Two forest fires on Wednesday and Thursday last week burned over large areas south of Chapel, Floyd and Sand Lakes. These fires were caused by the carelessness of settlers and woodcutters to the south of the lakes, who allowed their fires to run unchecked until they assumed large proportions. Several cottages were in danger for a time and those at Sand lake were saved by fire fighters. The warm and windy weather caused very hazardous conditions, as even a small fire soon became unmanageable.

A GOOD APPOINTMENT

The appointment of T. F. Marston, secretary of the Northeastern Michigan Development bureau, as one of the members of the new state conservation board will mean much for North-eastern Michigan. Mr. Marston was one of the members of the state park commission, which is one of the public bodies which the conservation board succeeds, and in that capacity he secured the location of many state parks in the district and had succeeded in arousing much local interest for the parks in each place where a park was established.

The new conservation board will have a much wider field of activity than did the park commission, as it takes over the duties of the public domain commission, the state game, fish and fire warden's department, the state geological survey and the forestry department, and is charged with the duty of reforesting cut-over state lands.

There is a wide field for these activities in nearly every county which is a member of the Development bureau and they will offer to Mr. Marston a great opportunity for aiding in the development of this section of the state—an opportunity which he will be certain to grasp.

WHEN SILENCE SOMETIMES IS GOLDEN

The editor is popularly supposed to see everything, hear everything, know everything and publish everything that is going on.

But some times he doesn't see it—doesn't want to see it—because, being an editor and trained to view all angles of every question, he knows that it is better for the community if he does not see it.

There are many things the editor does not publish because they contain no element of news, are distressing to many innocent people, and their publication could serve no good purpose.

Some times the editor is criticised for his forbearance, but at least some of his critics do not stop to remember that possibly the paper is just as forbearing regarding an incident or two of their own lives.

There are many things to be considered before putting it in cold type.—Fourth Estate.

TAWAS CITY CARRIES OFF HONORS OF SUB-DISTRICT CONTEST

The district oratorical contest of northeastern Michigan high schools was held at the M. E. church in East Tawas last Friday evening and many contestants from schools of Saginaw to Alpena, inclusive, took part and many others from out of the city attended. The orations were some of the finest ever heard in our city, and the declamations were very well rendered and the contestants can well be proud of their efforts. It was surprising that high school students could handle so well, subjects demanding such deep thought and give them in such effective style. There was difficulty in deciding who should carry off the honors in the declamatory contest and the winners were not announced on Friday evening.

The judges were chosen from schools having no participants in the contest. They were from Owosso, Mt. Pleasant normal college and Bay City Western high school.

The oratorical contest was won by Miss Elsie Wendt of Tawas City, Miss Mabel Sales of East Saginaw was awarded second place. Miss Wendt handled the subject "Convictions of Men" and Miss Sales, the emigrant problem or "Americanism."

The winners of the declamatory contest were Miss Grace Phelan of Tawas City and Harry Johnston of Arthur Hill school, West Saginaw.

During the intermission and after the close of the oratorical while the judges were in conference the following musical numbers were given by East Tawas talent:

BOLAN-LABERGE NUPTIALS

A pretty church wedding took place at St. Joseph's Catholic church in this city last Monday morning when Miss Ruth Bolan, daughter of Mrs. James Bolan of this city, became the bride of Frank M. LaBerge, also of East Tawas.

The ceremony took place at eight o'clock, Rev. Brogger officiating. The bride was attired in a dark blue suit and hat to match, and wore a bouquet of pink roses. The bridesmaid was Miss Helen Bolan, a sister of the bride, and the groom was attended by Edd. Klenow of Tawas township. After the ceremony a wedding breakfast was served to the immediate relatives of the bride and groom at the home of the bride. A noon luncheon was served to sixteen of the bride's girl friends.

The young couple will make East Tawas their home and the wishes of many of their friends are extended to them for a happy and prosperous wedded life. The bride has spent her girlhood days in East Tawas and the groom, who is the son of Mrs. Louis LaBerge, has been a resident of this city for several years, having moved here from Long Lake.

A miscellaneous shower was given for the bride by a number of her girl friends on Saturday evening last, at the home of Mrs. Emil Schrumm, and many useful as well as pretty gifts were presented to her.

IN MEMORIAM

In loving memory of our dear mother, Mrs. Mary E. Jackson, who died one year ago, April 16, 1920.

When the evening shades are falling,
And we're sitting all alone,
And our hearts there comes a longing
If we only could, go home.

Of and oft our thoughts do wander
To a grave not far away,
Where we laid our darling mother
Just one year ago today.

She bore her pain and bore it well,
And what she suffered none can tell;
She bade no one a last farewell,
She said good-bye to none;

And with farewells unspoken she
Gently entered home.

And when we think of all the changes
The passing year has brought,
We're glad the world that holds our
Mother

Is a world that changes not,
Do not ask us if we miss her,
Friends may think the wound has
Healed,

But little do they know the sorrow
That lies within our hearts concealed.
Loving daughters,
Mary Ellen Jackson,
Mrs. Paul J. Bonenfant.

More Power, Less Weight = Economy!

HERE is the most economical tractor—the one that furnishes the greatest traction power with the lightest tractor weight and smallest fuel consumption. It pulls three 14' plows, turns an acre an hour, and is light enough to work on plowed ground without packing it down.

It uses little more fuel than many two plow tractors—does half more work in the same time and saves labor cost; does half more work every mile it travels and saves maintenance, repairs and depreciation.

Just as the three-horse team is the right animal unit for heavy work on farms of all sizes, the Huber Light Four is the right power unit.

It plows, harrows, pulls the binder, hay loader and manure spreader economically and will run the small thresher, silo filler, hay baler, etc. So simple that a woman or boy can operate.

Makes better crops possible by getting work done at the right time. Often pays for itself in a single season.

Let us show you the Huber and tell you what it will do for you.

BUICK

The many telegrams from all sections of the country received by Buick during the past few weeks asking for immediate delivery of Buick cars tell a significant story.

They prove the confidence of the public in Buick. Reflected in the placing of these Buick orders at a time when sales are being made upon the basis of greater relative values and actually demonstrative worth.

In many cases, this active buying is stimulated by a realization of the periodical shortage of Buick cars and a desire to insure delivery.

Since January first, regular equipment on all models includes cord tires

Now a word for myself. I had to pay a license to the city for the right to sell these goods. These goods are put on the market for the people's benefit and I have slashed prices wherever I had sales. Of course the other merchants love to see me come. They usually meet me at the depot with a brass band. Nit!

As to the prices you have been charged in the past, I may be tempted to go into the general merchandise business here and give the people a square deal. My motto:---"Reasonable prices, fair profits; live and let live."

LOCAL MANAGER WANTED

Unusual Opportunity for Right Man

A large brokerage firm doing a successful business with well rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established locally.

The position requires a man possessing executive and sales ability with business experience, and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, although we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from \$2500 to \$10000 the first year, according to the population and the ability of the manager, as the commodity which we handle is a staple, always in demand, and which our large buying facilities permit us to sell at less than average market prices.

Owing to the demand, we must fill this position at once. Send your application to Guarantee Coal Mining Co., 401 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.
