HAPPENINGS OF THE WEEK

Local, Personal and General News Furnished in Condensed Paragraphs for the Convenience of the Busy Reader

Fire insurance. H. E. Hanson adv Don't forget to patronize your Tawas City Auditorium. adv-tf Miss Margaret Gaul was a Bay City visitor last Saturday.

Baseball, Tawas City vs. Hemlock, at Sand Lake Sunday, July 31. adv The Methodist Ladies' Aid will have a food sale at Bing's store on August 6.

Mr. and Mrs. Clarence Fowler are the parents of a nice baby boy, born Sunday, July 17.

Steady market for poultry and eggs. Galbraith, Tawas City. adv Russell Birney of Baltimore, Md. was the guest of friends in the city a few days the past week.

Mrs. Will Schumaker of Sycamore, Ohio, spent last week with her aunt, Mrs. Edith Marsh, in this city.

Mr. and Mrs. Clare Hojning of Fostoria are guests this week at the home of Mr. and Mrs. C. H. Downer.

Work on the cement road is progressing rapidly, the cement being finished to a point west of the St. Joseph's school.

Mrs. George C. Henry of Ft. Wayne Ind., is spending a week's vacation at Pine Lodge, the guest of Mr. and Mrs. Henry Kane.

Mr. and Mrs. Edw. Graham and Gladys and Archie Graham returned Monday from a ten days auto trip to Saginaw, Ionia and Lansing.

The annual summer meeting of the Michigan Beekkeepers' association will be held at Alpena on August 3 and 4. A good program has been prepared.

A large number of subscriptions to the Herald are due at this time. Please renew promptly, as subscriptions not paid in advance will be discontinued.

Several local veterans of the Great War have received their bonus checks from the state this week. The average of the checks thus far is nearly \$200.

Mr. and Mrs. C. H. Downer and daughter, Dorothy, returned Tuesday from a two weeks visit with relatives and friends at Michigan and Canadian points.

Mr. and Mrs. Arthur Hahn returned last Saturday to their home in Millington after a two weeks visit with Mrs. Hahn's father, Carl Gnath, in Baldwin township.

Forest fires during the past week burned over several sections of land near Prescott, including several hundred acres of grazing land on the big Prescott stock ranch.

Geo. Schroeder of Sherman was a business visitor in the city Monday.

Miss Mae V. Shafer of Great Falls, Mont., is a guest at the home of Mr. and Mrs. G. A. Prescott, jr. this week.

The Addy drain in Plainfield township will be sold by Drain Commissioner Arn on August 24. The total length of this drain and its laterals is over six miles and it will drain a large territory in Plainfield township.

Rev. and Mrs. N. T. Hafer of Centralia, Ill., and Mrs. Sara L. Brown of Ithaca, Mich., were guests at the home of Mr. and Mrs. L. H. Braddock a few days this week. Mrs. Hafer is a sister of Mrs. Braddock and Mrs. Brown is her mother.

The Detroit Journal fell for a nature faker's statement that trout were dying in the AuSable river because the water is too warm. With hundreds of fishermen whipping the stream daily, naturally an occasional fish is injured and dies, but the water does not get warm in this spring-fed, rapid flowing stream.—Oscoda Press.

The Herald is in receipt of a letter from T. Culverhouse, Decatur, Mich., stating that in 1872 he left an army carbine and a tool box with two compartments for a jeweler's kit, in a room in the old East Tawas Hotel, which was run at that time by Peter Moussette. Mr. Culverhouse would like to recover these articles if possible, as they were family relics. If any reader of the Herald can assist him he will greatly appreciate it.

The Iosco County Chautauqua will begin one week from next Monday. Season tickets this year are \$2.20 for adults and \$1.10 for children under 12, including war tax. This is a little higher than last year, but is cheap when the quality of entertainment is considered. Another Chautauqua system covering the smaller towns in this section is charging the same price for a three day Chautauqua, or six entertainments, whereas the Community Chautauqua furnishes a five day program or ten entertainments.

Fire insurance, Fred Swartz. adv-tf Eyes tested and glasses fitted correctly by W. B. Murray, optician, East Tawas. adv

O. S. Nicholls of Long Lake was a business visitor in the city Wednesday.

Dance at Grange hall, Meadow road Saturday, July 30. Pfeiffer's orchestra. adv

Miss Mina McCordell came up from Bay City last Saturday to spend a few weeks at her home here.

Carl Taylor of Detroit is spending a two weeks vacation here with his father, F. F. Taylor and his sister, Mrs. G. A. Prescott, jr.

Mr. and Mrs. E. W. Thornton of Hale visited this week at the home of their son, Percy N. Thornton. Mr. Thornton returned home Tuesday, but Mrs. Thornton will remain for some time.

Plainfield township consolidated school district will build two school houses this year, one at Long Lake and the other on Section 11. Bids for the work are asked for in a notice appearing elsewhere in this paper.

HALE AND VICINITY

Dr. Robert Smith of Whittemore was a Hale caller Monday.

The Heinz Pickle Co. have opened the station here for the season.

Baseball, Tawas City vs. Hemlock, at Sand Lake Sunday, July 31. adv Miss Marian Jennings left Wednesday of last week to visit relatives in Okemos. Lyons and Lansing.

John D. Webb is having a few days vacation. Willard E. Glendon, substitute carrier is driving Route 1.

Miss Ida Scofield of Toledo and Mrs. Moscoe Scofield of Samaria came last Saturday to visit Mr. and Mrs. S. R. Scofield and other Hale relatives.

Mr. and Mrs. Ed. Thornton and Mr. and Mrs. Carl Keyes were Tawas City visitors Saturday. Mrs. Thornton, who is in poor health, will remain for a time with her son, Percy.

Edwin Rehl, Jesse Keyes and Glenn Healey of Hale, with six others from Iosco county, wrote the civil service examination at Tawas City last Saturday for the position of rural carrier on Route No. 2, recently established from Hale. The new route will start August 1st.

Rev. Shaw of Chicago, who is spending the summer at Long Lake, preached in the Baptist church last Sunday evening. He was greeted by a large audience and his sermon dealing with what the church should mean to the community and the community to the church, was an inspiring one. We hope he will be able to preach to us again during his stay.

Helen Montgomery, who has been ill with mumps during the past week, is able to be back at her work in the D. I. Pearsall store.

Mr. and Mrs. Harry Friedman have as their guests this week a cousin, Miss Ida Pearlman of Cleveland, and Mrs. Rebecca Friedman, mother of Harry and Frank, who has recently come from Riga, Latvia, a Russian province, to make her home with her sons.

Last Sunday's Results

Omer 8, Tawas City 6.

East Tawas 14, Hemlock 0.

The Hale-Alabaster game was awarded to Hale in the seventh 9 to 0 by Umpire Syze, but after he left we understand the teams patched up their differences and Hale won in the tenth 6 to 5.

A Hard Game

Tawas City didn't play in their best form Sunday and, coupled with occurrences that are best kept to themselves by those who went to Omer, lost to their opponents of that city by a score of 8 to 6.

Had the breakdown been confined to one or two men the boys could have probably weathered the storm, but it was a general thing with the entire team. Had they played like that against Alabaster we would have had one less scalp to our credit.

Although Art Sieloff was better than Wismer, taking the game as a whole, he was not as effective as usual. And it is unusual to see him pitch anything but an airtight game.

Mart Musolf, who has been playing second base so long and so effectively that boys who are now on the team can't remember anyone else ever playing there, was absent because of the illness of Mrs. Musolf. We really believe that his being there steadies the team enough so that his absence made a difference Sunday. We are glad to know that Mrs. Musolf is much improved.

However, we gave Omer a hard fight and are only sorry that we play no more games with them. We know the tables could be turned. Our team is so much improved over what it was the forepart of the season and fans can be assured of good games from now on. The boys kept fighting all the time and no one who saw the Omer game can deny that until the last man was out in the ninth our home hopes fought hard to win.

We go out to Sand Lake Sunday with our full strength, as we are taking no chances. Alabaster comes here the following week and East Tawas August 14th. So get ready for some warm games during August.

EAST TAWAS 14, HEMLOCK 0

For the second time in two weeks the Hemlock team was shut out when the East Tawas boys set them down at the D. & M. diamond. The batteries as announced were McArdle and Allen for Hemlock and Oxel Johnson and Klenow for East Tawas. McArdle pitched a good game but received loose support in the field.

Johnson struck out 17 batters and had two assists, so that his team mates were not called upon for much help. At the bat he also drove in five runs. Some of the substitutes were given a chance due to the absence of some of the regulars.

Next Sunday Omer plays at Tawas Beach and this will be the second time these two teams have met during this season with their standings tied. The winner of this game will go into the lead in the race and the game should be a hard fought one.

Mrs. Teare, who had been visiting with her daughter at St. Charles, returned home last week Wednesday. Mrs. Victor Marzinski of this city, sister of Mrs. Reid, will return with her to St. Charles on Saturday for a visit.

Mr. and Mrs. Clyde Murphy motored from Detroit last Sunday, arriving Sunday evening for a visit with Mr. Murphy's mother, Mrs. Montgomery. Mrs. Murphy had taken care of a five months old baby girl for a party in Detroit. The baby had not been well and the doctors in Detroit advised the trip to East Tawas. On arriving the little one gradually became worse and Dr. Weed was called. Monday morning the little one passed away, death being due to cholera infantum. The body was shipped to the father in Detroit on Monday evening and Mr. and Mrs. Murphy returned Wednesday afternoon, their visit having been shortened on account of the death. Mrs. Montgomery accompanied her son to Detroit and will visit there for a season.

EUGENE LaBERGE BADLY INJURED IN DETROIT

Eugene LaBerge of this city was beaten senseless by a bandit in Detroit last Saturday evening, a detailed account appearing in Tuesday morning's Detroit Journal. Eugene and a friend, Miss Marie Wildman, were returning home from the theatre when the bandit accosted them and brandishing a baseball bat commanded them to throw up their hands. Gene began to grapple with the man and Miss Wildman tried to help. Both were beaten about the head until unconscious.

A gold watch was taken from Gene but money in one of his pockets was overlooked. He is in the Receiving hospital suffering from deep scalp wounds and narrowly escaped a fractured skull. As soon as he is able to travel he will come to his home in East Tawas.

Miss Wildman is suffering from blood poisoning as a result of her wounds. The police failed in locating the robber.

A New York woman acting as humane officer arrested a man on a charge of cruelty who was taking a live turkey home for dinner, carrying it by the feet with its head hanging down. He was released from jail. What would that woman do with a mother cat carrying her kitten by the back of its neck?

This country needs a period of frying-pan and skillet living, and plow-line and hoe-handle working. No law-making body that ever lived could provide a substitute for industry and thrift when a hole was to be emerged from.

It is said that a billion dollars in back taxes are still uncollected because nobody can figure out the exact sums due. And yet some people are against any move to simplify the tax laws.

The census returns published in Tokyo show that the population of Japan, including Korea, is just over 77,000,000, which is a little more than the population of continental United States 20 years ago.

HOW DO YOU SAY IT?
By C. N. Lurie

Common Errors in English and How to Avoid Them

"THEM," AS AN ADJECTIVE.

THE use of such expressions as "I saw them boys there," is, of course, one of which persons who exercise even a moderate degree of care in speaking, would not be guilty. Yet the use of "them" as an adjective is not limited by any means to those who are uneducated or careless in other respects. Perhaps this is due, as are so many other examples of inelegant or faulty speech, to the effect of constant repetition. A person of education hears others employ the expression, "them boys," or "those kind," and similar ungrammatical expressions, and falls unconsciously into the same errors.

"Them" is a pronoun, third person, plural, objective case form of "they," and should never be employed as an adjective, before a noun, instead of "those" or "these." Therefore, "I saw them boys," and similar expressions, should be "I saw those boys, or "I saw these boys," etc.

COFFEE.

WHILE coffee was unknown to the Greeks and Romans, it was used in Arabia as early as the Fifteenth century. Plants were carried from Mocha to Batavia in the Seventeenth century, and to Martinique in 1720. The first coffee house in Europe was at Constantinople in 1551; in England the first was in London in 1652, and in France at Marseilles in 1671.

Every Person Should Save, Says Bosworth

Wm. B. Bosworth.

William B. Bosworth, director of sales for the government loan organization of the Seventh Federal Reserve district, is a veteran of the government's savings campaigns. Following a season in the offices of the savings division at Washington, Mr. Bosworth came to Chicago and linked up with the big work that is being carried on in the five states of the Seventh district—Illinois, Indiana, Wisconsin, Iowa and Michigan.

Mr. Bosworth seeks distribution as well as total of sales of the savings securities, for he believes that every man, woman and child in the populous district should own one or more of these securities.

"There is no better investment than the savings securities," said Mr. Bosworth recently, "and the various denominations make it possible for all the people to be practical partners with Uncle Sam, at the same time helping themselves. The government savings contests arranged by many states—all the states in the Seventh district are 'hooked up'—should result in much good to the great savings movement conducted by the United States government. Postmasters who are leading these contests may feel sure that whatever the savings division can do to help them win their fights will be done gladly and earnestly. All they have to do is to write to the Treasury Department Savings Division, 25 East Jackson boulevard, Chicago, Illinois."

SAVINGS CLUB ON BOOM

Dollar-a-Week Plan for Buying Uncle Sam's Securities Gains Big Headway.

The Dollar-a-Week Government Savings club has become the most universal organization in the United States. Its members range from Maine to California and every day brings new strength to it. The Seventh Federal Reserve district was one of the first of the twelve Federal Reserve districts to get off to a flying start in the organization of Dollar-a-Week clubs, and now it ranks high in the list of districts.

The Dollar-a-Week club is taking firm root in industrial plants and stores. Workers group themselves together and make regular purchases every week of the new \$1 Treasury Savings Stamps. Membership requirement in a club calls only for the purchase of one of the stamps every week. Four of these \$1 Stamps, with a few additional cents, can be exchanged for a \$5 Government Savings Stamp, or twenty of them for a \$25 Treasury Savings Certificate, which bears the rate of 4 per cent interest compounded quarterly, if held till maturity. These \$25 Certificates are short-term, rock-bound, absolutely safe, virtually tax-free, easily redeemable in case of need, and they never depreciate, but always are worth more than was paid for them.

No applicant for membership in a Dollar-a-Week club is ever "black-balled." Every member becomes richer for joining. Any postmaster can "initiate" a new member, and anyone can join at any organization or industry where government savings securities are sold.

In the last year, according to the Savings Division of the U. S. Treasury Department, half a billion dollars has been lost to Americans through fraudulent stock and oil deals. Think of it! If this money had been diverted to government savings securities, it would have gone into the channels of legitimate trade and industry and helped the population as a whole.

The Dollar-a-Week Club, composed of purchasers of Government \$1 Savings Stamps is growing apace, until now it extends to all parts of the country. It is particularly strong in industrial communities, stores and offices. Members agree to buy one of the Stamps each week. Any Postmaster can "initiate" a member by putting him on the roll.

No umbrella ever manufactured can measure up to Treasury Savings Certificates as a "rainy day" safeguard.

This year, unless new complications set in, there will be no great difficulty in filling out income tax blanks. The public is now trained and accustomed to them.

The future of the railroads depends on the ability of the management to discard the idea that the United States treasury may be relied on as the one best customer.

Coy little dollars that have been hidden because of shame over their lack of purchasing power should emerge now and try their luck. The buying is getting better.

—nothing for show**

THAT'S OUR IDEA in making CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarette aftertaste.

Camels are made for men who think for themselves.

HONOR SHOULD BE AMERICA'S

Washington Man Really Was the First to Demonstrate Possibilities of Wireless Telegraphy.

A dentist living in Washington, D. C., invented, patented and demonstrated wireless telegraphy before Marconi was born. Had it not been for the attitude of big newspapers and the stubbornness and lack of vision of congress, this country today would be enjoying the honor, distinction and credit of presenting wireless telegraphy to the world. The name of this comparatively unknown inventive genius is Mahlon Loomis. Back in the sixties and seventies he eked out a modest living by plugging molars and making "store" teeth for the politicians and social leaders of Washington. Doctor Loomis called his discovery "aerial telegraphy." His first public demonstration was made in 1866 from the two peaks of the Blue Ridge mountains in Virginia, some 18 miles apart. From each peak an ordinary kite was elevated, connected with an insulated copper wire attached at the lower end to a telegraphing apparatus. The operators of each party were provided with telescopes, with which they could sight from one station to the other and read the signals. When all was in readiness a message was sent by the doctor along the wire of his kite, and was received at the station on the other mountain top just as though the two kites had been connected with a wire in the ordinary way. In this manner communications were kept up until the fact was thoroughly demonstrated that telegraphing could be done as readily without as with connecting wires.

DOG RELAYS CALL OF 'PHONE

Well-Trained Animal Said Never to Make a Mistake in Notifying His Mistress.

Not far from Boston lives a dog by the name of Timbuctoo, a dog which has never been trained but which of its own accord acquired a "trick" which besides being clever is decidedly helpful. His home is on a farm, which is served by a seven-party telephone line. The call at Timbuctoo's house is five bells, or as the toll operator would say, "Ring five." Wherever his mistress is when the telephone rings five times Timbuctoo will go to her and give five short, sharp barks. He has never been known to make a mistake either by barking more or less than five barks, or by calling his mistress when the bell rings some other call.

In order to "show off Timbuctoo," his mistress asks a neighbor to call her in a few minutes, then she goes somewhere out of range of the telephone, and Timbuctoo never fails to give proof of his trustworthy summoning.

Cadets' Great Ride.

Two hundred and fifty senior cadets of Victoria, B. C., have recently completed a 1,400-mile ride on bicycles, bearing dispatches from the state commandant to the minister for defense. The small riders averaged more than 14 miles an hour, and they completed their task 6 hours and 23 minutes ahead of schedule. This fine performance roused public interest in the new system of cadet training, which has taken the place of the monotonous drill-yard evolutions. Australia is training its youngest soldiers in camaraderie, self-sacrifice, alertness and a love of athletics. The story of the 1,400-mile ride against unexpected obstacles has set a standard which will not be easily forgotten by the Australian boy. While the dispatch ride has done much to direct attention to a happier system of training, it has also served to awaken the interest of fathers and elder brothers.

Eggs From the Orient.

A train of 25 cars, loaded entirely with Japanese and Chinese eggs, left Vancouver, B. C., the other day, bound for New York. The train was made up of nine carloads sent over from Seattle to be attached to sixteen carloads of eggs from the steamer Empress of Russia. The eggs from Seattle were delivered by Japanese liners. The eggs, with the exception of 1,500 cases for London, England, and 1,000 cases for Montreal, were all consigned to New York. The shipment to the latter point consisted of approximately 17,500 cases of 30 and 36 dozen each, or about 6,500,000, more than an egg for breakfast for every man, woman and child in New York city.

Economy Carried to Excess.

A short time ago, on seeing a man who was sitting beside me in a cafeteria "get away" with a large hamburger sandwich in three bites, all "mind your own business" policies were cast aside and I remarked, "You must intend to catch an out-of-town train; you are in such a hurry."
He came back with, "Oh, no. You see every one's stomach requires a certain amount of meat and it is known that by gulping it it takes longer to digest. As meat is high I eat this way and by so doing I have to eat meat but every third day."—Exchange.

Past the Academic Stage.

"Should women smoke?" asked the man who likes to theorize.
"That isn't the question any longer," said Mr. Gadspar.
"No?"

"What we've got to decide now is whether or not the additional fire risk caused by women smokers will justify the insurance companies in raising their rates."—Birmingham Age-Herald.

Deadly War Weapon.
Among the latest war terrors is a submarine tank, perfected by the French. It is able to crawl along river and lake beds and suddenly appear in the midst of an enemy to open fire with powerful guns.
