### Special Meetings Close

The special evangelistic meetings that have been in progress in the big tent in Whittemore conducted by Evangelists Zoller and Young, field workers of the Methodist Episcopal church, will close Sunday evening, Aug. 13. The following is the program from Friday until the close:

Friday evening Rev. Zoller will speak on the subject "The Relation of the Christian to the Card Table and the Dance." Young people are invited from nearby communities.

Saturday afternoon at two o'clock Rev. Zoller will give a Chautauque lecture entitled "What Next?" Come and bring your friends. There will be a great service in the evening for it will be people's night.

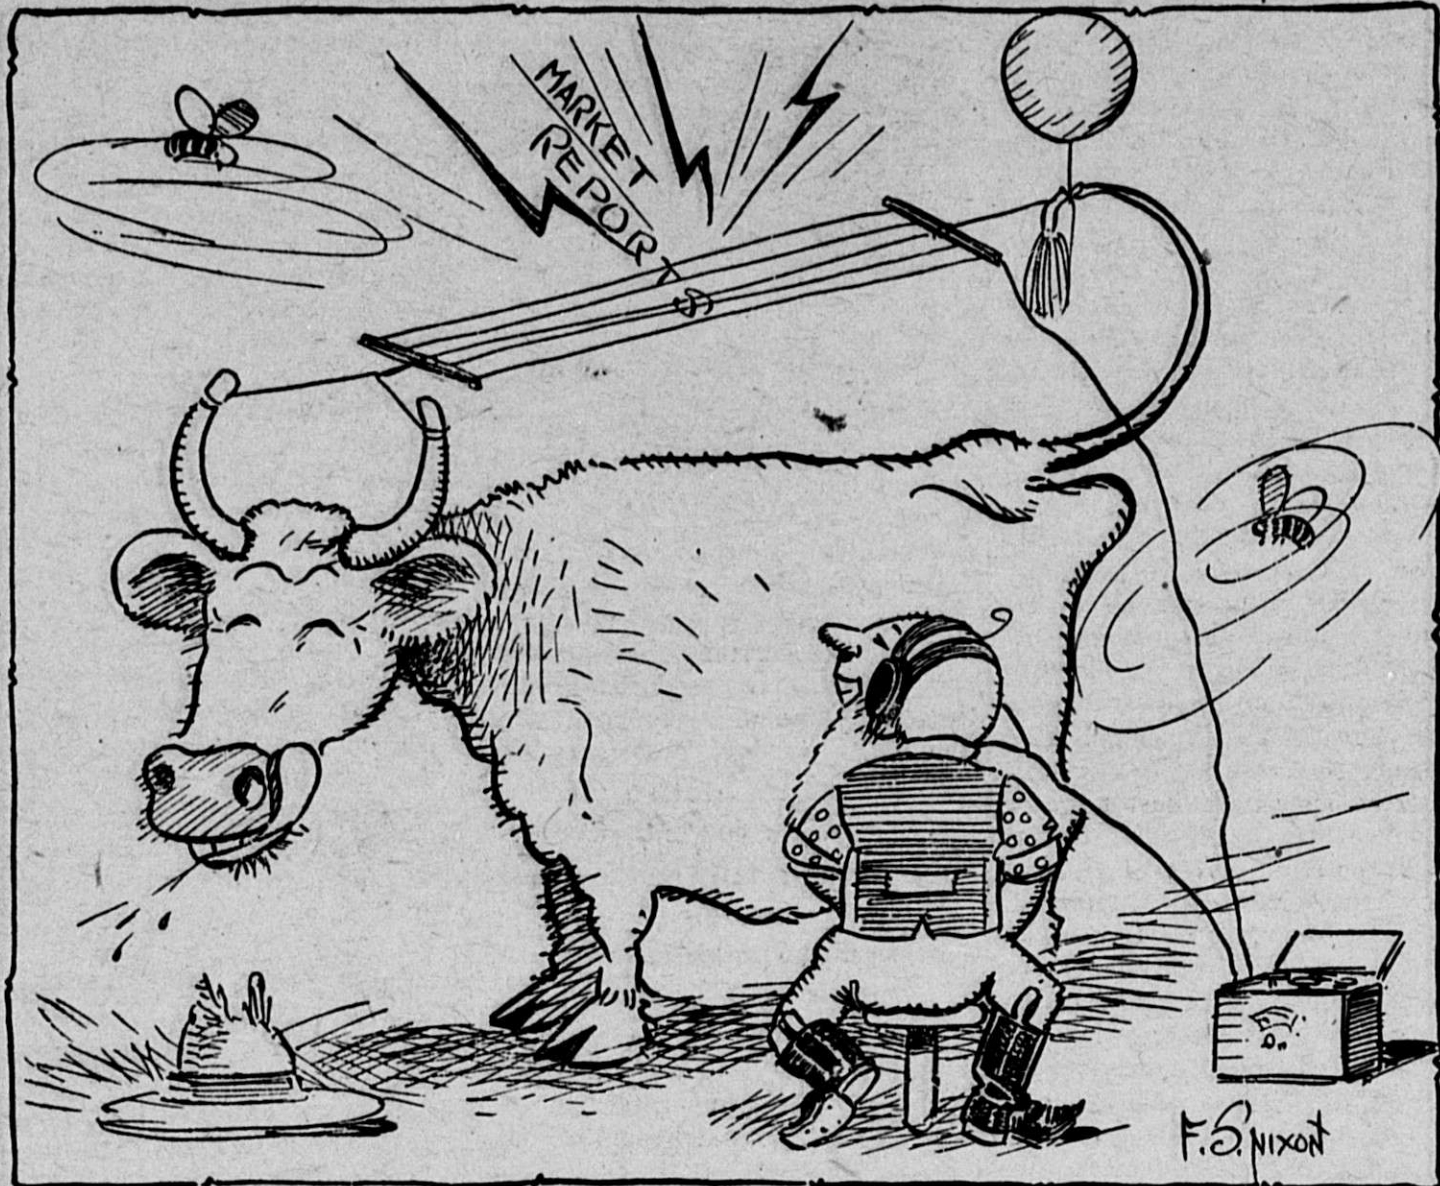

Sunday will be the big day. Sunday school at ten o'clock, service at eleven. There will be reception of members and a communion service following the sermon, after which we will have a community dinner in the big tent. Everybody is invited. Come and bring your dinner with you and stay for the day.

Sunday afternoon at three o'clock there will be baptismal services by immersion in the river on the latter farm north of Whittemore. The sermon will be given in the grove and this service will follow. The closing service of the series will be held in the evening.

Next week, beginning Tuesday, an institute will be held for all at Sand Lake. There will be a sunrise prayer and praise service, a Bible study hour conducted by Rev. Young at eleven o'clock each day. Vesper service conducted by different leaders at sundown, with a sermon each night by Evangelist Zoller. Come and bring your tent and stay for the week. It will be a season of refreshing.

Samuel Evans, Pastor, Whittemore, Mich.

## Station C-O-W at Michigan State Fair

G. W. Dickinson, secretary and manager of the Michigan State Fair, recently spoke from Station WCX at Detroit. So interested did Mr. Dickinson become in radio telephony that one of his artist friends drew this cartoon for him. Radio will be one of the featured exhibitions at the State Fair, September 1-10

### A SAD ACCIDENT IN RENO TOWNSHIP

The most terrible accident in the history of Reno occurred Saturday morning when the home of Mr. and Mrs. Mason was completely destroyed by fire. Mr. Mason had lighted the fire and aroused the household as usual and then gone to the pasture for the cattle. As he turned to come back he saw the flames and by the time he reached the spot the house was in ruins.

The appalling part was the death of Mrs. Mason, who, prompted by mother love returned to the burning building, thinking her three year old daughter, Eleanor was still there, though the little one had been rescued by her elder sister. Mrs. Mason was found by her husband sitting on the grass a short distance away and was entirely nude, her clothing having been burned completely from her body. By her request she was taken to the home of Mr. and Mrs. Frockins Drs. Smith of Whittemore and Weed of East Tawas accompanied by the D. & M. nurse, arrived as soon as possible and all that medical skill and loving hands could do was done, but to no avail and the last ray of hope vanished when she expired on the way to the hospital eight hours after the fire.

Frank Brown, an employe at the home, was also seriously burned in his efforts to assist Mrs. Mason. He was taken to the hospital at Rose City on Monday for medical treatment. Earl Mason fortunately escaped by throwing his clothes through the window and then jumping out. Bertha Mason has several burns about her head and face, but was successful in getting her little sister, Eleanor, out safe.

### PINK DRAIN LET

The Pink drain contract was let July 27 for a little less than \$48,000, including bridges and 5 per cent for contingent expenses. This is the drain over which so much litigation was started by agitators who caused rumors to be spread broadcast to the effect that the construction thereof would cost anywhere between \$200,000 and \$500,000, and some bright mathematician even fixed a million dollars as its probable cost.

In contrast to these figures \$48,000 with ten years in which to pay it is a mere bagatelle and not confiscatory as some would have us think. —Con.

### WOMEN'S REPUBLICAN CLUB ELECTS OFFICERS

At the meeting of the Iosco County Women's Republican club held at the court house Monday afternoon, the following officers were elected for the ensuing year:  
President—Miss Edna M. Otis.  
First Vice-President—Mrs. John Baguley.  
Second Vice-President—Mrs. G. A. Prescott, jr.  
Secretary—Mrs. W. H. Price  
Treasurer—Mrs. W. J. Robinson.  
The club is planning on some active work before the primary election in showing the women of the county that it is their duty to get out and help nominate the right candidates. This is a very commendable work, as it is just as important to vote at the primaries as at the regular election in November.

### SHIP WITH CAPACITY OF 400 EIGHT-ROOM HOUSES

The world's largest ship, the Majestic, a huge passenger liner of 56,000 tons, now in her first season, offers a basis for some interesting comparisons on the development of shipbuilding.

Ordinary folks on shore find it hard to realize the size of this last and greatest addition to the world's fleets. She is five times as large as the average big ocean steamship of over 20 years ago, and 46 times the size of the liners of 80 years ago, while her tonnage is as great as that of all the 132 ships in the historic Spanish Armada of 1588. Her interior space equals that of 400 ordinary 8-room houses, and she has 1245 staterooms, besides huge public rooms two stories high. Her length is 956 feet, her breadth 100 feet, and she is 102 feet deep from the captain's bridge to the keel.

### AFRICAN GIANTS

There are many giants in Africa nine feet high. Some of them weigh 300 pounds and are strong enough to kill a panther at one blow. Perhaps you think such big fellows must be clumsy but they are not. They can run faster than any horse, springing twelve to fourteen feet at a leap. This sounds like a fairy story, but not so when you hear that these African giants are—ostriches.

### "GUARD AGAINST DIPHTHERIA"

The opening of schools and the resultant outbreaks of diphtheria, measles, scarlet fever and other communicable diseases gives the state department of health much concern every year. With the resumption of classes less than a month distant, health authorities are redoubling their efforts to prevent diphtheria, the most serious of school time diseases.

Immunization of all school children, all pre-school children and all babies over one year is recommended by Dr. R. M. Olin, state health commissioner. "We have previously urged the Schick testing of school children to determine the susceptible child, and there is no question of the value of the Schick test, but immunization of every child is a quicker and surer process," Dr. Olin says. "At this season we are placing more emphasis on the school child. Have the family physician immunize the children before they are sent to school."

General use of antitoxin will cut the total of diphtheria deaths to one-sixth of the number that occurred before antitoxin was used. The state department of health laboratory is prepared to furnish unlimited amounts of antitoxin to the 500 or more authorized stations for free distribution.

"Michigan has suffered more deaths from diphtheria in recent years than any other state in the union or country in the world, and indications point to a continuance of the scourge unless individuals and communities avail themselves of the known methods of preventing diphtheria and restricting the disease once it appears in a locality," Dr. Olin declares.

### RUNNING RACES AT N. E. MICHIGAN FAIR

J. H. Rutherford, secretary of the Northeast Michigan fair at Bay City, has arranged for an entire program of running races for this year. The harness horses will be eliminated entirely and the same horses that are entered at the state fair will be seen on the Bay City track on Monday, Tuesday, Wednesday and Thursday of fair week, the last four days in August and the first of September.

Immediately after the yearly meeting of the fair secretaries in Detroit last January, W. J. Dowling of the Owosso fair started the organizing of a circuit of fairs to bring the runners into Michigan. The circuit includes Owosso, Bay City, Detroit, Jackson, and Grand Rapids. These fairs follow each other in succession and with five weeks racing it was possible to secure a large number of horses and the outlook is favorable for the racing fans to witness some of the most spirited events ever pulled off on the Bay City track.

### KARNIVAL NOTES

The East Tawas water carnival and home coming opened Sunday night with a community church service at the Community building. Rev. Gallagher of Bay City was the speaker of the evening. A few songs by the congregation and two solos were given by Miss Thelma Stealy and Roy Applin. The building was packed to capacity.

On Tuesday a large crowd of people enjoyed the barbecue that was held on the bay shore.

Wednesday was Alpena day and a large crowd of Alpena people visited in the city. The Alpena band came down with them and furnished a little more pleasing music than the street carnival band. In the afternoon a ball game was played at the D. & M. park between Hillman and Alpena. Hillman won by a ninth inning rally, score 7 to 6.

Thursday was Bay City day and the D. & M. put on an excursion train to accommodate the visitors. The 32nd Regiment band of Bay City made the trip with the Bay City people.

### MANUFACTURERS NOW USING APPLES TO LAST SEED

The thoroughness with which the apple is now yoked over and utilized by some manufacturers makes it comparable with the packing house pig that leaves only a futile squeal. The apple is not transformed into such a variety of products as the pig, but all are useful, and when the last of the series has been made hardly a smell is left.

In many of the apple using factories the apples are first pressed to produce cider, which may be sold as such or may be manufactured into vinegar. After thorough pressing the pomace is treated with hot water to remove the pectin, which, after purification, is sold in either liquid or solid form to manufacturers of jellies and similar products and to housewives. The much-wasted and squeezed residue is dried, ground and sold as cattle feed.

**8,000 HIKING CLUBS  
 IN GREATER NEW YORK**

**They Swing Along Highways and  
 Through Woods in Groups  
 of Varying Size.**

New York.—One must walk now-  
 days to be in the swim. Statistics  
 gleaned from the out-door departments  
 of the newspapers, from the Boy Scout  
 and Campfire Girls' organizations,  
 from the Y. M. C. A. branches and  
 kindred bodies, from scores of amateur  
 athletic clubs and from the leading  
 dealers in sporting goods, indicate that

"Best Walkers Make Best Citizens,"  
 Says Mayor of New York.

today there are no less than 8,000  
 hiking clubs in Greater New York,  
 with a total membership of more than  
 a quarter of a million men and  
 women, who are keeping themselves in  
 the pink of condition and experiencing  
 the real joy of living by getting regularly  
 out into the open country with no other  
 means of locomotion than their God-  
 given legs.

The city of New York has taken offi-  
 cial notice of the movement. On three  
 occasions recently Mayor Hylan has  
 congratulated the boys and girls of the  
 public schools upon their enthusiasm  
 in taking up the new sport of hiking.  
 In his dedication of the great new pub-  
 lic playground in the Bronx the other  
 day Mayor Hylan extolled the athletic  
 tendencies of the boys and girls and  
 impressed upon them that there was  
 no better or more profitable way in  
 which they could pass their vacations  
 and utilize their holidays than by the  
 excursions into field and forest of their  
 walking clubs. He gave the same  
 message to the Amateur Athletic Union  
 of Brooklyn a few days later, and  
 when a club of East Side boys and girls  
 visited him at city hall preparatory to  
 a hike to the tomb of Roosevelt at  
 Oyster Bay he assured them that the  
 best walkers among them would make  
 the best citizens.

**Walk and Be Well**

No less enthusiastic a champion of  
 the walking game is Dr. Royal S.  
 Copeland, city health commissioner.  
 "The benefit to health and the safe-  
 guard to morals to be found in long  
 walks," said Dr. Copeland in an in-  
 terview, "are too apparent to speak  
 of them. If one takes long walks alone  
 it is well, for he walks the road of  
 health, but if he takes long walks in  
 company it is better for he adds the  
 tonic of companionship to his exercise.  
 Walking is the one form of exercise in  
 which there is the minimum risk of  
 overdoing it. In short, I consider  
 walking the most beneficial of all exer-  
 cises and it is never out of season."

"Never in my life-time," said Ed-  
 ward R. Wilbur, manager of a nation-  
 ally known sporting goods store, "have  
 I known such a demand as now for out-  
 door garments and shoes and stock-  
 ings and appliances for the tourist's  
 funcheon box. The rapid spread and  
 tremendous popularity of the walking-  
 club idea has no parallel in our ex-  
 perience."

"The hiker can make his requisite  
 just what he feels like spending. Real-  
 ly, there are only two or three articles  
 indispensable to hiking—thick walking  
 shoes that allow lots of room, thick  
 woolen socks and clothing that will  
 give freedom of limb. He should have  
 a canvas or leather musette bag, such  
 as the soldiers used in France.

**The Cow in the Knapsack**

"To get the real benefit and joy out  
 of hiking luncheon should be carried  
 and prepared and eaten in the open.  
 Bread and cheese, a few slices of  
 bacon, some coffee, a can of condensed  
 milk, and a cake of chocolate fur-  
 nish high-powered fuel for the hiker  
 and are readily and happily assimilated  
 even by those who in their pre-  
 hiking days were afflicted with dis-  
 gestive apparatus so feeble as to balk  
 at crackers and milk. Fortunately for  
 the hiker, he can replenish his simple  
 larder at any cross-roads store and  
 provide himself with the most nutri-  
 tious and appetizing food in a form  
 that can be conveniently carried."

"No single development in the prob-  
 lem of food transportation for the  
 hunter, fisherman, hiker and all lovers  
 of the out-of-doors can compare with  
 the gift bestowed by the man who  
 first found the way to make con-  
 densed milk, thereby putting a dairy  
 in every man's knapsack. Before long  
 there will be a national association of  
 hikers, and Gall Borden will be its pa-  
 tron saint. Such an association could do  
 much to encourage the spread of the  
 most beneficial and universal of all  
 outdoor pastimes, map out interesting  
 routes, secure the establishment of  
 shelters, rest-stations, and camp sites  
 at suitable locations, and insure the  
 rights of pedestrians on country  
 roads."

**PRIMARY ELECTION**  
To the Qualified Electors of the City of Tawas City, State of Michigan:  
Notice is hereby given that a General Primary Election will be held in said city on  
**Tuesday, Sept. 12, 1922**  
at the City Hall, that being the location for holding this election for said city, for the purpose of placing in nomination by all political parties participating therein, candidates for the following offices, viz:  
Senatorial—One candidate for United States Senator.  
State—One candidate for Governor; one candidate for Lieutenant Governor.  
Congressional—One candidate for representative in congress for the congressional district of which said city forms a part.  
Legislative—One candidate for Senator in the state legislature for the senatorial district of which said city forms a part; one candidate for representative in the state legislature for the legislative district of which said city forms a part.  
County—Also candidates for the following county offices, viz: Sheriff, County Clerk, County Treasurer, Register of Deeds, Prosecuting Attorney, Circuit Court Commissioner, County Drain Commissioner, one Surveyor, two Coroners.  
Delegates to County Conventions  
Sec. 18. There shall also be elected at said primary, by direct vote of the registered and qualified voters of each political party in said county, as many delegates in each township, ward or precinct, as the case may be, as such political party in such township, ward or precinct shall be entitled to by the call issued by the county committee of such political party for the county convention thereafter to be held by such political party within said county in that year for the pur-

pose of electing delegates to the state convention called for the purpose of nominating candidates for state offices to be voted for at the November election. In case of any vacancy in any delegation from any election precinct, township or ward, to the county convention, such vacancy shall be filled by the delegates present from the township or ward in which the vacancy occurs. The state central committee of each political party shall, at least thirty days before the September primary herein provided for, cause to be forwarded by mail to the chairman of the county committee of such party a copy of the call for the state convention showing the number of delegates to which such county shall be entitled in the state convention of such party; and the said state central committee shall apportion such delegates to the several counties in proportion and according to the number of votes cast for the candidate of such party for secretary of state in each of said counties, respectively, at the last preceding November election. The name of the candidate for delegate to the county convention shall not be printed upon the official primary election ballot, but one or more such names may be placed on such ballot by printed slips pasted thereon by the voter, or the names may be written in. The county committee shall in its call for the county convention indicate whether delegates are to be selected by precincts or by wards. In cities having no wards or only one ward, the delegates to which such cities are entitled shall be elected from the entire city, or by election precincts as the county committee in its call for the county convention shall indicate. The chairman of the township, ward or city committee, as the case may be, shall notify by mail each person elected as a delegate to the county convention of his party.  
Suggestions Relative to Voting  
Separate ballots for each political party will be provided. The elector must name the political party of his choice when asking for a ballot and in marking his ballot must make a cross in the square to the left of the name of each elector for whom he desires to vote, and can vote for only one candidate except where two candidates are to be elected, in which case he should vote for two.  
Relative to Registration—Please note that all provisions of the primary law are done away with, and if you are not already registered in the precinct where you reside, you must register under the provisions of law as set forth in the registration notices posted in connection with this notice of primary election.  
The polls of said election will open at 7 o'clock a. m. and will remain open until 5 o'clock p. m. of said day of election.

Victor St. James of Whittemore was in town Monday.  
Roy Smith left Monday for Reno to work on the stone road.  
Herb Shaw of Whittemore spent Sunday at H. Herriman's.  
Leslie Belknap of Tawas City was here on business last Saturday.  
Some from here attended the home coming at East Tawas this week.  
Miss Blossom Fraser came home from summer school last Saturday.  
Will White and George McDougald of Reno were in town Saturday.  
Charlie Katterman was at Tawas last Friday having some dental work done.  
Mr. and Mrs. W. E. Smith of Mio took Sunday dinner at Andrew McIvor's.  
Mr. and Mrs. Reuben Smith are entertaining her sister and husband of Lansing this week.  
W. VanSickle and son, Stanley, and daughter, Emma, were at Saginaw a few days last week.  
Vern Papple moved his family on Tuesday last to Mr. Bentley's ranch in Reno, where he is employed.  
Gordon Culham of Saskatchewan, Canada, visited at the home of Reuben Smith the last of the week.  
Mr. and Mrs. L. H. Chestres of Midland are spending a few days at Sand Lake with Mr. and Mrs. Jas. Leslie.  
Violet Brown has returned to her home in Tawas City after a week's visit with her aunt and uncle, Mr. and Mrs. Andrews.  
Our community was shocked and grieved last Saturday when it was learned of the fire and death of Mrs. Thos. Mason of Reno township. A number from here attended the funeral on Monday.  
William Herriman left Friday for an auto trip to Lansing, Detroit and Canada. He was accompanied as far as Lansing by Chester Smith and was joined at Detroit by his brother, Clarence, who has been attending summer school, and who will make the trip through Canada with him.  
We forgot to mention last week that about 35 friends gathered at the home of Mr. and Mrs. Charlie Katterman on Friday evening, July 28, and a very enjoyable time was had with music and dancing, after which a dandy lunch was served. Everyone had a very pleasant time.

**MORTGAGE SALE**  
By reason of default in the payment and terms of a certain mortgage made by Clarence F. VanWormer and wife Bernice VanWormer, dated March 31, 1917, to Percy R. Howe, and recorded April 25, 1917, in the Register of Deeds' office for Isosco county in Liber 22 of mortgages at page 183, upon which there is claimed to be due at the present time for principal and interest, the sum of Twelve hundred thirty dollars and no proceeding of any kind having been taken to recover said debt secured by said mortgage. Notice is hereby given that said mortgage will be foreclosed by a sale of the said mortgaged premises at public auction or vendue to the highest bidder therefor, on Saturday, the 2nd day of September, 1922, at nine o'clock in the forenoon of said day, at the front door of the court house in Tawas City, Michigan (that being the place of holding the circuit court for Isosco county).

# DETROIT NEWS and DETROIT JOURNAL

## NOW CONSOLIDATED

Previous to the consolidation of The Detroit Journal with The Detroit News, the latter paper was giving its readers the best news and features possible for any one paper to obtain. For a long time The Detroit News had been serving the public through the best news sources available. No other paper in Michigan had at one time The Associated Press, Chicago News Cable Service, The United News, The United Press and International News serving it. In addition to these sources of information The Detroit News has its own correspondents in London, Berlin, Washington, Lansing, New York and practically every town in Michigan.

Now The Detroit News is the only evening paper in Detroit having Associated Press service—the most accurate and thorough news service in the world. The News has also acquired many excellent features which formerly were published exclusively in the Journal. For the very best in journalism read The Detroit News.

### To the Excellent Detroit News Features Are Added the Following JOURNAL FEATURES

**A Full Page of Comics**  
To the great comic cartoon page already appearing in The News will be added the comic strips by FONTAINE FOX, HERBERT JOHNSON, and PETEY by C. A. Voigt, SOMEBODY'S STENOGRAPHER by Hayward, HOME SWEET HOME by H. J. Tuthill.

**A Full Page of Pictures**  
The most interesting page of pictures possible to obtain in the United States. Practically every good picture service in the country.

**Fiction**  
"OUT OF NOWHERE"—The great continued serial of love, mystery and adventure of a beautiful model. A synopsis of the story will appear tomorrow. Read it. By Ruby M. Ayers.  
MARRIED LIFE OF HELEN AND WARREN—One of the most popular serials ever written, will be published every Sunday in The Detroit News.

**Features and Special Columns**  
Dr. Brady's Health Talks—Hints on how to keep well and happy.  
Daily Horoscope—A column of interesting items telling what is likely to happen on the next day.  
New York Day by Day—What is going on in Gotham, told entertainingly by O. O. McIntyre.

"Always in the Lead"

HALE AND VICINITY

Mrs. Wm. Allen and children returned Monday from a two weeks visit in Detroit.

Mr. and Mrs. Albert Syze and family were week end visitors with relatives in Flint.

Dr. C. Hull and family of Maple Ridge visited Mr. and Mrs. Frank Hull last week Friday.

R. D. Brown and daughter, Leah, were Bay City and Saginaw visitors last Saturday and Sunday.

Mr. and Mrs. Jas. Wilson and Mrs. Emery Wilson returned Tuesday from a few days motor trip to St. Charles.

Mr. and Mrs. N. C. Harting, Mrs. Murchison and Mrs. Cranfill of Tawas City were Hale callers Saturday.

Mrs. Joseph Dibley and children of Clio are spending two weeks with Mrs. Dibley's parents, Mr. and Mrs. Ira VanWormer.

Mrs. Fred Livingston and daughters, Bernice and Winifred, of Detroit, are guests of Mr. and Mrs. C. Livingston for two weeks.

Mr. and Mrs. Henry Oetjens of Temperance, Mich., and Mr. and Mrs. F. Blanchard and son of Chicago are guests at the home of Mr. and Mrs. J. H. Koehler.

Mrs. Elmon Bills, who has been ill during the past two weeks, was taken suddenly worse last Friday. Dr. Ingleight was called and she is slowly gaining. A trained nurse is in attendance.

The Elmer Streeter & Sons general store was purchased last week by R. Glass of New York, who took possession Tuesday. Mr. Streeter and family will move to the Mrs. Hetchler farm temporarily.

Mr. and Mrs. Jack Johnson are taking a vacation of one week. Mr. Johnson is delegate from this county to the rural carriers' state convention to be held in Mt. Clemens on Wednesday and Thursday of this week. They will visit friends in Bay City and Flint enroute.

M. E. Church Notes

The church choir practice is called for every Monday evening instead of Friday as formerly.

The motion pictures are proving popular. Two programs are given each week. The reels every Tuesday evening include scenic, comedy, travel, educational and industrial films.

On Friday evenings the best photo-dramas are shown. For August 11th we announce the play "Sally Shows the Way." The film exchange promises us an exceptionally interesting program for next Tuesday evening.

For August 18th we have booked "The Virtuous Outcast."

Mrs. Thos. Allen entertains the Ladies' Aid for an all day meeting Aug. 16. Everyone is welcome.

You will enjoy the special musical numbers arranged for the League service Sunday evening. 6:30 is the hour.

The prayer meeting is held every Wednesday evening at the church. A praying people is a conquering people.

The Alpha class was so elated at capturing both banners last Sunday that they favored us with a verse of "Count Your Blessings."

The Ladies' Aid announces \$31.25 proceeds of the last three bake sales. Here's a thank you for those who bake and those who buy.

Next Sunday evening's service promises you a rare treat. Rev. Hughes' sermon is "Religion and Personality." The Maddison family, friends of Mr. and Mrs. Hughes, recently arrived from Leeds, England, will give two special musical numbers "He Arose" and "Soldiers of Christ Arise." All of the family have splendid ability as singers and you will enjoy hearing them.

Mrs. Bernice VanWormer will furnish instrumental music for Friday evening's entertainment and Chas. Gardner has charge of the music for Tuesday night.

Baptist Church Notes

Remember the C. E. institute at Sand Lake Aug. 16-20.

Choir practice Tuesday and Thursday evenings.

Two new members were added to the Up-Streamers class last Sunday, bringing the enrollment up to 56.

The C. E. meeting Sunday evening was very interesting with Thomas White and Merlin Londo as leaders. Two young men took the associate members' pledge.

Mrs. John O. Johnson entertained the Dorcas society Thursday afternoon. These meetings are well attended. Three ladies were added to the membership at the last meeting.

The young people are rehearsing songs and yells for the institute, also preparing for stunt night at the lake Saturday, Aug. 19.

The World Wide Guild girls, having attained their goal, have turned the bake sale over to the ladies of the church. Watch for "cats" at H. E. Nunn's hardware store Saturday afternoon.

Mrs. J. F. Sibley and children were at Maple Ridge Tuesday having dental work done.

Mrs. John Westervelt and children were at Tawas City recently having dental work done.

Obituary—Mrs. Mason

Annie Latter was born in Reno township June 8, 1882 and died at her home in Reno August 7, as a result of burns received while trying to save her children from her burning home on Saturday, Aug. 5. Her age was 40 years, one month and 28 days.

Her father and mother were among the first settlers in Reno, coming to the township when the country was new and all was wild. She met Thomas Mason, they loved and were married in October, 1902. As a result of this union four children were born. One died in infancy and three are still living, Bertha, 18, Earl, 14, and the baby Eleanor, 3, whom she gave her life attempting to save.

Besides the bereaved husband and three children she leaves to mourn her loss her aged mother, four brothers and two sisters.

She was converted when a child and

ST. HELENA IS HIT BY SLUMP

Island Prison of Emperor Napoleon Affected by Great Decrease in Visits by Ships.

St. Helena, the island prison of Emperor Napoleon, is harder hit than at any time since the opening of the Suez canal. This is chiefly due to the great decrease in visits by ships.

The failure of the flax industry, which was started with the aid of a government grant after the war, is another cause of the lack of prosperity. Jamestown, the capital, was a busy and rich little town 40 years ago. Today the streets are empty and the houses dilapidated.

Even in the country many houses are uninhabited, while others are in ruins. The cable station is one of the few institutions which have not suffered since the beginning of the war.

The population of St. Helena is a curious one. Many settlers came to the island after the great fire of London in 1666. Others were originally slaves from Madagascar. The result is a colored race. The majority of the men are sailors.

The climate is very healthful, the trade winds tempering the tropic heat. Five-sixths of the island is barren owing to rapidly multiplying flocks of goats destroying the vegetation.

Bees will not live on the island, and in consequence little fruit can be cultivated.—London Daily Mail.

Large Louisiana Product Sent to College of Science of Imperial University at Tokyo.

And now the song and hind legs of the lusty-throated Louisiana bullfrog have been exported to Japan. Soon the heavy, bass, "belly deep" of the big swamp batrachians will be heard "neath the wisteria vines while 'Frogs legs en casserole" will be listed on the Japanese menu with tea and rice.

Fifty of the largest specimens of Louisiana frogs were shipped to the College of Science of the Imperial University of Tokyo by the Southern Biological company for breeding purposes. The consignment is the third shipment of frogs to Japan, according to officials of the state conservation commission.

The frogs were forwarded in especially constructed cages and directions were provided the American Railway Express company for their care during the 30-day voyage.

The first shipment of frogs was made in April, 1918, and many offsprings were raised successfully. Heretofore frogs used for dietary purposes in Japan have been of a species similar to the small American spring frog, and an attempt will be made to thoroughly establish the large Louisiana bull or chicken frog, which attains a length of eight inches.

His Way.

"I felt kinda lost for a spell after I sold the place and came down to live with my niece," admitted the retired farmer. "I missed the familiar tasks, and there weren't enough new ones to keep me busy. The familiar sounds, too, were absent, and at first I couldn't get used to the new ones; the young lady on the left tinkling the piano, the folks on the right running their talking machine, the feller across the street practicing his clarinet, and so forth. They bothered me. But bime-by I took to going out on the back porch and filling a saw to quiet my nerves. And it always does no; after a good spell of filling the noises of the neighborhood didn't pester me at all."—Kansas City Star.

Nineteen billion conversations were carried on over American telephone wires last year. Telephone companies having figured this out, also find that the distance covered by these messages was 45,000,000,000 miles. Six million messenger boys, working nine hours a day, would be required to deliver all the messages that pass over the telephone wires. Forty-six years ago there was only one telephone belonging to Bell, its inventor. It was a crude device compared with the phone you use today. Perfection comes rapidly in our age. Do you remember when you had to turn a crank to attract central's attention?

Growth of the Telephone.

If the telephone calls that were put in last year in the United States alone had been scattered evenly about the earth, every person in every country would have been seven times to the phone—every one of India's troubled millions, of China's and of Africa's, and of the almost countless others in every other land. The wires used in the United States would span the distance of the moon 100 times—would circle the earth 1,000. The army and navy of the United States together number about the same as the employees of the Bell telephone system.

Tramps.

The age of the average tramp before the war was fifty years. Now it's thirty-two. And the 1922 model tramp rides on auto trucks instead of freight trains. This information is from the report of a New York welfare association with a name as long as Barnum's Cardiff giant. The association is seeking a way to reduce the number of tramps. Quickest way is to give them the jobs they seek. Second, and impossible, is to kill the wanderlust that exists in every human, a psychoanalytic complex, reaction from the dull grind of civilization.

Green Diamonds in Africa.

Two discoveries of green diamonds have recently been reported from South Africa. The first, found in the Bloemhof district, was a 5 1/2 karat stone, black and opaque, which, on cutting, yielded a jewel of 1 1/2 karats of an emerald-green shade. It has been appraised by London experts at about £5,000, or about 100 times the price of a water-white diamond, says the Engineering and Mining Journal-Press. The second green diamond was washed out at Parys, a short time ago, and was of ten karats weight. It has been sent to a government valuator at Cape Town. One of the most celebrated green diamonds is the "Dresden Green." In the Saxon Crown jewels, which weighs about 40 karats and is apple-green in color.

City's Dealing With Its Boys.

Boys are full of life and vigor and vim. . . . The problem of the city is to provide wholesome outlets for this boyish vim and vigor, which, in itself, is the hope of the race if it does not go wrong.—Peter A. Mortenson.

WANTED GOSPELS BY MARK

Husky Cowboy Gives Up Life of Crime After Reading Tract Supplied by Bible Society.

One afternoon Rev. A. Wesley Mell, secretary of the Pacific agency of the American Bible society, was working alone in the San Francisco depository. Suddenly the door opened and a cowboy 6 feet 1 in height, with one eye gone (shot out in a drunken brawl), with sombrero and chaps and clanking spurs came toward him with outstretched hand. Mr. Mell thought at once that it was a hold-up. But the cowboy said to him, "I want some gospels by Mark." And he got them.

This cowboy, who had been riding the range for several months, had drawn his pay and come into San Francisco for a good time. One morning he awoke to find himself in one of the lowest rooming-houses in the worst section of the city. Every cent of his money was gone and he debated as to what he should do to raise sufficient funds to take him home. He finally decided that he would go out on the street and "stick somebody up."

As he lay in bed working out his plans he noticed a small maroon-covered book lying on the stand by the side of his bed. Not being in any special hurry to go out and perpetrate a hold-up, and out of pure curiosity, he picked up the book.

It was one of the 3-cent Gospels of Mark, printed by the American Bible society, which are given by the thousands to mission workers.—American Bible Society.

HAS NO CINCH ON ALPHABET

Prairie Village Barber Replies to Demand of R. R. Company Not to Use Its Initials.

Some time ago the Canadian Pacific Railway company issued notices to certain hotels, restaurants, shops, etc., protesting against the unauthorized use of its initials. One "Timothy O'Brien, proprietor of the "C. P. R. Barber Shop" in a prairie village, received the warning, and replied as follows:

"Dear Sir—I got your note. I don't want no law suit with yura company. I no yure company owns most everything—railerodes, steamers, most of the best land and the time, but I don't know as you own the hole alphabet. The letters on my shop don't stand for yure raterode, but for somethin' better. I left a muther in Ireland, she is dead and gawn, but her memories are dear to me. Her maiden name was Christina Patricia Reardon, and what I want to no is what you are going to do about it. I suppose you won't argue that the balance of my sign what refers to cut rates has got anything to do with yure raterodes. There ain't been no cut rates round these parts that I nos of."—London Morning Post.

SHIP BULLFROGS TO JAPAN

Large Louisiana Product Sent to College of Science of Imperial University at Tokyo.

And now the song and hind legs of the lusty-throated Louisiana bullfrog have been exported to Japan. Soon the heavy, bass, "belly deep" of the big swamp batrachians will be heard "neath the wisteria vines while 'Frogs legs en casserole" will be listed on the Japanese menu with tea and rice.

Fifty of the largest specimens of Louisiana frogs were shipped to the College of Science of the Imperial University of Tokyo by the Southern Biological company for breeding purposes. The consignment is the third shipment of frogs to Japan, according to officials of the state conservation commission.

The frogs were forwarded in especially constructed cages and directions were provided the American Railway Express company for their care during the 30-day voyage.

The first shipment of frogs was made in April, 1918, and many offsprings were raised successfully. Heretofore frogs used for dietary purposes in Japan have been of a species similar to the small American spring frog, and an attempt will be made to thoroughly establish the large Louisiana bull or chicken frog, which attains a length of eight inches.

THE MODERN GIRL

If the modern girl is freer than her predecessor, she is, like her brother, more self-possessed. Her range of experience and of information is wider and her desire to know greater. She has seen more of the world and heard more of it, if not directly, then by the vicarious efforts of scores of agencies. She has no doubt broken through many irrational taboos, but she is trying hard to replace them with standards more suitable to the complexities of life in this generation.

And if it is put to a male vote whether she is to return to the dress, manners, temperament and mental outlook of her eighteenth or even nineteenth century ancestor, there will only be an insignificant minority to vote against her as she is.—Baltimore American.

FATHER LOVE VS. MOTHER'S.

Among some fishes the male assumes all the care and anxiety of rearing the young. And this is true of at least one or two families of birds. The male ostrich hatches the eggs and looks after the little ones. The greatest enemy of the eggs and young of the stickleback fish is the mother herself. She not only has no affection for them whatever, but would eat every one of them if she weren't prevented from doing so by the father. In very few species of fish do the female care anything for either the eggs or the young.

Among fishes, therefore, the instinct to save the young is not the wonderful mother instinct found in the human or other higher species, but the father instinct.—Detroit News.
