After numerous delays caused by a  
lack of gravel, the widening of the  
pavement on Lake and Matthews  
streets is nearing completion. This  
makes a full width pavement, with  
gutters, curbs and adequate drains for  
the main business section of the city  
and is an improvement to be proud of.

No Chautauqua ticket is needed by  
the children for the good times pro-  
vided by the Junior Chautauqua Play-  
laure during the four days before the  
Chautauqua opens. Every boy and girl  
should ask the Junior Chautauqua Com-  
mittee about the plans for these good  
times.

son or drop him a postal if you need  
a marker or a monument. 38

## On the Concrete

### FAIR GROUNDS TO HAVE NEEDED IMPROVEMENTS

The Iosco County Fair grounds are  
to have several needed improvements  
among which is a new agricultural  
hall, 30x75 feet, built with a trussed  
roof, leaving the entire space free  
from posts, which will be an advantage  
in arranging exhibits. The roof will  
be metal and the building will be  
placed on a concrete foundation. Work  
on the building will start next week.

Wire fence six feet high is to be  
built around the back of the grounds.  
This fence will have an arm from  
each post carrying three strands of  
barbed wire. A 40 rod stretch of wire  
fence will be added to the fence  
around the race track. The stretch  
of old board fence on the front of the  
grounds will be rebuilt.

The race track will be improved  
with several car loads of clay, and  
motor cycle men claim this will make  
the track one of the best in the state.  
The officials expect some fast motor  
races will be put on this fall.

A deep well has put down at a  
convenient point and an abundant sup-  
ply of pure water can be had at all  
times, which is another great improve-  
ment much needed.

The officers are planning to make a  
campaign to get people interested in  
the fire and their plan will be pub-  
lished at an early date.

Premium list have been distributed  
and anyone who has not received one  
can secure one from Whitmore Ele-  
vator Co., agent D. & M. Ry., Hale,  
W. A. Evans Furniture Co. or F. F.  
Taylor & Co. As there has been a  
large increase in premiums, the of-  
ficers trust patrons of the fair will  
take an interest and everyone will ar-  
range to display something and help  
put Iosco county's fair on record as  
one of the best.

### RODGE STILL AT LARGE

Reward Offered For Information That  
Will Lead to Arrest of Gunman

After nearly four days of search  
by Sheriff Robinson and his deputies  
and the state police, with hounds, in  
the swamps and plains of Iosco,  
Alcona and Alpena counties, Irvin  
Rodgeb, who shot and killed Joseph  
Pease last Monday, is still at large.  
A reward is now being offered for  
knowledge that will lead to his arrest.

Pease has been buying huckleberries  
from pickers in the woods and had  
purchased berries from Rodgeb. Huckle-  
berries have been dropping in price  
and Rodgeb became dissatisfied and  
decided to buy an auto, haul the ber-  
ries to the city and make his own  
sales. Sunday he approached Pease  
and demanded that he be taken at  
eight o'clock the next morning to Bay  
City so that he could buy a car. Pease  
said that he could not do this. That  
he had to take some pickers out to  
the woods at that time. Rodgeb be-  
came angry and threatened to "get him"  
the first time he met him in the woods.

Monday morning while on his way  
to the berry patch with several berry  
pickers riding with him, Pease met  
Rodgeb about four and one-half miles  
from Hale, near the Bielby school, and  
asked him if he wanted a ride. Rodgeb  
said he did not. When the truck  
passed him, Rodgeb raised his rifle  
and fired, the ball passing through  
the back walls of the truck's cab. He  
then made his way toward the school  
house near by.

Pease struggled out of the truck  
and fell to the ground. Eye-witnesses  
claim Rodgeb returned, walked around  
Pease while he was lying on the  
ground and then disappeared.

Help was secured from a farm about  
one and one-half miles away and Pease  
was taken to Hale for first aid and  
hurried to the hospital at Bay City.  
He died on the way at Pinconning.

Pease is a nephew of John Carey,  
owner of the Hale cheese factory, and  
has been living at Hale since spring.  
His home is near Ionia.

### ELIZABETH STANG

Miss Elizabeth Stang, who was in  
an auto accident on July 3rd at the  
Five Channels where she received in-  
ternal injuries and was badly cut  
about the face and has been confined  
to her bed for the past two and one-  
half weeks, passed away at 9:30 a. m.  
Saturday. Death came as a shock to  
her brothers, who thought she was  
going to recover.

Elizabeth Stang was born in East  
Tawas on April 26th, 1874, and was  
49 years old at time of her death.  
She spent her entire life in East Ta-  
was, living with her parents who died  
several years ago, leaving her to care  
for her brothers.

There were four brothers and one  
sister, Peter, George, Michael and  
John, and Christina. Christina, Mrs.  
Albert Schrieber, died in the upper  
peninsula about five years ago, and  
Peter passed away about two years  
ago. Those living are George and  
Michael of East Tawas and John of  
Detroit.

The funeral took place at St.  
Joseph's church, Rev. Brogger officiat-  
ing and the remains were laid to rest  
in the Catholic cemetery.

She leaves to mourn her death,  
three brothers, George and Michael  
of East Tawas and John of Detroit,  
several nieces and nephews and a host  
of friends. The brother have the sym-  
pathy of the community in their hour  
of sorrow.

## Uncommon Sense

By JOHN BLAKE

### BLAMING YOURSELF

IT IS always easy to find somebody to blame for your mistakes. You are probably misunderstood. Everybody is. You are probably a square peg in a round hole. So is every other unsuccessful person. Doubtless the world is blind to your talent. It was blind to Shakespeare's talent for many years. But Shakespeare died a rich and successful man.

The temptation to "pass the buck" is often almost irresistible. But yield to it till it becomes a habit and you might as well quit now. You will never get anywhere.

While most bicycle repairers in one large city were blaming the collapse of the bicycle boom for their hard luck, Wilbur and Orville Wright were at work on a vehicle that would as far surpass the bicycle as the eagle surpasses the tortoise.

They didn't blame anybody but themselves, and they blamed themselves severely when they made costly mistakes.

By and by they found a way to escape their own blame. Then they began to succeed.

In every office there are clerks that blame the boss for their lack of opportunity. They find an excuse for all their bad work, for the results of their idleness. And they are so busy finding excuses that they never have time to find the opportunities that are around them.

If you don't want other people to criticize you, be your own critic. Don't be an easy one either. Make your own standard higher than your boss'. Give him a little more than he expects, or a great deal more than he expects and you will attract his attention. If you don't attract his attention except unfavorably, he'll begin to hunt for somebody who will.

There are of course people who are abused as much as they think they are, but you can write on a postage stamp the names of all such persons you know. You and nobody else are to blame for your failures or responsible for your success. Be unsparring of the blame. Check up every day's work and see if it would satisfy you if you were the boss. If it wouldn't, do better work the next day.

Nobody will be interested in your excuses or your "alibis." Everybody will be interested in what you really accomplish. You can get somewhere in the world if you try. But you'll have to try extremely hard, for there will be abundant competition.

### Has Anyone Laughed At You Because

By THEL R. PEYSER

You hate housekeeping? Does anyone laugh at your men friends because they like to do different things? You probably do your job better than you possibly could do housekeeping. It takes aptitude and knowledge for housekeeping, and you are wise to let some one do it for you, who does it well. Every one can't be perfect at house economy any more than everyone can be good bankers. You are wise to know your limitations and cling to the work you can do. Your home is better well run, than sloppily managed.

### Islands Reserves of Timber.

In Borneo, the Philippines and New Guinea, there is a field of wealth which has been hitherto little explored. It is computed that the value of the timber on these islands would equal a sum sufficient to pay all the allied war debts. Among the choice trees indigenous to the isles are the camogon, whose wood is yellow and black, like tortoiseshell, and the molave, which resists the ravages of white ants and sea stings, so destructive to other trees. There is also a fine growth of mahogany, both red and yellow varieties—the red taking on a beautiful rich wine color when immersed in sea water. The tall lawn, used in the making of masts and ships is found in plenty, as well as the dugan, which is the hardest wood known. The difficulties encountered in taking out timber in Brazil, due to climatic and other conditions, obtain in a not greatly less degree in these islands, a fact which probably accounts in a measure for their having been as yet so little explored. The use of airplanes to fly over impenetrable forests bids fair to open up much unknown territory.

## Fireworks to Show Smyrna's Burning At The State Fair

Another great fireworks feature has been obtained for the \$5,000,000 Michigan State Fair which will be held in Detroit from August 31 to September 9, Secretary-Manager George W. Dickinson has announced.

This monster pyrotechnic spectacle will be known as the "Burning of Smyrna", being a vivid re-enactment in multi-colored roaring flames of the great tragedy that not so long ago held the attention of the world.

This demonstration will be held in the race track inclosure the first three days of the fair. From then on the great spectacle "India" will be held daily until the end of the exposition.

"India" combines from history and legend a medley of entrancing scenes, mystic ceremonies and thrilling episodes of that great wonderland of the Orient.

Included in the spectacle, which occupies over 500 feet of scenic space will be seen the Durbar of Delhi, Indian Suttee, Pageant of State, religious ceremonial of Ramazan and the mutiny and destruction of Delhi.

## INDIA IS GIANT FAIR FEATURE

THRILLING SPECTACLE AMONG \$50,000 FREE SHOWS

### TONS OF FIREWORKS TO BE USED

Hundreds of beautifully costumed princes, Maharajas, mubarrats, natives, soldiers, British officials, with live elephants, gaily caparisoned howdahs and mohats, horses and cars of juggernaut will pass in review at the big fireworks spectacle "India" which will be one of the \$50,000 free attractions at the Michigan State Fair, August 31 to September 9, Secretary-Manager George W. Dickinson announced.

"The feature, with a weaving mass of actors and animals typifying a great oriental pageant, is probably the greatest of its kind ever produced," Mr. Dickinson said.

"The ancient custom of Suttee, or immolation of the widow on her husband's funeral pyre will be one of the subjects treated in the spectacle. This is a custom that the British authorities have tried hard to suppress, but is still carried on in various parts of India. Efforts to eradicate it have caused much trouble for the British government among the natives.

"Two full carloads of fireworks and equipment will be used in this exhibition. The shipment includes more than 20,000 square feet of scenic settings, literally tons of rockets, bombs, set pieces and pyrotechnic paraphernalia, together with material for the 500-foot outdoor stage on which the production will be held."

A staff of fireworks experts will arrive a week or so before the fair to build the structures and select the cast for the pageant.

## CHICKEN SEEKS HONORS AT FAIR

### EGG AND PRODUCTION CONTESTS TO BE FEATURES IN DETROIT

Michigan's best looking chickens are going to furnish a few thrills in the shape of an egg laying contest at the \$5,000,000 Michigan State Fair which will be held from August 31 to September 9. In addition, there will be a production contest in which the biggest eggs will take the honors.

Lectures will be given each day by E. C. Foreman, associate professor of poultry husbandry at the Michigan Agricultural College, who is superintendent of the fair's poultry department.

Mr. Foreman will tell farm and city folks how they may pick out a good chicken by the looks and feel, and what steps they should take to get better production in their chicken yards.

"This will be one of the farm subjects that will appeal to many city as well as rural dwellers," said George W. Dickinson Secretary-manager of the fair. Thousands of persons living in cities have small chicken yards and the information Mr. Foreman will give them will enable them to cut the cost of living still more.

"The information to be gleaned from this department is especially valuable for the farmers to look to his poultry flocks for a share of his income. The application of the scientific principles demonstrated at this exhibit will, if the lessons made use of, result in greater production and bigger profits."

## HERE FOR TWO GREAT CONCERTS AT CHAUTAUQUA

"GREEN AND HIS BAND"—AN ALL-AMERICAN ORGANIZATION

HERE comes the Band! A 100% American Band of 100% musicians—a real band playing the best music in the best way. Ensembles filling the great tent with melody, artistic solos on the cornets, cornet duets, baritone solos, brass quartets, great descriptive numbers clearly interpreting the thought of the composer, music typifying the varying human emotions! Such numbers interspersed with male quartets and band selections with singing chorus mark the program of this band as distinctively different and original.

In selecting the members of this organization the one thought was to secure the best musicians in the country. For example, men who have played solo positions with "Sousa's

Band, with Webber's Band, with Arthur Pryor's Band and other nationally known bands, will be found under the direction of Charles E. Green, noted band leader, who has organized and developed this band especially for Community Chautauquas.

You can not afford to miss any of the numbers on this great program. The baritone solos of Noble Howard, who for two years has played solo baritone with Arthur Pryor's band, and who is director of the Murat Temple Shrine Band of Indianapolis, will delight you, as will the solos of other members of the organization which will be interpolated among the great ensemble selections. Many of the numbers used by Green and his band are special arrangements for

the organization written by Herman Bellstedt, who for many years past has written all of the special arrangements for John Phillip Sousa's band.

The striking black and red Hussar uniforms, the rich, royal purple stage setting, the spot-lights, flood-lights and unique and fantastic effects secured by mirrored reflectors, will make the appearances of the band spectacular and pleasing to the eye as well as to the ear. If you have a friend or friends to whom you are indebted, or upon whom you would confer a favor, tell them of our Community Chautauqua and see that they attend. They will appreciate it and thank you for it. The grand double concert at night will bring to a fitting

close the greatest Chautauqua program that we have ever had.

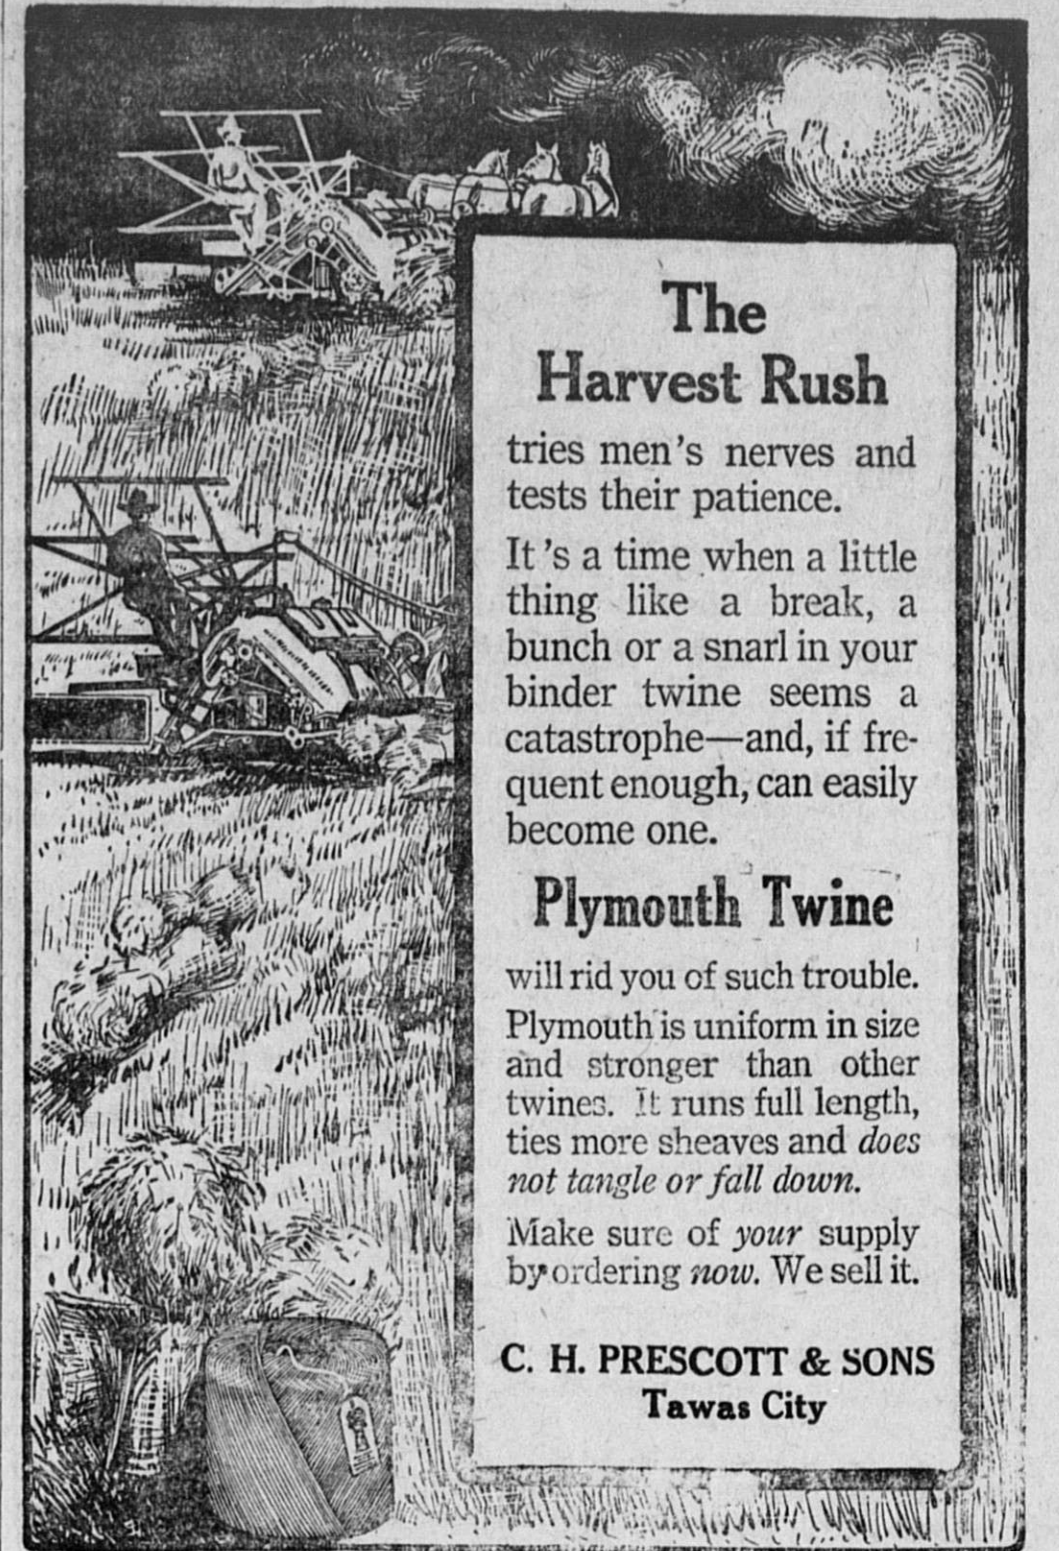

The afternoon program of Green and His Band will follow the Junior Chautauqua pageant. One of the features of the afternoon program will be a children's Music Memory Contest. A group of selections to which the children will listen at their morning sessions throughout the week will be played by the band, a few measures from each selection being given in order that children entered in the contest may write on score cards provided them the name of each selection. To the child receiving the highest score the blue ribbon in the Music Memory Contest will be awarded; a red ribbon will go to the child having the second highest score.

### MORTGAGE SALE

**MORTGAGE SALE**  
Default having been made in the conditions of a certain mortgage made by Frank H. Spellmeyer and Maxie Spellmeyer, his wife, of Paulding County, Ohio, to Ora Cooper Leist, dated the 5th day of December A. D. 1916, and recorded in the office of the register of deeds for the county of Isosco, state of Michigan, on the 9th day of December A. D. 1916, in Liber 20 of mortgages on page 273, on which mortgage there is claimed to be due at the date of this notice the sum of \$578.60 and attorney fee as provided for by statute, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage or any part thereof;

Now, Therefore, by virtue of the power of sale contained in said mortgage, the statute in such case made and provided, notice is hereby given that on Saturday, the 11th day of August, A. D. 1923, at 10 o'clock in the forenoon, I shall sell at Public Auction to the highest bidder at the court house in the city of Tawas City (that being the place where the circuit court for the county of Isosco is held) the premises described in said mortgage or so much thereof as may be necessary to pay the amount due on said mortgage, with six per cent interest, and all legal costs, together with an attorney fee as provided for by statute. The premises being described in said mortgage as follows, to-wit:

The north one half (1/2) of north east quarter (1/4) of Section 33, Township 21 North, Range five (5) East.  
Ora Cooper Leist, Mortgagee.  
John A. Stewart, Atty. for Mortgagee.  
Business address, Tawas City, Mich.  
Dated June 5, 1923. 6-15-35

Where \$50,000,000 May Be Saved.  
If the waste paper now burned were collected and reworked, 300,000 acres of forest land could be saved and the paper would be worth \$50,000,000 a year to the paper mills.—Indianapolis News.

**GREEN AND HIS BAND**  
On the fifth day of the Chautauqua Green and His Band, a superb musical organization, splendidly uniformed and employing special stage settings and elaborate lighting effects, including powerful spot lights, flood lights, colored lights and other devices will afford a rare treat to music lovers. It is not often that in the same Band are found such an array of musical ability. Charles E. Green has with him such men as Noble Howard, Director of the Murat Temple Shrine Band of Indianapolis and formerly solo baritone player with Arthur Pryor's Band; Merrill Henry, solo cornet with the Indianapolis Military Band; Roy Williams, solo trumpet with the Indianapolis Municipal Symphony Orchestra, Wilber Conrad, first French horn with Chicago Civic Orchestra; Melvin Merager, drummer and xylophone soloist with Earl Fuller's Orchestra and other men from well known musical organizations.

With such a group of soloists the most difficult band compositions are superbly rendered and an unlimited variety of novelty as well as standard band numbers is possible. Of course, Green and His Band will crowd the Chautauqua tent on the fifth day, but it is almost as certain that the capacity of the tent will be taxed for the great dramatic production, "The Storm"; the comic opera "Olivette"; the art program of the Barnaby Entertainers and the concert of the Sheehan Concert Co., as well as for the excellent lectures that the Chautauqua program provides.

Bird-banding experiments in the Arctic are to be conducted for the Biological Survey in connection with an expedition of the United States Geological Survey, which has gone to Nome, Alaska, planning to spend the summer between that place and Point Barrow. Included in the party is Capt. Joseph F. Bernard, of Montreal, Quebec, who has sailed in the Arctic for many years as captain of a whaling vessel. Included in the party is supplied by the Biological Survey of the United States Department of Agriculture with the usual aluminum bands used in the work. During his northern trips Captain Bernard has specialized in the study of the nesting of waterfowl and shorebirds.

**MEADOW ROAD**  
Note—Through a misunderstanding last week, an item reading "Mr. and Mrs. Chas. Holloway of South Bend, Ind., are visiting their parents," was published. This should have been "Chas. Holloway of South Bend, Ind., and Miss Irene Krumm of Flint are visiting their parents, Mr. and Mrs. Holloway and Mr. and Mrs. Gustave Krumm."  
Everybody likes good music, so the Chautauqua tent will certainly be crowded on the fifth night for the remarkable double grand concert by Green and His Band.  
Congress has authorized the United States Department of Agriculture to spend \$7,500,000 on roads serving the national forests during the fiscal year ending July 1, 1924. Moreover, 25 per cent of the receipts from timber sales and grazing permits will yield around 1,325,000, according to advance estimates, which will be turned back as usual to the States for use on county schools and roads.

An East Tawas boy we are always glad to see is Herbert K. Oakes, manager and owner of a fleet of boats on the great lakes, having built the largest freighter on the lakes this season and this trip down has the largest cargo of iron ore that ever came down the lakes. It just happens that his mother, Mrs. B. F. Oakes, his sister, Mrs. W. B. Piper, and Mrs. W. B. Murray and nieces, Marion, Francis and Louise Murray, are enjoying the trip. They have been to Fort Williams, Port Arthur, Duluth and Cleveland, about two weeks on board. Bert never forgets East Tawas and his friends. He has made application to the Bay City boat club for membership and has purchased a fine sailing boat. He and his sons, Walter and Herbert, jr., expect to be in the yacht races this week. He has also two fine riding horses at his beautiful summer home at Forest Glen.

**EAST TAWAS 5—HALE 3**  
The local team kept their second place position secure by defeating Hale at Tawas beach diamond last Sunday. Both teams had all their regulars in, but Zink was too much for the Hale batters, striking out 15 men and keeping them from the plate for 8 of the 9 innings. In the 8th scored 3 runs, Briggs was the heavy hitter for Hale, but his team mates could not assist him. McCrum started the game for the visitors and was relieved by St. John.  
East Tawas took the lead in the 2nd inning when Zink drove Boldt all the way in from first on his long double. Later in the game he again scored with a three base hit to left field. East Tawas plays at Oscoda next Sunday and if they win, they will be tied for first place with the northern team.
