New flowers, ornaments, and feathers just received. Ladies, bring in your old hats and have them retrimmed. Location, residence. Mrs. A. W. Colby. adv

George Sommerfield and his brother, Michael Sommerfield, left Sunday evening for Kinistino, Sask., Canada, where they will operate a dredge this summer.

Through the courtesy of Dr. and Mrs. H. W. Case the high school girls basket ball team were presented with an excellent picture of the team one day this week.

One of the most noteworthy features in connection with Tanlac is the large number of men and women who have reported an astonishingly rapid increase in weight as a result of its use. Wuggazer's store. adv

The Herald is in receipt of a card announcing the arrival of a nine pound baby boy at the home of Mr. and Mrs. Emil Buchholz of West Branch on April 27, 1922. Emil's many friends here will extend congratulations.

Mrs. John Baguley this week presented the high school with English privet shrubs for a fine hedge on the school grounds. The plants were set out by the janitor and in a few years should present a fine appearance.

Leslie Belknap, son of H. M. Belknap, county road superintendent of Iosco county, has resigned his position as deputy state highway commissioner to take effect June 1. Mr. Belknap will engage in the road building business.

The ladies of the L. D. S. church will have a sale and supper at the home of Mr. and Mrs. Ernest Wright on Tuesday evening, May 16. Sale to consist of quilts, rugs, aprons, and other articles. Supper to commence at 6 o'clock. Price 35c and 20c. adv-19

Keith Baguley, son of Mr. and Mrs. John Baguley of this city, and a sophomore at M. A. C., was a member of the winning team in the two mile relay race at Des Moines, Iowa, last week. He received a gold watch for medal.

While driving his Ford car up from Stanton to this city last week, Rev. Homer W. Grimes accidentally turned the car over into a ditch, suffering some painful injuries to his ribs and one foot. He was able, however, to continue his trip home after the car had been righted.

On May 19th the Herald will begin publication of a new serial entitled "The Indian Drum." This is a Michigan story, the principal scenes of which are laid in the Traverse Bay district. It is a story of absorbing interest and we are sure will be enjoyed by readers of the Herald.

Complaints have been made that cows are running at large on the streets of Tawas City and destroying lawns where the fences have been torn down. Owners of cows should remember that there is an ordinance against cattle running at large, and that it applies whether the cows are without an attendant or whether they are being watched by children or others. The ordinance will be strictly enforced and it is hoped that owners of cattle will cooperate in helping to keep the city clean and neat without recourse to the law.

Fire insurance, Fred Swartz. adv-tf Nels Brabant of Flint visited relatives in the city a few days this week. Eyes tested and glasses fitted correctly by W. B. Murray, optician, East Tawas. adv

A number of cases of measles in a light form have been reported in the city the past week.

Harold Thomas has resigned his position as clerk in the F. F. Taylor & Co. store, and on Tuesday Mr. and Mrs. Thomas left for Cleveland, Ohio, where he will engage in the real estate business. During their residence here Mr. and Mrs. Thomas have made many friends who regret their departure.

Mrs. Olive Wuggazer has engaged the services of Miss Anna F. Erikson, as pharmacist at the Red Cross Pharmacy. Miss Erikson has recently passed successfully the state examination for registered pharmacists and is fully competent to compound prescriptions. Patrons of the Red Cross Pharmacy will now be assured of the best of service in this line.

Birt Fowler brought to this office on Tuesday a half dozen eggs laid by one of his hens, which are certainly a curiosity. The eggs were laid by a full size hen, not a bantam, but were only about the size of a small plum.

In a report of the installation of the officers of Flint Chapter No. 138 O. E. S. we note the name of Alta Webster as marshal. Alta Webster was formerly Alta Sheldon of Alabaster and is well known to many readers of the Herald.

TWENTIETH CENTURY CLUB

The closing meeting of the Twentieth Century club was held at the club room Saturday afternoon, April 29.

Had one not known it was "Old Fashioned Day" they would have been rather surprised to find a club presided over by a Quakeress. After the business meeting the vice-president in trailing bridal gown took charge of the program.

Mrs. Jas. Mark as Martha Washington was charming, and sang "The Last Rose of Summer" in the same manner.

The president gave a brief review of the year's work, emphasizing the harmony and loyalty of the club as a whole. Tribute was paid to the memory of Mrs. Stickney, and no absent member was forgotten.

The tea table was beautiful with its soft pink candles, and the two colonial dames who served the dainty refreshments added to the picture.

In spite of the handicap of yards of superfluous goods, ruffles, hoops, trains, etc., one could tell it was a crowd of active, up-to-date Twentieth Century club women.

The influence of the club is widespread, and we feel that the time given to its varied interests is well spent, and look forward to the time when we shall resume our activities.

MEMORIAL ASSOCIATION MEETING

The annual meeting of the Tawas City Memorial Association will be held this Friday evening, May 5, at 7:30, at the city hall.

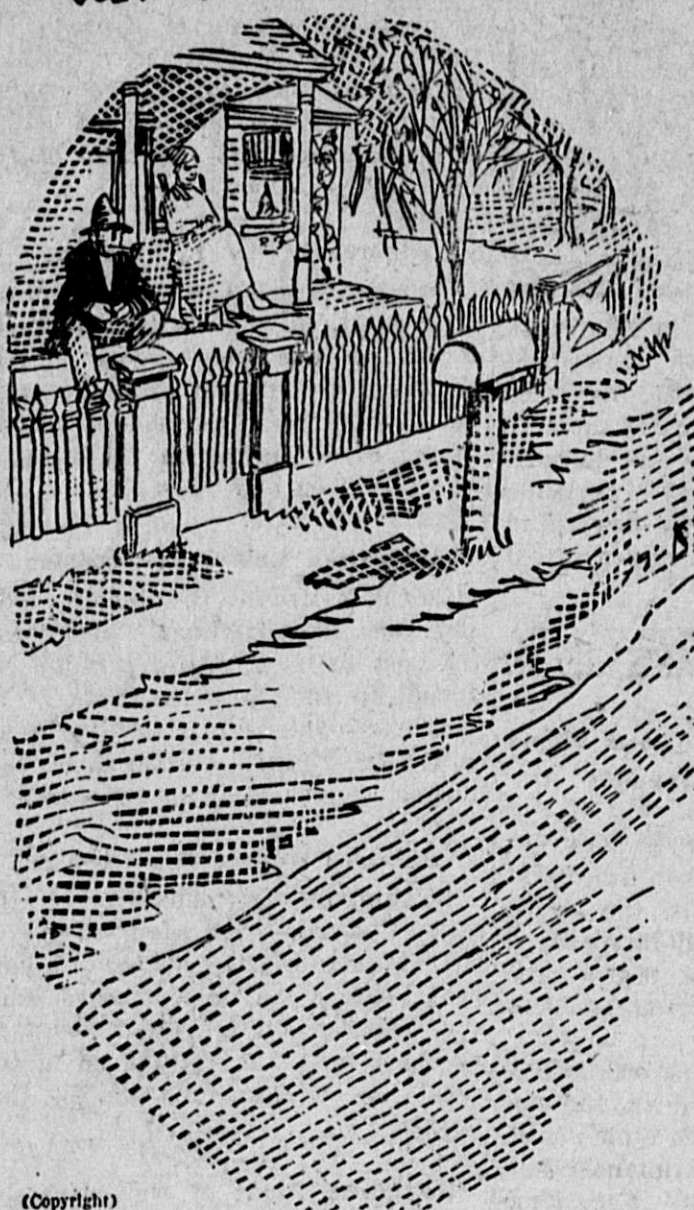

At this meeting new officers are to be selected and all transactions relating to the welfare of the organization discussed.

A large attendance of our interested citizens is earnestly requested. L. H. Emerson, President.

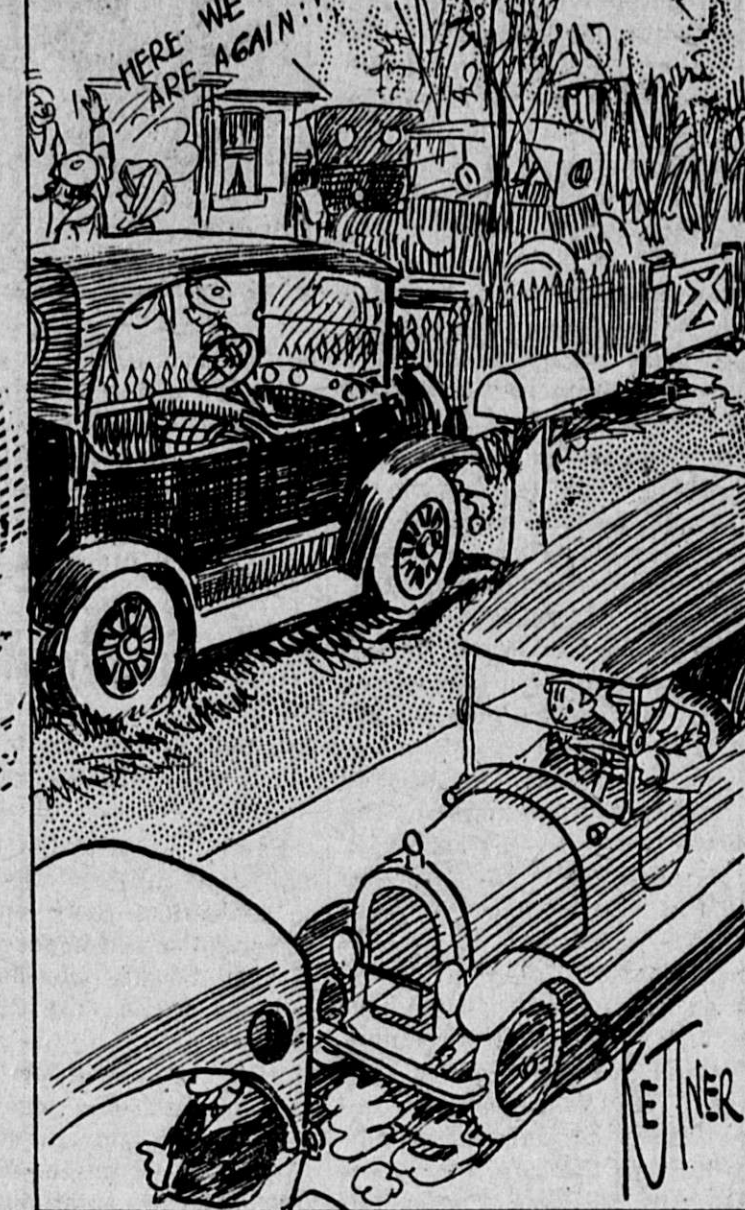

TO THE PUBLIC

B. C. Bowen was appointed sexton for the Tawas City cemetery at a meeting held on May 3rd. Any person wishing to do business with the cemetery will please see him or the chairman of the board, M. A. Sommerfield.

DEATH OF ROBERT H. TATE

Robert H. Tate, a resident of Tawas City for the past forty years, died at his home in this city on Monday, May 1, at four o'clock. The cause of death was dropsy, together with the infirmities of old age.

Robert H. Tate was born in County Antrim, Ireland, in 1840, and was past 81 years of age. He came to Canada with his parents when five years of age and resided there until he attained to young manhood. He then came to Michigan, locating first at Flint, then going to AuSable, where he was in the meat market business for some years and then moved to Tawas City, where he has since resided. In his younger days Mr. Tate was a miller by trade and worked at that business for many years.

He was married Nov. 20, 1877, to Catherine A. Moran, and to this union three children were born, all of whom, with the wife, preceded him in death. Mrs. Tate died about 19 years ago. The children were Annie Myra, John Alexander and Mary Catherine.

The funeral was held from the home on Wednesday afternoon, May 3, Rev. S. S. Cross of the Tawas City M. E. church officiating, and the remains were laid to rest in the Tawas City cemetery.

NURSE HAS HIGH PROFESSIONAL STANDARD

In connection with the efforts now being put forth in Michigan to increase the number of public health nurses attention is called by the Michigan Tuberculosis association to the high ethical standard set by the nursing profession as set forth in the Florence Nightingale pledge for nurses, which reads as follows:

"I solemnly pledge myself before God and in the presence of this assembly to pass my life in purity and to practice my profession faithfully. I will abstain from whatever is deleterious and mischievous, and will not take or knowingly administer any harmful drug. I will do all in my power to elevate the standard of my profession, and will hold in confidence all personal matters committed to my keeping, and all family affairs coming to my knowledge in the practice of my calling. With loyalty I will endeavor to aid the physician in his work and devote myself to the welfare of those committed to my charge.

MOTHERS' DAY PROCLAMATION

By the Governor

Following the beautiful custom with which we have become familiar in recent years, the time has come to name a day to be known as Mothers' Day, a day whose observance shall honor the memory of our departed mothers and pay a tribute of gratitude to those who are still with us. In the watchful, tender care which guided our earliest footsteps, in the constant planning for our welfare and our happiness, in the unflinching love that has blessed us all through the years up to manhood and womanhood and that still blesses and cheers us, though it be but a dear memory, in these things we find abundant reason for humble and grateful acknowledgement of the debt we owe our mothers. The very name of mother is a synonym for love and devotion and willing sacrifice.

Therefore, by virtue of the authority vested in me as governor of the state of Michigan, I do hereby designate and proclaim Sunday, May 14th, 1922, as Mothers' Day, and I call upon our people, both old and young, to gather in their several places of worship and take part in services appropriate to the day.

And let absent sons and daughters take this occasion to visit the mother in the old home, or, where such a visit is impossible, let them send a message of cheer and greeting.

In accordance with a resolution of the Congress of the United States, I further request the people of Michigan on the day aforesaid to display the United States flag in their homes and in other suitable places, as a fitting expression of their desire to pay homage to American motherhood.

Alex J. Grosbeck, Governor.

NOTICE OF MEETING OF BOARD OF REVIEW

To all persons liable for assessment for taxes in the city of Tawas City for the year 1922:

Notice is hereby given that the Board of Review for said city will be in session at the office of the city clerk, Kelly building, in said city on Monday, May 15, 1922, and that said board will continue in session for four consecutive days, holding sessions of at least six hours each day, at which time and place the tax rolls of the several wards of the city of Tawas City will be open for inspection by the taxpayers and will be subject to review and correction. All sessions of the Board of Review will begin at nine o'clock in the forenoon.

Given under my hand this 28th day of April, A. D. 1922.

W. C. Davidson, City Clerk.

DEATH OF JOHN McDONELL

The many friends of John A. McDonell, a former resident of Iosco county, were shocked and grieved to hear of his death on Wednesday, April 19, at his home in Mt. Morris township, Genesee county, after a week's illness with pneumonia.

Mr. McDonell was born in Canada in 1855, and was 67 years of age at the time of his death. He was married at AuSable in 1877 to Miss Agnes Slingerland and ten years later the family moved to Alabaster, where they resided until about 13 years ago, when they moved to Flint, and since that time Mr. and Mrs. McDonell have resided on their farm in Mt. Morris township, with the exception of a couple of years spent in the city of Flint.

Relatives left to mourn the loss of a kind and loving husband and father are the wife and six children, one daughter, Ethel, having died in infancy. The remaining children are James and Ernest McDonell of Flint, Mrs. Louis Benson of Alabaster, Mrs. John H. Robinson of Genoa, Ohio, Mrs. Chas. Welch of Niles, Mich. and one son, Clyde, in the Canadian northwest. There are also two brothers, James and Alex, in Canada, one brother, Albert, in Flint, 15 grandchildren and one great-grandchild.

The funeral was held Saturday from the home and the remains were laid to rest in the Woodlawn cemetery at Flint. The esteem in which Mr. McDonell was held in the community was shown by the many and beautiful floral offerings.

FOR BETTER POSTAL WORK

The first week in May is to be designated "Postal Improvement Week," according to an announcement by the Post Office Department.

Efforts will be made during the week to get all of the 350,000 postal employees throughout the country "on their toes" in the interest of better service for the public. Newspapers and the motion picture industry will be asked to cooperate in the campaign.

Later—Word was received on Thursday that Mr. Westfall had died at 2 o'clock Thursday morning. He was at the Jones Clinic hospital. The remains will be brought home on Friday. Obituary next week.

MAY PARTY AT THE COMMUNITY BUILDING

The May party given at the Community building on Wednesday evening by the Pi Alpha Epsilon club was a decided success. The hall was decorated with streamers in delicate shades. A large Maypole stood in the center of the room with numerous streamers attached and the Maypole dance was one feature of the party.

The stage was decorated with a bank of evergreen interspersed with bright flowers, and the walls were decorated with sprigs of evergreen. All report a splendid time. The music was exceptionally good and voted the best orchestra ever heard at a dance in East Tawas. Briggs & LaForge ten piece orchestra of Bay City furnished the music.

DEATH OF CAROLINE BROWN

Mrs. Charles Brown, formerly Miss Caroline Cadorette of this city, passed away at Flint last Friday. She was buried in that city on Monday afternoon. Fred Cadorette, a brother, and Mrs. Permelia Cater, a sister, both of this city, attended the funeral.

Caroline Cadorette was born in East Tawas Oct. 7, 1885, and was more than 36 years of age. She grew to womanhood in this city. About ten years ago she was united in marriage to Capt. Charles Brown at Chicago.

After marriage Mr. and Mrs. Brown resided in East Tawas for about three years, living in the home now occupied by George Lake and family. The past five years Mr. and Mrs. Brown have been living in Flint.

Those left to mourn are the husband, Charles Brown of Flint, three little daughters, the father, Noah Cadorette of this city, three sisters, Mrs. Adeline DeChampline of Detroit, Mrs. Permelia Cater of East Tawas and Mrs. Mary Ban of Detroit, and four brothers, Jay Cadorette of Providence, R. I., Henry and George Cadorette of Detroit and Fred Cadorette of this city.

The deceased is remembered by many old friends in the Tawas who are grieved to learn of her death.

BIG AUTO RACE AT STANDISH

Andy Dudek, the famous Standish auto race driver, and Rob Wilcox of Owosso—both claiming the state championship and both with new cars and bitter rivals of several years on the track—will clash on the Standish half mile track Sunday afternoon, May 7, in a series of races that will go a long way toward deciding the state title. With them will be such famous stars as Huebner of Saginaw in his white flyer, Al Burman of Detroit, brother of the famous Bob Burman who lost his life on the auto track a few years ago. The sum of \$2500 in prizes has been hung up for the races.

The Standish track is in great condition and workmen have been at it for a week, so it will be in shape especially for the Wilcox-Dudek battle. Last year these boys fought tooth and nail through many races and at the end of the season each claimed the state title. Now they are out for blood. From Owosso, where Wilcox lives, 250 fans are coming with their pockets bulging with bills to wager that Dudek cannot beat their boy. That is going to be the scene that will be unfolded when they face the starter's flag.

Leonard Ireland, the garage man of Standish, will be the referee of the races and that insures a square deal. The races will start at 2:30 o'clock and arrangements have been made to care for a crowd of 10,000 people because advance orders have been received from all over northern Michigan for seats. The great interest in this section of the state and in his bitter and hated rival, the mighty Wilcox.

THE BLUEBIRD
 The bluebird belongs to the same family as the robin. So far as its food habits are concerned it is positively harmless. Sixty-eight per cent of its food consists of insects. It has not even been accused of eating cultivated fruit.

The bluebird is sometimes confused with the indigo bunting—a bird which belongs to the grosbeak family. The indigo bunting is smaller, it does not have the red breast which distinguishes our bluebirds, but is a vivid blue all over.

The robin and the bluebird belong to the thrush family. They are our only brightly colored thrushes. The other thrushes are brown above and white spotted with brown or black below. The spotted breast of young robins and bluebirds very clearly show their family resemblance.

When we hear the first bluebird in the spring we feel that the winter of ice and snow is broken. It is one of the first of our feathered friends to come back to us—and one of the most welcome.

PROGRESS MADE IN AVIATION

Records Show That the United States is More Than Holding Its Own in Aerial Travel.

During the year 1921 the use of aircraft for civilian transportation increased 20 per cent over the previous year, according to a report forwarded to the Department of Commerce by the Aeronautical Chamber of Commerce of America.

The reports show that throughout the country 1,200 civilian airplanes were in operation during the year, and they carried approximately 275,000 passengers a total distance of 6,500,000 miles. These figures, according to the report, are based upon authenticated returns received by the aeronautical chamber from all sections of the country "and tend to prove that America is holding her own in the air, as far as individual effort and accomplishment are concerned."

Every phase of aviation is covered in the report, including the various records made during the year. Among the outstanding civilian achievements is that of the aerial mail, which "in 1921 made such a record for efficiency on the transcontinental route that it is recognized as a model for civilian aerial transport the world over," the report says. "Letters have been delivered in New York two days after casual mailing on the Pacific coast," it continues. "The service has an average of 88.82 per cent efficiency, that is, in completed trips on scheduled time since it was started in May, 1918."

"The air mail has during the last year completed its wireless communication system, the 14 stations now having radio plants, three operated by the navy department and the others by the air mail service."

LAND ADAPTED FOR REINDEER

Northern Canada, It is Estimated, Could Support Enormous Herds of Good Food Cattle.

Canada is a roomy land, and its back region can never be used for agricultural purposes and where neither sheep nor cattle can be raised profitably, comprises about 1,500,000 square miles. If we may accept as fairly accurate the statement of Alaska reindeer men that a reindeer requires about 30 acres for grazing in the sub-Arctic and Arctic regions of North America, then Northern Canada can support between 30,000,000 and 40,000,000 animals.

Vilhjalmar Stefansson, the Canadian explorer, who has been trying to convert his countrymen to reindeer culture for several years and has given the subject a great deal of study, thinks that the Canadian mainland, north of the so-called habitable line, and the great Canadian archipelago can support 50,000,000 reindeer and musk-ox, another sub-Arctic animal which he thinks may in the near future furnish the world with an appreciable supply of good, wholesome meat.—John G. Holme in Leslie's Weekly.

Mirror in Man's Hat.

A man can manage somehow to get along without a powder rag, but there are occasions when he does need a mirror and a comb for emergency use. To meet this demand, Gustav Piesznack, of Trenton, N. J., has contrived a holder for both articles which may be conveniently fastened inside of a hat. It is sewn in, being made of cloth, a rectangular piece of which is attached to the inside of the hat by snap fasteners at the corners. This makes the back of the holder; the front is provided by a second piece, of like size, secured to the first one by stitching. The two thus form a pocket. A horizontal line of stitching divides the pocket into two compartments, an upper one to receive the mirror and a lower one to hold the comb. One end of the pocket is left open to permit insertion of comb and glass. A slidable catch engaging the end tooth of the comb retains it in place, and the safety of the mirror is obtained by a flap which snap fastens over it.

Woman in Finland.

Woman in Finland enjoys almost equal rights with the man. In school she has, in the common instruction with the male youth, opportunity to contend with them and to acquire the same knowledge. After completing the school education almost all vocations are open to her, and she is found in all branches of industry, but especially in business houses, in public offices and similar institutions. She cannot occupy the office of minister, however, and some high appointive posts. Practically, woman is the equal of man. She has the right of suffrage and she herself is eligible to all elective offices. The Finnish diet actually counts 20 female deputies among its members.—New York Tribune.

Ambassador of the Air.

For some time France has had a new diplomatic function, that of ambassador of the air. And for that delicate function, for which not every one is fit, a woman, Mlle. Adrienne Bolland, has been nominated. This intrepid aviatrice was the first, it will be remembered, who flew over the Cordilleras of the Andes. This feat made her famous in South America. This renown incited the French government to accredit Mlle. Bolland to the Republic of Argentina, where she will represent France in all matters concerning aviation. Mlle. Bolland has left for Buenos Ayres, equipped with all diplomatic powers.—New York Tribune.

Last Friday the Alabaster high school baseball team played the Tawas City high school team at the fair grounds. The Alabaster team won by a score of seven to six. Both teams did splendid work.

George Washington's Diary.

A year after his marriage Washington began a formal diary, which he continued until June 10, 1775, the time of his appointment to command the army of the Revolution. He called it his "Diary," and later "Where, and how my time is spent." In it he entered the happenings of the day, his agricultural and other experiments, a record of his guests, and also a detailed account of the weather. Weather seemed to be a hobby with him, and his attention to it in his diary was most particular.

VICTIMS OF MORBID CRAVINGS

"Sensation Mongers" Must Have Excitement, No Matter What the Price They Have to Pay.

The case of anonymous letter writing reported from the French town of Tulle affords a typical illustration of the methods of the "sensation monger." Missives making accusations of infidelity have caused the deaths of two persons in an asylum and brought misery into several homes.

This is precisely the result desired by the writer of the slanders. Making a sensation is the very height of enjoyment among a large number of morbid persons. The human craving for excitement is entirely normal, but in its pathological and criminal manifestations it often leads to tragedy.

The majority of young children delight in sensational mongering. A lie of imagination is the commonest form of juvenile untruth.

A little girl who "sees" bears and wolves in a coppice near her home invents stories of hair-raising sensationalism concerning the fierceness of the animals. Another girl declares she sees big eyes in the stem of an oak tree. A boy, twelve years old, arriving at a boarding school, told his companions of the dormitory that he had flown the first airplane from Buckingham palace and had been personally complimented by the king.—From the Continental Edition of the London Mail.

UNABLE TO CREATE DISEASE

Science Has Demonstrated the Impossibility of the Human Mind Having That Power.

"In one sense it may be said that the human race gets the diseases it deserves; but the sins are those of ignorance and neglect of physical laws rather than against spiritual ordinances," said Sir Richard Gregory in the course of his address at the recent Edinburgh meeting of the British Association for the Advancement of Science.

"Plague is not now explained by supposed iniquities of the Jews or conjunctions of particular planets, but by the presence of an organism conveyed by fleas from rats; malaria and yellow fever are conquered by destroying the breeding places of mosquitoes; typhus fever by getting rid of lice; typhoid by cleanliness; tuberculosis by improved housing, and most like diseases by following the teachings of science concerning them. "Though the mind does undoubtedly influence the resistance of the body to invasion by microbes, it cannot create the scientific organism of any disease, and the responsibility of showing how to keep such germs under control and prevent, therefore, the poverty and distress due to them is a scientific rather than a spiritual duty."

OPENED WORLD OF ANCIENTS

Frenchman in Year 1822 Succeeded in Deciphering Hieroglyphics on Egyptian Monuments.

As there is always a centennial in prospect, we are now about to reach that of Champollion's deciphering of Egyptian writing. The announcement of this discovery was, in fact, made in 1822.

Champollion had spent more than twenty years trying to plumb the secrets of hieroglyphics. He finally found it with the discovery of an inscription in Greek carved in hieroglyphic characters. The word that appeared most often in Greek was the name of Ptolemy, to whom the stone had been raised. Champollion, therefore, searched for the hieroglyphs which corresponded with this word. What signs had the value of "P" and "T" and "O"? In addition to superhuman patience, a genius for divination was called for.

First light came from the letter "I" by comparison with certain signs appearing on a monument to Cleopatra. But this was only one step forward, as Egyptian writing was composed of alphabetical characters, syllabic signs and ideographic as well as determinative symbols.

Thus it is easy to imagine the time required before Champollion opened the world of the ancients to the researches of science—a world which is still more or less of an enigma to the student.—From Le Petit Parisien, Paris.

WAVE OF RELIGIOUS FERVOR

"Revival" Along the East Coast of England Is Most Remarkable of Recent Years.

A religious "revival" has commenced among the fisher people on the east coast, from Grimsby to John o' Groats, says the Manchester Guardian. It is difficult to say where the revival originated, but its effects are most noticeable in the villages on the south of the Moray Firth and the Aberdeenshire coast north of Aberdeen. Observers say the revival is much more extensive than that led in Wales in 1904-5 by Evan Roberts. Prayer meetings, lasting many hours, are held nightly, the mission halls generally being full. The kinemas and public houses are in consequence nearly empty, and some of the former have had to close down. Strangers and fellow villagers are systematically stopped in the streets and asked if they have been saved. Even motorists in some villages are held up by the more fervent. One serious aspect of the revival is its effect on the minds of the people. Already six persons, mostly young men and women, have been removed to hospitals and institutions for the insane, and in the event of the revival continuing much longer this number may, it is feared, swell.

American-Grown Bulbs.

In the future it is not likely that the United States will continue to depend upon Holland for our spring flowering bulbs. This country uses annually about \$2,000,000 worth of Dutch bulbs, and produces scarcely \$25,000 worth in any one year, this despite the fact that few plants are more widely adapted and few crops more easily grown than bulbs. The Federal Department of Agriculture has prepared a very interesting bulletin on bulb culture in the United States which points to rich possibilities in the years to come.

Bulbs can be grown in this country on both the Atlantic and Pacific seaboard and in the Ohio and Mississippi valleys. Some of the hardier and more robust of the narcissus varieties thrive even in the gulf states. Contrary to what would be generally supposed, it is not too cold for tulips and narcissi to succeed as far north as Sitka, Alaska. They thrive along the entire border of the United States, wherever the moisture conditions are suitable.

Learned to Love Japanese.

Major General William Verbeck, former adjutant general, who is president of St. John's school at Manlius, N. Y., lays claim to being the first white boy of American parentage to be born in Japan. His father was a missionary who was attached to the Tokugawa government as an educator, and later helped to establish the Japanese Imperial university. Young Verbeck's playmate and friend was a Japanese boy whom his father helped to bring back from California when he was detained and stranded while in quest of an American education. The boy's name was Korekiyo Takahashi. He is now premier of Japan. "Through this Japanese boy," said General Verbeck, "and my association with his people, I learned to love them and to have the highest respect for their integrity."—New York Evening Post.

Superstition Common.

Book learning and intelligence seem to have nothing to do with belief in charms. In Roman days Sulla would not move a step unless he carried with him his small gold figure of Apollo, which was his amulet. In the present day in New York city a construction engineer of more than local reputation, and the most matter-of-fact type of person possible in most ways, carefully changes from one suit to the other a tiny gold hand that was given to him by an old woman near the front lines in France.

Immense Cold Storage Plant.

Chicago has one cold storage plant which will accommodate 21,000 tons of meat.

Term "Cabaret" Is Old.

"Cabaret" has come to be regarded as a recent addition to the English language—a word which, from its form and pronunciation, is evidently French.

As a matter of fact, the term was originally of Gallic origin, but it is by no means modern, having been widely used in England during the sixteenth century as a synonym for tavern. There was nothing musical about the cabarets of this period, and the only amusement they afforded was that which the travelers furnished.

While used by Bramhall in one of his works published in 1655, it passed out of the language soon after that time and did not return until about the middle of the Eighteenth century. At this time, however, its stay was brief and its popularity limited and, not until the dancing craze struck the world a few years ago, was it resurrected in its present sense.

Not as Bad as It Seemed.

The fierce-looking visitor from Belgium entered the toy shop, and gazed frigidly at the assistant, who hurried to her side.

"I want," she said with a strong accent, "ze naked Edward."

The poor man blushed and thought wildly of his wife.

"Er—um, would you mind saying that again?"

"Ze naked Edward," persisted the customer. "You have them in ze window."

"Great Bath buns," gasped the assistant. "We'll have the police here in a minute! Come outside and show me."

Once outside she pointed excitedly. "Zere you have him—what you call zeTed dy bare."—London Tit-Bits.

Chinese Bezique.

Chinese bezique is booming in the London clubs just now. Chinese bezique is a development of the old game of bezique. It is played with six packs of 32 cards each. The scoring runs into high figures. Bezique and double bezique score as at the old game, 400 and 500, respectively. But it is possible to get treble bezique, which is worth 1,500 points, and quadruple bezique, which counts 4,500. Four aces of trumps score 1,000 points, and the winner of the last trick of the game gets 250 points.

Americans Consume Much Milk.

The average American today is a great milk drinker and consumes twice as much as former generations, according to the Department of Agriculture. The consumption of milk last year was estimated at 44 gallons for each person, not including that used in ice cream, cheese and butter.

DOES NOT UNDERSTAND GIFT

Frenchman Absolutely Without Education is Unable to Explain His Mathematical Problems.

Jacques Inaudi is in Paris. Nightly he demonstrates his extraordinary feats of calculation. He displays at ways the same assurance, the same accuracy, and when, occasionally, he gets too stiff a question, for just a second he presses his hands to his wide forehead before answering—exactly the same gesture he had forty-two years ago when he came to the capital for the first time.

That was in 1880, observes Le Petit Parisien, Paris (translated for the Kansas City Star). Inaudi was then 11 years old. The son of poor Piedmontese peasants, he knew neither how to read nor write, but after a few minutes of the intense abstraction of the savant he could solve the most complex mathematical problem.

Wandering about the world, displaying a trained monkey in cafes for a livelihood, it was a custom to ask his audience to put arithmetical problems to him, and his fantastical ease in solving them finally attracted the attention of a Marseilles merchant, who brought him to Paris.

He completely amazed the scholars and in a few days was celebrated. He could never explain the mechanism of his calculations. He simply possessed the mysterious power with which certain human beings are sometimes gifted. Broca, who measured his skull, found the head abnormally developed on the right side. That was all. Inaudi has remained ever since a marvelous calculating machine, a living prodigy, but has made no new contributions to the progress of mathematics.

CAN SEE GROWTH OF METALS

Interesting Experiments Conducted by Ohio Professor Recently Made Public by Scientific Monthly.

When a piece of iron wire is placed in a solution of potassium ferricyanide (2 to 4 per cent), containing some egg-white or gelatine to act as protective colloid, and a little sodium chloride, delicate blue-green vesicles and tubules of ferrous ferricyanide are quickly formed; the tubules grow out rapidly into the solution, and within half an hour or less the whole wire is covered with a dense filamentous growth resembling blue green algae, writes Prof. Ralph S. Lillie of Nela research laboratory, Cleveland, O., in the Scientific Monthly.

Iron is an especially favorable metal for such experiments apparently because of the presence of numerous local electric couples between different areas of the metallic surface, and filaments several centimeters long are readily obtained. These often exhibit delicate and regular cross-striations and other appearances suggestive of organic structure.

If instead of iron the related metals, cobalt and nickel, are used, a different type of growth is obtained, coarser and more vesicular in structure and with finer tubules; many of the latter follow a characteristic, tortuous or zig-zag course.

Ballet Among Soap Bubbles

Beautiful scenes are common in the motion picture studios, and many mechanical effects are produced which fairly dazzle the eye of the onlooker. As a climax to an unusually gorgeous "set" a director recently called for a dance in the midst of soap bubbles. Accordingly, since a space 20 by 40 feet had been designated to be filled with the frothy substance, a metal sieve of this size was fitted in the floor. A soap solution, made with 200 barrels of the product and mixed in the same manner as plasterers prepare lime, was piped to the porous floor, and steam forced through it. The immediate transition into bubbles began, and these soon rose to a huge scintillating mass, in which the dancers performed, the whole presenting, according to illustration and description in the Popular Mechanics Magazine, a scene of fairy-like splendor.

The Country of Mothers-in-Law.

China until recently was the country of mothers-in-law, where they reigned and used their power to make martyrs of their daughters-in-law. One cannot imagine to what point this ferocious authority was carried. But their good time is nearing an end; the young wives have liberated themselves in the Chinese republic. The feminists of Canton have won a "glorious victory": First—There is no longer any marriage code. Second the wife has the right to keep all she has earned. Third—The divorce laws are the same for the two sexes.

It would be interesting to know what is thought of all this by the old mandarins with crystal or mother-of-pearl buttons.

Forest Fires in Quebec.

The establishment of a permit system whereby all sportsmen, surveyors, trappers, prospectors, lumbermen and others intending to pass over land leased by the provincial government as timber limits, should be obliged to obtain a permit, was one of the subjects discussed at the forestry conference of the Quebec Forestry Protective association, held at Montreal recently.

During the period of 1917 to 1920, 2,300 forest fires in Quebec were attributed to carelessness of sportsmen and workmen. These 2,300 fires swept over approximately 577,000 acres, of which at least 275,000 acres were estimated to be green timber and young growth.

Supervisors' Proceedings

Monday, April 24, 1922

The board of supervisors for the county of Isosco met at the court house in the city of Tawas City in said county on Monday, the 24th day of April, A. D. 1922, pursuant to a call of county clerk and one-third or more of the members.

Board called to order at 10 o'clock by county clerk. Roll call. Present—Supervisors Biggs, Colby, Colvin, Degrow, Dixon, Dickinson, Evans, Friedman, Flynn, Light, Londo, Mielock, Piper, Putnam, Small, Westcott. Quorum present.

On motion carried, Supervisor Putnam was appointed temporary chairman. The clerk then read the call.

Tawas City, Mich., April 17, 1922
Frank E. Dease,
County Clerk.

Dear Sirs:—The undersigned members of the board of supervisors of the county of Isosco hereby petition for a meeting of the board to be called for Monday, the 24th day of April, A. D. 1922, at 10 o'clock a. m. for the purpose of organizing and such other business as may be properly brought before the board at this time.

Signed,
Owen Hales,
R. M. Small,
W. A. Evans,
Chas. J. Dixon,
I. D. Friedman,
E. O. Putnam.

The board then proceeded to the election of a permanent chairman.

Moved by Light, supported by Schroeder, that the chair appoint two tellers. Light and Colvin were appointed.

Supervisors Schroeder and Putnam were nominated. The whole number of votes cast were 17. Of this number Supervisor Schroeder received 13 and Supervisor Putnam 4. Mr. Schroeder having received the majority of all votes cast, was declared elected permanent chairman for the ensuing year. Thereupon Mr. Schroeder took the chair.

The board then proceeded to the election of a chairman pro tem. W. B. Piper was nominated.

As there was only one nominee it was moved by Londo, supported by Friedman, that the rules be suspended and clerk cast the vote of entire board for Mr. Piper. Motion carried. Whole number of votes cast 17, of which number Mr. Piper received 17 and was declared elected chairman pro tem for the ensuing year.

Moved by Putnam, supported by Light, that we take a recess until 1:30 p. m. in order to give the chairman time to appoint the several committees. Motion prevailed.

Afternoon Session

Board called to order at 1:30 p. m. by Chairman Schroeder. Present—Supervisors Biggs, Colby, Colvin, Degrow, Dixon, Dickinson, Evans, Friedman, Flynn, Light, Londo, Mielock, Piper, Putnam, Schaaf, Small, Westcott. Quorum present.

Moved by Piper, supported by Dickinson, that the board take a recess of 15 minutes in order that the chairman may complete his list of committees. Motion prevailed.

Board called to order at 1:45.

HEMLOCK

John Burt was in Tawas on Monday. Leona Kennedy is home from Tawas.

Ervin Smith is a regular caller in Reno.

Mr. Little is in Detroit on business this week.

A number of the men are working on the stone road.

Pete Scandler and son of Lupton were in town Tuesday.

Mr. and Mrs. Ben Bushan have moved onto the M. E. Friedman farm.

Will Brown and family of Tawas spent Sunday with Andrew McIvor.

Five cars of hay from the Hemlock are being loaded at McIvor this week.

D. I. Pearsall of Hale spent Sunday evening with Chas. Brown and family.

Frank Schneider and family of Sherman spent Sunday at the home of W. VanSickle.

Saturday being a nice day, every one took advantage of it and went to Sand Lake.

Mr. and Mrs. Otto Summerville of Prescott were Sunday visitors at Will Summerville's.

Mr. and Mrs. Thomas Frookins of Reno spent Sunday with Mr. and Mrs. Chas. Brown and family.

Misses Blossom Fraser and Lillian VanPatten of East Tawas spent the week end at their homes here.

The stone road was started at the East Branch Monday and the hum of trucks is heard every day now.

Mr. and Mrs. Harry McCrum of Reno spent Sunday evening with his brother, Jim, and family here.

Mr. and Mrs. John Durant moved this week to their own farm. They have been living with their son, Henry.

The Ladies' Aid met at the home of Mrs. Reuben Smith on Wednesday of last week and a very pleasant time was had.

Monday was the opening of trout season and the river was spotted with tents in the brush, ready for the sport.

James Leslie will open up the summer resort at Sand Lake with a big dance on Saturday night, May 6. Jim has electric lights all wired up, which will make a big improvement to the place and give people a chance to look the crowd over.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by Ella Healy of the township of Plainfield, Isosco County, Michigan, to Stella VanCamp, dated the 10th day of January, A. D. 1919, and recorded in the office of the Register of Deeds for the County of Isosco and State of Michigan, on the 4th day of April, A. D. 1919, in Liber 21 of Mortgages, on page 285, the said mortgage was duly assigned on April 21, 1919, to Linda Tuttle, said assignment being duly recorded in the office of the Register of Deeds of Isosco County on May 14, 1919, in Liber 20, page 462, on which mortgage there is claimed to be due at the date of this notice the sum of seven hundred forty dollars and ninety-six cents, and an attorney's fee of twenty-five (\$25) dollars, provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof.

Now, Therefore, By virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the 27th day of May, A. D. 1922, at 10 o'clock in the forenoon, I shall sell at public auction to the highest bidder, at the front door of the court house of Tawas City, County of Isosco, Michigan, (that being the place where the circuit court for said county of Isosco is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage, with seven per cent interest, and all legal costs, together with an attorney's fee of twenty-five (\$25) dollars, as provided by law and as covenanted for therein, the premises being described in said mortgage as follows, to-wit:

The north half (N½) of the southwest quarter (SW¼); and the southeast quarter (SE¼) of the southwest quarter (SW¼) of Section twelve (12), township twenty-three (23) North, range five (5) East, containing 120 acres of land.

Linda Tuttle,
Assignee of said mortgage.

NOTICE OF REVIEW OF SPECIAL ASSESSMENT

For the Improvement of Assessment District Road No. 3 Under Act 59, Public Acts of 1915, as Amended

To all persons interested in said assessment in the Townships of Plainfield and Reno in Isosco county and to the Townships of Plainfield and Reno and to the County of Isosco: Whereas, We as the Board of County Road Commissioners of Isosco County, Michigan, have heretofore determined that the highway commencing at a point, the north section corner common to sections 22 and 23, Town 23 North of Range 5 East, Plainfield Township, Isosco County, thence south on the section line between sections 22-23 and 23-27 and 34-35 to the south section corner common to sections 34 and 35, thence east on the south side of section 35 to the north section corner common to fractional sections 2 and 3, Town 22 North, Range 5 East, Reno Township, Isosco County; thence south on the section line between fractional sections 2 and 3 and sections 10-11 and 14-15 and 22 and 23 to its intersection with trunk line road No. 10 at the south section corner common to sections 22 and 23, said Reno township, shall be improved in accordance with the specifications now on file;

Whereas, we as such Board of County Road Commissioners of Isosco County did heretofore determine the boundaries of the proposed special assessment district No. 3 for said highway, known as assessment district No. 3, to be as follows: Said district includes all lands within the following boundaries in said townships of Plainfield and Reno in Isosco county, to-wit:

Commencing at the ¼ post common to sections 24 and 25, Town 23 North, Range 5 East, Plainfield township, Isosco county; thence north ¾ mile on the north and south ¼ line of section 24 to its intersection of the north east and west ¼ line of section 24, thence west ¾ mile on the north east and west ¼ line of sections 24 and 23 to its intersection of the east north and south ¼ line of section 23; thence north ¾ mile on the east north and south ¼ line of sections 23 and 14 to its intersection of the south east and west ¼ line of section 14; thence west 1½ miles on the south east and west ¼ line of sections 14 and 15 to its intersection of the west north and south ¼ line of section 15; thence south ½ mile on the west north and south ¼ line of sections 15 and 22 to its intersection of the north east and west ¼ line of section 22; thence west ¾ mile on the north east and west ¼ line of sections 22 and 21 to its intersection of the north and south ¼ line of section 21; thence south 2¾ miles on the north and south ¼ line of sections 21-22 and section 33 to the ¼ post on the south side of section 33 to the ¼ post on the north side of fractional section 4, Town 22 North, Range 5 East, Reno township, Isosco county; thence south 3¾ miles on the north

and south ¼ line of fractional section 4 and sections 9-14 and 21 to its intersection of the south east and west ¼ line of section 21; thence east ¾ mile on the south east and west ¼ line of sections 21 and 22 to its intersection of the west north and south ¼ line of section 22, thence south ½ mile on the west north and south ¼ line of sections 22 and 27 to its intersection of the north east and west ¼ line of section 27; thence east 1½ miles on the north east and west ¼ line of sections 27 and 26 to its intersection of the east north and south ¼ line of section 26; thence north ½ mile on the east north and south ¼ line of sections 26 and 23 to its intersection of the south east and west ¼ line of section 23; thence east ¾ mile on the south east and west ¼ line of sections 23 and 24 to its intersection of the north and south ¼ line of section 24; thence north 3¾ miles on the north and south ¼ line of sections 24-13-12 and fractional section 1 to the ¼ post on the north side of fractional section 1; thence west on the north side of fractional section 1 to the ¼ post on the south side of section 36, Town 23 North, Range 5 East, Plainfield township, Isosco county; thence north 2 miles on the north and south ¼ line of sections 36 and 25 to the ¼ post common to sections 24 and 25, the place of beginning.

All lands in the townships of Plainfield and Reno and Isosco county within the boundaries above described will be liable to an assessment for benefit for the improvement of said highway, and also the townships of Plainfield and Reno and the county of Isosco at large.

Now, therefore, all owners of lands within the above described boundaries in the townships of Plainfield and Reno and Isosco county, and all persons interested in said lands, and the townships of Plainfield and Reno and Isosco county, are hereby notified that on the 20th day of May, A. D. 1922, at 10:30 a. m. we will be present at the Reno township hall at corners common to sections 14-15-22-23, Town 22 North, Range 5 East, Reno township, along the said highway to be improved and announce our assessment of benefits upon the lands within the said boundaries constituting the said special assessment district and upon the townships of Plainfield and Reno and the county of Isosco at large and the said assessment of benefits will be open to review. All persons, townships or county may appear and be heard with respect to their several apportionments of benefits for said highway.

Given under our hand at Tawas City, Mich., this 29th day of April, A. D. 1922.

The Bishop's Error.

The bishop was very tired. There were an unprecedented number of candidates for confirmation, and the church grew hotter and hotter. At last, when he was nearing the end of his labors, a baldheaded man knelt down in front of him. The bishop, suppressing a yawn, put both his hands on the shining head and muttered, "I declare this stone to be well and truly laid."

Renew your linoleum with

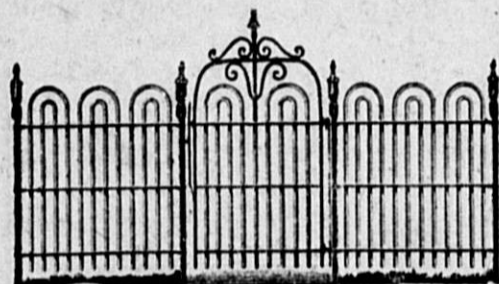

Wherever you have linoleum, conglomeration, or oilcloth in your home varnish it with Valspar after it has been on the floor three or four months.

The Valspar will brighten it up and make it last a great deal longer.

Valspar is absolutely water-proof and can be washed freely with soap and warm water. It is easy to apply and dries over night.

Get a can and give your linoleum two coats, allowing the first coat to harden at least a week before applying the second.

Little Lawrence VanWormer had his left hand terribly injured by the explosion of a dynamite cap on Tuesday. The little fellow had found the cap and not knowing the danger was trying to drive a nail through it when the explosion took place. He was taken to Tawas to have the wound dressed. It was found necessary to amputate the thumb and part of three fingers. While the hand was badly torn they hope to be able to save it.

Death of Mrs. Sarah Thornton

After many months of suffering, Mrs. Sarah Thornton passed to the Great Beyond last Thursday afternoon at four o'clock. Her illness started more than a year ago, and she spent several months during the winter with her son, Percy Thornton, at Tawas City, hoping that the change and medical treatment would benefit her.

She returned home in February and grew rapidly worse after a severe attack of lagrippe. She bore her suffering patiently, but death was a release from pain and opened the door to a better world. She was a true Christian, a good friend and neighbor, always ready to help where assistance was needed, and a kind and loving mother. She had been a member of the M. E. Sunday school and church for many years.

Sarah M. Richardson was born in Whiteford township, Monroe county, Mich., March 17, 1872, and departed this life April 27, 1922, aged fifty years, one month and ten days.

She was united in marriage to Edgar Thornton on Dec. 24, 1889. To this union four sons and two daughters were born, all of whom with the husband, survive her. She also leaves to mourn her loss her aged mother, three brothers and a host of friends.

She, with her husband and family, moved from Monroe county to Hale in 1904, where they have since made their home.

The funeral services were held last Sunday afternoon from the M. E. church, Rev. Hughes officiating. The floral offerings were many and beautiful. Interment was made in Evergreen cemetery.

Card of Thanks

We wish to express our thanks to our friends and neighbors for their kindness in so many ways, their sympathy and the beautiful floral offerings in our late bereavement, the death of our dear wife and mother.

M. E. Church Notes

The church with the Big Heart and the Big Sing.

The crowds attending our Sunday evening services prove the popularity of Rev. Hughes' dramatic book sermons. By request, he uses the book, "Ben Hur" as his subject next Sunday evening.

You can't afford to miss the Big Sing at League next Sunday evening, 6:30 is the hour. Be on time. Vina Morrison leads the meeting. The topic is "Growing Character—the Seed." A solo by Miss Ida Putnam will be a feature of the program.

Four new members were recently added to our church.

Eugene Glendon leads the Junior League next Tuesday. A contest of Bible verses will be enjoyed at this meeting.

The parsonage entertains the prayer meeting folks next Tuesday evening. Watch for announcement of our

MILLS STATION

Mothers' Day program to be given on Sunday morning, May 14. 'Twill be an unusual and very beautiful service. Plan to be present.

United effort and sustained enthusiasm are making our Sunday school strong and helpful. We have a teacher and a class glad to welcome you.

LETTING HEAD SAVE HEELS IN KITCHEN

A housewife will waste time and expend much valuable energy, in spite of all the labor saving devices on the market, if she has a poor arrangement of sink, stove, work table and light in her kitchen. Nothing is more important than correct placing of these items of kitchen furniture. If one would bring efficiency and economy into the household routine.

Often, in kitchens built a number of years ago, the position of the stove cannot be changed, but its height can be changed. Why stoop over your stove if you are tall? Few stoves are too high, but a low stove can be easily elevated. Thirty-nine inches has been found to be the average height which would suit the average woman.

A simple extension of the electric light cord can make all the difference in the world in lighting convenience, if a sufficient number of hooks are placed at different intervals about the room. There is no use working with your shadow on your work. The table can be adjusted even more easily than the stove, and if equipped with rollers and a stool also fitted with rollers time and wearisome labor can be cut amazingly.

Then since you have to work with certain tools, keep them in good condition. For fifty cents you can buy a splendid knife sharpener which will keep your paring knives at the height of usefulness. See to it that the knives themselves are fitted with handles which fit the hand and are of rust proof material. A dish drainer—have you ever tried one?—will prove one of the greatest boons you ever had. You can buy one for a mere trifle and save dollars in time and energy by the process of scalding the dishes and leaving them to dry themselves. Steel wool solves the problem of wrestling with food burned into your pans—a whole box full for 15 cents, too, or for the same price, a mystic mitt, which will answer the same purpose and save the hands as well.

Last, but not least, a fireless cooker. Friend husband can make one. Very good makes are on the market, too, but ready made or home made, see to it that one is in your kitchen, and you will have paved the way for many extra hours.

Variety in the Diet.

Today dieticians tell us that variety is as important in our diet as is food quality, and, fortunately, this can easily be supplied in spite of the higher food prices today. Variety in food is not a luxury, as it once was, thanks to our national food purveyors. Think of the great opportunities that scientific canning offers to the home manager—of the ready-to-serve meat products, of sea foods distributed to every part of the country, and tropical fruits and vegetables brought to us when the snow flies.

There's many a gal who ought to wear beauty spots on her gaiters.

DOES COUNTY PUBLIC HEALTH NURSE PAY HER OWN WAY?

It is an accepted fact that about ten per cent of the children in Michigan's public schools, as in the schools of other states, are "repeaters," that is, children who take more than one year to make a grade. A county that has a school child population of 20,000, has approximately 2,000 repeaters. It is known that the most important reasons for this repeating are teeth, tonsils and adenoids, with tuberculosis and other defects as other causes. By medical inspection in the schools and by the employment of a county public health nurse the number of repeaters can be cut down considerably in any county. That this can be done is known because it has been done in some counties, says the Michigan Tuberculosis Association.

It costs at least fifty dollars a year for each pupil in school. Any county medical inspection and nursing service that by taking the necessary steps for cuts down the number of repeaters by one-fourth, or 500 in a county of 20,000 pupils thereby saves the net sum of \$25,000, which is vastly more than the cost of the service. A county public health nurse that cuts down repeaters by so small a number as 50 thereby more than saves the county her salary.

A movement is in progress in Michigan to have a public health nurse supported by the funds of the county appointed in thirty additional counties in Michigan. There are at present 12 county health nurses supported by public taxes, and the 30 proposed additional nurses will help materially to improve health conditions in Michigan. Appointing a public health nurse in a county is not a matter of philanthropy, according to the Michigan Tuberculosis Association, but a matter of hard-headed business sense.

Rattan Furniture.

Many people imagine that rattan and willow furniture are the same. Rattan, however, is the Chinese importation, brought direct from Singapore, and is susceptible of bending double without even cracking. It possesses, besides, great firmness and strength. Rattan is therefore used for such articles as baskets and lighter ornamental furniture. Each wood has its use, the rattan being better adapted for working up into intricate designs, so eagerly sought in modern artistic furniture.

Device Saves Lives of Birds.

Any one who has watched a moth circling round a candle will have noticed that the intensity of the fascination does not prevent the moth from coming at intervals to rest on the rim of the candlestick. In the same way naturalists have discovered that if perches are fixed around the lighthouse beacon a little below the strongest beams the birds will use them as resting places. In Holland these perches are now employed with gratifying success.

Ancient Superstition.

The ancient Egyptians believed that epidemics were brought by flying serpents. In consequence they paid great homage to the ibis, a bird which gave useful service by destroying snakes.

MORTGAGE SALE

Default having been made in the conditions of a certain mortgage made by William M. McCaskey and Lovetta McCaskey, his wife, of Tawas City, Mich., to Moses E. Friedman, dated the 26th day of December, A. D. 1919, and recorded in the office of the Register of Deeds for the county of Iosco and state of Michigan, on the 27th day of December, A. D. 1919, in Liber 22 of mortgages, on page 232, on which mortgage there is claimed to be due at the date of this notice the sum of eight hundred sixty-five dollars and thirty-three cents, and an attorney's fee of twenty-five dollars, provided for by statute, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof;

Now, Therefore, By virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, notice is hereby given that on Saturday, the third day of June, A. D. 1922, at 10 o'clock in the forenoon, I shall sell at Public Auction to the highest bidder, at the front door of the court house in the city of Tawas City (that being the place where the circuit court for said county of Iosco is held) the premises described in said mortgage, or so much thereof as may be necessary to pay the amount due on said mortgage with six per cent interest, and all legal costs, together with an attorney's fee of twenty-five dollars, as provided by law and as covenanted for therein, the premises being described in said mortgage as follows, to-wit:

The east half (E½) of the east half (E½) of northwest quarter Section two, township twenty-one (21) north, range seven (7) east, excepting that portion held as right of way by the Detroit & Mackinac Ry. Co. and the Eastern Michigan Power Co.

Moses E. Friedman, Mortgagee.

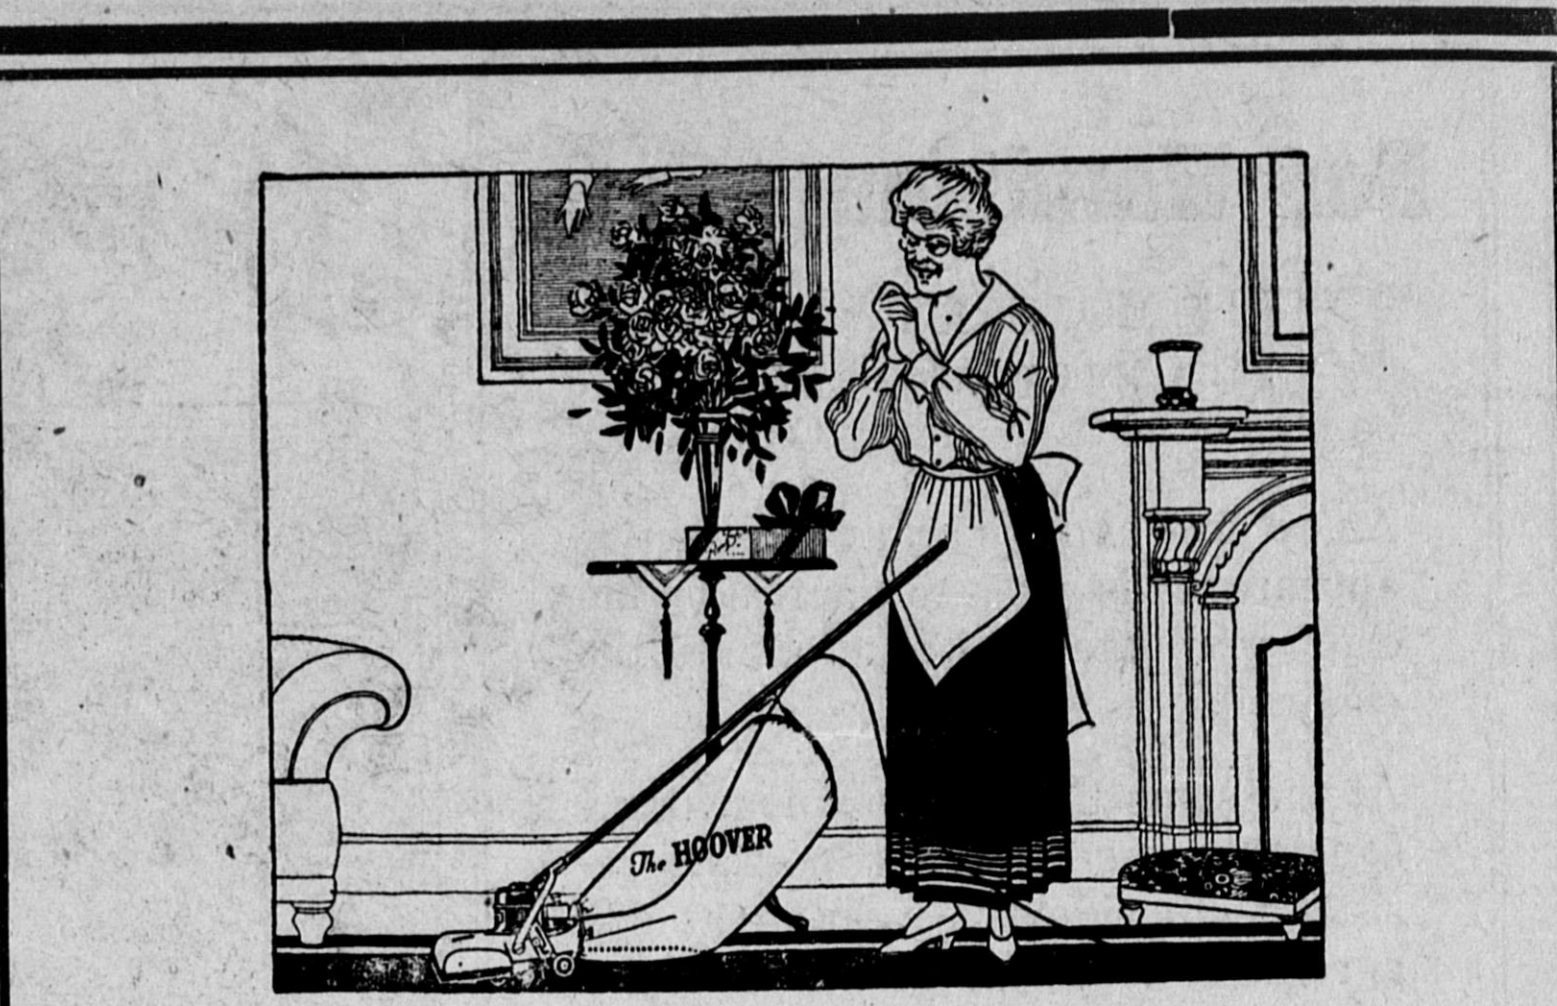

John A. Stewart, Attorney for Mortgagee.
