During the month of November all have perfect attendance except four. A speaker is expected in the near future to organize club work among the boys. There will be no school Thursday or Friday, the board having decided that the average pupil is in no condition, either mentally or physically,

to attend school the day after Thanks. giving. Miss Violet Bean, who has been

very ill, is with us again. The following students were ex-

cused from examination this month, having attained an average above 90 and were not absent during the month: Willie Baker, Jas. Mielock, Holland Gilbert, Louis Anderson, Dorothy Andeison, Christina Young, and Beatrice Benson

The high school students seem to bear charmed lives, a number having been in several auto accidents this fall, Miss Christina Young was in an accident near Tawas last Friday night but reports no one hurt.

The seventh grade commenced to study physiology the previous week. Lempa, Ludy and Lina Nikander are absent from school on account of diph theria.

L. D. S. CHURCH The Holy Ghost was to "dwell with" and "be in" the children of God and "abide" with them forever. A definite work therefore was to be accomplished by the presence of his holy power of God in lives. Its operation was to be not only through the word of God, but also independent of the word, in which the mind and heart would be touched by the Lord and the man thus brought into close fellowship with God. On the day of Pentecost the Holy Ghost so wrought direct from Heaven, not merely through the medium of the written or spoken word. If there is only the word, no Holy Ghost to operate on the minds and hearts of men it must appear evident to all that uninspired, teachers will involve the word in interminable 'confusion' in giving interpretations to what was giving through inspired men. The Samaritans experienced great joy in hearing the gospel and being baptised But the Holy Ghost was "fallen upon none of them; only they were baptised in the name of the Lord Jesus." Then Peter and John laid their hands on them and they "received the Holy Ghost." Paul in addressing the church writes: But the manifestation of the Spirit is given to every man (in the church) to profit withal. For to one is given by the Spirit the word of wisdom: to another the word of knowledge by the same Spirit; To another faith by the same Spirit; to another the gift of healing by the same Spirit; to another the working of miracles; to another prophecy; to another discerning of spirits; to another the interpretation of tongues. But all these worketh that one and the self-same Spirit dividing to every man severally as he will.

Jean MacNeil and Emerson Williams In EDISON Tone-Test

On a test of direct comparison, made Saturday at the Community House, before a large audience, the New Edison scored a complete and convincing triumph.

Jean MacNeil, the famous contralto. sang in direct comparison with the Re-Creation of her voice by the New Edison. To every ear, there was no difference between her living voice and her Re-Created voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has even attempted it.

The New Edison's marvelous performance of Saturday vindicates everything that has been said or claimed for its perfect realism.

Jean MacNeil stood on the stage next to a shapely Chippendale cabinet. She began to sing. Her golden notes soared over the auditorium, bring all under its magic spell.

Halfway through her song, she suddenly

stopped singing. The New Edison at her side, took up her song---and continued it alone. Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure which was singing, was by watching Miss MacNeil's lips---so exactly like the living voice was the Re-Created voice.

Emerson Williams made the same test of comparison with the Re-Creations of his baritone selections. Again the same result---there was no difference between the Re-Created performance and the living performance.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced, through its own personal experience, that there is no difference between an artist's living performance and its Re-Creation by the New Edison, ---that listening to the New Edison is, in literal truth, the same as listening to the living artist.

"The Phonograph With a Soul"

Only one question can still bother your mind. This question we now answer.

The instrument used in Saturday's test was not a special model. It was an official Laboratory Model, taken from regular stock. Every official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists. You can have an Official Laboratory Model in your home. You can own an instrument which will do everything done Saturday in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.
