourage the organization of associations of business and professional women in all parts of the State of Michigan; to promote and protect the interests of women in the professional, civic, and industrial world; to study the work of existing organizations and their value to the respective trades and localities, so as to apply the information thus acquired to the benefit of all organizations desiring to increase their efficiency; to become the source of information with respect to new opportunities for women, and to encourage all women to greater effort in developing efficiency in the more important activities of the world's work.

#### TESTS SHOW BEST VARIETIES OF CORN

East Lansing, Mich., May 6.—That the selection of corn varieties which are adapted to the particular section of the state in which they are to be grown will determine the success or failure of the corn crop is shown by a series of variety tests carried out over the state by M. A. C. These tests, which were planted and harvested by J. R. Duncan of the Farm Crops Department, indicate the leading varieties for each section.

Based on the tests which have been carried out, the college advises the following varieties: In southern Michigan counties the Duncan, Wisconsin, No. 7, or early Silver King, Folk's White Cap, Golden Glow, Pickett, and Reid's Yellow Dent are best adapted; in south central, the Pickett, Golden Glow, Early Geddes, Wisconsin No. 7 Folk's White Cap and Pride of Michigan; in north central and north, early strains of Golden Glow, Pickett, Wisconsin No. 25 and Ogemaw White Cap and other native varieties are best suited.

Names of growers of seed varieties, or seed companies who can furnish same will be furnished on application to the Farm Crops Department, M. A. C., East Lansing.

#### OLDEST STATE FAIR EXHIBITOR

Detroit, May 6.—The first live stock entry to be made for the 1919 Michigan State Fair, August 29th to September 7th, was filed by William Newton, a veteran sheep breeder of Michigan. Mr. Newton, who is ninety years old, made a special trip on Sunday from St. Clair, Michigan, to the home of Secretary Manager G. W. Dickinson in Pontiac, to file entries and pay fees.

This exhibition at the ensuing fair will be the fifty-fifth consecutive showing he has made at the State Fair, having started contesting in 1864. Mr. Newton entered ten pens of sheep containing seven different varieties and purchased his 1919 membership in the Michigan State Agricultural Society.

The Michigan farmer is the oldest sheep breeding specialist in the state. During the past half century he has made many trips to England, where he purchased sheep for importation into Michigan.

#### FROM OUR SOLDIER BOYS

FROM JOHN SWARTZ

Archangel Russia, Feb. 26, 1919  
Dear Mother, Father and All:—

No doubt but what you will be glad to have a few lines from me and to know I am still alive and feeling fine, and hope the same of you.

I received a letter from Walter Moeller a few days ago telling me that all you folks were well and his also, and that he was working every day, and for me to hurry back. That is the second one I have had from him and I certainly enjoy reading them. So dad if you see him give him my regards and tell him I will write as soon as possible.

Once in a while we get hold of a Detroit paper three or four months old and we read it through from end to end, and all the letters I get are the same. So you see it takes quite a while to reach me.

Well we have really got the winter here and I think by the time you receive this letter the green grass will be started growing in the states. They say spring starts here about the first of May. We have had some pretty cold spells here for a few days and then it warms up some. They do not have those high winds and snow storms here. That is we have not had any yet, but we might have them next month for that is the time they have them in the states.

The peasants here in the winter do not do very much. They fish and take care of their stock. Each peasant has a horse and a few cattle and sheep.

They raise potatoes, hay and rye and also flax and in the long winter evenings you go in any house and the women folks are making thread. It is quite a sight to see them make it.

Well I suppose you will soon be getting ready to pack up and move back to Tawas City. Wish I was there to help you. I think that will be a good house to move into. Everything is quite handy and it is a good location. I suppose you will put in a basement and then a furnace.

Well it is very near time that the port closes at Archangel, so if you do not hear from me for a month or two, do not worry for I will take good care of myself. Hoping to hear from you soon. I will close with love to all. Good bye. Give my regards to all.

That the Ford is the Universal Car was amply proven in the war, where a great majority of the cars in use in the warring countries were Fords. Here is an illustration of the part the Ford played in the war zone.

**In France 700 cars out of 1,000 were Fords**  
**In Italy 850 cars out of 1,000 were Fords**  
**In Egypt 996 cars out of 1,000 were Fords**  
**In Mesopotamia 999 out of 1,000 were Fords**

This record should prove to the prospective buyer that the Ford is adaptable to all uses and that before buying another make he should thoroughly investigate the merits of the Ford.

### Ford Service Stations

For the convenience of hundreds of Ford owners in Iosco County I have established Ford Service Stations, so that you can get genuine Ford parts and repairs. These service stations are located as follows:

**JAMES LESLIE, Whittemore, Mich.**  
**H. E. NUNN, Hale, Mich.**  
**KANE'S GARAGE, Tawas City, Mich.**

Be sure to get genuine Ford parts and repairs for if you buy your supplies from mail order or other irresponsible parties you are liable to have trouble when you come to use them.

### Ford Tractors

I have a few Ford Tractors on hand, but they are going fast. Every farmer with 80 acres or more should have one, as they will do the work of several teams and men. I will be glad to give you demonstrations of this wonderful machine on request.

### UNITED DOCTORS SPECIALIST

Brings the Knowledge of a Great Medical Organization and Their Experience in the Successful Treatment of

Thousands of Chronic Disease Cases Offer Services Free of Charge

Licensed by the State of Michigan

The United Doctors is an organization of reputable, licensed, physicians for the treatment of certain diseases.

They are all specialists. The United Doctors treat, without Surgical Operations or hypodermic injections, diseases of the blood, skin, and all internal organs, rheumatism, sciatica, tape-worm, leg ulcers, weak lungs and all long standing, deep seated diseases.

Thirty-five years' experience and the complete records of thousands of cases successfully treated prove that the methods of the United Doctors are right. They were among the first to be called "Bloodless Surgeons."

Each member of the United Doctors staff has at his command the knowledge and resources of the whole organization.

Many people go on suffering from diseases that can be alleviated just because they cannot afford to go to high priced specialists at a distance from home.

No community has sufficient number of sufferers from the diseases mentioned to support special hospitals for their treatment and cure.

The United Doctors have solved the problem. Their highly trained specialists travel from place to place. They diagnose and prescribe a course of treatment for the sufferers in each community and teach them how to take care of themselves at home.

Worn-out and run-down men or women, no matter what your ailment may be, no matter what you have been told, or the experience you have had with other physicians. If your case is incurable they will tell you so. Consult them upon this visit. It costs nothing.

Married ladies must come with their husbands and minors with their parents.
