Why the Moon Is Arid.

The moon is a smaller globe than the earth. Its gravity is only one--Chicago Tribune.

VOTE NOVEMBER 7 for the reelection of United States Senator Charles E. Townsend, Governor Alex J. Groesbeck and the whole Republican Ticket.

SENATOR TOWNSEND is opposed to the U.S. entering the League of Nations. Were we in the League today the blood of American boys would be staining the sands of Asia Minor in a war that would serve only the selfish interests of Europe.

SENATOR TOWNSEND is the National Leader of the Great St. Lawrence Waterway Project, which will give lake ports direct access to the sea. He is the National Good Roads Leader, sponsor of Welfare Laws Governing Child Labor and Virile Worker for all Real Progressive Legislation.

In voting for Townsend you vote for America's best interests.

GOVERNOR GROESBECK is giving Michigan an efficient, economical, able administration. In the past year he and the State Administrative Board have saved the State \$1,839,617.63 in expenses. The general tax levy for 1922 is \$3,140,489.85 less than that of 1921, and the lowest since 1918. Even greater accomplishments are expected next year.

In voting for Groesbeck you vote for Michigan's best interests.
