### ANSCHUETZ-BISCHOFF

A quiet but pretty wedding was solemnized at 7:30 p. m. on Wednesday, August 4, when Freda, daughter of Mr. and Mrs. Henry Anschutz, was united in marriage to Louis Bischoff of Gaylord, formerly of Tawas township.  
 The bride wore a gown of white voile with veil of embroidered net and carried a bouquet of white carnations and smilax. She was attended by her sister, Mrs. Harold Friebe of Bay City. Harold Friebe acted as best man.  
 After the ceremony a delicious four-course dinner was served at the home of the bride's parents, the dining room being prettily decorated in blue and white, the bride's colors. A pretty wedding cake centered the table. Covers were laid for 65.  
 The out of town guests were Mr. and Mrs. Harold Friebe of Bay City, Mr. and Mrs. Walter Anschutz of Bay City, Mr. and Mrs. Leggart and son, Roy, of Flint, and Mrs. Dabler and daughter of Indiana.  
 After a wedding trip to Saginaw, Detroit and Niagara Falls the young couple will be at home after September 1st at Gaylord, Mich.

### BAPTIST CHURCH

Edward Jackson's life insurance payment was due and Edward paused on his way for the money order and examined the multi-colored and curiosity provoking advertising of a popular show. Several uneasy minutes passed while he debated whether to proceed to the postoffice or join the procession to the ticket office. After all, he could make up the insurance payment in a day or so and he really needed to relax and laugh a bit. He fell in line for the ticket office.  
 As shows go it was a good one and had the desired effect. He left with the satisfaction of having had his money's worth and blithely whistled snatches of the music as he walked home. The next day Edward Jackson was at a crossing when a car swerved suddenly and leaped at a lamp post. Jackson was directly in the way.  
 It was ten days later that he blinked confusedly at a white capped nurse. There was no kindly insurance company to defray the expense of his hospital residence or his long convalescence. He had neglected his part of the contract. You wouldn't expect the insurance company to assume the responsibility, would you?  
 Now, your future insurance is due. You are pausing in your thought of church and Christian service to consider the desirability of a Sunday picnic, a little fishing or a good game of ball. Any of these would prevent your presence at church or Bible study, but well, you need the recreation. But how about the insurance payment?  
 It's too late to help Jackson by deploring his poor judgment, but it is not too late to help you. Come along to church next Sunday. Pay your respect your reverence, your worship now when it is due, but don't be foolish enough to let it over-run.  
 There will be a good service Sunday at 10:00 a. m. Subject: "What are We Pointing At?"  
 Sunday school, 11:15.  
 There will be no Sunday evening service on account of the Chautauqua.  
 Homer W. Grimes, Pastor.

### SWORDS AND PLOUGHSHARES

When the Old Testament was written there was a passage saying, "they shall beat their swords into ploughshares and their spears into pruning hooks," and while humanity is still talking over this probability, and in order to carry it into effect arranging leagues of nations—with and without reservations—it remains for Uncle Sam's war office to devise a plan to make swords and ploughshares do effective service while working hand in hand.  
 Because of the shortage of farm labor the war department has discontinued its recruiting work in rural communities and future armies are to be given courses in agriculture. The military camps are no longer to be places where the mind of the soldier is kept constantly upon the one subject of shooting straight, riding hard, throwing bombs and similar activities. It has been noted that the "regular soldiers" in past years had nothing ahead of them but to re-enlist upon the expiration of their service, for the simple reason that all they knew was soldiering. They were unfit for civil life and their occupations, and too frequently they were merely "tough guys" because their minds had been brought to a halt through the methods of life and the limited instruction received in camps.

The war department says that "the future army will not spend part of the day in drill and the remainder in idleness." In order to change this, says an official statement, "it is the policy of the war department to make farmers of as many recruits as can, by any means be induced to adopt the profession of agriculture. The course in agriculture taught at army schools is under the direct supervision of experts obtained from the leading agricultural institutions of the country." An officer in the adjutant general's office says: "It is predicted that when the country becomes better acquainted with the character of the work in these army schools it will recognize a constant source of supply for its agricultural needs."

### CHEERS

Now is the time for us to cheer for our own particular candidate. Now is the time for us to divide ourselves up into factions, so that the politicians can handle us more easily. If the old parties do not stir up in us enough storm and strife, let us go further and array ourselves under the banners of the capitalist, the unionist, or the Sinn Feiner. It won't make much difference under whose banner we fight, as long as we fight each other. It would never do to fight the politicians. It would never do to demand less taxes, less government, and more economic, efficient administration of the affairs of the people—your affairs and mine.—Exchange.

### TEACHERS' EXAMINATION

The teachers' examination will be held in Tawas City on August 12, 13, and 14. The reading examination will be based on Bulletin No. 4, "The Teaching of Reading," and "Measuring the Results of Teaching" by Monroe. Ina M. Bradley, Commissioner. adv-33

### INSPIRATION - ENTERTAINMENT BY GREAT SPEAKERS

In looking over the program of our coming Community Chautauqua one is impressed and pleased to note the absence of those so-called "dull speakers." The uninteresting, dry lecture is now a thing of the past. Unless a man has a vital, worth-while message—unless he is a sincere, convincing speaker, able to please and entertain as well as furnish inspiration, he finds no place on the platform of the Community Chautauqua. And so, each lecturer who appears here will have something of interest to talk about and will tell it in a manner that impresses and pleases his audience. This "Bigger and Better" program offers three lectures, widely different in character but alike in one respect, namely that each lecturer is foremost in his own particular field.  
 The program is opened by Dr. Roland A. Nichols, who, while known as the man who befriended Harold Bell Wright, the famous author, has a greater claim to public favor because of the eight seasons during which he has been received enthusiastically by Chautauqua audiences from Canada to the Gulf of Mexico. He is a thorough man—one who goes to the heart of his subject. Mr. Nichols will give "A Man Worth While,"—a live, up-to-the-minute discourse filled with vigor and life and brilliant with humor and thought. The general feeling of an audience after hearing Mr. Nichols is that they have met a worthy man and heard a worthy lecture on a subject of great value.  
 Another splendid lecture is that of Hon. Wm. I. Nolan entitled, "We, the People." Mr. Nolan has for many years been prominent in public life, leading a vigorous campaign for reblooded Americanism and opposing radicalism of every sort. His broad-minded, sincere way of handling his subject has brought him to the front rank as a public speaker.  
 Dr. Joseph Clare, who spent six years in Petrograd, Russia, and was there during the turmoil of the revolution, will present a story-lecture which will thrill and hold your attention. "Russia's Red Riddle" is the title of this fascinating lecture and for those who want real thrills no fiction story could be more interesting.  
 These lectures alone are worth more than the price of admission to the Community Chautauqua, in fact each of the attractions would cost that much in a large city. Here is an opportunity to see them at home.

### TAWAS CITY FEDERALS WIN

The Tawas City Federals won their second game of the season Sunday, when they defeated the Baldwin nine at Baldwin, giving them a shut-out to the tune of 10 to 0. The first game at Baldwin Sunday, June 25, was won by the score of 5 to 2. Fast work and good playing featured both games.  
 Next Sunday, August 8, the Federals will play the Hale Independents at the Fair Grounds. This promises to be a good game, for the local boys lost their first game of the season to this team in a fast game July 18, Hale winning by one score.

### METHODIST CHURCH

Sunday school as usual 11:15 a. m. There will be no preaching service in Tawas City Sunday, Aug. 8, on account of the Chautauqua. There will be services at Townline and Wilber as usual. E. E. McMichael, Pastor.

### L. D. S. CHURCH

Sunday school, 10:00 a. m. Preaching at 11:00 a. m. Preaching at 10 a. m. Subject, "The Office Work of the Holy Spirit." Everybody welcome.  
 M. A. Sommerfeld, Pastor.

### TAWAS CITY 7-OSCODA 6

In a fast game Sunday Tawas City defeated the Ioscoes of Oscoda to the score of 7 to 6. It was a fine day to play and the boys were in good form. Oscoda scored first and were ahead until the eighth inning, when Tawas scored five runs, which was tied by Oscoda in the ninth. The local boys then won out in the last frame by one. A walk by Lanski, and hits by E. Moeller and C. Moeller did the trick. The features of the game were the fielding of A. Frank, who made but one error in five chances and Zink's hitting, he getting two singles and one two base clout.  
 The whole team showed up in fine shape, as is shown by the improvement in the error column, which has been considerably cut down. Following is the box score.

	Tawas City					Oscoda						
	AB	R	H	O	A	E	AB	R	H	O	A	E
Lanski, ss	4	2	1	2	4	0	5	1	2	0	1	0
E Moeller, lf	5	1	2	0	1	0	5	1	2	2	1	1
C Moeller, p	5	1	2	0	1	0	5	0	1	1	1	1
Main, lb	4	0	0	9	1	0	3	1	0	10	1	1
A Frank, cf	4	0	0	4	0	1	5	2	1	0	3	1
M Musolf, 2b	4	0	1	3	5	1	4	1	0	0	0	0
F Swartz, rf	3	0	0	1	0	0	4	0	0	9	1	0
Nelem, 3b	4	1	1	0	1	1	4	0	0	2	1	0
A Zink, c	4	2	3	8	2	1	4	0	0	1	0	0
Totals	37	7	10	27	15	4	39	6	5	26	11	4

\*Two out when winning run was scored. Bases on balls, off Moeller 2; off Killmaster 2; Two base hit, Zink; struck out, by Moeller 7; by Killmaster 10; stolen bases, Tawas 3, Oscoda 2; double plays, Lanski to Musolf to Main; left on bases, Tawas 8, Oscoda 4. Time of game 1:40. Umpires Hatton and Brown.

Next Sunday Tawas will go to Oscoda and play that team on their home ground. They are hoping for a good bunch of rooters to accompany them. Fans have a good chance to go as they can leave here on the morning train at 9:07 and return on the evening train. Tawas will play the Dort team of Flint August 15 at the fair grounds.

### TIMES AND PEOPLE CHANGING

That people do not go to church as much as they used to is a well-known fact, and probably there is no one reason for it, but a combination of reasons, chief among which is the fact that times, customs and people are changing all over the world, and nothing is now as it used to be.  
 People do not read books and magazines as much as they used to, either. They go to movie picture shows and riding in automobiles. Hundreds of thousands who used to go to church and then read a book on Sunday are now kiting all over the country in autos. Probably the coming of the automobile has taken more business and also working men away from Sunday church services than any other one source. People like to get out into the country and away from the city, and Sunday is about the only day they have to do it.  
 It is a hard problem to solve, and yet every man and woman ought to try to solve it, for it means more to every one of us than anything else.  
 Our idea of it is that we should all lend our moral and financial support to the church, because of the great good it does to mankind, if for no other reason. We do not have to absorb all of the dogmas of the various creeds if we do not want to, but have the privilege of accepting such as appeals to us and getting what good we can out of them, and casting aside from our minds such of them as we do not want to accept.  
 When we go into a restaurant we do not eat everything on the menu. We eat what we want and leave what we do not want, and there is no reason why we cannot do so with church dogmas. Following this simile up further, it is a fact that on the menu may be a lot of food that we do not want, but that some other people would rather have than any other kind, so why not let them enjoy the kind they like and we do the same? We do not get up from the table and leave the house just because there is something served which we do not relish—then why should we leave the church for a similar reason?  
 It takes all kinds of people to make a world, and all kinds of food to satisfy them, as many kinds of food, in fact, as there are kinds of people. And this applies to spiritual food, also.  
 Whatever the reasons for the people drifting away from the church, they are wrong, and they should drift back again.

### KEEP THE WHEELS TURNING

A statement by the president of the United States Chamber of Commerce says that "there is evidence that the country is awaking from its recent orgy of extravagance \* \* and that thrift will take its place as an instrument in restoring normal conditions." From this high altitude in the business world we are advised that "production in this country will never be threatened seriously by bolshevism and other isms," to which is added the finale that "constructive Americanism will contribute toward our social and economic progress."  
 The substance of all sensible philosophical advice and comment nowadays runs parallel with the above, and all that appears to be necessary is for everyone to do their part in keeping the wheels of industry turning.  
 "Reasonable price" depends on whether your are buying or selling.

A criminal recently went to the electric chair glorifying the fact that during his short career his crimes had been given five miles of space in the columns of American newspapers, writes Willard Price in World Outlook. Through a clipping bureau he had kept himself informed as to the progress of his "publicity campaign." There is a curious streak in human nature—a yellow streak, perhaps—which seems to make a good many of us more proud of our faults than of our virtues. . . . Pinch your friend on the arm and say, "You old rogue! You rascal!" and ten to one he will feel complimented and take you out to lunch and order apple dumpling with wine sauce just to show that he is all you think him. Say to him, "You godly man! You righteous individual!" and he will accept these titles as dubious honors and try to live them down.

Consistency is a virtue of narrow minds. Ignace Jan Paderewski, who dramatically smashed his piano, has taken a second thought. He will make another tour of the United States to get back some of the large fortune he has spent in the relief of Poland and the Poles. Paderewski psychology is always interesting, sometimes exciting.

The wife of a submarine boat builder testified in her divorce suit that her husband was in favor of a man having as many wives as he could afford to support. It is the opinion of many married men that the sum total of a man's wives in that event would be one.

If farmers are concerned about the low prices they receive and are as intelligent as they claim to be, the wonder is that they do not perfect means of coming into direct selling contact with the consumer and thereby eliminate the middleman and his profits.

People frequently ask your honest opinion when flattery is what they are after.

**THE CLIFFORD FOOTE TRIO OPENS COMMUNITY CHAUTAUQUA PROGRAM**

**CLIFFORD FOOTE TRIO**

The program given by this excellent organization, the Clifford Foote Trio, consists of songs and stories, rapid water color paintings and original one-act plays. The company is composed of Clifford Foote, baritone and reader; Anna Ellis, dramatic soprano, and Gerald S. Pell, tenor and water-color artist. One of the many splendid features of their program is the group of Indian songs arranged and costumed by the Indian Princess Neowanna. The costumes used in these numbers are genuine and very elaborate, having been made under the personal supervision of the Princess. Another costumed number will be a group of Spanish songs presented in the dress of the old Castilians. The song, "The Yellow Violet," will also be presented in costume. This company will have special drops and stage settings, which will lend a distinctive atmosphere to the platform on the first day. While specializing in classic programs, this company of artists also presents lighter popular selections from such well known musical productions as "Maytime," "Oh Boy," and "Listen, Lester." Our Chautauqua patrons are assured of a varied, artistic and altogether pleasing entertainment on this day.

**Musical "Treat" Promised Community Chautauqua Patrons the Third Day**

**BOSTON STRING QUARTETTE OFFERS SPLENDID PROGRAM**

**BOSTON STRING QUARTETTE.**

An artistic program that includes all that is best in music, is presented by the distinguished musicians of the Boston String Quartette, under the leadership of Aaron Richmond, the great pianist. His striking personality inspires an enthusiasm in his fellow players that colors all their work. The program differs from the average concert offering in the variety of selections presented, which range from delicate melodies such as "Barcarolle" to good old American favorites.

The Boston String Quartette has won its pre-eminent position in the concert field by its ability to present the great masterpieces of music so simply and strikingly that their greatness becomes apparent to those who have never studied music as well as to trained musicians. These artists have been listed as the fourth day feature on our Community Chautauqua program. When they appear on Sunday an appropriate program is artistically presented.

**MASTERS OF MAGIC WHO MYSTIFY CHAUTAUQUA AUDIENCES---HERE SOON**

**THE FLOYDS**

Presto! See how easy it is to do—no trick at all. Of course it's easy but just the same you are mystified when the magical Floyds present their unique entertainment. The uncanny accuracy of Mohala's mind-readings will fascinate you. Mohala, off the platform, is Mrs. Floyd. And Mr. Floyd—well, he tells you to "watch closely" and the closer you watch him the more phenomenal his wizardry seems to be. All his amazing feats of magic are accompanied by a witty, rapid-fire monologue, at once entertaining and instructive. To cap the climax, these wonder workers present a trunk mystery which for weeks afterward will keep you wondering how 'twas done. Albert M. Heilman, the brilliant young pianist, will add a touch of music to the performance. Mr. Heilman's excellent music has always been a strong feature of the Floyds' program. On the second day of our Community Chautauqua these original illusionists will initiate us into the mysteries of magic.

**Sensations of Heat and Cold.**  
 The feeling of cold or warmth is caused by sensations in the skin and has little significance as to the body temperature. On a hot day one may feel very hot when the body temperature is quite normal. Again at the beginning of a fever one may feel cold in the case of a chill. This chilly feeling is caused by the contrast between the higher temperature of the internal organs and still normal temperature of the skin.

**Emerson and Argument.**  
 I do not know what arguments mean in reference to any expression of my thought. I delight in telling what I think; but if you ask me how I dare say so, or why it is so, I am the most helpless of mortal men.—Emerson.

**Coldest Moments During the Day.**  
 The few minutes after sunrise is usually the coldest period of the day

**POLITICAL ADVERTISEMENT FOR STATE SENATOR**

To the voters of the 28th Senatorial District of Michigan:  
 I have been urged to stand for the Republican nomination for State Senator from the 28th District, and after due consideration have decided to do so. The request that I again be a candidate for this office comes largely from the agricultural districts and it is this influence that has caused me to enter the race.  
 My record in the State Senate is known to the people of the district and if it meets their approval I shall be pleased to receive their support and if nominated and elected I shall endeavor to represent their interests to the very best of my ability.  
 Very respectfully,  
 Duncan McRae.  
 Harrisville, July 27, 1920.

For the Republican Nomination For Sheriff of Iosco County at the Primary Election August 31, 1920

Was born and raised in Tawas City and lived here all my life with the exception of about fourteen years I lived in Bay City, two years of which I was on the police force, and feel that I am fully qualified to fill the office and if nominated and elected will strive to give the proper administration to the office.

**You Will be Surprised**

at the efficiency of the JOY Range. With three sticks of cord wood or five pounds of coal you can cook a family meal, do an ordinary baking and heat eight gallons of water.

The old flop type of damper had to be either wide open or shut tight. Our ADJUSTABLE DAMPER enables you to regulate the heat in the oven.

The JOY is guaranteed never to rust or warp out of shape. Not a scrap of asbestos is used in the oven because asbestos collects moisture and starts rust. Steam and vapor given off roasts won't rust out the oven.

JOY Ranges are easily cleaned, and are attractive in any kitchen. The oven is large and nicely aluminumized and equipped with nonbreakable rack. Oven door forms a convenient shelf when open on which roasts and baking can be drawn out for inspection. It is counterbalanced by spring coil, to prevent dropping too suddenly.

**The Young Spurn Advice.**  
One peculiar thing of life is that when we grow old we cannot make the younger generation take our advice on matters of life. They say: "That may have been all right when you were young, but that was many years ago. Times have changed since then." It would be fine if we could have the younger generation start where we leave off instead of committing the same foolish mistakes that we ourselves have made, and yet it seems that this cannot be.—Dean Shaller Matthews.

**Beliefs Concerning Sapphires.**  
To the sapphire has been ascribed wicked thoughts; that it is such an enemy to poison that if you in a glass with a spider or venomous snake it will kill it. St. Jerome in his exposition of the nine chapters of Isaiah says that the sapphire procures favor from princes, pacifies enemies, frees from enchantment and obtains release from captivity. This gem was sacred to Apollo and was worn when inquiring of the oracle at his shrine. It was esteemed a remedy against fires.

**REGISTRATION NOTICE**  
To the Qualified Electors of the City of Tawas City, State of Michigan:  
Notice is hereby given that in conformity with Act 126, Public Acts of 1917, I, the undersigned City Clerk, will, upon any day except Sunday and a legal holiday, or the day of any regular or special election or official primary election, receive for registration the name of any legal voter in said city not already registered who may apply to me personally for such registration, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election or official primary election and the day of such election.  
August 21, 1920, last day for General Registration for Primary Aug. 31  
All electors not already registered and intending to vote at said election should make application to me on or before the 21st day of August, 1920.  
Notice is further hereby given that I will be at my house opposite creamery in the third ward, on  
August 7 and August 14, 1920 from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said city as shall appear and apply therefor. The name of no person but an actual resident of the precinct at the time of registration and entitled under the constitution, if remaining such resident, to vote at the next election shall be entered in the registration book.  
Registration of Absentee by Oath  
If any person whose name is not registered shall offer and claim the right to vote at any election, and shall under oath state that he or she is a resident of such precinct and has resided in the ward twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution, and that owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family, or owing to his or her absence from the city on public business or his or her own business, and without intent to avoid or delay his or her registration, he or she was unable to make application for registration on the last day provided by law for the registering of electors preceding such election, then the name of such person shall be registered and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury and upon conviction be subject to the pains and penalties thereof.

#### OUR CHAUTAUQUA HAS WM. I. NOLAN THIRD DAY

No man in public life stands higher in the estimation of Chautauqua patrons than Hon. William I. Nolan. He does not rely upon his political renown to preserve him a place on the platform. On the contrary, he presents a lecture which needs no political props on which to lean. A fine personality is an effectual aid to the presentation of his vigorous address on Americanism, entitled "We, the People." Mr. Nolan's lecture is brimming over with instruction, information and entertainment.

India Rubber Strangely Named.  
Few articles seem more strangely named than India rubber. It gets its name from the first use to which it was put—that of erasing pencil marks by rubbing. Nor should it be associated with India. The tree was first mentioned by an explorer among the Mexican Indians three centuries ago.

#### Brings "Country Cousin"

Tarkington Play to Chautauqua Patrons.

JEANNETTE KLING

Booth Tarkington, the beloved writer of real American life, and George C. Tyler, the big New York producer, have given Jeannette Kling special permission to present their great play, "The Country Cousin" before Community Chautauqua audiences.  
Miss Kling is a most human, sympathetic reader—one of the best on the Chautauqua platform today. She gives the entire play herself—playing every character—making each one a living, interesting, realistic personality. "The Country Cousin" is a quaint, lovable American comedy, admirably suited to Miss Kling's talents and is one of the biggest triumphs of her successful career.  
This versatile dramatic reader and her Tarkington comedy-drama will be one of the features on the second day of our Community Chautauqua.

#### SEVEN MASTED SCHOONER IS DISAPPEARING

That the distinctly American sailing ship has disappeared from the high seas is evidenced by the fact that only fifty per cent of the Marines studying navigation at the Marine Corps Institute at Quantico, Va., could tell the names of the seven masts at an examination held there recently.  
The Marines keep themselves keenly alive to things nautical as well as military, and that only half of their class could name the seven masts is due entirely to the fact that there are now no seven-masted schooners flying the American flag.  
Fore, main, mizzen, pusher, driver, jigger and spanker are the names in order, running fore and aft, of a seven masted ship. Some authorities give them the names of fore-castle, fore, main, mizzen, jigger, spanker or driver and aftermasts. Others compromise by naming them from bow to stern after the days of the week, beginning with Sunday.

#### Silly Beliefs

There are still some places where people believe a felon on the finger is caused by having pointed the finger at the moon, and that some headaches are caused by having one's hair cut while the moon is crescent.

#### Horse Badly Cut by Fall

Specialist's Prescription Prevents Complication

In telling of the accident to his horse, Mr. Luther Carmen of Valley Park, Mo., stated: "My horse fell down and cut his knees all up. I dressed them with Dr. LeGear's Antiseptic Healing Powder and they are healing fine. It is a wonderful remedy for healing sores on horses."  
Mr. Carmen is simply voicing the sentiments of hundreds of others who feel that having Dr. LeGear's personal prescriptions on hand at all times is nearly as good as having Dr. LeGear where they could reach him in a few minutes.  
Wounds and sores must be taken care of immediately. Get a can of Dr. LeGear's Antiseptic Healing Powder from your dealer. Dust on enough of it to cover the wound or sore. It forms a protection against insects and infection and promotes healthy healing.—Dr. L. D. LeGear Med. Co., St. Louis, Mo. adv

**Skillful Navigators.**  
The world has never produced greater navigators than the early Polynesians, who in their big outrigger canoes traversed the Pacific north and south, east and west. Without map or compass, they pushed north to the equator and south to the ice pack. The white explorer came in the tracks of their canoes.

**Land of Beulah.**  
In the Pilgrim's Progress, the greatest allegory in English literature, written by John Bunyan from 1600 to 1670, Beulah is the name given to a land of rest and quiet, represented as lying on the blither side of the river of Death in which the pilgrims tarry till their summons comes to cross the stream and enter the Celestial city.

LITSCHER  
LITE

## Doing the Chores, Plus —

The Litscher Lite Plant  
Lightens Farm Work  
and Lights the Home—

There are many good farm lighting plants. The Litscher Lite is the most desirable because it does what any other plant will do—and a great deal more.

Litscher Lite is more than a lighting plant to supply electric current for modern electrical appliances such as sewing machines, washing machines, vacuum cleaners, fans, irons, percolators, etc. It is more than this. It is also a power plant with sufficient reserve power to drive pumps, grinders, feed choppers, separators, fanning mills, etc.

#### Original Cost Small; Upkeep Low

Not only is farm help scarce but expensive. The farmer is facing a serious situation. He must turn to mechanical aid. The Litscher Lite will go a long way toward solving this problem, in addition to making the farm so attractive with modern conveniences that farm help will not leave. The Litscher Lite operates on kerosene fuel—a small amount—no more than needed in the old-fashioned lamps that ever endanger life and property by fire. The Litscher Lite is absolutely safe, positive in performance, guaranteed to give satisfaction, and operates practically without attention.

#### Farmers Are Enthusiastic

Litscher Lite is doing the chores and lighting farms for thousands of farmers who are modernizing their properties and who have a desire to relieve their tired wives of much hard work and to keep their sons and daughters at home.

Farmers owe it to themselves and their families to provide modern methods and modern comforts. Good judgment and common sense will recommend the LITSCHER LITE. See one in operation at
