The United States Forest Service has recently completed their fall planting or reforestation operations, consisting of the planting of over 600 acres to Norway pine at the head waters of Buck creek. Two year old seedlings were used in this work and were planted at the rate of approximately 1000 trees per acre. The entire area was planted according to the standardized planting practice which has been developed here and which is entirely different from that followed in mountain regions, the trees being set out in furrows by the use of a planting tool or bar. The operations of this fall constitute the first work on a larger scale as made necessary by the enlarged program calling for the planting of 1000 acres per year. An operation of this size requires the use of one million trees per year, which are being grown locally at the Beal nursery at East Tawas.

UNION THANKSGIVING SERVICE In accordance with the Thanksgiving day proclamation issued by our president and governor, the Baptist and Methodist churches will unite in a special Thanksgiving service.

It is hoped that all of our townpeople will take advantage of this opportunity to express their gratitude to God for His blessings. The service will be informal in character. Every one present will be given an opportunity to tell what he has to be thankful for. There will be special music and an address by Rev. John Bayner Lomas.

The service will be held Thursday evening at 7:30 in the Baptist church. Rev. John Bayner Lomas. Rev. Homer W. Grimes.

M. E. CHURCH Rev. John Bayner Lomas, Pastor Sunday services: Preaching at 10 a. m. and 7 p. m. Sunday school at 11:15. Morning subject, "A Bright Man Who Needed Making Over." Evening subject, "The Empty Seat at the King's Table."

Wednesday, 7:30, second series of "Bunyan and His Pilgrims."

Eternal Truth in Common Things Although Jesus' teaching is practical, it is not shallow. He deals with common needs and common duties; but He lifts them up to the plane of the eternal. It is the common life in which He is interested.

How to love and help folks, how to be a good neighbor, how to have peace and joy. But he brings Heaven itself to light up those common things. He tells those who clothe the naked and visit the prisoners that they are doing it to the Christ himself. Loving your enemy He says is nothing less than being a son of the Most High God. And the peace that He gave men was to come because they saw God Himself in their world and in all their life.

Help the millions of suffering, starving children in the Near East "In His name and for His sake."

IN MEMORIAM In loving memory of our dear mother, Agnes Halleck, who died two years ago—Nov. 17, 1918.

"Rest in peace, dear Mother, Two long years have passed away; That art gone but not forgotten, We shall meet again some day."

Her loving Children and husband, Adam Halleck.

HOW MUCH MONEY HAD HE TO START WITH?

A man in Tawas City paid one dollar for a membership in the local Red Cross chapter. He then gave one-half of what he had left to the Memorial Building Association. Then he took two memberships in the Red Cross, one each for his wife and daughter. Then he left with the photographer one-half of what he had left to procure pictures of white mule users as viewed by the public so frequently. He then took two more memberships in the Red Cross, one each for his two sons. Then he gave to the Red Cross one-half of what he had to make up for a few persons who consider that the world's misfortunes are no concern of theirs, when it costs less than two cents per week to help relieve it. He then paid for a year's subscription to the Herald, deposited one-half of what he had left to start a bank account for the baby, gave the Salvation army all he had remaining, and had spent in all—?

WHITTEMORE

Joe Danin was at Bay City on business Monday.

H. J. Jacques was at Saginaw on business Tuesday.

Dr. R. J. Smith returned Monday from an auto trip through the southern part of the state.

Mrs. Harriett Leslie of Flint has been in town the past week looking after her interests here.

Rob Curtis and Miss Helen Louks attended the Armistice day program at Bay City last Thursday.

Mrs. Simon Goupil came up from Bay City last week and assisted in the care of her sister, Mrs. Roy Charters.

A large crowd attended the house warming party at the home of Rev. and Mrs. McMichael Tuesday evening. The evening was spent in games, singing and readings by Mrs. Stickle's of Prescott. A fine luncheon was served after which all departed for their homes after wishing our new pastor the best of success in his new field of labor.

An "Armistice Day" program and box social was given at the Whittemore public school on Thursday evening, November 11. The program was well given and was enjoyed by those present. A large crowd attended and everyone enjoyed the social after the program. The teachers of the school wish to thank the patrons of the school and people of the community for helping to make their program and social a success. The proceeds amounted to \$71.20, which will be used for the betterment of the school.

LAILDLAWVILLE

Thos. Baxter is on the sick list. Miss Hilma Bygden spent the week end in Bay City with her friend, Miss Helen Wood.

L. D. S. CHURCH Sunday school 10:00 a. m. Morning service 11:00 a. m. Evening service 7:30 p. m. Prayer service Wednesday 7:30 p. m. Come and learn of the gospel plan.

M. A. Sommerfield, Pastor.

SCHOOL CHILDREN TO HAVE FREE EXAMINATION

At the spring session of the board of supervisors of Iosco county the sum of \$200 was appropriated, to be used with an equal amount donated by the Red Cross chapter in paying the expenses of a physical examination of the children in the schools of Iosco county. The first plan was to have the survey made under the auspices of the Red Cross, but owing to unexpected obstacles this organization was unable to take up the work.

At the October session of the supervisors the money was transferred to the order of the county school commissioner, Miss Ina Bradley, and the Red Cross pledged their \$200 to be used under her direction. Miss Bradley immediately got into communication with the state public health department, with the result that a physician from that department has been assigned to this county to make the examination. He will be assisted by Miss Osborne, a trained nurse, and the survey will be thorough and complete.

This examination will be an excellent thing for the schools of the county. There are many children in school who appear to be dull and unable to keep up with the work in their grades and a physical examination will undoubtedly bring out the reasons, which may be malnutrition, adenoids, or some other defect which may be readily remedied, but which from the fact that it is inconspicuous has not come to the attention of the parents or teacher. The examining physician will simply make the examination and advise the parents of the child as to what should be done to bring them to the proper physical condition and then it is up to the parents to have the matter looked after by their family physician. In many cases such as malnutrition, lack of regular habits, etc., the services of a physician will not be necessary but the correction can be made in the home. The effect on the health and school work of the children should be immediately apparent if the recommendations of the examiner are carried out, and the survey should be of incalculable value to the county at large.

The examination is not compulsory and if parents do not wish their child examined they should so notify the teacher. However, in view of the benefits to be derived, it is probable that very few will wish to deprive their children of this opportunity.

It is requested by the county school commissioner that a full attendance of the children be had on the day the examiner is to visit their school. It is expected that it will take about a month to cover the county and whenever possible the schools will be notified in advance as to what date the examiner will make his visit.

BAPTIST CHURCH

Thanksgiving season turns the nation's thoughts toward God. Under the pressure of a proclamation by the president it is brought face to face with God's part in its blessings and its bounties. Every one appreciates the significance of the day.

God lays claim to the memory of the sons of men. His mighty acts in behalf of mankind are worthy of remembrance. Do you ever think of them? Do you remember the acts of His power? His words brought worlds into being! Think of His love. The love that follows man to his lowest estate and remains willing to lift him up. The love that made provision for the curing of the ills of the human heart. Can you forget His eternal promises? Deliverance in the time of need, joy in sorrow, peace in pain and assurance in distress!

Every tongue must confess that He has considered and favored mankind. Why not pause in the rush of daily affairs to think of Him? Why not give a moment of every day to thoughts of Him and His mercy?

At most you cannot give Him time enough. Your home and your business becomes disorganized when you leave it for a day or two. So it is with the soul that neglects to thank God continually.

Thank Him today! Thank Him always! Establish an altar of praise in your heart. It will prove a source of power and endure as a monument of remembrance.

Morning service, 10:00. Subject: "Deserters." Sunday school, 11:15. Evening service 7:30. Subject: "I Thank Thee."

United praise service Thursday 7:30. Homer W. Grimes, Pastor.

Mrs. H. F. Kaufman, who has been ailing for some time, underwent an operation this week at the Samaritan hospital in Bay City. She is doing nicely and will be able to leave the hospital in about ten days.

An entertainment will be given in the M. E. church next Tuesday evening, Nov. 23, under the auspices of the Ladies' Aid. A good program has been prepared that you will enjoy. Don't miss it! The proceeds will be used toward the floral fund. adv

Don't forget the fourth annual Red Cross Roll Call from Nov. 11 to 25. There are famine, pestilence and disasters in time of peace and the Red Cross, "The Greatest Mother in the World," will carry our sympathy and dollars on their work of relief. Sign with Miss Fern Yawger, Grant Shattuck, L. O. Day, Mrs. H. E. Nunn, or Mrs. R. D. Brown.

Miss Orah Putnam, who is teaching at Lay, Colorado, writes enthusiastically of western scenery, people and experiences. In a card dated Nov. 10, she says: "I killed a coyote this morning and killed him myself, too. Hit him in the head about 40 times. I'm pretty tickled." We are glad that Miss Orah's health is much improved by the Colorado climate and outdoor life.

Miss Amy Thornton of Hale and Clarence Farrand of Holly were married in the M. E. church in Flint on Saturday, Nov. 6. They will make their home in Flint. Mrs. Farrand has lived in Hale since childhood and is a graduate of the Hale high school and also of the business college in Flint. She has had a responsible position with Buick Motor Co. for some time. Her many friends wish her a happy and prosperous married life.

AN APPRECIATION

The Audie Johnson Post of the American Legion wishes to take this method of expressing their thanks for the fine support given them at their Armistice party, and to each and every one that gave in services of all kinds to make it a success. We want to see you with us again next year. The American Legion.

OLDER BOYS WILL GO TO GRAND RAPIDS

The delegates appointed to attend the State Boys' Conference at Grand Rapids are: Rex Cooper, George Price, Wallace Grant, Clifford Swales, all from East Tawas; and Rudolph Anderson and Ronald Curry from Tawas City.

LEGION CELEBRATION A BIG SUCCESS

The American Legion celebration at the East Tawas opera house on Armistice night proved to be the biggest celebration ever put on in that hall. The boys also had the adjoining hall for their Carnival.

Both rooms were decorated for the occasion and the East Tawas band assisted in giving the proper atmosphere. The crowd came from both Tawas and all over the county. The halls were crowded and everyone seemed to be in a joyful spirit.

Elmer Odell gave an exhibition on roller skates. Patrolmen Grant, Walters and Pfeiffer, all in uniform, took good care of the crowd and arrested anyone not on the go all the time. Judge Carpenter presided over the Kangaroo Court, and although some of the girls were warned they lost their fellows while right in the middle of a dance. The fines helped the Legion post.

In the raffle Will Fitzhugh won a blanket and is now prepared for any kind of weather.

Johnson's orchestra from Flint furnished the music for the dance and a very good time was had by all those present. The boys realized a nice sum and expect to put on an even better celebration next year.

BOYS TO HEAR FORESTRY LECTURE

Boys' groups from East Tawas and Tawas City will enjoy an illustrated lecture on the forests of Colorado next Monday evening at the high school, East Tawas. The lecture will be given by Mr. Huber C. Hilton, of the United States Forest Service. Mr. Hilton has spent some time in Colorado and is thoroughly familiar with his subject.

ORGANIZED GROUPS MEETING

Organized groups of younger boys are meeting at East Tawas, Tawas City, Alabaster, Whittemore and Harrisville. These boys are preparing to take up handicraft work under their various leaders and will be assisted in this by Mr. T. E. Ousterhout of Tawas City.

THANKSGIVING FESTIVAL

St. Joseph's School

All who want to enjoy a fine Thanksgiving dinner without the trouble of spending the morning preparing it, come to our school and bring your family. A real banquet will be furnished at 50c a plate. Mrs. John McCray is in charge. Those who recall former festivals under her charge will remember with what success she has always conducted such affairs. Mrs. Henry Kane has general supervision of the kitchen, so you may expect everything to be most daintily prepared.

The young ladies will offer many attractions also—a country store, a fish pond, candy, ice cream, fancy work, aprons, religious articles, cigars. A new feature this year is a "baby booth." Have your wraps checked and stay for dinner and supper. Dinner from 12 to 2, and supper from 5 to 7.

A splendid program of music is being prepared by our orchestra, of which the following are members: William Reinke, John Dimmick, Roger Meisner, Sadie Samuelson, Evelyn Butler, Ina Collier, Phyllis Maronate, violinists, Douglas Ferguson and Elmina Cowan, accompanists. adv

FIRST AID WORK IS BEING PUSHED

Two phases of the Red Cross work that are being pushed under the peace program of the organization are first aid and life saving—two principals with which every person should have at least the fundamentals, for there is no tellings at what time they will prove of vital need.

In the central division, in particular, is this work being carried on extensively and intensively. More chapters have taken up this line of work and the number of schools which have adopted courses in first aid is increasing with considerable rapidity.

During the last few months the Bureau of first aid has been instrumental in introducing courses in the normal schools in each of the states, with the result that several hundred teachers now are prepared to act as instructors. In several instances enough interest has been aroused in the normal schools to have work continued throughout the year.

Swimming Activities Grow.
Swimming activities have been exceptionally well carried on, particularly at Muskegon, Mich., where under the auspices of the Chicago chapter, more than 400 boys were taught swimming, life saving and elementary first aid under expert instructors.

Ludington, Mich., also employed a permanent teacher for swimming and life saving and reports excellent attendance in the classes. Many applications have been received from chapters throughout the division for the use of a swimming teacher, but, unfortunately, up to the present time there have not been enough teachers to meet the demands.

Milwaukee Chapter Busy.
Milwaukee chapter has carried on an exceptionally active campaign, both in first aid and life saving work, and reports a large number of graduates. This chapter also has pushed the advanced work in the instruction of first aid and has pupils at present awaiting their medals, which have been issued to them from Washington.

Many private institutions which have no connection whatever with the Red Cross have been ordering first aid supplies through the division office. These institutions undoubtedly, in a very short time, will be brought under the jurisdiction of the Red Cross chapters.

GIVE COLOR TO LANDSCAPE

Though the Daisies Grow Like Weeds, They Have a Beauty Too Little Appreciated.

They lift their heads to heaven, seeking to mingle with the stars—millions of them, scattered in wild profusion over meadow and pasture land. Men walk on them, tramp them down—but they rise again, serene, confident, searching the light which gives them life.

Daisies! Our fields are full of them. From afar their white heads give color to the landscape. Their yellow centered blossoms, blown by the wind, wave obeisance to the day and, by their graceful beckoning, invite us to take them home.

Daisies! Our empty vases call for them; our umbrella stands, our jardinières, yearn for their beautiful blooms. And they are so near to us, so easy to get, that it seems a pity to waste their beauty in an unfrequented field.

Get them for the house, for the office, to wear. Even though like weeds they grow, God's love shines from their faces and blesses the corner they fill. —Toledo Blade.

Bluffer Finally Unmasked

For a time a chatterer may outshine the wiser man whose tongue wags less. But, in the end, as Solomon long ago assured us, "a prattling fool shall fall." The man whose brain works full time finds himself unimpaired. His talk is profitable, not only to himself, but to all with whom he comes in contact.

Half Awake.
Compared with what we ought to be, we are only half awake. —William James.

PINE STUMPS WORTH MONEY

Those Left in Cut-Over Lands Are in Demand—Yield Many Valuable Products.

Increased demand for naval stores and a slight falling off in the supply have together called attention to the value of the stumps left in the fields in cut-over lands of the south. A Washington letter of July 6 told of the result of investigation by Clement S. Ucker, vice president of the southern settlement and development organization, in the South Atlantic states, from which he learned that the stumps left in the fields do not die with the cutting down of the tree, but, on the contrary, continue to draw from the soil sap rich with the elements of naval stores.

From these old stumps may be distilled some twenty or twenty-five different by-products, including rosin, turpentine, pine and other oils, acetate, tar, pitch, alcohol and others. By one process rosin and paper pulp may be procured. Other processes leave a residue of valuable charcoal. It seems that the destruction by fire of these stumps in the clearing up of the land is uneconomical. They can be sold for enough to pay for the clearing and leave a surplus, so that we may yet see manufacturers of naval stores bargaining with the owners of cut-over land for the stumps upon it and extracting them themselves.

Lightning Is Fast.
A flash of lightning lights up the ground for one-millionth of a second, yet it seems to last much longer. What happens is that the impression remains in the eye of the retina for about one-eighth of a second, or 124,000 times longer than the flash lasts.

Good Thing They Weren't.
Buffon calculated that if a pair of herrings could be left to breed and multiply undisturbed for a period of 20 years, they would yield an amount of fish equal in bulk to the globe on which we live.

Huns Polluted Interned Ships.

The condition of the interned ships, after their German custodians had left, was something indescribable; they reflected great discredit upon German seamanship, for it would have been impossible for any people which really loved ships to permit them to deteriorate as had these vessels and to become such cesspools of filth, says Rear-Admiral William S. Sims in the World's Work for July.

For three years the Germans had evidently made no attempt to clean them; the sanitary conditions were so bad that our workmen could not sleep on board, but had to have sleeping quarters near the docks; they spent weeks scrubbing, scraping and disinfecting, in a finally successful effort to make the ships suitable habitations for human beings.

Has Never Seen His Country.

The only United States marine in the world who has never seen the United States is on duty at the American legation in Peking, China. He is Private C. W. F. Childress, who was born of American parents in China. When he became of age a few weeks ago he decided to join the marines and enlisted at the legation.

Childress is a tall, good-looking young man who can speak the Chinese language like a native. His services as an interpreter are especially valuable to the marines. Through association with his parents and other American residents of China he is thoroughly familiar with the traditions and customs of the United States. He is looking forward to the day when he will see the country whose flag he serves.

White Mule.

Dixon H. Bynum, assistant city attorney, comes forward with an explanation as to how "white mule" got its name. Mr. Bynum, who did government legal work in the southwest, says that the term came into use in connection with the efforts of the government officials to stop the traffic of liquor among the Indians.

Whenever an Indian was caught with liquor he invariably told the same story as to how he got it.

Every Indian, it seemed, got his liquor from "a one-eyed negro on a white mule riding west." —Indianapolis Star.

Women Now Eligible to V. C.

A royal warrant consolidating and extending provisional royal warrants regarding the Victoria Cross was published recently in the London Gazette. The principal feature is that women are now made eligible for decoration, it being ordained that matrons, sisters, nurses and the staff of the nursing services and other services pertaining to hospitals and nursing, and civilians of either sex serving regularly or temporarily under the orders, direction or supervision of any of the armed forces of the crown, shall be eligible to the cross.

Nature's Own Limitless Power Guarantees the Consumers Power Company

Junction Dam on the Manistee River

Its Preferred Stock at \$95 Per Share Yields 7.37%

CONSUMERS POWER COMPANY practically controls the water power resources of lower Michigan. Only one-third of these resources have been developed. Junction Dam (pictured) on the Manistee River is but one of a number of great projects already completed. Undeveloped facilities include 60,000 acres of land, with 28 dam sites along the Au Sable, Manistee, Grand, Muskegon and Kalamazoo Rivers—capable of producing 200,000 additional horse power.

Help Us Develop Needed Additional Electric Power

The industrial necessities of Southern Michigan are pressing hard upon Consumers Power Company. More electric power is needed by local manufacturers. Nature has abundantly provided this territory with streams to develop electric power. Consumers Power Company is ready with the men who know how to make the streams serve the community. All that is lacking is money.

Home Ownership of Stock is Best

We offer the people of Southern Michigan the opportunity of investing in 7% Cumulative Preferred Stock of Consumers Power Company at \$95 per share and dividends. All the money raised from the sale of this stock stays in Michigan—goes right back into the communities from which it comes in new and larger facilities. We have hitherto raised money for development in the great financial centers of the United States. Sound economics recommends this other course.

Invest in Michigan's Prosperity

Our recent investigation indicated that about 500,000 customer-citizens in the United States hold public utility securities with a market value of above \$100,000,000. Why should you not be one of these prosperous citizens? Southern Michigan is one of the richest sections in the United States—why not invest in its prosperity? Consumers Power Company seeks the partnership of citizens in its own territory.

Dividends Are Paid Quarterly

Four dividend checks a year, one every three months, will reach you promptly through the mail. Whether your salary stops or continues, the dividend checks keep coming. Remember, also, that these dividends are on Preferred Stock, which adds to the security of your investment, for Preferred dividends must be paid before any dividends may be paid on the common stock.

For further information get in touch with our local representative, Mr. Oscar Whitman—ask any of our employees—or fill in the coupon.
