A complete line of spring and summer millinery. Call and see those snappy, stylish patterns, also a line of splendid trimmed and untrimmed hats. Location, building formerly occupied by Brabant Bros. Mrs. A. W. Colby, Tawas City, Mich.

About forty of the friends of Miss Lily Fowler gathered at her home last Friday evening to help her celebrate her birthday. A very pleasant evening was spent with music and games and a fine lunch was served.

What weather-wise people designate as the equinoctial storm struck this section the first of the week and raged for three or four days. High winds accompanied with some snow made traveling very uncomfortable. Trains were blocked on the railroads and travel on the country roads was almost impossible. The weather became warmer Wednesday and the ice was replaced by slush and water.

The sky lark and the wood lark are thought to be the only birds which sing as they fly.

T. C. H. S. BASKET BALL TEAMS WIN TWO, LOSE TWO

Last Friday evening the East Tawas and Tawas City high school basketball teams met at the Auditorium.

The games began with a preliminary between the Episcopal boys' team of East Tawas and the second team of Tawas City high school, the visiting team taking the honors by a score of 10 to 5.

Next came the game between the girls' high school teams of the two cities. This game was refereed by Mrs. W. Moeller, and proved to be little more than a practice game for our girls, the East Tawas girls making no field goals and only six free throws. The home team made 12 field goals and 11 free throws, making a total of 35 scores against the East Tawas girls' 6. Rosetta Lietz, one of our best forwards, was unable to play, having injured her knee.

The game between the first teams of the boys of the two towns was refereed by Rev. Brogger. It was very fast and very exciting, and as the East Tawas boys outweighed the home team, they won by a score of 10 to 22. Field goals 2 and free throws 6 for Tawas City. East Tawas made 11 field goals and no free throws.

The last game of basket ball for this season was played Tuesday night at the Auditorium between Oscoda and Tawas City. The train being late, a preliminary game was put on after the free show between local boys, which was interesting even if the crowd couldn't tell which side won.

Then the smaller boys and girls had a chance for a few minutes until the high school girls were ready to play. There is some very good material in the younger players.

The high school girls' game was most interesting, due to the fact that Oscoda girls have won fame for their school even outside the county. The teams were evenly matched as to strength if not size. In the first quarter the Oscoda girls were one point ahead, when our girls began to "play basket ball," and then they forged ahead, making the end of the first half show a score of 22 to 19 in favor of our girls. In the last half the Oscoda girls' luck began to fail, for they made only 2 score to our girls' 7. Thus the final score was 29 to 21 in favor of Tawas City. Roseta Lietz is still at home recovering from the bruise to her knee, so she has been unable to play in the last two games or the season.

Following was the line-up:

Tawas City	Position	Oscoda
King	R. F.	Herman
E. Wendt	L. F.	A. Soucie
M. Wendt	J. C.	A. Merkle
Musolf	S. C.	E. Tate
		and L. Love
Kane	R. G.	L. Soucie
Brown	L. G.	Lee and Sinclair

The boys' game was fast, as usual. Our boys held the visitors down in the first half, sometimes being in the lead, only to have an equal score made by the opposing team. At the end of the first half the score stood 12 to 12. In the last quarter the Oscoda boys forged ahead and finally, after a struggle won with a score of 24 to 21. Line-up:

Tawas City	Position	Oscoda
Taylor and Ferguson	R. F.	Knuth
Gates	L. F.	Furtaw
Ruckle	C.	Killmaster and Colbath
Long	R. G.	Hennigar
Myles	L. G.	Burke

DEATH OF WILLIAM GROFF

William Groff, one of the pioneers of Tawas City, died at the home of his son-in-law, Charles Goodwillie, in St. Catharines, Ont., on Monday, March 12, 1923. The remains were brought to Tawas City for burial and the funeral was held from the home of his son, Wesley Groff, on Friday, interment being made in the Tawas City cemetery.

William Groff was born in Canada, where he lived until after his marriage. Mr. and Mrs. Groff came to Michigan 43 years ago and were for many years residents of Tawas City. Mrs. Groff died on May 9, 1916, and after her death Mr. Groff returned to Canada and made his home with his daughter, Mrs. Charles Goodwillie, who died Dec. 30, 1918.

Deceased leaves to mourn his loss one son, Wesley Groff of Tawas City, a son-in-law, Charles Goodwillie of St. Catharines, Ont., five grandchildren, Mrs. Fred Farrand of Kenosha, Wis., Mrs. Frank Denver of Buffalo, N. Y., Mrs. George Cullen of Niagara Falls, Ont., Mrs. Marvin Secord of Port Dalhousie, Ont., Hilton Goodwillie of Niagara Falls, Ont., and thirteen great-grandchildren.

CARD OF THANKS

We wish to thank our neighbors and friends for their sympathy and assistance during our recent bereavement, and also the singers who so kindly gave their services at the funeral.

Mr. and Mrs. Wesley Groff.

STATE CROP OUTLOOK SHOWS IMPROVEMENT

The outlook for good returns from crop production for Michigan farmers during the coming year looks good when comparison is made with general conditions in other states. By choosing the right crops growing a diversity of crops, planting good seed of high yielding varieties, and following the best cultural practices, Michigan farmers can undertake their spring planting with assurance that they will net good returns, in the opinion of Prof. J. F. Cox, head of the M. A. C. crops department.

Michigan has at least three general crops which farmers may plan to plant with much more guarantee of profit than the farmer growing general crops in the corn belt or in the West, says Cox. Alfalfa, for example may be greatly increased in acreage with very little danger of over-production.

Beans brought an unusual price this year. Even though the Michigan acreage and the acreage in other states will very likely be markedly increased during the coming season, and as high a price as was received this year can hardly be expected, nevertheless, as compared to other staple crops, beans should give favorable returns during the winter and spring.

The beet acreage of Michigan will undoubtedly return to normal with contracts in the field which are meeting the favor of beet growers in general. Alfalfa, beans, beets, and seed and contracts crops give Michigan a great advantage over most other states.

EDUCATION AND WEALTH

Does education pay? Assuredly! It pays its votaries in character, health, culture, preparation for vocations, and all that goes to make up a well-rounded life. It fits us to become law-abiding and God-fearing citizens of the great Republic.

Yes; education pays. But let us consider, apart from its idealistic trend, whether education pays in dollars and cents. The fact is self-evident that an educated nation is a more productive one, commercially and industrially. The money value of an education is being emphasized in the insistent demand for specialized and technical training for specific vocations. The more education is diffused, the more specialized and technical it becomes, the more its costs increase; but the national income increases with great rapidity as a result.

Some general evidence that education pays are found in the facts that in 1909 we spent, in round numbers, \$401,398,000 for public education. The national income the same year was 23.8 billion dollars. The increase of expenditures for education of 122.9 per cent was accompanied by an increase in national income of 129.16 per cent. Education costs consumed a smaller percentage of the national income in 1919 than in 1909, and for an increased expenditure of \$495,000,000 there was an increase in national income of approximately 47.2 billions of dollars.

Increased ability to produce wealth results from education because of the three factors in the production of material wealth (natural resources, native ability of people, and education). Education is the only factor which is widely variable or susceptible of improvement. Natural resources may be wasted but not increased. Native ability is a practical constant, changing imperceptibly from generation to generation. Education may effect striking divergences in a short period.

The bobbed haired flapper may have a very bushy top, but anyway it's her own.

EASTER COMMUNITY SERVICE

On Easter Sunday evening a community service will be held in the Community house and the churches of the city will again co-operate in a union service as they did at Christmas time, the pastors of the different churches taking part.

The community chorus will give the cantata, "Immortality," and these cantatas will be rendered by talented singers from East Tawas and Tawas City. Solo parts will be taken also by Miss Thelma Stealy from the U. of M., Ann Arbor, and Roy Applin from M. A. C. The chorus is under the direction of Norman Salsbury, with Miss Mary Gardner as pianist.

The entertainment will be free of charge, but a silver collection will be taken which will be used toward furnishing the Community house with dishes.

A program in full will appear next week.

LAND CLEARING SPECIAL AT WHITTEMORE AND HALE

The special train sent out by the Michigan Agricultural college to give information and advice regarding land clearing to the farmers of the state, will be at Whittemore on Wednesday, April 4. The program will consist of moving pictures showing various phases of the work, and addresses by specialists in this branch of work from the M. A. C.

The meetings are free and all persons interested in land clearing are urged to be present.

The special train will be at Hale on Monday, April 2 where the same program will be given.

TRACTORS MUST SHOW RESULTS TO BE PROFITABLE ON FARMS

If the tractor is to be profitable on the farm, says the United States Department of Agriculture, it should make possible the accomplishment of at least one of the following things: A reduction of the number of work hours on the farm; a reduction of the amount of hired help required; the farming of an increased acreage; or an increase in the amount of crops produced.

With the addition of a tractor to the farm equipment there will necessarily be some changes in the methods of operating the farm, and perhaps a reorganization of the type of the farm, says the United States Department of Agriculture. Changes have been made by the department and show what changes take place on the average farm under tractor conditions. Farmers' Bulletin No. 1296, "Changes Effectuated by Tractors on Corn-Belt Farms," has just been issued. With the information set forth in this bulletin, the man who is trying to decide whether to buy a machine will be enabled to determine approximately what influence the tractor may have on his farm, and the man who already owns one will be able to compare the results which he has obtained with those obtained by others.

TEACHERS' EXAMINATION

Teachers' examination will be held at Tawas City April 26, 27, 28, 1923. Questions in reading will be based on Bulletin No. 46. Some questions in other subjects will be based on Bulletins No. 33, 45 and 67, also on the Reading Circle books.

Talk, "The Normal Class" Mrs. Osgerby

Physical culture exercise by the Iosco County normal class
Vocal Solo Miss Lucile McLean
Mrs. Osgerby in her talk gave an idea of how the county normal class are taught as they are to fit themselves for their work in rural schools. The display of county normal work was fine and the free hand drawings and blackboard sketches exceptionally good. The exhibit in other rooms showed the work done during March. The fourth grade had made some excellent wheat charts and the sixth grade had a fine display of colored birds. The 7th grade had illustrated the homes of our immigrants in their history week.

After the program the high school radio class conducted a radio concert, connecting and conducting the radio themselves.

Cast the savings into a national bank, and the interest will return to thee after many days.

CORRIGAN SCHOOL NOTES

Those having perfect attendance were Ella, Elwood and Marie.
No one at the head of the selling class this week. It seems to be a hard fought battle.
Poor weather this week, also poor attendance.
Monday was a very cold day. Only five were present. We decorated our room for Easter Monday.
John Sawyer is in school again. We are very glad to see him back.
Mr. Gregg is reading "The Adventures of Tom Sawyer" for morning exercises.
One very good memory gem was given last Friday. It was: "It is not always the softest road that is easiest to travel."
The eighth grade are now memorizing "Snowbound."
The second grade have completed one reader and are now taking another one.
The fourth and fifth grades have completed geography and are now taking states and capitals and dates of admission into the Union. One of the fifth grade pupils remarked that they could not spell the name of a state but could give the date when it was born.
We have an awfully brave teacher. He walked 7 1/2 miles Monday morning facing that wind.
Eldon McIlmurray was absent from school Monday on account of illness.
We enjoy playing "invisible imp" for recess and noon exercises.
We appreciate our new window very much. Thanks to Mr. McIlmurray.
Ella Ross was absent Tuesday. She had had a perfect record.

VENTRILOQUISM AN OLD ART

Trick Was Well Known to the Ancient Greeks, and Word is of Latin Origin.
Ventriloquism is an art or power acquired through long practice, although some people seem to have a natural gift in that direction. It was known to the ancient Greeks, and the name comes from the Latin, "venter," "to quill." It is a method of speaking so that the voice seems to come from a distance, or from some other source than the person who is really speaking.
The vocal organs—tongue, palate, larynx, etc., are employed, but the ventriloquist, through practice, is able to speak with lips scarcely moving. To do this he leaves his lips slightly open and substitutes some letters for others—never using the labial or lip letters such as m, p, b, etc., but instead, saying "n" (formed with the tongue on the roof of the mouth), for "m" (formed with the lips), and "d" and "t" for "b" and "p." In this manner he would say "nan" instead of "man," and "day" for "bay," "tay" for "pay."
According to one authority, besides tricks of speaking and various devices to distract the attention of an audience, the whole art of ventriloquism is simply to draw a long breath and let it out gradually, while speaking, modifying and decreasing the sound of his voice.—Cleveland Plain Dealer.

Reverence for Name of Mary.

The Irish showed their reverence for the name of Mary by having two different words for it; one of which they used in referring to the Blessed Virgin, the other when any other woman was the bearer of it. Maol-Mhuire, or the servant Mary, was, however, a name frequently given to children in ancient Ireland. In its Anglicized form it is scarcely recognizable, the Ave Maria notes. Such names as Meyer, Miles, Murray and Gilmore are supposed to have been originally either Maol-Mhuire, the servant of Mary, or MacGuolla-Mhuire, the son of the servant of Mary.
Like the Hebrews, Greeks and other antique races, the ancient Irish had nothing to correspond to the modern surname. It was not till the Eleventh century that surnames began to be used in all parts of Ireland. When it is transformed into a family name Maol-Mhuire, the servant of Mary, became O'Maol-Mhuire.

Success.

A very young painter, who afterward became great, stood in his obscure and struggling days, when no one had heard his name or would look at his pictures, before the greatest canvas of the greatest painter of the time. The grandeur of the work, alike in conception and execution, staggered him. Possibly there was despair at his heart as he asked himself how could he, too poor for proper opportunity for study, too poor even to afford a model, or to buy oils, ever hope to emulate such a masterpiece as this. But there was at his heart no meanness, no envy, no disposition to be little or to grudge the other his high place. Throwing back his head, with flashing eyes and a throb in his voice, he exclaimed proudly, radiantly, "And I, too, am an artist!"—Coulson Kernahan.

Bible Thoughts for the Week

Sunday.
TEACHING TRANSGRESSORS.—Restore unto me the joy of thy salvation; and uphold me with thy free spirit. Then will I teach transgressors thy ways; and sinners shall be converted unto thee.—Psalm 51:12, 13.
Monday.
VALUE OF A GOOD NAME.—A good name is rather to be chosen than great riches, and loving favour rather than silver and gold.—Proverbs 22:1.
Tuesday.
REAL PEACE.—Wisdom's ways are ways of pleasantness, and all her paths are peace.—Proverbs 3:17.
Wednesday.
PRAYER ANSWERED.—I sought the Lord, and he heard me, and delivered me from all my fears. This poor man cried, and the Lord heard him, and saved him out of all his troubles.—Psalm 34: 6.
Thursday.
PRIDE A PITFALL.—Pride goeth before destruction, and a haughty spirit before a fall.—Proverbs 16:18.
Friday.
LIKE PRODUCES LIKE.—Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he also reap.—Galatians 6:7.
Saturday.
CAN'T SERVE TWO MASTERS.—No man can serve two masters; for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon.—Matthew 6:24.

UNCLE HANK

When a neighbor buys a pair of opy glasses, it's a purty good plan to keep your window-shades pulled down.

All medicine is not bitter. Sometimes health advice is pleasant, requiring no work, no self-denial. An interesting sample is offered in the Medical Review of Reviews. It queried doctors in 46 states. Three out of four of the physicians advise eating a hearty breakfast. One authority says the digestive apparatus is at its best after a night's sleep. The system, like a furnace, is low on fuel in the morning and needs a good-sized meal. Rawlings, head of Illinois state department of health, says it's even safe to have pie with our bacon and eggs. Ralph Waldo Emerson always ate pie for breakfast.

Mammy Lou is right when she says that properly cooked round steak is rich in flavor, says the Houston Post. We have always advocated round steak for the children, and even grown-ups, who need its strength-giving elements. But for us flabby old folks who have nothing important to do, the tenderloins and sirloins are good enough.

HOW TO SAVE MONEY WHEN SHOPPING

By MRS. HARLAND H. ALLEN
(© 1922, Harland H. Allen.)

WHY PATENT LEATHER CRACKS

"Will this patent leather crack?" is perhaps the one question heard oftener than any other from women shoppers in the shoe stores.

The handsome, glossy, black, smooth surface characteristic of patent leather, is made by treating dry, softened skins with successive coats of varnish, and baking after each application of varnish. Large, thin, firm hides are generally selected in the first place. Each of the coatings made of gums and vegetable oils are worked into the fiber, and thoroughly dried, before the next is given. The last coat is applied with a brush, and the leather baked for three days in an oven at a low temperature, and then finally exposed to the sunlight, which oxidizes the varnish, and gives the finish.

When the customer begins to wear the shoe, and the leather expands, as it frequently does when affected by the warmth and moisture of the foot, the coating of varnish, which is inelastic, and cannot expand with the leather, may crack. No manufacturer can tell whether the leather is going to crack or not, and for that reason it is seldom guaranteed. It does, however, frequently give good service. The finish is a very popular one, being especially suitable for semi-dress wear, but appropriate for almost any other occasion as well. This handsome leather brings out the lines of the shoe to the best advantage, and no polishing is necessary. The varnish is also an effective waterproofing.

Patent leather may be made from kid, calf, and cowhide. Coltskin, because of its firm, solid texture, is said to make the most satisfactory of all patent leathers. It is a problem for the shopper to know how to distinguish the better and poorer grades. However, recently invented varnish coatings are more pliant, and therefore less liable to crack. Patent leather was made in the United States as early as 1818, but only recently has the process attained its present excellence, until now it rivals the French and German finishes.

Miss Genevieve Caton, who has been home ill for the past ten days, returned to her school work at Tawas City high school on Wednesday.

A public auction sale of farm implements, stock and household goods was held March 22 at the farm home of Kenneth Barnard. Mr. and Mrs. Barnard will move to Saginaw.

Mrs. Fred Humphrey returned on Wednesday from Lansing, where she was called last week by the illness of her daughter. She reports Mrs. Eno convalescent after an attack of flu.

The high school social end entertainment scheduled for Friday evening has been postponed until next Monday evening because of the unfavorable weather conditions this week.

There was no train service on Monday, the track being blocked by Sunday's blizzard. The train made its regular trip late Tuesday afternoon when the track had been cleared of snow by the big plow.

Mrs. E. S. Peterson of Clare is a candidate for city treasurer on the republican ticket. Mrs. Peterson was formerly Miss Vera Buck of Hale, and if the people of Clare knew her many sterling qualities as we do, there would be no doubt as to her election to the office.

Isaac Buck, affectionately known as "Grandpa Buck," passed to the Great Beyond on Wednesday at nine o'clock a. m. He was stricken with paralysis over a week ago and did not rally. Funeral services will be held at the Baptist church on Friday at 2 p. m. Obituary next week.

The Sunday edition of the Commercial Tribune of Cincinnati in the gravure section features a page of the business women of the city. Among them we find Miss Pearl Glendenn, supervisor of the General hospital. We claim Pearl as a Hale girl born and bred, and we are indeed proud of her success.

Friends of Bert Cogswell of Augres were grieved to learn of his death, which occurred last Friday morning at nine o'clock. Deceased had been ill for some time with complications following a severe case of pneumonia early in January. The remains were taken to his boyhood home at Pinconning to be laid to rest beside his father. The funeral services were held at the home of Mr. and Mrs. Wm. Rohrer and were in charge of the F. & A. M., of which the deceased was a member.

Baptist Church Notes
Owing to the storm of Thursday last week only a few girls attended the W. W. G. at the home of Mrs. Yawger. We hope for better weather for our next meeting.

We missed many faces last Sunday at the Sunday school hour, still in spite of the storm the school was well represented.

Rev. Fields, who is holding revival meetings in Reno, braved the storm of Sunday to keep his appointment here Sunday evening. All present enjoyed his splendid lesson of Rev. 1. Mr. Fields will preach to us again

The friends in this neighborhood of Mrs. Fred Rempert, who just recently moved to Tawas City, were sorry to hear of her painful accident in breaking her limb.

Obituary—Mrs. Alvin Wright
The people of this vicinity were shocked on Wednesday of last week to hear of the death of Mrs. Alvin Wright, nee Maude Shippy, at her home in Pinconning after one week's illness with pneumonia.

Maude Shippy was born in Laidlawville on Nov. 14, 1877 and grew to womanhood here. She was loved by all who knew her. She taught school for many years in this county and many speak of her untiring labor for the advancement of her pupils. She was a member of the Hemlock road Baptist church and was faithful in Christian work.

On October 1, 1912, she was united in marriage to Alvin Wright of Montrose, moving to Pinconning about six years ago.

The remains were brought to Tawas City last Friday afternoon and the funeral service was held from the Baptist church, Rev. Smith of Pinconning officiating. Interment was made in the Tawas City cemetery. The abundance of flowers and the large attendance at the funeral bespoke her many friends here.

She leaves to mourn her loss her husband and daughter, Iola, six years old, two sisters, Mrs. Minnie Barrett of Pinconning and Mrs. Ina DeLong of Edmore. Those accompanying the body from Pinconning were the husband and little daughter, a sister, Mrs. Ina DeLong, and three sisters of Mr. Wright, Rev. Smith, W. W. Barrett and son, Allan, Mrs. John Haven, Mr. and Mrs. John Myres, Mr. and Mrs. John Barrett and Dell Long, Mr. and Mrs. J. E. Laidlaw of Gladstone, cousins of Mrs. Wright, were also in attendance at the funeral.

The entire community joins the sorrowing ones in their sad bereavement.

BALDWIN SCHOOL NOTES
Visitors are welcome. We have had several visitors this year, but sorry to say we have had no visits from parents.

We are expecting a visit from the the Wilber school district No. 4. The snow storm on Monday caused several absent marks.

The following have been neither absent nor tardy during the week: Walter, Luanna, Gustave, Martha, Elma, Jennie and Irma.

Mae and Joseph Arnold are absent on account of sickness.

Better marks are seen in spelling since we posted the March spelling chart. Those getting 100 per cent during the week are Elma, Jennie, Gustave, Irma and Luanna.

The fifth and sixth grades were learning to write friendly letters last week and concluded in writing a letter to Miss Bradley.

The eighth grade are reviewing the judicial department in government.

Thanks to the school board for the new sash curtains.

Gems of Truth.
The following striking sayings seen tilted at a recent conference on church publicity: "Get the facts or the facts will get you." "A hearse is a poor vehicle to which to ride to church—why wait for it?" "I've been in the harness in this church for the past twenty-two years." "Yes—during that time you've worn out fifteen hold backs and only one collar."

Walking on the Water
Pneumatic floats in miniature enable the familiar water spider and the pond skater to walk on the water. The latter insect has tiny hairs on his feet which collect air sufficient to keep him up.

French Named Two Textiles.
Two textiles owe their names to France. They are cretonne and cambrie, the first of which came from the Normandy town of Creton while the second is still manufactured at Cambrai.

RENO

Mr. Angel has purchased the farm where he is living.

Mr. and Mrs. Jay Charters, jr. spent Sunday at the Angel home.

Rev. Fields came Saturday to assist Rev. Grabil in a series of meetings.

Mrs. Martin Sherman of Flint is visiting her parents, Mr. and Mrs. S. Barnes.

Edith Seafert and the Scott children are absent from school owing to sickness.

Charles, son of Mr. and Mrs. Fred Latter, suffered several attacks of the croup last week.

The gripe patients around here are all better we understand, and able to be out again.

Mrs. Harry Latter was called to Wilber Sunday by the serious illness of her mother, Mrs. Syme.

Rev. and Mrs. Hughes were over night visitors with Mrs. Emily Robinson on Thursday of last week.

Mr. Papple is staying with his son, Burt, and wife near Tawas. They are convalescing from an attack of flu.

Mrs. Johns and baby have returned to the city, where she will join her husband, who has employment there.

Messrs. Swingler and Richards of Cleveland, Ohio, were at the Cleveland ranch on business a few days last week.

King Winter visited us with all his glory of wind and snow before taking his departure, piling banks high and blocking the traffic.

The Farmers' Telephone Co. installed a desk phone in the Farmers' elevator, also a phone at the farm home of Ernest Washburn last week.

On account of the train being delayed Monday, Miss Morrison, accompanied by her friend, Miss London, walked from Hale to her school at Taw.

The snow plow off the main line was called into action Tuesday to clear the track for the Rose City train which got back to schedule time on Wednesday.

Mrs. Chas. Thompson spent three days last week caring for her grandchildren, Johnny and Marguerite, during the absence of their parents, who were in Detroit on business.

We are glad to welcome Mr. and Mrs. Harrell of Alabama to our neighborhood. They have rented the Alva Hutchinson farm, better known to our older readers as the Syze farm.

A good crowd enjoyed last Wednesday night in dancing and cards at the home of Mr. and Mrs. Chas. Harsch. We have heard some remark that they got home in time for breakfast.

Union revival meetings began here this week at the town hall and expect to continue this week and next. They are in charge of Rev. Grabil of the F. M. Church, assisted by Rev. Fields of the Baptist church.

After only a few days, of mild spring weather, this section was visited by one of the worst storms of the winter. A blizzard accompanied by a high north wind and low temperature began Sunday morning and lasted most three days. Talk about snow drifts! The oldest settlers say this last snow storm has piled the snow in this locality the highest ever.

Baby Had a Bark.
The porter on the Pittsburgh-Detroit sleeper may have heard a gentle yapping in berth No. 2 during the night but there was a \$5 bill in the pocket of his white coat and so the Pullman rule book might have been written in Sanskrit for all he cared. In the morning, when the train reached Detroit, he even avoided the inevitable platform meeting between the fair traveler in the milk coat who held a little package, wrapped in a pink comforter, to her shoulder, and the old lady in the seal jacket who had slept in berth four. "I heard your baby last night," the old lady said. "It's hard for such little babies, traveling, isn't it?" "Yes," answered the young woman as she stooped down, shuffled the pink comforter, and released a squint-eyed, rat-tailed poodle. "Woolfe, dear, insisted on barking every time the train stopped." —Detroit News.

When Bitten by a Mad Dog.
Hydrophobia in man and rabies in dogs can be prevented by a course of injections of dried spinal cord from rabbits which have died of experimental rabies (fixed virus). The treatment is available in every community in the United States and every physician knows how to order the treatment by telegraph from the state board of health. One out of six persons bitten by a mad dog dies in horrible agony if not treated. If bitten by a dog, follow that dog at all hazards, until you can get assistance to catch it. Do not kill it, but place it in a secure place for observation. If symptoms of rabies appear, apply only for anti-rabic treatment through your family physician. If the dog is rabid it will die—send the head packed in ice to the board of health laboratory for diagnosis, says Harold L. Amoss, M. D., in the Health Bulletin.
