The mild weather of the past week forced the abandonment of ice cutting operations on Tawas Bay. The ice harvest this year has been good and hundreds of cars have been shipped out, besides supplying the local demands.

All members of the Masonic fraternity are requested to attend an informal meeting at the hall of Tawas City Lodge No. 302 this (Friday) evening, March 4. Past Grand Master Charles B. Eddy will be present and address the meeting.

Friends of Rev. John Bayner Lomas, pastor of the Tawas City M. E. church, are offering congratulations on his marriage on Thursday morning, March 3, to Mrs. Maryetta Watts of Simcoe, Ont. The ceremony was performed by Rev. A. Mitchell of East Tawas.

Miss Marjorie Delevan of the Michigan department of health will speak at the court house, Tawas City, on Thursday evening, March 10, on the proposed Townsend health officer bill and the work of the state department. This topic should appeal to all who are interested in good health conditions.

The new American-LaFrance fire engine for Tawas City arrived this week and was unloaded Thursday. It is a handsome machine and if it comes up to the claims made for it will handle any fire that we may ever have in the city. The official test will be given next week in the presence of a representative of the state underwriters. It is expected that the possession of an efficient fire fighting machine will give us lower insurance rates.

A message was received Wednesday by John Kinney of Alabaster announcing the death of his nephew, William O'Brien, who was injured in the accidental derailment of a motor car on the P. M. railroad at Grand Rapids and later died of his injuries. Mr. O'Brien was a son of Mr. and Mrs. John O'Brien, former residents of Tawas City, now both deceased. He spent his boyhood in this city and was a graduate of the Tawas City schools. His former friends here will learn with regret of his untimely death.

**Fire insurance.** Fred Swartz. adv-tf

### BAPTIST CHURCH

Rome revelled in heathen darkness. One day the light of a new religion appeared. A few Christian Jews, coming from Jerusalem, organized a Christian church in the shadow of her pagan temples. It became one of the great churches of the New Testament period. Paul wrote a letter to them, commending their faith and encouraging them to confession and loyalty.

In this letter he claims that he is "not ashamed of the gospel of Christ."

Are you ashamed of the gospel of Christ? Look into the experience of the great apostle and find counsel and inspiration.

Paul was a devout character before his conversion. He was a Jew reared under Roman influences; a scholar, having studied at the feet of Gamileo; and he was a Pharisee, commonly called—moralist. He had plenty of religion, but it was not a religion of power.

Paul was ashamed of his former record. He had destroyed churches and persecuted the followers of Christ. But, after his conversion, his life-views changed and he became a loyal disciple of the Christ he had scorned. He was arrested many times after preaching the new gospel, but no threat or punishment was fearful enough to make him ashamed of it.

Why should anyone be ashamed of the gospel of Christ? It is the only gospel that can be called "good news." Mohammedanism, Buddhism and other inferior beliefs increase the burdens of their followers. The religion of Christ opens their eyes, lifts up their burdens and gives them hope. Why should anyone be ashamed of a gospel that meets every human need? The message of Christ cheers the disconsolate, strengthens the weak and inspires the oppressed. It is the only gospel that transforms. It is the only gospel that can take a drunkard and make a sober man of him—that can take a thief and make an honest man of him. It was this gospel that made a loyal Christian of Matthew, the dishonest tax collector. It was this gospel that transformed Peter, the profane fisherman, into an eloquent defender of the religion of Christ. It was this gospel that transformed Saul, the persecutor into Paul, the bold ambassador. This is the gospel that the world cannot get along without. It is the only gospel that can lift the standard of civilization. It is truly a Herald of progress. This is the only gospel that saves. If this gospel is rejected the only remedy for sin is lost.

Take pride in defending this gospel. Experience its wonderful power in your own life, then tell of its greatness to others.

#### Notes on Boys' Conference

The second Boys' Conference of the Tri-County Y. M. C. A. was held in Tawas City last Saturday and Sunday. Boys from nine communities in two counties mingled in mass games in the Auditorium and eight teams contested in basket ball.

The keynote address of the conference was given by Rev. Homer W. Grimes, and a clear and forceful description of the marks of a man that wins was given.

J. J. McFarland, state high school secretary, directed the games at the auditorium and also made a hit with songs and games at the good times party at the high school, where the boys were entertained by the students and served with refreshments.

There were 81 present at the banquet given in the Iosco hotel in the evening. Isadore Friedman made an able and genial toastmaster and the various toasts were given and responded to by T. E. Ousterhout, Rudolph Anderson, C. T. Prescott and George Robinson.

A number of the boys stayed over for the closing session on Sunday and the officers for the ensuing year were chosen as follows:

Pres.—Rex Cooper, East Tawas.  
1st Vice—Carter Miller, Harrisville.  
2nd Vice—Ronald Curry, Tawas City  
3rd Vice—Thorne Smith, Lincoln.  
Secretary—Geo. Price, East Tawas.

### SOIL SURVEY FURNISHES MUCH VALUABLE INFORMATION

The soil survey of the United States department of agriculture is contributing its share to the development of American agriculture by placing in the hands of the people detailed knowledge of the soils of the country. This work is fundamental in character, its value is clearly recognized, and the demands for it are increasing far beyond the ability of the bureau to meet them with its present limited resources.

These demands come from many different interests. Prominent among them are the requests from development companies interested in opening large tracts of cut-over land to settlement. Exact information about the soils and the general character of crops that can be grown is wanted at once to assist the new settler in making the right start. Such knowledge frequently saves years of experimental work. There is also an increasing demand for soil surveys from investigators working in almost every field of scientific agriculture. The requests for surveys from county farm advisers and extension service directors have been especially numerous and insistent.

The peculiarities of our various soils must be taken into account if we are to make progress in plant breeding and selection, in fertilizer practice, in cultivation—in fact, in all work looking to the improvement of cultivated crops. Soil survey work is thus the basis for the planning and experimentation of the various agricultural experiment stations, and farms and experimental plots for varietal and fertilizer tests are being established on all the large and important soil types of the United States.

### DEATH OF MRS. BEARDSLEE

Mrs. L. W. Beardslee, a resident of Burleigh township since 1884, passed away at the home of her son, Court Beardslee at Whittemore, on Thursday, Feb. 24, after an illness lasting but one week. The cause of death was chronic bronchitis combined with the infirmities of old age.

Amy Hutchings was born Nov. 26, 1844, in Shiawassee county, Mich., and was 77 years of age at the time of her death. In 1862 she was united in marriage to Lanson W. Beardslee and to this union nine children were born. The family resided in the west for several years and in 1884 came to Iosco county and settled in Burleigh township, where they have since made their home.

The surviving children are Court H., and Irving E. Beardslee and Mrs. May E. McLean of Whittemore, Merlin J. Beardslee of Billmore, N. C., Mrs. Nancy E. Fry of Gemmill, Minn., Mrs. Sarah A. Toothacher of Chickasaw, Okla., and Chas. L. Beardslee of Tawas City. There are also 21 grandchildren and two brothers left to mourn her loss.

The funeral was held on Monday, Feb. 28, Rev. E. E. McMichael officiating, and the remains were laid to rest in the Burleigh cemetery.

During her many years of residence here Mrs. Beardslee made many warm friends, who with the bereaved family will sincerely mourn her death.

### TO MR. HARDING

(From Timken Magazine)

Dear Mr. Harding: You have been selected as Captain of the Ship of State, and we wish you a happy and prosperous voyage. You will find the old vessel in pretty fair shape, though nothing to brag about, having had tough sailing in troubled waters for eight years, manned by theoretical sailors who learned navigation in fresh water colleges.

She'll need a number of repairs and a cutting down of the passengers to be carried, say about fifty thousand. The patch on the Mexican side is holding well, but will probably have to be strengthened.

In the past there has been a laxity regarding the display of flags allowed. There has been no objection to the display of the Irish flag, the Fiume flag, the Soviet flag, and the Red flag, but we trust that in the future only the Stars and Stripes will be allowed to wave.

The internal machinery is messed up a little and it will require great skill to get it into working order. We look to you in this matter to select only expert machinists, each a master in his particular line, and that you will carefully oversee, but will not do overalls and start monkeying with the machinery yourself. Our last captain wanted to turn every nut his own peculiar way, and he had a lot of units to look after.

That smash in the bow was caused by running into the League of Nations Bluff in the dark. In these waters you will be expected to proceed at slow speed, with the searchlight on, your hand on the wheel, ready to reverse if necessary.

You'd better throw out that Excess Profits pumper. It was expected to raise a given amount in a given time, but it can't keep pace with the leaks. Perhaps the fault was with the donkey engine. Anyway, it had better be scrapped.

And don't forget that good old anchor, Constitution. It's patched in nine-ten places but it's a pretty reliable old bunch of iron yet. Sometimes a captain will sail away as far as Europe and forget it, and he always gets into trouble.

If you're a good Captain we'll give you the job four years longer, or eight in all. But get that, eight in ALL.

### M. E. CHURCH

"Spending and Being Spent"

At a municipal lodging house in one of our large cities they have a phrase that has an aching pathos in it. The phrase "Spent Man" is the classification they employ for the man whose vital spark has sunk so low that there is little hope of its ever being revived. This does not mean that the man will die. He may live many years, but only as a ship that with no coal and no steam drifts to meet its last storm.

It is not in municipal lodging houses only that you meet men and women who have spent their force. Every few days a millionaire blows his brains out or takes his life in some other more or less terrible way, because he has spent his force and though a man live fourscore years and die with his family about him, if he has lived the life of the flesh and had no hopes except for this world he comes to the end of his short earthly career a "spent man," and he falls to his grave like a spent bullet falling helplessly to the earth. Orations at the grave side or funeral sermons redeem no misspent lives. But go and read the closing words of Paul's career. Hear him tell about winning the race and keeping the faith and obtaining the crown of life and glory which the Lord has reserved for him, and the idea of a "spent man" not occur to you. Why this perpetual vitality of Paul? The secret of it all is in this text: "I am crucified with Christ; nevertheless I live, yet not I but Christ liveth in me; and the life which I now live in the flesh I live by the faith of the Son of God who loved me and gave himself for me."

Identified with Christ in suffering, in service and in triumph.

### DEATH OF MRS. JOHN DEMPSEY

Mrs. John Dempsey, a resident of Iosco county for 53 years, died at her home on the Hemlock road on Saturday, Feb. 26, aged 59 years, 9 months and 20 days. The cause of death was anemia, from which she had been a sufferer for the past three months.

Fanny Ann Thomas was born in Chatham, Ontario, May 6, 1860. She came to Tawas with her parents when but six years of age and has spent her entire life here, endearing herself to her neighbors and friends by her kind, helpful and loving disposition.

On May 13, 1881, she was united in marriage to John Dempsey and soon moved to their farm home in Grant township, where they have lived continuously for the past 38 years. Four children were born to them, all of whom, with the bereaved husband survive her. They are Henry Dempsey of Grant, Frank of Hibbing, Minn., Mrs. John B. Allen of Milwaukee, Wis., and Mrs. Harriett at home. Also George Thomas, whom they took into their home at the age of three months, and who has been raised and cared for as their own child. Three brothers, George, Charles and John Thomas, and one sister, Mrs. Chas. Gates, also survive her.

Mrs. Dempsey has been a true and faithful Christian, a member of the Baptist church for about 35 years. She has a large circle of warm friends who will join with the bereaved family in their great loss.

The funeral was held on Wednesday from the Hemlock road Baptist church, Rev. Homer W. Grimes officiating, and interment was made in the Tawas City cemetery.

### THE GO-GETTER SPIRIT

Some business people are well satisfied if they can get as large a volume of trade as they had the year before. Others constantly lay out greater marks of achievement. During the coming years they are always hoping to sell twenty per cent or fifty per cent more than they did during the year that has passed.

People of the latter type are usually good advertisers. They realize that a business, to increase its output, must constantly be getting new customers and drawing patronage from greater distances.

To accomplish this they must use some form of solicitation. As newspaper advertising is the least expensive form of publicity, it is the one most-commonly employed.

A concern that is working so determinedly along those lines to make new friends, is going to make unusual efforts to please the public. It can be depended upon to go the limit in making low prices and hunting up bargains to attract the people.—Ex.

### ALL HE GOT OUT OF LIFE

Senator Fletcher of Florida tells this story in illustrating the difficulties of some people in meeting the problems due to the high cost of living:

"A woe-begone creature," said the senator, "wailed that for forty years he had worked hard and that he had got nothing out of life except his clothes and food." And, according to the senator, the dissatisfied citizen claimed "his food never agreed with him, and his clothes never fit."

### L. D. S. CHURCH

If there is no revelation from God today by the power of the Holy Ghost how are uninspired men to know who should be "overseers" in the church? Will guesses by men denying revelation from God place men approved of God in offices? Timothy and all others of the ministry were ordained in harmony with the mind of God made known by the Holy Ghost. Neglect not the gift that is in thee which was given thee by prophecy with the laying on of hands of the presbytery—1 Timothy 4:14. And no man taketh this honor unto himself but he that is called of God as was Aaron—Hebrews 5:4. God works today in association with His ordinances, His law and His promises according to the faith of men. Heaven and earth shall pass away but my words shall not pass away.—Matthew 24:35.

### LESS LIVE STOCK IN MICHIGAN

According to the live stock summary issued by the U. S. department of agriculture in co-operation with the Michigan department of state, there is considerably less livestock in this state than a year ago. Low prices and lack of demand are given as the causes of this condition.

The annual inquiry relative to the quantity of livestock on farms was made on January 1, and not only shows a less number of each kind of farm animals but also that the price of each has declined from the high level of last year. The average value per head is higher in Michigan than for the United States as a whole, for all except mules and cattle excluding milk cows.

The total number of horses is estimated to have decreased four per cent, a loss of 26,000. The average value per head is given as \$93, which is within \$2 of the price a year ago.

Milk cows have decreased 2 per cent during the past year. The estimated number is given as 856,000, or 17,000 less than one year ago. The average price is \$70 per head, as against \$96 a year ago. Other cattle have been reduced in number from 773,000 to 727,000, or six per cent, and the present value is \$21,810,000 as compared with \$33,084,000 on January 1, 1920, representing a loss of about 34 per cent.

The lack of demand for and the low market price of wool has discouraged many sheep owners, and large flocks have been reduced and many small flocks sold. However, the number of lambs on January 1 was greater than the previous year, owing to a slow market.

The loss on swine for the year was only one per cent. The estimated number on January 1 was 1,435,000 with a value of \$20,520,500, more than \$11,000,000 less than last year.

### NISBET—FAHSELT

On Wednesday, Feb. 16, at the home of the bride's parents, Mr. and Mrs. J.H. Nisbet, at Maple Ridge, occurred the marriage of Laura Margaret Nisbet to Elmer Oscar Fahselst of Cabri, Sask., Canada.

Gladys Nuttall played Mendelssohn's wedding march and Mrs. Howatt sang "O Promise Me" and "I love you truly." The ceremony was performed by Rev. A. G. Howatt of the Presbyterian church of Maple Ridge, assisted by Rev. V. V. Nicholas of Midland, uncle of the bride. The bride was attended by her sister, Helen, and the groom by his brother, Earl.

The house was prettily decorated in the bride's colors, pink and white. Sixty-three guests sat down to the wedding dinner.

The happy couple were the recipients of many beautiful gifts consisting mostly of linen and silver.

Out of town guests present were Mr. and Mrs. Roy Goldie of Detroit, Rev. and Mrs. V. V. Nicholas and Mrs. Arthur Winston of Midland, Miss Mina McCordell of Bay City, Mr. and Mrs. Carl Fahselst of Gaylord, Mr. and Mrs. Allen Culham and family, Mrs. James Dawson and Earl Fahselst of Sask., Mr. and Mrs. Joseph Watts, Mr. and Mrs. George Culham, Mrs. Edw. Graham and son, Mr. and Mrs. W. E. Laidlaw and Mrs. Frank R. Dease of Tawas City.

After spending a few days at Tawas City, Gaylord and Detroit, Mr. and Mrs. Fahselst will leave for their western home at Cabri, Sask., about April 1.

### FATHER AND SON BANQUET AT HALE

When Successful Farming was asked the question: "Why do fraternal organizations have their get-together evenings? Why do farmers have their get-together picnics?" the answer was straight from the shoulder. "Because they recognize the fact that it contributes largely to their success."

A man's success may depend largely on himself, but a boy's success is "Dad's" responsibility. "Father and Son Company" show the largest dividends of any investment of which we know.

Are you ready? A Father and Son banquet is being planned for Hale fathers by their sons on the evening of March 9, 1921. Forget your business for an hour and give your undivided attention to your boy. He will appreciate it.

The Ladies Aid of the M. E. church and the Dorcas Society of the Baptist church will serve the supper. There will be speaking, addresses and toasts in keeping with the purpose of the evening.

Reno friends are invited.

# Fordson TRACTORS and FORD CARS

Mr. Edsel B. Ford, president of the Ford Motor Co., says that the prices of Ford cars and Fordson tractors are now at the lowest possible figure and that a further reduction is out of the question. In fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of business is not obtained.

Therefore, present prices of Ford products can not be guaranteed against possible increases.

If you cannot take a Ford now, protect yourself on delivery in the spring by placing your order now.

As nearly as can be estimated, the value of the output of all the factories in the world in the current year is: United States, \$50,000,000,000, Europe as a whole approximately \$50,000,000,000, and other manufacturing countries (chiefly Canada, Japan and India), \$20,000,000,000, making a grand total at present prices of approximately \$120,000,000,000 a year.

When they tell us that the corn production of the year is 3,200,000,000 bushels, it is proper to get the economic truth that the production is more important than price. The dollar is a sickle jade, but a bushel of corn will put so many pounds of fat on a hog or make so many ponies of bread, dollars or no dollars.

An expert says that human life was never so unsafe as it is today in the United States, and cites homicide figures to prove it. This increase may be merely coincidental with the increased sentiment for the abolition of capital punishment.

### DADDIES.

I would rather be the daddy  
Of a romping, roughish crew,  
Of a bright-eyed chubby laddie  
And a little girl or two  
Than the monarch of a nation  
In his high and lofty seat  
Taking empty adoration  
From the subjects at his feet.

I would rather own their kisses  
As at night to me they run  
Than to be the king who misses  
All the simpler forms of fun.  
When the dreary day is ending  
He is dimly alone.  
But when my sun is descending  
There are joys for me to own.

He may ride to horns and drumming,  
I must walk a quiet street,  
But when once they see me coming  
Then on joyous flying feet  
They come racing to me madly  
And I catch them with a swing  
And I say it proudly, gladly,  
That I'm happier than a king.

You may talk of lofty places,  
You may boast of pomp and power,  
Men may turn their eager faces  
To the glory of an hour,  
But give me the humble station  
With its joys that long survive.  
For the daddies of the nation  
Are the happiest men alive.

## Last Night's Dreams

—What They Mean

### DID YOU DREAM OF CHILDREN?

NEARLY all those who claim to be versed in the affairs of Dreamland declare the dreamchild to be a blessing. There are others—a few old cynics—who seem to look upon dream-children from the viewpoint of a modern landlord of the actual world. According to the majority it is a good omen to hear or see many children laughing and playing about the house-of-dreams. The little ones will bring you success and if you join in their play there is much happiness in store for you; especially if you have no children of your own. To the childless married and to the unmarried the dreamchild brings all the happiness and good fortune which actual children ought to, and frequently do not, bring their parents. Girls are thought to be a luckier omen than boys; but both mean good fortune—and be sure to play with them if possible.

It is not necessary, however, to dream of seeing children in order to be fortunate; though for a generally, all-round good luck dream there should be many of them. To dream of a single child means, if you are married, that one is soon to be born to you. If the child is pretty, great pleasure and considerable good fortune await you. If the child is ugly the omen is not so favorable.

If you have a child and dream of seeing one in illness it is a warning to you to look more carefully and with better judgment after your child's health. This is the generally accepted rule regarding dream-children.

The old grouch on the other hand, say that to dream of talking with a lot of children means losses, and to see a child at its mother's breast, illness. If you are not more careful of your health. However, the lovers of the dream-child are in a great majority.

### Fill Fountain Pen Without Dropper.

How can the fountain pen be filled without having a dropper handy? A man does not usually carry a dropper with him. But in the crowd at hand there is likely to be someone who has a self-filling fountain pen. If he can be induced to lend it for a moment the trick is done, says the Popular Science Monthly.

Take the self-filling pen and steep it in ink until it is full. Assure the owner that no damage will be done to the point of his valuable self-filler and permit him to watch the following performance:

Press the lever of the borrowed pen, and through its point discharge its contents of ink into the barrel of your own pen. Then refill the borrowed pen and return it.

"He met the usual fate of 'sixty-minute men,'" said Squire Witherbee.

"How was that?"

# FIRE BRINGS OUT COURAGE

TRAVERS CITY BLAZE GIVES STATE POLICE A CHANCE TO SHOW BRAVERY.

During the fire which swept the five-story Wilhelm block in Traverse City recently, and which cost two human lives, opportunity was given four members of the State Police to show their courage. Corporal Barch and Troopers MacKinnon, Doyle and Orford put on gas masks and, with electric torches in their hands, remained for an hour and a half in the building. Mrs. Patrick Dockery was found by them after she had been overcome by smoke for some time and efforts to revive her were unavailing.

The troopers stuck to their work until they were sure that no one remained in the building. At the time the fire started there were 150 persons in the building and several were overcome by smoke and had to be carried out. A number of persons were rescued by the firemen by means of ladders.

Inasmuch as the members of the State Police are now almost all veterans of the recent war and are therefore familiar with the use and operation of gas masks, they are able to undertake such work as that done during this fire in an able manner.

### THE NAILS

IF POSSIBLE every woman should have a professional manicurist go over her nails once in a while, unless she is quite expert at doing them herself. She should also have a professional go over her feet once every few months. The charges for such work are always moderate, and the pain and expense saved later, by the prevention of corns and other troubles is more than worth it. It is like going to a dentist twice a year, to save expensive fillings later.

At home, the nails should receive a little attention each day. The skin should be pushed back with an orange wood stick, to prevent its growth over the nail itself, and any small pieces

The Best Way to Have Pretty Hands is to Have Pretty Nails.

that collect and harden along the side of the nail should be clipped off. The nails should be kept filed to a small rounded point. Vaseline rubbed into them every night will prevent ridges forming, unless there is a quantity of lime in the blood.

For the regular manicure, the nails should be filed to shape and rubbed with cold cream, after the fingers have been held in soapy warm water. Then the loose skin is scraped off with edge of the file, the cuticle cut or pushed back, and all the hard skin cut away from the sides, till the nail appears a perfect oval, set in the finger. Then the bleach is put under the nail, if any is needed, the polish is put on, and the nail is polished with a buffer rubbed with chalk. Then all rouge and powder is washed off gently, and the nail, pink and perfect, receives its final polish by rubbing it against the palm of the hand.

### How He Felt

"Did my husband appear to miss me during the month I was away, Mary?" asked a matron of whom the Evening Post tells.

"Well, ma'am, at first he was in very high spirits, but about a week ago he became less cheerful, and yesterday, ma'am, he was just miserable."

### Kidnap Chinese From Legation.

Kang-Shih-to, formerly treasurer of the Anfu club, who since the recent downfall of that alleged pro-Japanese organization has been in hiding in the Russian legation and for whose arrest a reward of \$10,000 was offered by the Chinese government, has just been the victim of a coup on the part of Chinese servants employed in the legation, according to a dispatch from Peking, China. They entered Kang's bedroom in the early hours of the morning, bound him, wrapped him in a bed quilt and hoisted him over the legation wall. Accomplices delivered him into the hands of the squad of gendarmes which had been waiting for weeks for an opportunity to capture him and other refugees supposed to have hidden in foreign legations.

### Woman's Latest Venture.

An engineering factory, organized, controlled, and managed by women, who also execute the orders at the lathe and in the foundry—that is the latest enterprise of the "weaker sex." It is one which deserves every success.

At the head of the firm, called Atlanta, Ltd., is Lady Parsons, the wife of the famous engineer and inventor of the steam turbine. The factory was started in the Midlands by 20 women ex-war workers. Good orders have already been secured, and Lady Parsons is convinced that these pioneer women engineers will be successful.

"There is nothing," she says, "that a woman cannot do when she tries."—London Times.

### How Lightning Kills.

Numbers of cases of death by lightning have failed to reveal any direct effect of the passage of an electric current through the human body. The evidence indicates that death was caused entirely by shock. The result is psychological rather than physical, the shock inducing heart failure or other organic disturbances.

Sometimes strokes have been fatal to a mother although the child in her arms was unharmed. Persons under the influence of a drug or intoxicated seem to escape. This seems to indicate that the psychological element is an important consideration.—Popular Science Monthly.

### REGISTRATION NOTICE

To the Qualified Electors of the City of Tawas City, State of Michigan.

Notice is hereby given to all Men and Women electors of said city, that in conformity with the statutes of the state of Michigan relating to registration, I, the undersigned Clerk of said city, will, upon any day except Sunday and a legal holiday, or the day of any election, receive for registration the name of any legal voter in said city not already registered, who may apply to me personally for such registration, or who may make such application by mail or messenger under the provisions of Act No. 7, Public Acts of 1919, except that I can receive no names for registration during the time intervening between the second Saturday before any General or Special election or official primary election and the day of such election.

Registration for Election April 4. All electors not already registered and intending to vote at said election, should make application to me on or before the 28th day of March, A. D. 1921.

Notice is further hereby given that I will be at the Tawas Butter Co. office on March 12 and March 19, 1921, from 8 o'clock a. m. until 8 o'clock p. m. on each said day for the purpose of reviewing the registration and registering such of the qualified electors in said city as shall appear and apply therefor. The name of no person but an actual resident of the precinct at the time of registration, and entitled under the constitution if remaining such resident, to vote at the next election shall be entered in the registration book.

### Registration of Absentee by Oath

If any person whose name is not registered shall offer and claim the right to vote at any election, and shall under oath state that he or she is a resident of such precinct and has resided in the city twenty days next preceding such election, designating particularly the place of his or her residence and that he or she possesses the other qualifications of an elector under the constitution; and that, owing to the sickness or bodily infirmity of himself or herself, or some member of his or her family or owing to his or her absence from the city on public business or his or her own business, and without intent to avoid or delay his or her reg-

istration, he or she was unable to make application for registration on the last day provided by law for the registration of electors preceding such election, then the name of such person shall be registered, and he or she shall then be permitted to vote at such election. If such applicant shall in said matter, wilfully make any false statement, he or she shall be deemed guilty of perjury, and upon conviction, be subject to the pains and penalties thereof.

### Registration by Mail

Under act No. 7, Public Acts of 1919 the privilege of Absent Voters is extended to include registration. Upon compliance with this Act registration can be secured by mail without personal appearance. An affidavit must be made similar to the following:

I, \_\_\_\_\_, ss. \_\_\_\_\_ being duly sworn, deposes and says that he is a duly

qualified elector of the \_\_\_\_\_ ward or precinct of the city of \_\_\_\_\_ in the county of \_\_\_\_\_, and state of Michigan; that he is not now registered as an elector therein, and that he makes this affidavit for the purpose of procuring his registration as an elector in accordance with the statute

Taken, subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, A. D. 1921.

### Signed, \_\_\_\_\_ Notary or Justice.

The time limit for registration by mail or messenger is the same as where personal application is made. Therefore, the affidavit of an elector desiring to register by mail or messenger must be received by the city clerk not later than the second Saturday preceding the election.

A blank form for registering by mail or messenger can be obtained by addressing the city clerk as given below.

### Provision in Case of Removal to Another Precinct

Any registered and qualified voter who has removed from one election precinct of a city to another election precinct of the city shall have the right, on any day previous to election day, on application to the city clerk, on application to the city clerk to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Such elector shall have the right to have such transfer made on election day by obtaining from the board of inspectors of election of the precinct from which he or she has removed a certificate of transfer and presenting the said certificate to the board of Election Inspectors of the precinct in which he or she then resides. H. Allen, City Clerk. Dated March 3, 1921.

Word from Flint to relatives here brings the news of the marriage of Miss Eva Seebeck of Burleigh township to Norman Glendenin, formerly of Hale. The young people have for some time been employed in the city. They were married in Detroit Feb. 19.

**A Terrible Accident**

Our community was terribly shocked and grieved to learn of the sad accident on Sunday, Feb. 20, which resulted in the instant death of John H. Dunsmore and one hour later in that of his wife, and injured their six months old babe which is now in the hospital with its right leg broken in three places.

Mr. and Mrs. Dunsmore and little daughter, Odessa, accompanied by Mrs. Finney were enroute to the Goodrich hospital to visit Mrs. Finney's husband, who is seriously ill, when in some unknown manner the roadster in which they were riding collided with a fast northbound Flint limited of the D. U. R. on a grade crossing at Atlas, killing Mr. Dunsmore and Mrs. Finney and seriously injuring Mrs. Dunsmore and the baby. Mrs. D. and child were placed aboard a southbound interurban and taken to the Goodrich hospital, where she died one hour later. The little one is reported to be doing well.

Mrs. Dunsmore was formerly Miss Luella Johnstone, daughter of Mr. and Mrs. J. M. Johnstone. She was born here July 8, 1899, where she spent a goodly part of her childhood. She leaves besides the small daughter, her parents, Mr. and Mrs. J. M. Johnstone, of Flint, three sisters, Mrs. Alex Robinson of Reno, Mrs. Grosphend of Mt. Morris and Evelyn at home.

John H. Dunsmore was born in Canada July 19, 1900. He leaves besides the baby his mother, who resides in Canada, and one sister, Mrs. Manthey, of Wyandotte.

The remains of Mr. and Mrs. Dunsmore were brought to the home of Mrs. D's sister, Mrs. Alex Robinson, on Wednesday, Feb. 23. They were accompanied by Mr. and Mrs. J. M. Johnstone, daughter Evelyn and her friend, Mr. Allen Smith, Mr. and Mrs. Grosphend, Mr. and Mrs. Manthey, Mrs. Alex Robinson, Mr. and Mrs. Taylor and Mr. and Mrs. Wm. Gillespie, relatives of the deceased.

The funeral was held from the Baptist church Thursday afternoon, Rev. Edinger of Christ Episcopal church East Tawas, officiating. The two caskets amid a profusion of flowers were lowered into one grave in the Reno cemetery. We can but repeat the words "As they were in life, so they

are in death." The overflowing church bespeaks the sympathy for the bereaved relatives.

The pall bearers were Will Waters, Chas. Harsch, Fred Latter, Will Soper, John Waters, Karl Buesch, Louis Harsch, Geo. Waters, Thomas White, Fred Wolf, Thomas Jackson and Will White.

**Death of Leah Sheppard**

Leah, the ten year old daughter of Mr. and Mrs. Hiram Sheppard, passed away at the family home in Flint last week from the effects of antioxin following diphtheria.

The remains were brought to the home of Mr. and Mrs. Henry Vance on Sunday, accompanied by the parents, brother and uncle. The funeral was held from the Baptist church Monday afternoon, Rev. Morgan of Twining officiating. Interment was made in the Reno cemetery.

Pallbearers were Thomas White, James Charters, Jr., Matthew Kilburn and Will Brown.

The parents and one brother are left to mourn her loss. We extend to the bereaved family our sincere sympathy.

**Obituary—Mrs. William West.**

Mrs. William West passed away at her home in Whittemore on Wednesday, Feb. 15, 1921, after a short illness with pneumonia and heart trouble. Her age was 48 years, 11 months and 16 days.

Miss Frances Peters was born in Ontario, Canada, March 23, 1872. When 5 years old she moved with her parents to Saginaw, Mich., where her childhood days were spent. On Jan. 1, 1890, she was united in marriage to John Ehmcke. To this union four children were born, Mrs. Wesley Dunham of Turner, Mrs. Will Soper of Plainfield township, Earl of Saginaw and Viola at home.

They came to Reno in 1899, where she has since resided until a few months ago. June 14, 1912, she was again united in marriage to William West. To this union one son was born, Woodrow, who together with her husband, the above named children, two brothers and one sister are left to mourn her loss.

Funeral services were held at the home Thursday afternoon, Rev. Vibbert officiating, and the remains were taken to Saginaw for interment in the Oakland cemetery.

**UNCLE SAM VOICES OPTIMISM**

The Federal Reserve board in a statement just issued says that "better conditions in business have been manifesting themselves during the past month. They have been most obvious in the field of banking and finance. They have, however, also been of decided significance in industrial lines."

The statement observes that while the process of readjustment is not complete, "it has proceeded far enough in a number of branches of business to prepare the way for new constructive work." Another significant paragraph in the resume of affairs says that retailers throughout the country "have undertaken to transfer to their customers some part at least of the benefit arising from reductions in cost at the point of production."

**Clung to Coats of Arms.**

George Washington used on his seal and bookplate, the English arms that had been in his family for generations. Even the Quakers among the early settlers, although they advocated simple austere living, and abandoned plumes for their hats and lace for coat sleeves, would have considered it a renunciation of an inherited right, like relinquishing their family names, to give up the coats of arms granted to their ancestors.

**In South America.**

A visitor to South America, speaking of his observations there said: "The home life of the people is so full of music that even the 'newsies' sing their wares, and peanuts, and sweets, fresh fruit and cool water are advertised in recitative. Such important artisans as seissors grinders announce their advent by means of a piccolo. The tired workmen still notice their evening hours with the guitar and the phonograph is to be found in the shops of all the big towns."

**LAIDLAWVILLE**

**More Power, Less Weight = Economy!**

HERE is the most economical tractor—the one that furnishes the greatest traction power with the lightest tractor weight and smallest fuel consumption. It pulls three 14" plows, turns an acre an hour, and is light enough to work on plowed ground without packing it down.

It uses little more fuel than many two plow tractors—does half more work in the same time and saves labor cost; does half more work every mile it travels and saves maintenance, repairs and depreciation.

Just as the three-horse team is the right animal unit for heavy work on farms of all sizes, the Huber Light Four is the right power unit.

It plows, harrows, pulls the binder, hay loader and manure spreader economically and will run the small thresher, silo filler, hay baler, etc. So simple that a woman or boy can operate.

Makes better crops possible by getting work done at the right time. Often pays for itself in a single season.

Let us show you the Huber and tell you what it will do for you.

**A PEARL OF GREAT PRICE**

**The Blue Moon**

By DAVID ANDERSON

One of the most delightful stories you have ever had a chance to read. A tale of love and fortune seeking among the Wabash pearl fishers, of the flat woods and contiguous country, in the days when Terre Haute was only a dot on the map and Vincennes was the center of mid-western settlement and activity. It was then a river of romance, along which the pearl hunters, a hardy and adventurous breed, led a life no less interesting than that of their strange brethren in occupation in the South Seas or in far off Ceylon. A picture of rare genius, came out in its clearness, of our grandfathers' days and before the present agricultural empire was founded.
