CONSOLIDATED SCHOOLS—ARTICLE II

Michigan has four different laws which provide a method for the consolidation of rural schools:

1. The Graded School Act.
2. The Township Unit Act for the Upper Peninsula of Michigan.
3. The General Township Unit Act.
4. The Rural Agricultural School Act.

The Graded School Act passed in 1881 was planned especially for cities and villages, but it has the necessary provisions to make it a suitable law for the administration of consolidated districts. The General School law provides that any two or more school districts may be consolidated by the township board or boards of the townships where the districts are located, if a majority of the resident taxpayers give their consent. If, after the consolidation there are more than seventy-five children in the district between the ages of five and twenty years, a majority of the qualified voters, at an annual or special meeting, may form a graded district.

Important duties of the legal voters of a school district operating under the Graded School Act:

1. To elect the board of education
2. To determine the length of the school year
3. To change and establish a school site
4. To vote the building and site fund
5. To bond the district
6. To establish a library

Township Districts

The township unit act for the Upper Peninsula passed in 1891, the various special township unit acts, and the general township unit act for the whole state are similar in the purpose to be accomplished. Therefore, it is unnecessary to discuss each of these systems separately. The township unit act for the Upper Peninsula is the more desirable township unit act to discuss because it has been in operation a greater number of years than the general township unit act. The details of the law given under the graded school act as applied to voters, the board of education, and the superintendent of schools, apply to the township unit act, except that under the general township unit act the legal voters direct the employing of a superintendent of schools, and the board and not the legal voters establish sites, determine the school year, and establish a library. Under the township unit act for the Upper Peninsula the voters have the authority to vote all taxes for the general running expenses of the school. If, however, they refuse or neglect to vote a tax the board of education at their first regular meeting in September may vote such tax. The board and not the legal voters has the authority to establish sites and determine the school year. If under this act there are ten children who are not less than three miles nor more than eight miles from an established school in the district, the board of education must provide school advantages for such children by establishing a school for them or transporting them to a school that is already established in the township.

The Upper Peninsula township unit act gives the board of education the authority to consolidate any of the schools of the township and transport the pupils to such schools. Consolidation has been the practice in many instances where the geography of the country would warrant it.

RED CROSS MEMBERSHIP ROLL CALL

The Red Cross Membership campaign in Iosco county will be held Nov. 2 to 11. Let every loyal American respond the first day of the call and renew their membership in this noble organization. Our chapter has paid \$800 to headquarters this year. Therefore this is not a campaign for contribution but for a renewal of membership only.

For your convenience arrangements have been made with the various business places in the county to accept your renewal. Don't wait for the committee to call upon you, just go and renew your membership. "All you need is a Heart and a Dollar."

"The Red Cross served a noble and beneficent purpose and must appeal to all who love their country and to all who love humanity."—President Wilson.

"In giving prompt and efficient aid the Red Cross has won the eternal gratitude of millions of people."—Gen. Pershing.

TRI-COUNTY Y. M. C. A. NOTES

A. R. Gold, Secretary

The county secretary spoke at the Alcona county teachers institute last week on mass games and athletics as means for developing the community spirit. Alcona county schools will adopt the John Brown weight test basis as a plan for county wide athletics.

Several schools got together at Hale for demonstration in mass games last Friday. Some pupils had the real get together spirit while others did not catch the team spirit till later in the game.

Winter is sneaking around trying to get something started, but who cares. The young folks are going to have a lot of fun. Yes, and the older folks are going to play a little when the fall work is done up. Winter!! Who's going to care anyhow while the woods are blazing with colors, and the sun is warm, and the rumble of the last thunderstorm has hardly died away. Ain't I strong on nature? Gee!

Out of the west a distant rumbling, As though some far off hills were humbling

Their lofty peaks, and madly tumbling To earth.

The wind, once soft and tenderly hushing, Now comes with a fierce and terrible blaze.

A horrible hurricane, cruelly crushing The trees.

A flash. A shock. See Jove is hurling His bolts from lowering clouds, that curling

Add to the torrents, turbid, whirling, And wide.

Bloody the sky with lightning flashing,

Bursting the air with thunder crashing,

And the falling rain wildly washing The earth.—A. R. Gold.

KNOCKING THE DEVIL OUT OF AMUSEMENT

The resolution passed by the Twentieth Century Club of Tawas City with regard to amusements at the County Fair voices the feeling of all thinking people. We deplore amusements which develop dishonesty, selfishness, cunning, and the baser instincts, when there are amusements that are not merely harmless but instructive in things worth while.

What are we going to do? Some of us remember when an organ was regarded with suspicion, and the introduction of that "chest of whistles" in the "kirk" was looked upon as an insult to the Almighty.

And a piano—"Weel, weel! Such a tinkly thing" was surely a contraption of the devil. The young people danced and—but that was before the devil got into amusements.

Talking plainly, what is the use of letting amusements go to—well, where have they gone? If the devil has got into amusements let us kick him out, head, tail, and hoofs. I am not going to ask let us pray at this time. This isn't a sermon. Let us be natural, LET US PLAY.

Play, get young again. Believe in yourself, in your neighbors, in your country, in your God. Play with your children, with your neighbors' children if you have none of your own.

You will work better if you do. You will play better if you play. You will live better and longer if you play. You will need to play hard and straight and clean and longer if you are going to knock the devil out of amusements.

Young people will kick up hemlock splinters at a common hoodwink if no other form of amusement is provided. People gather around a fiddle and an organ, or perhaps a victrola, because it is something to lead them in a common activity. Is it wrong?

The instinct of wanting to be together in common activity is not wrong. This instinct is natural and much can come of it if properly cultivated.

HAGLUND GARAGE, adv-44-tf East Tawas.

DEATH OF MRS. MARY NASH

Mrs. Mary Nash, for about thirty-five years a resident of East Tawas, died at the home of her daughter, Mrs. Martha Sturk, in Clifford, Michigan last Wednesday. The remains were brought to this city on Monday and the funeral services were held in the Methodist church Monday afternoon. Rev. Stephens having the service in charge. The remains were laid to rest beside her husband, the late Robert Nash, who preceded her in death one year and one month ago.

Mrs. Nash was born in Hamilton, Ontario in 1845 and was married to Robert Nash in that city. They came to East Tawas about 1879, and here they raised a family of eleven children, all of whom survive with the exception of Albert, who was killed in the Widdis mill explosion seven years ago. The surviving children are: James of Flint, Mrs. Martha Sturk of Clifford, John of Minnesota, Frank of Bay City, Mrs. Elizabeth O'Flaherty of Oregon, Mrs. Lucinda Hilton of California, Charlie of Port Hope Coast Guard, Mrs. Margaret McVicar of Port Austin, Jake of Flint and Leslie of Alabaster. There are also 21 surviving grandchildren.

Mrs. Nash suffered a paralytic stroke about twelve years ago and had been confined to her wheel chair ever since. She was a constant sufferer, but was always cheery and uncomplaining. She was always busy with whatever her hands were able to do, and was an ost interesting conversationalist. She never united with any church but was a constant reader of the Bible, and was prepared to enter the eternal home. For four weeks previous to her death she was confined to her bed and suffered great agony.

All of the children were present at the funeral with the exception of Mrs. O'Flaherty and Mrs. Hilton, who live at too great a distance to get here in time.

The many friends of the family extend their heartfelt sympathy in the hour of sorrow.

NOW IS THE TIME FOR COMMUNITY PLAY

Economic necessity forces us to work. We enjoy our work or we do not. Whether we like it or not we must work. The world has worked hard and fought hard in the last few years. The world must still work hard to pay the costs of war. Nerves have been strained to the limit. We have grown serious and intense. We do not all see alike, prejudices are strong. Danger is over, now trouble begins. The unity of wartime now dissolves in partisanship, dissension and strife.

LET US PLAY. If Gary, Gompers, Spargo, and the other members of the committee could get out together and play dizzy izzzy, jump stick, oriental tag, and a good game of volley ball, they would go back and settle the strike in half a day. We have worried over the I. W. W. and the bolshevik, we have kicked on the H. C. L. Shucks, LET US PLAY.

One reason why the German lost the war was because they lacked imagination. They could drill but they could not play. The men that fought the best were the men that played the best. Reconstruction is not altogether a matter of work. Men must get in a mood to do their best. Wounded soldiers do not get well till they can laugh. Folks whose lives are monotonous and filled with drudgery must "smile, smile, smile." Rural communities must get together and play, plan, sing, and thing together in order to work together. Farmers, bankers, stenographers, teachers, preachers and all that go to make up a rural community must do this to preserve the unity that is known to the world as the U. S. A.

EX-PRESIDENT J. L. SNYDER OF M. A. C. DIED OCT. 22

East Lansing, Oct. 27.—Dr. Jonathan LeMoyn Snyder, president of the Michigan Agricultural College from 1896 until 1915, died at his home in East Lansing on Wednesday, Oct. 22, following an illness of but a few days. For years Dr. Snyder had been one of the leaders of agricultural work in the state. Through his efforts M. A. C. became one of the greatest agricultural colleges in the country. He was 60 years old at his death.

Dinner For Five

\$11.00
-.82
?

Five Middle Western farm leaders sat down to dinner in a big hotel. Modestly they ate steak, potatoes, corn, bread and butter and drank coffee—and the check was \$11. Then one of them, says

The COUNTRY GENTLEMAN

figured roughly from the day's market reports what share the farmer had got of the \$11—and the answer was 82 cents! And still some folks say the farmer is a profiteer!

First, last and all the time THE COUNTRY GENTLEMAN stands for a living profit for the farmer. Its articles are aimed at better and more economical methods in cropping; at more scientific breeding and feeding of animals; at greater use of tractors and other labor-saving machinery; at more efficient market-

ing. In other words, the chief aim of THE COUNTRY GENTLEMAN is to help the farmer to make more money—to get more of the consumer's dollar—to get more than 82 cents out of an \$11 dinner. One dollar that you spend for a year's subscription may save you a hundred dollars or more. Why delay longer?

STRIKES AND THE PUBLIC

The world is short about 81,000,000 tons of coal, according to the statement of the United States Shipping Board. The world, as usual, is looking to the United States to make up the shortage. In the coal industry, where there is collective bargaining, the labor situation has long been ominous. At the moment when collective bargaining was being debated by the Industrial Conference at Washington as a means to end the steel strike, the principle was found to be in poor working order in the coal fields.

The public has to watch these great industrial disturbances, mindful of the fact that a strike of coal mine operators will add to the discomfort and increase the cost of coal to the consumers a billion dollars this winter. The methods for measuring the burden that will fall upon the public because of the steel strike, is not so simple; but it is certain that the public will eventually pay the tax. Then again, up in New York conditions in shipping appear to have gone to pot, and the big harbor has been in the throes of strikes half of the present season. Sugar goes up—and in some cases sails clear out of sight—largely because of labor troubles in shipping. Again, the public pays the tax. The National Adjustment Commission, which has been trying to settle the longshoremen's grievances, make the statement that "as wages have gone up, productiveness has gone down," with the result that "the direct labor cost of turning a ship round at Atlantic ports is at least three times what it was in 1910." In railroadings it is much the same, and Brigadier General W. W. Atterbury, who gained distinction in France in the operation of American railroads in wartime, told the employees in one of the shops of the Pennsylvania Railroad that "prior to our entrance into the war you were on a piecework basis, as well as working on a 10-hour day. When the government took over our railroads, piecework was stopped. The output per man hour fell 25 per cent. The shops were put on a 8-hour basis. This cut the output an additional 15 per cent, so that the output per man per day in our shops is but 60 per cent of what it was before the war!"

Thus there is conclusive proof that in the New York harbor and the Pennsylvania shops, production has fallen off in a manner that is alarming. It is fair to assume that this is a general condition. It is possible that the United States, flushed with the joys of victory, may still be able to learn a few things from the vanquished Germans, who in setting about to readjust the affairs of their country, have seriously taken up the proposal of the Vorwaerts, the socialist organ, "that workmen must be paid according to the actual work done by them; that workmen must be made to understand that good pay is only obtainable in return for good work, and that capable workers must have the opportunity to earn, by greater application to work, more than the amount represented by a fixed scale." This report, through the Associated Press, comes along with the news that our coal miners seek a six hour day. A speaker in the Industrial Conference at Washington, referred to the fact that 750,000 American workmen are on strike—and unfortunately

the number is growing—but he did not point out a way to solve the industrial troubles. The public as a party to the ills and evils of industry, does not appear to be given much consideration.

But if the aforesaid "public" is to remain out of the psychopathic ward, riches and poverty, employers and employes, and everybody else concerned, will have to get back to work in dead earnest.

BURNING MONEY

By Walt Mason

Life is gay and blithe and sunny, since the peace dove hit the breeze; everyone is burning money just as though it grew on trees. I insist on thrift and saving, but there's none to heed my words; johnnies say that I am raving, and throw money to the birds. Men are drawing princely wages, and their breasts are filled with mirth, and they jeer foreboding sages who predict a day of dearth; but that day will come as surely as tomorrow's sun will rise; things will then be going poorly with the giddy spendthrift guys. Things won't boom along forever as they're booming now, my friends; and the man who's truly clever saves as ably as he spends. It is patent to the knowing, in expansive times like these, that the kopecks won't be growing always on the shrubs and trees. There will come a day of troubles when this boom is left behind, and the kopeck and the rouble will be mighty hard to find; happy then the lads whose wages have been safely placed in brine, who obeyed the seers and sages, when the saving graft was fine. And how sick will be the mortals who like spendthrifts now behave, who reply with jeers and chortles when we call on them to save.

UNITED DOCTORS SPECIALISTS
 Brings the knowledge of their Organization and experience in their Successful Treatment of Thousands of Cases
 Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape-worm, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name.

"BLOODLESS SURGEONS"
 Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you have had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you such advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians. BEFORE AND AFTER FIGHTING

The annual expenditures for all government purposes prior to the war amounted to about \$1,500,000,000, and the total bonded indebtedness was approximately \$1,000,000,000, the interest charges on the amount being practically \$22,000,000 a year. When the books are all put in order the United States will have interest-bearing obligations amounting to about \$34,000,000,000, and the annual interest and sinking fund charge will approximate something like \$1,600,000,000. These figures make it perfectly plain that the interest charges alone of this government in the future will be equal to, if not greater than the total cost of maintaining the government prior to the war. These are stern figures, yet the American people carefully and deliberately incurred the big obligations they represent. Congressman Ricketts of Ohio, voices the obligation of Congress toward the public most admirably. He says: "The American people should stop, look and listen. They have apparently gone money mad. They are standing on tiptoes, all working on a high tension. The people of the United States need to be rebaptized in pure, unadulterated Americanism. They should be taught the lesson of thrift, frugality, and economy which, of necessity is the result of industry. Our national debt is staggering, but we must meet it and pay it. How are we to do it? Go on making extravagant appropriations? No; curtail them. It is up to Congress to devise the ways and means."

AIN'T IT AWFUL?

It's getting to be a fright the way some of these modern parents talk back to their children?

NOTICE TO TOWNSHIP, VILLAGE AND CITY AUTHORITIES

After January 10th 1920, we will have a new dog tax law and we understand that there are quite a few persons who have not paid their dog tax for the past year. If you want to prosecute a person for the non-payment of their dog tax it will be necessary to begin action before the present law expires and I would advise that the same be done as soon as possible. It is up to the authorities of a township to see that a complaint for non-payment of the dog tax is made, and then we prosecute the case. It is not fair for one man to pay his dog tax and let another go free.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarhal, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c. **F. J. CHENEY & CO., Toledo, O.**

THIS STOVE SAVES COAL

The retail market is flooded with all kinds of stoves. Some are good and some are not good. Some save coal, and others literally "eat it up."
 Then why not install one of our new Retort stoves that soon pay for themselves in the coal they save? Coal is an expensive article these days and the stove that cuts down the consumption is a godsend.
 Our new Retort stove does exactly that—slices off a goodly portion of the coal bill each day. And there is not a stove on the market that furnishes more heat or at a more even temperature.
 You can see them in our store any day. Take a look.

Mrs. Clara Dorey and children returned Sunday from Reno where they spent a few days at the home of Harry Latter. Mr. and Mrs. J. S. Johnson were Sunday visitors at the home of John Searle. They were motoring through from Hillman to their home in Omer. The first devotional meeting of the Epworth League will be held Sunday evening at 7:00 o'clock in the Wilber M. E. church. The topic—"Our Relation Toward Others, Toward our Friends." Leader, Florence Latter. As this is the first meeting of the League it is expected that a large number will attend and help to make it a success.

LONG LAKE BREEZES
Frank Wolfson and family visited in Hale Sunday. Mr. and Mrs. B. Storm are both very ill this week. Miss Dillon of Hale visited Miss Vina Morrison Saturday. Joseph McNichol and wife left this week for their home in Flint. James Hicks and family settled in their home here for the winter. Mrs. Kohn and Mrs. Boring visited with Mr. and Mrs. McNichol Sunday. Mr. and Mrs. Mott Hicks were the guests of Mr. and Mrs. McNichol Sunday. Misses Myrtle Boring and Florence Hicks visited with the Misses CeCleud last Sunday. Frank Boring and family moved to Circleville, Ohio this week. We will miss them very much. Mrs. Charles Whinery's mother is visiting her from Virginia, is very sick at this writing. Claude Vosburg is filling vacancy at Rose City, while Al Southerlin is away with his wife who is very ill. Mott Hicks lost a very valuable coat and some other stock last week and when he went to dig his potatoes he found some one had beat him and dug the largest share of them. It seems Mr. Hicks has his share of losses.

HALE AND VICINITY
Miss Orah Putman was a Bay City visitor Saturday. A baby boy was born Sunday night to Mr. and Mrs. Elmer Streeter. Mrs. Colegrove is spending a few weeks visiting friends in Saginaw. S. S. Long of Prairie Depot, Ohio is a business visitor here this week. Grant Shattuck was a Flint visitor last week Tuesday and Wednesday. Clyde Montgomery of Flint is spending a few days at his home here. Mrs. Theresa Sweet is the guest of Rev. and Mrs. C. W. Scott for a few weeks. R. A. Mesdames Baxter and Smith of Ionia, sisters of Mrs. John Carey were her guests for a week. Leaving for their home last week Wednesday. Mrs. Myra Streeter, who has been spending the summer at the home of her son, Elmer Streeter, left for her home in Pike, N. Y. last week Monday. Miss Pringle, who was a teacher in the Hale school about 15 years ago, has been renewing old friendships during the past few days the guest of Mrs. H. E. Nunn. Mrs. Kate Humphreys of Alma and Mrs. Hazel Cheveries of Akron, Ohio were guests of their parents, Mr. and Mrs. Joseph Button for two weeks, leaving for their respective homes last Friday. Mrs. F. A. Webb received word of the death of her brother at Sylvania last week Tuesday. Her son, John, and daughter, Mrs. E. O. Putman left Wednesday morning to attend the funeral. Mr. and Mrs. Hiram Hammond and two sons, are the guests of Hale relatives. They recently returned from Philomath, Oregon, where they have made their home for the past two years making the trip by auto. F. E. Bernard has on exhibition at E. D. Brown's hardware store, a bushel of potatoes raised in his garden. The basket contains 27 potatoes weighing 61 1/2 pounds, and he claims there are more just as large. (Bushels we mean.) Rev. McGier of Bay City occupied the pulpit in the Baptist church Sunday. School day was observed with a short program, and a good attendance came to Sunday school. If you cannot take an active part your presence will be an inspiration. Mr. and Mrs. Joseph Button have sold their farm here and left last Friday for Alma, where they will make their home. They have made many friends during their 12 years residence here whose best wishes go with them to their new home. Friends of Miss Laura Badour will be interested to learn of her marriage which took place at Bay City Sept. 10th, to Henry Zeeder. Mr. and Mrs. Zeeder are spending a months honeymoon in Detroit and points in the east. They will make their home at West Bay City. A reception was given by the Wesley C. Arbor A. O. G. at the home of Mr. and Mrs. E. B. Follett Thursday evening, Oct. 16, for members who are moving away. Games, music and delicious refreshments made the evening a pleasant one that will be long remembered by those present. Announcements have been received by Hale relatives of the marriage of Roy Kennedy and Miss Lillian Atkinson, October 14. Lillian spent her school days in Hale and her many friends extend congratulations and best wishes. Mr. and Mrs. Kennedy will make their home in Toronto. Mr. and Mrs. Thomas Harris moved to their farm recently purchased 4 miles from East Tawas, Wednesday of this week. Mr. and Mrs. Harris have lived in this community many years and will be missed by a large circle of friends, whose best wishes go with them for success in their new home.

MILLS STATION AND LOCALITY
Sunday school Sunday, Nov. 2nd, 10:30 a. m. Mr. and Mrs. Dyke of Reno was here on Sunday. Sherman Huff made a business trip to Flint this week. The past rains have made some bad roads in our locality. James Bemis has been quite ill with an attack of quinsy. Mr. and Mrs. Chas. Fenton have returned home from Port Huron. Sam Bronson's family, who were on the sick list are able to be out again. Mr. and Mrs. Roy Walters autoed to Omer Oct. 19th to visit Mr. and Mrs. Clyde Crayner. Oliver Partlo helped Rev. Beckwith of Prescott move his goods to near Bay City last week. Mr. and Mrs. Frank Webster and son, Freddie spent Sunday evening with Floyd Webster and family. Rev. Scott will preach every other Sunday at the Corrigan school at 1 p. m. Next appointment being Nov. 9th. A few more telephone poles were set here last week, people are getting quite anxious to have their line finished so as to have service. Chester Huff, who had an operation for an abscess recently in his parents home, is able to be in school again. Dr. McDowell of Turner attended him. Mr. and Mrs. Peter Hottos are proud grand parents of a new son, Russell Williams in Bay City, the latter being their daughter. Miss Myrtle Robinson's box social which was given at the Corrigan school was a real success. There was a mistake in last weeks item as to the amount taken in. The proceeds of the evening was \$34.35. Part was used for library books and the rest for other purposes.

HEMLOCK SLIVERS

After the Moulting—EGGS
REMEMBER, going through the moult is like going through a long spell of sickness. To force out the old quills and grow new feathers saps a hen's vitality. If you expect your hens to be fall producers and winter layers, then feed them Poultry Pan-a-ce-a during and after the moult.
Dr. Hess Poultry Pan-a-ce-a
will start your pullets and moulted hens to laying
It contains Tonics that put your moulted hens in fine condition—Tonics that tone up the dormant egg organs—Iron that gives a moulted, run-down hen rich, red blood and a red comb. It contains internal antiseptics that destroy disease germs that may be lurking in the system. No disease where Pan-a-ce-a is fed. It pays to feed Pan-a-ce-a regularly.
It brings back the singing—it brings back the scratching—it brings back the cackle. That's when you get eggs; and it's eggs you want—fall eggs, winter eggs—when eggs are eggs.

CAMELs are the most refreshing, satisfying cigarette you ever smoked! Put all your cigarette desires in a bunch, then buy some Camels, give them every taste-test and know for your own satisfaction that in quality, flavor, smooth-body and in many other delightful ways Camels are in a class by themselves!
Camels are an expert blend of choice Turkish and choice Domestic tobaccos. You'll not only prefer this blend to either kind of tobacco smoked straight, but you'll appreciate the remarkable full-bodied-mildness and smooth, refreshing flavor it provides! Camels are a cigarette revelation!
Camels win you in so many new ways! They not only permit you to smoke liberally without tiring your taste but leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!
Compare Camels with any cigarette in the world at any price! You'll prefer Camel quality to premiums, coupons or gifts!
