PAYING THE PIPER
The luxury of having a world war, and being the cause of it, will be brought home to Germany in September when the reichstag meets. Chancellor Wirth will introduce a bill doubling taxation in order to meet Germany's reparation obligations and her domestic requirements. When that bill is brought out, the German people are going to throw more than one fit, and they will rue the day when the former emperor permitted his army and navy to be drawn into battle at the request of a debilitated old emperor who then presided over the destinies of the dual monarchy.
The bill to be introduced will have a salutary effect upon Germany. It will then be brought home to the Germans who do not at present know otherwise, that Germany lost the war.—Bay City Times-Tribune.

FUN FOR THE KIDDIES
Don't miss the Pied Piper's P-Raid, featuring the P-Nut Band and Circus Clowns, given by the Chautauqua Juniors of Tawas City and East Tawas. All children are invited to take part. Children of Tawas City meet at the court house grounds, in costume, at 6:30 p. m. Monday. Children of East Tawas meet at bank corner, in costume, at the same hour and you will be taken in autos to the Chautauqua grounds.
Free tickets will be given to the two children having the most original and attractive costumes. For any further information the children of Tawas City should see Miss Lydia Bertsch, the children of East Tawas see Mrs. W. A. Evans or call 144.

SHERIFF ROBINSON SUED FOR \$10,000
Raymond Gellar of East Tawas, who was detained some time ago by Sheriff Robinson on a moonshine charge, has entered suit against Mr. Robinson for \$10,000 for false imprisonment. The case will probably come to trial at the September term of court.
Gellar has been suspected for some time of peddling moonshine and at the time of his arrest had another man in the car with him who was carrying a bottle of moonshine which it was thought had been purchased from Gellar.
If the case does come to trial it will be surprising if a verdict is rendered for the complainant, as it appears hardly just that an officer in the discharge of his duty should be liable to suit for damages by every suspect whom he may arrest upon what he considers good grounds.
Sheriff Robinson is trying to enforce the law and should be accorded the moral support of every citizen who has the welfare of the county at heart.

A BOOST FOR DENTON C. CROWL
The editor of the Herald received this week the following letter from a former Tawas City boy who has heard Denton C. Crowl, one of the lecturers on our Chautauqua platform, and who writes as follows:
Pigeon, Mich., Aug. 1, 1921
J. E. Ballard
Tawas City, Mich.
Dear Mr. Ballard: I notice in the last issue of the Herald that you will have Denton C. Crowl as one of the numbers on your Chautauqua this year.
Mr. Crowl was in Pigeon two years ago and I had the pleasure of hearing him. I have listened to a great number of platform speakers in the last twenty years, and I want to say that I never enjoyed one more than Mr. Crowl. Don't miss Crowl. I am not personally acquainted with Mr. Crowl and am only writing this letter for the benefit of my Tawas City friends.
Yours truly,
George H. A. Shaw.

AN INDIFFERENT VICTORY
The boys went out to Hemlock Sunday and played at playing ball. Everyone who went was given a chance to play and during the fracas Hemlock amassed five runs. However, our boys tallied 14, so the result was not as bad as it might have been. Libka was the bright star of the game with four hits out of five times up. He reached first on an error the other time.
Alabaster comes up Sunday to battle for fourth place. A win by either team will give them fourth place without dispute. What we want is a lot of rooters to help things along. The boys are playing the game now and the same team that won from Alabaster will be shoved back at them again. Game called at 2:30.

CHANGE ON AUGUST 18
After August 18, 1921, bounties on animals and birds will be confined to woodchucks and rats, sparrows and crows.
The act repealing all other bounties and specifying only these animals and birds was passed by the regular session of the legislature and becomes effective on that date.
The bounties provided are 25 cents on a woodchuck, 10 cents on rats, 25 cents on crows and 2 cents on sparrows killed in December, January and February.
This law will come as a surprise to many, as, with the exception of the woodchuck, no bounty will be paid for wild animals.
Heretofore bounties have been paid on practically all predatory animals preying on either game or domestic animals, and sportsmen will doubtless object strenuously to the law, as even with a bounty on predatory animals high enough to make the trapping or killing of them an object, the game supply of the state is noticeably diminishing.
Foxes and wolves are probably the most prolific game destroyers, and no bounty is now paid on either of these animals.

A BIG MOONSHINE HAUL
Last Friday afternoon Sheriff Robinson, accompanied by Deputy Sheriffs Chas. Dixon and Arthur Dillon, and also by Chas. W. Curry of this city, motored to Emery Junction, where they were met by Sate Prohibition Agent Henry Smith and his son, of Saginaw. The party then proceeded to Sherman township near the Arenac county line, where they raided a Hungarian settlement, which has been suspected for some time of harboring a gang of moonshiners.
The net result of the raid was five stills, two of which were found in operation, and about fifteen gallons of moonshine whiskey, besides several barrels of mash. The stills were found at several different houses and hidden in the woods, and were all confiscated and brought to this city. Other places suspected of being engaged in manufacturing whiskey had evidently been warned of the coming of the posse and had cleaned up the premises leaving no trace of the contraband business.
Sheriff Robinson also confiscated four guns which he found in possession of the Hungarians, who were not naturalized citizens and were therefore not allowed by a recently passed law to have guns in their possession.
Not having warrants, none of the men were arrested, but warrants will be sworn out for them in Federal court in Bay City and will be served by the United States marshal.
There are other suspected places in Iosco county, but the making of moonshine here is getting to be risky business under Sheriff Robinson's regime and it is expected that ere long the nefarious business will be cleaned out in this part of the state.

The decorations were in pink and white and the bride was charmingly attired in white chiffon and pink satin and carried lilies of the valley and roses. Mrs. Glenn Crissman of Detroit played the wedding march.
Following the ceremony dinner was served to about twenty guests, all of whom were relatives of the bride and groom. Mr. and Mrs. J. G. Dimmick of this city were in attendance.
The bride and groom left the same evening for Detroit, where a party was given by the Yachtsmen's club in their honor. Their honeymoon was spent at Les Cheneaux Islands and Sault Ste. Marie. Mr. and Mrs. Dimmick will make their home at Escanaba.

EAST TAWAS 14—OMER 10
The largest crowd to witness a ball game at the Tawas Beach diamond this year was present to see the Omer and East Tawas teams clash to settle first place last Sunday afternoon.
Omer started their southpaw pitcher but put Wismer in the box after 7 runs had been made, one in the first two in the second, one in the third and three in the fourth.
Is the meantime they did some scoring themselves by taking one run in the first and one in the second. In the fifth they scored three runs and came back with three more in the 6th, putting them ahead 8 to 7. Johnson then replaced Halligan in the pitcher's box and Boldt went behind the bat. Wismer had plenty of steam, but could not stop Harry Bolen from tying up the score in the last half of the sixth inning. Neither team scored in the 7th, but in the 8th after three men got on bases Oscar Whitman came through with a beautiful double to right field, scoring the three runners. After two more of his team mates got on the bases, Oxel Johnson duplicated Whitman's hit, sending two more runners across the plate. We scored six runs in the 8th and when Omer came to bat in the 9th they fought hard, but the best they could do was to score two runs. Warren played a fast game for Omer.
It was a hard hitting game with the local team out-hitting Omer. Next week the team goes to Hale and this is expected to be a hard game.

That man who hid his whisky still in a cornfield certainly had the manufacturer's instinct for getting close to his raw material.

"Former King Ferdinand popular as a spender," says a Berlin cable. One doesn't have to be a king to gain popularity in that way.

London ladies are finding quick cures by falling in love with their doctors. It's all right with cooling, but how about the billing?

Between illicit commercial booze which impoverishes, and the home-made that kills, the consumer is likely to become dryer and dryer.

Cubans who are treble because they can't sell sugar should be reminded of a time when consumers couldn't buy because of the "shortage."

Doctors in Spain are up in arms over an invasion of their country by doctors from other countries. They look upon it as an unhealthy sign.

An English novelist says that it would be unwise to standardize women's dress by legislation. Unwise is a feeble word—it would be impossible.

An expert on economics declares prices will keep falling. Meanwhile, the consumer is walking about in the hope that they will finally hit him.

There is much discussion as to whether prevailing styles are immodest; but there seems to be unanimous masculine agreement that they are expensive.

BEAUTY FOODS

ASIDE from the question of which foods make for fat or for slenderness, is the question of which foods make for beauty. Certain fruits and vegetables do have a direct effect upon the looks, and the woman who is trying to improve herself would do well to use them frequently in her diet.

Any food containing olive oil is usually good for the complexion. Olive oil itself is splendid for the complexion, but it will make fat and must be avoided by women who do not wish to gain. The young women of Italy have wonderful skins, indeed, they are world famous for the soft, creamy tint of their skins. Three things, olive oil, wine and

garlic, are used more than any other foods in their diet. The oil brings flesh, the wine makes blood, the garlic acts as a general cleanser for the system.

Olive oil can be included in any diet, the pleasant way being as mayonnaisse upon salad. Wine is not possible in every state and no one with an American taste would eat garlic. But an occasional dish of small onions, creamed or stewed, will make an excellent substitute. Carrots are also beauty foods; they enrich the blood and purify it. Spinach is good for the complexion, for it purifies the blood. Apples tone up the whole system, orange juice is laxative and grapefruit has a healthful acid. Toast is better than bread, for all the indigestible parts of bread are removed by the second baking. (Copyright.)

Changing the Basis.

Two preachers, one white and the other colored, served rural charges in Mississippi which were coterminous. The negro received a considerably larger salary than his white brother, who asked him if it was not his custom to expect his members who failed to pay. "No, boss," he replied, "we would not like to put the gospel on a money basis. We gets them to subscribe, and if they don't pay we turns them out for lying."—Memphis Commercial-Appal.
