## PUT OUT THE FIRES

Forest Supervisor Hilton of East Tawas has sent out during the past week to motorists and others the following circular letter regarding the putting out of fires in the national forest area during the coming season. The letter is self-explanatory:

"Forest fires in this vicinity were few in number last year and burned but comparatively small acreages as compared with previous years. These fires were held to a minimum because of favorable weather conditions in the spring and of valuable cooperation given by local people during the entire season. We are anxious to have as good success this year, and again ask your cooperation in using care with fire in the woods and in assisting in fire suppression as you are able. We wish to keep the plains green and to preserve the remaining timber. The Forest Service plans to continue the work of reforestation, planting of fish fry, cleaning out and straightening roads, and grading and filling cuts and fills, that the plains region may be made more accessible and more enjoyable to the increasing number of visitors each year.

"If you discover a fire, put it out with what tools you have; if you need more you can secure them from the fire tool boxes which are fastened by a screw to be easily broken. If you cannot put out the fire, please report it to the nearest Forest officer. Officers can be located at the following points:

Forest Ranger R. H. Johnson, Silver Creek ranger station, phone 191-F14.

Forest Guard Blake, same address.

Forest Supervisor, East Tawas.

"If the fire is in a region adjacent to the places of residence of the following men, please notify them, as they have agreed to organize crews and handle local fires until the arrival of the Forest officer:

Glen Follett, near Hale, phone 7-1LJS.

E. B. Follett, near Hale, phone through Hale.

Wm. Cross, Wilber, phone 191-F11.

## JOSEPH M. BOOMER

Joseph M. Boomer, a resident of Iosco county for nearly fifty years, died at his home in this city Tuesday, April 6th, at about 11 o'clock p. m., after a lingering illness of over a year. The cause of death was a complication of diseases.

Joseph M. Boomer was born at Augusta, Mich., June 27, 1854. When a small boy he moved with his parents to Canada and remained there until he was 17 years of age, when he came back to Michigan and settled in Iosco county, where he has since made his home. On July 12, 1882, he was united in marriage to Miss Anna Peck. To this union ten children were born, three sons and seven daughters, two of the latter dying in infancy.

Those left to mourn his demise are the widow, two sisters, Mrs. Jane Chambers of Tawas City and Mrs. Augusta Wilkins of Detroit, and the eight children, Mrs. Steven Carroll and Mrs. Lyle Williams of Jackson, Mrs. Victor Ackerson of St. Clair, Mrs. John Gilboe of Pontiac, Alfred M. Boomer of Flint, and Ralph, James and Dorothy at home. He also leaves a large circle of friends and acquaintances who join with the bereaved family in mourning his loss.

The funeral services will be held today (Friday), Rev. Joshua Roberts officiating, and the remains will be laid to rest in the Tawas City cemetery.

## THE ELECTIONS

The election held last Monday was characterized by a light vote in most of the precincts of Iosco county, there being but one ticket in most of the townships and cities.

In the presidential primary Johnson had a big lead over the rest of the aspirants for the honor. Returns from the state indicate that Johnson was the favorite in Michigan by an overwhelming majority.

Following will be the roster of the new board of supervisors for the coming year, according to the returns available at this time. Those marked with a \* are new members:

- Alabaster—Albert Bleau\*
- AuSable Twp.—Wm. Dickinson
- AnSable City—Joseph Light
- Baldwin—Geo. Westcott, Jr.
- Burleigh—David Smith
- Grant—John Burt\*
- Oscoda—F. G. Cowley
- Plainfield—E. O. Putnam\*
- Reno—Ernest Crego
- Sherman—Geo. A. Pringle\*
- Tawas—Frank Blust\*
- Wilber—John Searle

Whittemore City—H. M. Belknap

East Tawas—H. N. Butler,\* C. R. Dease,\* R. M. Small,\* Victor Johnson.

Tawas City—Jas. E. Ballard, Wilford J. Robinson, Thos. Galbraith.\*

The three propositions submitted to the voters of Iosco county were all lost by substantial majorities. Apparently the people expect the board of supervisors to rebuild the county infirmly out of nothing. The only money available at this time for the purpose is the \$2,500 insurance and \$1,000 which can be voted by the board without a vote of the people. And \$3,500 will not go far toward building an infirmary such as is required by the state law to house the inmates. It is certain that before such building can be erected, money will have to be voted by the people, and unless the present farm is sold and a smaller one purchased, the amount will undoubtedly need to be more than \$6,000.

By their vote on the memorial building appropriation the people of the county showed that they have but little appreciation of the services of the boys who fought their battles in France and by refusing to increase the per diem of the members of the board of supervisors, they virtually ask their representatives on that board to work for common laborer's wages. The per diem is now \$4 per day, and it costs the members from outside the cities \$3 per day for their board, leaving them the munificent sum of \$1.00 per day for their services on the board.

## FOREST SERVICE NOTES

The beal forest tree nursery at East Tawas is this year being placed on the production basis of 700,000 trees yearly, chiefly of norway pine.

### Scouts Will Hike

The East Tawas troop is making fine headway under the leadership of Scoutmaster William Anderson. Forty were present at the regular meeting on Tuesday evening, and new candidates applied for admission. A snappy program of business and fun was followed by a feed. A hike is planned for next Saturday. The gang will start at 8 a. m.

### Club Work

A number of boys and girls have applied to E. T. Merideth, of "Successful Farming" for loans to be used for the purchase of livestock. Any boy or girl wishing to take up a livestock proposition may do so with other than pure bred stock. The high price of pedigree animals or pure bred stock has kept many from attempting club work with pigs and calves. It is better to raise any kind of a pig than no pig at all.

### Sugar in Your Own Back Yard

A government bulletin on sugar beets describes how from three to five quarts of sirup may be extracted from one bushel of beets without any machinery other than a kraut slicer, a tub and a kettle. With the present price of sugar this suggests a way to grow part of the makings of maple taffy in your own back yard. If you are looking for a sweet job with plenty of help at the finish, just tackle this sugar-beet-mapsle-taffy project. Drop me a card for the beet bulletin and ask your sister about the taffy end of it.

## NOTICE

According to Section 2 of Act No. 339 of the Public Acts of 1919 it is unlawful for any person to own a dog over four months old without the same is licensed and also tagged. The dog tax should have been paid by January 10th last to the county treasurer, or it could have been paid to the local treasurer, likewise. The county treasurer will receive your dog tax up to June 15, next, but nevertheless it is unlawful to own a dog now upon which the tax is not paid. A large number, in fact a majority of the owners of dogs, have complied with the law. Some are inclined to treat the matter lightly, and instead of assisting the officers in the enforcement of the law, by making a complaint or giving the officers the benefit of their evidence, content themselves by criticizing. I would say for their benefit that every person who complained under the old law for a violation was attended to and during the months of December, 1919 and January, 1920, until the new law went into effect, we had about thirty cases and all paid and paid costs in addition. Any notice officer is liable to a fine, who, after having a complaint made to him, refuses to kill any dog or dogs which are running at large and unaccompanied by his owner or keeper. After June 15th next a list of persons who have not paid their dog tax will be turned over to me and warrants will be issued for all on that list. The fine is not to exceed one hundred dollars or three months in jail, besides your dog will be killed. Some are wondering why we don't issue warrants right now. We do if any citizen makes a complaint to my office or to the office of any Justice of the Peace. After June 15th when the County Treasurer turns over to me the list of names who have not paid, it is my duty to cause warrants to be issued, which will be done. This notice is now given to all delinquents who have not paid their dog tax, so that they may know what to expect.

Respectfully submitted, JOHN A. STEWART, Prosecuting Attorney.

Dated April 6, 1920.

# A WORLD REBUILT

By the Golden Rule  
not by the rule of Gold

THIRTY denominations of the Church are uniting in a simultaneous campaign in the week of April 25th-May 2nd.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

These churches know that the world needs many things; but it needs Faith most of all.

They know that there can be no final solution of our economic problems that is not a spiritual solution, based on the teachings of Jesus Christ and His Golden Rule.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including the church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

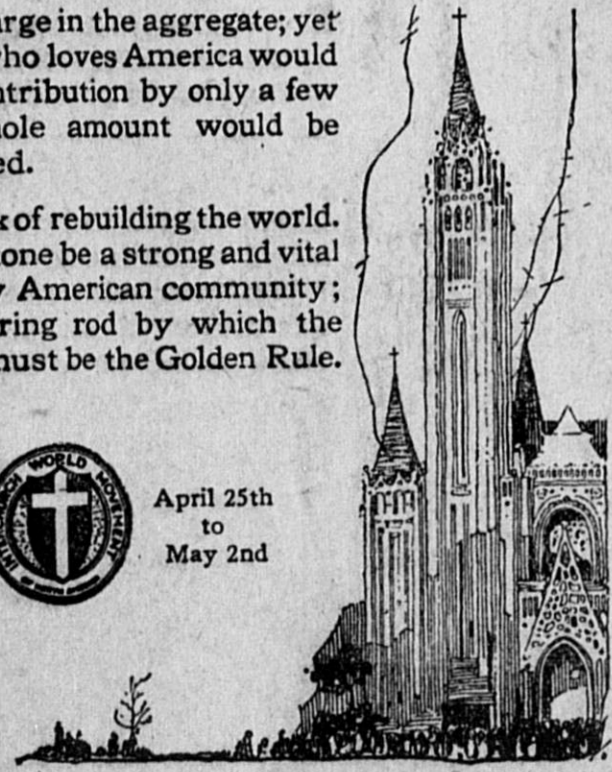

The budget is large in the aggregate; yet if each person who loves America would increase his contribution by only a few dollars the whole amount would be easily subscribed.

We face the task of rebuilding the world. Let the cornerstone be a strong and vital church in every American community; and the measuring rod by which the builders build must be the Golden Rule.
